NOTICE OF BOND SALE
$7,000,000
HANCOCK COUNTY, MISSISSIPPI
GENERAL OBLIGATION BONDS, SERIES 2021

NOTICE IS HEREBY GIVEN that the Board of Supervisors (the "Governing Body") of Hancock County, Mississippi (the "County") will receive sealed bids in the Office of the Chancery Clerk, located at 854 Highway 90, Bay St. Louis, Mississippi, until the hour of 11:30 a.m. on Monday, July 19, 2021, and will be presented to the Governing Body at such time for the purchase at not less than par plus accrued interest to the date of delivery of $7,000,000 aggregate principal amount Hancock County, Mississippi General Obligation Bonds, Series 2021 (the "Bonds").

The Bonds will be dated and bear interest from their date of delivery, will be delivered in definitive form as fully registered Bonds, will be in the denominations of $5,000 or any integral multiple thereof, will be payable as to principal at a bank or banks to be named by the County (the "Paying and Transfer Agent") and will bear interest, payable semiannually on February 1 and August 1 of each year, commencing on August 1, 2022, at the rate or rates of interest specified in the bid submitted by the successful bidder in accordance with this Notice of Bond Sale.

The Bonds will be issued in registered, book-entry-only form and all bidders for the Bonds must be participants of The Depository Trust Company, New York, New York ("DTC"), or affiliated with its participants. The Bond certificates will be deposited with DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and for the transfer of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Bonds on behalf of the individual purchasers. Individual purchases may be made in the principal amount of $5,000 or any multiple thereof through book entries made on the books and records of DTC and its participants. Unless the book-entry-only system is discontinued, Bond principal and interest payments will be made by the County to DTC through the Paying and Transfer Agent. DTC will then be responsible for distributing such payments to DTC participants for subsequent remittance to the owners of beneficial interests in the Bonds. Payment of principal and interest on the Bonds to DTC is the responsibility of the County, disbursement of such payments to DTC participants shall be the responsibility of DTC, and disbursements of such payments to the owners of beneficial interests shall be the responsibility of DTC participants and not the responsibility of the County. The County will have no responsibility or obligation to DTC participants or owners of beneficial interests in the Bonds, with respect to the payment by DTC or any DTC participants, of the principal of or interest on the Bonds or the providing of notice to DTC participants or owners of beneficial interests in the Bonds or with respect to: (a) the accuracy of any records maintained by DTC or any DTC participant; or (b) any consent given or other action taken by DTC as owner of the Bonds.

The Bonds will mature on August 1 in the years and in the principal amounts shown below:

YEAR	AMOUNT
2022	$360,000
2023	370,000
2024	375,000
2025	385,000
2026	395,000
2027	405,000
YEAR	AMOUNT
2028	$740,000
2029	760,000
2030	775,000
2031	795,000
2032	810,000
2033	830,000

Bonds maturing on August 1, 2028 and thereafter, are subject to redemption prior to their stated dates of maturity, at par, plus accrued interest to the date of redemption, either in whole or part, at any time on or afte August 1, 2027.

The Bonds will be issued pursuant to the provisions of Sections 19-9-1 et seq., Mississippi Code of 1972, as amended from time to time (the "Act") and resolutions adopted or to be adopted by the Governing Body.

The Bonds are being issued to raise money for the purpose of providing funds for (a) constructing, reconstructing, and repairing roads, highways and bridges, and acquiring the necessary land, including land for road building materials, and acquiring rights-of-way therefor and the purchase of heavy construction equipment and accessories thereto reasonably required to construct, repair and renovate roads, highways and bridges and approaches theret within the County, (b) purchasing machiner and equipment which have an expected useful life in excess of ten (10) years, (c) purchasing or erecting, equipping, repairing reconstructing, remodeling and enlarging County buildings, courthouses and related facilities and

and (d) for other authorized purposes under the Act, including paying the costs of borrowing (together (a) through (d) are referred to herein as the "Project").
The Bonds shall be general obligations of the County and the full faith, credit and taxing power of the County shall be pledged to secure the payment of the principal of and interest on the Bonds. The County's tax levy for any year shall be abated pro tanto to the extent the County on or prior to September 1 of that year has transferred monies to the 2021 Bond Fund for the Bonds, or has made other provisions for funds to be applied toward the payment of the principal of and interest on the Bonds due during the ensuing fiscal year of the County, in accordance with the provisions of the Bond Resolution.
The Bonds are to be sold at not less than $7,000,000 aggregate par plus interest on the Bonds accrued to the date of delivery, and are to be awarded to the bidder complying with the terms hereof and offering to purchase all of the Bonds at the lowest net interest cost to the County. The net interest cost will be determined by computing the aggregate interest on the Bonds over the life of the issue at the rate or rates of interest specified by the bidder, less premium offered, if any. It is requested that each bid be accompanied by a statement of the net interest cost (computed to six decimal places), but such statement will not be considered a part of the bid. No Bond shall bear more than one (1) rate of interest; each Bond shall bear interest from its date to its stated maturity date at the interest rate specified in the bid; all Bonds of the same maturity shall bear the same rate of interest from their date to maturity; the lowest rate of interest specified for any of the Bonds shall not be less than seventy percent (70%) of the highest rate of interest specified for any of the Bonds; and the highest rate of interest specified for any of the Bonds shall not exceed eleven percent (11%) per annum. Each interest rate specified in any bid must be a multiple of one-eighth of one percent (1/8 of 1%) or a multiple of one-tenth of one percent (1/10 of 1%) and a zero rate of interest cannot be named.
The County will designate the Bonds as qualified tax-exempt obligations within the meaning and for the purposes of Section 265(b)(3) of the Code.
Bidders must acknowledge in their respective bids that they have received and reviewed the County's preliminary official statement in connection with the issuance of the Bonds (the "Preliminary Official Statement"). The County deems the Preliminary Official Statement to be "final" as described in SEC Rule 15c2-12(b)(1) for the purposes of such Rule. Upon award of the Bonds to the successful bidder, the County will prepare a final official statement in connection with the Bonds (the "Official Statement") in substantially the form of the Preliminary Official Statement, subject to minor amendments and supplementations. A reasonably sufficient number of Official Statements will be made available to the successful bidder at the expense of the County within seven (7) business days of the award of the Bonds to such bidder. Copies of the Preliminary Official Statement may be obtained from Eddie Favre, County Administrator, 854 Highway 90, Bay St. Louis, Mississippi, telephone: (228) 466-4736 and the County's municipal advisor (the "Municipal Advisor"), Government Consultants, Inc., 116 Village Boulevard, Madison, Mississippi 39110, telephone: (601) 982-0005, attention: Mr. Steve Pittman.
In order to assist bidders in complying with SEC Rule 15c2-12(b)(5), the County, pursuant to a resolution of the Governing Body and a Continuing Disclosure Certificate, will agree to provide annual reports and notices of certain events. A summary of the County's procedures with regard to continuing disclosure is set forth in the Preliminary Official Statement and will also be set forth in the Official Statement.
All bids must be enclosed in a sealed envelope, should be addressed to the Governing Body, should be filed with the Governing Body of the County in the Office of the Chancery Clerk, located at 854 Highway 90, Bay St. Louis, Mississippi, attention: Tim Kellar, Chancery Clerk, and worded on the outside, in substance, "Bid for Hancock County, Mississippi General Obligation Bonds, Series 2021". ALL BIDS MUST BE UNCONDITIONAL AND, AS A CONDITION PRECEDENT TO THE CONSIDERATION OF ITS BID, EACH BIDDER MUST ENCLOSE WITH IT, AS A GOOD FAITH DEPOSIT, A CERTIFIED OR CASHIER'S CHECK ISSUED OR CERTIFIED BY A BANK LOCATED WITHIN THE STATE OF MISSISSIPPI PAYABLE TO THE ORDER OF HANCOCK COUNTY, MISSISSIPPI FOR $140,000.00. No interest will be allowed on any good faith deposit. Bids will be accepted or rejected by the Governing Body on the date above shown for the sale of the Bonds. When a bid is rejected by the Governing Body, the good faith deposit accompanying said bid will be returned to the bidder. When a bid is accepted by the Governing Body, the good faith deposit accompanying said bid will be applied as part payment for the Bonds or, if the successful bidder fails to comply with this agreement to purchase the Bonds, will be retained as liquidated damages. Pending the application of the good faith deposit of the successful bidder as aforesaid, such deposit may be invested in direct obligations of, or obligations guaranteed by the United States of America or in repurchase agreements with banks fully secured by such obligations, and the County shall be entitled to any income from any such investment.
The Governing Body reserves the right to reject any or all bids as well as the right to waive any irregularity or informality in any bid. All bids shall be submitted on the Official Bid Form which may be obtained from Eddie Favre, County Administrator, 854 Highway 90, Bay St. Louis, Mississippi, telephone: (228) 466-4736 and the County's Municipal Advisor, Government Consultants, Inc., 116 Village Boulevard, Madison, Mississippi 39110, telephone: (601) 982-0005, attention: Mr. Steve Pittman.
In the opinion of Butler Snow LLP ("Bond Counsel"), assuming compliance by the County with certain tax covenants, under existing statutes, regulations, rulings and court decisions, interest on the Bonds is excludable from gross income for federal income tax purposes, and interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax. Bond Counsel will express no other opinion regarding other federal tax consequences resulting from the ownership, receipt or accrual of interest on or disposition of the Bonds. In addition, Bond Counsel is further of the opinion that under and pursuant to the Act, the Bonds and interest thereon are exempt from income taxation in the State of Mississippi.

The final approving opinion of Bond Counsel, relating to the validity and tax exemption of the Bonds, dated the date of delivery of the Bonds, and a transcript of the proceedings relating to the Bonds will be delivered to the successful bidder without charge.
It is anticipated that CUSIP identification numbers will be secured and printed on the Bonds, but neither the failure to secure or print such numbers on any Bond nor any error with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the Bonds in accordance with its agreement to purchase the Bonds. All expenses in relation to the printing of CUSIP numbers on the Bonds shall be paid for by the County; provided, however, that the CUSIP Global Services charge for the assignment of said numbers shall be paid for by the successful bidder.
The successful bidder will be given at least seven (7) business days advanced notice of the proposed date of delivery of the Bonds when that date has been tentatively determined. It is expected that the Bonds will be delivered in New York, New York and payment therefor shall be made in federal or other immediately available funds.
At or before 11:30 a.m. on Monday, July 19, 2021, the winning bidder for the Bonds must provide to the County Administrator and Municipal Advisor the initial offering prices to the public.
The winning bidder shall assist the County in establishing the issue price of the Bonds for federal income tax purposes and shall execute and deliver to the County at Closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the County and Bond Counsel. All actions to be taken by the County under this Notice of Public Sale to establish the issue price of the Bonds may be taken on behalf of the County by the County's Municipal Advisor and any notice or report to be provided to the County may be provided to the County's Municipal Advisor.
The County intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because:
(1) the County will disseminate this Notice of Public Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
(2) all bidders will have an equal opportunity to bid;
(3) the County may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
(4) the County anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest interest cost), as set forth in this Notice of Public Sale.
Any bid submitted pursuant to this Notice of Public Sale shall be considered a firm offer for the purchase of the Bonds, as specified in the bid and in this Notice of Public Sale and shall not be subject to any conditions or qualifications except as permitted by this Notice of Public Sale. By submitting a bid, each bidder confirms that it has an established industry reputation for underwriting new issuances of municipal obligations.
In the event that the competitive sale requirements are not satisfied, the County shall so advise the winning bidder. The County shall treat the first price at which 10% of a maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity, applied on a maturity-by-maturity basis (and if different interest rates apply within a maturity, to each separate CUSIP number within that maturity). The winning bidder shall advise the County if any maturity of the Bonds satisfies the 10% test as of the date and time of the award of the Bonds. The County will not require bidders to comply with the "hold-the-offering-price rule" and therefore does not intend to use the initial offering price to the public as of the sale date of any maturity of the Bonds as the issue price of that maturity. Bids will not be subject to cancellation in the event that the competitive sale requirements are not satisfied. Bidders should prepare their bids on the assumption that all of the maturities of the Bonds will be subject to the 10% test in order to establish the issue price of the Bonds. If the competitive sale requirements are not satisfied, then until the 10% test has been satisfied as to each maturity of the Bonds, the winning bidder agrees to promptly report to the County the prices at which the unsold Bonds of that maturity have been sold to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until the 10% test has been satisfied as to the Bonds of that maturity or until all Bonds of that maturity have been sold.
By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, if and for so long as directed by the winning bidder and as set forth in the related pricing wires, and (ii) any agreement among underwriters relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such retail distribution agreement to report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder or such underwriter that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, if and for so long as directed by the winning bidder or such underwriter and as set forth in the related pricing wires.
Sales of any Bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Notice of Public Sale. Further, for purposes of this Notice of Public Sale:
(i) "public" means any person other than an underwriter or a related party,
(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the County (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public),
(iii) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
(iv) "sale date" means the date that the Bonds are awarded by the County to the winning bidder.

The successful bidder shall have the right, at its option, to cancel its agreement to purchase the Bonds if the Bonds to be delivered by the County in accordance with the preceding paragraph are not tendered for delivery within sixty (60) days from the date of sale thereof, and in such event the County shall return to said bidder its good faith deposit without interest. The County shall have the right, at its option, to cancel its agreement to sell the Bonds if within five (5) days after the tender of the Bonds for delivery the successful bidder shall not have accepted delivery of and paid for the Bonds, and in such event the County shall retain the successful bidder's good faith deposit as liquidated damages.
Further information may be obtained from Eddie Favre, County Administrator, 854 Highway 90, Bay St. Louis, Mississippi, telephone: (228) 466-4736 and the County's Municipal Advisor, Government Consultants, Inc., 116 Village Boulevard, Madison, Mississippi 39110, telephone: (601) 982-0005, attention: Mr. Steve Pittman.

The Board of Supervisors (the "**Governing Body**") of Hancock County, Mississippi, acting for and on behalf of Hancock County, Mississippi (the "**County**"), took up for consideration the matter of the issuance of General Obligation Bonds, Series 2021, of the County in the principal amount of $7,000,000 (the "**Bonds**").

Pursuant to a resolution adopted June 7, 2021, the County did cause to be published in the *Sea Coast Echo*, a newspaper published in the City of Bay St. Louis, Mississippi and of general circulation in the County, and qualified under the provisions of Section 13-3-31, Mississippi Code of 1972, as amended, a Notice of Bond Sale (the "**Notice of Bond Sale**") that sealed proposals for the purchase of the Bonds would be received by the Governing Body in the Office of the Chancery Clerk, located at 854 Highway 90, Bay St. Louis, Mississippi until the hour of 11:30 a.m. on Monday, July 19, 2021; said notice was published on July 7 and 14, 2021, in said newspaper, the first publication having been made at least ten (10) days preceding the date set for the receipt of bids.

There was presented to the Governing Body the publisher's affidavit as proof of publication of the Notice of Bond Sale in the aforesaid newspaper, a copy of which was directed to be inserted in the minutes of this Governing Body and are as follows:

NOTICE OF BOND SALE
$7,000,000
HANCOCK COUNTY, MISSISSIPPI
GENERAL OBLIGATION BONDS, SERIES 2021

NOTICE IS HEREBY GIVEN that the Board of Supervisors (the "Governing Body") of Hancock County, Mississippi (the "County") will receive sealed bids in the Office of the Chancery Clerk, located at 854 Highway 90, Bay St. Louis, Mississippi, until the hour of 11:30 a.m. on Monday, July 19, 2021, and will be presented to the Governing Body at such time for the purchase at not less than par plus accrued interest to the date of delivery of $7,000,000 aggregate principal amount Hancock County, Mississippi General Obligation Bonds, Series 2021 (the "Bonds").

The Bonds will be dated and bear interest from their date of delivery, will be delivered in definitive form as fully registered Bonds, will be in the denominations of $5,000 or any integral multiple thereof, will be payable as to principal at a bank or banks to be named by the County (the "Paying and Transfer Agent") and will bear interest, payable semiannually on February 1 and August 1 of each year, commencing on August 1, 2022, at the rate or rates of interest specified in the bid submitted by the successful bidder in accordance with this Notice of Bond Sale.

The Bonds will be issued in registered, book-entry-only form and all bidders for the Bonds must be participants of The Depository Trust Company, New York, New York ("DTC"), or affiliated with its participants. The Bond certificates will be deposited with DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and for the transfer of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Bonds on behalf of the individual purchasers. Individual purchases may be made in the principal amount of $5,000 or any multiple thereof through book entries made on the books and records of DTC and its participants. Unless the book-entry-only system is discontinued, Bond principal and interest payments will be made by the County to DTC through the Paying and Transfer Agent. DTC will then be responsible for distributing such payments to DTC participants for subsequent remittance to the owners of beneficial interests in the Bonds. Payment of principal and interest on the Bonds to DTC is the responsibility of the County, disbursement of such payments to DTC participants shall be the responsibility of DTC, and disbursements of such payments to the owners of beneficial interests shall be the responsibility of DTC participants and not the responsibility of the County. The County will have no responsibility or obligation to DTC participants or owners of beneficial interests in the Bonds, with respect to the payment by DTC or any DTC participants, of the principal of or interest on the Bonds or the providing of notice to DTC participants or owners of beneficial interests in the Bonds or with respect to: (a) the accuracy of any records maintained by DTC or any DTC participant; or (b) any consent given or other action taken by DTC as owner of the Bonds.

The Bonds will mature on August 1 in the years and in the principal amounts shown below:

YEAR	AMOUNT
2022	$360,000
2023	370,000
2024	375,000
2025	385,000
2026	395,000
2027	405,000
YEAR	AMOUNT
2028	$740,000
2029	760,000
2030	775,000
2031	795,000
2032	810,000
2033	830,000

Bonds maturing on August 1, 2028 and thereafter, are subject to redemption prior to their stated dates of maturity, at par, plus accrued interest to the date of redemption, either in whole or part, at any time on or after August 1, 2027.

The Bonds will be issued pursuant to the provisions of Sections 19-9-1 et seq., Mississippi Code of 1972, as amended from time to time (the "Act") and resolutions adopted or to be adopted by the Governing Body.

The Bonds are being issued to raise money for the purpose of providing funds for (a) constructing, reconstructing, and repairing roads, highways and bridges, and acquiring the necessary land, including land for road building materials, and acquiring rights-of-way therefor and the purchase of heavy construction equipment and accessories thereto reasonably required to construct, repair and renovate roads, highways and bridges and approaches thereto within the County, (b) purchasing machinery and equipment which have an expected useful life in excess of ten (10) years, (c) purchasing or erecting, equipping, repairing, reconstructing, remodeling and enlarging County buildings, courthouses and related facilities and the purchase of land therefor,

and (d) for other authorized purposes under the Act, including paying the costs of borrowing (together (a) through (d) are referred to herein as the "Project").
The Bonds shall be general obligations of the County and the full faith, credit and taxing power of the County shall be pledged to secure the payment of the principal of and interest on the Bonds. The County's tax levy for any year shall be abated pro tanto to the extent the County on or prior to September 1 of that year has transferred monies to the 2021 Bond Fund for the Bonds, or has made other provisions for funds to be applied toward the payment of the principal of and interest on the Bonds due during the ensuing fiscal year of the County, in accordance with the provisions of the Bond Resolution.
The Bonds are to be sold at not less than $7,000,000 aggregate par plus interest on the Bonds accrued to the date of delivery, and are to be awarded to the bidder complying with the terms hereof and offering to purchase all of the Bonds at the lowest net interest cost to the County. The net interest cost will be determined by computing the aggregate interest on the Bonds over the life of the issue at the rate or rates of interest specified by the bidder, less premium offered, if any. It is requested that each bid be accompanied by a statement of the net interest cost (computed to six decimal places), but such statement will not be considered a part of the bid. No Bond shall bear more than one (1) rate of interest; each Bond shall bear interest from its date to its stated maturity date at the interest rate specified in the bid; all Bonds of the same maturity shall bear the same rate of interest from their date to maturity; the lowest rate of interest specified for any of the Bonds shall not be less than seventy percent (70%) of the highest rate of interest specified for any of the Bonds; and the highest rate of interest specified for any of the Bonds shall not exceed eleven percent (11%) per annum. Each interest rate specified in any bid must be a multiple of one-eighth of one percent (1/8 of 1%) or a multiple of one-tenth of one percent (1/10 of 1%) and a zero rate of interest cannot be named.
The County will designate the Bonds as qualified tax-exempt obligations within the meaning and for the purposes of Section 265(b)(3) of the Code.
Bidders must acknowledge in their respective bids that they have received and reviewed the County's preliminary official statement in connection with the issuance of the Bonds (the "Preliminary Official Statement"). The County deems the Preliminary Official Statement to be "final" as described in SEC Rule 15c2-12(b)(1) for the purposes of such Rule. Upon award of the Bonds to the successful bidder, the County will prepare a final official statement in connection with the Bonds (the "Official Statement") in substantially the form of the Preliminary Official Statement, subject to minor amendments and supplementations. A reasonably sufficient number of Official Statements will be made available to the successful bidder at the expense of the County within seven (7) business days of the award of the Bonds to such bidder. Copies of the Preliminary Official Statement may be obtained from Eddie Favre, County Administrator, 854 Highway 90, Bay St. Louis, Mississippi, telephone: (228) 466-4736 and the County's municipal advisor (the "Municipal Advisor"), Government Consultants, Inc., 116 Village Boulevard, Madison, Mississippi 39110, telephone: (601) 982-0005, attention: Mr. Steve Pittman.
In order to assist bidders in complying with SEC Rule 15c2-12(b)(5), the County, pursuant to a resolution of the Governing Body and a Continuing Disclosure Certificate, will agree to provide annual reports and notices of certain events. A summary of the County's procedures with regard to continuing disclosure is set forth in the Preliminary Official Statement and will also be set forth in the Official Statement.
All bids must be enclosed in a sealed envelope, should be addressed to the Governing Body, should be filed with the Governing Body of the County in the Office of the Chancery Clerk, located at 854 Highway 90, Bay St. Louis, Mississippi, attention: Tim Kellar, Chancery Clerk, and worded on the outside, in substance, "Bid for Hancock County, Mississippi General Obligation Bonds, Series 2021". ALL BIDS MUST BE UNCONDITIONAL AND, AS A CONDITION PRECEDENT TO THE CONSIDERATION OF ITS BID, EACH BIDDER MUST ENCLOSE WITH IT, AS A GOOD FAITH DEPOSIT, A CERTIFIED OR CASHIER'S CHECK ISSUED OR CERTIFIED BY A BANK LOCATED WITHIN THE STATE OF MISSISSIPPI PAYABLE TO THE ORDER OF HANCOCK COUNTY, MISSISSIPPI FOR $140,000.00. No interest will be allowed on any good faith deposit. Bids will be accepted or rejected by the Governing Body on the date above shown for the sale of the Bonds. When a bid is rejected by the Governing Body, the good faith deposit accompanying said bid will be returned to the bidder. When a bid is accepted by the Governing Body, the good faith deposit accompanying said bid will be applied as part payment for the Bonds or, if the successful bidder fails to comply with this agreement to purchase the Bonds, will be retained as liquidated damages. Pending the application of the good faith deposit of the successful bidder as aforesaid, such deposit may be invested in direct obligations of, or obligations guaranteed by the United States of America or in repurchase agreements with banks fully secured by such obligations, and the County shall be entitled to any income from any such investment.
The Governing Body reserves the right to reject any or all bids as well as the right to waive any irregularity or informality in any bid. All bids shall be submitted on the Official Bid Form which may be obtained from Eddie Favre, County Administrator, 854 Highway 90, Bay St. Louis, Mississippi, telephone: (228) 466-4736 and the County's Municipal Advisor, Government Consultants, Inc., 116 Village Boulevard, Madison, Mississippi 39110, telephone: (601) 982-0005, attention: Mr. Steve Pittman.
In the opinion of Butler Snow LLP ("Bond Counsel"), assuming compliance by the County with certain tax covenants, under existing statutes, regulations, rulings and court decisions, interest on the Bonds is excludable from gross income for federal income tax purposes, and interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax. Bond Counsel will express no other opinion regarding other federal tax consequences resulting from the ownership, receipt or accrual of interest on or disposition of the Bonds. In addition, Bond Counsel is further of the opinion that under and pursuant to the Act, the Bonds and interest thereon are exempt from income taxation in the State of Mississippi.

The final approving opinion of Bond Counsel, relating to the validity and tax exemption of the Bonds, dated the date of delivery of the Bonds, and a transcript of the proceedings relating to the Bonds will be delivered to the successful bidder without charge.
It is anticipated that CUSIP identification numbers will be secured and printed on the Bonds, but neither the failure to secure or print such numbers on any Bond nor any error with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the Bonds in accordance with its agreement to purchase the Bonds. All expenses in relation to the printing of CUSIP numbers on the Bonds shall be paid for by the County; provided, however, that the CUSIP Global Services charge for the assignment of said numbers shall be paid for by the successful bidder.
The successful bidder will be given at least seven (7) business days advanced notice of the proposed date of delivery of the Bonds when that date has been tentatively determined. It is expected that the Bonds will be delivered in New York, New York and payment therefor shall be made in federal or other immediately available funds.
At or before 11:30 a.m. on Monday, July 19, 2021, the winning bidder for the Bonds must provide to the County Administrator and Municipal Advisor the initial offering prices to the public.
The winning bidder shall assist the County in establishing the issue price of the Bonds for federal income tax purposes and shall execute and deliver to the County at Closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the County and Bond Counsel. All actions to be taken by the County under this Notice of Public Sale to establish the issue price of the Bonds may be taken on behalf of the County by the County's Municipal Advisor and any notice or report to be provided to the County may be provided to the County's Municipal Advisor.
The County intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because:
(1) the County will disseminate this Notice of Public Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
(2) all bidders will have an equal opportunity to bid;
(3) the County may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
(4) the County anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest interest cost), as set forth in this Notice of Public Sale.
Any bid submitted pursuant to this Notice of Public Sale shall be considered a firm offer for the purchase of the Bonds, as specified in the bid and in this Notice of Public Sale and shall not be subject to any conditions or qualifications except as permitted by this Notice of Public Sale. By submitting a bid, each bidder confirms that it has an established industry reputation for underwriting new issuances of municipal obligations.
In the event that the competitive sale requirements are not satisfied, the County shall so advise the winning bidder. The County shall treat the first price at which 10% of a maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity, applied on a maturity-by-maturity basis (and if different interest rates apply within a maturity, to each separate CUSIP number within that maturity). The winning bidder shall advise the County if any maturity of the Bonds satisfies the 10% test as of the date and time of the award of the Bonds. The County will not require bidders to comply with the "hold-the-offering-price rule" and therefore does not intend to use the initial offering price to the public as of the sale date of any maturity of the Bonds as the issue price of that maturity. Bids will not be subject to cancellation in the event that the competitive sale requirements are not satisfied. Bidders should prepare their bids on the assumption that all of the maturities of the Bonds will be subject to the 10% test in order to establish the issue price of the Bonds. If the competitive sale requirements are not satisfied, then until the 10% test has been satisfied as to each maturity of the Bonds, the winning bidder agrees to promptly report to the County the prices at which the unsold Bonds of that maturity have been sold to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until the 10% test has been satisfied as to the Bonds of that maturity or until all Bonds of that maturity have been sold.
By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, if and for so long as directed by the winning bidder and as set forth in the related pricing wires, and (ii) any agreement among underwriters relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such retail distribution agreement to report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder or such underwriter that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, if and for so long as directed by the winning bidder or such underwriter and as set forth in the related pricing wires.
Sales of any Bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Notice of Public Sale. Further, for purposes of this Notice of Public Sale:
(i) "public" means any person other than an underwriter or a related party,
(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the County (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public),
(iii) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
(iv) "sale date" means the date that the Bonds are awarded by the County to the winning bidder.

The successful bidder shall have the right, at its option, to cancel its agreement to purchase the Bonds if the Bonds to be delivered by the County in accordance with the preceding paragraph are not tendered for delivery within sixty (60) days from the date of sale thereof, and in such event the County shall return to said bidder its good faith deposit without interest. The County shall have the right, at its option, to cancel its agreement to sell the Bonds if within five (5) days after the tender of the Bonds for delivery the successful bidder shall not have accepted delivery of and paid for the Bonds, and in such event the County shall retain the successful bidder's good faith deposit as liquidated damages.
Further information may be obtained from Eddie Favre, County Administrator, 854 Highway 90, Bay St. Louis, Mississippi, telephone: (228) 466-4736 and the County's Municipal Advisor, Government Consultants, Inc., 116 Village Boulevard, Madison, Mississippi 39110, telephone: (601) 982-0005, attention: Mr. Steve Pittman.

2027	405,000	1.74%	2033	830,000	1.74%

The following is a computation of the net interest cost and average annual net interest rate (calculated in accordance with the provisions of the Notice of Bond Sale), respectively, in the above bid and is submitted for information purposes only and is not a part of this bid unless it is in conformity with the above enumerated interest rates and premium, if any.

Gross Interest Cost	$ 810,493.61
Less Premium	0.00
Net Interest Cost	810,493.61
Average Annual Net Interest Rate	1.74 %

This bid is subject to all of the terms and conditions of the Notice of Bond Sale, which Notice of Bond Sale by this reference thereto is hereby made a part hereof.

We hereby acknowledge that we have received and reviewed the Preliminary Official Statement of the County, dated June 7, 2021, prepared in connection with the Bonds.

[1] Please assume August 18, 2021 as the delivery date for the Bonds for purposes of this bid.

A CERTIFIED OR CASHIER'S CHECK, DRAWN UPON A BANK LOCATED WITHIN THE STATE OF MISSISSIPPI, PAYABLE TO THE ORDER OF HANCOCK COUNTY, MISSISSIPPI, IN THE AMOUNT OF $140,000 accompanies this bid as evidence of good faith and said good faith deposit shall be returned to the undersigned if this bid is not accepted, or if the County should fail to deliver the Bonds to the undersigned in accordance with the terms of the Notice of Bond Sale; otherwise said good faith deposit shall be held by the County and shall be applied as and when the Bonds are delivered and paid for under the terms of this bid, as part payment therefor, or be applied as and for liquidated damages in the event that the undersigned fails to take up and pay for the Bonds in accordance with the terms of the Notice of Bond Sale. Pending the application of the good faith deposit of the successful bidder as aforesaid, such deposit may be invested in direct obligations of, or obligations guaranteed by, the United States of America or in repurchase agreements with banks fully secured by such obligations, and the County shall be entitled to any income from any such investment.

This bid is for immediate acceptance.

Attachment: Hancock (218956) - GO Bonds 2021 - Executed Sales Resolution including publication and bids for 7_17_2021 Meeting and minutes

Following the reading of the bids, the Governing Body proceeded to consider them for the purpose of determining which was the best and most advantageous bid submitted. Whereupon, the following resolution was presented, read and its adoption and passage moved by Supervisor Shaw:

RESOLUTION DIRECTING THE SALE AND AWARD OF GENERAL OBLIGATION BONDS, SERIES 2021, OF HANCOCK COUNTY, MISSISSIPPI TO BE DATED THE DATE OF DELIVERY THEREOF, IN THE PRINCIPAL AMOUNT OF $7,000,000; AND A RESOLUTION APPROVING AND AUTHORIZING THE FORM OF, EXECUTION AND DISTRIBUTION OF AN OFFICIAL STATEMENT PERTAINING TO THE $7,000,000 GENERAL OBLIGATION BONDS, SERIES 2021, OF HANCOCK COUNTY, MISSISSIPPI.

WHEREAS, the Governing Body of the County, hereby finds, determines, adjudicates and declares as follows:

1. On June 7, 2021, the Governing Body did adopt a resolution (the "**Bond Resolution**") directing that $7,000,000 (original principal amount) General Obligation Bonds, Series 2021 (the "**Bonds**"), of the County be offered for sale on sealed bids to be received up to and until the hour of 11:30 a.m. on Monday, July 19, 2021.

2. Pursuant to the Bond Resolution, the County did cause to be published in the *Sea Coast Echo*, a newspaper published in the City of Bay St. Louis, Mississippi and of general circulation in the County, and qualified under the provisions of Section 13-3-31, Mississippi Code of 1972, as amended, the Notice of Bond Sale that sealed proposals for the purchase of the Bonds would be received by the Governing Body in the Office of the Chancery Clerk, located at 854 Highway 90, Bay St. Louis, Mississippi until the hour of 11:30 a.m. on Monday, July 19, 2021; said notice was published on July 7 and 14, 2021, in said newspaper, the first publication having been made at least ten (10) days preceding the date set for the receipt of bids, all as shown by the proof of publication filed in the office of the Clerk and included herein.

3. The Governing Body did meet at its meeting place on July 19, 2021.

4. At 11:30 a.m. on July 19, 2021, seven (7) sealed proposals for the purchase of the Bonds were received, examined and considered by the Governing Body.

5. The Governing Body does now find, determine and adjudicate that the highest and best bid made and offered for the Bonds on the basis of the lowest net interest cost over the life of the issue was made by Duncan-Williams, Inc., Memphis, Tennessee, and said bid was accompanied by a cashier's check, certified check or exchange payable to Hancock County, Mississippi, in the amount of $140,000.00, issued or certified by a bank located in the State of Mississippi, as a guarantee that said bidder would carry out its contract and purchase the Bonds if its bid be accepted.

Attachment: Hancock (218956) - GO Bonds 2021 - Executed Sales Resolution including publication and bids for 7_17_2021 Meeting and minutes

6. The Governing Body finds it necessary to approve the form of, execution and distribution of an Official Statement for the Bonds.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY AS FOLLOWS:

SECTION 1. The Bonds are hereby awarded and sold to Duncan-Williams, Inc., Memphis, Tennessee, in accordance with the offer submitted to the Governing Body in words and figures as follows:

Section 1 - Purpose

It is the policy of the Hancock County, Mississippi (the "**County**") to comply with federal tax law applicable to its tax-exempt debt borrowings ("**Tax-Exempt Debt**") to ensure that interest paid on such Tax-Exempt Debt remains exempt from federal income tax. The federal tax law requires compliance with numerous rules and regulations, including but not limited to, filing requirements, yield restriction limitations, arbitrage rebate requirements, use of proceeds and financed projects limitations and recordkeeping requirements. Given the increasing complexity of the federal tax law, the County hereby formally adopts the following policies and procedures concerning its Tax-Exempt Debt (the "**TE Policies and Procedures**"). These TE Policies and Procedures are intended to serve as a guide for the County to facilitate compliance with federal tax law applicable to its Tax-Exempt Debt.

In the event these policies and procedures conflict, in whole or in part, with the federal tax agreement or federal tax certificate prepared on behalf of the County in connection with its borrowing of Tax-Exempt Debt (the "**Tax Certificate**"), the terms of the applicable Tax Certificate will control.

Section 2 - Compliance Officer Designation

The Chancery Clerk of the County, is hereby designated as the County's Compliance Officer. Except as otherwise described herein, the County's designated Compliance Officer (the "**Compliance Officer**") will have primary responsibility for ensuring that the County's outstanding Tax-Exempt Debt is, and remains, in compliance with federal tax law. The County may appoint a new Compliance Officer from time to time as needed. Also, the Compliance Officer may delegate duties herein as deemed necessary.

The Compliance Officer will at all times be aware of the County's obligations set forth in these TE Policies and Procedures, including the County's ongoing recordkeeping and compliance responsibilities associated with its Tax-Exempt Debt. The Compliance Officer will at all times be familiar with these TE Policies and Procedures and will be authorized to consult with third-party professionals (e.g., legal counsel, bond counsel and arbitrage calculating agents), as necessary, to ensure compliance with these TE Policies and Procedures. The Compliance Officer will be familiar with the IRS's website at www.irs.gov/Tax-Exempt-Bonds and aware that such website contains information, forms and publications pertaining to tax-exempt bonds.

Attachment: Hancock (218956) - GO Bonds 2021 - Executed Sales Resolution including publication and bids for 7_17_2021 Meeting and minutes

Section 3 - Tax-Exempt Debt Borrowings

I. Tax Certificates. The Tax Certificate (which is generally prepared by bond counsel and signed by the County) will serve as the operative document for purposes of establishing reasonable expectations of the County as of the date of the borrowing. Each Tax Certificate provides a summary of the federal tax rules applicable to each Tax-Exempt Debt borrowing. Prior to each borrowing, the Compliance Officer will review each Tax Certificate to confirm that the expectations set forth in the Tax Certificate are reasonable and accurate and to become familiar with the requirements set forth therein.

II. Internal Revenue Service Form 8038G – Tax-Exempt Bonds. IRS Form 8038-G, Information Return for Tax-Exempt Governmental Obligations ("**Form 8038-G**") is generally prepared by bond counsel as of the date of issuance of the Tax-Exempt Debt. The County understands that each Form 8038-G must be filed by the County with the IRS no later than the 15th day of the 2nd calendar month after the close of the calendar quarter in which the Tax-Exempt Debt is issued. The Compliance Officer will ensure that the proper information is documented in the Form 8038-G.

III. Reimbursement Declarations of Official Intent. Under Section 1.150-2 of the Treasury Regulations, the County is permitted to use proceeds of Tax-Exempt Debt to reimburse certain expenditures paid before the date of issuance of the Tax-Exempt Debt (subject to certain requirements). One requirement is that the County must adopt a declaration of official intent to reimburse expenditures not later than 60 days after the reimbursed expenditure is paid. If proceeds the Tax-Exempt Debt will be used for reimbursement purposes, the Compliance Officer will ensure the timely adoption of such declaration of official intent.

IV. Qualified Hedge. If the County enters into a qualified hedge (i.e. swap transaction) pursuant to Section 1.148-4(h) of the Treasury Regulations in connection with its Tax-Exempt Debt, the Compliance Officer will ensure compliance with the Treasury Regulations required for integration (to the extent integration is desired by the County).

Section 4 - Use of Debt Proceeds – Tax-Exempt Bonds

I. Private Business Use. The County will not knowingly take or permit to be taken any action that would cause any of its outstanding Tax-Exempt Debt to become taxable "private activity bonds," as described below. Generally, an issue of tax-exempt bonds under the Code will be considered taxable "private activity bonds" if more than 5% of the proceeds are used directly or indirectly in any trade or business carried on by a private business user and more than 5% of the debt service is directly or indirectly (1) secured by any interest in property used or to be used in any trade or business carried on by a private business user, or (2) derived from payments made in respect of property used or to be used in any trade or business carried on by a private business user.

The Compliance Officer will annually review the "use" of its facilities financed with its outstanding Tax-Exempt Debt for compliance with the applicable use restrictions imposed on tax-exempt financed facilities, as set forth in the Tax Certificate. Prior to entering into certain

Attachment: Hancock (218956) - GO Bonds 2021 - Executed Sales Resolution including publication and bids for 7_17_2021 Meeting and minutes

arrangements that could give rise to an impermissible amount of private business use, the Compliance Officer will consult with bond counsel before entering into such arrangements that include, but are not limited to, management contracts, operating agreements, licenses, leases, subleases, naming rights agreements, research agreements, cellular tower or solar panel placement agreements, clinical trial agreements, and joint venture or partnership arrangements.

In the event the Compliance Officer determines the County has entered into an arrangement involving any of its facilities financed with Tax-Exempt Debt which may give rise to an impermissible amount of private business use, the County will consult bond counsel to determine whether such arrangement impacts the tax-exempt status of the County's Tax-Exempt Debt.

II. Sale of Debt-Financed Property. Prior to selling or otherwise disposing of any facilities financed with outstanding Tax-Exempt Debt, the Compliance Officer will consult with bond counsel to determine what impact, if any, such arrangement would have on the tax-exempt status of the County's outstanding Tax-Exempt Debt.

III. Remedial Actions. The Compliance Officer will be aware of the remedial action rules contained in Treasury Regulations Section 1.141-12, providing, in certain circumstances, a mechanism to voluntarily remediate violations of the private business tests or private loan financing test. Although the County intends that none of its Tax-Exempt Debt will require the application of the remedial action rules, prior to taking any action that would cause its outstanding Tax-Exempt Debt to, absent a remedial action, violate the private business use tests or private loan financing test, the Compliance Officer will consult with bond counsel regarding the applicability of the remedial action rules to such action and the ability to remediate the impacted Tax-Exempt Debt.

IV. Private Loans. The County's Tax-Exempt Debt will be considered taxable "private loan bonds" if more than 5% of the proceeds of the Tax-Exempt Debt is used, directly or indirectly, to make or finance loans to private persons. The County will not take or permit to be taken any action that would cause any of its Tax-Exempt Debt to be considered taxable "private loan bonds." The County will not loan the proceeds of its Tax-Exempt Debt to any third party without first consulting with bond counsel. The Compliance Officer will consult with bond counsel prior to any such loans being made by the County.

Section 5 - Arbitrage Rebate and Arbitrage Limitations Imposed on Tax-Exempt Debt

I. Hiring an Arbitrage Calculating Agent. With regard to each of the County's outstanding Tax-Exempt Debt borrowings, the County will retain an arbitrage calculating agent to (a) determine whether the Tax-Exempt Debt in question qualifies for an exception to the arbitrage rebate rules and (b) perform calculations to ascertain whether an arbitrage rebate payment or yield reduction payment is owed to the IRS, unless, in the judgment of the County and in compliance with these TE Policies and Procedures and the Tax Certificate, there is no reasonable prospect of any arbitrage rebate or yield reduction payment liability. The Compliance

Attachment: Hancock (218956) - GO Bonds 2021 - Executed Sales Resolution including publication and bids for 7_17_2021 Meeting and minutes

Officer will coordinate the timely hiring of an arbitrage calculating agent as required by these TE Policies and Procedures.

II. Payment of Arbitrage Rebate and Yield Reduction Liability. The arbitrage calculating agent retained by the County (discussed above) will determine whether an arbitrage rebate payment or yield reduction payment is owed to the IRS. If payment is owed to the IRS, the County will instruct the arbitrage calculating agent to prepare IRS Form, 8038-T, Arbitrage Rebate Yield Reduction and Penalty Payment in Lieu of Arbitrage Rebate ("**Form 8038-T**"). The Compliance Officer or arbitrage calculating agent will remit the Form 8038-T, with the required payment, to the IRS.

The Compliance Officer will consult with its arbitrage calculating agent within thirty (30) days of the issue date of its Tax-Exempt Debt as to the required "installment computation dates" for purposes of calculating arbitrage rebate and yield reduction liability. As background, for these purposes, within 60 days after each installment computation date, the County must cause to be paid to the Internal Revenue Service at least 90% of the amount of arbitrage rebate and yield reduction payment liability owed. In addition, within 60 days after the final installment computation date, the County must cause to be paid to the Internal Revenue Service 100% of the amount of arbitrage rebate and yield reduction payment liability owed. Each completed Internal Revenue Service Form 8038-T, Arbitrage Rebate Yield Reduction and Penalty in Lieu of Arbitrage Rebate, together with full payment in the amount equal to the arbitrage rebate or yield reduction payment liability calculated by the arbitrage calculating agent, must be filed with the Internal Revenue Service at the applicable address which is currently, Internal Revenue Service Center, Ogden, UT 84201.

III. Yield Restriction Limitations. For each Tax-Exempt Debt borrowing, the County will comply with the applicable yield restriction investment limitations and temporary periods with regard to its outstanding Tax-Exempt Debt, as described in the respective Tax Certificate. The Compliance Officer will monitor the County's compliance with these applicable yield restriction limitations.

IV. Timely Expenditure of Tax-Exempt Debt Proceeds. The IRS generally requires that conduit borrowers of Tax-Exempt Debt reasonably expect to spend eighty-five percent of the proceeds of such borrowings within three years of the issue date of such Tax-Exempt Debt. Accordingly, it is the County's policy to utilize tax-exempt financing for projects that it reasonably expects will be substantially completed within three years, unless otherwise approved by bond counsel. Upon receipt of proceeds from Tax-Exempt Debt borrowings, the Compliance Officer will regularly monitor the expenditure of such proceeds. If the majority of such proceeds will not be fully expended within three years of the issue date of the Tax-Exempt Debt, the Compliance Officer will determine how quickly such amounts can be spent, and if needed, contact bond counsel to determine whether remedial action as described above (or some other form of action) will be needed.

Section 6 - Recordkeeping

I. Means of Maintaining Records. The County may maintain all records required to be held as described in this Section 6 in paper and/or electronic (e.g., CD, disks, tapes) form. It

Attachment: Hancock (218956) - GO Bonds 2021 - Executed Sales Resolution including publication and bids for 7_17_2021 Meeting and minutes

is the policy of the County to maintain as much of its records electronically as feasible. The Compliance Officer will be responsible for verifying the County's continued compliance with the recordkeeping requirements set forth in this Section 6 with regard to the County's Tax-Exempt Debt.

II. Retention Period. The County will maintain, or cause to be maintained, all records relating to the tax-exempt status of its Tax-Exempt Debt and the representations, certifications and covenants set forth in its respective Tax Certificates until the date four years after the last outstanding obligation of the issue to which such records and Tax Certificate relate has been retired.

If the County borrows Tax-Exempt Debt to refund prior debt, the County will maintain all of the records described in this Section 6 with respect to the refunded debt as well (whether taxable or tax-exempt) until the date that is four years after the Tax-Exempt Debt, the proceeds of which were used to refund the prior debt, has been retired. For example, if the County borrows Tax-Exempt Debt in 2027 (2027 Bonds) to refund Tax-Exempt Debt borrowed in 2017 (2017 Bonds), the County will maintain the records described herein with respect to the 2017 Bonds until the date four years after the date the last outstanding 2027 Bond has been retired. If the 2017 Bonds themselves refunded prior debt, the County will also maintain records related to such prior debt for the same period of time.

III. Required Records.

The County will maintain detailed records with respect to the following:

A. Transcript of Proceedings for the County's Tax-Exempt Debt.

B. Documentation evidencing the expenditure of proceeds of the County's Tax-Exempt Debt.

C. Documentation evidencing any private business use of facilities financed with proceeds of the County's Tax-Exempt Debt.

D. Documentation evidencing all sources of payment or security for the County's Tax-Exempt Debt.

E. Documentation pertaining to any investment of proceeds of the County's Tax-Exempt Debt, including documentation pertaining to broker's fees paid (if at all) or other administrative costs with respect to such investments.

F. Records of arbitrage rebate payment and yield reduction payment calculations performed by the arbitrage calculating agent (irrespective of whether any amount was determined to be owed to the Internal Revenue Service), as well as records related to any arbitrage rebate payments or yield reduction payments made to the Internal Revenue Service, including the calculations performed by the arbitrage calculating agent substantiating such payments, together with the Internal Revenue Service

Attachment: Hancock (218956) - GO Bonds 2021 - Executed Sales Resolution including publication and bids for 7_17_2021 Meeting and minutes

Form 8038-T, Arbitrage Rebate, Yield Reduction and Penalty in Lieu of Arbitrage Rebate, that accompanied all such payments.

G. Documentation authorizing the reimbursement of expenditures using proceeds of the Tax-Exempt Debt.

H. Appraisals, demand surveys and feasibility studies related to projects financed or refinanced with the County's Tax-Exempt Debt.

I. Documentation relating to any third-party funding for the County's projects to which proceeds of the County's Tax-Exempt Debt will be applied (including government grants).

J. Records of any Internal Revenue Service audits or compliance checks, or any other Internal Revenue Service inquiry related to the County's Tax-Exempt Debt.

Section 7 - Voluntary Closing Agreement Program

The Compliance Officer will be aware of the IRS's TEB Voluntary Closing Agreement Program ("**VCAP**") and its ability, pursuant to IRS Notice 2008-31, 2008-11 I.R.B. 592 (or a successor notice as the case may be), to request a voluntary closing agreement with the IRS to resolve compliance violations on the part of the County with the applicable federal tax rules to its outstanding Tax-Exempt Debt. A copy of Internal Revenue Service Notice 2008-31 is available on the Internal Revenue Service's website at www.irs.gov.

Section 8 - Annual Compliance and Continuing Education

I. Annual Compliance. The Compliance Officer will complete the Annual Compliance Checklist within 60 days of the end of each "bond year," as defined in the Tax Certificate. A copy of the Annual Compliance Checklist is attached hereto as Attachment 1.

II. Continuing Education. The Compliance Officer will consult with bond counsel regarding the federal tax rules applicable to the County's outstanding Tax-Exempt Debt and any changes to the federal tax law. The County will update these policies and procedures as needed to reflect any such changes. The County will encourage its Compliance Officer to attend continuing education events and conferences, as needed, pertaining to tax-exempt municipal bonds. The County will encourage its Compliance Officer to contact bond counsel and/or tax counsel as needed to comply with these TE Policies and Procedures and for purposes of completing the Annual Compliance Checklist.

Section 9 - Miscellaneous

The County reserves the right to amend or withdraw these TE Policies and Procedures at any time and from time to time to reflect changes in federal tax laws or other applicable laws concerning its outstanding Tax-Exempt Debt. The Compliance Officer will consult with bond counsel as it deems necessary to ensure the applicable federal tax law requirements are satisfied.

Attachment: Hancock (218956) - GO Bonds 2021 - Executed Sales Resolution including publication and bids for 7_17_2021 Meeting and minutes

These TE Policies and Procedures do not, and are not intended to, limit the actions of the County solely to those federal tax matters listed above, but are intended to provide the County with broad discretion and general guidelines in addressing any and all federal tax matters that may affect its outstanding Tax-Exempt Debt.

Section 10 - Consultation with Counsel

Should the County, including the Compliance Officer, have further questions regarding these Post-Issuance Compliance Policies and Procedures or any other questions concerning the County's Tax-Exempt Debt borrowings, please contact Elizabeth Clark at 601-985-4406 or Rene Moore at 720-330-2356.

ONE NEW ISSUE/BOOK-ENTRY-ONLY **NON-RATED**

*In the opinion of Butler Snow LLP, Ridgeland, Mississippi ("**Bond Counsel**"), assuming compliance by Hancock County, Mississippi with certain tax representations and covenants, interest on the Series 2021 Bonds (as defined herein) is excludable from gross income for federal income tax purposes under existing statutes, regulations, rulings and court decisions and interest on the Series 2021 Bonds is not an item of tax preference for purposes of the federal alternative minimum tax. See "TAX MATTERS" herein for a description of certain other federal tax consequences of ownership of the Series 2021 Bonds. Bond Counsel is further of the opinion that under and pursuant to the Act (as hereinafter defined), the Series 2021 Bonds and interest thereon are exempt from all income taxes imposed by the State of Mississippi.*

$7,000,000
HANCOCK COUNTY, MISSISSIPPI
GENERAL OBLIGATION BONDS,
SERIES 2021

Dated: Date of Delivery **Due: August 1, as shown on the inside front cover**

Interest on the $7,000,000 Hancock County, Mississippi General Obligation Bonds, Series 2021, dated August 18, 2021 (the "**Series 2021 Bonds**"), will be payable on February 1 and August 1 of each year, commencing August 1, 2022. The Board of Supervisors of Hancock County, Mississippi (the "**County**") has designated First Security Bank, Batesville, Mississippi to serve as paying agent, transfer agent and registrar of the Series 2021 Bonds (the "**Paying Agent**"). The Series 2021 Bonds will be issued as fully registered bonds in denominations of $5,000 or any integral multiple thereof and registered in the name of Cede & Co., as nominee of The Depository Trust Company ("**DTC**"), New York, New York, which will act as securities depository for the Series 2021 Bonds under a book-entry-only system, as described herein. So long as the Series 2021 Bonds are held in book-entry form, Beneficial Owners (as hereinafter defined) of Series 2021 Bonds will not receive physical delivery of bond certificates.

The principal of, and interest on, the Series 2021 Bonds will be payable by the Paying Agent to DTC, which will in turn remit such principal and interest to its Direct Participants (as defined herein) and Indirect Participants (as defined herein), which will in turn remit such principal, and interest to the Beneficial Owners of the Series 2021 Bonds. If the date for payment is not a business day, then the payment shall be made on the next succeeding business day with the same force and effect as if made on the payment date. See "DESCRIPTION OF THE SERIES 2021 BONDS – Book-Entry-Only System" herein.

The Series 2021 Bonds are general obligations of the County for which the full faith, credit and resources of the County are pledged as provided herein.

The Series 2021 Bonds will be subject to redemption prior to maturity as provided herein.

The Series 2021 Bonds have been designated by the County as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

The Series 2021 Bonds are offered subject to the final approving opinion of Butler Snow LLP, Ridgeland, Mississippi, Bond Counsel. Certain legal matters will be passed upon for the County by its counsel, Yarborough Law Firm, PLLC, Bay St. Louis, Mississippi, as County Counsel. Government Consultants, Inc., Madison, Mississippi, serves as the Independent Registered Municipal Advisor to the County in connection with the sale and issuance of the Series 2021 Bonds. It is expected that the Series 2021 Bonds available for delivery in definitive form on or about August 18, 2021.

Dated: July 19, 2021.

HANCOCK COUNTY, MISSISSIPPI
GENERAL OBLIGATION BONDS,
SERIES 2021

INTRODUCTION

The purpose of this Official Statement, which includes the cover page, inside cover pages and the Appendices hereto, is to set forth certain information concerning Hancock County, Mississippi (the "**County**") and the County's $7,000,000 General Obligation Bonds, Series 2021, dated August 18, 2021 (the "**Series 2021 Bonds**").

Reference is made to the Act (as hereinafter defined), the Resolution (as hereinafter defined) and any and all modifications and amendments thereof for a description of the nature and extent of the security of the Series 2021 Bonds, the pledge of tax revenues for the payment of the principal of and interest on the Series 2021 Bonds, the nature and extent of said pledge and the terms and conditions under which the Series 2021 Bonds are issued.

DESCRIPTION OF THE SERIES 2021 BONDS

The Series 2021 Bonds are being issued pursuant to the provisions of Sections 19-9-1, *et seq.*, Mississippi Code of 1972, as amended from time to time (the "**Act**"), and a resolution adopted by the Board of Supervisors (the "**Board of Supervisors**") of the County on June 7, 2021 (the "**Resolution**"). The Series 2021 Bonds are being issued for the purpose of providing funds for (a) constructing, reconstructing, and repairing roads, highways and bridges, and acquiring the necessary land, including land for road building materials, and acquiring rights-of-way therefor and the purchase of heavy construction equipment and accessories thereto reasonably required to construct, repair and renovate roads, highways and bridges and approaches thereto within the County, (b) purchasing machinery and equipment which have an expected useful life in excess of ten (10) years, (c) purchasing or erecting, equipping, repairing, reconstructing, remodeling and enlarging County buildings, courthouses and related facilities and the purchase of land therefor, and (d) for other authorized purposes under the Act, including paying the costs of borrowing.

The Series 2021 Bonds will be general obligations of the County and the full faith, credit and resources of the County are pledged to secure the payment of the principal of and interest on the Series 2021 Bonds (see "DESCRIPTION OF THE SERIES 2021 BONDS - Security" herein).

The Series 2021 Bonds will be dated the date of their delivery, and will be issued as fully registered bonds in denominations of Five Thousand Dollars ($5,000) or any integral multiple thereof, bearing interest at the rates per annum set forth on the inside cover page hereof, payable on February 1 and August 1 of each year, commencing on August 1, 2022. The County has designated First Security Bank, Batesville, Mississippi, to serve as paying agent, transfer agent and registrar of the Series 2021 Bonds (the "**Paying Agent**"). Interest will be payable by check or draft of the Paying Agent made payable to the registered owners of the Series 2021 Bonds named in, and mailed to the addresses appearing on, the registration records of the County kept and maintained by the Paying Agent as of the close of business on the date which shall be the fifteenth (15th) day (whether or not a business day) of the calendar month next preceding each interest payment date.

The Series 2021 Bonds will mature on August 1 in the years and in the amounts set forth on the inside cover page hereof.

The Series 2021 Bonds will initially be held in a book-entry-only system administered by The Depository Trust Company, New York, New York ("**DTC**"). Principal of and interest on the Series 2021 Bonds held in book-entry form shall be payable as described herein under the heading "DESCRIPTION OF THE SERIES 2021 BONDS - Book-Entry-Only System."

As long as the Series 2021 Bonds are held in a book-entry-only system, the principal of and interest on the Series 2021 Bonds will be payable by the Paying Agent to DTC, which will in turn remit such principal and interest

to its Direct Participants and Indirect Participants, as described herein, which will in turn remit such principal and interest to the Beneficial Owners, as described herein, of the Series 2021 Bonds. If the date for payment is not a business day, then the payment shall be made on the next succeeding business day with the same force and effect as if made on the payment date.

Redemption Provisions

Optional Redemption. The Series 2021 Bonds maturing on August 1, 2028 and thereafter, are subject to redemption prior to their stated dates of maturity, at par, plus accrued interest to the date of redemption, either in whole or part, at any time on or after August 1, 2027.

Notice. Notice of redemption identifying the numbers of Series 2021 Bonds or portions thereof to be redeemed shall be given to the registered owners thereof by first class mail at least thirty (30) days and not more than sixty (60) days prior to the date fixed for redemption; provided, however, such notice of redemption can be waived by the registered owners of the Bonds. Failure to mail or receive any such notice, or any defect therein or in the mailing thereof, shall not affect the validity of any proceedings for the redemption of Series 2021 Bonds. Any notice mailed as provided in the Resolution shall be conclusively presumed to have been given, irrespective of whether received. If such written notice of redemption is made and if due provision for payment of the redemption price is made, all as provided above, the Series 2021 Bonds which are to be redeemed thereby automatically shall be deemed to have been redeemed prior to their scheduled maturities, and they shall not bear interest after the date fixed for redemption, and they shall not be regarded as being outstanding except for the right of the owner to receive the redemption price out of the funds provided for such payment. If at the time of mailing of any notice of redemption, there shall not be on deposit with the Paying Agent sufficient moneys to redeem all of the Series 2021 Bonds called for redemption, such notice shall state that it is subject to the deposit of moneys with the Paying Agent not later than on the redemption date and shall be of no effect unless such moneys are deposited.

Defeasance. The Series 2021 Bonds, for which the payment of sufficient moneys or, to the extent permitted by the laws of the State, (a) direct obligations of, or obligations for the payment of the principal of and interest on which are unconditionally guaranteed by, the United States of America ("**Government Obligations**"), (b) certificates of deposit or municipal obligations fully secured by Government Obligations, (c) evidences of ownership of proportionate interests in future interest or principal payments on Government Obligations held by a bank or trust company as custodian, under which the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor on the Government Obligations and which Government Obligations are not available to satisfy any claim of the custodian or any person claiming through the custodian or to whom the custodian may be obligated, (d) United States Treasury Securities - State and Local Government Series, or (e) municipal obligations, the payment of the principal of, interest and redemption premium, if any, on which are irrevocably secured by Government Obligations and which Government Obligations are not subject to redemption prior to the date on which the proceeds attributable to the principal of such obligations are to be used and have been deposited in an escrow account which is irrevocably pledged to the payment of the principal of and interest and redemption premium, if any, on such municipal obligations (all of which collectively, with Government Obligations, "**Defeasance Securities**"), shall have been deposited with an escrow agent appointed for such purpose, which may be the Paying and Transfer Agent, shall be deemed to have been paid, shall cease to be entitled to any lien, benefit or security under the Resolution and shall no longer be deemed to be outstanding under the Resolution, and the registered owners shall have no rights in respect thereof except to receive payment of the principal of and interest on such Series 2021 Bonds from the funds held for that purpose. Defeasance Securities shall be considered sufficient under the Resolution if said investments, with interest, mature and bear interest in such amounts and at such times as will assure sufficient cash to pay currently maturing interest and to pay principal when due on such Series 2021 Bonds.

Ownership

Pursuant to the Resolution, the County, the Paying Agent, and any other person may treat the person in whose name any Series 2021 Bond is registered as the absolute owner of such Series 2021 Bond for the purpose of making payment of the principal thereof and premium, if any, thereon, and for the further purpose of making payment of the interest thereon, and for all other purposes, whether or not such Series 2021 Bond is overdue. Neither the County nor the Paying Agent shall be bound by any notice or knowledge to the contrary. All payments made to the person deemed to be the owner of any Series 2021 Bond in accordance with the Resolution shall be

valid and effective and shall discharge the liability of the County and the Paying Agent for such Series 2021 Bond to the extent of the sums paid.

Registration

For so long as DTC acts as securities depository for the Series 2021 Bonds, the registration and transfer of ownership interests in Series 2021 Bonds shall be accomplished by book entries made by DTC and the Direct Participants and, where appropriate, the Indirect Participants, as described herein under the heading "DESCRIPTION OF THE SERIES 2021 BONDS - Book-Entry-Only System."

Book-Entry-Only System

The County has determined that it will be beneficial to have the Series 2021 Bonds held by a central depository system and to have transfers of the Series 2021 Bonds affected by book-entry on the records of DTC as such central depository system. Unless and until the book-entry-only system has been discontinued, the Series 2021 Bonds will be available only in book-entry form in principal amounts of $5,000 or any integral multiple thereof. DTC will initially act as securities depository for the Series 2021 Bonds. The Series 2021 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's nominee). One fully-registered Series 2021 Bond will be issued for each maturity of the Series 2021 Bonds, and will be deposited with or as otherwise directed by DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York banking law, a "banking organization" within the meaning of the New York banking law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("**Direct Participants**") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions, in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("**DTCC**"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Series 2021 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for such Series 2021 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2021 Bond (a "**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2021 Bonds are to be accomplished by entries made on the books of Direct or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2021 Bonds, except in the event that use of the book-entry system for the Series 2021 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2021 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2021 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2021 Bonds. DTC's records reflect only the identity of the Direct Participants to whose accounts the Series 2021 Bonds are credited, which may or may not be the Beneficial Owners.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2021 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2021 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Series 2021 Bond documents. For example, Beneficial Owners of Series 2021 Bonds may wish to ascertain that the nominee holding the Series 2021 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices are to be sent to DTC. If less than all of the Series 2021 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2021 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Paying Agent as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2021 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the Series 2021 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the County or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Paying Agent or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the County or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2021 Bonds at any time by giving reasonable notice to the County or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Series 2021 Bond certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Series 2021 Bonds in definitive form will be printed and delivered.

THE COUNTY CANNOT AND DOES NOT GIVE ANY ASSURANCE THAT THE DIRECT PARTICIPANTS OR THE INDIRECT PARTICIPANTS WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE SERIES 2021 BONDS (a) PAYMENTS OF PRINCIPAL OR INTEREST ON THE SERIES 2021 BONDS; (b) CERTIFICATES REPRESENTING AN OWNERSHIP INTEREST OR OTHER CONFIRMATION OF BENEFICIAL OWNERSHIP INTERESTS IN THE SERIES 2021 BONDS; OR (c) REDEMPTION OR OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS NOMINEE, AS THE REGISTERED OWNER OF THE SERIES 2021 BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC OR DIRECT OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT. THE CURRENT "RULES" APPLICABLE TO DTC ARE ON FILE WITH THE SEC AND THE CURRENT "PROCEDURES" OF DTC TO BE FOLLOWED IN DEALING WITH DTC PARTICIPANTS ARE ON FILE WITH DTC.

THE COUNTY WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO SUCH DTC PARTICIPANTS OR THE BENEFICIAL OWNERS WITH RESPECT TO (a) THE SERIES 2021 BONDS; (b) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT; (c) THE

PAYMENT BY ANY DTC PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF AND INTEREST ON THE SERIES 2021 BONDS; (d) THE DELIVERY BY ANY DTC PARTICIPANT OF ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE RESOLUTIONS TO BE GIVEN TO HOLDERS OF THE SERIES 2021 BONDS; OR (e) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS HOLDER OF THE SERIES 2021 BONDS.

Security

The Series 2021 Bonds will be general obligations of the County. Pursuant to the terms of the Resolution, the full faith, credit and resources of the County are irrevocably pledged to secure the payment of the principal of and interest on the Series 2021 Bonds, which are payable out of and secured by the avails of a direct and continuing ad valorem tax to be levied annually without limitation as to rate or amount upon all taxable property within the geographical limits of the County. The County's tax levy for any year shall be abated pro tanto to the extent the County on or prior to September 1 of that year has transferred monies to the 2021 Bond Fund for the Bonds, or has made other provisions for funds to be applied toward the payment of the principal of and interest on the Bonds due during the ensuing fiscal year of the County, in accordance with the provisions of the Bond Resolution. The Resolution provides that the County, when necessary, will levy annually a special tax upon all taxable property within the geographical limits of the County adequate and sufficient to provide for the payment of principal of and interest on the Series 2021 Bonds as the same falls due.

The qualified electors of the State of Mississippi (the "**State**") voted in a general election held on November 7, 1995, to amend the Mississippi Constitution of 1890 (the "**Constitution**") to add the following new Section 172A (the "**Amendment**").

> SECTION 172A. Neither the Supreme Court nor any inferior court of this state shall have the power to instruct or order the state or any political subdivision thereof, or an official of the state or any political subdivision, to levy or increase taxes.

The Amendment does not affect the underlying obligation of the County to pay the principal of and interest on the Series 2021 Bonds as they mature and become due nor does the Amendment affect the County's obligation to levy a tax sufficient to accomplish that purpose. However, even though it appears that the Amendment was not intended to affect a holder's remedies in the event of a payment default, the Amendment potentially prevents a holder from obtaining a writ of mandamus to compel the levying of taxes to pay the principal of and interest on the Series 2021 Bonds in a court of the State. It is not certain whether the Amendment would affect the right of a federal court to direct the levy of a tax to satisfy a contractual obligation. Other effective remedies are available to bondholders in the event of a payment default with respect to the Series 2021 Bonds.

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, which was first detected in China and has since spread to other countries, including the United States, and to the State, has been declared a Public Health Emergency of International Concern by the World Health Organization. The outbreak of the disease has affected travel, commerce, and financial markets globally and is widely expected to affect economic growth worldwide. Although the potential impact of COVID-19 on the County cannot be predicted at this time, the continued spread of the outbreak could have a material adverse effect on the County.

Certain information relating to the County is set forth in "APPENDIX A – Information Concerning the County and Its Economy" and certain financial information on the County is included in "APPENDIX B - Fiscal Year 2019 Audited Financial Information and 2021 Fiscal Year Budget."

Bankruptcy

The County is a "Municipality" as that term is defined in Title 11 of the United States Code (the "**Bankruptcy Code**"). Section 109(c) of the Bankruptcy Code prescribes the conditions and circumstances under which a Municipality may file a petition for relief under the Bankruptcy Code. As a debtor, a Municipality may only file for relief pursuant to Chapter 9 of the Bankruptcy Code ("**Chapter 9**"). Pursuant to Section 303(a) of the Bankruptcy Code, no creditor or judgment holder of a Municipality may file a Chapter 9 petition on behalf of a Municipality.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

Pursuant to Section 109(c)(2) of the Bankruptcy Code, before a Municipality may file a petition under Chapter 9 of the Bankruptcy Code, a Municipality must be specifically authorized by (a) state law or (b) a governmental officer or organization empowered to authorize such a filing. Accordingly, before a Municipality in the State may file for Chapter 9 protection, it must have specific authority granted to it. Currently, there is no State statute that prescribes, authorizes or otherwise contains authorization for any Municipality to file for Chapter 9 protection, or delegates such authority to a governmental officer or organization. As such, in order for a Municipality of the State, including the County, to file for Chapter 9 relief, the Municipality must obtain specific authority from the State Legislature.

The State Legislature is comprised of the Senate and the House of Representatives. The Senate is composed of 52 members, and the House of Representatives consists of 122 members. Each member of each chamber is elected to a four-year term. In the State, the Legislature convenes annually on the first Tuesday after the first Monday each January. Regular sessions of the State Legislature last 90 days in all years of an administration except for the first session after a new governor has been elected, when a 125-day session is held.

In order to obtain specific authority from the State Legislature to file for relief pursuant to Chapter 9, a Municipality would have to request both houses of the State Legislature during the annual session of the State Legislature or a special session of the State Legislature called for such purpose to approve a bill authorizing the Municipality to file for relief pursuant to Chapter 9 and such bill would have to be signed into law by the Governor of the State. There is no appeal process or any other proceeding under current State law that the Municipality may pursue if such requested specific authority is not granted by the State Legislature.

LITIGATION

The County's Counsel, Yarborough Law Firm, PLLC, Bay St. Louis, Mississippi, as County Counsel, has reviewed the status of all pending litigation. While the County is involved in numerous legal proceedings, there is not now pending, to the County's knowledge, legal proceedings which might be expected to affect the County's ability to perform its obligations to the registered owners of the Series 2021 Bonds.

To the County's knowledge, there is not now pending any threatened litigation restraining or enjoining the sale, issuance, execution or delivery of the Series 2021 Bonds or in any way contesting or affecting the validity of the Series 2021 Bonds, any proceedings of the County taken with respect to the sale and issuance thereof or the pledge of any security provided for the payment of the Series 2021 Bonds.

MUNICIPAL ADVISOR

The County has retained the firm of Government Consultants, Inc. as Independent Registered Municipal Advisor (the "**Municipal Advisor**") to the County in connection with the issuance of the Series 2021 Bonds. In such capacity the Municipal Advisor has provided recommendations and other financial guidance to the County with respect to the preparation of documents, the preparation for the sale of the Series 2021 Bonds and the time of the sale, market conditions and other factors related to the sale of the Series 2021 Bonds.

Although the Municipal Advisor performed an active role in the drafting of this Official Statement, it has not independently verified any of the information set forth herein. The information contained in this Official Statement has been obtained primarily from the County's records and from other sources which are believed to be reliable, including financial records of the County and other entities, which records may be subject to interpretation. No guarantee is made as to the accuracy or completeness of any information obtained from sources other than the County. Any summaries or excerpts of statutes, ordinances, resolutions or other documents do not purport to be complete statements of the same and reference is made to such original sources in all respects.

RECORD OF NO DEFAULT

There is no record of any default on general obligations of the County as to payment of either principal or interest or in any other material respect at any time in at least the past 25 years. No principal or interest on any obligation of the County is currently past due.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

NO BOND PROCEEDS FOR CURRENT OPERATING EXPENSES

No proceeds from the sale of securities (except tax anticipation notes issued against revenues of a current fiscal year) have been used by the County for current operating expenses at any time in at least the past ten years.

PENSION PLANS

The County has no pension plan or retirement plan for employees. County employees are members of and contribute to the Mississippi Public Employees' Retirement System (PERS), a cost-sharing, multiple employer retirement system administered by the State for the benefit of its local governments and State personnel. Benefit provisions are established by State statute and may be amended from time to time only by the State Legislature.

In June 2012, the Government Accounting Standards Board issued Statement No. 68, Accounting and Financial Reporting for Pensions ("**GASB-68**"). The objective of GASB-68 is to improve accounting and financial reporting of government pensions. Also, GASB-68 improves information provided by government employers about financial support for pensions that is provided by other entities. Requirements of GASB-68 are effective for financial statements whose fiscal year begins after June 15, 2014 (Fiscal Year 2015 for the County).

As of September 30, 2018, PERS members are required to contribute 9.00% of their annual covered salary, and the County is required to contribute at an actuarially determined rate. The rate at September 30, 2018 was 15.75% of annual covered payroll. On June 26, 2018, the PERS Board of Trustees voted to increase the employer contribution rate from 15.75 to 17.40 percent, effective June 30, 2019. The County's contributions (employer share only) to PERS for the years ending September 30, 2019, 2018 and 2017 were $1,860,509, $1,719,865 and $1,615,132, respectively, equal to the required contributions for each year.

At September 30, 2019, the County reported a liability of $30,066,089 for its proportionate share of the net pension liability.

POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Effective with the fiscal year ended September 30, 2018 audit, the County will be required to apply GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pension* ("**GASB 75**"), to its audited financial statements. GASB 75 changes accounting and financial reporting for OPEB. Fund level statements, including the General Fund statements, will not be impacted by the GASB 75 reporting.

INDEPENDENT AUDITORS

The County has not requested and will not obtain a consent letter from its auditor for the inclusion of the audit report in this Official Statement. Necaise & Company PLLC, the County's independent auditor (the "**Auditor**"), has not been engaged to perform, and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. The Auditor also has not performed any procedures relating to this Official Statement (the "**audit report**").

CONTINUING DISCLOSURE

The County has covenanted for the benefit of the owners of the Series 2021 Bonds to provide certain financial information and operating data relating to the County at least once a year commencing (the "**Annual Report**"), and to provide notices of the occurrence of certain enumerated events, in certain cases if deemed material under federal laws. The Annual Report and notices of material events will be filed by the County with (a) the Municipal Securities Rulemaking Board (the "**MSRB**") through MSRB's Electronic Municipal Market Assess system at http://emma.msrb.org ("**EMMA**") in the electronic format then prescribed by the Securities and Exchange Commission (the "**SEC**") pursuant to SEC Rule15c2-12(b)(5) (the "**Rule**"), and with (b) any public or private repository or entity designated by the State as a State repository, if any, for the purposes of the Rule. This information will be made available free to securities brokers and the general public through EMMA. For the procedures for all filings and notices due to the MSRB, instructions will be provided on the following website for MSRB: http://emma.msrb.org. The specific nature of the information to be contained in the Annual Report or the notices of material events is summarized in APPENDIX D to this Official Statement. All filings of the County are available on the following website for MSRB: http://emma.msrb.org.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

Notice is given that due to certain statutory requirements, the County's audited financial statement is subject to review by the State Auditor's Office before the County's audited financial statements may be released to the public. There have been times when the State Auditor's Office has not timely completed its review of the County's financials thereby delaying the County's ability to timely file its audited financial statements with EMMA. Under current State law, these delays are expected to continue.

The County entered into other prior undertakings (the "**Prior Undertakings**") with respect to bonds previously issued by, or on behalf of, the County. All of the bonds issued by or on behalf of the County which were subject to such Prior Undertakings have matured and been paid in full, with exception to the Green Bonds (as defined herein). However, during the past five (5) years, several series of those bonds were still outstanding and subject to the Prior Undertakings and the County failed to make the required filings in accordance with such Prior Undertakings. Specifically, the County failed (i) to timely file its audited financial statements and budgeted financial information for fiscal years 2013 through 2016 in calendar years 2014 through 2017, (ii) to timely file updated economic, demographic and financial information required by its Prior Undertakings for fiscal years 2013 through 2016 in calendar years 2014 through 2017, and (iii) to timely file notices of failure to file, all as required by the Rule.

The County adopted policies and procedures on May 6, 2019 (the "**Policy**") to assist in the timely filing of its annual financial information. Pursuant to the Policy, a staff designee of the County will appoint or engage a dissemination agent to assist in carrying out its obligations under the Policy and/or the staff designee will be responsible for submitting the information required under the Policy. The County has hired a dissemination agent to file the County's required annual report.

On May 22, 2019, the County entered into a Continuing Disclosure Certificate in connection with the issuance by the Mississippi Development Bank of its $13,000,000 Special Obligation Bonds (Hancock County GOMESA Project), Series 2019 (Green Bonds) (the "**Green Bonds**") requiring the County to (i) update certain information relating to the Green Bonds (Annual Report -Phase 1) no later than 180 days following the end of the fiscal year 2019 and (ii) provide its audited financial statements no later than 360 days following the end of the fiscal year 2019 and if audited financial statements are unavailable then the County shall provide unaudited financial statements. On March 29, 2020, the County filed a Notice of Failure to File the Green Bonds Annual Report -Phase 1 as the information was not available at the time of filing. On March 27, 2021, the County filed a Notice of Failure to File the Green Bonds Annual Report -Phase 1 as the information was not available at the time of filing. On March 27, 2021, the County filed its audited financial statements for fiscal year ending September 30, 2019. On March 27, 2021, the County filed a notice of Failure to File its audited financial statements for fiscal year ended September 30, 2020 as they were unavailable at the time of filing. On June 29, 2021, the County filed the updated information relating to the Green Bonds. The Annual Report - Phase 1 for fiscal years 2019 and 2020 can be accessed at https://emma.msrb.org/P21472335-P21142069-P21555324.pdf .

VALIDATION

Prior to issuance, the Series 2021 Bonds will be validated before the Chancery Court of Hancock County, Mississippi, as provided by Section 31-13-1 *et seq.*, Mississippi Code of 1972, as amended.

APPROVAL OF LEGAL PROCEEDINGS

Certain legal matters incident to the authorization and issuance of the Series 2021 Bonds are subject to the approval of Butler Snow LLP, Ridgeland, Mississippi ("**Bond Counsel**"), whose approving legal opinion will be available at the time of delivery of the Series 2021 Bonds (see APPENDIX C hereto). Certain legal matters will be passed upon for the County by its counsel, Yarborough Law Firm, PLLC, Bay St. Louis, Mississippi (the "**County Counsel**").

No representation is made to the registered owners of the Series 2021 Bonds that Bond Counsel or County Counsel has verified the accuracy, completeness or fairness of the statements in this Official Statement and Bond Counsel or County Counsel assumes no responsibility to the registered owners of the Series 2021 Bonds except for the matters set forth in such legal opinions.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

TAX MATTERS

The Internal Revenue Code of 1986, as amended (the "**Code**"), and the applicable regulations promulgated thereunder (the "**Regulations**"), include requirements which the County must continue to meet after the issuance of the Series 2021 Bonds in order that interest on the Series 2021 Bonds not be included in gross income for federal income tax purposes. The County's failure to meet these requirements may cause interest on the Series 2021 Bonds to be included in gross income for federal income tax purposes retroactive to their date of issuance. The County has covenanted in the Resolution to comply with the requirements of the Code in order to maintain the exclusion of interest on the Series 2021 Bonds from gross income for federal income tax purposes.

In the opinion of Bond Counsel, assuming compliance by the County with the tax covenants referred to above, under existing statutes, regulations, rulings and court decisions, interest on the Series 2021 Bonds is excludable from gross income of the owners thereof for federal income tax purposes and interest on the Series 2021 Bonds is not an item of tax preference for purposes of the federal alternative minimum tax.

The opinion of Bond Counsel described in the preceding paragraph is subject to the condition that the County comply with all requirements of the Code and the Regulations, including, without limitation, certain limitations on the use, expenditure and investment of the proceeds of the Series 2021 Bonds and the obligation to rebate certain earnings on investments of proceeds to the United States Government, that must be satisfied subsequent to the issuance of the Series 2021 Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The County has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the interest on the Series 2021 Bonds to be includable in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2021 Bonds. Bond Counsel will express no opinion regarding other federal tax consequences arising with respect to the Series 2021 Bonds, and taxpayers should consult their tax advisors regarding such other federal tax consequences.

Bond Counsel is further of the opinion that under and pursuant to the Act, the Series 2021 Bonds and interest thereon are exempt from all income taxes imposed by the State of Mississippi and any county, municipality and other political subdivision of the State of Mississippi.

Financial Institutions

Section 265(b)(1) of the Code provides that financial institutions may not deduct the portion of their otherwise allowable interest expense allocable to tax exempt obligations acquired after August 7, 1986 (other than "qualified tax-exempt obligations" as defined in Section 265(b)(3) of the Code). The County has designated the Series 2021 Bonds as "qualified tax-exempt obligations" pursuant to Section 265(b)(3)(B) of the Code.

Original Issue Premium

The initial public offering prices of the Series 2021 Bonds maturing on August 1 of the years 2022 through 2029 are more than the amounts payable at the maturity dates thereof as set forth on the inside cover page of this Official Statement. Such Series 2021 Bonds are hereinafter referred to as the "**2021 Premium Bonds**." Under the Code, the difference between the principal amount of a 2021 Premium Bond and the cost basis of such 2021 Premium Bond to its owner (other than an owner who holds such a 2021 Premium Bond as inventory, stock in trade or for sale to customers in the ordinary course of business) is "bond premium." Bond premium is amortized over the term of such a 2021 Premium Bond for federal income tax purposes. The owner of a 2021 Premium Bond is required to decrease his basis in such 2021 Premium Bond by the amount of amortizable bond premium attributable to each taxable year he holds the 2021 Premium Bond. The amount of the amortizable bond premium attributable to each taxable year is determined on an actuarial basis at a constant interest rate compounded on each interest payment date. The amortizable bond premium attributable to a taxable year is not deductible for federal income tax purposes.

Owners of 2021 Premium Bonds should consult their tax advisors with respect to the precise determination for federal income tax purposes of the treatment of bond premium upon sale, redemption or other disposition of such 2021 Premium Bonds and with respect to the state and local tax consequences of owning and disposing of such 2021 Premium Bonds.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

Original Issue Discount

The initial public offering price of the Series 2021 Bonds maturing on August 1, of the years 2030 through 2033 are less than the amounts payable at the maturity date thereof as set forth on the inside cover page of this Official Statement. Such Series 2021 Bonds are hereinafter collectively referred to as the "**2021 Discount Bonds**." An amount not less than the difference between the initial public offering price of each 2021 Discount Bond and the amount payable at the maturity date thereof constitutes original issue discount which will be treated as interest on such 2021 Discount Bond, and to the extent properly allocable to an owner who acquires a 2021 Discount Bond at the initial offering thereof, will be excludable from gross income for federal income tax purposes, and a portion of the original issue discount that accrues in each year to an owner of a 2021 Bond that is a 2021 Discount Bond will not be an item of tax preference in computing the federal alternative minimum tax.

Owners of 2021 Discount Bonds should consult their tax advisors with respect to the determination for federal income tax purposes of the amount of original issue discount or interest properly accruable with respect to 2021 Discount Bonds and other tax consequences of owning and disposing of 2021 Discount Bonds, and with respect to the state and local tax consequences of owning and disposing of 2021 Discount Bonds.

Future Legislation

The federal government is considering various legislative proposals for reducing the federal budget deficit and the federal debt and promoting economic growth, and some of these proposals, if enacted, could affect the tax-exempt status and/or market price or marketability of state and local bonds, such as the Series 2021 Bonds. In addition, future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Series 2021 Bonds to be subject, directly or indirectly and retroactively, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent holders from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such future legislative proposals, clarification of the Code or court decisions may also affect the market price for, or marketability of, the Series 2021 Bonds. Prospective purchasers of the Series 2021 Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

In addition, prospective purchasers of the Series 2021 Bonds should consult their own tax advisors as to the applicability and effect on their federal income taxes of the federal alternative minimum tax, the environmental tax, the branch profits tax and the tax on passive investment income of corporations, as well as the applicability and effect of any other collateral federal income tax consequences.

APPENDIX A
ECONOMIC AND DEMOGRAPHIC INFORMATION
HANCOCK COUNTY, MISSISSIPPI

General Description

Hancock County, one of the oldest counties in the State of Mississippi (the "**State**"), was organized on December 14, 1812, and was named for John Hancock, president of the Continental Congress and the first signer of the Declaration of Independence. The County has a land area of 485 square miles, but originally covered an area that now includes Harrison, Pearl River and Stone counties.

The John C. Stennis Space Center (the "**Stennis Space Center**") in Bay St. Louis is one of ten NASA field centers in the United States. It is NASA's primary center for testing and flight certifying rocket propulsion systems for the space shuttle and future generations of space vehicles. Because of its important role in engine testing for more than three decades, Stennis Space Center has been designated NASA's Center of Excellence for rocket propulsion testing. Stennis Space Center is also NASA's lead center for rocket propulsion testing with total responsibility for conducting and/or managing all NASA propulsion test programs.

The tourism industry, gaming industry, natural gas production and numerous commercial fishing operations also contribute to the economy of the County.

Dockside Gaming

During 1992, the voters of Harrison County and Hancock County approved dockside gaming activities and the Gulf Coast's first casino opened in August 1992. Prior to Hurricane Katrina[1], twelve (12) casinos (eight (8) in Biloxi, three (3) in Gulfport and one (1) in Hancock County) were in operation employing approximately 14,632 people with an estimated annual payroll of $200 million. The County currently has two (2) casinos located in the County. Hollywood Casino, located in Bay St. Louis, Hancock County, Mississippi is a 600-acre casino and golf resort offering all amenities on-site. The property offers 24-hour gaming with 40,000 square feet of gaming space, over 900 slots, six poker tables, and 30 table games. Their 14-story hotel has 291 luxurious guest rooms, a swimming pool, lazy river, and jacuzzi with sundeck. There also is a 100-site RV park and over 10,000 square feet of convention and meeting space. The property also offers “The Bridges” Arnold Palmer design championship golf course. Silver Slipper Casino, located in Bay St. Louis, Hancock County, Mississippi, is the first land-based casino to be built from the ground up on the Mississippi Gulf Coast. The property offers 24-hour gaming on over 1,000 of the newest high-tech slot machines, 26 table games, poker room, and a beachfront RV park with full hookups.

Population

The population of the County has been recorded as follows:

1990	2000	2010	2019 Estimate
31,760	42,967	43,929	47,632

SOURCE: Census Data at website: www.census.gov; June 2021.

[1] On August 29, 2005, Hurricane Katrina ("**Katrina**") made landfall in the coastal region of the State of Mississippi.

Government

The governing body of the County is the Board of Supervisors, which consists of five members, each of whom is elected from a separate district or "beat" for concurrent four-year terms. The current members of the Board of Supervisors are as follows:

Name	Position	Beginning of Current Term	End of Current Term
Theresa Ryan	District 1 Supervisor	December 2020	December 2024
Greg Shaw	District 2 Supervisor/Vice President	December 2020	December 2024
Kodie Koenenn	District 3 Supervisor	December 2020	December 2024
Scotty Adam	District 4 Supervisor/President	December 2020	December 2024
Darrin “Bo” Ladner	District 5 Supervisor	December 2020	December 2024

Transportation

The County is served by Interstate 10, U.S. Highway 90 and State Highway 43. A number of other County highways provide access to many outlying areas in the County.

Other major forms of transportation are also available within the County. Commercial air transportation is available at Gulfport-Biloxi Regional Airport, approximately fifteen (15) miles from the County seat of Bay St. Louis. Five scheduled airlines provide departures including: American Airlines, Delta Airlines, United Airlines, Allegiant Air and Sun Country Airlines. Scheduled carriers provide non-stop jet service to Atlanta, Georgia, Dallas/FT. Worth/Houston, Texas, and other locations in the United States. Non-commercial air transportation is available within the County at Hancock County Airport. Various freight carriers serve the County, as does the Port of Gulfport, located in Harrison County, Mississippi, which is North America's second largest handler of tropical fruit, the largest poultry exporter to Russia, and offers containerized refrigeration.

SOURCE: Office of the Tax Assessor/Collector; June 2021.

[2] The total assessed valuation is approved in September preceding the fiscal year of the County and represents the value of real property, personal property and public utility property for the year indicated on which taxes are assessed for the following fiscal year's budget. For example, the taxes for the assessed valuation figures for 2020 will be collected starting in January 2021 for the 2020-21 fiscal year budget of the County.

[3] Personal Property includes personal property, automobile and mobile home assessments.

Assessed valuations are based upon the following assessment ratios:

(a) Real and personal property (excluding single-family owner-occupied residential real property and motor vehicles, respectively), fifteen percent (15%) of true value;

(b) Single-family owner-occupied residential real property, ten percent (10%) of true value;

(c) Motor vehicles and public utility property, thirty percent (30%) of true value.

The 1986 Session of the Mississippi Legislature adopted House Concurrent Resolution No. 41 (the "**Resolution**"), pursuant to which there was proposed an amendment to the Mississippi Constitution of 1890 (the "**Amendment**"). The Amendment provided, inter alia, that the assessment ratio of any one class of property shall not be more than three times the assessment ratio on any other class of property.

The Amendment set forth five classes of property and the assessment ratios which would be applicable thereto upon the adoption of the Amendment. The assessment ratios set forth in the Amendment are identical to those established by Section 27-35-4, Mississippi Code of 1972, as it existed prior to the Amendment, except that the assessment ratio for single-family, owner-occupied residential real property under the Amendment is set at ten percent (10%) of true value as opposed to fifteen percent (15%) of true value under previously existing law.

Real and personal property valuations other than motor vehicles and property owned by public utilities are determined by the County Tax Assessor. All taxable real property situated in the County is assessed each year and taxes thereon paid for the ensuing year. Assessment rolls of such property subject to taxation are prepared by the County Tax Assessor and are delivered to the Board of Supervisors of the County on the first Monday in July. Thereafter, the assessments are equalized by the Board of Supervisors and notice is given to the taxpayers that the Board of Supervisors will meet to hear objections to the assessments. After objections are heard, the Board of Supervisors adjusts the rolls and submits them to the State Tax Commission, which examines them on receipt. The State Tax Commission may then accept the rolls or, if it finds a roll incorrect in any particular, return the rolls to the Board of Supervisors to be corrected in accordance with the recommendations of the State Tax Commission. If the Board of Supervisors has any objections to the order of the State Tax Commission, it may arrange a hearing before the Commission. Otherwise, the assessment roll is finalized and submitted to the County Tax Collector for collection. The assessed value of motor vehicles is determined by an assessment schedule prepared each year by the State Tax Commission. With minor exceptions the property of public utilities is assessed each year by the State Tax Commission.

Procedure for Tax Collections

The Board of Supervisors is required to levy annually a special tax upon all taxable property within the County sufficient to provide for the payment of the principal of and the interest its general obligation indebtedness. If any taxpayer neglects or refuses to pay his taxes on the due date thereof, the unpaid taxes will bear interest at the rate of one percent (1%) per month or fractional part thereof from the delinquent date to the date of payment of such taxes. When enforcement officers take action to collect delinquent taxes, other fees, penalties and costs may accrue. Both real property and personal property are subject to public tax sale.

Ad valorem taxes on personal property are payable at the same time and in the same manner as on real property. Section 27-41-15, Mississippi Code of 1972, provides that upon failure of the taxpayer to make timely payment, the tax collector of each county is authorized to sell any personal property liable for unpaid taxes at the courthouse door of the county unless the property is too cumbersome to be removed. Five days' notice of the sale in an advertisement posted in three public places in the county, one of which must be the courthouse, is required. Municipal tax collectors are required to follow any special ordinance adopted by a municipality on personal property sales. Interest, fees, costs and expenses of sale are recoverable in addition to the taxes delinquent. If sufficient personal property cannot be found, the tax collector may make a list of debts due the taxpayer by other persons and sell such debts and is further directed to distrain and sell sufficient other properties of the taxpayer to pay the delinquent taxes. Debts sold may be redeemed within six months from the sale in the same manner as redemption of land from tax sales.

Section 27-41-55, Mississippi Code of 1972, as amended, provides that after the fifth day of August in each year, the tax collector for each county shall advertise and sell all land in the county on which all taxes due and in arrears have not been paid, as well as all land liable for other matured taxes. The sale is held at the door of the courthouse of the county or any place within the courthouse that the tax collector deems suitable to hold such sale, provided that the place of such sale shall be designated by the tax collector in the advertisement of the notice of tax sale on the last Monday of August following. The owner, or any person with an interest in the land sold for taxes, may redeem the land at any time within two years after the day of sale by paying all taxes, costs, interest and damages due to the Chancery Clerk. A valid tax sale will mature two years after the date of sale unless the land is redeemed and title will vest in the purchaser on such date.

At the option of the tax collector, advertisement for the sale of such county lands may be made after the fifteenth day of February in each year with the sale of such lands to be held on the first Monday of April following. All provisions which relate to the tax sale held in August of each year shall apply to the tax sale if held in April.

[5] Does not include school taxes.

Reappraisal of Property and Limitation on Ad Valorem Levies

Senate Bill No. 2672, General Laws of Mississippi, Regular Session 1980, codified in part as Sections 27-35-49 and 27-35-50, Mississippi Code of 1972 (the "Reappraisal Act"), provides that all real and personal property in the State shall be appraised at true value and assessed in proportion to true value. To insure that property taxes do not increase dramatically as the counties complete reappraisals, the Reappraisal Act provides for the limit on increase in tax revenues discussed below.

The statute limits ad valorem tax levies by the County subsequent to October 1, 1980, to a rate which will result in an increase in total receipts of not greater than ten percent (10%) over the previous year's receipts, excluding revenue from ad valorem taxes on any newly constructed properties, any existing properties added to the tax rolls or any properties previously exempt which were not assessed in the next preceding year. This limitation does not apply to levies for the payment of the principal of and the interest on general obligation bonds issued by the County or to certain other specified levies. The limitation may be increased only if the proposed increase is approved by a majority of those voting in an election held on such question.

On August 20, 1980, the Mississippi Supreme Court rendered its decision in State Tax Commission v. Fondren, 387 So.2d 712, affirming the decree of the Chancery Court of the First Judicial District of Hinds County, Mississippi, wherein the State Tax Commission was enjoined from accepting and approving assessment rolls from any county in the State for the tax year 1983 unless the State Tax Commission equalized the assessment rolls of all of the counties. Due to the intervening passage of the Reappraisal Act, the Supreme Court reversed that part of the lower court's decree ordering the assessment of property at true value (although it must still be appraised at true value), holding instead that assessed value may be expressed as a percentage of true value. Pursuant to the Supreme Court modification of the Chancellor's decree, on November 15, 1980, the State Tax Commission filed a master plan to assist counties in determining true value. On February 7, 1983, the Chancery Court granted an extension until July 1, 1984, of its previous deadline past which the State Tax Commission could not accept and approve tax rolls from counties which had not yet reappraised. The County has completed reappraisal.

Homestead Exemption

The Mississippi Homestead Exemption Law of 1946 reduces the local tax burden on homes qualifying by law and substitutes revenues from other sources of taxation on the State level as a reimbursement to the local taxing units for such tax loss. Provisions of the homestead exemption law determine qualification, define ownership and limit the amount of property that may come within the exemption. The exemption is not applicable to taxes levied for the payment of the Bonds, except as hereinafter noted.

Those homeowners who qualify for the homestead exemption and who have reached the age of sixty-five (65) years on or before January 1 of the year for which the exemption is claimed, service-connected, totally disabled American veterans who were honorably discharged from military service and those qualified as disabled under the federal Social Security Act are exempt from any and all ad valorem taxes on qualifying homesteads not in excess of $7,500 of assessed value thereof.

The tax loss resulting to local taxing units from properly qualified homestead exemptions is reimbursed by the State Tax Commission. Beginning with the 1984 supplemental ad valorem tax roll and for each roll thereafter, no taxing unit shall be reimbursed an amount in excess of one hundred six percent (106%) of the total net reimbursement made to such taxing unit in the next proceeding year.

Statutory Debt Limits

The County is subject to a statutory debt limitation under Sections 59-9-1 *et seq.*, Mississippi Code of 1972, as amended (the "Port Authority Act"), under which the County may not incur general obligation bonded indebtedness under the Port Authority Act in an amount which will exceed twenty percent (20%) of the assessed value of all taxable property within the County according to the last completed assessment for taxation.

The County is also subject to a general statutory debt limitation under which no county in the State may incur general obligation bonded indebtedness in an amount which will exceed fifteen percent (15%) of the assessed value of all taxable property within such county according to the last completed assessment for taxation.

In computing general obligation bonded indebtedness for purposes of this fifteen percent (15%) limitation, there may be deducted all bonds or other evidences of indebtedness issued for the construction of hospitals, ports or other capital improvements payable primarily from the net revenues to be generated from such hospital, port or other capital improvements in cases where such revenue is pledged to the retirement of the indebtedness, together with the full faith and credit of such county.

However, in no case shall any county contract any indebtedness payable in whole or in part from proceeds of ad valorem taxes when added to all of the outstanding general obligation indebtedness, both bonded and floating, which shall exceed twenty percent (20%) of the assessed value of all taxable property within such county, but bonds issued for school purposes and bonds issued under Sections 57-1-1 through 57-1-51 are specifically excluded from both the fifteen percent (15%) limitation and the twenty percent (20%) limitation (but are subject to statutory limits applicable to bonds of each type, respectively). Bonds issued for washed-out or collapsed bridges apply only against the twenty percent (20%) limitation under the general obligation bond statute. Industrial development revenue bonds are excluded from all limitations on indebtedness, as are contract obligations subject to annual appropriations.

[FORM OF BOND COUNSEL OPINION]

August 18, 2021

Board of Supervisors
Hancock County, Mississippi

RE: $7,000,000 Hancock County, Mississippi General Obligation Bonds, Series 2021, dated August 18, 2021

Ladies and Gentlemen:

We have acted as Bond Counsel ("**Bond Counsel**") for Hancock County, Mississippi (the "**County**"), in connection with the issuance of the Hancock County, Mississippi General Obligation Bonds, Series 2021, dated August 18, 2021, in the total authorized aggregate principal amount of $7,000,000 (the "**Bonds**").

The Bonds bear interest, mature and may be transferred and exchanged as set out in the Bonds and in the resolution adopted by the Board of Supervisors of the County on June 7, 2021, authorizing their issuance (the "**Bond Resolution**"). The Bonds are subject to redemption prior to maturity to the extent provided in the Bond Resolution. Capitalized terms contained and not defined herein shall have the same meaning as set forth in the Bond Resolution.

We have acted as Bond Counsel for the sole purpose of rendering an opinion with respect to the legality and validity of the Bonds under the laws of the State of Mississippi (the "**State**"), and with respect to the excludability of interest on the Bonds from federal and State income taxation. Regarding questions of fact material to our opinions, we have not investigated or verified original proceedings, records, data or other material, but have relied solely upon the certified transcript of proceedings described in the following paragraph and on the authenticity, truthfulness and completeness set forth in such documents, instruments and certificates. We have not assumed any responsibility with respect to the financial condition or capabilities of the County or the disclosure thereof in connection with the sale of the Bonds.

In our capacity as Bond Counsel, we have participated in the preparation of and have examined a certified transcript of proceedings pertaining to the Bonds which contains copies of certain proceedings of the County, customary certificates of officers, agents and representatives of the County and other public officials and other matters relating to the authorization and issuance of the Bonds including a certification of the County prepared pursuant to Section 1.148-2(b)(2)(i) of the United States Treasury Regulations (the "**Non-Arbitrage Certificate**"). We have also examined the form of Bond No. 1 of this issue.

Based upon the foregoing examinations, and subject to the qualifications, assumptions and statements of reliance herein, it is our opinion as Bond Counsel, on the date hereof, that:

1. The transcript of proceedings evidences complete legal authority for the issuance of the Bonds in full compliance with the laws of the State presently in effect, and assuming the due authentication thereof, that the Bonds constitute valid and legally binding obligations of the County, payable from and secured by an irrevocable pledge of the avails of a direct and continuing tax to be levied annually without limitation as to time, rate or amount upon all the taxable property within the geographical limits of the County, in accordance with the provisions of the Bond Resolution. The County's tax levy for any year shall be abated pro tanto to the extent the County on or prior to September 1 of that year has transferred monies to the 2021 Bond Fund for the Bonds, or has made other provisions for funds to be applied toward the payment of the principal of and interest on the Bonds due during the ensuing fiscal year of the County, in accordance with the provisions of the Bond Resolution.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

2. Under existing law, regulations and court decisions, as presently interpreted and construed, interest on the Bonds is exempt from all present income taxes imposed by the State.

3. Under existing law, regulations and court decisions, as presently interpreted and construed, interest on the Bonds is excludable from gross income of the owners thereof for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "**Code**"), and interest on the Bonds is not treated as a specific item of tax preference under Section 57 of the Code in calculating the alternative minimum tax imposed by Section 55 of the Code.

The Board of Supervisors of the County, acting for and on behalf of the County, has covenanted in the Bond Resolution and the Non-Arbitrage Certificate that the County will not make any use of the gross proceeds of the Bonds or amount that may be treated as proceeds of the Bonds or do or take or omit to take any other action that would cause: (i) the Bonds to be "arbitrage bonds" as such term is defined in Section 148(a) of the Code and the Regulations promulgated thereunder; (ii) the interest on the Bonds to be includable in the gross income of the registered owners for federal income taxation purposes; or (iii) the interest on the Bonds to be treated as an item of tax preference under Section 57(a)(5) of the Code. Failure of the County to comply with such covenants could result in the interest on the Bonds being subject to federal income tax from the date of issue.

In rendering the foregoing opinion, Bond Counsel has assumed the continuing compliance by the County with the tax covenants and representations in the Bond Resolution and the representations in the Non-Arbitrage Certificate. These requirements relate to, *inter alia,* the use and investment of the gross proceeds of the Bonds, the use of any facility, equipment or improvement financed or refinanced directly or indirectly with the proceeds of the Bonds, and rebate to the United States Treasury of specified arbitrage earnings, if any. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken) or events occurring (or not occurring) after the date of issuance of the Bonds have resulted in a failure of the County to comply with its covenants. Failure of the County to comply with such covenants could result in the interest on the Bonds becoming subject to federal income tax from the date of issue.

Section 265(b)(1) of the Code provides that certain financial institutions may not deduct the portion of their otherwise allowable interest expense allocable to tax exempt obligations acquired after August 7, 1986 other than "qualified tax-exempt obligations" as defined in Section 265(b)(3)(B) of the Code. In the Bond Resolution, the County has designated the Bonds as "qualified tax-exempt obligations" pursuant to Section 265(b)(3)(B) of the Code.

Owners of the Bonds should consult their own tax advisors as to the applicability and effect on their federal income taxes and the effect of any other collateral federal income tax consequences.

It is understood that the rights of the owners of the Bonds and the enforceability of the Bonds and the Bond Resolution may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar law affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that the enforcement thereof may be subject to the exercise of judicial discretion in appropriate cases.

In this opinion letter issued in our capacity as Bond Counsel, we are opining only upon those matters set forth herein, and we are not passing upon the accuracy, adequacy or completeness of the Official Statement or any other statements made in connection with any offer or sale of the Bonds or upon any federal or state tax consequences arising from the receipt or accrual of interest on or the ownership or disposition of the Bonds, except those specifically addressed herein.

In rendering the foregoing opinions, we have assumed the accuracy and truthfulness of all public records and of all certificates, resolutions, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not verified the accuracy or truthfulness thereof. We also have assumed the genuineness of the signatures appearing upon such public records, certifications, resolutions, documents and proceedings. In rendering this opinion we have relied upon the opinion of Yarborough Law Firm, PLLC, Bay St. Louis, Mississippi, acting as counsel for the County, dated the date hereof, as to the due authorization and execution by and enforceability against the County as to the Bonds and the Bond Resolution. This opinion letter is issued as of the date hereof and we assume no obligation to revise or supplement

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (this "**Disclosure Certificate**") is executed and delivered by the Board of Supervisors (the "**Governing Body**") of Hancock County, Mississippi (the "**Issuer**"), acting for and on behalf of the Issuer, in connection with the execution and delivery of $7,000,000 Hancock County, Mississippi General Obligation Bonds, Series 2021 (the "**Bonds**"). The Bonds are being executed and delivered pursuant to a resolution adopted by the Governing Body June 7, 2021 (the "**Resolution**"). The Issuer covenants and agrees as follows:

SECTION 1. Purpose of this Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Issuer for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the "**SEC**").

SECTION 2. Definitions. In addition to the definitions set forth in the Bond Resolution or parenthetically defined herein, which apply to any capitalized terms used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"**Annual Report**" shall mean any Annual Report provided by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"**Dissemination Agent**" shall mean any Dissemination Agent designated in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation.

"EMMA" shall mean the Electronic Municipal Market Access System found at http://emma.msrb.org, which is the electronic format prescribed by the MSRB pursuant to the Rule.

"**Fiscal Year**" shall mean the period beginning on October 1 of and ending on September 30, or such other 12-month period as may be adopted by the Issuer in accordance with law.

"**Listed Events**" shall mean any of the events listed in Section 5 of this Disclosure Certificate.

"**MSRB**" shall mean the Municipal Securities Rulemaking Board. As of the date hereof, the MSRB's required method of filing is electronically via its Electronic Municipal Market Access (EMMA) system, which is currently available at http://emma.msrb.org.

"**Official Statement**" means the final Official Statement prepared in connection with the Bonds.

"**Participating Underwriter**" shall mean the original purchaser of the Bonds required to comply with the Rule in connection with an offering of the Bonds.

"**Rule**" shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as in effect on the date of this Disclosure Certificate.

SECTION 3. Provision of Annual Reports.

(a) The Issuer shall, or shall cause the Dissemination Agent to, not later than twelve (12) months following the end of the Issuer's fiscal year of each year, commencing twelve (12) months following the end of the Issuer's fiscal year ending September 30, 2021, provide to the MSRB (in an electronic format as prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than five (5) business days prior to said date, the Issuer shall provide the Annual Report to the Dissemination Agent (if other than the Issuer). The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Issuer may be submitted separately from the balance of the Annual Report. The information to be updated may be reported in any format chosen by the Issuer; it is not required that the format reflected in the Official Statement be used in future years.

(b) If the Issuer is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the Issuer shall file, in a timely manner, or cause to be filed with the MSRB a notice in substantially the form attached to this Disclosure Certificate as Exhibit "A," or in another form as determined by the Issuer.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

SECTION 4. **Content of Annual Reports**. The Issuer's Annual Report shall contain or incorporate by reference the following:

(a) Audited financial statements, if any, prepared in accordance with generally accepted accounting principles, for such Fiscal Year if audited financial statements are then available, and, if unavailable, reasonably available and accessible unaudited financial information describing the Issuer's financial situation for the prior Fiscal Year; or adopted budgets and such audited financial statements if and when they become available.

(b) An update of the type of information identified in Exhibit "B" hereto, which is contained in the tables in the Official Statement with respect to the Bonds.

Any or all of the items listed above may be incorporated by reference from other documents (including official statements), which are available to the public on the MSRB's Internet Web Site or filed with the SEC. The Issuer shall clearly identify each such document incorporated by reference.

SECTION 5. **Reporting of Listed Events**. The Issuer shall file or cause to be filed with the MSRB, in a timely manner not in excess of ten (10) business days after the occurrence of the event, notice of any of the events listed below with respect to the Bonds. All of the events currently mandated by the Rule are listed below; however, some may not apply to the Bonds.

(1) Principal and interest payment delinquencies;

(2) Non-payment related defaults, *if material*;

(3) Unscheduled draws on debt service reserves reflecting financial difficulties;

(4) Unscheduled draws on credit enhancements reflecting financial difficulties;

(5) Substitution of credit or liquidity providers or their failure to perform;

(6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;

(7) Modifications to rights of bondholders, *if material*;

(8) Bond calls, *if material*, and tender offers;

(9) Defeasances;

(10) Release, substitution or sale of property securing repayment of the Bonds, *if material;*

(11) Rating changes;

(12) Bankruptcy, insolvency, receivership or similar event of the obligated person;[8]

(13) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, *if material*;

---

[8] For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12) of the Rule, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

(14) Appointment of a successor or additional trustee or the change of name of a trustee, *if material*;

(15) Incurrence of a financial obligation of the obligated person, *if material*, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Issuer, any of which affect security holders, *if material*; and

(16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the obligated person, any of which reflect financial difficulties.

SECTION 6. **Format; Identifying Information**. All documents provided to the MSRB pursuant to this Disclosure Certificate shall be in the format prescribed by the MSRB and accompanied by identifying information as prescribed by the MSRB.

As of the date of this Disclosure Certificate, all documents submitted to the MSRB must be in portable document format (PDF) files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means. In addition, such PDF files must be word-searchable, provided that diagrams, images and other non-textual elements are not required to be word-searchable.

SECTION 7. **Termination of Reporting Obligation**. The Issuer's obligations under this Disclosure Certificate shall terminate upon the earliest of: (i) the date of legal defeasance, prior redemption or payment in full of all of the Bonds; (ii) the date that the Issuer shall no longer constitute an "obligated person" within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this written undertaking are held to be invalid by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

SECTION 8. **Dissemination Agent.**

(a) The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist the Issuer in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. If the Issuer elects not to appoint a successor Dissemination Agent, it shall perform the duties thereof under this Disclosure Certificate. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate and any other agreement between the Issuer and the Dissemination Agent.

(b) In addition to the filing duties on behalf of the Issuer described in this Disclosure Certificate, the Dissemination Agent shall:

(1) each year, prior to the date for providing the Annual Report, determine the appropriate electronic format prescribed by the MSRB;

(2) send written notice to the Issuer at least 30 days prior to the date the Annual Report is due stating that the Annual Report is due as provided in Section 3(a) hereof; and

(3) if the Dissemination Agent is other than the Issuer, certify in writing to the Issuer that the Annual Report has been provided pursuant to this Disclosure Certificate and the date it was provided.

(4) If the Annual Report (or any portion thereof) is not provided to the MSRB by the date required in Section (3)(a), the Dissemination Agent shall file with the MSRB a notice in substantially the form attached to this Disclosure Certificate as Exhibit A or in another form determined by the Issuer.

SECTION 9. **Amendment; Waiver**. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate and may waive any provision of this Disclosure Certificate, without the consent of the holders and beneficial owners of the Bonds, if such amendment or waiver does not, in and of itself, cause the undertakings herein (or action of any Participating Underwriter in reliance on the undertakings herein) to violate the Rule, but taking into account any subsequent change in or official interpretation of the Rule. The Issuer will provide notice of such amendment or waiver to the MSRB.

Attachment: Hancock County MS GO Bonds (2021) (218956) - OS (9516 : Adopt and Award Bid for $7,000,000.00 General Obligation Bonds)

SECTION 10. **Additional Information**. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 11. **Default**. In the event of a failure of the Issuer to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Bond Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. **Beneficiaries.** This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriter and the holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Mr. William Cotter
Chief Executive Officer
Hancock County Port and Harbor Commission
bcotter@hcphc.ms

Dear Mr. Cotter:

We are transmitting to you for execution the Grant Offer for Airport Improvement Program (AIP) Project No. 3-28-0005-036-2021 at Stennis International Airport in Bay St. Louis, Mississippi. This letter outlines expectations for success. Please read the conditions and assurances carefully.

To properly enter into this agreement, you must do the following:

a. The governing body must provide authority to execute the grant to the individual signing the grant; i.e. the sponsor's authorized representative.

b. The sponsor's authorized representative must execute the grant, followed by the attorney's certification, no later than July 29, 2021 in order for the grant to be valid.

c. Once the sponsor's authorized representative has electronically signed the grant, the sponsor's attorney will automatically be sent via email the grant to provide their electronic signature.

d. You may not make any modification to the text, terms or conditions of the grant offer.

e. Following the attorney's action, the executed grant will be automatically sent to all parties as an attachment to an email.

Subject to the requirements in 2 CFR §200.305, each payment request for reimbursement under this grant must be made electronically via the Delphi eInvoicing System. Please see the attached Grant Agreement for more information regarding the use of this System.

The terms and conditions of this agreement require you to complete the project without undue delay. We will be monitoring your progress to ensure proper stewardship of these Federal funds. **We expect you to submit payment requests for reimbursement of allowable incurred project expenses consistent with project progress.** Should you fail to make draws on a regular basis, your grant may be placed in "inactive" status, which will affect your ability to receive future grant offers.

Until the grant is completed and closed, you are responsible for submitting formal reports as follows:

- A signed/dated SF-270 (non-construction projects) or SF-271 or equivalent (construction projects) and SF-425 annually, due 90 days after the end of each federal fiscal year in which this grant is open (due December 31 of each year this grant is open); and
- Performance Reports, which are due within 30 days of the end of a reporting period as follows:

  1. Non-construction project: Due annually at end of the Federal fiscal year.

  2. Construction project: Submit FAA form 5370-1, Construction Progress and Inspection Report at the end of each fiscal quarter.

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

As a condition of receiving Federal assistance under this award, you must comply with audit requirements as established under 2 CFR part 200. Subpart F requires non-Federal entities that expend $750,000 or more in Federal awards to conduct a single or program specific audit for that year. Note that this includes Federal expenditures made under other Federal-assistance programs. Please take appropriate and necessary action to assure your organization will comply with applicable audit requirements and standards.

Once the project(s) is completed and all costs are determined, we ask that you close the project without delay and submit the necessary final closeout documentation as required by your Region/Airports District Office.

Matthew Mims, (601) 664-9893, is the assigned program manager for this grant and is readily available to assist you and your designated representative with the requirements stated herein. We sincerely value your cooperation in these efforts and look forward to working with you to complete this important project.

Sincerely,

R D Black

GRANT AGREEMENT

Part I - Offer

Federal Award Offer Date	June 29, 2021
Airport/Planning Area	Stennis International Airport
FY2021 AIP Grant Number	3-28-0005-036-2021
Unique Entity Identifier	182767137

TO: HANCOCK COUNTY, MISSISSIPPI
(herein called the "Sponsor")

FROM: **The United States of America** (acting through the Federal Aviation Administration, herein called the "FAA")

WHEREAS, the Sponsor has submitted to the FAA a Project Application dated May 28, 2021, for a grant of Federal funds for a project at or associated with the Stennis International Airport, which is included as part of this Grant Agreement; and

WHEREAS, the FAA has approved a project for the Stennis International Airport (herein called the "Project") consisting of the following:

> Rehabilitate Runway Lighting [remove and replace MIRL lighting and wiring components in existing can and conduit infrastructure (entire system)], Rehabilitate Taxiway Lighting [remove and replace wiring components in existing lighting, can and conduit infrastructure (entire system)], Install Runway Vertical/Visual Guidance System [remove and replace PAPI system (Runway 18 and 36)], Install Runway Vertical/Visual Guidance System [remove and replace REIL system (Runway 18 and 36)]

which is more fully described in the Project Application.

NOW THEREFORE, Pursuant to and for the purpose of carrying out the FAA Reauthorization Act of 2018 (Public Law Number 115-254); Title 49, United States Code (U.S.C.), Chapters 471 and 475; 49 U.S.C. §§ 40101 et seq., and 48103; the Department of Transportation Appropriations Act, 2021 (Public Law 116-260, Division L), as further amended by the American Rescue Plan Act of 2021 (Public Law 117-2); and the representations contained in the Project Application; and in consideration of: (a) the Sponsor's

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

adoption and ratification of the Grant Assurances attached hereto (b) the Sponsor's acceptance of this Offer; and (c) the benefits to accrue to the United States and the public from the accomplishment of the Project and compliance with the Grant Assurance and conditions as herein provided;

THE FEDERAL AVIATION ADMINISTRATION, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay 100 percent of the allowable costs incurred accomplishing the Project as the United States share of the Project.

Assistance Listings Number (Formerly CFDA Number): 20.106

This Offer is made on and SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

CONDITIONS

1. **Maximum Obligation.** The maximum obligation of the United States payable under this Offer is $1,923,494.

   The following amounts represent a breakdown of the maximum obligation for the purpose of establishing allowable amounts for any future grant amendment, which may increase the foregoing maximum obligation of the United States under the provisions of 49 U.S.C. § 47108(b):
   $ 0 for planning
   $ 1,923,494 for airport development or noise program implementation; and,
   $ 0 for land acquisition.

   The source of this Grant includes funding from the Small Airport Fund, in accordance with 49 U.S.C. § 47116.

2. **Grant Performance.** This Grant Agreement is subject to the following Federal award requirements:

   a. Period of Performance:

      1. Shall start on the date the Sponsor formally accepts this Agreement and is the date signed by the last Sponsor signatory to the Agreement. The end date of the Period of Performance is 4 years (1,460 calendar days) from the date of acceptance. The Period of Performance end date shall not affect, relieve, or reduce Sponsor obligations and assurances that extend beyond the closeout of this Grant Agreement.

      2. Means the total estimated time interval between the start of an initial Federal award and the planned end date, which may include one or more funded portions or budget periods. (2 Code of Federal Regulations (CFR) § 200.1).

   b. Budget Period:

      1. For this Grant is 4 years (1,460 calendar days) and follows the same start and end date as the period of performance provided in Paragraph a.1. Pursuant to 2 CFR § 200.403(h), the Sponsor may charge to the Grant only allowable costs incurred during the Budget Period.

      2. Means the time interval from the start date of a funded portion of an award to the end date of that funded portion during which the Sponsor is authorized to expend the funds awarded, including any funds carried forward or other revisions pursuant to § 200.308.

   c. Close Out and Termination

      1. Unless the FAA authorizes a written extension, the Sponsor must submit all Grant closeout documentation and liquidate (pay-off) all obligations incurred under this award no later than 120 calendar days after the end date of the period of performance. If the Sponsor

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

does not submit all required closeout documentation within this time period, the FAA will proceed to close out the grant within one year of the period of performance end date with the information available at the end of 120 days. (2 CFR § 200.344).

2. The FAA may terminate this Grant, in whole or in part, in accordance with the conditions set forth in 2 CFR § 200.340, or other Federal regulatory or statutory authorities as applicable.

3. **Ineligible or Unallowable Costs.** The Sponsor must not include any costs in the project that the FAA has determined to be ineligible or unallowable.

4. **Indirect Costs - Sponsor.** The Sponsor may charge indirect costs under this award by applying the indirect cost rate identified in the project application as accepted by the FAA, to allowable costs for Sponsor direct salaries and wages.

5. **Determining the Final Federal Share of Costs.** The United States' share of allowable project costs will be made in accordance with 49 U.S.C. § 47109, the regulations, policies, and procedures of the Secretary, and any superseding legislation. Final determination of the United States' share will be based upon the final audit of the total amount of allowable project costs and settlement will be made for any upward or downward adjustments to the Federal share of costs.

6. **Completing the Project Without Delay and in Conformance with Requirements.** The Sponsor must carry out and complete the project without undue delays and in accordance with this Agreement, 49 U.S.C. Chapters 471 and 475, and the regulations, policies, and procedures of the Secretary of Transportation ("Secretary"). Per 2 CFR § 200.308, the Sponsor agrees to report to the FAA any disengagement from performing the project that exceeds three months or a 25 percent reduction in time devoted to the project, and request prior approval from FAA. The report must include a reason for the project stoppage. The Sponsor also agrees to comply with the grant assurances, which are part of this Agreement.

7. **Amendments or Withdrawals before Grant Acceptance.** The FAA reserves the right to amend or withdraw this offer at any time prior to its acceptance by the Sponsor.

8. **Offer Expiration Date.** This offer will expire and the United States will not be obligated to pay any part of the costs of the project unless this offer has been accepted by the Sponsor on or before July 29, 2021, or such subsequent date as may be prescribed in writing by the FAA.

9. **Improper Use of Federal Funds.** The Sponsor must take all steps, including litigation if necessary, to recover Federal funds spent fraudulently, wastefully, or in violation of Federal antitrust statutes, or misused in any other manner for any project upon which Federal funds have been expended. For the purposes of this Grant Agreement, the term "Federal funds" means funds however used or dispersed by the Sponsor, that were originally paid pursuant to this or any other Federal grant agreement. The Sponsor must obtain the approval of the Secretary as to any determination of the amount of the Federal share of such funds. The Sponsor must return the recovered Federal share, including funds recovered by settlement, order, or judgment, to the Secretary. The Sponsor must furnish to the Secretary, upon request, all documents and records pertaining to the determination of the amount of the Federal share or to any settlement, litigation, negotiation, or other efforts taken to recover such funds. All settlements or other final positions of the Sponsor, in court or otherwise, involving the recovery of such Federal share require advance approval by the Secretary.

10. **United States Not Liable for Damage or Injury.** The United States is not responsible or liable for damage to property or injury to persons which may arise from, or be incident to, compliance with this Grant Agreement.

11. **System for Award Management (SAM) Registration and Unique Entity Identifier (UEI).**

    a. Requirement for System for Award Management (SAM): Unless the Sponsor is exempted from this requirement under 2 CFR 25.110, the Sponsor must maintain the currency of its information in the SAM until the Sponsor submits the final financial report required under this Grant, or receives the final payment, whichever is later. This requires that the Sponsor review and update the information at least annually after the initial registration and more frequently if required by changes in information or another award term. Additional information about registration procedures may be found at the SAM website (currently at http://www.sam.gov).

    b. Unique entity identifier (UEI) means a 12-character alpha-numeric value used to identify a specific commercial, nonprofit or governmental entity. A UEI may be obtained from SAM.gov at https://sam.gov/SAM/pages/public/index.jsf.

12. **Electronic Grant Payment(s).** Unless otherwise directed by the FAA, the Sponsor must make each payment request under this Agreement electronically via the Delphi eInvoicing System for Department of Transportation (DOT) Financial Assistance Awardees.

13. **Informal Letter Amendment of AIP Projects.** If, during the life of the project, the FAA determines that the maximum grant obligation of the United States exceeds the expected needs of the Sponsor by $25,000 or five percent (5%), whichever is greater, the FAA can issue a letter amendment to the Sponsor unilaterally reducing the maximum obligation.

    The FAA can also issue a letter to the Sponsor increasing the maximum obligation if there is an overrun in the total actual eligible and allowable project costs to cover the amount of the overrun provided it will not exceed the statutory limitations for grant amendments. The FAA's authority to increase the maximum obligation does not apply to the "planning" component of Condition No. 1.

    The FAA can also issue an informal letter amendment that modifies the grant description to correct administrative errors or to delete work items if the FAA finds it advantageous and in the best interests of the United States.

    An informal letter amendment has the same force and effect as a formal grant amendment.

14. **Air and Water Quality.** The Sponsor is required to comply with all applicable air and water quality standards for all projects in this grant. If the Sponsor fails to comply with this requirement, the FAA may suspend, cancel, or terminate this Grant Agreement.

15. **Financial Reporting and Payment Requirements.** The Sponsor will comply with all Federal financial reporting requirements and payment requirements, including submittal of timely and accurate reports.

16. **Buy American.** Unless otherwise approved in advance by the FAA, in accordance with 49 U.S.C. § 50101, the Sponsor will not acquire or permit any contractor or subcontractor to acquire any steel or manufactured products produced outside the United States to be used for any project for which funds are provided under this grant. The Sponsor will include a provision implementing Buy American in every contract and subcontract awarded under this Grant.

17. **Maximum Obligation Increase.** In accordance with 49 U.S.C. § 47108(b)(3), as amended, the maximum obligation of the United States, as stated in Condition No. 1 of this Grant Offer:

    a. May not be increased for a planning project;

    b. May be increased by not more than 15 percent for development projects if funds are available;

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

c. May be increased by not more than the greater of the following for a, land project, if funds are available:

1. 15 percent; or

2. 25 percent of the total increase in allowable project costs attributable to acquiring an interest in the land.

If the sponsor requests an increase, any eligible increase in funding will be subject to the United States Government share as provided in 49 U.S.C. § 47110, or other superseding legislation if applicable, for the fiscal year appropriation with which the increase is funded. The FAA is not responsible for the same Federal share provided herein for any amount increased over the initial grant amount. The FAA may adjust the Federal share as applicable through an informal letter of amendment.

18. **Audits for Sponsors.**

PUBLIC SPONSORS. The Sponsor must provide for a Single Audit or program-specific audit in accordance with 2 CFR Part 200. The Sponsor must submit the audit reporting package to the Federal Audit Clearinghouse on the Federal Audit Clearinghouse's Internet Data Entry System at http://harvester.census.gov/facweb/. Upon request of the FAA, the Sponsor shall provide one copy of the completed audit to the FAA.

19. **Suspension or Debarment.** When entering into a "covered transaction" as defined by 2 CFR § 180.200, the Sponsor must:

a. Verify the non-Federal entity is eligible to participate in this Federal program by:

1. Checking the excluded parties list system (EPLS) as maintained within the System for Award Management (SAM) to determine if the non-Federal entity is excluded or disqualified; or

2. Collecting a certification statement from the non-Federal entity attesting they are not excluded or disqualified from participating; or

3. Adding a clause or condition to covered transactions attesting individual or firm are not excluded or disqualified from participating.

b. Require prime contractors to comply with 2 CFR § 180.330 when entering into lower-tier transactions (e.g. Sub-contracts).

c. Immediately disclose to the FAA whenever the Sponsor (1) learns they have entered into a covered transaction with an ineligible entity or (2) suspends or debars a contractor, person, or entity.

20. **Ban on Texting While Driving.**

a. In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, October 1, 2009, and DOT Order 3902.10, Text Messaging While Driving, December 30, 2009, the Sponsor is encouraged to:

1. Adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers including policies to ban text messaging while driving when performing any work for, or on behalf of, the Federal government, including work relating to a grant or subgrant.

2. Conduct workplace safety initiatives in a manner commensurate with the size of the business, such as:

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

a. Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

b. Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

b. The Sponsor must insert the substance of this clause on banning texting while driving in all subgrants, contracts, and subcontracts funded with this Grant.

21. **Trafficking in Persons.**

a. You as the recipient, your employees, subrecipients under this Grant, and subrecipients' employees may not –

1. Engage in severe forms of trafficking in persons during the period of time that the Grant and applicable conditions are in effect;

2. Procure a commercial sex act during the period of time that the Grant and applicable conditions are in effect; or

3. Use forced labor in the performance of the Grant or any subgrants under this Grant.

b. We as the Federal awarding agency, may unilaterally terminate this Grant, without penalty, if you or a subrecipient that is a private entity –

1. Is determined to have violated a prohibition in paragraph a. of this condition; or

2. Has an employee who is determined by the agency official authorized to terminate the Grant to have violated a prohibition in paragraph a. of this condition through conduct that is either –

a. Associated with performance under this Grant; or

b. Imputed to the subrecipient using the standards and due process for imputing the conduct of an individual to an organization that are provided in 2 CFR Part 180, "OMB Guidelines to Agencies on Government-wide Debarment and Suspension (Nonprocurement)," as implemented by our agency at 49 CFR Part 29.

c. You must inform us immediately of any information you receive from any source alleging a violation of a prohibition in paragraph a. of this condition.

d. Our right to terminate unilaterally that is described in paragraph a. of this condition:

i. Implements section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended (22 U.S.C. 7104(g)), and

ii. Is in addition to all other remedies for noncompliance that are available to us under this Grant Agreement.

22. **AIP Funded Work Included in a PFC Application.** Within 90 days of acceptance of this Grant Agreement, the Sponsor must submit to the FAA an amendment to any approved Passenger Facility Charge (PFC) application that contains an approved PFC project also covered under this Grant Agreement as described in the project application. The airport sponsor may not make any expenditure under this Grant Agreement until project work addressed under this Grant Agreement is removed from an approved PFC application by amendment.

23. **Exhibit "A" Property Map.** The Exhibit "A" Property Map dated April 2011, is incorporated herein by reference or is submitted with the project application and made part of this Grant Agreement.

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

24. **Employee Protection from Reprisal.**

    a. Prohibition of Reprisals —

        1. In accordance with 41 U.S.C. § 4712, an employee of a Sponsor, grantee, subgrantee, contractor, or subcontractor may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body described in sub-paragraph a.2. below, information that the employee reasonably believes is evidence of:

            i. Gross mismanagement of a Federal grant;
            ii. Gross waste of Federal funds;
            iii. An abuse of authority relating to implementation or use of Federal funds;
            iv. A substantial and specific danger to public health or safety; or
            v. A violation of law, rule, or regulation related to a Federal grant.

        2. Persons and bodies covered. The persons and bodies to which a disclosure by an employee is covered are as follows:

            i. A member of Congress or a representative of a committee of Congress;
            ii. An Inspector General;
            iii. The Government Accountability Office;
            iv. A Federal employee responsible for contract or grant oversight or management at the relevant agency;
            v. A court or grand jury;
            vi. A management official or other employee of the Sponsor, contractor, or subcontractor who has the responsibility to investigate, discover, or address misconduct; or
            vii. An authorized official of the Department of Justice or other law enforcement agency.

        3. Submission of Complaint — A person who believes that they have been subjected to a reprisal prohibited by paragraph a of this grant term may submit a complaint regarding the reprisal to the Office of Inspector General (OIG) for the U.S. Department of Transportation.

        4. Time Limitation for Submittal of a Complaint —A complaint may not be brought under this condition more than three years after the date on which the alleged reprisal took place.

        5. Required Actions of the Inspector General — Actions, limitations, and exceptions of the Inspector General's office are established under 41 U.S.C. § 4712(b).

        6. Assumption of Rights to Civil Remedy — Upon receipt of an explanation of a decision not to conduct or continue an investigation by the Office of Inspector General, the person submitting a complaint assumes the right to a civil remedy under 41 U.S.C. § 4712(c).

SPECIAL CONDITIONS

CERTIFICATE OF SPONSOR'S ATTORNEY

I, , acting as Attorney for the Sponsor do hereby certify:

That in my opinion the Sponsor is empowered to enter into the foregoing Grant Agreement under the laws of the State of Mississippi. Further, I have examined the foregoing Grant Agreement and the actions taken by said Sponsor and Sponsor's official representative, who has been duly authorized to execute this Grant Agreement, which is in all respects due and proper and in accordance with the laws of the said State, the FAA Reauthorization Act of 2018 (Public Law Number 115-254); Title 49 U.S.C., Chapters 471 and 475; 49 U.S.C. §§ 40101, et seq., and 48103; and the Department of Transportation Appropriations Act, 2021 (Public Law 116-260, Division L), as further amended by the American Rescue Plan Act of 2021 (Public Law 117-2). In addition, for grants involving projects to be carried out on property not owned by the Sponsor, there are no legal impediments that will prevent full performance by the Sponsor. Further, it is my opinion that the said Grant Agreement constitutes a legal and binding obligation of the Sponsor in accordance with the terms thereof.

Please read the following information: By signing this document, you are agreeing that you have reviewed the following consumer disclosure information and consent to transact business using electronic communications, to receive notices and disclosures electronically, and to utilize electronic signatures in lieu of using paper documents. You are not required to receive notices and disclosures or sign documents electronically. If you prefer not to do so, you may request to receive paper copies and withdraw your consent at any time.

I declare under penalty of perjury that the foregoing is true and correct.[3]

ASSURANCES

AIRPORT SPONSORS

A. General.

a. These assurances shall be complied with in the performance of grant agreements for airport development, airport planning, and noise compatibility program grants for airport sponsors.

b. These assurances are required to be submitted as part of the project application by sponsors requesting funds under the provisions of Title 49, U.S.C., subtitle VII, as amended. As used herein, the term "public agency sponsor" means a public agency with control of a public-use airport; the term "private sponsor" means a private owner of a public-use airport; and the term "sponsor" includes both public agency sponsors and private sponsors.

c. Upon acceptance of this grant offer by the sponsor, these assurances are incorporated in and become part of this grant agreement.

B. Duration and Applicability.

1. **Airport development or Noise Compatibility Program Projects Undertaken by a Public Agency Sponsor.**

The terms, conditions and assurances of this grant agreement shall remain in full force and effect throughout the useful life of the facilities developed or equipment acquired for an airport development or noise compatibility program project, or throughout the useful life of the project items installed within a facility under a noise compatibility program project, but in any event not to exceed twenty (20) years from the date of acceptance of a grant offer of Federal funds for the project. However, there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport. There shall be no limit on the duration of the terms, conditions, and assurances with respect to real property acquired with federal funds. Furthermore, the duration of the Civil Rights assurance shall be specified in the assurances.

2. **Airport Development or Noise Compatibility Projects Undertaken by a Private Sponsor.**

The preceding paragraph 1 also applies to a private sponsor except that the useful life of project items installed within a facility or the useful life of the facilities developed or equipment acquired under an airport development or noise compatibility program project shall be no less than ten (10) years from the date of acceptance of Federal aid for the project.

3. **Airport Planning Undertaken by a Sponsor.**

Unless otherwise specified in this grant agreement, only Assurances 1, 2, 3, 5, 6, 13, 18, 25, 30, 32, 33, and 34 in Section C apply to planning projects. The terms, conditions, and assurances of this grant agreement shall remain in full force and effect during the life of the project; there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport.

C. Sponsor Certification.

The sponsor hereby assures and certifies, with respect to this grant that:

SPECIFIC ASSURANCES

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this grant agreement.

FOOTNOTES TO ASSURANCE C.1.

[1] These laws do not apply to airport planning sponsors.

[2] These laws do not apply to private sponsors.

[3] 49 CFR Part 18 and 2 CFR Part 200 contain requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation and circular shall also be applicable to private sponsors receiving Federal assistance under Title 49, United States Code.

[4] On December 26, 2013 at 78 FR 78590, the Office of Management and Budget (OMB) issued the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200. 2 CFR Part 200 replaces and combines the former Uniform Administrative Requirements for Grants (OMB Circular A-102 and Circular A-110 or 2 CFR Part 215 or Circular) as well as the Cost Principles (Circulars A-21 or 2 CFR part 220; Circular A-87 or 2 CFR part 225; and A-122, 2 CFR part 230). Additionally it replaces Circular A-133 guidance on the Single Annual Audit. In accordance with 2 CFR section 200.110, the standards set forth in Part 200 which affect administration of Federal awards issued by Federal agencies become effective once implemented by Federal agencies or when any future amendment to this Part becomes final. Federal agencies, including the Department of Transportation, must implement the policies and procedures applicable to Federal awards by promulgating a regulation to be effective by December 26, 2014 unless different provisions are required by statute or approved by OMB.

[5] Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.

[6] Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

2. Responsibility and Authority of the Sponsor.

a. Public Agency Sponsor:

It has legal authority to apply for this grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. Private Sponsor:

It has legal authority to apply for this grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this grant agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. Sponsor Fund Availability.

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this grant agreement which it will own or control.

4. Good Title.

a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.

b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. Preserving Rights and Powers.

a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this grant agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

b. Subject to the FAA Act of 2018, Public Law 115-254, Section 163, it will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this grant agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this grant agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or

document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this grant agreement.

c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.

d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.

e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.

f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to insure that the airport will be operated and maintained in accordance Title 49, United States Code, the regulations and the terms, conditions and assurances in this grant agreement and shall insure that such arrangement also requires compliance therewith.

g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. Consistency with Local Plans.

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. Consideration of Local Interest.

It has given fair consideration to the interest of communities in or near where the project may be located.

8. Consultation with Users.

In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

9. Public Hearings.

In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. Metropolitan Planning Organization.

In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. Pavement Preventive Maintenance.

With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. Terminal Development Prerequisites.

For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under section 44706 of Title 49, United States Code, and all the security equipment required by rule or regulation, and has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. Accounting System, Audit, and Record Keeping Requirements.

a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this grant, the total cost of the project in connection with which this grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.

b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a grant or relating to the project in connection with which this grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United

States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. Minimum Wage Rates.

It shall include, in all contracts in excess of $2,000 for work on any projects funded under this grant agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor, in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a-276a-5), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. Veteran's Preference.

It shall include in all contracts for work on any project funded under this grant agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in Section 47112 of Title 49, United States Code. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. Conformity to Plans and Specifications.

It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this grant agreement, and, upon approval of the Secretary, shall be incorporated into this grant agreement. Any modification to the approved plans, specifications, and schedules shall also be subject to approval of the Secretary, and incorporated into this grant agreement.

17. Construction Inspection and Approval.

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. Planning Projects.

In carrying out planning projects:

a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.

b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.

c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.

d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.

f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.

g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.

h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. Operation and Maintenance.

a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, state and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for-

1. Operating the airport's aeronautical facilities whenever required;
2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
3. Promptly notifying airmen of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.

b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.

b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to-

1) furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and

2) charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.

d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.

e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.

f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees [including, but not limited to maintenance, repair, and fueling] that it may choose to perform.

g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.

h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and

b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:

1. If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

2. If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.
3. Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at Section 47102 of title 49 United States Code), if the FAA determines the airport sponsor meets the requirements set forth in Sec. 813 of Public Law 112-95.

b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.

c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of Section 47107 of Title 49, United States Code.

26. Reports and Inspections.

It will:

a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;

b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;

c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this grant agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and

d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:

1. all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
2. all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that –

a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

a. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, it will keep up to date at all times an airport layout plan of the airport showing:

1. boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;

2. the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;

3. the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and

4. all proposed and existing access points used to taxi aircraft across the airport's property boundary. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

a. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, if a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary (1) eliminate such adverse effect in a manner approved by the Secretary; or (2) bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this grant.

a. Using the definitions of activity, facility and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by, or pursuant to these assurances.

b. Applicability

1. Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.

2. Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

3. Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration.

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

1. So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or

2. So long as the sponsor retains ownership or possession of the property.

d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this grant agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

"(HANCOCK COUNTY, MISSISSIPPI), in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

e. Required Contract Provisions.

1. It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.
2. It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
3. It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
4. It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin, creed, sex, age, or handicap as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:
    a. For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
    b. For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.

g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2)

transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order, (1)reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund. If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, (1) upon application to the Secretary, be reinvested or transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order: (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund.

c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.

d. Disposition of such land under (a) (b) or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

Engineering and Design Services. If any phase of such project has received Federal funds under Chapter 471 subchapter 1 of Title 49 U.S.C., it will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services in the same manner as a contract for architectural and engineering services is negotiated under Chapter 11 of Title 40 U. S. C., or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

33. Foreign Market Restrictions.

It will not allow funds provided under this grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. Policies, Standards, and Specifications.

It will carry out any project funded under an Airport Improvement Program Grant in accordance with policies, standards, and specifications approved by the Secretary including, but not limited to, current FAA Advisory Circulars for AIP projects as of May 28, 2021.

35. Relocation and Real Property Acquisition.

a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.

b. It will provide a relocation assistance program offering the services described in Subpart C and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.

c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. 3801).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or

Attachment: Resolution# 20210712-02 Accept And Authorize The Chief Executive Officer To Execute A Grant Agreement With The Federal

operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. Competitive Access.

a. If the airport owner or operator of a medium or large hub airport (as defined in section 47102 of title 49, U.S.C.) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that-

   1. Describes the requests;
   2. Provides an explanation as to why the requests could not be accommodated; and
   3. Provides a time frame within which, if any, the airport will be able to accommodate the requests.

b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six month period prior to the applicable due date.

Re: Hancock County and Port Harbor Commission
Airfield Lighting Rehabilitation
Recommendation of Award

Dear Mr. Cotter,

Bids were received for the "Airfield Lighting Rehabilitation" project on May 13, 2021. The bids have been checked for accuracy and for compliance with the contract documents. A tabulation of the bids received is enclosed with this letter.

A total of 2 bids were received on the project. Webster Electric Company, LLC submitted the low bid for the project in the amount of $1,753,657. The Engineer's Opinion of Probable Cost was $1,211,362.

We believe that the bid submitted by Webster Electric Company, LLC represents a good value for the Hancock County and Port Harbor Commission. Contingent upon FAA approval, we recommend that the construction contract for the " Airfield Lighting Rehabilitation" project be awarded to Webster Electric Company, LLC.

Please call me if you have any questions.

Sincerely,

GARVER, LLC

Kreg Overstreet, P.E.
Project Manager

RESOLUTION# 20210712-06

AUTHORIZING EXECUTION OF COUNTY TUITION ASSISTANCE PROGRAM (CTAP) MOU WITH PRCC & SMPDD FOR FY21 AND FY22 ($60,000.00)

WHEREAS, the Hancock County Port & Harbor Commission (Commission) desires to decrease workforce development barriers by promoting higher education opportunities at Pearl River Community College (PRCC) for eligible participants who reside in the Hancock County;

WHEREAS, the Commission seeks to enter into a Memorandum of Understanding (MOU) with Southern Mississippi Planning & Development District, Inc. (SMPDD) and PRCC, and Hancock County Board of Supervisors (Supervisors);

WHEREAS, the MOU allocation shall not exceed a total of $60,000 for FY2021 and shall not exceed an allocation of a total of $60,000 for FY2022 which will be transferred from the Commission to SMPDD through the Supervisors and then distributed by SMPDD to PRCC to be used for a specified economic development program, i.e., tuition assistance to eligible participants who reside in Hancock County, in accordance with authorizing statutes, including but not limited to, Mississippi Code 17-19-1. See also Mississippi Attorney General's opinion 2011-00078. Supervisors can provide funds to the SMPDD through Miss. Code Section 19-9-111.

WHEREAS, the MOU came for consideration of the Hancock County Board of Supervisors on July 6, 2021, and by majority vote passed;

WHEREAS, execution of the MOA is in the best interest of the Commission and Hancock County;

NOW THEREFORE, BE IT RESOLVED, that the Hancock County Port & Harbor Commission hereby authorizes the Chief Executive Officer to execute a Memorandum of Understanding with SMPDD & PRCC for the County Tuition Assistance Program (CTAP).

BE IT FURTHER RESOLVED, having received an affirmative vote from a majority of the members of the Commission, a copy of this resolution shall be forwarded to the Hancock County Board of Supervisors for their approval and/or appropriate action.

MEMORANDUM OF UNDERSTANDING

This document constitutes a MEMORANDUM OF UNDERSTANDING (MOU) made and entered into, among Pearl River Community College, herein referred to as PRCC, the Hancock County Port and Harbor Commission, herein referred to as HCPHC, the Hancock County, Mississippi Board of Supervisors ("Supervisors") and Southern Mississippi Planning and Development District, Inc., herein referred to as SMPDD.

The MOU promotes higher education opportunities at PRCC for eligible participants who reside in the Hancock County. The 2021 allocation shall not exceed a total of $60,000 which will be sent from the HCPHC to SMPDD through the Supervisors and then to PRCC to be used for a specified economic development program, i.e., tuition assistance to eligible participants who reside in Hancock County, in accordance with authorizing statutes, including but not limited to, Mississippi Code 17-19-1. See also Mississippi Attorney General's opinion 2011-00078. Supervisors can provide funds to the SMPDD through Miss. Code Section 19-9-111.

The PRCC County Tuition Assistance Program (CTAP) will provide tuition for four consecutive semesters of higher education at PRCC. Through the CTAP program, applicants may pursue any degree or certificate offered at PRCC. There will be no income requirement on the grant being offered. Non-tuition related expenses such as supplies, books, fees and room and board are not included in the tuition assistance program. SMPDD shall serve as a fiscal agent for the CTAP program, with no other programmatic or administrative duties.

1. Outstanding Tuition Balance Assistance Program- $60,000.00 for the FY 2021 and FY 2022 upon Commission approval.

High School Equivalency (HSE) certificate recipients that are residents of Hancock County are also eligible. These students must matriculate into the credit bearing classes during the semester immediately following the completion of the HSE certificate or the very next semester when the desired program is scheduled to begin. Proof of residency may be required. Participation in this program is contingent upon the availability of program funding. Award amounts are subject to change. The CTAP amount is a possible maximum of the current cost of tuition.

All students must complete the CTAP application prior to receiving any tuition assistance. All CTAP awards will be based on other aid received and are subject to CTAP program guidelines.

This Memorandum of Understanding shall be effective upon the signatures of all parties.

AGREEMENT BETWEEN HCPHC AND ENGINEER FOR PROFESSIONAL SERVICES—TASK ORDER EDITION

MAIN AGREEMENT

This Main Agreement is a part of the Agreement between **Hancock County Port and Harbor Commission (hereinafter referred to as HCPHC)** and **Compton Engineering, Inc.** (Engineer). Other terms used in the Agreement are defined in Article 7.

From time-to-time HCPHC may request that Engineer provide professional services for Specific Projects. Each engagement will be documented by a Task Order. This Main Agreement sets forth the general terms and conditions that apply to all duly executed Task Orders.

HCPHC and Engineer further agree as follows:

ARTICLE 1—SERVICES OF ENGINEER

1.01 General

A. Engineer's services will be detailed in a duly executed Task Order for each Specific Project, or for a portion of a Specific Project.

B. The Main Agreement is not a commitment by HCPHC to issue any Task Orders.

C. Engineer will not be obligated to perform any prospective Task Order unless and until (1) HCPHC and Engineer agree to the particulars of the assignment, including the scope of Engineer's services, time for performance, Engineer's compensation, and all other appropriate matters, and include such particulars in the Task Order, and (2) HCPHC and Engineer both sign the Task Order.

D. Each duly executed Task Order will be subject to the terms and conditions of (a) this Main Agreement; (b) the Main Agreement's exhibits; (c) any executed written amendments of the Main Agreement (see Exhibit C); (d) the specific Task Order itself; (e) the specific Task Order's exhibits; and (f) any amendments or modifications of the specific Task Order.

1.02 Task Order Procedure

A. The general recommended format of a Task Order is presented in the accompanying Task Order Form. Commonly used Task Order exhibits are presented in the accompanying Exhibits to Task Order document.

B. Each specific Task Order will indicate:

1. Project Background Data.
2. Specific services to be performed by Engineer ("Scope"), including key deliverables;
3. Additions or Modifications to HCPHC's Responsibilities.
4. Task Order Schedule.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

5. Engineer's Compensation for Task Order; and

6. Primary Subconsultants, if any.

C. With respect to the Engineer's scope of services under a specific Task Order, each specific Task Order will either (1) be accompanied by and incorporate an Exhibit A, "Engineer's Services Under Task Order," and Exhibit B, "Deliverables Schedule," prepared for the specific Task Order, or (2) state a customized scope of services and deliverables schedule in the Task Order document itself or in an attachment.

D. Upon signature of the Task Order by both parties (but no earlier than the Effective Date of the specific Task Order), Engineer will commence performance and furnish, or cause to be furnished, the services authorized by the Task Order.

E. Task Orders may be amended as set forth in Paragraph 8.05.B of this Main Agreement.

1.03 Management of Engineering Services

A. All phases of Engineer's services under each Task Order will include management of Engineer's Specific Project responsibilities, including but not limited to the following management tasks, whether separately tracked and itemized or included as being incidental to other phase and scope task items.

1. Develop and submit an Engineering Services Schedule. The Engineering Services Schedule will:

   a. be consistent with and serve as a supplement to the Schedule of Deliverables set forth in Exhibit B to Task Order.

   b. be updated on a regular basis, and as required to reflect any programmatic decisions by HCPHC.

   c. include, but not be limited to, an anticipated sequence of tasks; estimates of task duration; interrelationships among tasks; milestone meetings and submittals; anticipated schedule of construction; and other pertinent Project events.

2. Develop and submit detailed work plans from Exhibit A to Task Order tasks.

3. Coordinate services within Engineer's internal team, and with Subconsultants and Engineer's Subcontractors.

4. Prepare for and participate in meetings with consultants and contractors working on other parts of the Specific Project that may affect, or be affected by, Engineer's services or resulting construction.

5. Prepare and submit **weekly** engineering services progress reports to the HCPHC. Include a summary of services performed in period, expected progress in next period, percent completion of current tasks, and a description of major issues or concerns.

6. Special Invoicing: In addition to, or as a substitute for, Engineer's standard invoicing, for each invoice provide the specified additional information or documentation, following the invoicing procedures indicated if applicable:

7. Conduct ongoing management tasks, including:

   a. Maintaining communications records and files pertaining to or arising from Engineer's services.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

b. With respect to Engineer's services and other directly relevant parts of the Specific Project, prepare for and participate in periodic progress meetings with HCPHC to discuss progress, schedule, budget, issues, potential problems, and their resolution; and

c. Preparing agendas prior to and minutes following all Engineer-led meetings.

B. Unless a different standard is expressly set forth in a specific Task Order, in all phases of Engineer's services, Engineer shall prepare, and provide to Owner, draft and final Drawings in accordance with **Engineer's CAD standards**, using **Autodesk AutoCAD**-version **2019** software along with PDFs of Drawings.

C. The source documents for the draft and final Specifications in all phases of Engineer's services will be **Engineer's standard technical specifications with a numbering scheme to match HCPHC's standard general specifications**, unless a different source document is expressly identified in the specific Task Order.

1.04 Sequencing and Coordination

A. For each Task Order, the Work to be designed or specified by Engineer, upon which the Engineer's scope has been established, will be performed or furnished under one prime Construction Contract, unless specified otherwise in the Task Order.

B. If the Work designed or specified by Engineer under a specific Task Order is to be performed or furnished under more than one prime Construction Contract, or if Engineer's services are to be separately sequenced with the work of one or more of HCPHC's consultants or contractors (such as in the case of fast-tracking), then:

1. The Task Order's Deliverables Schedule will account for the need to sequence and properly coordinate Engineer's services as applicable to the Work under the Construction Contracts; or

2. If the Task Order does not address such sequencing and coordination, then HCPHC and Engineer will jointly develop a schedule for sequencing and coordination of services prior to commencement of final design services; this schedule is to be prepared and included in or become an amendment to the authorizing Task Order, whether the work under such contracts is to proceed concurrently or sequentially.

ARTICLE 2—HCPHC'S RESPONSIBILITIES

2.01 Application of HCPHC's Responsibilities

A. The responsibilities of HCPHC set forth in Article 2 apply to each Specific Project and each specific Task Order. Supplemental responsibilities of HCPHC applicable only to a specific Task Order may be stated in the specific Task Order.

2.02 Project Information

A. To the extent HCPHC has not already provided the following, or has new, additional, or revised information from that previously provided, HCPHC shall provide Engineer with information and data needed by Engineer in the performance of the Specific Project, including HCPHC's:

1. design objectives and constraints;

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

2. space, capacity, and performance requirements;
3. flexibility and expandability needs;
4. design and construction standards;
5. budgetary limitations; and
6. any other available information pertinent to the Specific Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

B. Following Engineer's assessment of initially-available information and data and upon Engineer's request, HCPHC shall obtain, furnish, or otherwise make available (if necessary through retention of specialists or consultants) such additional information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services under the Task Order; or, with consent of Engineer, HCPHC may authorize the Engineer to obtain or provide all or part of such additional information as Additional Services. Such additional information or data may include the following:

1. Property descriptions.
2. Zoning, deed, and other land use restrictions.
3. Surveys, Mapping, and Utility Documentation.
4. Property, boundary, easement, right-of-way, and other special surveys or data, including establishing relevant reference points.
5. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; with appropriate professional interpretation of such information or data.
6. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Specific Project, the Site, and adjacent areas.
7. Data or consultations as required for the specific Task Order but not otherwise identified in this Agreement.

C. HCPHC shall examine all alternative solutions, studies, reports, sketches, drawings, specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as HCPHC deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

D. If a specific Task Order requires Engineer to assist HCPHC in collating the various cost categories that comprise Total Project Costs, HCPHC shall furnish to Engineer data as to HCPHC's anticipated costs for services to be provided to HCPHC by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice).

E. HCPHC shall advise Engineer if any invention, design, process, product, or device that HCPHC has requested, required, or recommended for inclusion in the Drawings or Specifications

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

prepared or furnished under a Task Order will be subject to payment (whether by HCPHC or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights.

F. HCPHC shall inform Engineer as to whether Engineer's assistance is requested with respect to HCPHC's evaluation of the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A to Task Order.

G. HCPHC shall inform Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Specific Project.

2.03 HCPHC's Instructions Regarding Bidding and Construction Contract Documents

A. HCPHC shall give instructions to Engineer regarding HCPHC's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable) and HCPHC's construction contract practices and requirements, and furnish to Engineer (or give specific directions requesting Engineer to use copies already in Engineer's possession) the following:

1. HCPHC's standard contract forms, general conditions supplementary conditions, text, and related documents and content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and in draft Construction Contract Documents;
2. insurance and bonding requirements;
3. protocols for electronic transmittals during bidding and construction;
4. HCPHC's safety and security programs applicable to Contractor and other Constructors;
5. diversity and other social responsibility requirements;
6. bidding and contract requirements of funding, financing, or regulatory entities;
7. other specific conditions applicable to the procurement of construction or contract documents;
8. any other information necessary for Engineer to assist HCPHC in preparing, for each Specific Project, bidding-related documents (or requests for proposals or other construction procurement documents) and Construction Contract Documents.

B. HCPHC shall place and pay for advertisements for Bids in appropriate publications.

2.04 HCPHC-Furnished Services

A. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, HCPHC shall obtain, as required for each Specific Project:

1. Accounting, bond and financial advisory services (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.
2. Legal services, including attorney review of proposed Construction Contract Documents, legal services required by HCPHC, legal services needed as a result of issues raised by Contractor, and Project-related legal services reasonably requested by Engineer.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

3. Auditing services, including those needed by HCPHC to ascertain how or for what purpose Contractor has used money paid to it.

B. HCPHC shall acquire or arrange for acquisition of the Site(s) and any temporary or permanent rights of access, easements, or property rights needed for each Specific Project.

C. With respect to the portions or phases of each Specific Project designed or specified by Engineer, HCPHC shall provide, obtain, or arrange for:

1. all required reviews, approvals, consents, and permits from governmental authorities having jurisdiction, and

2. such reviews, approvals, and consents from others as may be necessary for completion of each portion or phase of the Specific Project.

D. HCPHC may delegate to a Contractor or others the responsibilities set forth in Paragraphs 2.04.B and C.

2.05 HCPHC's General Responsibilities

A. HCPHC shall inform Engineer of the policies, procedures, and requirements of HCPHC that are applicable to Engineer's performance of services under this Agreement and under each Task Order.

B. HCPHC will provide Engineer with HCPHC's budget for each Specific Project, including type and source of funding to be used and will promptly inform Engineer if the budget or funding sources change.

C. HCPHC shall inform Engineer in writing of any safety or security programs that are applicable to the personnel of Engineer, its Subconsultants, and Engineer's Subcontractors, as they visit the Site or otherwise perform services under this Agreement and under each Task Order.

D. HCPHC shall arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement and under each Task Order.

E. HCPHC shall provide necessary direction and make decisions, including prompt review of Engineer's submittals, and carry out its other responsibilities in a timely manner so as not to delay Engineer's performance of its services.

F. HCPHC shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by HCPHC to Engineer pursuant to this Agreement or any Task Order. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement or any Task Order, subject to any express limitations or reservations applicable to the furnished items.

G. HCPHC shall give prompt written notice to Engineer whenever HCPHC observes or otherwise becomes aware of:

1. any development that affects the scope or time of performance of Engineer's services;

2. the presence at the Site of any Constituent of Concern; or

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) HCPHC's performance of its responsibilities under this Agreement.

H. HCPHC shall advise Engineer of the identity and scope of services of any independent consultants employed by HCPHC to perform or furnish services in regard to a Specific Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructability review.

I. If HCPHC designates a construction manager, site representative, or any individual or entity other than, or in addition to, Engineer to represent HCPHC at the Site, then HCPHC shall define and set forth, in an exhibit to the governing Task Order, the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

J. HCPHC shall:

1. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.

2. Primarily communicate with Engineer's Subcontractors and Subconsultants through the Engineer.

a. Promptly inform Engineer of the substance of any communications between HCPHC and Engineer's Subcontractors or Subconsultants.

b. Refrain from directing the services of Engineer's Subcontractors or Subconsultants.

3. Authorize Engineer to provide Additional Services as set forth in Part 2 of Exhibit A of each Task Order, as required.

4. Perform or provide the following:

a. All other HCPHC responsibilities expressly identified in any Task Order, not otherwise set forth in this Agreement.

2.06 Payment

A. HCPHC shall pay Engineer as set forth in each Task Order, pursuant to the applicable terms of Article 4.

ARTICLE 3—TERM AND TIMES FOR RENDERING SERVICES

3.01 Term

A. This Agreement will be effective and applicable to Task Orders issued hereunder for 3 years from the Effective Date of the Agreement.

B. The parties may extend or renew this Agreement, with or without changes, by written instrument establishing a new term.

3.02 Commencement

A. Engineer is authorized to begin rendering services under a Task Order as of the Effective Date of the Task Order.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

3.03 Time for Completion

A. The Effective Date of the Task Order and the times for completing services or providing deliverables will be stated in each Task Order.

B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services will be adjusted equitably.

C. If HCPHC authorizes changes in the scope, extent, or character of a Specific Project, or of Engineer's services, then the time for completion of Engineer's services, and the amounts of Engineer's compensation, will be adjusted equitably.

D. If the Contract Times to complete the Work under a Construction Contract are extended beyond the period stated in the governing Task Order, at no fault of the Engineer, HCPHC may pay Engineer for the agreed additional services during the extension based on the Standard Hourly Rates Method of Payment.

E. If Engineer fails, for reasons within the control of Engineer, to complete the performance required in a Task Order within the time set forth, as duly adjusted, then HCPHC shall be entitled, as its sole remedy, to the recovery of direct damages to the extent, if any, resulting from such failure by Engineer.

ARTICLE 4—INVOICES AND PAYMENTS

4.01 Invoices

A. Preparation and Submittal of Invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices; the terms of any progress reporting and special invoicing requirements in Paragraph 1.03, or as otherwise required in Exhibit A to the Task Order; and with the applicable terms of Appendix 1 to Main Agreement, Reimbursable Expenses Schedule, and Appendix 2 to Main Agreement, Standard Hourly Rates Schedule. Engineer shall submit its invoices to HCPHC monthly. Invoices are due and payable within 30 days of approval.

4.02 Payments

A. Application to Interest and Principal: Payment will be credited first to any interest owed to Engineer and then to principal.

B. Disputed Invoices: If HCPHC disputes an invoice, either as to amount or entitlement, then HCPHC shall promptly advise Engineer in writing of the specific basis for doing so, subject to the terms of Article 4. After a disputed item has been resolved, Engineer shall include the agreed-upon amount on a new invoice.

C. Failure to Pay: If HCPHC fails to make any undisputed payment due Engineer within 30 days after approval of Engineer's invoice, then:

1. Omitted.

2. Engineer may, after giving 7 days' written notice to HCPHC, suspend services under this Agreement until HCPHC has paid in full amounts due.

D. Sales or Use Taxes: If after the Effective Date of a Task Order any governmental entity takes an action that imposes additional sales or use taxes on Engineer's services or compensation

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

under the Task Order, then Engineer may invoice such additional sales or use taxes for reimbursement by HCPHC. HCPHC shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement will be in addition to the compensation to which Engineer is entitled under the terms of this Main Agreement and the specific Task Order.

4.03 Basis of Compensation

A. The basis of compensation (compensation methods) for Basic Services (including if applicable the bases of compensation for individual phases of Basic Services) and for Additional Services must be identified in each specific Task Order (Task Order Form, Paragraph 6). HCPHC shall pay Engineer for services in accordance with the applicable basis of compensation.

B. The Standard Hourly Rates (plus any expenses expressly eligible for reimbursement) with a Not To Exceed amount stated in the Task Order is the basis of compensation used for services under Task Orders, as identified in each specific Task Order:

C. The terms and conditions applicable to this compensation method is set forth in Paragraph 4.04.

4.04 Explanation of Compensation Method

A. Standard Hourly Rates

1. For the specified category of services, the HCPHC shall pay Engineer an amount equal to the cumulative hours charged to the Specific Project by each class of Engineer's employees times Standard Hourly Rates for each applicable billing class. Under this method, Engineer shall also be entitled to reimbursement from HCPHC for the expenses identified in Paragraph 4.05 below, and Appendix 1.

2. Standard Hourly Rates include salaries and wages paid to personnel in each billing class plus the cost of customary and statutory benefits, general and administrative overhead, non-project operating costs, and operating margin or profit.

3. Engineer's Reimbursable Expenses Schedule and Standard Hourly Rates are attached to this Agreement as Appendices 1 and 2.

4. The total estimated compensation for the specified category of services will be stated in the Task Order. This total estimated compensation will incorporate all labor at Standard Hourly Rates, and reimbursable expenses (including Engineer's Subcontractor and Subconsultant charges, if any).

5. The amounts billed will be based on the cumulative hours charged to the specified category of services on the Specific Project during the billing period by each class of Engineer's employees times Standard Hourly Rates for each applicable billing class, plus reimbursable expenses (including Engineer's Subcontractor and Subconsultant charges, if any).

6. The Standard Hourly Rates and Reimbursable Expenses Schedule will be applicable for the duration of the contract.

7. Each Task Order will have an amount "Not To Exceed Without Owner's Written Approval". Engineer will notify Owner when they have reached 60% and 90% billing milestones of the budget and schedule 60% and 90% design reviews at the respective milestones.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

4.05 Reimbursable Expenses

A. Expenses eligible for reimbursement under the Direct Labor Costs Times a Factor and Standard Hourly Rate methods of compensation include the following expenses reasonably and necessarily incurred by Engineer in connection with the performing or furnishing of Basic and Additional Services for the Task Order:

1. reproduction of reports, Drawings, Specifications, bidding-related or other procurement documents, Construction Contract Documents, and similar Specific Project-related items;

2. Consultant charges; and

3. Other expenses identified in Appendix 1.

B. Reimbursable expenses reasonably and necessarily incurred in connection with services provided under the Direct Labor Costs Times a Factor and Standard Hourly Rate methods must be paid at the rates set forth in Appendix 1, Reimbursable Expenses Schedule, subject to the factors set forth below.

C. The amounts payable to Engineer for reimbursable expenses will be the Project-specific internal expenses actually incurred or allocated by Engineer, plus all invoiced external reimbursable expenses allocable to the Specific Project, the latter multiplied by a factor of **1.1**.

D. Whenever Engineer is entitled to compensation for the charges of its Consultants, those charges will be the amount billed by such Consultants to Engineer times a factor of **1.1**.

E. The external reimbursable expenses and Consultants' factors include Engineer's overhead and profit associated with Engineer's responsibility for the administration of such services and costs.

4.06 Other Provisions Concerning Payment

A. Estimated Compensation Amounts

1. Engineer's estimate of the amounts that will become payable for services are only estimates for planning purposes, are not binding on the parties, and are not the minimum or maximum amounts payable to Engineer under the Agreement. The amount may be increased only by written approval by the Owner.

2. When estimated compensation amounts have been stated in a Task Order and it subsequently becomes apparent to Engineer that a compensation amount thus estimated will be exceeded, Engineer shall give HCPHC written notice thereof, allowing HCPHC to consider its options, including suspension or termination for HCPHC's convenience of Engineer's services under the Task Order. Upon notice, HCPHC and Engineer will promptly review the matter of services remaining to be performed and compensation for such services. HCPHC shall either exercise its right to suspend or terminate Engineer's services under the Task Order for HCPHC's convenience, agree to such compensation exceeding said estimated amount, or agree to a reduction in the remaining services to be rendered by Engineer, so that total compensation for such services will not exceed said estimated amount when such services are completed.

ARTICLE 5—OPINIONS OF COST

5.01 Opinions of Probable Construction Cost

A. Engineer's opinions of probable Construction Cost (if any) are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If HCPHC requires greater assurance as to probable Construction Cost, then HCPHC agrees to obtain an independent cost estimate.

5.02 Opinions of Total Project Costs

A. The services, if any, of Engineer with respect to Total Project Costs will be limited to assisting the HCPHC in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

ARTICLE 6—GENERAL CONSIDERATIONS

6.01 Standards of Performance

A. Standard of Care: The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

B. Technical Accuracy: HCPHC shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation unless such corrective action is directly attributable to deficiencies in HCPHC-furnished information.

C. Engineer's Subcontractors and Subconsultants: Engineer may retain such Engineer's Subcontractors and Subconsultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by HCPHC.

D. Reliance on Others: Subject to the standard of care set forth in Paragraph 6.01.A, Engineer may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

E. Compliance with Laws and Regulations, and Policies and Procedures

1. Engineer and HCPHC shall comply with applicable Laws and Regulations.

2. Engineer shall comply with the policies, procedures, and instructions of HCPHC that are applicable to Engineer's performance of services under this Agreement and that HCPHC provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

3. This Agreement is based on Laws and Regulations and HCPHC-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to HCPHC's responsibilities or to Engineer's scope of services, times of performance, or compensation:

   a. changes after the Effective Date of the Task Order to Laws and Regulations,

   b. the receipt by Engineer after the Effective Date of the Task Order of HCPHC-provided written policies and procedures, and

   c. changes after the Effective Date of the Task Order to HCPHC-provided written policies or procedures.

F. General Conditions of Construction Contract: The general conditions for any construction contract documents prepared hereunder are to be furnished by the Owner.

G. Copies of Drawings and Specifications: If Engineer is required to prepare or furnish Drawings or Specifications under a specific Task Order, Engineer shall deliver to HCPHC at least one complete electronic copy of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations, one complete printed copy, duly signed and sealed, and all computer aided design files formatted for AutoCAD 2019 and technical specifications formatted in Microsoft Word.

H. Engineer shall not be required to sign any document, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant conditions whose existence the Engineer cannot ascertain within the authorized scope of Engineer's services. HCPHC agrees not to make resolution of any dispute with Engineer or payment of any amount due to Engineer in any way contingent upon Engineer signing any such document.

I. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor will Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

J. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

K. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer.

L. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

M. Engineer's services do not include providing legal advice or representation.

N. While at the Site, Engineer, its Subconsultants, and Engineer's Subcontractors, and their employees and representatives will comply with the applicable requirements of Contractor's and HCPHC's safety programs of which Engineer has been informed in writing.

6.02 HCPHC ownership and Use of Documents

A. All Documents are instruments of service, and the Owner owns the Documents, including all associated copyrights and the right of reuse at the discretion of the Owner. The Owner shall continue to own the Documents and all associated rights whether or not the Specific Project is completed.

1. Documents on the Specific Project, extensions of the Specific Project, and for related uses of the HCPHC, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations:

a. HCPHC acknowledges that such Documents are not intended or represented to be suitable for use on the Specific Project unless completed by Engineer.

b. any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at HCPHC's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Subconsultants;

c. HCPHC shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and

d. HCPHC provided documents shall not create any rights in third parties.

B. If Engineer, at HCPHC's request, verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then HCPHC shall compensate Engineer at rates or in an amount to be agreed upon by HCPHC and Engineer.

C. Engineer shall inform HCPHC if Engineer is aware of any invention, design, process, product, or device specified in the Drawings, Specifications, or other Documents that is subject to payment (whether by HCPHC or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights. If Engineer's good-faith inclusion in the Drawings, Specifications, or other Documents of new, innovative, or non-standard technologies, for the benefit of HCPHC and the Project, results in third-party claims of infringement or violation of intellectual property rights, then and the Engineer shall bear the costs of defending against, settling, or paying such claims.

D. Engineer will obtain HCPHC's consent, which will not be unreasonably withheld, prior to releasing any publicity, including news and press releases, promotional publications, award and prize competition submittals, and other advertising regarding the subject matter of this Agreement. Nothing herein will limit the Engineer's right to include information in statements of qualifications and proposals to others accurately describing its participation and participation of employees in the Project.

6.03 Electronic Transmittals

A. To the fullest extent practical, HCPHC and Engineer agree to transmit, and accept, all correspondence, Documents, text, data, drawings, information, and graphics related to each Specific Project, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with Exhibit F, Electronic Documents Protocol (EDP).

1. Compliance with the EDP by Engineer shall be considered a Basic Service and no direct or separate compensation will be paid to Engineer for such compliance, unless provisions for separate compensation are expressly set forth in the EDP or in a specific Task Order.

2. Engineer's costs directly attributable to changes in Engineer's Electronic Documents obligations, after the effective date of this Agreement, necessitated by revisions to Exhibit F, delayed adoption of Exhibit F, or implementation of other Electronic Documents protocols, will be compensated as Additional Services.

B. If this Agreement does not include Exhibit F, or a specific Task Order expressly excludes the application of Exhibit F or otherwise does not establish or include protocols for transmittal of Electronic Documents by Electronic Means, then HCPHC and Engineer may operate without specific protocols or may jointly develop such protocols at a later date.

C. Except as stated otherwise in Exhibit F (if included in this Agreement), when transmitting Electronic Documents by Electronic Means, the transmitting party makes no representations as to long term compatibility, usability, or readability of the Electronic Documents resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the Electronic Documents, or from those established in applicable protocols unless noted otherwise.

D. This Agreement (including the EDP) is not intended to create obligations for HCPHC or Engineer with respect to transmittals to or from third parties, except as expressly stated in the EDP.

6.04 Insurance

A. Engineer shall procure and maintain insurance as set forth in Exhibit G.

B. Additional Insureds: The Engineer's commercial general liability, automobile liability, and umbrella or excess liability policies, must:

1. include and list as additional insureds HCPHC, and any individuals or entities identified as additional insureds in Exhibit G;

2. include coverage for the respective officers, directors, members, partners, and employees of all such additional insureds;

3. afford primary coverage to these additional insureds for all claims covered thereby (including as applicable those arising from both ongoing and completed operations); and

4. not seek contribution from insurance maintained by the additional insured.

C. HCPHC shall procure and maintain insurance as set forth in Exhibit G.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

D. HCPHC shall require Contractor to purchase and maintain policies of insurance covering workers' compensation and unemployment compensation in the amount required by law, comprehensive general liability in the amount of $1,000,000 per occurrence and $2,000,000 general aggregate, automobile liability in the amount of $1,000,000 per accident, professional liability insurance covering consultant's negligent acts, errors, or omissions in the performance of professional services with limits of $1,000,000 per claim and annual aggregate, contractors pollution liability insurance in the amount of $1,000,000 each loss, and other insurance necessary to protect HCPHC's and Engineer's interests in the Project; HCPHC shall be named as additionally insured. HCPHC shall require Contractor to cause Engineer, its Subconsultants, and Engineer's Subcontractors to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project. HCPHC shall give Engineer access to any certificates of insurance and copies of endorsements and policies obtained by HCPHC from Contractor.

E. HCPHC and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates must be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

1. Upon request by HCPHC or any other insured, Engineer shall also furnish other evidence of such required insurance, including but not limited to copies of policies, documentation of applicable self-insured retentions (if allowed) and deductibles, full disclosure of all relevant exclusions, and evidence of insurance required to be purchased and maintained by Subconsultants and Engineer's Subcontractors. In any documentation made available for review under this provision, Engineer may redact (a) any confidential premium or pricing information and (b) any wording specific to projects or jurisdictions other than those applicable to this Agreement.

F. All construction contracts entered into by HCPHC with respect to a Specific Project must require builder's risk or similar property insurance. Builder's risk may not be applicable to marine projects and will be determined on a case by case basis.

G. All policies of property insurance relating to a Specific Project, including but not limited to any builder's risk or similar policy, must allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer, its Subconsultants, or Engineer's Subcontractors.

H. All policies of insurance must contain a provision or endorsement that the coverage afforded will not be canceled, and that renewal will not be refused, until at least 10 days prior written notice has been given to the primary insured. Upon receipt of such notice, the primary insured must promptly forward a copy of the notice to the other party to this Agreement and replace the coverage being cancelled or reduced to conform to the requirements of this Agreement.

I. At any time, HCPHC may request that Engineer, or Engineer's Subcontractors or Subconsultants, at HCPHC's sole expense, provide additional insurance coverage, increased limits, or revised deductibles that are more protective than those specified in Exhibit G. If so, requested by HCPHC, and if commercially available, Engineer shall obtain and shall require Engineer's Subcontractors or Subconsultants to obtain such additional insurance coverage, different limits, or revised deductibles for such periods of time as requested by HCPHC, and Exhibit G will be supplemented to incorporate these requirements.

6.05 Suspension and Termination

A. Suspension

1. By HCPHC: HCPHC may suspend Engineer's services under a specific Task Order for up to 90 days at any time.

2. By Engineer: Engineer may, after giving 7 days' written notice to HCPHC, suspend services under a Task Order:

   a. if HCPHC has failed to pay Engineer for invoiced services and expenses under that Task Order, as set forth in Paragraphs 4.02.B and 4.02.C;

   b. in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.09.D; or

   c. if persistent circumstances beyond the control of Engineer have prevented it from performing its obligations under the Task Order.

3. A suspension under a specific Task Order, whether by HCPHC or Engineer, does not affect the duty of the two parties to proceed with their obligations under other Task Orders.

B. Termination for Cause—Task Order

1. Either party may terminate a Task Order for cause upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms of this Agreement and the specific Task Order, through no fault of the terminating party.

   a. Notwithstanding the foregoing, the Task Order will not terminate under Paragraph 6.05.B.1 if the party receiving such notice begins, within 7 days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein will extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. In addition to its termination rights in Paragraph 6.05.B.1, Engineer may terminate a Task Order for cause upon 7 days' written notice:

   a. if HCPHC demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional;

   b. if the Engineer's services under the Task Order are delayed or suspended for more than 90 days for reasons beyond Engineer's control; or

   c. as the result of the presence at or adjacent to the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.09.E.

3. Engineer will have no liability to HCPHC on account of any termination by Engineer for cause.

C. Termination for Convenience by HCPHC: HCPHC may terminate a Task Order or this Main Agreement for HCPHC's convenience, effective upon Engineer's receipt of notice from HCPHC.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

D. Effective Date of Termination: If HCPHC terminates the Main Agreement for cause or convenience, HCPHC may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble project materials in orderly files. Engineer shall be entitled to compensation for such tasks.

E. Payments Upon Termination: In the event of any termination under Paragraph 6.05, Engineer will be entitled to invoice HCPHC and to receive full payment for all services that have been performed or furnished in accordance with this Main Agreement and the specific Task Order, and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, HCPHC will have the right to the use of Documents, at HCPHC's sole risk, subject to the provisions of Paragraph 6.02.A.

1. If HCPHC has terminated a Task Order for cause and disputes Engineer's entitlement to compensation for services and reimbursement of expenses, then Engineer's entitlement to payment and HCPHC's rights to the use of the Documents will be resolved in accordance with the dispute resolution provisions of this Main Agreement or as otherwise agreed in writing.

2. If HCPHC has terminated the Main Agreement for convenience, or if Engineer has terminated a Task Order for cause, Engineer will not be entitled to invoice HCPHC

6.06 Successors, Assigns, and Beneficiaries

A. HCPHC and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of HCPHC and Engineer (and to the extent permitted by Paragraph 6.06.B the assigns of HCPHC and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Main Agreement and any Task Order issued under this Main Agreement.

B. Neither HCPHC nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Main Agreement, or in any Task Order, without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Main Agreement or any Task Order.

C. Unless expressly provided otherwise in this Main Agreement:

1. All duties and responsibilities undertaken pursuant to this Main Agreement or any Task Order will be for the sole and exclusive benefit of HCPHC and Engineer and not for the benefit of any other party.

2. Nothing in this Main Agreement or in any Task Order will be construed to create, impose, or give rise to any duty owed by HCPHC or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.

3. HCPHC agrees that the substance of the provisions of this Paragraph 6.06.C will appear in all Construction Contracts associated with this Main Agreement and its Task Orders.

6.07 Controlling Law; Venue

A. This Main Agreement and all Task Orders (unless expressly stated otherwise) are to be governed by the Laws and Regulations of the state in which the principal office of the HCPHC is located: Mississippi.

B. Venue for any exercise of rights at law will be the state court having jurisdiction at the location of HCPHC's principal office; and if federal jurisdictional requirements can be met, in federal court in the district in which HCPHC's principal office is located.

6.08 Environmental Condition of Site

A. With respect to each specific Task Order, Specific Project, and Site (unless indicated otherwise in a specific Task Order), HCPHC represents to Engineer that, as of the Effective Date of the Task Order, to the best of HCPHC's knowledge, no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.

B. Undisclosed Constituents of Concern. For purposes of this Paragraph 6.09, the presence at or adjacent to the Site of Constituents of Concern that were not disclosed to Engineer pursuant to Paragraph 6.09.A, in such quantities or circumstances that such Constituents of Concern may present a danger to persons or property exposed to them, will be referred to as "undisclosed" Constituents of Concern.

1. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of this Agreement or the Construction Contract, are not undisclosed Constituents of Concern.

2. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under a Task Order are not undisclosed Constituents of Concern.

3. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under another professional services contract for HCPHC, or as part of the work under a construction or remediation contract, are not undisclosed Constituents of Concern if Engineer has been informed of the general scope of such contract.

C. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) HCPHC and (2) appropriate authorities having jurisdiction if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

D. It is acknowledged by both parties that for all Task Orders the Engineer's scope of services does not include any services related to undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, or if encountered, uncovered, or revealed Constituents of Concern are present in substantially greater quantities or substantially different locations than disclosed or anticipated, or if investigative or remedial action, or other professional services, are necessary or required by applicable Laws and Regulations with respect to such Constituents of Concern, then Engineer may, at its option and without liability for direct, consequential, or any other damages, suspend performance of services on the portion of the Specific Project adversely affected thereby until such portion of the Specific Project is no longer so affected; and HCPHC shall

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

promptly determine whether to retain a qualified expert to evaluate such condition or take any necessary corrective action.

E. If the presence at a Site of undisclosed Constituents of Concern, or of Constituents of Concern in substantially greater quantities or in substantially different locations than disclosed or anticipated, adversely affects the performance of Engineer's services under a specific Task Order, then:

1. if the adverse effects do not preclude Engineer from completing its Specific Project services in general accordance with the Task Order on unaffected or marginally affected portions of the Specific Project, Engineer may accept an equitable adjustment in its compensation or in the time of completion, or both; and the Task Order will be amended to reflect changes necessitated by the presence of such Constituents of Concern; or

2. if the adverse effects are of such materiality to the overall performance of Engineer that it cannot complete its Specific Project services without significant changes to the scope of services, time of completion, and compensation, then Engineer may terminate the Task Order for cause on 7 days' written notice.

F. HCPHC acknowledges that Engineer is performing professional services for HCPHC and that Engineer is not and will not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6.09 Indemnification and Mutual Waiver

A. Indemnification by Engineer: To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless HCPHC, and HCPHC's officers, directors, members, partners, agents, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to a Specific Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors. This indemnification provision is subject to and limited by the provisions, if any, agreed to by HCPHC and Engineer in Exhibit I, "Limitations of Liability."

B. If, as a result of Engineer breaching this agreement, HCPHC employs an attorney to enforce its rights under the agreement, then the Engineer will pay HCPHC the reasonable attorneys fees and costs incurred to enforce the agreement.

6.10 Records Retention

A. Engineer shall maintain on file in legible form in perpetuity all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under the Task Order. Upon HCPHC's request, Engineer shall provide a copy of any such item to HCPHC at no cost.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

6.11 Miscellaneous Provisions

A. Notices: Any notice required under this Main Agreement or a Task Order will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All notices must be effective upon the date of receipt.

B. Survival: Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Main Agreement or in a Task Order will survive completion or termination for any reason.

C. Severability: Any provision or part of the Main Agreement or any Task Order held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon HCPHC and Engineer.

D. No Waiver: A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

ARTICLE 7—DEFINITIONS

7.01 Defined Terms

A. Wherever used in this Agreement (as defined herein), terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:

1. Addenda—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.

2. Additional Services—The services to be performed for or furnished to HCPHC by Engineer in accordance with Article 2 of Exhibit A of a specific Task Order.

3. Agreement—This written contract for professional services between HCPHC and Engineer, including the Main Agreement, all exhibits and appendices to the Main Agreement identified in Paragraphs 8.01 and 8.02, all duly executed amendments, and all Task Orders, including all exhibits and duly executed amendments to such Task Orders.

   a. Main Agreement—See definition at Paragraph 7.01.A.28 below.

4. Application for Payment—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.

5. Basic Services—The services to be performed for or furnished to HCPHC by Engineer in accordance with Part 1 of Exhibit A of a specific Task Order.

6. Bidding/Proposal Documents—Documents related to the selection of the Contractor, including advertisements or invitations to bid; requests for proposals; instructions to bidders or proposers, including any attachments such as lists of available Site-related documents; bid forms; bids; proposal forms; proposals; bidding requirements; and qualifications documents.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

7. Change Order—A document which is signed by Contractor and HCPHC and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.

8. Change Proposal—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

9. Constituents of Concern—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

10. Construction Contract—The entire and integrated written contract between the HCPHC and Contractor concerning the Work.

11. Construction Contract Documents—Those items designated as "Contract Documents" in the Construction Contract, and which together comprise the Construction Contract. See also definition of "Front-End Construction Contract Documents" below.

12. Construction Contract Price—The money that HCPHC has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.

13. Construction Contract Times—The number of days or the dates by which Contractor must: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.

14. Construction Cost—The cost to HCPHC of the construction of those portions of a Specific Project designed or specified by or for Engineer under a Task Order, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; HCPHC's costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to HCPHC. Construction Cost is one of the items comprising Total Project Costs.

15. Constructor—Any person or entity (not including the Engineer, its employees, agents, representatives, or Subconsultants, or Engineer's Subcontractors), performing or supporting construction activities relating to a Specific Project, including but not limited to Contractors, Subcontractors, Suppliers, HCPHC's work forces, utility companies, other contractors, construction managers, design-builders, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

16. Contractor—The entity or individual with which HCPHC enters into a Construction Contract.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

17. Documents—All documents expressly identified as deliverables in this Main Agreement or in any Task Order, whether in printed or Electronic Document form, required to be provided or furnished by Engineer to HCPHC. Such specifically required deliverables may include, by way of example, Drawings, Specifications, data, reports, building information models, and civil integrated management models.

18. Drawings—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. Effective Date of the Main Agreement—The date indicated in this Main Agreement on which it becomes effective, but if no such date is indicated, it means the date on which the Main Agreement is signed and delivered by the last of the two parties to sign and deliver.

20. Effective Date of the Task Order—The date indicated in a specific Task Order on which the Task Order becomes effective, but if no such date is indicated, it means the date on which the Task Order is signed and delivered by the last of the two parties to sign and deliver.

21. Electronic Document—Any Specific Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

22. Electronic Means—Electronic mail (email), upload/download from a secure Specific Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Agreement. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

23. Engineer—The individual or entity named as such in this Main Agreement.

24. Engineer's Subcontractor—An individual, firm, vendor, or other entity having a contract with Engineer to furnish general services, equipment, or materials with respect to a Specific Project as an independent contractor.

25. Field Order—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.

26. Front-End Construction Contract Documents—Those Construction Contract Documents whose primary purpose is to establish legal and contractual terms and conditions, typically including the HCPHC-Contractor agreement, bonds, general conditions, and supplementary conditions. The term excludes the Drawings and Specifications, and any Construction Contract Documents delivered or issued after the effective date of the Construction Contract.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

27. Laws and Regulations; Laws or Regulations—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

28. Main Agreement—The portion of the Agreement containing the general terms and conditions of the contract between HCPHC and Engineer, applicable to all Task Orders, including but not limited to provisions regarding task order procedures, HCPHC responsibilities, invoice and payment procedures, standard of care, HCPHC ownership of documents, suspension and termination, and definitions.

29. HCPHC—The individual or entity named as such in this Main Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning Specific Projects.

30. Record Drawings—Drawings depicting the completed Specific Project, or a specific portion of the completed Specific Project, prepared by Engineer and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.

31. Resident Project Representative—As authorized by a specific Task Order, the representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of the RPR. The duties and responsibilities of the RPR (if any) will be as set forth in each Task Order.

32. Samples—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

33. Shop Drawings—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.

34. Site—Lands or areas to be indicated in the Construction Contract Documents for a Specific Project as being furnished by HCPHC upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by HCPHC which are designated for the use of Contractor.

35. Specifications—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

36. Specific Project—A specifically identified and defined total undertaking to be accomplished for HCPHC by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under a specific Task Order are a part.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

37. Subconsultant—An individual, design firm, consultant, or other entity having a contract with Engineer to furnish professional services with respect to a Specific Project as an independent contractor.

38. Subcontractor—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

39. Submittal—A written or graphic document, prepared by or for Contractor, which the Construction Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; HCPHC-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections, and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Construction Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

40. Substantial Completion—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

41. Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

42. Task Order—A document executed under this Main Agreement by HCPHC and Engineer (including incorporated exhibits and amendments if any), stating the scope of services, Engineer's compensation, times for performance of services, and other relevant information.

43. Total Project Costs—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Specific Project, including Construction Cost and all other Specific Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other project-related costs that HCPHC furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties and private utilities (including relocation if not part of Construction Cost), HCPHC's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Specific Project, and the cost of other services to be provided by others to HCPHC.

44. Underground Facilities—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or systems at the Site, including but not limited to those facilities or

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

45. Work—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

46. Work Change Directive—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by HCPHC and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

B. Terminology

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

ARTICLE 8—EXHIBITS AND APPENDICES TO MAIN AGREEMENT; TASK ORDER FORM; EXHIBITS TO TASK ORDER; SPECIAL PROVISIONS

8.01 Exhibits to Main Agreement

The following exhibits are incorporated by reference and included as part of this Main Agreement, and as such are applicable to all Task Orders:

A. Reserved.

B. Reserved.

C. Exhibit C, Amendment to Main Agreement (form).

D. Reserved.

E. Reserved.

F. Exhibit F, Electronic Documents Protocol (EDP).

G. Exhibit G, Insurance.

H. Exhibit H, Dispute Resolution.

I. Exhibit I, Limitations of Liability.

8.02 Appendices to Main Agreement

A. The following appendices are incorporated by reference and made a part of this Main Agreement:

1. Appendix 1—Reimbursable Expenses Schedule

2. Appendix 2—Standard Hourly Rates Schedule

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

8.03 Resource Documents: Task Order Form and Exhibits to Task Order

A. The parties acknowledge the accompanying documents, "Part 3 of 4: Task Order Form" and "Part 4 of 4: Exhibits to Task Order." These documents are a resource for the parties' use when a specific Task Order is issued. To the extent practical and applicable to a Specific Project, the parties will use the Task Order Form and Exhibits to Task Order as the basis for preparing the specific Task Order and its exhibits. The Task Order Form and Exhibits to Task Order are not a part of this Main Agreement or binding on the parties except to the extent they serve as the basis for a duly executed Task Order and its exhibits.

8.04 Executed Task Orders and Their Exhibits

A. When a specific Task Order is duly executed by HCPHC and Engineer, the Task Order and its exhibits become an integral part of the Agreement, governed by the Main Agreement and its exhibits.

8.05 Total Agreement; Amendments to Main Agreement and Task Orders

A. This Agreement (as defined herein) constitutes the entire contractual agreement between HCPHC and Engineer and supersedes all prior written or oral understandings.

B. Amendments:

1. This Main Agreement may only be amended, supplemented, modified, or canceled by a written instrument duly executed by both parties. Such written instruments should be based whenever possible on the format of Exhibit C to this Main Agreement.

2. Amendments and modifications to a Task Order may be made by execution of a new, expressly related Task Order, or by execution of a written amendment to the Task Order.

3. Nothing in any Task Order will be construed as revising or modifying the terms and conditions of the Main Agreement or its exhibits, except as expressly stated in such Task Order.

8.06 Designated Representatives

A. With the execution of this Main Agreement, Engineer and HCPHC shall each designate a specific individual to act as representative under the Main Agreement. Such an individual must have authority to execute Task Orders, transmit instructions, receive information, and render decisions with respect to this Main Agreement, on behalf of the party that the individual represents.

B. With the execution of each Task Order, Engineer and HCPHC shall each designate a specific individual to act as representative with respect to the Task Order. Such individual must have authority to transmit instructions, receive information, and render decisions with respect to the specific Task Order, on behalf of the party that the individual represents.

8.07 Engineer's Certifications

A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.07:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the selection process or in the Agreement execution;

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of HCPHC, or (b) to deprive HCPHC of the benefits of free and open competition;

3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

8.08 Conflict of Interest

A. Nothing in this Agreement will be construed to create or impose any duty on the part of Engineer that would be in conflict with Engineer's paramount obligations to the public health, safety, and welfare under the professional practice requirements governing Engineer, its Subconsultants, and all licensed professionals employed by Engineer or its Subconsultants.

B. If during the term of this Agreement a potential or actual conflict of interest arises or is identified:

1. Engineer and HCPHC together will make reasonable, good faith efforts to avoid or eliminate the conflict of interest; to mitigate any adverse consequences of the conflict of interest; and, if necessary and feasible, to modify this Agreement to address the conflict of interest and its consequences, such that progress under the Agreement may continue.

2. Such efforts will be governed by applicable Laws and Regulations and by any pertinent HCPHC's policies, procedures, and requirements (including any conflict of interest resolution methodologies) provided to Engineer under Paragraph 2.04.A of this Agreement.

EXHIBIT F—EXHIBIT F—ELECTRONIC DOCUMENTS PROTOCOL (EDP)

ARTICLE 1—ELECTRONIC DOCUMENTS PROTOCOL (EDP)

Paragraph 6.03 of the Main Agreement is supplemented by the following Exhibit F Paragraph 1.01 and Exhibit F—Attachment 1: Software Requirements for Electronic Document Exchange:

1.01 Electronic Documents Protocol

A. Electronic Transmittals: The parties shall conform to the following provisions together referred to as the Electronic Documents Protocol ("EDP" or "Protocol") for exchange of electronic transmittals. References to "Project" will mean the Specific Project, or the facilities program or other combination of projects undertaken with Engineer's involvement, as the case may be.

1. Basic Requirements

a. To the fullest extent practical, the parties agree to and will transmit and accept Electronic Documents by Electronic Means using the procedures described in this Protocol. Use of the Electronic Documents and any information contained therein is subject to the requirements of this Protocol and other provisions of the Agreement.

b. The contents of the information in any Electronic Document will be the responsibility of the transmitting party.

c. Electronic Documents as exchanged by this Protocol may be used in the same manner as the printed versions of the same documents that are exchanged using non-electronic format and methods, subject to the same governing requirements, limitations, and restrictions, set forth in the Agreement.

d. Except as otherwise explicitly stated herein, the terms of this Protocol will be incorporated into any other agreement or subcontract between the HCPHC and Engineer and any third party for any portion of the Project, or any Project-related services, where that third party is, either directly or indirectly, required to exchange Electronic Documents with HCPHC, Engineer, or any Contractor or other entity directly contracted with the HCPHC to furnish Project-related services. Nothing herein will modify the requirements of the Agreement and applicable Construction Contract Documents regarding communications between and among the individual third parties and their respective subcontractors and consultants, except to the extent that any respective subcontractor or consultant exchanges Electronic Documents with the HCPHC or Engineer.

e. When transmitting Electronic Documents, the transmitting Party makes no representations as to long term compatibility, usability, or readability of the items resulting from the receiving Party's use of software application packages, operating systems, or computer hardware differing from those established in this Protocol.

f. Nothing herein negates any obligation (1) in the Agreement to create, provide, or maintain an original printed record version of Drawings and Specifications, signed and sealed according to applicable Laws and Regulations; (2) to comply with any applicable Law or Regulation governing the signing and sealing of design documents or the signing and electronic transmission of any other documents; or (3) to comply with any notice requirements limiting or otherwise modifying the acceptance of Electronic Documents for such notice.

2. System Infrastructure for Electronic Document Exchange

a. Each party will provide hardware, operating system(s) software, internet, e-mail, and large file transfer functions ("System Infrastructure") at its own cost and sufficient for complying with the EDP requirements. With the exception of minimum standards set forth in this EDP and any explicit system requirements specified by attachment to this EDP, it will be the obligation of each party to determine, for itself, its own System Infrastructure.

1) The maximum size of an e-mail attachment for exchange of Electronic Documents under this EDP **10** MB. Attachments larger than that may be exchanged using large file transfer functions or physical media.

2) Each Party assumes full and complete responsibility for any and all of its own costs, delays, deficiencies, and errors associated with converting, translating, updating, verifying, licensing, or otherwise enabling its System Infrastructure, including operating systems and software, for use with respect to this EDP.

b. Each party is responsible for its own system operations, security, back-up, archiving, audits, printing resources, and other Information Technology ("IT") for maintaining operations of its System Infrastructure during the Project, including coordination with the party's individual(s) or entity responsible for managing its System Infrastructure and capable of addressing routine communications and other IT issues affecting the exchange of Electronic Documents.

c. Each party will operate and maintain industry-standard, industry-accepted, ISO-standard, commercial-grade security software and systems that are intended to protect the other party from: software viruses and other malicious software like worms, trojans, adware; data breaches; loss of confidentiality; and other threats in the transmission to or storage of information from the other parties, including transmission of Electronic Documents by physical media such as CD/DVD/flash drive/hard drive. To the extent that a party maintains and operates such security software and systems, it will not be liable to the other party for any breach of system security.

d. In the case of disputes, conflicts, or modifications to the EDP required to address issues affecting System Infrastructure, the parties will cooperatively resolve the issues; but, failing resolution, the HCPHC is authorized to make and require reasonable and necessary changes to the EDP to effectuate its original intent. If the changes cause additional cost or time to Engineer, not reasonably anticipated under the original EDP, Engineer shall be entitled to compensation as Additional Services for its costs associated with the revisions to the EDP, delayed adoption of this exhibit, or implementation of other Electronic Documents protocols.

e. Each party is responsible for its own back-up and archive of documents sent and received during the term of any Project contract/agreement under this EDP, unless this EDP establishes a Project document archive, either as part of a mandatory Project website or other communications protocol, upon which the Parties may rely for document archiving during the specified term of operation of such project document archive. Further, each party remains solely responsible for its own post-Project back-up and archive of project documents, as each party deems necessary for its own purposes, after the term of contract, or termination of the project document archive, if one is established.

f. If a receiving party receives an obviously corrupted, damaged, or unreadable Electronic Document, the receiving party will advise the sending party of the incomplete transmission.

g. The parties will bring any non-conforming Electronic Documents into compliance with the EDP. The parties will attempt to complete a successful transmission of the Electronic Document or use an alternative delivery method to complete the communication.

h. The **Engineer** will operate a Project information management system (also referred to in this EDP as "Project Website") for use of HCPHC, Engineer, Contractors, during the Project for exchange and storage

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

of Project-related communications and information. Except as otherwise provided in this EDP or the General Conditions, use of the Project Website by the Parties as described in this paragraph will be mandatory for exchange of Project documents, communications, submittals, and other Project-related information. The following conditions and standards will govern use of the Project Website:

1) Describe the period of time during which the Project Website will be operated and be available for reliance by the Parties.

2) Provide any minimum system infrastructure, software licensing and security standards for access to and use of the Project Website.

3) Describe the types and extent of services to be provided at the Project Website (such as large file transfer, email, communication and document archives, etc.).

4) Include any other Project Website attributes that may be pertinent to the use of the facility by Project-related parties and evaluation by those parties of the functionality and cost of such use.

5) Engineer's related compensation and reimbursement: **There will be no additional compensation for this service**

B. Software Requirements for Electronic Document Exchange; Limitations

1. Each party will acquire the software and software licenses necessary to create and transmit Electronic Documents and to read and to use any Electronic Documents received from the other party (and if relevant from third parties), using the software formats required in this section of the EDP.

a. Prior to using any updated version of the software required in this section for sending Electronic Documents to the other party, the originating party will first notify and receive concurrence from the other party for use of the updated version or adjust its transmission to comply with this EDP.

2. The parties agree not to intentionally edit, reverse engineer, decrypt, remove security or encryption features, or convert to another format for modification purposes any Electronic Document or information contained therein that was transmitted in a software data format, intended by sender not to be modified, unless the receiving party obtains the permission of the sending party or is citing or quoting excerpts of the Electronic Document for Project purposes.

3. Software and data formats for exchange of Electronic Documents will conform to the requirements set forth in the following Attachment 1 to this EDP, including software version, if listed.

C. Format and Distribution of Deliverables

1. By definition, "Documents" as used in this Agreement are documents expressly identified as deliverables from Engineer to HCPHC. Exhibit A of each specific Task Order identifies various Documents that Engineer is required to deliver to HCPHC as part of Engineer's services; Exhibit B of each specific Task Order is a schedule of such Documents. Engineer will transmit such Documents to HCPHC in the formats identified in Attachment 1 to this Protocol. If no specific format is identified for a deliverable Document, the format will be Portable Document Format (PDF), Microsoft Word, Exel and AutoCAD, whichever is applicable

2. .

3. If a Document will be distributed to third parties, such as prospective bidders and contractors, reviewing agencies, or lenders, the transmittal format for distribution will be as identified in Attachment 1 to this Protocol; provided, however, that if a format for distribution of a specific Document is expressly stated in a specific Exhibit A, then the Exhibit A format will take precedence. If no specific format is

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

identified for distribution of a deliverable Document to third parties, the format will be Portable Document Format (PDF).

a. If a format for Document distribution other than Portable Document Format (PDF) is specified, HCPHC shall first obtain a written, signed release from each third party to which the deliverable Document is distributed, establishing agreement to the following conditions:

1) The content included in the Electronic Documents prepared by or for Engineer and covered by the request was prepared as an internal working document for Engineer's purposes solely, and is being provided to the third party on an "AS IS" basis without any warranties of any kind, including, but not limited to any implied warranties of fitness for any purpose. As such, the third party is advised and acknowledges that the content may not be suitable for the third party's application, or may require substantial modification and independent verification by the third party. The content may include limited resolution of models; not-to-scale schematic representations and symbols; use of notes to convey design concepts in lieu of accurate graphics; approximations; graphical simplifications; undocumented intermediate revisions; and other devices that may affect subsequent reuse.

2) Electronic Documents containing text, graphics, metadata, or other types of data that are provided to the Requesting Party are only for the convenience of the third party. Any conclusion or information obtained or derived from such data will be at the third party's sole risk and the third party waives any and all claims against Engineer or HCPHC arising from the use of the Electronic Documents covered by the request, or of any data contained in such Electronic Documents.

3) The third party shall indemnify and hold harmless HCPHC, Engineer, and Engineer's Subcontractors and Subconsultants, from all claims, damages, losses, and expenses, including attorneys' fees and defense costs arising out of or resulting from the third party's use, adaptation, or distribution of any Electronic Documents provided under the request.

4) The third party agrees not to sell, copy, transfer, forward, give away or otherwise distribute this information (in source or modified file format) to any third party without the direct written authorization of Engineer, unless such distribution is specifically identified in the request and is limited to the third party's subcontractors and consultants. The third party warrants that subsequent use by the third party's subcontractors and subconsultants will comply with all terms of the Construction Contract Documents and any specific instructions or conditions established by HCPHC.

b. If Engineer is required to assist or participate in obtaining such releases from third parties, such services will be categorized as Additional Services.

D. Requests by Project-Related Parties for Electronic Documents in Other Formats

1. HCPHC may release (or direct Engineer to release) an Electronic Document version of a Document prepared by or for Engineer, including but not limited to a deliverable Document as set forth in Exhibit F Paragraph 1.01.C, in a format other than those identified in Exhibit F Paragraph 1.01.B or 1.01.C of the Electronic Documents Protocol, or elsewhere in the Agreement, only if (a) a Contractor or other Project-related party (Requesting Party) makes a good faith request for such release, (b) HCPHC determines in its sole discretion that such release is prudent and will be beneficial to the Project, and (c) HCPHC obtains Requesting Party's written consent to the four conditions set forth in Exhibit F Paragraph 1.01.C.2.a.1-4 above.

2. Any services by Engineer in connection with HCPHC or Engineer providing a Document to a Requesting Party under this Exhibit F Paragraph 1.01.D is included in basic services of the task order.

ARTICLE 1—INSURANCE

Paragraph 6.04 of the Main Agreement, Insurance, is supplemented to include the following Exhibit G Paragraphs 1.01 and 1.02:

1.01 Insurance Policies and Limits

A. In accordance with Paragraph 6.04.A of the Main Agreement, the insurance that Engineer must procure and maintain, and the policy limits of such insurance, are as follows:

Coverage	Policy limits of not less than:
Workers' Compensation	
State	Statutory
Employer's Liability	
Each accident	$1,000,000
Each employee	$1,000,000
Policy limit	$2,000,000

B. In accordance with Paragraph 6.04.C of the Main Agreement, the insurance that HCPHC must procure and maintain, and the policy limits of such insurance, are as follows:[1]

Coverage	Policy limits of not less than:
Workers' Compensation	
State	Statutory
Employer's Liability	
Each accident	$1,000,000
Each employee$	$1,000,000

C. During the term of this Main Agreement the Engineer shall notify HCPHC of any other Subconsultant or Engineer's Subcontractor to be listed as an additional insured on HCPHC's and applicable Contractor's general liability policies of insurance.

D. The HCPHC must be listed on Engineer's general liability policy as provided in Paragraph 6.04.B.

E. For applicable Contractor's general liability policies of insurance, the additional insured endorsements will include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together). If Contractor demonstrates to HCPHC that the specified ISO endorsements are not commercially available, then Contractor may satisfy this requirement by providing equivalent endorsements.

F. For applicable Contractor's general liability policies of insurance, Contractor shall provide ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged

[1] For clarification as referenced in part E. of the Main Agreement, HCPHC will maintain the above, but will not add Engineer as Additional Insured, nor does HCPHC's coverage apply to the project at hand.

AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES— TASK ORDER EDITION

PART 3 OF 4: TASK ORDER FORM

TASK ORDER NO. [___]

This is Task Order No. [_____], consisting of 8 pages.

Guidance Notes

1. For each specific Task Order, modify this form as to scope, compensation, schedule, baseline information, and other key items. Where the services of the Engineer involve activities under other related Task Orders, those Specific Projects should be identified in this Task Order.
2. For additional discussion regarding the use of this Task Order Form, see the Guidelines for Use section that precedes the text of the Main Agreement.

In accordance with Paragraph 1.01, Main Agreement, of the Agreement Between Owner and Engineer for Professional Services—Task Order Edition dated **[date]**, Owner and Engineer agree as follows:

ARTICLE 2—TASK ORDER DATA

a.	Effective Date of Task Order:	
b.	Owner:	
c.	Engineer:	
d.	Specific Project (title)	
e.	Specific Project (description):	
f.	Related Task Orders Supplemented by this Task Order: Superseded by this Task Order:	

ARTICLE 3—BASELINE INFORMATION

Guidance Notes – Baseline Information

1. Inherent in establishing the scope of Engineer's services for a specific Task Order is clearly defining the nature of the facility or facilities to be studied, planned, designed, or built, to the extent known at the time the Task Order is issued. Providing such information creates a mutual understanding by the parties as to the services that will be needed, as well as the level of effort and time (and thus cost) required to deliver those services. To accurately establish the scope of services, it is almost always in the best interest of both the Owner and the Engineer when the Owner provides as much detailed baseline information regarding the facilities as is reasonably available.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

2. If known, the baseline information regarding the physical improvements to be designed should include important controlling features, assumptions, and limitations that may affect Engineer's services. The information may be expressly stated below or by reference to external sources, such as requests for proposal or actual proposals, both of which often contain project descriptions.

Baseline Information. Owner has furnished the following Specific Project information to Engineer as of the Effective Date of the Task Order. Engineer's scope of services has been developed based on this information.

1. Here insert relevant information about the Specific Project, either directly or by reference, to the extent known and necessary to give context to the Engineer's services that are specified in Exhibit A.
2. Below are some suggested or sample categories of information that may have been furnished to Engineer as baseline information about the Specific Project. Other categories may be relevant to the specific engagement.
3. In Paragraph 6.09.A of the Main Agreement the Owner represents that no Constituents of Concern, other than those disclosed to Engineer, exist at or adjacent to the Site. Such disclosures may be made here; and any specific exception to the Owner's representation should be addressed here or elsewhere in the Task Order.
4. Note that the term "Specific Project" is broadly defined; in most cases it will be sufficient here to describe information relevant to those portions of the Specific Project within Engineer's scope of services.

Type and Size of Facility: _____

Description of Improvements: _____

Expected Construction Start: _____

Prior Studies, Reports, Plans: _____

Facility Location(s): _____

Current Specific Project Budget: _____

ARTICLE 4—SERVICES OF ENGINEER ("SCOPE")

A. The specific Basic Services to be provided or furnished by Engineer under this Task Order are:

[Select one of the following options and delete the others.]

☐ Exhibit A to Task Order, "Engineer's Services for Task Order," as attached to this specific Task Order. **[Attach a scope of services exhibit labeled "Exhibit A." This exhibit will often be based on E-505's published Exhibit A to Task Order, as modified for the specific Task Order; or at the user's option the exhibit may consist of an attached custom-drafted scope of services, or a scope of services set out in a separate document such as a letter or proposal.]**

B. All of the services included above comprise Basic Services for purposes of Engineer's compensation under this Task Order, with the exception of Resident Project Representative Services, if any, which are compensated separately.

Notes to User

1. If RPR services are not in the scope of this Task Order, do not include any references to RPR services in Exhibit A for this Task Order (or state "Does not apply" or similar), or in any other scope of services text or document.
2. Modify Exhibit D to Task Order to suit this specific Task Order, and attach the modified document.

C. Resident Project Representative (RPR) Services:

1. If the Scope established in Paragraph 2.A above includes RPR services, then Exhibit D to Task Order is expressly incorporated in this Task Order by reference.

D. Additional Services: Services not expressly set forth as Basic Services in Paragraph 3.A above, and necessary services listed as not requiring Owner's written authorization, or requiring additional effort in an immediate, expeditious, or accelerated manner as a result of unanticipated construction events or Specific Project conditions, **[if more clarity is needed, identify specific situations qualifying as additional effort, such as those described in Exhibit A to Task Order, Paragraph 2.01]** are Additional Services, and will be compensated by the method indicated for Additional Services in this Task Order. All other Additional Services require mutual agreement and may be authorized by amending the Task Order as set forth in Paragraph 8.05.B.2 of the Main Agreement, with compensation for such other Additional Services as set forth in the amending instrument.

ARTICLE 5—DELIVERABLES SCHEDULE

A. In submitting required Documents and taking other related actions, Engineer and Owner will comply with Exhibit B to Task Order, attached to this specific Task Order.

ARTICLE 6—ADDITIONS TO OWNER'S RESPONSIBILITIES

A. Owner shall have those responsibilities set forth in Article 2 of the Main Agreement, and the following supplemental responsibilities that are specific to this Task Order: **[State any supplementary Owner responsibilities applicable to this Task Order here.]**

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

ARTICLE 7—TASK ORDER SCHEDULE

A. In addition to any schedule provisions provided in Exhibit B or elsewhere, the parties shall meet the following schedule: **[Indicate "Not Applicable" if the schedule in Exhibit B, as modified for the specific Task Order, is sufficient.]**

Date	Action / Milestone	Comment

ARTICLE 8—ENGINEER'S COMPENSATION

A. The terms of payment are set forth in Article 4 of the Main Agreement.

B. Owner shall pay Engineer for services rendered under this Task Order as follows:

Notes to User

1. Delete line items that do not apply to this Task Order.
2. For each line item indicate either "Lump Sum," "Direct Labor," "Hourly Rates" or other method as the Basis of Compensation.
3. Revise, if necessary, with descriptions of key phases or subtasks, or cross-reference to Exhibit A to Task Order or other scope of services as appropriate.
4. In the typical Task Order many of the line items under Item 1, Basic Services, will be governed by a single Basis of Compensation; however, it is not unusual to have some variation in compensation methods among the services, so the table allows the user to establish specific bases of compensation for each of the various Basic Compensation phases or subtasks (1.a and following.) Add or remove subtask items as needed.
5. If compensation for a phase or subtask of Engineer's services will vary if the construction contractor extends its time at the site, then the information furnished in the asterisked note at the end of the table will serve as the baseline for a possible adjustment of compensation.

Description of Service	Amount	Basis of Compensation
1. Basic Services	$[ ]	[ ]
a. Phase or Subtask 1	$[ ]	[ ]
b. Phase or Subtask 2	$[ ]	[ ]
c. Phase or Subtask 3	$[ ]	[ ]
d. Phase or Subtask 4*	$[ ]	[ ]

TOTAL COMPENSATION Not To Exceed (items 1 and 2)	$[ ]	
3. Additional Services under Section 2.D above Not To Exceed	(N/A)	[ ]

C. Estimated totals included in the breakdown by phases incorporate Engineer's labor, overhead, profit, reimbursable expenses (if any), and Subconsultants' charges, if any. Compensation is based on Time and Material and shall not exceed total amount stated above unless approved in writing by the Owner

Guidance Notes—Preparing Exhibit A for the Specific Project

1. As published, Exhibit A, Engineer's Services Under Task Order, contains a comprehensive scope of services, starting with Study and Report Phase services and continuing through Preliminary Design, Final Design, Construction Phase services, Post-Construction services, and potential Additional Services. For each specific Task Order, Owner and Engineer should carefully review and modify Exhibit A to reflect the needs of the Specific Project. In some cases this may entail supplementing the published provisions with more specific or detailed descriptions of services. In other cases the parties may substantially trim the scope of services, for example by narrowing the scope to Study and Report Phase services only, or by reducing the Engineer's role during construction.

2. Even when most of Exhibit A as published is retained, the user will note that there are many places in which it is necessary to furnish Task Order-specific information, as indicated by notes and prompts.

3. Exhibit A as published is coordinated with the Main Agreement and its exhibits, the Task Order Form, and the other Task Order exhibits; and also with the terms and provisions of related EJCDC documents, most notably with the content of EJCDC® C-700 2018, Standard General Conditions of the Construction Contract, and the other 2018 Construction Series documents. When supplementing or revising Exhibit A for use as an exhibit to a specific Task Order, the user should take care to preserve this coordination, by using consistent terminology, and by noting and addressing any divergence between Engineer's duties in Exhibit A (as modified) and in other sections of the Agreement or related documents such as C-700.

4. As an acceptable alternative to basing the scope of Engineer's services on Exhibit A as published, some users prefer to substitute a customized scope of services document. The customized scope of services document may be based on the content of Engineer's proposal to provide services, on Owner's specific procurement and construction processes, or on highly specialized descriptions of services. When a customized scope of services is used (as an alternative to basing the scope on Exhibit A as published), the user should take additional precautions to assure coordination of duties, requirements, and terminology within the Agreement, and with respect to related documents.

5. This Exhibit has been drafted in anticipation of use with a Task Order under a Specific Project. (See definition of "Specific Project" in the Main Agreement, Paragraph 7.01.A.) If the term "Project" is used alone, it should be construed as applying to that Specific Project, unless by context, the use plainly refers

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

to a project or program of which the Specific Project is only a part. Care should be exercised in editing the exhibit to use the term "Specific Project" unless a different concept is intended.

6. This Exhibit A, Engineer's Services Under Task Order, differs from the Exhibit A ("Engineer's Services) that accompanies EJCDC® E-500 in two significant respects: (a) E-500's Exhibit A begins with a Baseline Information section. In this document, the Baseline Information section has been relocated to the Task Order Form. (b) E-500's Exhibit A contains a complete Management of Engineering Services section. In this document, the Management of Engineering Services provisions have been relocated to Paragraph 1.03 in the Main Agreement; this is noted in Paragraph 1.01 below.

Article 1 of the Main Agreement, Services of Engineer, is supplemented to include the following provisions:

Engineer shall provide Basic and Additional Services as set forth below.

Guidance Notes—Quantification of Certain Services

1. This Exhibit includes numerous services that, depending on the nature of the Task Order, will likely be provided on multiple occasions, for repetitive activities, or recurring periods or intervals. Examples are progress meetings, responding to requests for information or interpretation (RFI), reviewing Bidder or Contractor "or equals" or substitution requests, and processing Change Proposals.

a. Because the quantity of such repetitive activities is wholly dependent upon the needs of the Project, no single or "standard" specified quantity is offered here.

b. The general approach of this Exhibit is that Engineer's Basic Services include a reasonable number of such repetitive activities, unless a bracketed selection or option is provided.

c. Excessive quantities of repetitive activities are typically handled as Additional Services.

d. The parties may desire specificity as to the quantity of any repetitive service to be provided, both to assure the Owner as to the number of such activities to be included and to facilitate budgeting for Basic Services. Anywhere in this Exhibit A that a repetitive service is stated, the parties may modify the wording to define a specific quantity for the service to be included as a Basic Service.

ARTICLE 11—BASIC SERVICES

11.01 Management of Engineering Services

A. See Main Agreement, Paragraph 1.03.

11.02 Study and Report Phase

A. Engineer shall:

1. Consult with Owner to define and clarify Owner's requirements for the Specific Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations, and identify available data, information, reports, facilities plans, and site evaluations.

a. If Owner has already identified one or more potential solutions to meet its Specific Project requirements, then proceed with the study and evaluation of the Owner-identified potential solutions listed here:

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

1) **[List the specific potential solutions to be studied and evaluated here].**

b. If Owner has not identified specific potential solutions for study and evaluation, then assist Owner in determining whether Owner's requirements, and available data, reports, plans, and evaluations, point to a single potential solution for Engineer's study and evaluation, or are such that it will be necessary for Engineer to identify, study, and evaluate multiple potential solutions.

c. If it is necessary for Engineer to identify, study, and evaluate multiple potential solutions, then identify **[insert specific number]** alternative solutions potentially available to Owner, unless Owner and Engineer mutually agree that some other specific number of alternatives should be identified, studied, and evaluated.

2. Identify potential solution(s) to meet Owner's Specific Project requirements, as needed.

3. Study and evaluate the potential solution(s) to meet Owner's Specific Project requirements.

4. Visit the Site, or potential Specific Project sites, to review existing conditions and facilities, unless such visits are not necessary or applicable to meeting the objectives of the Study and Report Phase.

5. Assess initially available Specific Project information and data, including the Baseline Information set forth at the beginning of this Exhibit A.

6. Advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer additional Specific Project-related information and data, for Engineer's use in the study and evaluation of potential solution(s) to Owner's Specific Project requirements, and preparation of a related report.

7. After consultation with Owner, recommend the solution(s) which in Engineer's judgment meet Owner's requirements for the Specific Project.

8. Identify, consult with, and analyze requirements of authorities having jurisdiction to permit or approve construction or operation of the portions of the Specific Project to be designed or specified by Engineer, including but not limited to impacts and mitigating measures identified in previously prepared environmental assessments for the Specific Project provided to the Engineer or being concurrently prepared for Owner by others.

9. Advise the Owner of any need for Owner to provide data or services of the types described in Article 2 of the Agreement, for use in Specific Project design, or in preparation for Contractor selection and construction.

10. Assist Owner in evaluating the possible use of building information modeling; civil integrated management; geotechnical baselining of subsurface conditions at the Site; innovative design, contracting, or procurement strategies; project delivery method; or other strategies, technologies, or techniques for assisting in the design, construction, and operation of Owner's facilities. The subject matter of this paragraph will be referred to in Exhibit A as "Specific Project Strategies, Technologies, and Techniques."

11. Assist Owner in identifying opportunities for enhancing the sustainability of the Specific Project, and pursuant to Owner's instructions, plan for the inclusion of sustainable features in the design.

12. Review with Owner the thresholds established in applicable codes, standards, and design criteria specifically governing the ability of the proposed facilities or improvements to perform, and to absorb or avoid damage without suffering complete or substantial failure. As part of the review, identify additional risk assessment studies or tools that are available to evaluate the susceptibility of the facilities or improvements to natural and man-made events beyond the applicable established

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

thresholds. Upon Owner request, as an additional service, perform additional risk assessment studies or tools to further evaluate system resiliency beyond the applicable established thresholds.

13. Utilities, including Underground Facilities

a. Review any utility mapping and surveys and other utilities documentation made available by Owner. Take note of observable utilities during Site visit.

b. Identify, in a preliminary manner and to the extent determinable by such mapping or other information provided by Owner, and by observations at the Site, those utilities (whether above-ground utilities of any type, or Underground Facilities) likely to be affected by the Specific Project construction and additional utility facilities or extensions that will be needed to serve the Specific Project.

c. If the impact on existing utilities or the need for additional utility facilities or extensions cannot reasonably be determined in a preliminary manner from mapping or other information provided by Owner, or such information was not available from Owner, then assist Owner in evaluating the need to either obtain additional utility mapping and utility documentation during the Study and Report Phase, or undertake other alternative approaches and contingencies to account for utility uncertainties in this phase.

d. Advise Owner of additional utility documentation and coordination needed during the design and construction phases to adequately assess, mitigate, and manage the impact of the Specific Project (including any additional utility facilities or extensions needed to serve the Specific Project) on existing utilities.

e. Use ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data" as a means to advise the Owner regarding the extent and identification and mapping of existing Underground Facilities during the design and construction phases.

1) If Owner has retained a land surveyor, utility engineer, or utility consultant, collaborate with such individuals or entities regarding the application of ASCE 38.

14. Inquire regarding survey methodologies and technologies that would aid in addressing Owner's Specific Project requirements. Develop a scope of work and survey limits for any topographic and other surveys necessary for design. For recommended survey deliverables, specify a) required technical specifications; b) pertinent datum; c) survey limits, and d) formats of deliverables. Collaborate with land surveyor, when separately retained by Owner or third party, to develop such scope of work.

15. Prepare a report (the "Report") which will, as appropriate, contain schematic layouts, sketches, and conceptual design criteria with appropriate exhibits to indicate the agreed-to requirements, considerations involved, and Engineer's recommended solution(s).

a. For each recommended solution, Engineer will separately tabulate Total Project Cost, itemizing those items and services included within the definition of Total Project Costs.

b. Engineer will meet with Owner to discuss the draft Report and receive Owner's comments.

16. Perform or provide the following other Study and Report Phase tasks or deliverables:

a. **[List any such tasks or deliverables here].**

17. Furnish the Report and any other Study and Report Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit B, and review the deliverables with Owner.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

18. Revise the Report and any other Study and Report Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

B. Engineer's services under the Study and Report Phase will be considered complete on the date when Engineer has delivered to Owner the final Report (as revised) and any other Study and Report Phase deliverables.

Guidance Notes—Preliminary Design Phase

1. In the Preliminary Design Phase, all major decisions on the Specific Project's scope, extent, design criteria, and quality should be finalized, and a preliminary design (usually including preliminary drawings and a preliminary list of expected specifications) established. The Preliminary Design Phase should fully set the stage for development of the final Drawings, Specifications, and other Bidding Documents.

2. The suggested report content included in Exhibit A for the Study and Report Phase (Exhibit A Paragraph 1.02 above) and the Preliminary Design Phase (Exhibit A Paragraph 1.03 below) are general guides to elements and subject matter often contained in such reports, and may be either more or less comprehensive than what is needed to establish the scope of Engineer's services for the Specific Project.

3. As with all of Exhibit A, the scope for report content is intended to be customized for each particular Specific Project.

4. Many owners, funding agencies, and regulatory authorities have published report guidelines that may be good resources for establishing a report scope. For example, the United States Department of Agriculture, Rural Development (USDA/RD), has developed a template for preliminary engineering reports (PER) which may also be useful guidance for projects without USDA/RD involvement.

5. Often in engineering projects, the interim design submittals are labeled as 30%, 60%, 90%, and 100%, or other percentages based on owner usage, to indicate level of completeness of the overall design. These can be misleading labels, as level of completeness is not easily measured in objective metrics, and, on multidiscipline projects (the rule, not the exception), not all disciplines are at the same level of completeness at every design submittal. EJCDC does not use the percentage system to define design completion status, but as an approximate reference for users who are accustomed to percentages, completion of Engineer's services in the Preliminary Design Phase roughly corresponds to 30% design completion.

6. The Preliminary Design Phase services that follow include specific obligations with respect to utilities at the Site. These should be carefully reviewed and modified as necessary to conform to practices and Laws and Regulations applicable to the Specific Project.

11.03 Preliminary Design Phase (30%)

A. After acceptance by Owner of the Report and any other Study and Report Phase deliverables (if Engineer's services under this Agreement included Study and Report Phase services); selection by Owner of a recommended solution; issuance by Owner of any instructions for use of Specific Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design, or enhanced resiliency of the design; indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Specific Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document in writing any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from the selected solution,

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

related Specific Project Strategies, Technologies, or Techniques, sustainable design and resiliency instructions, specific modifications to the Specific Project, or changes, refinements, or supplementation of the Baseline Information.

B. Upon written authorization from Owner, Engineer shall:

1. Review and assess all available Specific Project information and data, including any pertinent reports or studies (whether prepared by Engineer or others) and any related instructions from Owner.

2. Based on the threshold review and assessment of available information and data, advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer any additional information and data, for Engineer's use in the preparation of a Preliminary Design Phase Report.

3. Prepare a Preliminary Design Phase Report in the following format: **[specify the format that is appropriate to the scope of the design and sufficient for Owner's purposes—ranging from a consolidated and comprehensive narrative report to an assemblage of required documents]**.

4. The Preliminary Design Phase Report will consist of final design criteria, preliminary drawings, a preliminary list of expected specifications, and written descriptions of the Specific Project. The Preliminary Design Phase Report will consider the following matters to the extent applicable to the Specific Project and as necessary to establish the basis of design for proceeding to final design and construction:

a. The Specific Project concept, intent, performance criteria, desired outcomes, Owner's standards and Owner directed improvements and facility elements as established in the Study and Report Phase and as expressly set forth in the Baseline Information section of this Exhibit A (collectively the "Specific Project Goals").

b. Recommended appropriate design criteria for each primary portion and significant discipline of the design necessary to address the Specific Project Goals.

c. Site conditions and characterization as known at the time of, or to be determined during, the Preliminary Design Phase, including topography; subsurface information; Constituents of Concern; cultural, historical, and archaeological resources at the Site; wetlands information; and evaluations of flora and fauna that may be affected by the Specific Project.

d. The time schedule for completion of the Specific Project in accordance with Specific Project Goals, including any recommended changes to the time required to complete the Final Design Phase (as set forth in Exhibit B, Deliverables Schedule) and estimated schedule(s) for construction.

e. Identification of major items of materials and equipment, rationale for selection with consideration of quality, suitability, pricing, sourcing, regulatory, and bidding issues affecting recommended selection.

f. Revised opinions of probable Construction Cost.

g. The impact of Specific Project Strategies, Technologies, and Techniques, sustainable features, and enhanced resiliency selected by Owner for inclusion in the Specific Project on the Specific Project Goals, schedule and probable Construction Cost, including impact of multiple prime construction contracts, separate procurement of materials or equipment, and other alternate project delivery methods when the Specific Project Goals necessitate and Owner authorizes;

h. Construction Phase quality assurance and quality control needs affecting development of Drawings and Specifications and other Final Design and Bidding Phase documents.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

i. The effect of permits and authorizations by other entities and utility coordination needs on the Specific Project.

j. Other matters and information pertinent to addressing the Specific Project Goals.

5. In preparing the Preliminary Design Phase Report, use any specific applicable Specific Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features and enhanced resiliency, as appropriate, pursuant to Owner's instructions.

6. Visit the Site as needed to prepare the Preliminary Design Phase Report.

7. If at any point in the Preliminary Design Phase it becomes apparent to Engineer that additional reports, data, information, or services of the types described in Article 2 are necessary, then so advise Owner, and assist Owner in obtaining such reports, data, information, or services.

8. Above-Ground Utilities

a. Review above-ground utilities information obtained from Owner and from observations at the Site.

b. Make recommendations regarding any further identification, investigation, and mapping of above-ground utilities at or adjacent to the Site, for Engineer's design purposes or otherwise.

c. Account for above-ground utilities, based on available information, when advancing design during the Preliminary Design Phase.

9. Underground Facilities

a. Review Underground Facilities data furnished by Owner. Assist Owner in reducing and managing risks associated with Underground Facilities by working together with Owner to jointly establish a procedure ("Underground Facilities Procedure") for the further identification, investigation, and mapping of Underground Facilities at or adjacent to the Site, using ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data," as a basis for establishing such Underground Facilities Procedure.

b. Such Underground Facilities Procedure must take into account the Site and the nature of the Specific Project.

c. Use the Underground Facilities Procedure to aid in the performance of design services:

1) Account for Underground Facilities, based on available information, when advancing the design during the Preliminary Design Phase.

2) The Underground Facilities Procedure will include a plan to keep Underground Facilities information current as Engineer proceeds with the provision of design services, and to add new or relocated Underground Facilities information to the base utility or Site drawings.

3) To manage the potential impact of design changes on Underground Facilities, Engineer shall work together with Owner to modify or reapply the Underground Facilities Procedure as the design progresses and changes.

10. Mitigation of Utilities Conflicts

a. Identify potential conflicts between the Specific Project (including existing and new facilities and structures) and above-ground utilities and Underground Facilities as reviewed in Exhibit A Paragraphs 1.03.B.8 and 9 above, and advise Owner regarding the need for resolution of such conflicts

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

with utility and Underground Facilities owners and permit agencies. Identify the potential need for the relocation of existing above-ground utilities and Underground Facilities.

b. Update the Underground Facilities Procedure as necessary for any Underground Utilities conflicts and relocations.

c. Working together with Owner, jointly identify which specific parties or other entities will be responsible for implementation of the various specific parts of the Underground Facilities Procedure (including those parts that address resolution of Underground Facilities conflicts), and for resolution of above-ground utilities conflicts. Such identification will take into account Owner's authority and standing, as owner of the Site, with respect to Underground Facilities and above-ground utilities.

1) To the extent that Owner and Engineer agree that in addition to performing the design-related obligations set forth in Exhibit A Paragraphs 1.03.B.8 and 9, Engineer will also implement any non-design part of the Underground Facilities Procedure (including resolution of Underground Facilities conflicts), or undertake resolution of above-ground utilities conflicts, such additional duties will be Additional Services under Article 2 of this Exhibit A.

11. Surveys, Topographic Mapping, and Utility Documentation

a. Coordinate with Owner's utility engineer, utility consultant, or land surveyor for the necessary field surveys, topographic mapping, and utility documentation required for Engineer's design purposes, or by the Underground Facilities Procedure.

b. If no scope of work and procedure for utility documentation has been established, selected, or authorized, then at a minimum Engineer will contact utility owners and obtain available information. Except as otherwise provided in this Agreement, Owner acknowledges that the information gathered from utility owners may be incorrect, incomplete, outdated, or otherwise flawed, and as to Engineer, bidders, and Contractor, the Owner accepts all associated risks. Owner reserves all associated rights as to recourse against the sources of such flawed information and against third parties.

12. Prepare initial draft of a comprehensive permit document that identifies Owner's permit duties, Engineer's permit duties, and Contractor's permit duties, and the schedule for permitting activities.

13. Continue to assist Owner with Specific Project Strategies, Technologies, and Techniques that Owner has chosen to implement in Exhibit A Paragraph 1.03.A.

Notes to User—If Engineer will have limited or no involvement in preparing Bidding/Proposal Documents or Front-End Construction Contract Documents, modify the following paragraph. See Guidance Note 3 at Exhibit A Paragraph 1.04.

14. Obtain Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's Bidding/Proposal Documents and Front-End Construction Contract Documents.

a. Also obtain copies of Owner's standard Bidding/Proposal Documents and Front-End Construction Contract Documents, and any other related documents or content for Engineer to include in drafts of the Specific Project-specific Bidding/Proposal Documents and Front-End Construction Contract Documents, when applicable.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

b. Review Owner's instructions regarding procurement, bidding and contracting of construction services with respect to effects on the Specific Project design, schedule and construction and address as needed in the Preliminary Design Phase deliverables.

15. Prepare the Preliminary Design Phase Report. This Report will consist of, as appropriate, separate or combined submittals in whole or summary, the Preliminary Design Phase documents listed in Exhibit A Paragraph 1.03.B.4, and Engineer's findings and recommendations for advancing the Specific Project to the Final Design Phase (including Engineer's findings and recommendations, if any, regarding permitting, utilities, and Underground Facilities). The submittal will be in the format of a report, or otherwise organized and assembled for ease and practicality of use.

a. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and on the basis of information furnished by Owner, assist Owner in tabulating the various cost categories which comprise Total Project Costs.

b. Engineer will meet with Owner to discuss the draft Preliminary Design Phase submittal and receive Owner's comments.

16. Perform or provide the following other Preliminary Design Phase tasks or deliverables:

a. **[List any such tasks or deliverables here].**

17. Furnish the Preliminary Design Phase Report, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit B, and review the deliverables with Owner.

18. Revise the Report and any other deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

C. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Preliminary Design Phase Report (as revised) and associated documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables.

11.04 Final Design Phase (60%, 90% and 100%)

Guidance Notes

1. In the Final Design Phase, the Engineer prepares the final Drawings and Specifications. In many cases the Engineer will also prepare or assist in the preparation (by Owner or others) of the bidding and contracting documents.

2. As noted above with respect to the Preliminary Design Phase, in Guidance Note 5, immediately preceding Exhibit A Paragraph 1.03 above, it is common to refer to interim design submittals as 30%, 60%, 90%, and 100%, to indicate the level of completeness of the overall design. Although EJCDC does not use these percentage labels (for the reasons stated in the cited Guidance Note 5 above), for reference purposes the Engineer's completion of the Preliminary Design Phase should bring the design to roughly 30% completion. The first draft referred to here in the Final Design Phase (1.04.B.1) is a rough equivalent of 60% completion; the second draft (1.04.B.2) may be thought of as roughly 90% completion; and the third and final draft (1.04.B.3) as 100% completion.

3. Some owners prefer to handle the preparation of construction procurement (by bidding or other selection methods) and the construction contract documents (together commonly referred to as "Division 00" under the Construction Specifications Institute (CSI) MasterFormat™) with little or no involvement by

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

the Engineer, other than with respect to Engineer's preparation or furnishing of the Drawings, Specifications, and other design and technical documents. Instead, such owners rely either on their own in-house staff and legal counsel for such services, or on third-parties such as a construction manager. When such is the case, modify the requirements of Exhibit A Paragraph 1.04.D, regarding Bidding/Proposal Documents and Construction Contract Documents, as well as the contents of Article 2, Owner's Responsibilities, to fit the requirements of the specific engagement.

4. This exhibit has been coordinated for use with the 2018 EJCDC Construction Documents. When other bidding and contract documents will be used on the Specific Project, it is important for the Owner and Engineer to carefully coordinate the Engineer's authority, responsibilities, and scope of services (especially during construction) under such other forms with the provisions of Exhibit A. If the final bidding and contract requirements are not known at the time of the execution of the agreement, some modifications to the Agreement may be needed during the review by the parties under the Construction Phase services in Exhibit A Paragraph 1.06.A.

A. After acceptance by Owner of the Preliminary Design Phase Report and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Specific Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Specific Project, or changes, refinements, or supplementation of the Baseline Information.

1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **[Enter number of contracts]**. If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more separate design professional consultants or prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.

B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase Report (as revised) and other Preliminary Design Phase deliverables. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows, pursuant to the Deliverables Schedule in Exhibit B:

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

Notes to User—The number of interim drafts of the Drawings and Specifications (design documents) to be delivered to Owner during the Final Design Phase will vary, depending on Specific Project needs and complexity. The following paragraphs and the associated Exhibit B, Deliverables Schedule, assume delivery of two interim drafts of the design documents during this Phase, followed by delivery of the final Drawings and Specifications—edit to add or remove interim deliveries based on the needs of the Specific Project. Consider adding detail regarding the criteria, objectives, and characteristics of the interim submittals; and note any exceptions to the requirement to include all Drawings and Specifications in each interim delivery.

1. First Final Design Phase draft of all Drawings and Specifications.

2. Second Final Design Phase draft of all Drawings and Specifications, addressing Owner comments and including appropriate design advancement.

3. Final Drawings and Specifications that address Owner comments; complete the design; are suitable for estimating and pricing by prospective Contractors; and are complete and ready for construction.

C. In preparing the Specifications (and any bidding, contract, or other documents that are part of Engineer's scope of services), Engineer shall obtain from Owner or Owner's legal counsel any relevant constraints such as requirements for use of domestic steel and iron, other domestic purchasing requirements, statutory restrictions on utilizing proprietary specifying methods, and the like, and comply with or account for such constraints in drafting Specifications, Bidding/Proposal Documents, and other Specific Project documents.

D. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:

1. Template documents will be provided by owner.

2. When Engineer is required to use other than the documents provided by owner, then as required in the Preliminary Design Phase Owner will furnish to Engineer a copy of the required documents to be used for the Specific Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Specific Project.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.

E. During the Final Design Phase the Engineer shall continue to account for above-ground utilities and Underground Facilities as the design advances and is finalized. This may include:

1. performing the services assigned to Engineer under the Underground Facilities Procedure described in Exhibit A Paragraph 1.03 above, including but not limited to the design-related tasks in Exhibit A Paragraph 1.03.B.9.

2. addressing required and proposed activities or mitigations identified in the analysis of utilities and by the Underground Facilities Procedure as having an impact on the final design, and considering such in preparing the Drawings and Specifications.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

F. Engineer shall perform or furnish the following other Final Design Phase services:

Notes to User—It may be prudent to specify the number of site visits, especially if field verification of existing facilities is necessary.

1. Visit the Site as needed to assist in preparing the final Drawings and Specifications.

2. Assist with or prepare applications for permits and approvals, as follows:

a. Update comprehensive permit document created in Preliminary Design Phase for Final Design detail.

b. Prepare the following applications for Owner's submittal to authorities having jurisdiction over the construction or operation of the Specific Project:

1) **[identify specific permit or approval applications]**.

c. Confer with Owner regarding revisions, if any, to the application(s), and make appropriate revisions to the application(s) for Owner's resubmittal to the authority having jurisdiction.

d. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of the authorities having jurisdiction listed above, including applications for review or approval of the final design.

e. Identify and indicate in the Construction Contract Documents the permits and approvals for which Contractor will be responsible, including work permits, building permits, and other permits and approvals that will be Contractor's responsibility; and, in addition, indicate those permits initially obtained by Owner for which Contractor will be a co-permittee, together with associated requirements.

f. Unless expressly indicated otherwise, Engineer's scope and budget includes attending one meeting or conference call with each permit and approval-issuing agency to discuss the Specific Project and receive the agency's comments on the application.

g. Engineer does not guarantee issuance of any required permit or approval.

h. Fees charged by authorities having jurisdiction for such permits or approvals are the responsibility of Owner.

3. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost. Furnish to Owner an updated opinion of probable Construction Cost with the interim and final deliverables of the Drawings and Specifications.

4. After consultation with Owner, include in the Front-End Construction Contract Documents any Electronic Document Protocol addressing specific protocols for the transmittal of Specific Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Specific Project website.

5. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.

6. Review the preliminary schedule for the Construction Phase and advise Owner when initial understanding of the Construction Contract Times must or should be revised, and furnish Owner with recommendations on revisions to the proposed Construction Contract Times.

7. Engineer's project manager and other appropriate staff will participate in the following meetings and conference calls:

a. First draft design review meeting at Owner's office.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

b. Second draft design review meeting at Owner's office.

c. **[Indicate others as appropriate for the Specific Project].**

d. Engineer will prepare and distribute minutes of each such meeting and conference call, indicating attendees, topics discussed, decisions made, and action items for follow-up.

8. Perform or provide the following other Final Design Phase activities or deliverables:

a. **[List any such tasks or deliverables here].**

G. Engineer shall complete the Final Design Phase as follows:

1. Pursuant to the requirements of the Deliverables Schedule in Exhibit B, furnish for review by Owner, its legal counsel, and other advisors, the final Drawings and Specifications (as set forth in Exhibit A Paragraph 1.04.B.3 above); assembled drafts of other Construction Contract Documents including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost; and any other Final Design Phase deliverables, and review the deliverables with Owner.

2. Revise the final Design Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

3. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.

11.05 Bidding/Proposal Phase

A. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:

1. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.

a. **Bid documents will be distributed via Owner's planroom at www.portairspacework.com**

b. **Electronic bids will be received at www.portairspacework.com.**

2. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.

3. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Exhibit A Paragraph 2.01.A.2.

4. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

5. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.

6. Consult with Owner as to the qualifications of prospective contractors.

7. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.

8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

9. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

a. Coordinate with outside funding sources on funding requirements and documentation required with bids

b. Provide grant scope modifications if necessary

10. The Bidding/Proposal Phase will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

11.06 Construction Phase

A. After completion of the Final Design Phase and concurrent with the Bidding/Proposal Phase, and after issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, design, schedule, number of prime construction contracts, and other construction requirements of the Specific Project during the Construction Phase desired by Owner, the Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services or compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from specific modifications to the Specific Project.

1. Engineer shall be responsible only for those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified

2. Engineer shall be responsible for any professional opinions and interpretations provided by Engineer to Owner during the Construction Phase or Post-Construction Phase, including interpretations or clarifications of the Construction Contract Documents.

B. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in Standard General Conditions of the Construction Contract or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2)

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.

b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.

c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.

2. Resident Project Representative (RPR): Engineer will provide the services of an RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit D. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D. **[If Engineer will not be providing RPR services under the specific Task Order, then delete this Paragraph 3 by inserting the word "DELETED" after the paragraph title; do not include Exhibit D as an exhibit to the specific Task Order; and do not include RPR compensation in Paragraph 7 of the Exhibit specific Task Order.]**

3. Selection of Independent Testing Laboratory: Assist Owner in the selection of an independent testing laboratory to perform required testing services.

4. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.

5. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

6. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.

7. Schedules: Receive, review, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

a. Schedules will be acceptable to Engineer as to form and substance:

1) Progress Schedule: if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

2) Contractor's Schedule of Submittals: if it provides a workable arrangement for reviewing and processing the required Submittals.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

3) Contractor's Schedule of Values: if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

8. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

9. Permits: Provide Owner with copies of technical information and supporting data previously obtained or developed by Engineer for Owner's use, or for Owner to provide to Contractor, in obtaining required permits and licenses delegated to Contractor by Owner.

10. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:

Notes to User—To the extent that the parties may want to better quantify the number of actual visits for budgeting or quality assurance purposes, it may be advisable to insert at the beginning of Paragraph 11.a an agreed-upon frequency of Engineer's site visits, e.g. "at approximately weekly intervals during periods of active construction" in lieu of the more general "intervals appropriate to the various stages of construction."

a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep Owner informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.

b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Specific Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

11. Defective Work: If, on the basis of Engineer's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.

a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.

b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.

12. Compatibility with Design Concept: If Engineer has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Specific Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.

13. Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.

14. Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

15. Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.

16. Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.

17. Change Proposals and Claims

a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.

b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

18.Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.

19.Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Specific Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.

20.Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit A Paragraph 2.01.A.2.

21.Inspections and Tests

a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

b. Reply to Contractor requests for written concurrence that specific portions of the Work that are to be inspected, tested, or approved may be covered.

c. Issue written requests to Contractor that specific portions of the Work remain uncovered.

d. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.

e. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.

22.Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).

b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

23.Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under Exhibit A Paragraph 1.06.B.20. Receive from Contractor, review, and transmit to Owner the annotated record documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.

24.Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.

25.Other Tasks: Perform or provide the following other Construction Phase tasks or deliverables:

a. **[List any such tasks or deliverables here].**

26.Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:

a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;

b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;

c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and

d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using Notice of Acceptability of Work (attached as Exhibit E), stating that the Work is

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

acceptable (subject to the provisions of the Notice and this Exhibit A) within the limits of Engineer's knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.

27.Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

C. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Specific Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Specific Project involves more than one prime contract as indicated in Exhibit A Paragraph 1.04.A.1, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

11.07 Post-Construction Phase

A. Upon written authorization from Owner during the Post-Construction Phase, Engineer shall:

1. Together with Owner, visit the Specific Project to observe any apparent defects in the Work, make recommendations as to replacement or correction of defective Work, if any, or the need to repair of any damage to the Site or adjacent areas, and assist Owner in consultations and discussions with Contractor concerning correction of any such defective Work and any needed repairs.

2. Together with Owner, visit the Specific Project within one month before the end of the Construction Contract's correction period to ascertain whether any portion of the Work or the repair of any damage to the Site or adjacent areas is defective and therefore subject to correction by Contractor.

3. Perform or provide the following other Post-Construction Phase tasks or deliverables:

a. **[List any such tasks or deliverables here]**.

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit A, will terminate 12 months after the commencement of the Construction Contract's correction period.

ARTICLE 12—ADDITIONAL SERVICES

12.01 Additional Services Not Requiring Owner's Written Authorization

A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease performing or furnishing such Additional Services upon receipt of written notice to cease from Owner. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Paragraph 7 of the governing Task Order.

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

1. Substantive design and other technical services in connection with Work Change Directives, Change Proposals, and Change Orders to reflect changes requested by Owner.

2. Services essential to the orderly progress of the Bidding/Proposal and Construction Phases and not wholly quantifiable prior to those Phases or otherwise dependent on the actions of prospective individual bidders or contractors and including:

a. making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than "or equal" items;

b. services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Specific Project;

c. evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract; and

d. providing to the Contractor or Owner additional or new information not previously prepared or developed by the Engineer for their use in applying for or obtaining required permits and licenses, in responding to agency comments on such applications, or in the administration of any such permits or licenses.

3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Implement coordination of Engineer's services with other parts of the Specific Project that are not planned or designed by Engineer or its Subconsultants, unless Owner furnished to Engineer substantive information about such other parts of the Specific Project prior to the parties' entry into this Agreement, in the Baseline Information section of this Exhibit A, or otherwise in Exhibit A; if such substantive information has been so provided, coordination of Engineer's services will be part of Basic Services.

6. Implement the specific parts of an Underground Facilities Procedure that are assigned to Engineer, or above-ground utilities tasks that are assigned to Engineer as the Specific Project progresses (but not including the design-related services already assigned to Engineer as a Basic Service).

7. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.

8. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.

9. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.

10. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date that exceed those normally

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

required of engineering personnel by federal, State, or local safety authorities for similar construction sites.

11.To the extent the Specific Project is subject to Laws and Regulations governing public or government records disclosure or non-disclosure, Engineer will comply with provisions applicable to Engineer, and Owner will compensate Engineer as Additional Services for Engineer's costs to comply with any disclosure or non-disclosure obligations beyond those identified in the Basic Services.

12.Services directly attributable to changes in Engineer's Electronic Documents obligations after the effective date of the Agreement.

12.02 Additional Services Requiring Owner's Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Paragraph 7 of the governing Task Order.

1. Obtain or provide specified additional Specific Project-related information and data to enable Engineer to complete its Basic and Additional Services.

2. Preparation of special and customized reporting, invoicing, and related support documentation in addition to that identified to be provided under Basic Services.

3. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Specific Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Specific Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Specific Project.

4. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.

5. Services resulting from significant changes in the scope, extent, or character of the portions of the Specific Project designed or specified by Engineer, or the Specific Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.

6. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Exhibit A Paragraph 1.02.A.1.

7. Services required as a result of Owner's providing incomplete or incorrect Specific Project information to Engineer.

8.

9. Undertaking investigations and studies including, but not limited to:

a. All-hazards risk assessments and other studies to evaluate the feasibility of enhancing the resiliency of the design;

b. detailed consideration of operations, maintenance, and overhead expenses;

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

c. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Specific Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;

d. preparation of appraisals;

e. with respect to proprietary systems or processes requiring licensing, providing services necessary to assist Owner in obtaining such licensing.

f. detailed quantity surveys of materials, equipment, and labor; and

g. audits or inventories required in connection with construction performed or furnished by Owner.

10. Furnishing services of Subconsultants or Engineer's Subcontractors for other than Basic Services.

11. Providing data or services of the types described in Article 2, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.

12. Providing the following services:

a. Services attributable to more prime construction contracts than specified in Exhibit A Paragraph 1.04.A.1.

b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

13. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Article 1 of Exhibit A).

14. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructability review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.

15. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents); preparing pre-qualification procedures and documents, and participating in pre-qualifying prospective Bidders; and preparing Construction Contract Documents for alternate bids.

16. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

17. Services to assist Owner in developing or modifying protocols for transmittal of Electronic Documents by Electronic Means after the effective date of this Agreement, either by revising or adapting Exhibit F to the Specific Project or implementing other Electronic Documents protocols among Specific Project participants.

18. Any services by Engineer in connection with Owner or Engineer providing a Document to a Requesting Party under Exhibit F Paragraph 1.01.D (see Exhibit F, Electronic Documents Protocol), or any other distribution of a Document to a third party. Such services may include but are not limited to preparing the data contained in the requested Document in a manner deemed appropriate by Engineer; creating or otherwise preparing and distributing the Document in a format necessary to respond to Owner's direction or decision to provide the Document to a requesting party, including Contractor, in a format other than that required for deliverables from Engineer to Owner; and

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

services in connection with obtaining required releases from the third parties to which the Documents will be distributed. Compensation for these Additional Services is not contingent upon Owner's reimbursement from the requesting party.

19. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.

20. Preparation of operation, maintenance, and staffing manuals.

21. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Specific Project equipment and systems, and (b) related recordkeeping.

22. Preparing to serve or serving as a consultant or witness for, or producing documents for or on behalf of, Owner in any litigation, arbitration, mediation, lien or bond claim, or other legal or administrative proceeding involving the Specific Project (but not including disputes between Owner and Engineer).

23. Providing construction surveys and staking to enable Contractor to perform its work other than as required under Exhibit A Paragraph 1.06.B.9; any type of property surveys or related engineering services needed for the transfer of interests in real property; providing construction and property surveys to replace reference points or property monuments lost or destroyed during construction; and providing other special field surveys.

24. Providing more extensive services required to enable Engineer to issue notices or certifications requested by Owner.

25. Extensive services required during any correction period, or with respect to monitoring Contractor's compliance with warranties and guarantees called for in the Construction Contract (except as agreed to under Basic Services).

26. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

EXHIBIT N—EXHIBIT B—TASK ORDER DELIVERABLES SCHEDULE

Guidance Notes—Preparing Exhibit B for the Specific Project

1. Exhibit B, Task Order Deliverables Schedule, provides a framework for preparing a schedule for Engineer's progress in performing and completing services. It also allows the user to identify related schedule obligations of Owner—for example, the scheduled "turnaround time" for reviewing a specific set of draft documents and providing comments to Engineer. The sample action items in the table in Exhibit B, as published, are based on the scope of engineering services in Exhibit A, as published. EJCDC contemplates that most users will make changes to Exhibit A: corresponding changes should then be made here in Exhibit B.

2. Many users will replace the sample table with a customized progress schedule, perhaps taken from a proposal, or prepared in another format. When this approach is taken, be sure to coordinate the contents of the schedule with Exhibit A, as modified for the Specific Project. Cross-references to specific provisions of the scope document are typically useful in tying the two exhibits together—see Column 3 below.

3. The last three items in the Task Order Deliverables Schedule, as published, are for possible use if Exhibit A requires the delivery of Documents by Engineer in the Bidding/Proposal Phase, Construction Phase, or Post-Construction Phase. If any of these items are used, it may also be appropriate to add a related entry for Owner's review and acceptance of the deliverables, or for other actions.

4. This schedule is focused on the delivery and review of Documents. As part of its services, Engineer will develop and submit an Engineering Services Schedule that will be consistent with the Deliverables Schedule, but will address a broader range of activities. See Exhibit A Paragraph 1.01.A.1.

5. Careful preparation of the Deliverables Schedule, and compliance with the schedule it establishes, will typically have a significant beneficial impact on project success.

Paragraphs 2.04.E, 3.02.A, and Exhibit A of the Main Agreement are supplemented by the following paragraph and table.

Under the governing Task Order the Engineer shall furnish Documents to Owner as required in Column 2 of the following table (and as further described in Exhibit A), according to the schedule in Column 4. Owner shall comment or take other identified actions with respect to the Documents as indicated in Column 2 (and as further described in Exhibit A), according to the schedule in Column 4.

EXHIBIT P—EXHIBIT D—DUTIES, RESPONSIBILITIES, AND LIMITATIONS OF AUTHORITY OF RESIDENT PROJECT REPRESENTATIVE UNDER TASK ORDER

ARTICLE 13—RESIDENT PROJECT REPRESENTATIVE SERVICES

Article 1 of the Main Agreement, Services of Engineer, and Exhibit A, Engineer's Services Under Task Order, are supplemented to include Exhibit D Paragraphs 1.01, 1.02, and 1.03, as follows:

13.01 Resident Project Representative

A. Engineer shall furnish a Resident Project Representative ("RPR") to observe progress and quality of the Work. RPR is Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

B. The RPR will provide full-time representation **[revise if representation will be less than full time]**.

C. Subject to the scope of RPR's observations of the Work, which may include field checks of materials and installed equipment, Engineer shall endeavor to identify defects and deficiencies in the Work. However, Engineer shall not, as a result of such RPR observations of the Work, supervise, direct, inspect, or have control over the Work, nor shall Engineer (including the RPR) have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to the Work or any Constructor's work in progress, for the coordination of the Constructors' work or schedules, or for any failure of any Constructor to comply with Laws and Regulations applicable to the performing and furnishing of its work. The Engineer (including RPR) neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents. In addition, the specific terms set forth in Exhibit A Paragraph 1.06 are applicable.

13.02 Duties and Responsibilities of RPR

A. The duties and responsibilities of the RPR are as follows:

1. General: RPR's dealings in matters pertaining to the Work in general will be with Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, schedule of values, and other schedules prepared by Contractor and consult with Engineer concerning acceptability of such schedules.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

4. Safety Compliance: Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

5. Liaison

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Construction Contract Documents.

b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

6. Clarifications and Interpretations: Receive from Contractor submittal of any matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. Report to Engineer regarding such RFIs. Report to Engineer when clarifications and interpretations of the Construction Contract Documents are needed, whether as the result of a Contractor RFI or otherwise. Transmit Engineer's clarifications, interpretations, and decisions to Contractor.

7. Shop Drawings, Samples, and other Submittals

a. Receive Samples that are furnished at the Site by Contractor.

b. Receive Contractor-approved Shop Drawings.

c. Receive other Submittals from Contractor.

d. Record date of receipt of Samples, Contractor-approved Shop Drawings, and other Submittals.

e. Notify Engineer of availability of Samples for examination, and forward Contractor-approved Shop Drawings and other Submittals to Engineer. When appropriate recommend distribution of Submittal to specified Subconsultants.

f. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal, if RPR believes that the submittal has not been received from Contractor, or has not been approved by Contractor or Engineer.

8. Proposed Modifications: Consider and evaluate Contractor's suggestions for modifications to the Drawings or Specifications, and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit Engineer's response (if any) to such suggestions to Contractor.

9. Review of Work; Defective Work

a. Report to Engineer whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, and provide recommendations as to whether such Work should be corrected, removed and replaced, or accepted as provided in the Construction Contract Documents.

b. Inform Engineer of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.

c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.

10. Inspections, Tests, and System Start-ups

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

a. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.

b. Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.

c. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

d. Observe whether Contractor has arranged for inspections required by Laws and Regulations, including but not limited to those to be performed by public or other agencies having jurisdiction over the Work.

e. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work, record the results of these inspections, and report to Engineer.

f. Nothing in this Agreement will be construed to require RPR to conduct inspections.

11. Records

a. Maintain at the Site orderly files for correspondence, reports of job conferences, copies of Construction Contract Documents including all Change Proposals, Change Orders, Field Orders, Work Change Directives, Addenda, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, Engineer's clarifications and interpretations of the Construction Contract Documents, progress reports, approved Shop Drawing and Sample submittals, and other Project-related documents.

b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Proposals, Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

c. Upon request from Owner to Engineer, photograph or video Work in progress or Site conditions.

d. Record and maintain accurate, up-to-date lists of the company names and points of contact for Contractors, Subcontractors, and major Suppliers of materials and equipment.

e. Maintain records for use in preparing Project documentation.

f. Upon completion of the Work, furnish original set of all RPR Project documentation to designated recipients.

12. Reports

a. Furnish periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.

b. Draft responses to or make recommends on Change Proposals, Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

c. Furnish to Engineer and Owner copies of all inspection, test, and system start-up reports.

d. Immediately inform appropriate parties of the occurrence of any Site accidents, emergencies, natural catastrophes endangering the Work, possible force majeure or delay events, damage to property by fire or other causes, or the discovery of any potential differing site condition or Constituent of Concern.

13. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting

Attachment: Resolution# 20210712-07 Authorizing Execution Of The Master Services Agreement With Compton Engineering, LLC. As

particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

14.Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

15.Completion

a. Participate in Engineer's visits to the Site regarding Substantial Completion, assist in the determination of Substantial Completion, and prior to the issuance of a Certificate of Substantial Completion submit a punch list of observed items requiring completion or correction.

b. Participate in Engineer's visit to the Site in the company of Owner and Contractor, to determine completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

c. Observe whether all items on the final punch list have been completed or corrected, and make recommendations to Engineer concerning acceptance and issuance of the Notice of Acceptability of the Work (Exhibit E).

13.03 Limitations of Authority

A. Resident Project Representative shall not:

1. Authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in this Agreement.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

EXHIBIT Q—EXHIBIT E—EJCDC® C-626, NOTICE OF ACCEPTABILITY OF WORK (FORM)

Notes to User

1. Exhibit A Paragraph 1.06.B.27 indicates that in connection with recommending final payment of the Construction Contractor, the Engineer will also provide a notice to Owner and Contractor of the acceptability of the Work, subject to stated limitations, including those set forth in the form for that purpose, which is attached in Exhibit E, "EJCDC® C-626, Notice of Acceptability of Work." That form is attached on the following pages of this Exhibit E. The C-626 form included here is published by EJCDC as part of the 2018 Construction Series.

2. This Notice of Acceptability of Work is the "written notice" referred to in EJCDC® C-700, Standard General Conditions of the Construction Contract (2018), Paragraph 15.06.C.

3. The Notice of Acceptability of Work should be served in compliance with the requirements for service of notice under the Construction Contract. See EJCDC® C-700, Standard General Conditions of the Construction Contract (2018), Paragraph 18.01, Giving Notice.

The Engineer hereby gives notice to the Owner and Contractor that Engineer recommends final payment to Contractor, and that the Work furnished and performed by Contractor under the Construction Contract is acceptable, expressly subject to the provisions of the Construction Contract's Contract Documents ("Contract Documents") and of the Agreement between Owner and Engineer for Professional Services dated **[date of professional services agreement]** ("Owner-Engineer Agreement"). This Notice of Acceptability of Work (Notice) is made expressly subject to the following terms and conditions to which all who receive and rely on said Notice agree:

1. This Notice has been prepared with the skill and care ordinarily used by members of the engineering profession practicing under similar conditions at the same time and in the same locality.
2. This Notice reflects and is an expression of the Engineer's professional opinion.
3. This Notice has been prepared to the best of Engineer's knowledge, information, and belief as of the Notice Date.
4. This Notice is based entirely on and expressly limited by the scope of services Engineer has been employed by Owner to perform or furnish during construction of the Project (including observation of the Contractor's Work) under the Owner-Engineer Agreement, and applies only to facts that are within Engineer's knowledge or could reasonably have been ascertained by Engineer as a result of carrying out the responsibilities specifically assigned to Engineer under such Owner-Engineer Agreement.
5. This Notice is not a guarantee or warranty of Contractor's performance under the Construction Contract, an acceptance of Work that is not in accordance with the Contract Documents, including but not limited to defective Work discovered after final inspection, nor an assumption of

AGREEMENT BETWEEN HCPHC AND ENGINEER FOR PROFESSIONAL SERVICES—TASK ORDER EDITION

MAIN AGREEMENT

This Main Agreement is a part of the Agreement between **Hancock County Port and Harbor Commission (hereinafter referred to as HCPHC)** and **Compton Engineering, Inc.** (Engineer). Other terms used in the Agreement are defined in Article 7.

From time-to-time HCPHC may request that Engineer provide professional services for Specific Projects. Each engagement will be documented by a Task Order. This Main Agreement sets forth the general terms and conditions that apply to all duly executed Task Orders.

HCPHC and Engineer further agree as follows:

ARTICLE 1—SERVICES OF ENGINEER

1.01 General

A. Engineer's services will be detailed in a duly executed Task Order for each Specific Project, or for a portion of a Specific Project.

B. The Main Agreement is not a commitment by HCPHC to issue any Task Orders.

C. Engineer will not be obligated to perform any prospective Task Order unless and until (1) HCPHC and Engineer agree to the particulars of the assignment, including the scope of Engineer's services, time for performance, Engineer's compensation, and all other appropriate matters, and include such particulars in the Task Order, and (2) HCPHC and Engineer both sign the Task Order.

D. Each duly executed Task Order will be subject to the terms and conditions of (a) this Main Agreement; (b) the Main Agreement's exhibits; (c) any executed written amendments of the Main Agreement (see Exhibit C); (d) the specific Task Order itself; (e) the specific Task Order's exhibits; and (f) any amendments or modifications of the specific Task Order.

1.02 Task Order Procedure

A. The general recommended format of a Task Order is presented in the accompanying Task Order Form. Commonly used Task Order exhibits are presented in the accompanying Exhibits to Task Order document.

B. Each specific Task Order will indicate:

1. Project Background Data.
2. Specific services to be performed by Engineer ("Scope"), including key deliverables;
3. Additions or Modifications to HCPHC's Responsibilities.
4. Task Order Schedule.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

5. Engineer's Compensation for Task Order; and

6. Primary Subconsultants, if any.

C. With respect to the Engineer's scope of services under a specific Task Order, each specific Task Order will either (1) be accompanied by and incorporate an Exhibit A, "Engineer's Services Under Task Order," and Exhibit B, "Deliverables Schedule," prepared for the specific Task Order, or (2) state a customized scope of services and deliverables schedule in the Task Order document itself or in an attachment.

D. Upon signature of the Task Order by both parties (but no earlier than the Effective Date of the specific Task Order), Engineer will commence performance and furnish, or cause to be furnished, the services authorized by the Task Order.

E. Task Orders may be amended as set forth in Paragraph 8.05.B of this Main Agreement.

1.03 Management of Engineering Services

A. All phases of Engineer's services under each Task Order will include management of Engineer's Specific Project responsibilities, including but not limited to the following management tasks, whether separately tracked and itemized or included as being incidental to other phase and scope task items.

1. Develop and submit an Engineering Services Schedule. The Engineering Services Schedule will:

   a. be consistent with and serve as a supplement to the Schedule of Deliverables set forth in Exhibit B to Task Order.

   b. be updated on a regular basis, and as required to reflect any programmatic decisions by HCPHC.

   c. include, but not be limited to, an anticipated sequence of tasks; estimates of task duration; interrelationships among tasks; milestone meetings and submittals; anticipated schedule of construction; and other pertinent Project events.

2. Develop and submit detailed work plans from Exhibit A to Task Order tasks.

3. Coordinate services within Engineer's internal team, and with Subconsultants and Engineer's Subcontractors.

4. Prepare for and participate in meetings with consultants and contractors working on other parts of the Specific Project that may affect, or be affected by, Engineer's services or resulting construction.

5. Prepare and submit **weekly** engineering services progress reports to the HCPHC. Include a summary of services performed in period, expected progress in next period, percent completion of current tasks, and a description of major issues or concerns.

6. Special Invoicing: In addition to, or as a substitute for, Engineer's standard invoicing, for each invoice provide the specified additional information or documentation, following the invoicing procedures indicated if applicable:

7. Conduct ongoing management tasks, including:

   a. Maintaining communications records and files pertaining to or arising from Engineer's services.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

b. With respect to Engineer's services and other directly relevant parts of the Specific Project, prepare for and participate in periodic progress meetings with HCPHC to discuss progress, schedule, budget, issues, potential problems, and their resolution; and

c. Preparing agendas prior to and minutes following all Engineer-led meetings.

B. Unless a different standard is expressly set forth in a specific Task Order, in all phases of Engineer's services, Engineer shall prepare, and provide to Owner, draft and final Drawings in accordance with **Engineer's CAD standards**, using **Autodesk AutoCAD**-version **2019** software along with PDFs of Drawings.

C. The source documents for the draft and final Specifications in all phases of Engineer's services will be **Engineer's standard technical specifications with a numbering scheme to match HCPHC's standard general specifications**, unless a different source document is expressly identified in the specific Task Order.

1.04 Sequencing and Coordination

A. For each Task Order, the Work to be designed or specified by Engineer, upon which the Engineer's scope has been established, will be performed or furnished under one prime Construction Contract, unless specified otherwise in the Task Order.

B. If the Work designed or specified by Engineer under a specific Task Order is to be performed or furnished under more than one prime Construction Contract, or if Engineer's services are to be separately sequenced with the work of one or more of HCPHC's consultants or contractors (such as in the case of fast-tracking), then:

1. The Task Order's Deliverables Schedule will account for the need to sequence and properly coordinate Engineer's services as applicable to the Work under the Construction Contracts; or

2. If the Task Order does not address such sequencing and coordination, then HCPHC and Engineer will jointly develop a schedule for sequencing and coordination of services prior to commencement of final design services; this schedule is to be prepared and included in or become an amendment to the authorizing Task Order, whether the work under such contracts is to proceed concurrently or sequentially.

ARTICLE 2—HCPHC'S RESPONSIBILITIES

2.01 Application of HCPHC's Responsibilities

A. The responsibilities of HCPHC set forth in Article 2 apply to each Specific Project and each specific Task Order. Supplemental responsibilities of HCPHC applicable only to a specific Task Order may be stated in the specific Task Order.

2.02 Project Information

A. To the extent HCPHC has not already provided the following, or has new, additional, or revised information from that previously provided, HCPHC shall provide Engineer with information and data needed by Engineer in the performance of the Specific Project, including HCPHC's:

1. design objectives and constraints;

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

2. space, capacity, and performance requirements;
3. flexibility and expandability needs;
4. design and construction standards;
5. budgetary limitations; and
6. any other available information pertinent to the Specific Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

B. Following Engineer's assessment of initially-available information and data and upon Engineer's request, HCPHC shall obtain, furnish, or otherwise make available (if necessary through retention of specialists or consultants) such additional information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services under the Task Order; or, with consent of Engineer, HCPHC may authorize the Engineer to obtain or provide all or part of such additional information as Additional Services. Such additional information or data may include the following:

1. Property descriptions.
2. Zoning, deed, and other land use restrictions.
3. Surveys, Mapping, and Utility Documentation.
4. Property, boundary, easement, right-of-way, and other special surveys or data, including establishing relevant reference points.
5. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; with appropriate professional interpretation of such information or data.
6. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Specific Project, the Site, and adjacent areas.
7. Data or consultations as required for the specific Task Order but not otherwise identified in this Agreement.

C. HCPHC shall examine all alternative solutions, studies, reports, sketches, drawings, specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as HCPHC deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

D. If a specific Task Order requires Engineer to assist HCPHC in collating the various cost categories that comprise Total Project Costs, HCPHC shall furnish to Engineer data as to HCPHC's anticipated costs for services to be provided to HCPHC by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice).

E. HCPHC shall advise Engineer if any invention, design, process, product, or device that HCPHC has requested, required, or recommended for inclusion in the Drawings or Specifications

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

prepared or furnished under a Task Order will be subject to payment (whether by HCPHC or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights.

F. HCPHC shall inform Engineer as to whether Engineer's assistance is requested with respect to HCPHC's evaluation of the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A to Task Order.

G. HCPHC shall inform Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Specific Project.

2.03 HCPHC's Instructions Regarding Bidding and Construction Contract Documents

A. HCPHC shall give instructions to Engineer regarding HCPHC's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable) and HCPHC's construction contract practices and requirements, and furnish to Engineer (or give specific directions requesting Engineer to use copies already in Engineer's possession) the following:

1. HCPHC's standard contract forms, general conditions supplementary conditions, text, and related documents and content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and in draft Construction Contract Documents;
2. insurance and bonding requirements;
3. protocols for electronic transmittals during bidding and construction;
4. HCPHC's safety and security programs applicable to Contractor and other Constructors;
5. diversity and other social responsibility requirements;
6. bidding and contract requirements of funding, financing, or regulatory entities;
7. other specific conditions applicable to the procurement of construction or contract documents;
8. any other information necessary for Engineer to assist HCPHC in preparing, for each Specific Project, bidding-related documents (or requests for proposals or other construction procurement documents) and Construction Contract Documents.

B. HCPHC shall place and pay for advertisements for Bids in appropriate publications.

2.04 HCPHC-Furnished Services

A. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, HCPHC shall obtain, as required for each Specific Project:

1. Accounting, bond and financial advisory services (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.
2. Legal services, including attorney review of proposed Construction Contract Documents, legal services required by HCPHC, legal services needed as a result of issues raised by Contractor, and Project-related legal services reasonably requested by Engineer.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

3. Auditing services, including those needed by HCPHC to ascertain how or for what purpose Contractor has used money paid to it.

B. HCPHC shall acquire or arrange for acquisition of the Site(s) and any temporary or permanent rights of access, easements, or property rights needed for each Specific Project.

C. With respect to the portions or phases of each Specific Project designed or specified by Engineer, HCPHC shall provide, obtain, or arrange for:

1. all required reviews, approvals, consents, and permits from governmental authorities having jurisdiction, and

2. such reviews, approvals, and consents from others as may be necessary for completion of each portion or phase of the Specific Project.

D. HCPHC may delegate to a Contractor or others the responsibilities set forth in Paragraphs 2.04.B and C.

2.05 HCPHC's General Responsibilities

A. HCPHC shall inform Engineer of the policies, procedures, and requirements of HCPHC that are applicable to Engineer's performance of services under this Agreement and under each Task Order.

B. HCPHC will provide Engineer with HCPHC's budget for each Specific Project, including type and source of funding to be used and will promptly inform Engineer if the budget or funding sources change.

C. HCPHC shall inform Engineer in writing of any safety or security programs that are applicable to the personnel of Engineer, its Subconsultants, and Engineer's Subcontractors, as they visit the Site or otherwise perform services under this Agreement and under each Task Order.

D. HCPHC shall arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement and under each Task Order.

E. HCPHC shall provide necessary direction and make decisions, including prompt review of Engineer's submittals, and carry out its other responsibilities in a timely manner so as not to delay Engineer's performance of its services.

F. HCPHC shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by HCPHC to Engineer pursuant to this Agreement or any Task Order. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement or any Task Order, subject to any express limitations or reservations applicable to the furnished items.

G. HCPHC shall give prompt written notice to Engineer whenever HCPHC observes or otherwise becomes aware of:

1. any development that affects the scope or time of performance of Engineer's services;

2. the presence at the Site of any Constituent of Concern; or

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) HCPHC's performance of its responsibilities under this Agreement.

H. HCPHC shall advise Engineer of the identity and scope of services of any independent consultants employed by HCPHC to perform or furnish services in regard to a Specific Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructability review.

I. If HCPHC designates a construction manager, site representative, or any individual or entity other than, or in addition to, Engineer to represent HCPHC at the Site, then HCPHC shall define and set forth, in an exhibit to the governing Task Order, the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

J. HCPHC shall:

1. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.

2. Primarily communicate with Engineer's Subcontractors and Subconsultants through the Engineer.

a. Promptly inform Engineer of the substance of any communications between HCPHC and Engineer's Subcontractors or Subconsultants.

b. Refrain from directing the services of Engineer's Subcontractors or Subconsultants.

3. Authorize Engineer to provide Additional Services as set forth in Part 2 of Exhibit A of each Task Order, as required.

4. Perform or provide the following:

a. All other HCPHC responsibilities expressly identified in any Task Order, not otherwise set forth in this Agreement.

2.06 Payment

A. HCPHC shall pay Engineer as set forth in each Task Order, pursuant to the applicable terms of Article 4.

ARTICLE 3—TERM AND TIMES FOR RENDERING SERVICES

3.01 Term

A. This Agreement will be effective and applicable to Task Orders issued hereunder for **3** years from the Effective Date of the Agreement.

B. The parties may extend or renew this Agreement, with or without changes, by written instrument establishing a new term.

3.02 Commencement

A. Engineer is authorized to begin rendering services under a Task Order as of the Effective Date of the Task Order.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

3.03 Time for Completion

A. The Effective Date of the Task Order and the times for completing services or providing deliverables will be stated in each Task Order.

B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services will be adjusted equitably.

C. If HCPHC authorizes changes in the scope, extent, or character of a Specific Project, or of Engineer's services, then the time for completion of Engineer's services, and the amounts of Engineer's compensation, will be adjusted equitably.

D. If the Contract Times to complete the Work under a Construction Contract are extended beyond the period stated in the governing Task Order, at no fault of the Engineer, HCPHC may pay Engineer for the agreed additional services during the extension based on the Standard Hourly Rates Method of Payment.

E. If Engineer fails, for reasons within the control of Engineer, to complete the performance required in a Task Order within the time set forth, as duly adjusted, then HCPHC shall be entitled, as its sole remedy, to the recovery of direct damages to the extent, if any, resulting from such failure by Engineer.

ARTICLE 4—INVOICES AND PAYMENTS

4.01 Invoices

A. Preparation and Submittal of Invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices; the terms of any progress reporting and special invoicing requirements in Paragraph 1.03, or as otherwise required in Exhibit A to the Task Order; and with the applicable terms of Appendix 1 to Main Agreement, Reimbursable Expenses Schedule, and Appendix 2 to Main Agreement, Standard Hourly Rates Schedule. Engineer shall submit its invoices to HCPHC monthly. Invoices are due and payable within 30 days of approval.

4.02 Payments

A. Application to Interest and Principal: Payment will be credited first to any interest owed to Engineer and then to principal.

B. Disputed Invoices: If HCPHC disputes an invoice, either as to amount or entitlement, then HCPHC shall promptly advise Engineer in writing of the specific basis for doing so, subject to the terms of Article 4. After a disputed item has been resolved, Engineer shall include the agreed-upon amount on a new invoice.

C. Failure to Pay: If HCPHC fails to make any undisputed payment due Engineer within 30 days after approval of Engineer's invoice, then:

1. Omitted.

2. Engineer may, after giving 7 days' written notice to HCPHC, suspend services under this Agreement until HCPHC has paid in full amounts due.

D. Sales or Use Taxes: If after the Effective Date of a Task Order any governmental entity takes an action that imposes additional sales or use taxes on Engineer's services or compensation

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

under the Task Order, then Engineer may invoice such additional sales or use taxes for reimbursement by HCPHC. HCPHC shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement will be in addition to the compensation to which Engineer is entitled under the terms of this Main Agreement and the specific Task Order.

4.03 Basis of Compensation

A. The basis of compensation (compensation methods) for Basic Services (including if applicable the bases of compensation for individual phases of Basic Services) and for Additional Services must be identified in each specific Task Order (Task Order Form, Paragraph 6). HCPHC shall pay Engineer for services in accordance with the applicable basis of compensation.

B. The Standard Hourly Rates (plus any expenses expressly eligible for reimbursement) with a Not To Exceed amount stated in the Task Order is the basis of compensation used for services under Task Orders, as identified in each specific Task Order:

C. The terms and conditions applicable to this compensation method is set forth in Paragraph 4.04.

4.04 Explanation of Compensation Method

A. Standard Hourly Rates

1. For the specified category of services, the HCPHC shall pay Engineer an amount equal to the cumulative hours charged to the Specific Project by each class of Engineer's employees times Standard Hourly Rates for each applicable billing class. Under this method, Engineer shall also be entitled to reimbursement from HCPHC for the expenses identified in Paragraph 4.05 below, and Appendix 1.

2. Standard Hourly Rates include salaries and wages paid to personnel in each billing class plus the cost of customary and statutory benefits, general and administrative overhead, non-project operating costs, and operating margin or profit.

3. Engineer's Reimbursable Expenses Schedule and Standard Hourly Rates are attached to this Agreement as Appendices 1 and 2.

4. The total estimated compensation for the specified category of services will be stated in the Task Order. This total estimated compensation will incorporate all labor at Standard Hourly Rates, and reimbursable expenses (including Engineer's Subcontractor and Subconsultant charges, if any).

5. The amounts billed will be based on the cumulative hours charged to the specified category of services on the Specific Project during the billing period by each class of Engineer's employees times Standard Hourly Rates for each applicable billing class, plus reimbursable expenses (including Engineer's Subcontractor and Subconsultant charges, if any).

6. The Standard Hourly Rates and Reimbursable Expenses Schedule will be applicable for the duration of the contract.

7. Each Task Order will have an amount "Not To Exceed Without Owner's Written Approval". Engineer will notify Owner when they have reached 60% and 90% billing milestones of the budget and schedule 60% and 90% design reviews at the respective milestones.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

4.05 Reimbursable Expenses

A. Expenses eligible for reimbursement under the Direct Labor Costs Times a Factor and Standard Hourly Rate methods of compensation include the following expenses reasonably and necessarily incurred by Engineer in connection with the performing or furnishing of Basic and Additional Services for the Task Order:

1. reproduction of reports, Drawings, Specifications, bidding-related or other procurement documents, Construction Contract Documents, and similar Specific Project-related items;

2. Consultant charges; and

3. Other expenses identified in Appendix 1.

B. Reimbursable expenses reasonably and necessarily incurred in connection with services provided under the Direct Labor Costs Times a Factor and Standard Hourly Rate methods must be paid at the rates set forth in Appendix 1, Reimbursable Expenses Schedule, subject to the factors set forth below.

C. The amounts payable to Engineer for reimbursable expenses will be the Project-specific internal expenses actually incurred or allocated by Engineer, plus all invoiced external reimbursable expenses allocable to the Specific Project, the latter multiplied by a factor of **1.1**.

D. Whenever Engineer is entitled to compensation for the charges of its Consultants, those charges will be the amount billed by such Consultants to Engineer times a factor of **1.1**.

E. The external reimbursable expenses and Consultants' factors include Engineer's overhead and profit associated with Engineer's responsibility for the administration of such services and costs.

4.06 Other Provisions Concerning Payment

A. Estimated Compensation Amounts

1. Engineer's estimate of the amounts that will become payable for services are only estimates for planning purposes, are not binding on the parties, and are not the minimum or maximum amounts payable to Engineer under the Agreement. The amount may be increased only by written approval by the Owner.

2. When estimated compensation amounts have been stated in a Task Order and it subsequently becomes apparent to Engineer that a compensation amount thus estimated will be exceeded, Engineer shall give HCPHC written notice thereof, allowing HCPHC to consider its options, including suspension or termination for HCPHC's convenience of Engineer's services under the Task Order. Upon notice, HCPHC and Engineer will promptly review the matter of services remaining to be performed and compensation for such services. HCPHC shall either exercise its right to suspend or terminate Engineer's services under the Task Order for HCPHC's convenience, agree to such compensation exceeding said estimated amount, or agree to a reduction in the remaining services to be rendered by Engineer, so that total compensation for such services will not exceed said estimated amount when such services are completed.

ARTICLE 5—OPINIONS OF COST

5.01 Opinions of Probable Construction Cost

A. Engineer's opinions of probable Construction Cost (if any) are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If HCPHC requires greater assurance as to probable Construction Cost, then HCPHC agrees to obtain an independent cost estimate.

5.02 Opinions of Total Project Costs

A. The services, if any, of Engineer with respect to Total Project Costs will be limited to assisting the HCPHC in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

ARTICLE 6—GENERAL CONSIDERATIONS

6.01 Standards of Performance

A. Standard of Care: The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

B. Technical Accuracy: HCPHC shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation unless such corrective action is directly attributable to deficiencies in HCPHC-furnished information.

C. Engineer's Subcontractors and Subconsultants: Engineer may retain such Engineer's Subcontractors and Subconsultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by HCPHC.

D. Reliance on Others: Subject to the standard of care set forth in Paragraph 6.01.A, Engineer may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

E. Compliance with Laws and Regulations, and Policies and Procedures

1. Engineer and HCPHC shall comply with applicable Laws and Regulations.

2. Engineer shall comply with the policies, procedures, and instructions of HCPHC that are applicable to Engineer's performance of services under this Agreement and that HCPHC provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

3. This Agreement is based on Laws and Regulations and HCPHC-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to HCPHC's responsibilities or to Engineer's scope of services, times of performance, or compensation:

   a. changes after the Effective Date of the Task Order to Laws and Regulations,

   b. the receipt by Engineer after the Effective Date of the Task Order of HCPHC-provided written policies and procedures, and

   c. changes after the Effective Date of the Task Order to HCPHC-provided written policies or procedures.

F. General Conditions of Construction Contract: The general conditions for any construction contract documents prepared hereunder are to be furnished by the Owner.

G. Copies of Drawings and Specifications: If Engineer is required to prepare or furnish Drawings or Specifications under a specific Task Order, Engineer shall deliver to HCPHC at least one complete electronic copy of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations, one complete printed copy, duly signed and sealed, and all computer aided design files formatted for AutoCAD 2019 and technical specifications formatted in Microsoft Word.

H. Engineer shall not be required to sign any document, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant conditions whose existence the Engineer cannot ascertain within the authorized scope of Engineer's services. HCPHC agrees not to make resolution of any dispute with Engineer or payment of any amount due to Engineer in any way contingent upon Engineer signing any such document.

I. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor will Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

J. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

K. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer.

L. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

M. Engineer's services do not include providing legal advice or representation.

N. While at the Site, Engineer, its Subconsultants, and Engineer's Subcontractors, and their employees and representatives will comply with the applicable requirements of Contractor's and HCPHC's safety programs of which Engineer has been informed in writing.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

6.02 HCPHC ownership and Use of Documents

A. All Documents are instruments of service, and the Owner owns the Documents, including all associated copyrights and the right of reuse at the discretion of the Owner. The Owner shall continue to own the Documents and all associated rights whether or not the Specific Project is completed.

1. Documents on the Specific Project, extensions of the Specific Project, and for related uses of the HCPHC, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations:

a. HCPHC acknowledges that such Documents are not intended or represented to be suitable for use on the Specific Project unless completed by Engineer.

b. any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at HCPHC's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Subconsultants;

c. HCPHC shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and

d. HCPHC provided documents shall not create any rights in third parties.

B. If Engineer, at HCPHC's request, verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then HCPHC shall compensate Engineer at rates or in an amount to be agreed upon by HCPHC and Engineer.

C. Engineer shall inform HCPHC if Engineer is aware of any invention, design, process, product, or device specified in the Drawings, Specifications, or other Documents that is subject to payment (whether by HCPHC or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights. If Engineer's good-faith inclusion in the Drawings, Specifications, or other Documents of new, innovative, or non-standard technologies, for the benefit of HCPHC and the Project, results in third-party claims of infringement or violation of intellectual property rights, then and the Engineer shall bear the costs of defending against, settling, or paying such claims.

D. Engineer will obtain HCPHC's consent, which will not be unreasonably withheld, prior to releasing any publicity, including news and press releases, promotional publications, award and prize competition submittals, and other advertising regarding the subject matter of this Agreement. Nothing herein will limit the Engineer's right to include information in statements of qualifications and proposals to others accurately describing its participation and participation of employees in the Project.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

6.03 Electronic Transmittals

A. To the fullest extent practical, HCPHC and Engineer agree to transmit, and accept, all correspondence, Documents, text, data, drawings, information, and graphics related to each Specific Project, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with Exhibit F, Electronic Documents Protocol (EDP).

1. Compliance with the EDP by Engineer shall be considered a Basic Service and no direct or separate compensation will be paid to Engineer for such compliance, unless provisions for separate compensation are expressly set forth in the EDP or in a specific Task Order.

2. Engineer's costs directly attributable to changes in Engineer's Electronic Documents obligations, after the effective date of this Agreement, necessitated by revisions to Exhibit F, delayed adoption of Exhibit F, or implementation of other Electronic Documents protocols, will be compensated as Additional Services.

B. If this Agreement does not include Exhibit F, or a specific Task Order expressly excludes the application of Exhibit F or otherwise does not establish or include protocols for transmittal of Electronic Documents by Electronic Means, then HCPHC and Engineer may operate without specific protocols or may jointly develop such protocols at a later date.

C. Except as stated otherwise in Exhibit F (if included in this Agreement), when transmitting Electronic Documents by Electronic Means, the transmitting party makes no representations as to long term compatibility, usability, or readability of the Electronic Documents resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the Electronic Documents, or from those established in applicable protocols unless noted otherwise.

D. This Agreement (including the EDP) is not intended to create obligations for HCPHC or Engineer with respect to transmittals to or from third parties, except as expressly stated in the EDP.

6.04 Insurance

A. Engineer shall procure and maintain insurance as set forth in Exhibit G.

B. Additional Insureds: The Engineer's commercial general liability, automobile liability, and umbrella or excess liability policies, must:

1. include and list as additional insureds HCPHC, and any individuals or entities identified as additional insureds in Exhibit G;

2. include coverage for the respective officers, directors, members, partners, and employees of all such additional insureds;

3. afford primary coverage to these additional insureds for all claims covered thereby (including as applicable those arising from both ongoing and completed operations); and

4. not seek contribution from insurance maintained by the additional insured.

C. HCPHC shall procure and maintain insurance as set forth in Exhibit G.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

D. HCPHC shall require Contractor to purchase and maintain policies of insurance covering workers' compensation and unemployment compensation in the amount required by law, comprehensive general liability in the amount of $1,000,000 per occurrence and $2,000,000 general aggregate, automobile liability in the amount of $1,000,000 per accident, professional liability insurance covering consultant's negligent acts, errors, or omissions in the performance of professional services with limits of $1,000,000 per claim and annual aggregate, contractors pollution liability insurance in the amount of $1,000,000 each loss, and other insurance necessary to protect HCPHC's and Engineer's interests in the Project; HCPHC shall be named as additionally insured. HCPHC shall require Contractor to cause Engineer, its Subconsultants, and Engineer's Subcontractors to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project. HCPHC shall give Engineer access to any certificates of insurance and copies of endorsements and policies obtained by HCPHC from Contractor.

E. HCPHC and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates must be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

1. Upon request by HCPHC or any other insured, Engineer shall also furnish other evidence of such required insurance, including but not limited to copies of policies, documentation of applicable self-insured retentions (if allowed) and deductibles, full disclosure of all relevant exclusions, and evidence of insurance required to be purchased and maintained by Subconsultants and Engineer's Subcontractors. In any documentation made available for review under this provision, Engineer may redact (a) any confidential premium or pricing information and (b) any wording specific to projects or jurisdictions other than those applicable to this Agreement.

F. All construction contracts entered into by HCPHC with respect to a Specific Project must require builder's risk or similar property insurance. Builder's risk may not be applicable to marine projects and will be determined on a case by case basis.

G. All policies of property insurance relating to a Specific Project, including but not limited to any builder's risk or similar policy, must allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer, its Subconsultants, or Engineer's Subcontractors.

H. All policies of insurance must contain a provision or endorsement that the coverage afforded will not be canceled, and that renewal will not be refused, until at least 10 days prior written notice has been given to the primary insured. Upon receipt of such notice, the primary insured must promptly forward a copy of the notice to the other party to this Agreement and replace the coverage being cancelled or reduced to conform to the requirements of this Agreement.

I. At any time, HCPHC may request that Engineer, or Engineer's Subcontractors or Subconsultants, at HCPHC's sole expense, provide additional insurance coverage, increased limits, or revised deductibles that are more protective than those specified in Exhibit G. If so, requested by HCPHC, and if commercially available, Engineer shall obtain and shall require Engineer's Subcontractors or Subconsultants to obtain such additional insurance coverage, different limits, or revised deductibles for such periods of time as requested by HCPHC, and Exhibit G will be supplemented to incorporate these requirements.

6.05 Suspension and Termination

A. Suspension

1. By HCPHC: HCPHC may suspend Engineer's services under a specific Task Order for up to 90 days at any time.

2. By Engineer: Engineer may, after giving 7 days' written notice to HCPHC, suspend services under a Task Order:

   a. if HCPHC has failed to pay Engineer for invoiced services and expenses under that Task Order, as set forth in Paragraphs 4.02.B and 4.02.C;

   b. in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.09.D; or

   c. if persistent circumstances beyond the control of Engineer have prevented it from performing its obligations under the Task Order.

3. A suspension under a specific Task Order, whether by HCPHC or Engineer, does not affect the duty of the two parties to proceed with their obligations under other Task Orders.

B. Termination for Cause—Task Order

1. Either party may terminate a Task Order for cause upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms of this Agreement and the specific Task Order, through no fault of the terminating party.

   a. Notwithstanding the foregoing, the Task Order will not terminate under Paragraph 6.05.B.1 if the party receiving such notice begins, within 7 days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein will extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. In addition to its termination rights in Paragraph 6.05.B.1, Engineer may terminate a Task Order for cause upon 7 days' written notice:

   a. if HCPHC demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional;

   b. if the Engineer's services under the Task Order are delayed or suspended for more than 90 days for reasons beyond Engineer's control; or

   c. as the result of the presence at or adjacent to the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.09.E.

3. Engineer will have no liability to HCPHC on account of any termination by Engineer for cause.

C. Termination for Convenience by HCPHC: HCPHC may terminate a Task Order or this Main Agreement for HCPHC's convenience, effective upon Engineer's receipt of notice from HCPHC.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

D. Effective Date of Termination: If HCPHC terminates the Main Agreement for cause or convenience, HCPHC may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble project materials in orderly files. Engineer shall be entitled to compensation for such tasks.

E. Payments Upon Termination: In the event of any termination under Paragraph 6.05, Engineer will be entitled to invoice HCPHC and to receive full payment for all services that have been performed or furnished in accordance with this Main Agreement and the specific Task Order, and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, HCPHC will have the right to the use of Documents, at HCPHC's sole risk, subject to the provisions of Paragraph 6.02.A.

1. If HCPHC has terminated a Task Order for cause and disputes Engineer's entitlement to compensation for services and reimbursement of expenses, then Engineer's entitlement to payment and HCPHC's rights to the use of the Documents will be resolved in accordance with the dispute resolution provisions of this Main Agreement or as otherwise agreed in writing.

2. If HCPHC has terminated the Main Agreement for convenience, or if Engineer has terminated a Task Order for cause, Engineer will not be entitled to invoice HCPHC

6.06 Successors, Assigns, and Beneficiaries

A. HCPHC and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of HCPHC and Engineer (and to the extent permitted by Paragraph 6.06.B the assigns of HCPHC and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Main Agreement and any Task Order issued under this Main Agreement.

B. Neither HCPHC nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Main Agreement, or in any Task Order, without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Main Agreement or any Task Order.

C. Unless expressly provided otherwise in this Main Agreement:

1. All duties and responsibilities undertaken pursuant to this Main Agreement or any Task Order will be for the sole and exclusive benefit of HCPHC and Engineer and not for the benefit of any other party.

2. Nothing in this Main Agreement or in any Task Order will be construed to create, impose, or give rise to any duty owed by HCPHC or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.

3. HCPHC agrees that the substance of the provisions of this Paragraph 6.06.C will appear in all Construction Contracts associated with this Main Agreement and its Task Orders.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

6.07 Controlling Law; Venue

A. This Main Agreement and all Task Orders (unless expressly stated otherwise) are to be governed by the Laws and Regulations of the state in which the principal office of the HCPHC is located: Mississippi.

B. Venue for any exercise of rights at law will be the state court having jurisdiction at the location of HCPHC's principal office; and if federal jurisdictional requirements can be met, in federal court in the district in which HCPHC's principal office is located.

6.08 Environmental Condition of Site

A. With respect to each specific Task Order, Specific Project, and Site (unless indicated otherwise in a specific Task Order), HCPHC represents to Engineer that, as of the Effective Date of the Task Order, to the best of HCPHC's knowledge, no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.

B. Undisclosed Constituents of Concern. For purposes of this Paragraph 6.09, the presence at or adjacent to the Site of Constituents of Concern that were not disclosed to Engineer pursuant to Paragraph 6.09.A, in such quantities or circumstances that such Constituents of Concern may present a danger to persons or property exposed to them, will be referred to as "undisclosed" Constituents of Concern.

1. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of this Agreement or the Construction Contract, are not undisclosed Constituents of Concern.

2. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under a Task Order are not undisclosed Constituents of Concern.

3. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under another professional services contract for HCPHC, or as part of the work under a construction or remediation contract, are not undisclosed Constituents of Concern if Engineer has been informed of the general scope of such contract.

C. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) HCPHC and (2) appropriate authorities having jurisdiction if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

D. It is acknowledged by both parties that for all Task Orders the Engineer's scope of services does not include any services related to undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, or if encountered, uncovered, or revealed Constituents of Concern are present in substantially greater quantities or substantially different locations than disclosed or anticipated, or if investigative or remedial action, or other professional services, are necessary or required by applicable Laws and Regulations with respect to such Constituents of Concern, then Engineer may, at its option and without liability for direct, consequential, or any other damages, suspend performance of services on the portion of the Specific Project adversely affected thereby until such portion of the Specific Project is no longer so affected; and HCPHC shall

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

promptly determine whether to retain a qualified expert to evaluate such condition or take any necessary corrective action.

E. If the presence at a Site of undisclosed Constituents of Concern, or of Constituents of Concern in substantially greater quantities or in substantially different locations than disclosed or anticipated, adversely affects the performance of Engineer's services under a specific Task Order, then:

1. if the adverse effects do not preclude Engineer from completing its Specific Project services in general accordance with the Task Order on unaffected or marginally affected portions of the Specific Project, Engineer may accept an equitable adjustment in its compensation or in the time of completion, or both; and the Task Order will be amended to reflect changes necessitated by the presence of such Constituents of Concern; or

2. if the adverse effects are of such materiality to the overall performance of Engineer that it cannot complete its Specific Project services without significant changes to the scope of services, time of completion, and compensation, then Engineer may terminate the Task Order for cause on 7 days' written notice.

F. HCPHC acknowledges that Engineer is performing professional services for HCPHC and that Engineer is not and will not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6.09 Indemnification and Mutual Waiver

A. Indemnification by Engineer: To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless HCPHC, and HCPHC's officers, directors, members, partners, agents, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to a Specific Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors. This indemnification provision is subject to and limited by the provisions, if any, agreed to by HCPHC and Engineer in Exhibit I, "Limitations of Liability."

B. If, as a result of Engineer breaching this agreement, HCPHC employs an attorney to enforce its rights under the agreement, then the Engineer will pay HCPHC the reasonable attorneys fees and costs incurred to enforce the agreement.

6.10 Records Retention

A. Engineer shall maintain on file in legible form in perpetuity all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under the Task Order. Upon HCPHC's request, Engineer shall provide a copy of any such item to HCPHC at no cost.

6.11 Miscellaneous Provisions

A. Notices: Any notice required under this Main Agreement or a Task Order will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All notices must be effective upon the date of receipt.

B. Survival: Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Main Agreement or in a Task Order will survive completion or termination for any reason.

C. Severability: Any provision or part of the Main Agreement or any Task Order held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon HCPHC and Engineer.

D. No Waiver: A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

ARTICLE 7—DEFINITIONS

7.01 Defined Terms

A. Wherever used in this Agreement (as defined herein), terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:

1. Addenda—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.

2. Additional Services—The services to be performed for or furnished to HCPHC by Engineer in accordance with Article 2 of Exhibit A of a specific Task Order.

3. Agreement—This written contract for professional services between HCPHC and Engineer, including the Main Agreement, all exhibits and appendices to the Main Agreement identified in Paragraphs 8.01 and 8.02, all duly executed amendments, and all Task Orders, including all exhibits and duly executed amendments to such Task Orders.

   a. Main Agreement—See definition at Paragraph 7.01.A.28 below.

4. Application for Payment—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.

5. Basic Services—The services to be performed for or furnished to HCPHC by Engineer in accordance with Part 1 of Exhibit A of a specific Task Order.

6. Bidding/Proposal Documents—Documents related to the selection of the Contractor, including advertisements or invitations to bid; requests for proposals; instructions to bidders or proposers, including any attachments such as lists of available Site-related documents; bid forms; bids; proposal forms; proposals; bidding requirements; and qualifications documents.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

7. Change Order—A document which is signed by Contractor and HCPHC and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.

8. Change Proposal—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

9. Constituents of Concern—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

10. Construction Contract—The entire and integrated written contract between the HCPHC and Contractor concerning the Work.

11. Construction Contract Documents—Those items designated as "Contract Documents" in the Construction Contract, and which together comprise the Construction Contract. See also definition of "Front-End Construction Contract Documents" below.

12. Construction Contract Price—The money that HCPHC has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.

13. Construction Contract Times—The number of days or the dates by which Contractor must: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.

14. Construction Cost—The cost to HCPHC of the construction of those portions of a Specific Project designed or specified by or for Engineer under a Task Order, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; HCPHC's costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to HCPHC. Construction Cost is one of the items comprising Total Project Costs.

15. Constructor—Any person or entity (not including the Engineer, its employees, agents, representatives, or Subconsultants, or Engineer's Subcontractors), performing or supporting construction activities relating to a Specific Project, including but not limited to Contractors, Subcontractors, Suppliers, HCPHC's work forces, utility companies, other contractors, construction managers, design-builders, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

16. Contractor—The entity or individual with which HCPHC enters into a Construction Contract.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

17. Documents—All documents expressly identified as deliverables in this Main Agreement or in any Task Order, whether in printed or Electronic Document form, required to be provided or furnished by Engineer to HCPHC. Such specifically required deliverables may include, by way of example, Drawings, Specifications, data, reports, building information models, and civil integrated management models.

18. Drawings—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. Effective Date of the Main Agreement—The date indicated in this Main Agreement on which it becomes effective, but if no such date is indicated, it means the date on which the Main Agreement is signed and delivered by the last of the two parties to sign and deliver.

20. Effective Date of the Task Order—The date indicated in a specific Task Order on which the Task Order becomes effective, but if no such date is indicated, it means the date on which the Task Order is signed and delivered by the last of the two parties to sign and deliver.

21. Electronic Document—Any Specific Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

22. Electronic Means—Electronic mail (email), upload/download from a secure Specific Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Agreement. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

23. Engineer—The individual or entity named as such in this Main Agreement.

24. Engineer's Subcontractor—An individual, firm, vendor, or other entity having a contract with Engineer to furnish general services, equipment, or materials with respect to a Specific Project as an independent contractor.

25. Field Order—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.

26. Front-End Construction Contract Documents—Those Construction Contract Documents whose primary purpose is to establish legal and contractual terms and conditions, typically including the HCPHC-Contractor agreement, bonds, general conditions, and supplementary conditions. The term excludes the Drawings and Specifications, and any Construction Contract Documents delivered or issued after the effective date of the Construction Contract.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

27. Laws and Regulations; Laws or Regulations—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

28. Main Agreement—The portion of the Agreement containing the general terms and conditions of the contract between HCPHC and Engineer, applicable to all Task Orders, including but not limited to provisions regarding task order procedures, HCPHC responsibilities, invoice and payment procedures, standard of care, HCPHC ownership of documents, suspension and termination, and definitions.

29. HCPHC—The individual or entity named as such in this Main Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning Specific Projects.

30. Record Drawings—Drawings depicting the completed Specific Project, or a specific portion of the completed Specific Project, prepared by Engineer and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.

31. Resident Project Representative—As authorized by a specific Task Order, the representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of the RPR. The duties and responsibilities of the RPR (if any) will be as set forth in each Task Order.

32. Samples—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

33. Shop Drawings—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.

34. Site—Lands or areas to be indicated in the Construction Contract Documents for a Specific Project as being furnished by HCPHC upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by HCPHC which are designated for the use of Contractor.

35. Specifications—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

36. Specific Project—A specifically identified and defined total undertaking to be accomplished for HCPHC by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under a specific Task Order are a part.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

37. Subconsultant—An individual, design firm, consultant, or other entity having a contract with Engineer to furnish professional services with respect to a Specific Project as an independent contractor.

38. Subcontractor—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

39. Submittal—A written or graphic document, prepared by or for Contractor, which the Construction Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; HCPHC-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections, and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Construction Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

40. Substantial Completion—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

41. Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

42. Task Order—A document executed under this Main Agreement by HCPHC and Engineer (including incorporated exhibits and amendments if any), stating the scope of services, Engineer's compensation, times for performance of services, and other relevant information.

43. Total Project Costs—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Specific Project, including Construction Cost and all other Specific Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other project-related costs that HCPHC furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties and private utilities (including relocation if not part of Construction Cost), HCPHC's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Specific Project, and the cost of other services to be provided by others to HCPHC.

44. Underground Facilities—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or systems at the Site, including but not limited to those facilities or

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

45. Work—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

46. Work Change Directive—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by HCPHC and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

B. Terminology

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

ARTICLE 8—EXHIBITS AND APPENDICES TO MAIN AGREEMENT; TASK ORDER FORM; EXHIBITS TO TASK ORDER; SPECIAL PROVISIONS

8.01 Exhibits to Main Agreement

The following exhibits are incorporated by reference and included as part of this Main Agreement, and as such are applicable to all Task Orders:

A. Reserved.

B. Reserved.

C. Exhibit C, Amendment to Main Agreement (form).

D. Reserved.

E. Reserved.

F. Exhibit F, Electronic Documents Protocol (EDP).

G. Exhibit G, Insurance.

H. Exhibit H, Dispute Resolution.

I. Exhibit I, Limitations of Liability.

8.02 Appendices to Main Agreement

A. The following appendices are incorporated by reference and made a part of this Main Agreement:

1. Appendix 1—Reimbursable Expenses Schedule

2. Appendix 2—Standard Hourly Rates Schedule

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

8.03 Resource Documents: Task Order Form and Exhibits to Task Order

A. The parties acknowledge the accompanying documents, "Part 3 of 4: Task Order Form" and "Part 4 of 4: Exhibits to Task Order." These documents are a resource for the parties' use when a specific Task Order is issued. To the extent practical and applicable to a Specific Project, the parties will use the Task Order Form and Exhibits to Task Order as the basis for preparing the specific Task Order and its exhibits. The Task Order Form and Exhibits to Task Order are not a part of this Main Agreement or binding on the parties except to the extent they serve as the basis for a duly executed Task Order and its exhibits.

8.04 Executed Task Orders and Their Exhibits

A. When a specific Task Order is duly executed by HCPHC and Engineer, the Task Order and its exhibits become an integral part of the Agreement, governed by the Main Agreement and its exhibits.

8.05 Total Agreement; Amendments to Main Agreement and Task Orders

A. This Agreement (as defined herein) constitutes the entire contractual agreement between HCPHC and Engineer and supersedes all prior written or oral understandings.

B. Amendments:

1. This Main Agreement may only be amended, supplemented, modified, or canceled by a written instrument duly executed by both parties. Such written instruments should be based whenever possible on the format of Exhibit C to this Main Agreement.

2. Amendments and modifications to a Task Order may be made by execution of a new, expressly related Task Order, or by execution of a written amendment to the Task Order.

3. Nothing in any Task Order will be construed as revising or modifying the terms and conditions of the Main Agreement or its exhibits, except as expressly stated in such Task Order.

8.06 Designated Representatives

A. With the execution of this Main Agreement, Engineer and HCPHC shall each designate a specific individual to act as representative under the Main Agreement. Such an individual must have authority to execute Task Orders, transmit instructions, receive information, and render decisions with respect to this Main Agreement, on behalf of the party that the individual represents.

B. With the execution of each Task Order, Engineer and HCPHC shall each designate a specific individual to act as representative with respect to the Task Order. Such individual must have authority to transmit instructions, receive information, and render decisions with respect to the specific Task Order, on behalf of the party that the individual represents.

8.07 Engineer's Certifications

A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.07:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the selection process or in the Agreement execution;

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of HCPHC, or (b) to deprive HCPHC of the benefits of free and open competition;

3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

8.08 Conflict of Interest

A. Nothing in this Agreement will be construed to create or impose any duty on the part of Engineer that would be in conflict with Engineer's paramount obligations to the public health, safety, and welfare under the professional practice requirements governing Engineer, its Subconsultants, and all licensed professionals employed by Engineer or its Subconsultants.

B. If during the term of this Agreement a potential or actual conflict of interest arises or is identified:

1. Engineer and HCPHC together will make reasonable, good faith efforts to avoid or eliminate the conflict of interest; to mitigate any adverse consequences of the conflict of interest; and, if necessary and feasible, to modify this Agreement to address the conflict of interest and its consequences, such that progress under the Agreement may continue.

2. Such efforts will be governed by applicable Laws and Regulations and by any pertinent HCPHC's policies, procedures, and requirements (including any conflict of interest resolution methodologies) provided to Engineer under Paragraph 2.04.A of this Agreement.

EXHIBIT F—EXHIBIT F—ELECTRONIC DOCUMENTS PROTOCOL (EDP)

ARTICLE 1—ELECTRONIC DOCUMENTS PROTOCOL (EDP)

Paragraph 6.03 of the Main Agreement is supplemented by the following Exhibit F Paragraph 1.01 and Exhibit F—Attachment 1: Software Requirements for Electronic Document Exchange:

1.01 Electronic Documents Protocol

A. Electronic Transmittals: The parties shall conform to the following provisions together referred to as the Electronic Documents Protocol ("EDP" or "Protocol") for exchange of electronic transmittals. References to "Project" will mean the Specific Project, or the facilities program or other combination of projects undertaken with Engineer's involvement, as the case may be.

1. Basic Requirements

a. To the fullest extent practical, the parties agree to and will transmit and accept Electronic Documents by Electronic Means using the procedures described in this Protocol. Use of the Electronic Documents and any information contained therein is subject to the requirements of this Protocol and other provisions of the Agreement.

b. The contents of the information in any Electronic Document will be the responsibility of the transmitting party.

c. Electronic Documents as exchanged by this Protocol may be used in the same manner as the printed versions of the same documents that are exchanged using non-electronic format and methods, subject to the same governing requirements, limitations, and restrictions, set forth in the Agreement.

d. Except as otherwise explicitly stated herein, the terms of this Protocol will be incorporated into any other agreement or subcontract between the HCPHC and Engineer and any third party for any portion of the Project, or any Project-related services, where that third party is, either directly or indirectly, required to exchange Electronic Documents with HCPHC, Engineer, or any Contractor or other entity directly contracted with the HCPHC to furnish Project-related services. Nothing herein will modify the requirements of the Agreement and applicable Construction Contract Documents regarding communications between and among the individual third parties and their respective subcontractors and consultants, except to the extent that any respective subcontractor or consultant exchanges Electronic Documents with the HCPHC or Engineer.

e. When transmitting Electronic Documents, the transmitting Party makes no representations as to long term compatibility, usability, or readability of the items resulting from the receiving Party's use of software application packages, operating systems, or computer hardware differing from those established in this Protocol.

f. Nothing herein negates any obligation (1) in the Agreement to create, provide, or maintain an original printed record version of Drawings and Specifications, signed and sealed according to applicable Laws and Regulations; (2) to comply with any applicable Law or Regulation governing the signing and sealing of design documents or the signing and electronic transmission of any other documents; or (3) to comply with any notice requirements limiting or otherwise modifying the acceptance of Electronic Documents for such notice.

2. System Infrastructure for Electronic Document Exchange

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

a. Each party will provide hardware, operating system(s) software, internet, e-mail, and large file transfer functions ("System Infrastructure") at its own cost and sufficient for complying with the EDP requirements. With the exception of minimum standards set forth in this EDP and any explicit system requirements specified by attachment to this EDP, it will be the obligation of each party to determine, for itself, its own System Infrastructure.

1) The maximum size of an e-mail attachment for exchange of Electronic Documents under this EDP **10** MB. Attachments larger than that may be exchanged using large file transfer functions or physical media.

2) Each Party assumes full and complete responsibility for any and all of its own costs, delays, deficiencies, and errors associated with converting, translating, updating, verifying, licensing, or otherwise enabling its System Infrastructure, including operating systems and software, for use with respect to this EDP.

b. Each party is responsible for its own system operations, security, back-up, archiving, audits, printing resources, and other Information Technology ("IT") for maintaining operations of its System Infrastructure during the Project, including coordination with the party's individual(s) or entity responsible for managing its System Infrastructure and capable of addressing routine communications and other IT issues affecting the exchange of Electronic Documents.

c. Each party will operate and maintain industry-standard, industry-accepted, ISO-standard, commercial-grade security software and systems that are intended to protect the other party from: software viruses and other malicious software like worms, trojans, adware; data breaches; loss of confidentiality; and other threats in the transmission to or storage of information from the other parties, including transmission of Electronic Documents by physical media such as CD/DVD/flash drive/hard drive. To the extent that a party maintains and operates such security software and systems, it will not be liable to the other party for any breach of system security.

d. In the case of disputes, conflicts, or modifications to the EDP required to address issues affecting System Infrastructure, the parties will cooperatively resolve the issues; but, failing resolution, the HCPHC is authorized to make and require reasonable and necessary changes to the EDP to effectuate its original intent. If the changes cause additional cost or time to Engineer, not reasonably anticipated under the original EDP, Engineer shall be entitled to compensation as Additional Services for its costs associated with the revisions to the EDP, delayed adoption of this exhibit, or implementation of other Electronic Documents protocols.

e. Each party is responsible for its own back-up and archive of documents sent and received during the term of any Project contract/agreement under this EDP, unless this EDP establishes a Project document archive, either as part of a mandatory Project website or other communications protocol, upon which the Parties may rely for document archiving during the specified term of operation of such project document archive. Further, each party remains solely responsible for its own post-Project back-up and archive of project documents, as each party deems necessary for its own purposes, after the term of contract, or termination of the project document archive, if one is established.

f. If a receiving party receives an obviously corrupted, damaged, or unreadable Electronic Document, the receiving party will advise the sending party of the incomplete transmission.

g. The parties will bring any non-conforming Electronic Documents into compliance with the EDP. The parties will attempt to complete a successful transmission of the Electronic Document or use an alternative delivery method to complete the communication.

h. The **Engineer** will operate a Project information management system (also referred to in this EDP as "Project Website") for use of HCPHC, Engineer, Contractors, during the Project for exchange and storage

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

of Project-related communications and information. Except as otherwise provided in this EDP or the General Conditions, use of the Project Website by the Parties as described in this paragraph will be mandatory for exchange of Project documents, communications, submittals, and other Project-related information. The following conditions and standards will govern use of the Project Website:

1) Describe the period of time during which the Project Website will be operated and be available for reliance by the Parties.

2) Provide any minimum system infrastructure, software licensing and security standards for access to and use of the Project Website.

3) Describe the types and extent of services to be provided at the Project Website (such as large file transfer, email, communication and document archives, etc.).

4) Include any other Project Website attributes that may be pertinent to the use of the facility by Project-related parties and evaluation by those parties of the functionality and cost of such use.

5) Engineer's related compensation and reimbursement: **There will be no additional compensation for this service**

B. Software Requirements for Electronic Document Exchange; Limitations

1. Each party will acquire the software and software licenses necessary to create and transmit Electronic Documents and to read and to use any Electronic Documents received from the other party (and if relevant from third parties), using the software formats required in this section of the EDP.

a. Prior to using any updated version of the software required in this section for sending Electronic Documents to the other party, the originating party will first notify and receive concurrence from the other party for use of the updated version or adjust its transmission to comply with this EDP.

2. The parties agree not to intentionally edit, reverse engineer, decrypt, remove security or encryption features, or convert to another format for modification purposes any Electronic Document or information contained therein that was transmitted in a software data format, intended by sender not to be modified, unless the receiving party obtains the permission of the sending party or is citing or quoting excerpts of the Electronic Document for Project purposes.

3. Software and data formats for exchange of Electronic Documents will conform to the requirements set forth in the following Attachment 1 to this EDP, including software version, if listed.

C. Format and Distribution of Deliverables

1. By definition, "Documents" as used in this Agreement are documents expressly identified as deliverables from Engineer to HCPHC. Exhibit A of each specific Task Order identifies various Documents that Engineer is required to deliver to HCPHC as part of Engineer's services; Exhibit B of each specific Task Order is a schedule of such Documents. Engineer will transmit such Documents to HCPHC in the formats identified in Attachment 1 to this Protocol. If no specific format is identified for a deliverable Document, the format will be Portable Document Format (PDF), Microsoft Word, Exel and AutoCAD, whichever is applicable

2. .

3. If a Document will be distributed to third parties, such as prospective bidders and contractors, reviewing agencies, or lenders, the transmittal format for distribution will be as identified in Attachment 1 to this Protocol; provided, however, that if a format for distribution of a specific Document is expressly stated in a specific Exhibit A, then the Exhibit A format will take precedence. If no specific format is

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

identified for distribution of a deliverable Document to third parties, the format will be Portable Document Format (PDF).

a. If a format for Document distribution other than Portable Document Format (PDF) is specified, HCPHC shall first obtain a written, signed release from each third party to which the deliverable Document is distributed, establishing agreement to the following conditions:

1) The content included in the Electronic Documents prepared by or for Engineer and covered by the request was prepared as an internal working document for Engineer's purposes solely, and is being provided to the third party on an "AS IS" basis without any warranties of any kind, including, but not limited to any implied warranties of fitness for any purpose. As such, the third party is advised and acknowledges that the content may not be suitable for the third party's application, or may require substantial modification and independent verification by the third party. The content may include limited resolution of models; not-to-scale schematic representations and symbols; use of notes to convey design concepts in lieu of accurate graphics; approximations; graphical simplifications; undocumented intermediate revisions; and other devices that may affect subsequent reuse.

2) Electronic Documents containing text, graphics, metadata, or other types of data that are provided to the Requesting Party are only for the convenience of the third party. Any conclusion or information obtained or derived from such data will be at the third party's sole risk and the third party waives any and all claims against Engineer or HCPHC arising from the use of the Electronic Documents covered by the request, or of any data contained in such Electronic Documents.

3) The third party shall indemnify and hold harmless HCPHC, Engineer, and Engineer's Subcontractors and Subconsultants, from all claims, damages, losses, and expenses, including attorneys' fees and defense costs arising out of or resulting from the third party's use, adaptation, or distribution of any Electronic Documents provided under the request.

4) The third party agrees not to sell, copy, transfer, forward, give away or otherwise distribute this information (in source or modified file format) to any third party without the direct written authorization of Engineer, unless such distribution is specifically identified in the request and is limited to the third party's subcontractors and consultants. The third party warrants that subsequent use by the third party's subcontractors and subconsultants will comply with all terms of the Construction Contract Documents and any specific instructions or conditions established by HCPHC.

b. If Engineer is required to assist or participate in obtaining such releases from third parties, such services will be categorized as Additional Services.

D. Requests by Project-Related Parties for Electronic Documents in Other Formats

1. HCPHC may release (or direct Engineer to release) an Electronic Document version of a Document prepared by or for Engineer, including but not limited to a deliverable Document as set forth in Exhibit F Paragraph 1.01.C, in a format other than those identified in Exhibit F Paragraph 1.01.B or 1.01.C of the Electronic Documents Protocol, or elsewhere in the Agreement, only if (a) a Contractor or other Project-related party (Requesting Party) makes a good faith request for such release, (b) HCPHC determines in its sole discretion that such release is prudent and will be beneficial to the Project, and (c) HCPHC obtains Requesting Party's written consent to the four conditions set forth in Exhibit F Paragraph 1.01.C.2.a.1-4 above.

2. Any services by Engineer in connection with HCPHC or Engineer providing a Document to a Requesting Party under this Exhibit F Paragraph 1.01.D is included in basic services of the task order.

C. During the term of this Main Agreement the Engineer shall notify HCPHC of any other Subconsultant or Engineer's Subcontractor to be listed as an additional insured on HCPHC's and applicable Contractor's general liability policies of insurance.

D. The HCPHC must be listed on Engineer's general liability policy as provided in Paragraph 6.04.B.

E. For applicable Contractor's general liability policies of insurance, the additional insured endorsements will include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together). If Contractor demonstrates to HCPHC that the specified ISO endorsements are not commercially available, then Contractor may satisfy this requirement by providing equivalent endorsements.

F. For applicable Contractor's general liability policies of insurance, Contractor shall provide ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged

[1] For clarification as referenced in part E. of the Main Agreement, HCPHC will maintain the above, but will not add Engineer as Additional Insured, nor does HCPHC's coverage apply to the project at hand.

AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES— TASK ORDER EDITION

PART 3 OF 4: TASK ORDER FORM

TASK ORDER NO. [___]

This is Task Order No. [_____], consisting of 8 pages.

Guidance Notes

1. For each specific Task Order, modify this form as to scope, compensation, schedule, baseline information, and other key items. Where the services of the Engineer involve activities under other related Task Orders, those Specific Projects should be identified in this Task Order.
2. For additional discussion regarding the use of this Task Order Form, see the Guidelines for Use section that precedes the text of the Main Agreement.

In accordance with Paragraph 1.01, Main Agreement, of the Agreement Between Owner and Engineer for Professional Services—Task Order Edition dated **[date]**, Owner and Engineer agree as follows:

ARTICLE 2—TASK ORDER DATA

a.	Effective Date of Task Order:	
b.	Owner:	
c.	Engineer:	
d.	Specific Project (title)	
e.	Specific Project (description):	
f.	Related Task Orders Supplemented by this Task Order: Superseded by this Task Order:	

ARTICLE 3—BASELINE INFORMATION

Guidance Notes – Baseline Information

1. Inherent in establishing the scope of Engineer's services for a specific Task Order is clearly defining the nature of the facility or facilities to be studied, planned, designed, or built, to the extent known at the time the Task Order is issued. Providing such information creates a mutual understanding by the parties as to the services that will be needed, as well as the level of effort and time (and thus cost) required to deliver those services. To accurately establish the scope of services, it is almost always in the best interest of both the Owner and the Engineer when the Owner provides as much detailed baseline information regarding the facilities as is reasonably available.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

2. If known, the baseline information regarding the physical improvements to be designed should include important controlling features, assumptions, and limitations that may affect Engineer's services. The information may be expressly stated below or by reference to external sources, such as requests for proposal or actual proposals, both of which often contain project descriptions.

Baseline Information. Owner has furnished the following Specific Project information to Engineer as of the Effective Date of the Task Order. Engineer's scope of services has been developed based on this information.

1. Here insert relevant information about the Specific Project, either directly or by reference, to the extent known and necessary to give context to the Engineer's services that are specified in Exhibit A.
2. Below are some suggested or sample categories of information that may have been furnished to Engineer as baseline information about the Specific Project. Other categories may be relevant to the specific engagement.
3. In Paragraph 6.09.A of the Main Agreement the Owner represents that no Constituents of Concern, other than those disclosed to Engineer, exist at or adjacent to the Site. Such disclosures may be made here; and any specific exception to the Owner's representation should be addressed here or elsewhere in the Task Order.
4. Note that the term "Specific Project" is broadly defined; in most cases it will be sufficient here to describe information relevant to those portions of the Specific Project within Engineer's scope of services.

Type and Size of Facility: _____

Description of Improvements: _____

ARTICLE 4—SERVICES OF ENGINEER ("SCOPE")

A. The specific Basic Services to be provided or furnished by Engineer under this Task Order are:

[Select one of the following options and delete the others.]

☐ Exhibit A to Task Order, "Engineer's Services for Task Order," as attached to this specific Task Order. **[Attach a scope of services exhibit labeled "Exhibit A." This exhibit will often be based on E-505's published Exhibit A to Task Order, as modified for the specific Task Order; or at the user's option the exhibit may consist of an attached custom-drafted scope of services, or a scope of services set out in a separate document such as a letter or proposal.]**

B. All of the services included above comprise Basic Services for purposes of Engineer's compensation under this Task Order, with the exception of Resident Project Representative Services, if any, which are compensated separately.

Notes to User

1. If RPR services are not in the scope of this Task Order, do not include any references to RPR services in Exhibit A for this Task Order (or state "Does not apply" or similar), or in any other scope of services text or document.
2. Modify Exhibit D to Task Order to suit this specific Task Order, and attach the modified document.

C. Resident Project Representative (RPR) Services:

1. If the Scope established in Paragraph 2.A above includes RPR services, then Exhibit D to Task Order is expressly incorporated in this Task Order by reference.

D. Additional Services: Services not expressly set forth as Basic Services in Paragraph 3.A above, and necessary services listed as not requiring Owner's written authorization, or requiring additional effort in an immediate, expeditious, or accelerated manner as a result of unanticipated construction events or Specific Project conditions, **[if more clarity is needed, identify specific situations qualifying as additional effort, such as those described in Exhibit A to Task Order, Paragraph 2.01]** are Additional Services, and will be compensated by the method indicated for Additional Services in this Task Order. All other Additional Services require mutual agreement and may be authorized by amending the Task Order as set forth in Paragraph 8.05.B.2 of the Main Agreement, with compensation for such other Additional Services as set forth in the amending instrument.

ARTICLE 5—DELIVERABLES SCHEDULE

A. In submitting required Documents and taking other related actions, Engineer and Owner will comply with Exhibit B to Task Order, attached to this specific Task Order.

ARTICLE 6—ADDITIONS TO OWNER'S RESPONSIBILITIES

A. Owner shall have those responsibilities set forth in Article 2 of the Main Agreement, and the following supplemental responsibilities that are specific to this Task Order: **[State any supplementary Owner responsibilities applicable to this Task Order here.]**

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

ARTICLE 7—TASK ORDER SCHEDULE

A. In addition to any schedule provisions provided in Exhibit B or elsewhere, the parties shall meet the following schedule: **[Indicate "Not Applicable" if the schedule in Exhibit B, as modified for the specific Task Order, is sufficient.]**

Date	Action / Milestone	Comment

ARTICLE 8—ENGINEER'S COMPENSATION

A. The terms of payment are set forth in Article 4 of the Main Agreement.

B. Owner shall pay Engineer for services rendered under this Task Order as follows:

Notes to User

1. Delete line items that do not apply to this Task Order.
2. For each line item indicate either "Lump Sum," "Direct Labor," "Hourly Rates" or other method as the Basis of Compensation.
3. Revise, if necessary, with descriptions of key phases or subtasks, or cross-reference to Exhibit A to Task Order or other scope of services as appropriate.
4. In the typical Task Order many of the line items under Item 1, Basic Services, will be governed by a single Basis of Compensation; however, it is not unusual to have some variation in compensation methods among the services, so the table allows the user to establish specific bases of compensation for each of the various Basic Compensation phases or subtasks (1.a and following.) Add or remove subtask items as needed.
5. If compensation for a phase or subtask of Engineer's services will vary if the construction contractor extends its time at the site, then the information furnished in the asterisked note at the end of the table will serve as the baseline for a possible adjustment of compensation.

Guidance Notes—Preparing Exhibit A for the Specific Project

1. As published, Exhibit A, Engineer's Services Under Task Order, contains a comprehensive scope of services, starting with Study and Report Phase services and continuing through Preliminary Design, Final Design, Construction Phase services, Post-Construction services, and potential Additional Services. For each specific Task Order, Owner and Engineer should carefully review and modify Exhibit A to reflect the needs of the Specific Project. In some cases this may entail supplementing the published provisions with more specific or detailed descriptions of services. In other cases the parties may substantially trim the scope of services, for example by narrowing the scope to Study and Report Phase services only, or by reducing the Engineer's role during construction.

2. Even when most of Exhibit A as published is retained, the user will note that there are many places in which it is necessary to furnish Task Order-specific information, as indicated by notes and prompts.

3. Exhibit A as published is coordinated with the Main Agreement and its exhibits, the Task Order Form, and the other Task Order exhibits; and also with the terms and provisions of related EJCDC documents, most notably with the content of EJCDC® C-700 2018, Standard General Conditions of the Construction Contract, and the other 2018 Construction Series documents. When supplementing or revising Exhibit A for use as an exhibit to a specific Task Order, the user should take care to preserve this coordination, by using consistent terminology, and by noting and addressing any divergence between Engineer's duties in Exhibit A (as modified) and in other sections of the Agreement or related documents such as C-700.

4. As an acceptable alternative to basing the scope of Engineer's services on Exhibit A as published, some users prefer to substitute a customized scope of services document. The customized scope of services document may be based on the content of Engineer's proposal to provide services, on Owner's specific procurement and construction processes, or on highly specialized descriptions of services. When a customized scope of services is used (as an alternative to basing the scope on Exhibit A as published), the user should take additional precautions to assure coordination of duties, requirements, and terminology within the Agreement, and with respect to related documents.

5. This Exhibit has been drafted in anticipation of use with a Task Order under a Specific Project. (See definition of "Specific Project" in the Main Agreement, Paragraph 7.01.A.) If the term "Project" is used alone, it should be construed as applying to that Specific Project, unless by context, the use plainly refers

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

to a project or program of which the Specific Project is only a part. Care should be exercised in editing the exhibit to use the term "Specific Project" unless a different concept is intended.

6. This Exhibit A, Engineer's Services Under Task Order, differs from the Exhibit A ("Engineer's Services) that accompanies EJCDC® E-500 in two significant respects: (a) E-500's Exhibit A begins with a Baseline Information section. In this document, the Baseline Information section has been relocated to the Task Order Form. (b) E-500's Exhibit A contains a complete Management of Engineering Services section. In this document, the Management of Engineering Services provisions have been relocated to Paragraph 1.03 in the Main Agreement; this is noted in Paragraph 1.01 below.

Article 1 of the Main Agreement, Services of Engineer, is supplemented to include the following provisions:

Engineer shall provide Basic and Additional Services as set forth below.

Guidance Notes—Quantification of Certain Services

1. This Exhibit includes numerous services that, depending on the nature of the Task Order, will likely be provided on multiple occasions, for repetitive activities, or recurring periods or intervals. Examples are progress meetings, responding to requests for information or interpretation (RFI), reviewing Bidder or Contractor "or equals" or substitution requests, and processing Change Proposals.

a. Because the quantity of such repetitive activities is wholly dependent upon the needs of the Project, no single or "standard" specified quantity is offered here.

b. The general approach of this Exhibit is that Engineer's Basic Services include a reasonable number of such repetitive activities, unless a bracketed selection or option is provided.

c. Excessive quantities of repetitive activities are typically handled as Additional Services.

d. The parties may desire specificity as to the quantity of any repetitive service to be provided, both to assure the Owner as to the number of such activities to be included and to facilitate budgeting for Basic Services. Anywhere in this Exhibit A that a repetitive service is stated, the parties may modify the wording to define a specific quantity for the service to be included as a Basic Service.

ARTICLE 11—BASIC SERVICES

11.01 Management of Engineering Services

A. See Main Agreement, Paragraph 1.03.

11.02 Study and Report Phase

A. Engineer shall:

1. Consult with Owner to define and clarify Owner's requirements for the Specific Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations, and identify available data, information, reports, facilities plans, and site evaluations.

a. If Owner has already identified one or more potential solutions to meet its Specific Project requirements, then proceed with the study and evaluation of the Owner-identified potential solutions listed here:

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

1) **[List the specific potential solutions to be studied and evaluated here]**.

b. If Owner has not identified specific potential solutions for study and evaluation, then assist Owner in determining whether Owner's requirements, and available data, reports, plans, and evaluations, point to a single potential solution for Engineer's study and evaluation, or are such that it will be necessary for Engineer to identify, study, and evaluate multiple potential solutions.

c. If it is necessary for Engineer to identify, study, and evaluate multiple potential solutions, then identify **[insert specific number]** alternative solutions potentially available to Owner, unless Owner and Engineer mutually agree that some other specific number of alternatives should be identified, studied, and evaluated.

2. Identify potential solution(s) to meet Owner's Specific Project requirements, as needed.

3. Study and evaluate the potential solution(s) to meet Owner's Specific Project requirements.

4. Visit the Site, or potential Specific Project sites, to review existing conditions and facilities, unless such visits are not necessary or applicable to meeting the objectives of the Study and Report Phase.

5. Assess initially available Specific Project information and data, including the Baseline Information set forth at the beginning of this Exhibit A.

6. Advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer additional Specific Project-related information and data, for Engineer's use in the study and evaluation of potential solution(s) to Owner's Specific Project requirements, and preparation of a related report.

7. After consultation with Owner, recommend the solution(s) which in Engineer's judgment meet Owner's requirements for the Specific Project.

8. Identify, consult with, and analyze requirements of authorities having jurisdiction to permit or approve construction or operation of the portions of the Specific Project to be designed or specified by Engineer, including but not limited to impacts and mitigating measures identified in previously prepared environmental assessments for the Specific Project provided to the Engineer or being concurrently prepared for Owner by others.

9. Advise the Owner of any need for Owner to provide data or services of the types described in Article 2 of the Agreement, for use in Specific Project design, or in preparation for Contractor selection and construction.

10. Assist Owner in evaluating the possible use of building information modeling; civil integrated management; geotechnical baselining of subsurface conditions at the Site; innovative design, contracting, or procurement strategies; project delivery method; or other strategies, technologies, or techniques for assisting in the design, construction, and operation of Owner's facilities. The subject matter of this paragraph will be referred to in Exhibit A as "Specific Project Strategies, Technologies, and Techniques."

11. Assist Owner in identifying opportunities for enhancing the sustainability of the Specific Project, and pursuant to Owner's instructions, plan for the inclusion of sustainable features in the design.

12. Review with Owner the thresholds established in applicable codes, standards, and design criteria specifically governing the ability of the proposed facilities or improvements to perform, and to absorb or avoid damage without suffering complete or substantial failure. As part of the review, identify additional risk assessment studies or tools that are available to evaluate the susceptibility of the facilities or improvements to natural and man-made events beyond the applicable established

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

thresholds. Upon Owner request, as an additional service, perform additional risk assessment studies or tools to further evaluate system resiliency beyond the applicable established thresholds.

13. Utilities, including Underground Facilities

a. Review any utility mapping and surveys and other utilities documentation made available by Owner. Take note of observable utilities during Site visit.

b. Identify, in a preliminary manner and to the extent determinable by such mapping or other information provided by Owner, and by observations at the Site, those utilities (whether above-ground utilities of any type, or Underground Facilities) likely to be affected by the Specific Project construction and additional utility facilities or extensions that will be needed to serve the Specific Project.

c. If the impact on existing utilities or the need for additional utility facilities or extensions cannot reasonably be determined in a preliminary manner from mapping or other information provided by Owner, or such information was not available from Owner, then assist Owner in evaluating the need to either obtain additional utility mapping and utility documentation during the Study and Report Phase, or undertake other alternative approaches and contingencies to account for utility uncertainties in this phase.

d. Advise Owner of additional utility documentation and coordination needed during the design and construction phases to adequately assess, mitigate, and manage the impact of the Specific Project (including any additional utility facilities or extensions needed to serve the Specific Project) on existing utilities.

e. Use ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data" as a means to advise the Owner regarding the extent and identification and mapping of existing Underground Facilities during the design and construction phases.

1) If Owner has retained a land surveyor, utility engineer, or utility consultant, collaborate with such individuals or entities regarding the application of ASCE 38.

14. Inquire regarding survey methodologies and technologies that would aid in addressing Owner's Specific Project requirements. Develop a scope of work and survey limits for any topographic and other surveys necessary for design. For recommended survey deliverables, specify a) required technical specifications; b) pertinent datum; c) survey limits, and d) formats of deliverables. Collaborate with land surveyor, when separately retained by Owner or third party, to develop such scope of work.

15. Prepare a report (the "Report") which will, as appropriate, contain schematic layouts, sketches, and conceptual design criteria with appropriate exhibits to indicate the agreed-to requirements, considerations involved, and Engineer's recommended solution(s).

a. For each recommended solution, Engineer will separately tabulate Total Project Cost, itemizing those items and services included within the definition of Total Project Costs.

b. Engineer will meet with Owner to discuss the draft Report and receive Owner's comments.

16. Perform or provide the following other Study and Report Phase tasks or deliverables:

a. **[List any such tasks or deliverables here]**.

17. Furnish the Report and any other Study and Report Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit B, and review the deliverables with Owner.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

18. Revise the Report and any other Study and Report Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

B. Engineer's services under the Study and Report Phase will be considered complete on the date when Engineer has delivered to Owner the final Report (as revised) and any other Study and Report Phase deliverables.

Guidance Notes—Preliminary Design Phase

1. In the Preliminary Design Phase, all major decisions on the Specific Project's scope, extent, design criteria, and quality should be finalized, and a preliminary design (usually including preliminary drawings and a preliminary list of expected specifications) established. The Preliminary Design Phase should fully set the stage for development of the final Drawings, Specifications, and other Bidding Documents.

2. The suggested report content included in Exhibit A for the Study and Report Phase (Exhibit A Paragraph 1.02 above) and the Preliminary Design Phase (Exhibit A Paragraph 1.03 below) are general guides to elements and subject matter often contained in such reports, and may be either more or less comprehensive than what is needed to establish the scope of Engineer's services for the Specific Project.

3. As with all of Exhibit A, the scope for report content is intended to be customized for each particular Specific Project.

4. Many owners, funding agencies, and regulatory authorities have published report guidelines that may be good resources for establishing a report scope. For example, the United States Department of Agriculture, Rural Development (USDA/RD), has developed a template for preliminary engineering reports (PER) which may also be useful guidance for projects without USDA/RD involvement.

5. Often in engineering projects, the interim design submittals are labeled as 30%, 60%, 90%, and 100%, or other percentages based on owner usage, to indicate level of completeness of the overall design. These can be misleading labels, as level of completeness is not easily measured in objective metrics, and, on multidiscipline projects (the rule, not the exception), not all disciplines are at the same level of completeness at every design submittal. EJCDC does not use the percentage system to define design completion status, but as an approximate reference for users who are accustomed to percentages, completion of Engineer's services in the Preliminary Design Phase roughly corresponds to 30% design completion.

6. The Preliminary Design Phase services that follow include specific obligations with respect to utilities at the Site. These should be carefully reviewed and modified as necessary to conform to practices and Laws and Regulations applicable to the Specific Project.

11.03 Preliminary Design Phase (30%)

A. After acceptance by Owner of the Report and any other Study and Report Phase deliverables (if Engineer's services under this Agreement included Study and Report Phase services); selection by Owner of a recommended solution; issuance by Owner of any instructions for use of Specific Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design, or enhanced resiliency of the design; indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Specific Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document in writing any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from the selected solution,

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

related Specific Project Strategies, Technologies, or Techniques, sustainable design and resiliency instructions, specific modifications to the Specific Project, or changes, refinements, or supplementation of the Baseline Information.

B. Upon written authorization from Owner, Engineer shall:

1. Review and assess all available Specific Project information and data, including any pertinent reports or studies (whether prepared by Engineer or others) and any related instructions from Owner.

2. Based on the threshold review and assessment of available information and data, advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer any additional information and data, for Engineer's use in the preparation of a Preliminary Design Phase Report.

3. Prepare a Preliminary Design Phase Report in the following format: **[specify the format that is appropriate to the scope of the design and sufficient for Owner's purposes—ranging from a consolidated and comprehensive narrative report to an assemblage of required documents]**.

4. The Preliminary Design Phase Report will consist of final design criteria, preliminary drawings, a preliminary list of expected specifications, and written descriptions of the Specific Project. The Preliminary Design Phase Report will consider the following matters to the extent applicable to the Specific Project and as necessary to establish the basis of design for proceeding to final design and construction:

a. The Specific Project concept, intent, performance criteria, desired outcomes, Owner's standards and Owner directed improvements and facility elements as established in the Study and Report Phase and as expressly set forth in the Baseline Information section of this Exhibit A (collectively the "Specific Project Goals").

b. Recommended appropriate design criteria for each primary portion and significant discipline of the design necessary to address the Specific Project Goals.

c. Site conditions and characterization as known at the time of, or to be determined during, the Preliminary Design Phase, including topography; subsurface information; Constituents of Concern; cultural, historical, and archaeological resources at the Site; wetlands information; and evaluations of flora and fauna that may be affected by the Specific Project.

d. The time schedule for completion of the Specific Project in accordance with Specific Project Goals, including any recommended changes to the time required to complete the Final Design Phase (as set forth in Exhibit B, Deliverables Schedule) and estimated schedule(s) for construction.

e. Identification of major items of materials and equipment, rationale for selection with consideration of quality, suitability, pricing, sourcing, regulatory, and bidding issues affecting recommended selection.

f. Revised opinions of probable Construction Cost.

g. The impact of Specific Project Strategies, Technologies, and Techniques, sustainable features, and enhanced resiliency selected by Owner for inclusion in the Specific Project on the Specific Project Goals, schedule and probable Construction Cost, including impact of multiple prime construction contracts, separate procurement of materials or equipment, and other alternate project delivery methods when the Specific Project Goals necessitate and Owner authorizes;

h. Construction Phase quality assurance and quality control needs affecting development of Drawings and Specifications and other Final Design and Bidding Phase documents.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

i. The effect of permits and authorizations by other entities and utility coordination needs on the Specific Project.

j. Other matters and information pertinent to addressing the Specific Project Goals.

5. In preparing the Preliminary Design Phase Report, use any specific applicable Specific Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features and enhanced resiliency, as appropriate, pursuant to Owner's instructions.

6. Visit the Site as needed to prepare the Preliminary Design Phase Report.

7. If at any point in the Preliminary Design Phase it becomes apparent to Engineer that additional reports, data, information, or services of the types described in Article 2 are necessary, then so advise Owner, and assist Owner in obtaining such reports, data, information, or services.

8. Above-Ground Utilities

a. Review above-ground utilities information obtained from Owner and from observations at the Site.

b. Make recommendations regarding any further identification, investigation, and mapping of above-ground utilities at or adjacent to the Site, for Engineer's design purposes or otherwise.

c. Account for above-ground utilities, based on available information, when advancing design during the Preliminary Design Phase.

9. Underground Facilities

a. Review Underground Facilities data furnished by Owner. Assist Owner in reducing and managing risks associated with Underground Facilities by working together with Owner to jointly establish a procedure ("Underground Facilities Procedure") for the further identification, investigation, and mapping of Underground Facilities at or adjacent to the Site, using ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data," as a basis for establishing such Underground Facilities Procedure.

b. Such Underground Facilities Procedure must take into account the Site and the nature of the Specific Project.

c. Use the Underground Facilities Procedure to aid in the performance of design services:

1) Account for Underground Facilities, based on available information, when advancing the design during the Preliminary Design Phase.

2) The Underground Facilities Procedure will include a plan to keep Underground Facilities information current as Engineer proceeds with the provision of design services, and to add new or relocated Underground Facilities information to the base utility or Site drawings.

3) To manage the potential impact of design changes on Underground Facilities, Engineer shall work together with Owner to modify or reapply the Underground Facilities Procedure as the design progresses and changes.

10. Mitigation of Utilities Conflicts

a. Identify potential conflicts between the Specific Project (including existing and new facilities and structures) and above-ground utilities and Underground Facilities as reviewed in Exhibit A Paragraphs 1.03.B.8 and 9 above, and advise Owner regarding the need for resolution of such conflicts

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

with utility and Underground Facilities owners and permit agencies. Identify the potential need for the relocation of existing above-ground utilities and Underground Facilities.

b. Update the Underground Facilities Procedure as necessary for any Underground Utilities conflicts and relocations.

c. Working together with Owner, jointly identify which specific parties or other entities will be responsible for implementation of the various specific parts of the Underground Facilities Procedure (including those parts that address resolution of Underground Facilities conflicts), and for resolution of above-ground utilities conflicts. Such identification will take into account Owner's authority and standing, as owner of the Site, with respect to Underground Facilities and above-ground utilities.

1) To the extent that Owner and Engineer agree that in addition to performing the design-related obligations set forth in Exhibit A Paragraphs 1.03.B.8 and 9, Engineer will also implement any non-design part of the Underground Facilities Procedure (including resolution of Underground Facilities conflicts), or undertake resolution of above-ground utilities conflicts, such additional duties will be Additional Services under Article 2 of this Exhibit A.

11. Surveys, Topographic Mapping, and Utility Documentation

a. Coordinate with Owner's utility engineer, utility consultant, or land surveyor for the necessary field surveys, topographic mapping, and utility documentation required for Engineer's design purposes, or by the Underground Facilities Procedure.

b. If no scope of work and procedure for utility documentation has been established, selected, or authorized, then at a minimum Engineer will contact utility owners and obtain available information. Except as otherwise provided in this Agreement, Owner acknowledges that the information gathered from utility owners may be incorrect, incomplete, outdated, or otherwise flawed, and as to Engineer, bidders, and Contractor, the Owner accepts all associated risks. Owner reserves all associated rights as to recourse against the sources of such flawed information and against third parties.

12. Prepare initial draft of a comprehensive permit document that identifies Owner's permit duties, Engineer's permit duties, and Contractor's permit duties, and the schedule for permitting activities.

13. Continue to assist Owner with Specific Project Strategies, Technologies, and Techniques that Owner has chosen to implement in Exhibit A Paragraph 1.03.A.

Notes to User—If Engineer will have limited or no involvement in preparing Bidding/Proposal Documents or Front-End Construction Contract Documents, modify the following paragraph. See Guidance Note 3 at Exhibit A Paragraph 1.04.

14. Obtain Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's Bidding/Proposal Documents and Front-End Construction Contract Documents.

a. Also obtain copies of Owner's standard Bidding/Proposal Documents and Front-End Construction Contract Documents, and any other related documents or content for Engineer to include in drafts of the Specific Project-specific Bidding/Proposal Documents and Front-End Construction Contract Documents, when applicable.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

b. Review Owner's instructions regarding procurement, bidding and contracting of construction services with respect to effects on the Specific Project design, schedule and construction and address as needed in the Preliminary Design Phase deliverables.

15. Prepare the Preliminary Design Phase Report. This Report will consist of, as appropriate, separate or combined submittals in whole or summary, the Preliminary Design Phase documents listed in Exhibit A Paragraph 1.03.B.4, and Engineer's findings and recommendations for advancing the Specific Project to the Final Design Phase (including Engineer's findings and recommendations, if any, regarding permitting, utilities, and Underground Facilities). The submittal will be in the format of a report, or otherwise organized and assembled for ease and practicality of use.

a. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and on the basis of information furnished by Owner, assist Owner in tabulating the various cost categories which comprise Total Project Costs.

b. Engineer will meet with Owner to discuss the draft Preliminary Design Phase submittal and receive Owner's comments.

16. Perform or provide the following other Preliminary Design Phase tasks or deliverables:

a. **[List any such tasks or deliverables here]**.

17. Furnish the Preliminary Design Phase Report, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit B, and review the deliverables with Owner.

18. Revise the Report and any other deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

C. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Preliminary Design Phase Report (as revised) and associated documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables.

11.04 Final Design Phase (60%, 90% and 100%)

Guidance Notes

1. In the Final Design Phase, the Engineer prepares the final Drawings and Specifications. In many cases the Engineer will also prepare or assist in the preparation (by Owner or others) of the bidding and contracting documents.

2. As noted above with respect to the Preliminary Design Phase, in Guidance Note 5, immediately preceding Exhibit A Paragraph 1.03 above, it is common to refer to interim design submittals as 30%, 60%, 90%, and 100%, to indicate the level of completeness of the overall design. Although EJCDC does not use these percentage labels (for the reasons stated in the cited Guidance Note 5 above), for reference purposes the Engineer's completion of the Preliminary Design Phase should bring the design to roughly 30% completion. The first draft referred to here in the Final Design Phase (1.04.B.1) is a rough equivalent of 60% completion; the second draft (1.04.B.2) may be thought of as roughly 90% completion; and the third and final draft (1.04.B.3) as 100% completion.

3. Some owners prefer to handle the preparation of construction procurement (by bidding or other selection methods) and the construction contract documents (together commonly referred to as "Division 00" under the Construction Specifications Institute (CSI) MasterFormat™) with little or no involvement by

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

the Engineer, other than with respect to Engineer's preparation or furnishing of the Drawings, Specifications, and other design and technical documents. Instead, such owners rely either on their own in-house staff and legal counsel for such services, or on third-parties such as a construction manager. When such is the case, modify the requirements of Exhibit A Paragraph 1.04.D, regarding Bidding/Proposal Documents and Construction Contract Documents, as well as the contents of Article 2, Owner's Responsibilities, to fit the requirements of the specific engagement.

4. This exhibit has been coordinated for use with the 2018 EJCDC Construction Documents. When other bidding and contract documents will be used on the Specific Project, it is important for the Owner and Engineer to carefully coordinate the Engineer's authority, responsibilities, and scope of services (especially during construction) under such other forms with the provisions of Exhibit A. If the final bidding and contract requirements are not known at the time of the execution of the agreement, some modifications to the Agreement may be needed during the review by the parties under the Construction Phase services in Exhibit A Paragraph 1.06.A.

A. After acceptance by Owner of the Preliminary Design Phase Report and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Specific Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Specific Project, or changes, refinements, or supplementation of the Baseline Information.

1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **[Enter number of contracts]**. If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more separate design professional consultants or prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.

B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase Report (as revised) and other Preliminary Design Phase deliverables. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows, pursuant to the Deliverables Schedule in Exhibit B:

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

Notes to User—The number of interim drafts of the Drawings and Specifications (design documents) to be delivered to Owner during the Final Design Phase will vary, depending on Specific Project needs and complexity. The following paragraphs and the associated Exhibit B, Deliverables Schedule, assume delivery of two interim drafts of the design documents during this Phase, followed by delivery of the final Drawings and Specifications—edit to add or remove interim deliveries based on the needs of the Specific Project. Consider adding detail regarding the criteria, objectives, and characteristics of the interim submittals; and note any exceptions to the requirement to include all Drawings and Specifications in each interim delivery.

1. First Final Design Phase draft of all Drawings and Specifications.

2. Second Final Design Phase draft of all Drawings and Specifications, addressing Owner comments and including appropriate design advancement.

3. Final Drawings and Specifications that address Owner comments; complete the design; are suitable for estimating and pricing by prospective Contractors; and are complete and ready for construction.

C. In preparing the Specifications (and any bidding, contract, or other documents that are part of Engineer's scope of services), Engineer shall obtain from Owner or Owner's legal counsel any relevant constraints such as requirements for use of domestic steel and iron, other domestic purchasing requirements, statutory restrictions on utilizing proprietary specifying methods, and the like, and comply with or account for such constraints in drafting Specifications, Bidding/Proposal Documents, and other Specific Project documents.

D. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:

1. Template documents will be provided by owner.

2. When Engineer is required to use other than the documents provided by owner, then as required in the Preliminary Design Phase Owner will furnish to Engineer a copy of the required documents to be used for the Specific Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Specific Project.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.

E. During the Final Design Phase the Engineer shall continue to account for above-ground utilities and Underground Facilities as the design advances and is finalized. This may include:

1. performing the services assigned to Engineer under the Underground Facilities Procedure described in Exhibit A Paragraph 1.03 above, including but not limited to the design-related tasks in Exhibit A Paragraph 1.03.B.9.

2. addressing required and proposed activities or mitigations identified in the analysis of utilities and by the Underground Facilities Procedure as having an impact on the final design, and considering such in preparing the Drawings and Specifications.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

F. Engineer shall perform or furnish the following other Final Design Phase services:

Notes to User—It may be prudent to specify the number of site visits, especially if field verification of existing facilities is necessary.

1. Visit the Site as needed to assist in preparing the final Drawings and Specifications.

2. Assist with or prepare applications for permits and approvals, as follows:

a. Update comprehensive permit document created in Preliminary Design Phase for Final Design detail.

b. Prepare the following applications for Owner's submittal to authorities having jurisdiction over the construction or operation of the Specific Project:

1) **[identify specific permit or approval applications]**.

c. Confer with Owner regarding revisions, if any, to the application(s), and make appropriate revisions to the application(s) for Owner's resubmittal to the authority having jurisdiction.

d. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of the authorities having jurisdiction listed above, including applications for review or approval of the final design.

e. Identify and indicate in the Construction Contract Documents the permits and approvals for which Contractor will be responsible, including work permits, building permits, and other permits and approvals that will be Contractor's responsibility; and, in addition, indicate those permits initially obtained by Owner for which Contractor will be a co-permittee, together with associated requirements.

f. Unless expressly indicated otherwise, Engineer's scope and budget includes attending one meeting or conference call with each permit and approval-issuing agency to discuss the Specific Project and receive the agency's comments on the application.

g. Engineer does not guarantee issuance of any required permit or approval.

h. Fees charged by authorities having jurisdiction for such permits or approvals are the responsibility of Owner.

3. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost. Furnish to Owner an updated opinion of probable Construction Cost with the interim and final deliverables of the Drawings and Specifications.

4. After consultation with Owner, include in the Front-End Construction Contract Documents any Electronic Document Protocol addressing specific protocols for the transmittal of Specific Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Specific Project website.

5. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.

6. Review the preliminary schedule for the Construction Phase and advise Owner when initial understanding of the Construction Contract Times must or should be revised, and furnish Owner with recommendations on revisions to the proposed Construction Contract Times.

7. Engineer's project manager and other appropriate staff will participate in the following meetings and conference calls:

a. First draft design review meeting at Owner's office.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

b. Second draft design review meeting at Owner's office.

c. **[Indicate others as appropriate for the Specific Project]**.

d. Engineer will prepare and distribute minutes of each such meeting and conference call, indicating attendees, topics discussed, decisions made, and action items for follow-up.

8. Perform or provide the following other Final Design Phase activities or deliverables:

a. **[List any such tasks or deliverables here]**.

G. Engineer shall complete the Final Design Phase as follows:

1. Pursuant to the requirements of the Deliverables Schedule in Exhibit B, furnish for review by Owner, its legal counsel, and other advisors, the final Drawings and Specifications (as set forth in Exhibit A Paragraph 1.04.B.3 above); assembled drafts of other Construction Contract Documents including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost; and any other Final Design Phase deliverables, and review the deliverables with Owner.

2. Revise the final Design Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

3. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.

11.05 Bidding/Proposal Phase

A. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:

1. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.

a. **Bid documents will be distributed via Owner's planroom at www.portairspacework.com**

b. **Electronic bids will be received at www.portairspacework.com.**

2. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.

3. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Exhibit A Paragraph 2.01.A.2.

4. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

5. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.

6. Consult with Owner as to the qualifications of prospective contractors.

7. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.

8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

9. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

a. Coordinate with outside funding sources on funding requirements and documentation required with bids

b. Provide grant scope modifications if necessary

10. The Bidding/Proposal Phase will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

11.06 Construction Phase

A. After completion of the Final Design Phase and concurrent with the Bidding/Proposal Phase, and after issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, design, schedule, number of prime construction contracts, and other construction requirements of the Specific Project during the Construction Phase desired by Owner, the Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services or compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from specific modifications to the Specific Project.

1. Engineer shall be responsible only for those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified

2. Engineer shall be responsible for any professional opinions and interpretations provided by Engineer to Owner during the Construction Phase or Post-Construction Phase, including interpretations or clarifications of the Construction Contract Documents.

B. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in Standard General Conditions of the Construction Contract or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2)

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.

b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.

c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.

2. Resident Project Representative (RPR): Engineer will provide the services of an RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit D. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D. **[If Engineer will not be providing RPR services under the specific Task Order, then delete this Paragraph 3 by inserting the word "DELETED" after the paragraph title; do not include Exhibit D as an exhibit to the specific Task Order; and do not include RPR compensation in Paragraph 7 of the Exhibit specific Task Order.]**

3. Selection of Independent Testing Laboratory: Assist Owner in the selection of an independent testing laboratory to perform required testing services.

4. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.

5. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

6. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.

7. Schedules: Receive, review, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

a. Schedules will be acceptable to Engineer as to form and substance:

1) Progress Schedule: if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

2) Contractor's Schedule of Submittals: if it provides a workable arrangement for reviewing and processing the required Submittals.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

3) Contractor's Schedule of Values: if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

8. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

9. Permits: Provide Owner with copies of technical information and supporting data previously obtained or developed by Engineer for Owner's use, or for Owner to provide to Contractor, in obtaining required permits and licenses delegated to Contractor by Owner.

10. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:

Notes to User—To the extent that the parties may want to better quantify the number of actual visits for budgeting or quality assurance purposes, it may be advisable to insert at the beginning of Paragraph 11.a an agreed-upon frequency of Engineer's site visits, e.g. "at approximately weekly intervals during periods of active construction" in lieu of the more general "intervals appropriate to the various stages of construction."

a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep Owner informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.

b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Specific Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

11. Defective Work: If, on the basis of Engineer's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.

a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.

b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.

12.Compatibility with Design Concept: If Engineer has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Specific Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.

13.Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.

14.Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

15.Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.

16.Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.

17.Change Proposals and Claims

a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.

b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

18. Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.

19. Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Specific Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.

20. Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit A Paragraph 2.01.A.2.

21. Inspections and Tests

a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

b. Reply to Contractor requests for written concurrence that specific portions of the Work that are to be inspected, tested, or approved may be covered.

c. Issue written requests to Contractor that specific portions of the Work remain uncovered.

d. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.

e. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.

22. Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).

b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

23.Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under Exhibit A Paragraph 1.06.B.20. Receive from Contractor, review, and transmit to Owner the annotated record documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.

24.Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.

25.Other Tasks: Perform or provide the following other Construction Phase tasks or deliverables:

a. **[List any such tasks or deliverables here]**.

26.Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:

a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;

b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;

c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and

d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using Notice of Acceptability of Work (attached as Exhibit E), stating that the Work is

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

acceptable (subject to the provisions of the Notice and this Exhibit A) within the limits of Engineer's knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.

27. Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

C. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Specific Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Specific Project involves more than one prime contract as indicated in Exhibit A Paragraph 1.04.A.1, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

11.07 Post-Construction Phase

A. Upon written authorization from Owner during the Post-Construction Phase, Engineer shall:

1. Together with Owner, visit the Specific Project to observe any apparent defects in the Work, make recommendations as to replacement or correction of defective Work, if any, or the need to repair of any damage to the Site or adjacent areas, and assist Owner in consultations and discussions with Contractor concerning correction of any such defective Work and any needed repairs.

2. Together with Owner, visit the Specific Project within one month before the end of the Construction Contract's correction period to ascertain whether any portion of the Work or the repair of any damage to the Site or adjacent areas is defective and therefore subject to correction by Contractor.

3. Perform or provide the following other Post-Construction Phase tasks or deliverables:

a. **[List any such tasks or deliverables here]**.

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit A, will terminate 12 months after the commencement of the Construction Contract's correction period.

ARTICLE 12—ADDITIONAL SERVICES

12.01 Additional Services Not Requiring Owner's Written Authorization

A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease performing or furnishing such Additional Services upon receipt of written notice to cease from Owner. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Paragraph 7 of the governing Task Order.

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

1. Substantive design and other technical services in connection with Work Change Directives, Change Proposals, and Change Orders to reflect changes requested by Owner.

2. Services essential to the orderly progress of the Bidding/Proposal and Construction Phases and not wholly quantifiable prior to those Phases or otherwise dependent on the actions of prospective individual bidders or contractors and including:

a. making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than "or equal" items;

b. services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Specific Project;

c. evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract; and

d. providing to the Contractor or Owner additional or new information not previously prepared or developed by the Engineer for their use in applying for or obtaining required permits and licenses, in responding to agency comments on such applications, or in the administration of any such permits or licenses.

3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Implement coordination of Engineer's services with other parts of the Specific Project that are not planned or designed by Engineer or its Subconsultants, unless Owner furnished to Engineer substantive information about such other parts of the Specific Project prior to the parties' entry into this Agreement, in the Baseline Information section of this Exhibit A, or otherwise in Exhibit A; if such substantive information has been so provided, coordination of Engineer's services will be part of Basic Services.

6. Implement the specific parts of an Underground Facilities Procedure that are assigned to Engineer, or above-ground utilities tasks that are assigned to Engineer as the Specific Project progresses (but not including the design-related services already assigned to Engineer as a Basic Service).

7. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.

8. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.

9. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.

10. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date that exceed those normally

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

required of engineering personnel by federal, State, or local safety authorities for similar construction sites.

11.To the extent the Specific Project is subject to Laws and Regulations governing public or government records disclosure or non-disclosure, Engineer will comply with provisions applicable to Engineer, and Owner will compensate Engineer as Additional Services for Engineer's costs to comply with any disclosure or non-disclosure obligations beyond those identified in the Basic Services.

12.Services directly attributable to changes in Engineer's Electronic Documents obligations after the effective date of the Agreement.

12.02 Additional Services Requiring Owner's Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Paragraph 7 of the governing Task Order.

1. Obtain or provide specified additional Specific Project-related information and data to enable Engineer to complete its Basic and Additional Services.

2. Preparation of special and customized reporting, invoicing, and related support documentation in addition to that identified to be provided under Basic Services.

3. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Specific Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Specific Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Specific Project.

4. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.

5. Services resulting from significant changes in the scope, extent, or character of the portions of the Specific Project designed or specified by Engineer, or the Specific Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.

6. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Exhibit A Paragraph 1.02.A.1.

7. Services required as a result of Owner's providing incomplete or incorrect Specific Project information to Engineer.

8.

9. Undertaking investigations and studies including, but not limited to:

a. All-hazards risk assessments and other studies to evaluate the feasibility of enhancing the resiliency of the design;

b. detailed consideration of operations, maintenance, and overhead expenses;

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

c. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Specific Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;

d. preparation of appraisals;

e. with respect to proprietary systems or processes requiring licensing, providing services necessary to assist Owner in obtaining such licensing.

f. detailed quantity surveys of materials, equipment, and labor; and

g. audits or inventories required in connection with construction performed or furnished by Owner.

10. Furnishing services of Subconsultants or Engineer's Subcontractors for other than Basic Services.

11. Providing data or services of the types described in Article 2, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.

12. Providing the following services:

a. Services attributable to more prime construction contracts than specified in Exhibit A Paragraph 1.04.A.1.

b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

13. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Article 1 of Exhibit A).

14. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructability review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.

15. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents); preparing pre-qualification procedures and documents, and participating in pre-qualifying prospective Bidders; and preparing Construction Contract Documents for alternate bids.

16. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

17. Services to assist Owner in developing or modifying protocols for transmittal of Electronic Documents by Electronic Means after the effective date of this Agreement, either by revising or adapting Exhibit F to the Specific Project or implementing other Electronic Documents protocols among Specific Project participants.

18. Any services by Engineer in connection with Owner or Engineer providing a Document to a Requesting Party under Exhibit F Paragraph 1.01.D (see Exhibit F, Electronic Documents Protocol), or any other distribution of a Document to a third party. Such services may include but are not limited to preparing the data contained in the requested Document in a manner deemed appropriate by Engineer; creating or otherwise preparing and distributing the Document in a format necessary to respond to Owner's direction or decision to provide the Document to a requesting party, including Contractor, in a format other than that required for deliverables from Engineer to Owner; and

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

services in connection with obtaining required releases from the third parties to which the Documents will be distributed. Compensation for these Additional Services is not contingent upon Owner's reimbursement from the requesting party.

19. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.

20. Preparation of operation, maintenance, and staffing manuals.

21. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Specific Project equipment and systems, and (b) related recordkeeping.

22. Preparing to serve or serving as a consultant or witness for, or producing documents for or on behalf of, Owner in any litigation, arbitration, mediation, lien or bond claim, or other legal or administrative proceeding involving the Specific Project (but not including disputes between Owner and Engineer).

23. Providing construction surveys and staking to enable Contractor to perform its work other than as required under Exhibit A Paragraph 1.06.B.9; any type of property surveys or related engineering services needed for the transfer of interests in real property; providing construction and property surveys to replace reference points or property monuments lost or destroyed during construction; and providing other special field surveys.

24. Providing more extensive services required to enable Engineer to issue notices or certifications requested by Owner.

25. Extensive services required during any correction period, or with respect to monitoring Contractor's compliance with warranties and guarantees called for in the Construction Contract (except as agreed to under Basic Services).

26. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

EXHIBIT N—EXHIBIT B—TASK ORDER DELIVERABLES SCHEDULE

Guidance Notes—Preparing Exhibit B for the Specific Project

1. Exhibit B, Task Order Deliverables Schedule, provides a framework for preparing a schedule for Engineer's progress in performing and completing services. It also allows the user to identify related schedule obligations of Owner—for example, the scheduled "turnaround time" for reviewing a specific set of draft documents and providing comments to Engineer. The sample action items in the table in Exhibit B, as published, are based on the scope of engineering services in Exhibit A, as published. EJCDC contemplates that most users will make changes to Exhibit A: corresponding changes should then be made here in Exhibit B.

2. Many users will replace the sample table with a customized progress schedule, perhaps taken from a proposal, or prepared in another format. When this approach is taken, be sure to coordinate the contents of the schedule with Exhibit A, as modified for the Specific Project. Cross-references to specific provisions of the scope document are typically useful in tying the two exhibits together—see Column 3 below.

3. The last three items in the Task Order Deliverables Schedule, as published, are for possible use if Exhibit A requires the delivery of Documents by Engineer in the Bidding/Proposal Phase, Construction Phase, or Post-Construction Phase. If any of these items are used, it may also be appropriate to add a related entry for Owner's review and acceptance of the deliverables, or for other actions.

4. This schedule is focused on the delivery and review of Documents. As part of its services, Engineer will develop and submit an Engineering Services Schedule that will be consistent with the Deliverables Schedule, but will address a broader range of activities. See Exhibit A Paragraph 1.01.A.1.

5. Careful preparation of the Deliverables Schedule, and compliance with the schedule it establishes, will typically have a significant beneficial impact on project success.

Paragraphs 2.04.E, 3.02.A, and Exhibit A of the Main Agreement are supplemented by the following paragraph and table.

Under the governing Task Order the Engineer shall furnish Documents to Owner as required in Column 2 of the following table (and as further described in Exhibit A), according to the schedule in Column 4. Owner shall comment or take other identified actions with respect to the Documents as indicated in Column 2 (and as further described in Exhibit A), according to the schedule in Column 4.

EXHIBIT P—EXHIBIT D—DUTIES, RESPONSIBILITIES, AND LIMITATIONS OF AUTHORITY OF RESIDENT PROJECT REPRESENTATIVE UNDER TASK ORDER

ARTICLE 13—RESIDENT PROJECT REPRESENTATIVE SERVICES

Article 1 of the Main Agreement, Services of Engineer, and Exhibit A, Engineer's Services Under Task Order, are supplemented to include Exhibit D Paragraphs 1.01, 1.02, and 1.03, as follows:

13.01 Resident Project Representative

A. Engineer shall furnish a Resident Project Representative ("RPR") to observe progress and quality of the Work. RPR is Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

B. The RPR will provide full-time representation **[revise if representation will be less than full time]**.

C. Subject to the scope of RPR's observations of the Work, which may include field checks of materials and installed equipment, Engineer shall endeavor to identify defects and deficiencies in the Work. However, Engineer shall not, as a result of such RPR observations of the Work, supervise, direct, inspect, or have control over the Work, nor shall Engineer (including the RPR) have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to the Work or any Constructor's work in progress, for the coordination of the Constructors' work or schedules, or for any failure of any Constructor to comply with Laws and Regulations applicable to the performing and furnishing of its work. The Engineer (including RPR) neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents. In addition, the specific terms set forth in Exhibit A Paragraph 1.06 are applicable.

13.02 Duties and Responsibilities of RPR

A. The duties and responsibilities of the RPR are as follows:

1. General: RPR's dealings in matters pertaining to the Work in general will be with Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, schedule of values, and other schedules prepared by Contractor and consult with Engineer concerning acceptability of such schedules.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

4. Safety Compliance: Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

5. Liaison

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Construction Contract Documents.

b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

6. Clarifications and Interpretations: Receive from Contractor submittal of any matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. Report to Engineer regarding such RFIs. Report to Engineer when clarifications and interpretations of the Construction Contract Documents are needed, whether as the result of a Contractor RFI or otherwise. Transmit Engineer's clarifications, interpretations, and decisions to Contractor.

7. Shop Drawings, Samples, and other Submittals

a. Receive Samples that are furnished at the Site by Contractor.

b. Receive Contractor-approved Shop Drawings.

c. Receive other Submittals from Contractor.

d. Record date of receipt of Samples, Contractor-approved Shop Drawings, and other Submittals.

e. Notify Engineer of availability of Samples for examination, and forward Contractor-approved Shop Drawings and other Submittals to Engineer. When appropriate recommend distribution of Submittal to specified Subconsultants.

f. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal, if RPR believes that the submittal has not been received from Contractor, or has not been approved by Contractor or Engineer.

8. Proposed Modifications: Consider and evaluate Contractor's suggestions for modifications to the Drawings or Specifications, and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit Engineer's response (if any) to such suggestions to Contractor.

9. Review of Work; Defective Work

a. Report to Engineer whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, and provide recommendations as to whether such Work should be corrected, removed and replaced, or accepted as provided in the Construction Contract Documents.

b. Inform Engineer of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.

c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.

10. Inspections, Tests, and System Start-ups

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

a. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.

b. Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.

c. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

d. Observe whether Contractor has arranged for inspections required by Laws and Regulations, including but not limited to those to be performed by public or other agencies having jurisdiction over the Work.

e. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work, record the results of these inspections, and report to Engineer.

f. Nothing in this Agreement will be construed to require RPR to conduct inspections.

11. Records

a. Maintain at the Site orderly files for correspondence, reports of job conferences, copies of Construction Contract Documents including all Change Proposals, Change Orders, Field Orders, Work Change Directives, Addenda, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, Engineer's clarifications and interpretations of the Construction Contract Documents, progress reports, approved Shop Drawing and Sample submittals, and other Project-related documents.

b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Proposals, Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

c. Upon request from Owner to Engineer, photograph or video Work in progress or Site conditions.

d. Record and maintain accurate, up-to-date lists of the company names and points of contact for Contractors, Subcontractors, and major Suppliers of materials and equipment.

e. Maintain records for use in preparing Project documentation.

f. Upon completion of the Work, furnish original set of all RPR Project documentation to designated recipients.

12. Reports

a. Furnish periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.

b. Draft responses to or make recommends on Change Proposals, Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

c. Furnish to Engineer and Owner copies of all inspection, test, and system start-up reports.

d. Immediately inform appropriate parties of the occurrence of any Site accidents, emergencies, natural catastrophes endangering the Work, possible force majeure or delay events, damage to property by fire or other causes, or the discovery of any potential differing site condition or Constituent of Concern.

13. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting

Attachment: Resolution# 20210712-08 Authorizing Execution Of The Primary Master Services Agreement With Compton Engineering For

particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

14.Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

15.Completion

a. Participate in Engineer's visits to the Site regarding Substantial Completion, assist in the determination of Substantial Completion, and prior to the issuance of a Certificate of Substantial Completion submit a punch list of observed items requiring completion or correction.

b. Participate in Engineer's visit to the Site in the company of Owner and Contractor, to determine completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

c. Observe whether all items on the final punch list have been completed or corrected, and make recommendations to Engineer concerning acceptance and issuance of the Notice of Acceptability of the Work (Exhibit E).

13.03 Limitations of Authority

A. Resident Project Representative shall not:

1. Authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in this Agreement.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

EXHIBIT Q—EXHIBIT E—EJCDC® C-626, NOTICE OF ACCEPTABILITY OF WORK (FORM)

Notes to User

1. Exhibit A Paragraph 1.06.B.27 indicates that in connection with recommending final payment of the Construction Contractor, the Engineer will also provide a notice to Owner and Contractor of the acceptability of the Work, subject to stated limitations, including those set forth in the form for that purpose, which is attached in Exhibit E, "EJCDC® C-626, Notice of Acceptability of Work." That form is attached on the following pages of this Exhibit E. The C-626 form included here is published by EJCDC as part of the 2018 Construction Series.

2. This Notice of Acceptability of Work is the "written notice" referred to in EJCDC® C-700, Standard General Conditions of the Construction Contract (2018), Paragraph 15.06.C.

3. The Notice of Acceptability of Work should be served in compliance with the requirements for service of notice under the Construction Contract. See EJCDC® C-700, Standard General Conditions of the Construction Contract (2018), Paragraph 18.01, Giving Notice.

SABIC SPECIAL CONTRACT PRICING FOR WHARFAGE AND DOCKAGE STARTING AUGUST 1, 2021

WHEREAS, Borg-Warner Corporation and the Hancock County Port & Harbor Commission ("Commission") entered into a land sale transaction dated April 21, 1980, which conveyed acreage located in Port Bienville Industrial Park from Hancock County to Borg-Warner;

WHEREAS, General Electric Plastics ("GEP") and the Hancock County Port & Harbor Commission ("Commission") entered into a land sale transaction dated September 3, 1991, which conveyed 85 acres located in Port Bienville Industrial Park from Hancock County to GEP;

WHEREAS, General Electric Plastics was sold by parent company General Electric to Saudi Basic Industries Corporation ("SABIC") on August 31, 2007;

WHEREAS, SABIC has continued to operate within Port Bienville Industrial Park since the sale from General Electric Plastics;

WHEREAS, out of a desire to continue to increase production through the acquisition of new business, SABIC requested special contract rates providing volume discounts for a term of three years beginning August 1, 2021, and expiring July 31, 2024, as reflected in the attached Agreement on Special Contract Pricing for Wharfage and Dockage attached hereto and incorporated by reference;

WHEREAS, the volumes necessary to activate the discounted rates would represent guaranteed new incremental revenues to the Commission, even when accounting for discounting prices;

WHEREAS, offering the special contract rates to incentivize additional volumes is in the best interest of the Commission;

Agreement on Special Contract Pricing for Wharfage and Dockage (the "Agreement")

Thank you very much for your correspondence regarding SABIC Innovative Plastics US LLC ("SABIC") operations in Hancock County. We are pleased to hear that SABIC's Port Bienville plant is enjoying success, we envision mutually beneficial rate and pricing structures.

In response to your specific request to create contract based long term pricing, below please find our proposal.

Special Contract Rates

- *Wharfage & dockage per each year during the Term (as defined below) for "hazardous cargo" as defined in Tariff No.1-B (FMC-1;Org. #002665) ("Tariff No.1-B")*:
  - A fixed 15% discount on all Wharfage fees, with a minimum volume commitment of 80,000 tons annually.
  - A fixed 15% discount on all Wharfage fees for every ton above the minimum volume commitment of 80,000 tons annually.
  - Zero dockage fees for all annual volumes.

Any commodities or activities not specifically identified in this Agreement will be subject to the published tariff rates of Port Bienville in effect at the time that such rates are incurred.

Upon termination of the Agreement, SABIC will return to paying tariff rates for Wharfage and dockage fees as detailed in Tariff 1-B.

Additional Terms

In consideration of the substantial reduction in tariffs incurred by SABIC, and to support growth and expansion at the SABIC Port Bienville location, SABIC and Hancock County Port and Harbor Commission ("HCPHC") agree as follows:

- Term of the Agreement (the "Term") begins August 1st, 2021, and will have a three-year term, expiring on July 31st, 2024, if not terminated prior to its expiration.
- The tariffs shall increase on each anniversary of the effective date by the Consumer Price Index for all Urban Consumer; US City Average, All Items, Not Seasonally adjusted, 1982-1984=100 reference base ("CPI-U") published by the US Department of Labor (or such other index which is most consistent with CPI-U in the event CPI-U is no longer published).
- SABIC will endeavor to maintain 90 or more full-time equivalent employees and resident contractors per quarter during the Term of the agreement. SABIC will provide quarterly reports of full-time equivalent employees and resident contractors to the HCPHC upon request. Full-

time-equivalent employees will be the sum of the full time salaried exempt employees on the payroll at the end of each quarter and the number of hours worked in each quarter by hourly employees divided by 520.

- Trucks with SABIC cargoes shall not exceed MS Department of Transportation regulated commercial truck weights and lengths upon port and harbor or county/state roadways.
- Certified shipment quantities of cargo will be transmitted to HCPHC upon arrival or departure of vessels and are subject to inspection by HCPHC.
- The Agreement may be terminated by one or more of the following events:
    - Mutual written agreement of the parties;
    - Notice of delinquency of Hancock County ad valorem tax payment;
    - Filing of protest by SABIC with Hancock County Tax Assessor/Collector regarding ad valorem tax assessments;
    - Notice of delinquency of account by Hancock County Port and Harbor Commission for these or any other charges with HCPHC;
    - Material breach of any of the additional terms listed above;
    - Default on terms with any economic development incentive agreements, including tax incentives and grants with HCPHC, Hancock County or the State of Mississippi;
    - Citation and conviction by State or Local judicial authorities of truck weight violations by SABIC or its contract shippers upon Port roadways, Hancock County roadways or State roadways within Hancock County;
    - At the expiration of the three-year term on July 31st, 2024.

Service Terms and Conditions

Motorola Solutions Inc. ("Motorola") and the customer named in this Agreement ("Customer") hereby agree as follows:

Section 1. APPLICABILITY
These Maintenance Service Terms and Conditions apply to service contracts whereby Motorola will provide to Customer either (1) maintenance, support, or other services under a Motorola Service Agreement, or (2) installation services under a Motorola Installation Agreement.

Section 2. DEFINITIONS AND INTERPRETATION
2.1. "Agreement" means these Maintenance Service Terms and Conditions; the cover page for the Service Agreement or the Installation Agreement, as applicable; and any other attachments, all of which are incorporated herein by this reference. In interpreting this Agreement and resolving any ambiguities, these Maintenance Service Terms and Conditions take precedence over any cover page, and the cover page takes precedence over any attachments, unless the cover page or attachment states otherwise.

2.2. "Equipment" means the equipment that is specified in the attachments or is subsequently added to this Agreement.

2.3. "Services" means those installation, maintenance, support, training, and other services described in this Agreement.

Section 3. ACCEPTANCE
Customer accepts these Maintenance Service Terms and Conditions and agrees to pay the prices set forth in the Agreement. This Agreement becomes binding only when accepted in writing by Motorola. The term of this Agreement begins on the "Start Date" indicated in this Agreement.

Section 4. SCOPE OF SERVICES
4.1. Motorola will provide the Services described in this Agreement or in a more detailed statement of work or other document attached to this Agreement. At Customer's request, Motorola may also provide additional services at Motorola's then-applicable rates for the services.

4.2. If Motorola is providing Services for Equipment, Motorola parts or parts of equal quality will be used; the Equipment will be serviced at levels set forth in the manufacturer's product manuals; and routine service procedures that are prescribed by Motorola will be followed.

4.3. If Customer purchases from Motorola additional equipment that becomes part of the same system as the initial Equipment, the additional equipment may be added to this Agreement and will be billed at the applicable rates after the warranty for that additional equipment expires.

4.4. All Equipment must be in good working order on the Start Date or when additional equipment is added to the Agreement. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment. Customer must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen or taken out of service. Customer's obligation to pay Service fees for this Equipment will terminate at the end of the month in which Motorola receives the written notice.

4.5. Customer must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.

4.6. If Equipment cannot, in Motorola's reasonable opinion, be properly or economically serviced for any reason, Motorola may modify the scope of Services related to that Equipment; remove that Equipment from the Agreement; or increase the price to Service that Equipment.

4.7. Customer must promptly notify Motorola of any Equipment failure. Motorola will respond to Customer's notification in a manner consistent with the level of Service purchased as indicated in this Agreement.

Section 5. EXCLUDED SERVICES
5.1. Service excludes the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards;

Attachment: Hancock Co BOS MS-SA_USC000007045_unsigned (9470 : Motorola Maintenance Agreement)

excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.

5.2. Unless specifically included in this Agreement, Service excludes items that are consumed in the normal operation of the Equipment, such as batteries or magnetic tapes.; upgrading or reprogramming Equipment; accessories, belt clips, battery chargers, custom or special products, modified units, or software; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

Section 6. TIME AND PLACE OF SERVICE
Service will be provided at the location specified in this Agreement. When Motorola performs service at Customer's location, Customer will provide Motorola, at no charge, a non-hazardous work environment with adequate shelter, heat, light, and power and with full and free access to the Equipment. Waivers of liability from Motorola or its subcontractors will not be imposed as a site access requirement. Customer will provide all information pertaining to the hardware and software elements of any system with which the Equipment is interfacing so that Motorola may perform its Services. Unless otherwise stated in this Agreement, the hours of Service will be 8:30 a.m. to 4:30 p.m., local time, excluding weekends and holidays. Unless otherwise stated in this Agreement, the price for the Services exclude any charges or expenses associated with helicopter or other unusual access requirements; if these charges or expenses are reasonably incurred by Motorola in rendering the Services, Customer agrees to reimburse Motorola for those charges and expenses.

Section 7. CUSTOMER CONTACT
Customer will provide Motorola with designated points of contact (list of names and phone numbers) that will be available twenty-four (24) hours per day, seven (7) days per week, and an escalation procedure to enable Customer's personnel to maintain contact, as needed, with Motorola.

Section 8. INVOICING AND PAYMENT
8.1 Customer affirms that a purchase order or notice to proceed is not required for the duration of this service contract and will appropriate funds each year through the contract end date. Unless alternative payment terms are stated in this Agreement, Motorola will invoice Customer in advance for each payment period. All other charges will be billed monthly, and Customer must pay each invoice in U.S. dollars within twenty (20) days of the invoice date.

8.2 Customer will reimburse Motorola for all property taxes, sales and use taxes, excise taxes, and other taxes or assessments that are levied as a result of Services rendered under this Agreement (except income, profit, and franchise taxes of Motorola) by any governmental entity. The Customer will pay all invoices as received from Motorola. At the time of execution of this Agreement, the Customer will provide all necessary reference information to include on invoices for payment in accordance with this Agreement.

8.3 For multi-year service agreements, at the end of the first year of the Agreement and each year thereafter, a CPI percentage change calculation shall be performed using the U.S.Department of Labor, Consumer Price Index, all Items, Unadjusted Urban Areas (CPI-U). Should the annual inflation rate increase greater than 3% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 3%. All items, not seasonally adjusted shall be used as the measure of CPI for this price adjustment. Measurement will take place once the annual average for the New Year has been posted by the Bureau of Labor Statistics. For purposes of illustration, if in year 5 the CPI reported an increase of 8%, Motorola may increase the Year 6 price by 5% (8%-3% base)

Section 9. WARRANTY
Motorola warrants that its Services under this Agreement will be free of defects in materials and workmanship for a period of ninety (90) days from the date the performance of the Services are completed. In the event of a breach of this warranty, Customer's sole remedy is to require Motorola to re-perform the non-conforming Service or to refund, on a pro-rata basis, the fees paid for the non-conforming Service. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Section 10. DEFAULT/TERMINATION
10.1. If either party defaults in the performance of this Agreement, the other party will give to the non-performing party a written and detailed notice of the default. The non-performing party will have thirty (30) days thereafter to provide a written plan to cure the default that is acceptable to the other party and begin implementing the cure plan immediately after plan approval. If the non-performing party fails to provide or implement the cure plan, then the injured party, in addition to any other rights available to it under law, may immediately terminate this Agreement effective upon giving a written notice of

Attachment: Hancock Co BOS MS-SA_USC000007045_unsigned (9470 : Motorola Maintenance Agreement)

termination to the defaulting party.

10.2. Any termination of this Agreement will not relieve either party of obligations previously incurred pursuant to this Agreement, including payments which may be due and owing at the time of termination. All sums owed by Customer to Motorola will become due and payable immediately upon termination of this Agreement. Upon the effective date of termination, Motorola will have no further obligation to provide Services.

10.3 If the Customer terminates this Agreement before the end of the Term, for any reason other than Motorola default, then the Customer will pay to Motorola an early termination fee equal to the discount applied to the last three (3) years of Service payments for the original Term.

Section 11. LIMITATION OF LIABILITY

Except for personal injury or death, Motorola's total liability, whether for breach of contract, warranty, negligence, strict liability in tort, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the price of twelve (12) months of Service provided under this Agreement. ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS; INCONVENIENCE; LOSS OF USE, TIME, DATA, GOOD WILL, REVENUES, PROFITS OR SAVINGS; OR OTHER SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT. No action for contract breach or otherwise relating to the transactions contemplated by this Agreement may be brought more than one (1) year after the accrual of the cause of action, except for money due upon an open account. This limitation of liability will survive the expiration or termination of this Agreement and applies notwithstanding any contrary provision.

Section 12. EXCLUSIVE TERMS AND CONDITIONS

12.1. This Agreement supersedes all prior and concurrent agreements and understandings between the parties, whether written or oral, related to the Services, and there are no agreements or representations concerning the subject matter of this Agreement except for those expressed herein. The Agreement may not be amended or modified except by a written agreement signed by authorized representatives of both parties.

12.2. Customer agrees to reference this Agreement on any purchase order issued in furtherance of this Agreement, however, an omission of the reference to this Agreement will not affect its applicability. In no event will either party be bound by any terms contained in a Customer purchase order, acknowledgement, or other writings unless: the purchase order, acknowledgement, or other writing specifically refers to this Agreement; clearly indicate the intention of both parties to override and modify this Agreement; and the purchase order, acknowledgement, or other writing is signed by authorized representatives of both parties.

Section 13. PROPRIETARY INFORMATION; CONFIDENTIALITY; INTELLECTUAL PROPERTY RIGHTS

13.1. Any information or data in the form of specifications, drawings, reprints, technical information or otherwise furnished to Customer under this Agreement will remain Motorola’s property, will be deemed proprietary, will be kept confidential, and will be promptly returned at Motorola's request. Customer may not disclose, without Motorola's written permission or as required by law, any confidential information or data to any person, or use confidential information or data for any purpose other than performing its obligations under this Agreement. The obligations set forth in this Section survive the expiration or termination of this Agreement.

13.2. Unless otherwise agreed in writing, no commercial or technical information disclosed in any manner or at any time by Customer to Motorola will be deemed secret or confidential. Motorola will have no obligation to provide Customer with access to its confidential and proprietary information, including cost and pricing data.

13.3. This Agreement does not grant directly or by implication, estoppel, or otherwise, any ownership right or license under any Motorola patent, copyright, trade secret, or other intellectual property, including any intellectual property created as a result of or related to the Equipment sold or Services performed under this Agreement.

Section 14. FCC LICENSES AND OTHER AUTHORIZATIONS

Customer is solely responsible for obtaining licenses or other authorizations required by the Federal Communications Commission or any other federal, state, or local government agency and for complying with all rules and regulations required by governmental agencies. Neither Motorola nor any of its employees is an agent or representative of Customer in any governmental matters.

Section 15. COVENANT NOT TO EMPLOY

Attachment: Hancock Co BOS MS-SA_USC000007045_unsigned (9470 : Motorola Maintenance Agreement)

During the term of this Agreement and continuing for a period of two (2) years thereafter, Customer will not hire, engage on contract, solicit the employment of, or recommend employment to any third party of any employee of Motorola or its subcontractors without the prior written authorization of Motorola. This provision applies only to those employees of Motorola or its subcontractors who are responsible for rendering services under this Agreement. If this provision is found to be overly broad under applicable law, it will be modified as necessary to conform to applicable law.

Section 16. MATERIALS, TOOLS AND EQUIPMENT

All tools, equipment, dies, gauges, models, drawings or other materials paid for or furnished by Motorola for the purpose of this Agreement will be and remain the sole property of Motorola. Customer will safeguard all such property while it is in Customer's custody or control, be liable for any loss or damage to this property, and return it to Motorola upon request. This property will be held by Customer for Motorola's use without charge and may be removed from Customer's premises by Motorola at any time without restriction.

Section 17. GENERAL TERMS

17.1. If any court renders any portion of this Agreement unenforceable, the remaining terms will continue in full force and effect.

17.2. This Agreement and the rights and duties of the parties will be interpreted in accordance with the laws of the State in which the Services are performed.

17.3. Failure to exercise any right will not operate as a waiver of that right, power, or privilege.

17.4. Neither party is liable for delays or lack of performance resulting from any causes that are beyond that party's reasonable control, such as strikes, material shortages, or acts of God.

17.5. Motorola may subcontract any of the work, but subcontracting will not relieve Motorola of its duties under this Agreement.

17.6. Except as provided herein, neither Party may assign this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party, which consent will not be unreasonably withheld. Any attempted assignment, delegation, or transfer without the necessary consent will be void. Notwithstanding the foregoing, Motorola may assign this Agreement to any of its affiliates or its right to receive payment without the prior consent of Customer. In addition, in the event Motorola separates one or more of its businesses (each a "Separated Business"), whether by way of a sale, establishment of a joint venture, spin-off or otherwise (each a "Separation Event"), Motorola may, without the prior written consent of the other Party and at no additional cost to Motorola, assign this Agreement such that it will continue to benefit the Separated Business and its affiliates (and Motorola and its affiliates, to the extent applicable) following the Separation Event.

17.7. THIS AGREEMENT WILL RENEW, FOR AN ADDITIONAL ONE (1) YEAR TERM, ON EVERY ANNIVERSARY OF THE START DATE UNLESS EITHER THE COVER PAGE SPECIFICALLY STATES A TERMINATION DATE OR ONE PARTY NOTIFIES THE OTHER IN WRITING OF ITS INTENTION TO DISCONTINUE THE AGREEMENT NOT LESS THAN THIRTY (30) DAYS OF THAT ANNIVERSARY DATE. At the anniversary date, Motorola may adjust the price of the Services to reflect its current rates.

17.8. If Motorola provides Services after the termination or expiration of this Agreement, the terms and conditions in effect at the time of the termination or expiration will apply to those Services and Customer agrees to pay for those services on a time and materials basis at Motorola's then effective hourly rates.

17.9 This Agreement may be executed in one or more counterparts, all of which shall be considered part of the Agreement. The parties may execute this Agreement in writing, or by electronic signature, and any such electronic signature shall have the same legal effect as a handwritten signature for the purposes of validity, enforceability and admissibility. In addition, an electronic signature, a true and correct facsimile copy or computer image of this Agreement shall be treated as and shall have the same effect as an original signed copy of this document.

Attachment: 20210719 - Motorola Service Agreement - signed (9470 : Motorola Maintenance Agreement)

Service Terms and Conditions

Motorola Solutions Inc. ("Motorola") and the customer named in this Agreement ("Customer") hereby agree as follows:

Section 1. APPLICABILITY
These Maintenance Service Terms and Conditions apply to service contracts whereby Motorola will provide to Customer either (1) maintenance, support, or other services under a Motorola Service Agreement, or (2) installation services under a Motorola Installation Agreement.

Section 2. DEFINITIONS AND INTERPRETATION
2.1. "Agreement" means these Maintenance Service Terms and Conditions; the cover page for the Service Agreement or the Installation Agreement, as applicable; and any other attachments, all of which are incorporated herein by this reference. In interpreting this Agreement and resolving any ambiguities, these Maintenance Service Terms and Conditions take precedence over any cover page, and the cover page takes precedence over any attachments, unless the cover page or attachment states otherwise.

2.2. "Equipment" means the equipment that is specified in the attachments or is subsequently added to this Agreement.

2.3. "Services" means those installation, maintenance, support, training, and other services described in this Agreement.

Section 3. ACCEPTANCE
Customer accepts these Maintenance Service Terms and Conditions and agrees to pay the prices set forth in the Agreement. This Agreement becomes binding only when accepted in writing by Motorola. The term of this Agreement begins on the "Start Date" indicated in this Agreement.

Section 4. SCOPE OF SERVICES
4.1. Motorola will provide the Services described in this Agreement or in a more detailed statement of work or other document attached to this Agreement. At Customer's request, Motorola may also provide additional services at Motorola's then-applicable rates for the services.

4.2. If Motorola is providing Services for Equipment, Motorola parts or parts of equal quality will be used; the Equipment will be serviced at levels set forth in the manufacturer's product manuals; and routine service procedures that are prescribed by Motorola will be followed.

4.3. If Customer purchases from Motorola additional equipment that becomes part of the same system as the initial Equipment, the additional equipment may be added to this Agreement and will be billed at the applicable rates after the warranty for that additional equipment expires.

4.4. All Equipment must be in good working order on the Start Date or when additional equipment is added to the Agreement. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment. Customer must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen or taken out of service. Customer's obligation to pay Service fees for this Equipment will terminate at the end of the month in which Motorola receives the written notice.

4.5. Customer must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.

4.6. If Equipment cannot, in Motorola's reasonable opinion, be properly or economically serviced for any reason, Motorola may modify the scope of Services related to that Equipment; remove that Equipment from the Agreement; or increase the price to Service that Equipment.

4.7. Customer must promptly notify Motorola of any Equipment failure. Motorola will respond to Customer's notification in a manner consistent with the level of Service purchased as indicated in this Agreement.

Section 5. EXCLUDED SERVICES
5.1. Service excludes the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards;

Revised June 16, 2018

Attachment: 20210719 - Motorola Service Agreement - signed (9470 : Motorola Maintenance Agreement)

excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.

5.2. Unless specifically included in this Agreement, Service excludes items that are consumed in the normal operation of the Equipment, such as batteries or magnetic tapes.; upgrading or reprogramming Equipment; accessories, belt clips, battery chargers, custom or special products, modified units, or software; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

Section 6. TIME AND PLACE OF SERVICE

Service will be provided at the location specified in this Agreement. When Motorola performs service at Customer's location, Customer will provide Motorola, at no charge, a non-hazardous work environment with adequate shelter, heat, light, and power and with full and free access to the Equipment. Waivers of liability from Motorola or its subcontractors will not be imposed as a site access requirement. Customer will provide all information pertaining to the hardware and software elements of any system with which the Equipment is interfacing so that Motorola may perform its Services. Unless otherwise stated in this Agreement, the hours of Service will be 8:30 a.m. to 4:30 p.m., local time, excluding weekends and holidays. Unless otherwise stated in this Agreement, the price for the Services exclude any charges or expenses associated with helicopter or other unusual access requirements; if these charges or expenses are reasonably incurred by Motorola in rendering the Services, Customer agrees to reimburse Motorola for those charges and expenses.

Section 7. CUSTOMER CONTACT

Customer will provide Motorola with designated points of contact (list of names and phone numbers) that will be available twenty-four (24) hours per day, seven (7) days per week, and an escalation procedure to enable Customer's personnel to maintain contact, as needed, with Motorola.

Section 8. INVOICING AND PAYMENT

8.1 Customer affirms that a purchase order or notice to proceed is not required for the duration of this service contract and will appropriate funds each year through the contract end date. Unless alternative payment terms are stated in this Agreement, Motorola will invoice Customer in advance for each payment period. All other charges will be billed monthly, and Customer must pay each invoice in U.S. dollars within twenty (20) days of the invoice date.

8.2 Customer will reimburse Motorola for all property taxes, sales and use taxes, excise taxes, and other taxes or assessments that are levied as a result of Services rendered under this Agreement (except income, profit, and franchise taxes of Motorola) by any governmental entity. The Customer will pay all invoices as received from Motorola. At the time of execution of this Agreement, the Customer will provide all necessary reference information to include on invoices for payment in accordance with this Agreement.

8.3 For multi-year service agreements, at the end of the first year of the Agreement and each year thereafter, a CPI percentage change calculation shall be performed using the U.S.Department of Labor, Consumer Price Index, all Items, Unadjusted Urban Areas (CPI-U). Should the annual inflation rate increase greater than 3% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 3%. All items, not seasonally adjusted shall be used as the measure of CPI for this price adjustment. Measurement will take place once the annual average for the New Year has been posted by the Bureau of Labor Statistics. For purposes of illustration, if in year 5 the CPI reported an increase of 8%, Motorola may increase the Year 6 price by 5% (8%-3% base)

Section 9. WARRANTY

Motorola warrants that its Services under this Agreement will be free of defects in materials and workmanship for a period of ninety (90) days from the date the performance of the Services are completed. In the event of a breach of this warranty, Customer's sole remedy is to require Motorola to re-perform the non-conforming Service or to refund, on a pro-rata basis, the fees paid for the non-conforming Service. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Section 10. DEFAULT/TERMINATION

10.1. If either party defaults in the performance of this Agreement, the other party will give to the non-performing party a written and detailed notice of the default. The non-performing party will have thirty (30) days thereafter to provide a written plan to cure the default that is acceptable to the other party and begin implementing the cure plan immediately after plan approval. If the non-performing party fails to provide or implement the cure plan, then the injured party, in addition to any other rights available to it under law, may immediately terminate this Agreement effective upon giving a written notice of

Attachment: 20210719 - Motorola Service Agreement - signed (9470 : Motorola Maintenance Agreement)

termination to the defaulting party.

10.2. Any termination of this Agreement will not relieve either party of obligations previously incurred pursuant to this Agreement, including payments which may be due and owing at the time of termination. All sums owed by Customer to Motorola will become due and payable immediately upon termination of this Agreement. Upon the effective date of termination, Motorola will have no further obligation to provide Services.

10.3 If the Customer terminates this Agreement before the end of the Term, for any reason other than Motorola default, then the Customer will pay to Motorola an early termination fee equal to the discount applied to the last three (3) years of Service payments for the original Term.

Section 11. LIMITATION OF LIABILITY

Except for personal injury or death, Motorola's total liability, whether for breach of contract, warranty, negligence, strict liability in tort, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the price of twelve (12) months of Service provided under this Agreement. ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS; INCONVENIENCE; LOSS OF USE, TIME, DATA, GOOD WILL, REVENUES, PROFITS OR SAVINGS; OR OTHER SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT. No action for contract breach or otherwise relating to the transactions contemplated by this Agreement may be brought more than one (1) year after the accrual of the cause of action, except for money due upon an open account. This limitation of liability will survive the expiration or termination of this Agreement and applies notwithstanding any contrary provision.

Section 12. EXCLUSIVE TERMS AND CONDITIONS

12.1. This Agreement supersedes all prior and concurrent agreements and understandings between the parties, whether written or oral, related to the Services, and there are no agreements or representations concerning the subject matter of this Agreement except for those expressed herein. The Agreement may not be amended or modified except by a written agreement signed by authorized representatives of both parties.

12.2. Customer agrees to reference this Agreement on any purchase order issued in furtherance of this Agreement, however, an omission of the reference to this Agreement will not affect its applicability. In no event will either party be bound by any terms contained in a Customer purchase order, acknowledgement, or other writings unless: the purchase order, acknowledgement, or other writing specifically refers to this Agreement; clearly indicate the intention of both parties to override and modify this Agreement; and the purchase order, acknowledgement, or other writing is signed by authorized representatives of both parties.

Section 13. PROPRIETARY INFORMATION; CONFIDENTIALITY; INTELLECTUAL PROPERTY RIGHTS

13.1. Any information or data in the form of specifications, drawings, reprints, technical information or otherwise furnished to Customer under this Agreement will remain Motorola's property, will be deemed proprietary, will be kept confidential, and will be promptly returned at Motorola's request. Customer may not disclose, without Motorola's written permission or as required by law, any confidential information or data to any person, or use confidential information or data for any purpose other than performing its obligations under this Agreement. The obligations set forth in this Section survive the expiration or termination of this Agreement.

13.2. Unless otherwise agreed in writing, no commercial or technical information disclosed in any manner or at any time by Customer to Motorola will be deemed secret or confidential. Motorola will have no obligation to provide Customer with access to its confidential and proprietary information, including cost and pricing data.

13.3. This Agreement does not grant directly or by implication, estoppel, or otherwise, any ownership right or license under any Motorola patent, copyright, trade secret, or other intellectual property, including any intellectual property created as a result of or related to the Equipment sold or Services performed under this Agreement.

Section 14. FCC LICENSES AND OTHER AUTHORIZATIONS

Customer is solely responsible for obtaining licenses or other authorizations required by the Federal Communications Commission or any other federal, state, or local government agency and for complying with all rules and regulations required by governmental agencies. Neither Motorola nor any of its employees is an agent or representative of Customer in any governmental matters.

Section 15. COVENANT NOT TO EMPLOY

Attachment: 20210719 - Motorola Service Agreement - signed (9470 : Motorola Maintenance Agreement)

During the term of this Agreement and continuing for a period of two (2) years thereafter, Customer will not hire, engage on contract, solicit the employment of, or recommend employment to any third party of any employee of Motorola or its subcontractors without the prior written authorization of Motorola. This provision applies only to those employees of Motorola or its subcontractors who are responsible for rendering services under this Agreement. If this provision is found to be overly broad under applicable law, it will be modified as necessary to conform to applicable law.

Section 16. MATERIALS, TOOLS AND EQUIPMENT

All tools, equipment, dies, gauges, models, drawings or other materials paid for or furnished by Motorola for the purpose of this Agreement will be and remain the sole property of Motorola. Customer will safeguard all such property while it is in Customer's custody or control, be liable for any loss or damage to this property, and return it to Motorola upon request. This property will be held by Customer for Motorola's use without charge and may be removed from Customer's premises by Motorola at any time without restriction.

Section 17. GENERAL TERMS

17.1. If any court renders any portion of this Agreement unenforceable, the remaining terms will continue in full force and effect.

17.2. This Agreement and the rights and duties of the parties will be interpreted in accordance with the laws of the State in which the Services are performed.

17.3. Failure to exercise any right will not operate as a waiver of that right, power, or privilege.

17.4. Neither party is liable for delays or lack of performance resulting from any causes that are beyond that party's reasonable control, such as strikes, material shortages, or acts of God.

17.5. Motorola may subcontract any of the work, but subcontracting will not relieve Motorola of its duties under this Agreement.

17.6. Except as provided herein, neither Party may assign this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party, which consent will not be unreasonably withheld. Any attempted assignment, delegation, or transfer without the necessary consent will be void. Notwithstanding the foregoing, Motorola may assign this Agreement to any of its affiliates or its right to receive payment without the prior consent of Customer. In addition, in the event Motorola separates one or more of its businesses (each a "Separated Business"), whether by way of a sale, establishment of a joint venture, spin-off or otherwise (each a "Separation Event"), Motorola may, without the prior written consent of the other Party and at no additional cost to Motorola, assign this Agreement such that it will continue to benefit the Separated Business and its affiliates (and Motorola and its affiliates, to the extent applicable) following the Separation Event.

17.7. THIS AGREEMENT WILL RENEW, FOR AN ADDITIONAL ONE (1) YEAR TERM, ON EVERY ANNIVERSARY OF THE START DATE UNLESS EITHER THE COVER PAGE SPECIFICALLY STATES A TERMINATION DATE OR ONE PARTY NOTIFIES THE OTHER IN WRITING OF ITS INTENTION TO DISCONTINUE THE AGREEMENT NOT LESS THAN THIRTY (30) DAYS OF THAT ANNIVERSARY DATE. At the anniversary date, Motorola may adjust the price of the Services to reflect its current rates.

17.8. If Motorola provides Services after the termination or expiration of this Agreement, the terms and conditions in effect at the time of the termination or expiration will apply to those Services and Customer agrees to pay for those services on a time and materials basis at Motorola's then effective hourly rates.

17.9 This Agreement may be executed in one or more counterparts, all of which shall be considered part of the Agreement. The parties may execute this Agreement in writing, or by electronic signature, and any such electronic signature shall have the same legal effect as a handwritten signature for the purposes of validity, enforceability and admissibility. In addition, an electronic signature, a true and correct facsimile copy or computer image of this Agreement shall be treated as and shall have the same effect as an original signed copy of this document.

V. RESPONSIBILITES OF MSDH

MSDH agrees to:

A. Provide personnel and staff necessary to perform the stated COVID-19 service(s).
B. Utilize the space on mutually agreed days by both parties.
C. Dispose of any hazardous waste.
D. Pay/reimburse costs, in accordance with state and federal law, for additions or modifications to the premises to enable testing/vaccination as provided by a vendor or service provider approved by MSDH and agreed to and approved in writing and signed by authorized signatory with legal authority to bind each entity. Any such agreement should be attached hereto and incorporated herein.

Attachment: 20210719 - COVID-19 Emergency Response Short Term Property Use Agreement (9490 : Vaccine Site Agreement with MSDH)

E. Any other responsibilities as agreed to in writing, signed by an authorized signatory and attached hereto and incorporated herein.

VI. **RIGHT OF USE AND ENTRY.** During the term of this Agreement, the MSDH shall have, and hereby is granted, the full and unrestricted right to use the property described herein for the period as stated herein. MSDH will maintain such property throughout the term of this Agreement and any extension thereof in serviceable condition. Entity agrees to keep all parking areas provided (if any are included) to MSDH clean and free of trash and debris. At the end of the term of this agreement, MSDH agrees to surrender the property to the Entity.

VII. **LIABILITY.** As entities of the State of Mississippi, each party's liability is determined and controlled in accordance with Mississippi Code Annotated § 11-46-1 *et seq.*, including all defenses and exceptions contained therein. Nothing in this Agreement shall have the effect of changing or altering the liability or of eliminating any defense available to the State under statute.

VIII. **INDEMNIFICATION.** To the fullest extent allowed by law, *Entity* shall indemnify, defend, save and hold harmless, protect, and exonerate the agency, its commissioners, board members, officers, employees, agents, and representatives, and the State of Mississippi from and against all claims, demands, liabilities, suits, actions, damages, losses, and costs of every kind and nature whatsoever including, without limitation, court costs, investigative fees and expenses, and attorney's fees, arising out of or caused by *Entity* and/or its partners, principals, agents, employees and/or subcontractors in the performance of or failure to perform this agreement. In the State's sole discretion, *Entity* may be allowed to control the defense of any such claim, suit, etc. In the event *Entity* defends said claim, suit, etc., *Entity* shall use legal counsel acceptable to the State. *Entity* shall be solely responsible for all costs and/or expenses associated with such defense, and the State shall be entitled to participate in said defense. *Entity* shall not settle any claim, suit, etc. without the State's concurrence, which the State shall not unreasonably withhold.

IX. **TERMINATION AND SURVIVABILITY.**

A. This Agreement may be terminated by either party at any time by written notice.

B. The termination or expiration of this Agreement shall not affect any obligations or representations, which by their nature survive termination or expiration.

X. **AMENDMENTS TO AGREEMENT.** The Parties may only amend this Agreement by mutual consent, in writing, at any time during the Agreement period through each party's authorized representative.

XI. **ASSIGNMENT.** This Agreement may not be assigned, in whole or in part, by any party without
the prior written consent of the other party.

REQUIRED FEDERAL CLAUSES

Access

MSDH, the subgrantees (counties and communities), FEMA, the Comptroller General of the United States, and any other duly authorized representatives to any of these bodies shall have access to any and all books, documents, papers, and records of the Contractor which are directly pertinent to this specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

Byrd Anti-Lobbying Amendment

Contractor shall certify that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S. C. 1352. Contract shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal Award. Contractor shall require all subcontractors to submit these same certifications. Contractor shall adhere to mandatory standards and policies on energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201).

Clean Air and Water Acts Compliance

1) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. 7401 et seq. and the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
2) The Contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3) The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Energy Efficiency

Contractor shall adhere to mandatory standards and policies on energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201).

Procurement of Recovered Materials

In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

(i) Competitively within a timeframe providing for compliance with the contract performance schedule;

(ii) Meeting contract performance requirements; or

(iii) At a reasonable price.

1) Information about this requirement, along with the list of EPA designate items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensiveprocurementguideline-cpg-program."

Suspension and Debarment

1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Contractor is required to verify that none of the Contractor, its principals (defined at 2 C.F.R. 180.995), or its affiliates (defined at 2 C.F.R. 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. 180.935).
2) The Contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
3) This certification is a material representation of fact relied upon by MSDH. If it is later determined that the Contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to MSDH, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions."

Retention of Records

Contractor shall retain all records associated with this contract for three (3) years after MSDH or the subgrantees (the counties and communities) make final payments and all other pending matters are closed.

DHS seal, Logo, and Flags

The Contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

Compliance with Federal Law, Regulations, and Executive Orders

This is an acknowledgement that FEMA financial assistance will be used to fund the contract. The Contractor will comply with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.

Attachment: 20210719 - COVID-19 Emergency Response Short Term Property Use Agreement (9490 : Vaccine Site Agreement with MSDH)

No Obligation by Federal Government

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, Contractor, or any other party pertaining to any matter resulting from the contract.

Program Fraud and False or Fraudulent Statements or Related Acts

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

Compliance with the Contract Work Hours and Safety Standards Act

1) Overtime requirements. No Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
2) Violation: liability for unpaid wages: liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (l) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (l) of this section.
3) Withholding for unpaid wages and liquidated damages. The Mississippi State Department of Health shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
4) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and, also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor

Attachment: 20210719 - COVID-19 Emergency Response Short Term Property Use Agreement (9490 : Vaccine Site Agreement with MSDH)

shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

Compliance with the Davis-Bacon Act.

1) All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. E. Any other responsibilities as agreed to in writing, signed by an authorized signatory and attached hereto and incorporated herein.

VI. **RIGHT OF USE AND ENTRY.** During the term of this Agreement, the MSDH shall have, and hereby is granted, the full and unrestricted right to use the property described herein for the period as stated herein. MSDH will maintain such property throughout the term of this Agreement and any extension thereof in serviceable condition. Entity agrees to keep all parking areas provided (if any are included) to MSDH clean and free of trash and debris. At the end of the term of this agreement, MSDH agrees to surrender the property to the Entity.

VII. **LIABILITY.** As entities of the State of Mississippi, each party's liability is determined and controlled in accordance with Mississippi Code Annotated § 11-46-1 *et seq.*, including all defenses and exceptions contained therein. Nothing in this Agreement shall have the effect of changing or altering the liability or of eliminating any defense available to the State under statute.

VIII. **INDEMNIFICATION.** To the fullest extent allowed by law, *Entity* shall indemnify, defend, save and hold harmless, protect, and exonerate the agency, its commissioners, board members, officers, employees, agents, and representatives, and the State of Mississippi from and against all claims, demands, liabilities, suits, actions, damages, losses, and costs of every kind and nature whatsoever including, without limitation, court costs, investigative fees and expenses, and attorney's fees, arising out of or caused by *Entity* and/or its partners, principals, agents, employees and/or subcontractors in the performance of or failure to perform this agreement. In the State's sole discretion, *Entity* may be allowed to control the defense of any such claim, suit, etc. In the event *Entity* defends said claim, suit, etc., *Entity* shall use legal counsel acceptable to the State. *Entity* shall be solely responsible for all costs and/or expenses associated with such defense, and the State shall be entitled to participate in said defense. *Entity* shall not settle any claim, suit, etc. without the State's concurrence, which the State shall not unreasonably withhold.

IX. **TERMINATION AND SURVIVABILITY.**

A. This Agreement may be terminated by either party at any time by written notice.

B. The termination or expiration of this Agreement shall not affect any obligations or representations, which by their nature survive termination or expiration.

X. **AMENDMENTS TO AGREEMENT.** The Parties may only amend this Agreement by mutual consent, in writing, at any time during the Agreement period through each party's authorized representative.

XI. **ASSIGNMENT.** This Agreement may not be assigned, in whole or in part, by any party without
the prior written consent of the other party.

REQUIRED FEDERAL CLAUSES

Access

MSDH, the subgrantees (counties and communities), FEMA, the Comptroller General of the United States, and any other duly authorized representatives to any of these bodies shall have access to any and all books, documents, papers, and records of the Contractor which are directly pertinent to this specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

Byrd Anti-Lobbying Amendment

Contractor shall certify that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S. C. 1352. Contract shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal Award. Contractor shall require all subcontractors to submit these same certifications. Contractor shall adhere to mandatory standards and policies on energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201).

Clean Air and Water Acts Compliance

1) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. 7401 et seq. and the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
2) The Contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3) The Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Energy Efficiency

Contractor shall adhere to mandatory standards and policies on energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201).

Procurement of Recovered Materials

In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

Attachment: 20210719 - Covid - 19 Emergency Response Short Term Property Use Agreement - signed (9490 : Vaccine Site Agreement with

(i) Competitively within a timeframe providing for compliance with the contract performance schedule;

(ii) Meeting contract performance requirements; or

(iii) At a reasonable price.

1) Information about this requirement, along with the list of EPA designate items, is available at EPA's Comprehensive Procurement Guidelines website, https://www.epa.gov/smm/comprehensiveprocurementguideline-cpg-program."

Suspension and Debarment

1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Contractor is required to verify that none of the Contractor, its principals (defined at 2 C.F.R. 180.995), or its affiliates (defined at 2 C.F.R. 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. 180.935).
2) The Contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
3) This certification is a material representation of fact relied upon by MSDH. If it is later determined that the Contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to MSDH, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions."

Retention of Records

Contractor shall retain all records associated with this contract for three (3) years after MSDH or the subgrantees (the counties and communities) make final payments and all other pending matters are closed.

DHS seal, Logo, and Flags

The Contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

Compliance with Federal Law, Regulations, and Executive Orders

This is an acknowledgement that FEMA financial assistance will be used to fund the contract. The Contractor will comply with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.

Attachment: 20210719 - Covid - 19 Emergency Response Short Term Property Use Agreement - signed (9490 : Vaccine Site Agreement with

No Obligation by Federal Government

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, Contractor, or any other party pertaining to any matter resulting from the contract.

Program Fraud and False or Fraudulent Statements or Related Acts

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

Compliance with the Contract Work Hours and Safety Standards Act

1) Overtime requirements. No Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
2) Violation: liability for unpaid wages: liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (l) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (l) of this section.
3) Withholding for unpaid wages and liquidated damages. The Mississippi State Department of Health shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.
4) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and, also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor

shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

Compliance with the Davis-Bacon Act.

1) All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.
2) Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.
3) Additionally, contractors are required to pay wages not less than once a week.

§ 45-9-131. Purchase of sidearm by retiring member of municipal or county law enforcement agency.

Upon approval of the governing authorities of the municipality or county, a member of any municipal or county law enforcement agency who retires under any state retirement system or any state-approved retirement system may be allowed to purchase as his personal property one (1) sidearm which was issued to him by the law enforcement agency from which he retired. The governing authorities of the municipality or county shall determine the amount to be paid for the firearm by the retiring member of the law enforcement agency.

SOURCES: Laws, 1995, ch. 462, § 1, eff from and after July 1, 1995.

ATTORNEY GENERAL OPINIONS

There is no fair market value requirement placed on a firearm when it is sold to a law enforcement officer who is retiring under the conditions set forth in the statute; the sale will not be considered an illegal donation if the firearm is sold for less than fair market value so long as the retirement conditions in the statute are met. Robichaux, March 10, 2000, A.G. Op. #2000-0124.

§ 45-9-133. Retention of sidearm by retiring law enforcement officer of Mississippi Department of Transportation.

Each person employed as a law enforcement officer by the Mississippi Department of Transportation who retires for superannuation or for reason of disability under the Public Employees' Retirement System shall be allowed to retain as his personal property, one (1) sidearm which was issued to such law enforcement officer.

Notice of Resignation

Eddie Favre

Hancock County Administrator

Dear Eddie,

This letter is to notify Hancock County that I have been diagnosed with advanced prostate cancer and have been in and out of treatment at Hancock; Memorial Hospital; and Emory Winship Cancer Institute in Atlanta, Ga.

Also, I was diagnosed with Covid 19 in January 2021 that caused congestive heart failure.

I have no other choice than to resign my position as Hancock County Coroner effective immediately.

Sincerely,

James M. Faulk

RE: AT&T
ROW Occupancy Request
Runnymede Rd.

Dear Board Members:

We have received a right-of -way permit application (attached) from AT & T.

We recommend approval of the attached permit application with the following conditions:

1) When lines are encased, the encasement shall extend a minimum of 5' beyond the toe of slope or to the ditch line.
2) When installations are made outside of cut, ditch, fill, slope, or road area, minimum depth of bury shall not be less than 24".
3) Installations going under road crossings shall have a minimum depth of 4' below the road surface, and 3' when crossing under ditch bottom.
4) Installation shall be located on back of right of way as practical as possible to preserve space for future improvements or utility installations.
5) Applicant shall also provide a 48-hour notice to County Engineer prior to work being performed.

Our fee for county billing per Board of Supervisors authorization is attached.

If you have any questions, please advise.

PROJECT NO. 14C00508N COUNTY OF HANCOCK

UTILITY NAME AT&T BY MGR OSP PLNG ENG & DSGN
(Company Title)

ADDRESS 1723 22ND AV HEREIN CALLED APPLICANT,

proposes to construct BURIED COMMUNICATION CABLE Utility Facility

along or across RUNNYMEDE RD , said facility to be
(Name of Road)

installed between Sta. 18159 RUNNYMEDE RD and Sta. 18021 RUNNYMEDE RD

of Project No. 14C00508N and within road or highway right-of-way, and hereby makes application to the County for the construction permit. Attached hereto are drawings or plans for the construction, which will not be changed or altered without approval of the Board of Supervisors, or its authorized representative.

WHEREAS, the Legislature of Mississippi has heretofore granted to the Applicant the right to locate its facilities upon, across, under, over and along public highways and streets within the State of Mississippi; Applicant agrees to comply with applicable provisions of S.O.P. No. SAD II-2-8, Policy for the Accommodation of Utility Facilities within the Rights-of-Way of County Federal Aid and State Aid Highways (hereinafter referred to as the "Policy"), promulgated by the State Aid Engineer and dated January 1, 1983, and which is hereby made a part of this Application Agreement, and agrees to perform the construction according to the applicable industry code and according to the plans and specifications for the Project.

The Applicant shall be responsible for future maintenance and repair of the facilities. The Applicant shall make future adjustments in, or relocate, the facilities located within road or highway right-of-way when required for highway widening or other highway construction, and its right to reimbursement of its costs, if any, shall be in accordance with State law in effect at the time such adjustment or relocation is made. Further, any maintenance, repair, or construction shall be done in such a manner as to occasion no unreasonable interference with the normal flow and safety of traffic.

Attachment: Letter to HCBOS 7-7-21 (9493 : ROW Request AT&T)

A general description of the size, type, nature, and extent of the Utility work to be done is as follows:

The Applicant understands and agrees that, except as herein granted, no right, title, claim, or easement to said road right-of-way is granted by the issuance of this permit and that if this Utility Facility is not placed within the allowable horizontal and vertical limits as listed in the general provisions of the Policy, it will be adjusted to comply with same without cost to the County, unless the variance from the Policy has been approved by the granting of the Permit pursuant to this Application.

The Applicant further understands that the Utility's engineering, plant, or other personnel will be responsible for the staking and construction supervision of the work set out above and as shown on the attached plans.

_____ County agrees to the following stipulations:

(1) To cooperate with the Utility Company in every way to avoid conflicts in the location, construction, and maintenance of the County Highway and Utility Facility.

(2) To pursue any and all legal means to see that Policy Standards, except to the extent of any variance shown on the plans filed herewith and approved, are complied with in the facility installation.

(3) If the County Engineer or other authorized representative of the Board of Supervisors approved the drawings, sketches, and plans submitted by the Applicant, he shall so indicate by signing and dating the Permit Approval at the end of this Application, and the Applicant may proceed with the installation; if the drawings, sketches, and plans are not approved, he shall promptly notify the Applicant, and advise it of the reason or reasons. He will also act as the duly appointed representative of the Board of Supervisors and will give his approval to the completed work as being in compliance with the location and standards shown in the Policy and in this Agreement for the installation.

(4) That all joint highway construction and utility adjustment or relocation operations will comply with the requirements of Section S-105.06 and Section S-107.18, Mississippi Standard Specifications for State Aid Road and Bridge Construction, 1989 edition (or current edition).

(5) Should any term or provision of this Applicant Agreement conflict with the law of the State of Mississippi, the Mississippi Constitution, or the United States Constitution, or impair or deny to the Applicant or the County any right protected thereby, it shall be deemed to conform to said law or Constitution.

PERMIT APPLICATION FOR USE AND OCCUPANCY AGREEMENT
FOR THE CONSTRUCTION OR ADJUSTMENT OF A UTILITY
WITHIN COUNTY ROAD RIGHT-OF-WAY

PROJECT NO._____ COUNTY Hancock

UTILITY NAME KILN UTILITY AND FIRE DISTRICT OF HANCOCK COUNTY,

BY Eddie Moran, General Manager,
(Name & Company Title)

ADDRESS 16154 Fire Department Road, Kiln, Mississippi 39556, herein called APPLICANT,

proposes to construct 2" Bore for a 1" Water Service
(Type of Facility)

along or across Kiln Delisle Road, said facility to be
(Name of Road)

installed between Station No. Not Known at time of Submittal and Station No. See GPS Coordinates in Description and within the road right-of-way, and hereby makes application to the County for the construction permit. Attached hereto are drawings or plans for the construction, which will not be changed or altered without approval of the Board of Supervisors, or its authorized representative.

WHEREAS, the Legislature of Mississippi has heretofore granted to the Applicant the right to locate its facilities upon, across, under, over and along public roads and streets within the State of Mississippi; Applicant agrees to comply with applicable provisions of S.O.P. No. SA II-2-8, Policy for the Accommodation of Utility Facilities within the Rights-of-Way of County Federal Aid and State Aid Roads (hereinafter referred to as the "Policy"), promulgated by the State Aid Engineer and dated July 1, 2005, and which is hereby made a part of this Application Agreement, and agrees to perform the construction according to the applicable industry code and according to the plans and specifications for the project.

The Applicant shall be responsible for future maintenance and repair of the facilities. The Applicant shall make future adjustments in, or relocate, the facilities located within the road right-of-way when required for road widening, construction or maintenance, and its right to reimbursement of its costs shall be in accordance with State Laws affecting County roads in effect at the time such adjustment or relocation is made. Further, any maintenance, repair, or construction shall be done in such a manner as to occasion no unreasonable interference with the normal flow and safety of traffic.

FORM-SA ROW-U2
(Rev. 07-01-2005)

A general description of the size, type, nature, and extent of the Utility work to be done is a follows:

The water service will serve 17110 Rotten Bayou Rd. by a connection to the exiting water main within the Kiln Delisle Rd. right of way. The water service will be a 1" HDPE DR11 (200 PSI) installed by bore method with a 2" encasement.

GPS COORDINATES: Latitude: 30.42406 degrees
Longitude: -89.35526 degrees

The Applicant understands and agrees that, except as herein granted, no right, title, claim, or easement to said road right-of-way is granted by the issuance of this permit and that if this Utility Facility is not placed within the allowable horizontal and vertical limits as listed in the general provisions of the Policy, it will be adjusted to comply with same without cost to the County, unless the variance from the Policy has been approved by the granting of the Permit pursuant to this Application.

Hancock County agrees to the following stipulations:

(1) To cooperate with the Utility Company in every way to avoid conflicts in the location, construction, and maintenance of the County road and Utility Facility.

(2) To pursue any and all legal means to see that Policy Standards, except to the extent of any variance shown on the plans filed herewith and approved, are complied with in the facility installation.

(3) If the County/LSBP Engineer or other authorized representative of the Board of Supervisors approved the drawings, sketches, and plans submitted by the Applicant, he shall so indicate by signing and dating the Permit Approval at the end of this Application, and the Applicant may proceed with the installation; if the drawings, sketches, and plans are not approved, he shall promptly notify the Applicant, and advise him of the reason or reasons. He will also act as the duly appointed representative of the Board of Supervisors and will give his approval to the completed work as being in compliance with the location and standards shown in the Policy and in this Agreement for the installation.

(4) That all joint road construction and utility adjustment or relocation operations will comply with the requirements of Section S-105.06 and Section S-107.18, Mississippi Standard Specifications for State Aid Road and Bridge Construction, 2004 edition (or current edition).

(5) Should any terms or provision of this Agreement conflict with the Laws of the State of Mississippi, or the United States, or impair or deny to the Applicant or the County any right protected thereby, it shall be deemed amended to conform to said Laws.

CHANGE ORDER NUMBER 1

A change order is requested on the referenced project in order to incorporate additional work required to be performed under this contract. The proposed work is to restore the project site to the conditions that existed prior to the recent flood, which occurred during the week of June 21, 2021. This flood event undermined newly constructed RV sites as well as having unearthed recently installed utilities. This work is an attempt to restore the site to the pre-flood conditions, which will enable the contractor to complete the original scope of work in the affected areas. This change order is necessary to the scope of work in the contract as originally bid and is not a new undertaking outside of the original scope of work. The scope of work presented in the change order is reasonable and pricing is consistent with original contract unit prices. Approval of this change order is commercially reasonable under the current circumstances and will not circumvent public purchasing statutes. Prices on proposed extra work negotiated with Contractor include:

Restore 5 RV pads

Item #1: Fill 550 C.Y. @ $25.80/C.Y.	$ 14,190.00
Item #2: Sod 2,625 S.Y @ $6.00/S.Y.	$ 15,750.00
Item #3: Install Flowable Fill 195 C.Y. @ $215/C.Y.	$ 41,925.00

RESOLUTION

On motion of Danita Holliday, duly seconded by Billy Thomas, the following resolution was unanimously adopted:

WHEREAS, Hancock County School District is presently transporting children throughout the school district, and

WHEREAS, out of necessity there are certain areas which require that the school buses must turn around on private property, and

WHEREAS, these turnarounds are constantly in need of repair and grading, and

WHEREAS, Section 19-3-42 of the Mississippi Code of 1972 Annotated gives the Board of Supervisors the authority to enter upon these private properties for the express purpose of maintaining these turnarounds.

NOW, THEREFORE, be it resolved that the Hancock County School District does hereby request the Board of Supervisors of Hancock County to repair, gravel, maintain, grade and keep in good repair the school bus turnarounds, a copy of which is attached hereto and marked as Exhibit "A".

Re: Declaration of necessity to issue bonds

Dear Mrs. Reyes:

Section 81 of **Senate Bill 2971**, **2021 Regular Legislative Session**, (hereinafter "the Project"), authorizes the issuance of **$1,000,000** in State General Obligation Bonds to provide funds to assist **Hancock County** in paying the costs associated with the Project.

By this letter, we are declaring the necessity for the issuance of said bonds, and thus, request that you include the **$1,000,000** in the Resolution of the Department of Finance and Administration ("DFA") for the bond sale. Additionally, enclosed is a resolution adopted by **Hancock County** and a completed W-9 Form.

We understand that once the bonds are issued and the proceeds are available, we will execute a Funding Grant Agreement ("FGA") between us and the DFA detailing the specific requirements for expenditure as authorized by the legislation, in addition to submitting a letter requesting the transfer of proceeds, both of which documents will be provided to us by the DFA.

Should you need additional information, please contact Maureen Anderson at 228-467-0172 or 228-493-5846 or via email at Maureen.Anderson@co.hancock.ms.us.

Sincerely,

_____

RESOLUTION OF HANCOCK COUNTY REQUESTING THE DEPARTMENT OF FINANCE AND ADMINISTRATION TO ADOPT A RESOLUTION TO DECLARE THE NECESSITY FOR ISSUANCE OF STATE GENERAL OBLIGATION BONDS

WHEREAS, Hancock County has undertaken a project as defined in **Section 81** of **Senate Bill 2971**, **2021 Regular Legislative Session**, to assist Hancock County, Mississippi, in paying costs associated with repair, renovation, upgrades, improvements and additions to the Hancock County Fairgrounds (hereinafter "the Project"), with an anticipated completion date of **Month** 20**21**; and

WHEREAS, during the 2021 Regular Legislative Session, Senate Bill 2971 was approved by the Governor; and

WHEREAS, **Section 81** of **Senate Bill 2971**, **2021 Regular Legislative Session,** authorizes the issuance of State General Obligation Bonds, in an amount not to exceed **$1,000,000.00** to provide funding to assist **Hancock County** with the Project; and

WHEREAS, **Hancock County** has now determined that there is a necessity to request that these bonds be issued and the proceeds thereof disbursed to **Hancock County**.

NOW, THEREFORE, BE IT RESOLVED BY HANCOCK COUNTY that, pursuant **Section 81** of **Senate Bill 2971**, **2021 Regular Legislative Session**, the Department of Finance and Administration will adopt a resolution to be presented to the State Bond Commission declaring the necessity for the issuance of **$1,000,000.00** in General Obligation Bonds to assist **Hancock County** with the Project for the purpose as stated in paragraph one; and

BE IT FURTHER RESOLVED that the **Board President and/or Grant Administrator** of **Hancock County** is hereby authorized to represent **Hancock County** in all dealings with the Department of Finance and Administration and/or the State Bond Commission and to assist in the issuance of said bonds in any manner that is required.

SO RESOLVED this the **Day** of **Month**, 2021.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Project Description: (Attach additional pages if necessary.)

The Hancock County Fairgrounds is situated on 80 acres of open and wooded fields in Kiln, Mississippi. Facilities include a 200' x 300' covered multipurpose arena with seating for approximately 2,800 people, a concession stand, restrooms and small meeting rooms. The grounds include a lighted outdoor warm-up arena, 150' x 60' livestock barn with 100 stalls, wash racks, a four-horse walker and camper hookups. A five-eighths mile training track is located on the west side of the property. The Hancock County Multipurpose Arena currently averages 36 events per year including rodeos, livestock shows, barrel racing competitions, motocross, dog shows, food and music festivals, and the annual Hancock County Fair.

The Hancock County Multipurpose Arena currently averages 36 events per year including rodeos, livestock shows, barrel racing competitions, motocross, dog shows, food and music festivals, and the annual Hancock County Fair. The site is underutilized in its current state and lacks a number of amenities that are needed for the property to appeal to a wider range and greater number of events. The practice track, for example, does not offer seating of any kind, and there are few nearby lodging options, with the nearest hotel located almost seven miles away

in Bay St. Louis. The planned upgrades will make the Fairgrounds a much more desirable attraction for event planners, participants and attendees, thus contributing to the economic vitality of Hancock County and its local economies. Additionally, the revitalized fairgrounds will benefit the state economy by drawing high numbers of out-of-state visitors to the Mississippi coast.

This master plan and funding proposal positions the Hancock County Fairgrounds as a high-quality location for hosting both equestrian and non-equestrian events to meet existing untapped demand. Since the Fairgrounds has a long history of hosting such events, it does not reinvent the Fairgrounds for a new purpose; rather, its strengthens its existing offerings so that the facilities can qualify for a greater variety of events and attract more visitors.

Re: Declaration of necessity to issue bonds

Dear Mrs. Reyes:

Section 81 of **Senate Bill 2971**, **2021 Regular Legislative Session**, (hereinafter "the Project"), authorizes the issuance of **$1,000,000** in State General Obligation Bonds to provide funds to assist **Hancock County** in paying the costs associated with the Project.

By this letter, we are declaring the necessity for the issuance of said bonds, and thus, request that you include the **$1,000,000** in the Resolution of the Department of Finance and Administration ("DFA") for the bond sale. Additionally, enclosed is a resolution adopted by **Hancock County** and a completed W-9 Form.

We understand that once the bonds are issued and the proceeds are available, we will execute a Funding Grant Agreement ("FGA") between us and the DFA detailing the specific requirements for expenditure as authorized by the legislation, in addition to submitting a letter requesting the transfer of proceeds, both of which documents will be provided to us by the DFA.

Should you need additional information, please contact Maureen Anderson at 228-467-0172 or 228-493-5846 or via email at Maureen.Anderson@co.hancock.ms.us.

Sincerely,

Scotty Adam, Board President

RESOLUTION OF HANCOCK COUNTY REQUESTING THE DEPARTMENT OF FINANCE AND ADMINISTRATION TO ADOPT A RESOLUTION TO DECLARE THE NECESSITY FOR ISSUANCE OF STATE GENERAL OBLIGATION BONDS

WHEREAS, Hancock County has undertaken a project as defined in **Section 81** of **Senate Bill 2971**, **2021 Regular Legislative Session**, to assist Hancock County, Mississippi, in paying costs associated with repair, renovation, upgrades, improvements and additions to the Hancock County Fairgrounds (hereinafter "the Project"), with an anticipated completion date of **December 30** 20**22**; and

WHEREAS, during the 2021 Regular Legislative Session, Senate Bill 2971 was approved by the Governor; and

WHEREAS, **Section 81** of **Senate Bill 2971**, **2021 Regular Legislative Session,** authorizes the issuance of State General Obligation Bonds, in an amount not to exceed **$1,000,000.00** to provide funding to assist **Hancock County** with the Project; and

WHEREAS, **Hancock County** has now determined that there is a necessity to request that these bonds be issued and the proceeds thereof disbursed to **Hancock County**.

NOW, THEREFORE, BE IT RESOLVED BY HANCOCK COUNTY that, pursuant **Section 81** of **Senate Bill 2971**, **2021 Regular Legislative Session**, the Department of Finance and Administration will adopt a resolution to be presented to the State Bond Commission declaring the necessity for the issuance of **$1,000,000.00** in General Obligation Bonds to assist **Hancock County** with the Project for the purpose as stated in paragraph one; and

BE IT FURTHER RESOLVED that the **Board President and/or Grant Administrator** of **Hancock County** is hereby authorized to represent **Hancock County** in all dealings with the Department of Finance and Administration and/or the State Bond Commission and to assist in the issuance of said bonds in any manner that is required.

Facilities include a 200' x 300' covered multipurpose arena with seating for approximately 2,800 people, a concession stand, restrooms and small meeting rooms. The grounds include a lighted outdoor warm-up arena, 150' x 60' livestock barn with 100 stalls, wash racks, a four-horse walker and camper hookups. A five-eighths mile training track is located on the west side of the property. The Hancock County Multipurpose Arena currently averages 36 events per year including rodeos, livestock shows, barrel racing competitions, motocross, dog shows, food and music festivals, and the annual Hancock County Fair.

The Hancock County Multipurpose Arena currently averages 36 events per year including rodeos, livestock shows, barrel racing competitions, motocross, dog shows, food and music festivals, and the annual Hancock County Fair. The site is underutilized in its current state and lacks a number of amenities that are needed for the property to appeal to a wider range and greater number of events. The practice track, for example, does not offer seating of any kind, and there are few nearby lodging options, with the nearest hotel located almost seven miles away

in Bay St. Louis. The planned upgrades will make the Fairgrounds a much more desirable attraction for event planners, participants and attendees, thus contributing to the economic vitality of Hancock County and its local economies. Additionally, the revitalized fairgrounds will benefit the state economy by drawing high numbers of out-of-state visitors to the Mississippi coast.

This master plan and funding proposal positions the Hancock County Fairgrounds as a high-quality location for hosting both equestrian and non-equestrian events to meet existing untapped demand. Since the Fairgrounds has a long history of hosting such events, it does not reinvent the Fairgrounds for a new purpose; rather, its strengthens its existing offerings so that the facilities can qualify for a greater variety of events and attract more visitors.

SUBJECT: 2021 Emergency Road and Bridge Repair Fund Program – Call for Projects

Dear Hancock County Board of Supervisors:

Recognizing the significance transportation infrastructure has on the State's economy and its importance to the citizens for mobility, the Mississippi Legislature established the Emergency Road and Bridge Repair Fund (ERBRF) during the 2018 Extraordinary Session. Based on the success of the program, Senate Bill 2825 of the 2021 Legislative Session earmarked $89 million of Highway Infrastructure Program funds received by MDOT pursuant to the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 for the Emergency Road & Bridge Repair Program. In accordance with rules and regulations established by the Department under the 2018 legislation, MDOT will administer the Emergency Road and Bridge Repair Fund for emergency repairs to public roads and bridges.

MDOT will accept applications for the ERBRF program **July 1, 2021** through **5 p.m. August 6, 2021**. Please visit MDOT's website, **https://mdot.ms.gov/portal/erbrf_2021**, to review program information. All funding requests must be submitted using the online application form at this link. The application will be available July 1, 2021. Any agency requiring assistance in completing the applications may schedule an appointment at one of MDOT's District Offices by emailing **planning@mdot.ms.gov** a minimum of five-days prior to the application deadline. Additionally, any questions regarding the program or the application must be submitted in writing by email to the same address.

Sincerely,

Jeffrey C. Altman
Acting Executive Director

PRELIMINARY ENGINEERING SERVICES CONTRACT

Lakeshore Road Resurfacing Project
STP-0101-00(154)LPA / 108785-701000
Hancock County

This CONTRACT, is made and entered into by and between the **Hancock County Board of Supervisors**, a body Politic of the State of Mississippi (the "LPA"), and, **Compton Engineering, Inc.** (the "CONSULTANT"), a **Corporation**, duly licensed and registered to do business in the State of Mississippi, whose address for mailing is **1969 Market Street, Pascagoula, Mississippi, 39567**. This CONTRACT shall be effective as of the latest date of execution below.

WITNESSETH:

WHEREAS, the LPA requires the services of a professional engineering firm for the purposes of providing preliminary engineering services for the design of a resurfacing project on Lakeshore Road from Lower Bay Road to Beach Road in Hancock County, MS, as provided for in STP-0101-00(154)LPA / **108785-701000**, hereinafter called the "PROJECT"; and

WHEREAS, the LPA desires to engage a qualified and experienced CONSULTANT to perform engineering services as stated above, hereinafter called the "SERVICES"; and

WHEREAS, the CONSULTANT has represented to the LPA that it is experienced and qualified to provide those SERVICES, and the LPA has relied upon such representation; and

WHEREAS, the CONSULTANT herein was selected through a Consultant Selection Process pursuant to the Mississippi Department of Transportation (hereinafter "MDOT") LPA Project Development Manual and pursuant to Federal Highway Administration ("FHWA") regulations, Engineering and Design Related Service Contracts, 23 C.F.R. Part 172 (as amended) and found satisfactory by the LPA; which is now desirous of entering into a CONTRACT;

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein and for other good and valuable consideration flowing unto the parties, the receipt and sufficiency of which is hereby acknowledged, the LPA and the CONSULTANT do hereby CONTRACT and agree as follows:

ARTICLE I. GENERAL RECITALS

The CONSULTANT shall, for the agreed fees, furnish all engineering services and materials required to perform the tasks described in the Scope of Work for the proposed transportation project. SERVICES provided by the CONSULTANT under this CONTRACT shall be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances. In so doing, the CONSULTANT shall comply with all terms of this CONTRACT, including the Scope of Work and other exhibits, to the satisfaction of the LPA, which shall include any special requirements of the LPA. The CONSULTANT shall perform all SERVICES according to the terms of the CONTRACT, including all technical specifications and according to the prevailing industry standards, including standards of conduct and care, format and content.

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

The LPA, in support of the CONSULTANT, will provide the CONSULTANT a Scope of Work shown in "Exhibit 2" hereto and any other data which may be of assistance to the CONSULTANT and within the possession and control of the LPA.

Manuals, guides, standards, and specifications applicable to this CONTRACT shall be those approved and/or adopted by MDOT and the FHWA and in effect on the effective date of this CONTRACT, unless otherwise specified in this CONTRACT or subsequently directed by MDOT during the course of the CONTRACT.

ARTICLE II. SCOPE OF WORK

The CONSULTANT shall perform the SERVICES in accordance with the Scope of Work attached to this CONTRACT as "Exhibit 2" and made a part hereof as if fully set forth herein. The performance of the SERVICES referred to in "Exhibit 2" shall be the primary basis for measurement of performance under this CONTRACT. The LPA specifically reserves the right and privilege to enlarge or reduce the scope or to cancel this CONTRACT at any time.

ARTICLE III. CONTRACT TERM, TERMINATION

This CONTRACT shall commence upon the latest date of execution below and continue until such time as the above named project is successfully completed to the satisfaction of the LPA (as demonstrated by the issuance of final payment) or until **December 31, 2021**, at 11:59 p.m., whichever comes first, at which time this CONTRACT shall absolutely and finally terminate.

During the term of this CONTRACT, the LPA reserves the right to terminate this CONTRACT in whole or in part, at any time, with or without cause, upon seven (7) days written notice to the CONSULTANT, notwithstanding any just claims by the CONSULTANT for payment for SERVICES rendered prior to the date of termination. In addition to payment for SERVICES rendered prior to the date of termination, the LPA shall be liable only for the reasonable costs, fees and expenses for demobilization and close out of this CONTRACT, based on actual time and expenses incurred by the CONSULTANT in the packaging and shipment of all documents covered by this CONTRACT to the LPA. In no event shall the LPA be liable for lost profits or other consequential damages.

ARTICLE IV. TIME OF PERFORMANCE

Time is of the essence in this CONTRACT. The CONSULTANT shall be prepared to perform its responsibilities for providing SERVICES by the date of execution of this CONTRACT.

The CONSULTANT has submitted a proposed project schedule to the LPA which has been incorporated herein as a part of "Exhibit 2" which, when approved by final execution of this CONTRACT, shall control the evaluation of the CONSULTANT'S progress on this PROJECT.

The CONSULTANT may not begin work on any feature of this PROJECT prior to receiving a Notice to Proceed.

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

ARTICLE V. RELATIONSHIP OF THE PARTIES

The relationship of the CONSULTANT to the LPA is that of an independent contractor and, said CONSULTANT, in accordance with its status as an independent contractor, covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of the LPA by reason hereof. The CONSULTANT shall not make any claim, demand or application for any right or privilege applicable to an officer or employee of the LPA, including but not limited to workers' compensation coverage, unemployment insurance benefits, social security coverage, retirement membership or credit, or any form of tax withholding whatsoever.

All notices, communications, and correspondence between the LPA and the CONSULTANT shall be directed to the key personnel and designated agents designated in this CONTRACT.

ARTICLE VI. COMPENSATION, BILLING & AUDIT

A. Cost and Fees

The CONSULTANT shall be paid on the basis set forth in "Exhibit 3" to this CONTRACT. Under no circumstances shall the LPA be liable for any amounts, including any costs, which exceed the maximum dollar amount of compensation that is specified in Exhibit 3.

B. Monthly Billing

The CONSULTANT must submit monthly billing to the LPA. (A sample of a required invoice is attached as "Exhibit 4"). All billing must be submitted in accordance with the Local Public Agency Consultant Operating Procedures. Each billing shall include all time and allowable expenses through the end of the billing period. Direct expenses, as used herein, include the costs of travel, subsistence, shipping charges, long distance telephone calls and printing if it is not company accounting policy to include these costs in overhead rates. Monthly payments will be made on the basis of a certified time record. The LPA retains the right to verify time and expense records by audit of any or all the CONSULTANT'S time and accounting records at any time during the life of this CONTRACT and up to three years thereafter.

If SERVICES are rendered within a given State fiscal year, an invoice requesting payment from the CONSULTANT shall be presented to the LPA within 60 days of the end of the State fiscal year. **Should the CONSULTANT fail to present the invoice within the allotted time, legislative approval may be required before payment can be rendered.**

The CONSULTANT further agrees that FHWA or any other federal agency may audit the same records at any time during the life of this CONTRACT and up to three years thereafter, should the funding source for all or any part of this CONTRACT be funds of the United States of America.

C. Progress Reports

The CONSULTANT shall provide the LPA monthly progress reports on two documents. The first document shall be a narrative outline of work performed during the billing period for which the CONSULTANT has submitted an invoice. The second document shall be a spreadsheet that indicates the amount of progress for each designated "Part" of the Scope of Work of the CONTRACT. If a contract is for a duration of 30 days or less, the provisions of this paragraph are waived. Otherwise, waiver of the provisions of this paragraph shall only be by written consent of the LPA.

D. Record Retention

The CONSULTANT shall maintain all time and expense records related to the PROJECT and used in support of its proposal and shall make such material available at all reasonable times during the period of this CONTRACT and for three years from the date of final payment under this CONTRACT for inspection by the LPA, and copies thereof shall be furnished upon request, at the LPA'S expense. The CONSULTANT agrees that the provisions of this Article shall be included in any CONTRACT it may make with any subconsultants, assignees or transferees.

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

E. Retainage

The LPA shall retain the final 25% of the CONSULTANT'S Fixed Fees until all the deliverables have been received and found acceptable, the final payment request has been received, and an audit of the total PROJECT cost to date has been completed by the LPA or its designee.

ARTICLE VII. FINAL PAYMENT

The CONSULTANT shall clearly indicate on its last Invoice for the CONTRACT that the Invoice is "FINAL". The LPA will confirm that the CONTRACT is ready to be closed and the "FINAL" Invoice may be paid. All "FINAL" invoices shall pay any retainage withheld on the CONTRACT. However, under no circumstances will the total amount paid exceed the maximum not to exceed amount established for the CONTRACT. The CONSULTANT agrees that acceptance of the final payment shall be in full and final settlement of all claims arising against the LPA for payment for work done, materials furnished, cost incurred, or otherwise arising out of this CONTRACT and shall release the LPA from any and all further claims for payment, whether known or unknown, for and on account of said CONTRACT, including payment for all work done, and labor and material furnished in connection with the same. Failure to perform, to the satisfaction of the LPA, all terms of this CONTRACT, which include the Scope of Work and other exhibits, any technical specifications, and special requirements of the LPA, or the CONSULTANT'S failure to perform according to the prevailing industry standards, including standards of conduct and care, format and content, shall be corrected by the CONSULTANT without additional compensation. Neither the LPA's review, approval or acceptance of, nor payment for, the SERVICES required under this CONTRACT shall be construed to operate as a waiver of any rights under this CONTRACT, or of any cause of action arising out of the performance of this CONTRACT. The CONSULTANT shall be and remain liable to the LPA for all damages to the LPA caused by the CONSULTANT's negligent acts, errors and/or omissions in the performance of any of the SERVICES furnished under this CONTRACT. Errors and/or omissions discovered subsequent to the acceptance by the LPA of the final contract documents shall be corrected by the CONSULTANT without additional compensation. Notwithstanding inspection and acceptance by the LPA or any provision concerning the conclusiveness thereof, the CONSULTANT represents that SERVICES performed and work product(s) provided under this CONTRACT conform (or exceed) the requirements of this CONTRACT.

The CONSULTANT shall submit their "FINAL" invoice no later than 45 days following termination of the CONTRACT.

ARTICLE VIII. REVIEW OF WORK

Authorized representatives of the LPA may at all reasonable times review and inspect the SERVICES being provided under this CONTRACT and any addenda or amendments thereto. Authorized representatives of the FHWA may also review and inspect the SERVICES under this CONTRACT should funds of the United States of America be in any way utilized in payment for said SERVICES. Such inspection shall not make the United States of America a party to this CONTRACT, nor will FHWA interfere with the rights of either party hereunder.

All reports, drawings, designs, studies, maps, or other work product(s) prepared by and for the CONSULTANT, shall be made available to authorized representatives of the LPA for inspection and review at all reasonable times in the General Offices of the LPA. Authorized representatives of the FHWA may also review and inspect said reports, drawings, designs, studies, maps, and other work product(s) prepared under the CONTRACT should funds of the United States of America be in any way utilized in payment for the same. Acceptance by the LPA shall not relieve the CONSULTANT of its contractual and professional obligations. CONSULTANT shall correct, at its expense, any of its breaches, negligent acts, errors and/or omissions, in the final version of the work.

The CONSULTANT shall be responsible for performance of and compliance with all terms of this CONTRACT, including the Scope of Work and other exhibits, and including any technical specifications and special requirements of the LPA, to the satisfaction of the LPA, and shall be responsible for any negligent acts,

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

errors and/or omissions, including those as to conduct and care, format and content, for all aspects of the CONTRACT, and including professional quality and technical accuracy of all designs, drawings, specifications, and other services furnished by the CONSULTANT.

Failure to comply with any terms of this CONTRACT shall be corrected by the CONSULTANT without additional compensation.

If any breach of CONTRACT, is discovered by LPA personnel after final acceptance of the work by the LPA, then the CONSULTANT shall, without additional compensation, cure any deficiency or breach including any negligent acts, errors and/or omissions in designs, plans, drawings, specifications, or other services.

In the event that the project schedule requires that a breach of this CONTRACT be corrected by someone other than the CONSULTANT then the actual costs incurred by the LPA for such corrections shall be the responsibility of the CONSULTANT. The LPA shall give the CONSULTANT an opportunity to correct said breach unless (1) the LPA determines, in its sole discretion, that the CONSULTANT cannot cure the breach within the schedule established by the LPA, or (2) the LPA determines, in its sole discretion, that the CONSULTANT cannot cure the breach to the satisfaction of the LPA.

In the event that the CONSULTANT breaches this CONTRACT, and the breaches of the CONSULTANT are discovered during the construction or any phase of work, then an accounting of all costs incurred by the LPA resulting from such breach, including any negligent acts, errors and/or omissions, will be made and such amount will be recovered from the CONSULTANT.

During construction or any phase of work performed by others based on the services provide by the CONSULTANT for this CONTRACT, the CONSULTANT shall confer with the LPA when requested for the purpose of interpreting the information, clarification of any ambiguities, and/or to correct any negligent acts, error or omission without additional compensation. The CONSULTANT shall prepare any plans or data needed to correct the negligent acts, error or omission without additional compensation, even though acceptance and/or final payment may have been received by the CONSULTANT. The CONSULTANT shall give immediate attention to these changes once notified by the LPA so there will be a minimum of delay to the contractor.

When notified by the LPA of potential negligent acts, errors and/or omissions, during the development, construction, or any phase of the project, the CONSULTANT shall establish and maintain cost accounting records to segregate all costs associated with the evaluation and correction of any negligent acts, errors and/or omissions. All costs associated with any negligent acts, errors and/or omissions, including direct or indirect, must be borne by the CONSULTANT. If after written notice from the LPA, the CONSULTANT fails or refuses to correct any negligent acts, errors and/or omissions, the LPA may, by contract or otherwise, correct or replace with similar services and charge to the CONSULTANT the cost occasioned to the LPA thereby, or offset and withhold a sum equal to said cost to the LPA from payments on any existing contract(s) with the CONSULTANT or against any sums due the CONSULTANT under the terms of this CONTRACT or any other active contract(s).

ARTICLE IX. RESPONSIBILITIES FOR CLAIMS AND LIABILITY

The CONSULTANT shall indemnify and hold harmless the LPA and all its officers, agents and employees from any claim, loss, damage, cost, charge or expense, including reasonable attorney fees, to the extent caused by any negligent act, actions, neglect, error or omission by the CONSULTANT, its agents, employees, or subconsultants during the performance of this CONTRACT, whether direct or indirect, and whether to any person or property for which the LPA or said parties may be subject, except that neither the CONSULTANT nor any of his agents or subconsultants will be liable under this provision for damages arising out of the injury or damage to persons or property to the extent caused by or resulting from the negligence of the LPA or any of its officers, agents or employees.

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

The CONSULTANT'S obligations under this Article, including the obligations to indemnify, defend, hold harmless, pay reasonable attorney fees or, at the LPA'S option, participate and associate with the LPA in the defense and trial or arbitration of any damage claim, lien or suit and any related settlement negotiations, shall be initiated by the LPA'S notice of claim for indemnification to the CONSULTANT. Only an adjudication or judgment after the highest appeal is exhausted specifically finding the LPA entirely responsible shall excuse performance of this provision by the CONSULTANT. In such case, the LPA shall pay all costs and fees related to this obligation and its enforcement. Should there be a finding of dual or multiple liability, costs and fees shall be apportioned accordingly.

In conjunction herewith, the LPA agrees to notify the CONSULTANT in writing as soon as practicable after receipt or notice of any claim involving the CONSULTANT. These indemnities shall not be limited by reason of the listing of any insurance coverage below.

ARTICLE X. INSURANCE

Prior to beginning any work under this CONTRACT, the CONSULTANT shall obtain and furnish proof of insurance through Certificates of Insurance and, at MDOT's request, copies of insurance policies of the following:

A. Workers' Compensation Insurance in accordance with the laws of the State of Mississippi.

B. Commercial General Liability Insurance with a minimum combined limit of not less than One Million Dollars ($1,000,000.00) for each occurrence.

C. Errors and Omissions (Professional Liability) Insurance in an amount not less than One Million Dollars ($1,000,000.00) per claim; One Million Dollars ($1,000,000.00) annual aggregate.

D. Comprehensive Automobile Liability Insurance, in an amount not less than One Million Dollars ($1,000,000.00) per occurrence.

The LPA shall be listed as a certificate holder of insurance on any of the insurance required under this CONTRACT.

In the event that the CONSULTANT retains any subconsultant or other personnel to perform SERVICES or carry out any activities under or incident to work on any project or phase of this CONTRACT, the CONSULTANT agrees to obtain from said subconsultant or other personnel, certificates of insurance demonstrating that said subconsultant or other personnel shall have sufficient coverage, or CONSULTANT agrees to include said subconsultant or other personnel within the CONSULTANT'S coverage for the duration of this PROJECT or phase for which said subconsultant or other personnel is employed.

The Insurance coverage recited above shall be maintained in full force and effect by the CONSULTANT during the entire term of the CONTRACT. The LPA shall be notified of cancellation of any of the required insurance by the CONSULTANT and by the insurance company issuing any such cancellation of the required policies. Should CONSULTANT cease to carry the errors and/or omissions coverage listed above for any reason, it shall obtain "tail" or extended reporting period coverage at the same limits for a period of not less than three (3) years subsequent to policy termination or contract termination, whichever is longer.

All insurance carriers shall be licensed and in good standing with the Office of the Insurance Commissioner of the State of Mississippi.

A certificate of insurance acceptable to the LPA shall be issued to the LPA by the CONSULTANT prior to beginning any work under this CONTRACT and thereafter on an annual basis for the duration of this CONTRACT as evidence that policies providing the required insurance are in full force and effect. All policies

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

of required insurance shall give thirty days written notice to the LPA before the effective date of cancellation or reduction in limits of any required insurance.

The CONSULTANT will furnish certified copies, upon request, of any or all of the policies and/or endorsements to the LPA prior to the execution of this CONTRACT and thereafter on an annual basis for the duration of this CONTRACT.

The CONSULTANT shall provide the LPA any and all documentation necessary to prove compliance with the insurance requirements of this CONTRACT as such documentation is requested, from time to time, by the LPA.

If the CONSULTANT fails to procure or maintain required insurance, the LPA may immediately elect to terminate this CONTRACT or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, and all monies so paid by the LPA shall be repaid by the CONSULTANT to the LPA upon demand, or the LPA may offset the cost of the premiums against any monies due to the CONSULTANT from the LPA.

ARTICLE XI. COVENANT AGAINST CONTINGENT FEES AND LOBBYING

The CONSULTANT shall comply with the relevant requirements of all federal, state or local laws. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this CONTRACT, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the CONSULTANT, any fee, commission, percentage, brokerage fee, gifts or any other consideration contingent upon or resulting from the award or making of this CONTRACT. The CONSULTANT warrants that it shall not contribute any money, gift or gratuity of any kind, either directly or indirectly to any employee of the LPA, or to any employee of the MDOT. For breach or violation of this warranty, the LPA shall have the right to annul this CONTRACT without liability, and the CONSULTANT shall forfeit any sums due hereunder at the time of such breach and may be barred from performing any future services for the LPA or participating in any future contracts with the LPA.

ARTICLE XII. EMPLOYMENT OF LPA'S PERSONNEL

The CONSULTANT shall not employ any person or persons in the employ of the LPA for any work required by the terms of this CONTRACT, without the written permission of the LPA, except as may otherwise be provided for herein.

ARTICLE XIII. MODIFICATION

If, prior to the satisfactory completion of the SERVICES under this CONTRACT, the LPA materially alters the scope, character, complexity or duration of the SERVICES from those required under this CONTRACT, a supplemental agreement may be executed between the parties. Also, a supplemental agreement may be negotiated and executed between the parties in the event that both parties agree the CONSULTANT'S compensation should be increased due to an increase in the nature, scope or amount of work necessary to properly provide the SERVICES required on any particular phase or project begun hereunder.

Oral agreements or conversations with the LPA, any individual member of the LPA, officer, agent, or employee of MDOT, either before or after execution of this CONTRACT, shall not affect or modify any of the terms or obligations contained in this CONTRACT. All modifications to this CONTRACT, amendments or addenda thereto must be submitted in writing and signed by the parties thereto before the modifications, amendments, or addenda become effective.

The CONSULTANT may not begin work on any modifications, amendments, or addenda prior to receiving a Notice to Proceed.

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

Minor changes in the proposal which do not involve changes in the contract maximum not to exceed amount, extensions of time or changes in the goals and objectives of this CONTRACT may be made by written notification of such change by either the MDOT or the CONSULTANT to the other party, and shall become effective upon written acceptance thereof (i.e. letter agreement).

ARTICLE XIV. SUBLETTING, ASSIGNMENT OR TRANSFER

It is understood by the parties to this CONTRACT that the work of the CONSULTANT is considered personal by the LPA. The CONSULTANT shall not assign, subcontract, sublet or transfer any or all of its interest in this CONTRACT without prior written approval of the LPA. Under no condition will the CONSULTANT be allowed to sublet or subcontract more than 60% of the work required under this CONTRACT. It is clearly understood and agreed that specific projects or phases of the work may be sublet or subcontracted in their entirety provided that the CONSULTANT performs at least 40% of the overall CONTRACT with its own forces. Consent by the LPA to any subcontract shall not relieve the CONSULTANT from any of its obligations hereunder, and the CONSULTANT is required to maintain final management responsibility with regard to any such subcontract.

The LPA reserves the right to review all subcontracts documents prepared in connection with this CONTRACT, and the CONSULTANT agrees that it shall submit to the LPA any proposed subcontract document together with subconsultant cost estimates for review and written concurrence of the LPA in advance of their execution.

The CONSULTANT shall make prompt payment to all subconsultants no later than 15 days from receipt of each payment the LPA makes to the CONSULTANT. Each month, the CONSULTANT shall submit OCR-484-C found on MDOT's website to the LPA along with the Invoice. This form certifies payments to all Subconsultants and shows all firms even if the CONSULTANT has paid no monies to the firm during that estimate period (negative report). The CONSULTANT shall pay all retainage owed to the subconsultant for satisfactory completion of the accepted work within 15 days after receipt of payment.

ARTICLE XV. OWNERSHIP OF PRODUCTS AND DOCUMENTS AND WORK MADE FOR HIRE

The CONSULTANT agrees that all reports, documents, computer information and access, software, drawings, studies, notes, maps and other data and products, prepared by and for the LPA under the terms of this CONTRACT shall become and remain the property of the LPA upon creation and shall be delivered to the LPA upon termination or completion of work, or upon request of the LPA, regardless of any claim or dispute between the parties. All such data and products shall be delivered within thirty (30) days of receipt of a written request by the LPA.

The CONSULTANT and the LPA intend and agree that this CONTRACT to be a contract for SERVICES and each party considers the products and results of the SERVICES to be rendered by the CONSULTANT hereunder, including any and all material produced and/or delivered under this CONTRACT (the "Work"), to be a "work made for hire" under U.S. copyright and all applicable laws. The CONSULTANT acknowledges and agrees that the LPA owns all right, title, and interest in and to the Work including, without limitation, the copyright thereto and all trademark, patent, and all intellectual property rights thereto.

If for any reason the Work would not be considered a work made for hire under applicable law, or in the event this CONTRACT is determined to be other than a contract or agreement for a work made for hire, the CONSULTANT does hereby transfer and assign to the LPA, and its successors and assigns, the entire right, title, and interest in and to any Work prepared hereunder including, without limitation, the following: the copyright and all trademark, patent, and all intellectual property rights in the Work and any registrations and copyright, and/or all other intellectual property, applications relating thereto and any renewals and extensions thereof; all works based upon, derived from, or incorporating the Work; all income, royalties, damages, claims, and payments now or hereafter due or payable with respect thereto; all causes of action, either in law or in equity, for past, present, or future infringement based on the copyrights and/or all other intellectual property;

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

all rights, including all rights to claim priority, corresponding to the foregoing in the United States and its territorial possessions and in all foreign countries. The CONSULTANT agrees to execute all papers and perform such other proper acts as the LPA may deem necessary to secure for the LPA or its designee the rights herein assigned.

The LPA may, without any notice or obligation of further compensation to the CONSULTANT, publish, re-publish, anthologize, use, disseminate, license, or sell the Work in any format or medium now known or hereafter invented or devised. The LPA 'S rights shall include, without limitation, the rights to publish, re-publish, or license a third party to publish, re-publish, or sell the Work in print, on the World Wide Web, or in any other electronic or digital format or database now known or hereafter invented or devised, as a separate isolated work or as part of a compilation or other collective work, including a work different in form from the first publication, and to include or license a third party to include the Work in an electronic or digital database or any other medium or format now known or hereafter invented or devised.

The CONSULTANT shall obtain any and all right, title, and interest to all input and/or material from any third party subconsultant, or any other party, who may provide such input and/or material to any portion of the Work so that said right, title, and interest, and all such interest in and to the Work including, without limitation, the copyright thereto and all trademark, patent, and all intellectual property rights thereto, shall belong to the LPA.

For any intellectual property rights currently owned by third parties or by the CONSULTANT and not subject to the terms of this CONTRACT, the CONSULTANT agrees that it will obtain or grant royalty-free, nonexclusive, irrevocable license(s) for or to the LPA at no cost to the LPA to use all copyrighted or copyrightable work(s) and all other intellectual property which is incorporated in the material furnished under this CONTRACT. Further, the CONSULTANT warrants and represents to the LPA that it has obtained or granted any and all such licensing prior to presentation of any Work to the LPA under this CONTRACT. This obligation of the CONSULTANT does not apply to a situation involving a third party who enters a license agreement directly with the LPA.

The CONSULTANT warrants and represents that it has not previously licensed the Work in whole or in part to any third party and that use of the Work in whole or in part will not violate any rights of any kind or nature whatsoever of any third party. The CONSULTANT agrees to indemnify and hold harmless the LPA, its successors, assigns and assignees, and its respective officers, directors, agents and employees, from and against any and all claims, damages, liabilities, costs and expenses (including reasonable attorneys' fees), arising out of or in any way connected with any breach of any representation or warranty made by CONSULTANT herein.

ARTICLE XVI. PUBLICATION AND PUBLICITY

The CONSULTANT agrees that it shall not for any reason whatsoever communicate to any third party, with the exception of the MDOT and the FHWA, in any manner whatsoever concerning any of its CONTRACT work product, its conduct under the CONTRACT, the results or data gathered or processed under this CONTRACT, which includes, but is not limited to, reports, computer information and access, drawings, studies, notes, maps and other data prepared by and for the CONSULTANT under the terms of this CONTRACT, without prior written approval from the LPA, unless such release or disclosure is required by judicial proceeding. The CONSULTANT agrees that it shall immediately refer any third party who requests such information to the LPA and shall also report to the LPA any such third party inquiry, with the exception of the MDOT and/or the FHWA. This Article shall not apply to information in whatever form that comes into the public domain, nor shall it restrict the CONSULTANT from giving notices required by law or complying with an order to provide information or data when such order is issued by a court, administrative agency or other authority with proper jurisdiction, or if it is reasonably necessary for the CONSULTANT to defend itself from any suit or claim.

All approved releases of information, findings, and recommendations shall include a disclaimer provision and all published reports shall include that disclaimer on the cover and title page in the following form:

The opinions, findings, and conclusions in this publication are those of the author(s) and not necessarily those of the Local Public Agency, Mississippi Department of Transportation, Mississippi Transportation Commission, the State of Mississippi or the Federal Highway Administration.

ARTICLE XVII. CONTRACT DISPUTES

This CONTRACT shall be deemed to have been executed in **Hancock** County, Mississippi, and all questions including but not limited to questions of interpretation, construction and performance shall be governed by the laws of the State of Mississippi, excluding its conflicts of laws provisions, and any litigation with respect to this CONTRACT shall be brought in a court of competent jurisdiction in **Hancock** County, State of Mississippi. The CONSULTANT expressly agrees that under no circumstances shall the LPA be obligated to or responsible for payment of an attorney's fee for the cost of legal action to or on behalf of the CONSULTANT.

ARTICLE XVIII. COMPLIANCE WITH APPLICABLE LAW

A. The undersigned certify that to the best of their knowledge and belief, the foregoing is in compliance with all applicable laws.

B. The CONSULTANT shall observe and comply with all applicable federal, state, and local laws, rules and regulations, policies and procedures, ordinances, and orders and decrees of bodies or tribunals of the United States of America or any agency thereof, the State of Mississippi or any agency thereof, and any local governments or political subdivisions, that are in effect at the time of the execution of this CONTRACT or that may later become effective.

C. The CONSULTANT shall not discriminate against any employee nor shall any party be subject to discrimination in the performance of this CONTRACT because of race, creed, color, sex, national origin, age or disability.

D. The CONSULTANT shall comply and shall require its subconsultants to comply with the regulations for compliance with TITLE VI OF THE CIVIL RIGHTS ACT OF 1964, as amended, and all other applicable federal regulations as stated in "Exhibit 5" which is incorporated herein by reference.

E. The CONSULTANT shall comply with the provisions set forth in Department of Transportation regulations, Uniform Administrative Requirements for Grants and Cooperative Agreements, 49 CFR, Part 18, Et Seq., regarding Uniform Administrative Requirements for Grants and Cooperative agreements (as amended) in its administration of this CONTRACT or any subcontract resulting herefrom.

F. The CONSULTANT agrees that it will abide by the provisions of 49 CFR Section 26 regarding disadvantaged business enterprises and include the certification made in "Exhibit 5" to this CONTRACT in any and all subcontracts which may result from this CONTRACTS.

G. The CONSULTANT shall comply and shall require its subconsultants to comply with Code of Federal Regulations CFR 23 Part 634 - Worker Visibility – as stated in "Exhibit 5".

H. IMMIGRANT STATUS CERTIFICATION. The CONSULTANT represents that it is in compliance with the Immigration Reform and Control Act of 1986 (Public Law 99-603), as amended, in relation to all employees performing work in the State of Mississippi and does not knowingly employ persons in violation of the United States immigration laws. The CONSULTANT further represents that it is registered and participating in the Department of Homeland Security's E-Verify™ employment

eligibility verification program, or successor thereto, and will maintain records of compliance with the Mississippi Employment Protection Act including, but not limited to, requiring compliance certification from all subcontractors and vendors who will participate in the performance of this Agreement and maintaining such certifications for inspection if requested. The CONSULTANT acknowledges that violation may result in the following: (a) cancellation of any public contract and ineligibility for any public contract for up to three (3) years, or (b) the loss of any license, permit, certification or other document granted by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. The CONSULTANT also acknowledges liability for any additional costs incurred by the LPA due to such contract cancellation or loss of license or permit. The CONSULTANT is required to provide the certification on Exhibit 9 in this CONTRACT to the LPA verifying that the CONSULTANT and subconsultant(s) are registered and participating in E-Verify prior to execution of this CONTRACT

I. The covenants herein shall, except as otherwise provided, accrue to the benefit of and be binding upon the successors and assigns of the parties hereto.

ARTICLE XIX. WAIVER

Failure of either party hereto to insist upon strict compliance with any of the terms, covenants, and conditions hereof shall not be deemed a waiver or relinquishment of any similar right or power hereunder at any subsequent time, or of any other provision hereof, nor shall it be construed to be a modification of the terms of this CONTRACT.

ARTICLE XX. SEVERABILITY

If any terms or provisions of this CONTRACT are prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this CONTRACT shall not be affected thereby and each term and provision of this CONTRACT shall be valid and enforceable to the fullest extent permitted by law.

ARTICLE XXI. ENTIRE AGREEMENT

This CONTRACT constitutes the entire agreement of the parties with respect to the subject matter contained herein and supersedes and replaces any and all prior negotiations, understandings, and agreements, written or oral, between the parties relating thereto.

ARTICLE XXII. CONFLICT OF INTEREST

The CONSULTANT covenants that no public or private interests exist and none shall be acquired directly or indirectly which would conflict in any manner with the performance of the CONSULTANT'S CONTRACT. The CONSULTANT further covenants that no employee of the CONSULTANT or of any subconsultant(s), regardless of his/her position, is to personally benefit directly or indirectly from the performance of the SERVICES or from any knowledge obtained during the CONSULTANT'S execution of this CONTRACT.

ARTICLE XXIII. AVAILABILITY OF FUNDS

It is expressly understood and agreed that the obligation of the LPA to proceed under this CONTRACT is conditioned upon the availability of funds, the appropriation of funds by the Mississippi Legislature, and the receipt of state and/or federal funds. If, at any time, the funds anticipated for the fulfillment of this CONTRACT are not forthcoming or are insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the LPA for the performance of this CONTRACT, the LPA shall have the right, upon written notice to the CONSULTANT, to immediately terminate or stop work on this CONTRACT without damage, penalty, cost, or expense to the LPA of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.

ARTICLE XXIV. STOP WORK ORDER

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

A. **Order to Stop Work.** The LPA may, by written order to the CONSULTANT at any time, and without notice to any surety, require the CONSULTANT to stop all or any part of the work called for by this CONTRACT. This order shall be for a specified period not exceeding twenty-four (24) months after the order is delivered to the CONSULTANT unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, the CONSULTANT shall forthwith comply with its terms and take all steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the LPA shall either:

(1) Cancel the stop work order; or

(2) Terminate the work covered by such order according to and as provided in Article III of this CONTRACT.

Prior to the LPA'S taking official action to stop work under this CONTRACT, the Executive Director of MDOT and/or the LPA may notify the CONSULTANT, in writing, of MDOT'S or the LPA's intentions to ask the LPA or CONSULTANT to stop work under this CONTRACT. Upon notice from the Executive Director of MDOT or the LPA, the CONSULTANT shall suspend all activities under this CONTRACT, pending final action by the LPA.

B. **Cancellation or Expiration of the Order.** If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, the CONSULTANT shall have the right to resume work. If the LPA decides that it is justified, an appropriate adjustment may be made in the delivery schedule. If the stop work order results in an increase in the time required for or in the CONSULTANT'S cost properly allocable to the performance of any part of this CONTRACT and the CONSULTANT asserts a claim for such an adjustment within 30 days after the end of the period of work stoppage, an equitable adjustment in this CONTRACT may be made by written modification of this CONTRACT as provided by the terms of this CONTRACT.

C. **Termination of Stopped Work.** If a stop work order is not canceled and the work covered by such order is terminated, the CONSULTANT may be paid for SERVICES rendered prior to the Termination. In addition to payment for SERVICES rendered prior to the date of termination, the LPA shall be liable only for the costs, fees, and expenses for demobilization and close out of this CONTRACT, based on actual time and expenses incurred by the CONSULTANT in the packaging and shipment of all documents covered by this CONTRACT to the LPA. In no event shall the LPA be liable for lost profits or other consequential damages.

SCOPE OF WORK

GENERAL REQUIREMENTS

The following engineering services shall be performed by the CONSULTANT on behalf of the LPA in accordance with this CONTRACT at the direction of the LPA for the purpose of providing bid documents to Resurface Lakeshore Road from Beach Blvd to Lower Bay Road.

The following engineering services shall be performed by the CONSULTANT in accordance with this CONTRACT and the latest Project Development Manual (PDM) for the LPA at the time of the execution of this CONTRACT.

A Project Schedule is required. Work progression is to proceed in accordance with the attached agreed Project Schedule. A status report along with an updated Project Schedule is required monthly. This report is to be submitted by the 7th of each month to the LPA for their signature and then submitted to the MDOT District LPA Coordinator. This monthly report is to be submitted by the CONSULTANT and will update the LPA on the status of the project. Recent milestones in plan development, such as the submittal of plans for review, shall be documented. Also, the target dates for the future milestones should be included.

The CONSULTANT shall, if requested by MDOT or LPA, attend any meetings concerning this Project.

The CONSULTANT shall comply with the current version of the following publications:

Roadway Design

1. MDOT *Roadway Design Manual*, and supplemented with updated design policies as described in Design Memos located on Roadway Design Division's website;
2. MDOT Roadway Design Standard Drawings;
3. MDOT Roadway Design Special Design Sheets;
4. MDOT *Roadway Design CADD Manual*;
5. MDOT *Survey Manual*;
6. MDOT *Access Management Manual*;
7. MDOT Traffic Engineerings *Typical Signing Details*;
8. MDOT *Intelligent Transportation Systems Design Manual*;
9. *Mississippi Standard Specifications for Road and Bridge Construction*;
10. AASHTOâ€™S *A Policy on Geometric Design of Highways and Streets*;
11. AASHTO *Roadside Design Guide*;
12. AASHTO *Highway Safety Manual* (HSM);
13. AASHTO *Guide for the Development of Bicycle Facilities*;
14. AASHTO *Guide for the Planning, Design, and Operation of Pedestrian Facilities*;
15. NACTO *Urban Street Design Guide*;
16. Manual *on Uniform Traffic Control Devices* (MUTCD); and
17. Any other publications listed in Exhibit 8, or as instructed by MDOT.

TYPICAL ITEMS/MATERIALS PROVIDED BY THE LPA AND/OR MDOT

Based on availability, the LPA may provide information to the CONSULTANT including but not limited to

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

plans and information from previous studies and projects including but not limited to environmental studies, USGS reports, traffic studies, roadway and bridge plans, bridge inspection reports, underwater inspection reports, pile records, CADD files, survey control points.

The LPA will provide a single point-of-contact for day-to-day coordination.

ENVIRONMENTAL STUDIES (CATEGORICAL EXCLUSION) WITHOUT NEW ROW*

*New ROW includes donated ROW and permanent easements. New ROW does not include temporary easements.

The CONSULTANT will perform various Engineering and Environmental studies necessary to prepare a Categorical Exclusion, in accordance with the US Department of Transportation, Federal Highway Administration Technical Advisory T 6640.8A, Guidance for Preparing and Processing Environmental Documents and Section 4 (F) Documents; Federal-Aid Policy Guide 23 CFR 770, 771, 772, and 777 at the time this CONTRACT is executed; and MDOT Project Development/Environmental Documentation, S.O.P. No. ENV-02-01-00-000 and other related Federal and State regulations, laws and/or procedures that may be in effect at the time this CONTRACT is executed and complete the ENV-160 form.

PHASE A (FIELD REVIEW) ROADWAY

Phase A (Field Review) Roadway Plans

The CONSULTANT will submit the LPA-100 and LPA-700 forms to MDOT.

MDOT approval of the LPA-100 & LPA-700 forms are required prior to the scheduling of a field review.

The Field Review Plans shall contain, at a minimum:

A. Title Sheet;
B. Typical Sections;

The CONSULTANT shall include the following: preliminary earthwork quantities, preliminary pavement marking sheets, as well as any traffic control that will be required during construction.

Following the Field Inspection, the CONSULTANT shall make all approved plan changes as instructed.

PHASE B (OFFICE REVIEW) ROADWAY DESIGN

(Construction Plans and Specifications)

The Office Review Plan requirements include the following components

PHASE B (Office Review) Roadway Plans

A. Title Sheet;
B. Detailed Index Sheet(s);
C. General Notes Sheet(s);
D. Typical Section Sheet(s);

I. Detailed Pavement Marking Sheet(s), not covered by Standard Drawings;
J. Permanent Signing Plans;
K. Standard Drawings;
L. Other applicable plans as necessary for the construction of the project;
M. All calculations, notes, and data used to develop the plans

On projects which include a disturbed area over five acres, the CONSULTANT is required to prepare a LCNOI (Large Construction Notice of Intent) and shall include a detailed erosion control plan in the Phase B (Office Review) plans.

Following the Office Review, the CONSULTANT shall make all approved plan changes as instructed

PHASE C (PS&E) ROADWAY DESIGN

(Construction Plans and Specifications)

The PS&E requirements include the following components

FEES AND EXPENSES

The LPA shall pay the CONSULTANT on an actual cost-plus fixed-fee basis with an upset limit of **$51,392.02** for the satisfactory completion of the Scope of Work set forth under "Exhibit 2", hereto, for all salaries, payroll additives, overhead, direct costs and CONSULTANT'S fixed fees attributable to this CONTRACT.

Actual costs as the term is used herein shall include all direct salaries, payroll additives, overhead and direct cost. Direct salaries are those amounts actually paid to the person performing the SERVICES, which are deemed reasonably necessary by the LPA for the advancement of the Scope of Work. Overtime work is not contemplated by this CONTRACT. Accordingly, direct salaries chargeable to this CONTRACT shall not include any overtime premium. Salaries for officers, principals or partners shall not increase at a rate in excess of that for other employees. Payroll additives and overhead consist of employee fringe benefits and that part of CONSULTANT'S allowable indirect costs attributable to this CONTRACT.

Direct Costs are those charges deemed reasonably necessary by the LPA for the successful completion of the Scope of Work, which are charged directly to the project and not included in overhead.

Fixed fee as the term is used herein shall mean a dollar amount established to cover the CONSULTANT'S profit and business expenses not allocable to overhead for the successful completion of the SERVICES.

Each month, the CONSULTANT shall submit OCR-484-C found on MDOT's website to the LPA along with the Invoice. This form certifies payments to all Subconsultants and shows all firms even if the CONSULTANT has paid no monies to the firm during that estimate period (negative report).

SCHEDULE OF MAXIMUM RATES, EXPENSES & FEES:

The following schedule of rates for SERVICE will not be exceeded for all work under this CONTRACT:

Direct Salaries:

Direct salaries shall not exceed those amounts actually paid to an employee performing SERVICES reasonably necessary for the completion of the Scope of Work set forth under "Exhibit 2" to this CONTRACT.

Upon MDOT's request, all charges for SERVICES must be substantiated by supporting data, i.e. certified time sheets, daily logs, check stubs, pay vouchers, etc.

Payroll Additive & Overhead:

The current overhead rates shall be submitted by the CONSULTANT and approved by the MDOT within nine (9) months of the end of the CONSULTANT's fiscal period. The current overhead rate, as defined in this CONTRACT, shall be the overhead rate for the CONSULTANT's most recent previous fiscal period. The CONSULTANT's failure to provide a current overhead rate within nine (9) months of the end of the CONSULTANT's fiscal period may result in the CONSULTANT being deemed ineligible for any potential Supplemental Agreements with LPA. The estimated FCCM for cost proposals, Supplemental Agreements, and invoices must be specially identified and distinguished from the other costs. Profit/Fee shall not include amounts applicable to FCCM.

Final payment of the overhead rate costs shall be adjusted after completion of the final audit to reflect the actual rates experienced by the CONSULTANT during the course of this CONTRACT; however, in no event shall such an adjustment allow this CONTRACT'S cost to exceed the maximum limitation stated. Said audit of

Attachment: 20210719 - Lakeshore Road Resurfacing Project - Preliminary Engineering Services Contract (9449 : Preliminary Engineering

the CONSULTANT will be conducted by the LPA, or the LPA'S designated auditor at the conclusion of this CONTRACT in accordance with Federal and the LPA requirements.

All overhead rates submitted to MDOT for approval shall comply with the current edition of the AASHTO Audit Guide, as amended. In addition, the CONSULTANT shall submit written certification in accordance with FHWA Order 4470.1A, as amended, that the indirect cost rate submitted does not include any costs which are expressly unallowable and the indirect cost rate was established only with allowable costs in accordance with the applicable cost principles contained in the Federal Acquisition Regulations (FAR) of 48 CFR part 31.

Direct Costs:

The LPA will reimburse the CONSULTANT'S actual documented expenses; or the amount allowable under the current edition of the MDOT State Travel Handbook, whichever is lower. Except as otherwise specifically provided herein, the procedures generally outlined in the MDOT State Travel Handbook shall govern the allowability of any expense reimbursement. This policy will include no meal reimbursement when there is no overnight stay. **However, Direct costs for lodging shall be reimbursed in accordance with FAR 31.205-46(a)(2).**

All direct costs must be substantiated by supporting data in accordance with the MDOT State Travel Handbook, i.e. mileage, log books, receipts, etc.

All other expenses will be reimbursed upon receipt of acceptable paid invoices.

Fixed Fee:

The CONSULTANT'S fixed fee shall be **$5,393.58**, which sum shall be paid incrementally each month in an amount determined by multiplying the total fixed fee by the project completion percentage, less any amounts previously paid for fixed fees.

Contract Maximums:

Under no circumstances shall the amount payable by the LPA for this assignment exceed **$51,392.02** (Total of all Charges) without the prior written consent of both parties.

NOTICE TO CONTRACTORS, FEDERAL AID CONTRACT COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

COPELAND ANTI-KICKBACK ACT, DAVIS BACON ACT, CONTRACT WORK HOURS AND SAFETY STANDARDS ACT, CLEAN AIR ACT, ENERGY POLICY AND CONSERVATION ACT, and WORKER VISIBILITY

During the performance of this CONTRACT, the CONSULTANT, for itself, its assignees and successor-in-interest (hereinafter referred to as the "CONSULTANT") agrees as follows:

1. Compliance with Regulations: The CONSULTANT will comply with the Regulations of the Department of Transportation, relative to nondiscrimination in Federally-assisted programs of the U. S. Department of Transportation (Title 49, Code of Federal Regulations, Part 21, hereinafter referred to as the "Regulations"), which are herein incorporated by reference and made a part of this CONTRACT.

2. Nondiscrimination: The CONSULTANT, with regard to the work performed by it after award and prior to completion of the contract work, will not discriminate on the grounds of race, religion, color, sex, national origin, age or disability in the selection and retention of subconsultants including procurement of materials and leases of equipment. The CONSULTANT will not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when this CONTRACT covers a program set forth in Appendix B of the Regulations. In addition, the CONSULTANT will not participate either directly or indirectly in discrimination prohibited by 23 C.F.R. 710.405(b).

3. Solicitations for Subcontracts. Including Procurement of Materials and Equipment: In all Solicitations, either by competitive bidding or negotiation made by the CONSULTANT for work to be performed under a subcontract, including procurement of materials or equipment, each potential subconsultant or supplier shall be notified by the CONSULTANT of the CONSULTANT'S obligations under this CONTRACT and the Regulations relative to nondiscrimination on the grounds of race, religion, color, sex, national origin, age or disability.

4. Anti-kick back provisions: All CONTRACTS and subcontracts for construction or repair shall include a provision for compliance with the Copeland "Anti-Kick Back" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR, Part 3). This Act provides that each CONSULTANT or subconsultant shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The CONSULTANT shall report all suspected or reported violations to the LPA.

5. Davis Bacon Act: When required by the federal grant program legislation, all construction contracts awarded to contractors and subcontractors in excess of $2,000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR, Part 5). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less often than once a week.

6. Contract Work Hours and Safety Standards Act: Where applicable, all contracts awarded by contractors and subcontractors in excess of $100,000 which involve the employment of mechanics or laborers

shall include a provision for compliance with sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor Regulations (29 CFR, Part 5). Under section 103 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction, safety, and health standards promulgated by the Secretary of Labor. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

7. Clean Air Act: Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857 (h), Section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR Part 15) (Contracts and subcontracts in amounts in excess of $100,000).

8. Energy Policy and Conservation Act: Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163).

9. Disadvantaged Business Enterprises: It is the policy of the Mississippi Department of Transportation to comply with the requirements of 49 C.F.R. 26, to prohibit unlawful discrimination, to meet it's goal for DBE participation, to meet that goal whenever possible by race-neutral means, to create a level playing field, and to achieve that amount of DBE participation that would be obtained in an non-discriminatory market place. To meet that objective in any United States Department of Transportation assisted contracts, the LPA and the CONSULTANT shall comply with the "Mississippi Department of Transportation's Disadvantaged Business Enterprise Programs For United States Department Of Transportation Assisted Contracts".

Neither the CONSULTANT (Contractor), nor any sub-recipient or sub-contractor shall discriminate on the bases of race, color, national origin, or sex in the performance of this CONTRACT. The CONSULTANT (Contractor) shall carry out applicable requirements of 49 C.F.R. 26 in the award and administration of United States Department of Transportation assisted contracts. Failure of the CONSULTANT (Contractor) to carry out those requirements is a material breach of the contract which may result in the termination of this CONTRACT or such other remedies as the Mississippi Department of Transportation deems appropriate.

10. Worker Visibility: All workers within the right-of-way of a Federal-aid highway who are exposed either to traffic (vehicles using the highway for the purposes of travel) or to construction equipment within the work area shall wear high-visibility safety apparel – personal protective safety clothing that is intended to provide conspicuity during both daytime and nighttime usage, and that meets the Performance Class 2 or 3 requirements of the ANSI/ISEA 107–2004 publication entitled "American National Standard for High-Visibility Safety Apparel and Headwear" – for compliance with 23 CFR, Part 634.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - Certification in accordance with Section 29.510 Appendix A, C.F.R./Vol. 53, No. 102, page 19210 and 19211:

(1) The CONSULTANT certifies to the best of its knowledge and belief that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;

(b) have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or CONTRACT under a public transaction, violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification: and

(d) have not within a three-year period preceding this application/proposal had one or more public transactions (federal, state or local) terminated for cause or default;

(e) has not either directly or indirectly entered into any agreement participated in any collusion; or otherwise taken any action in restraint of free competitive negotiation in connection with this CONTRACT.

(2) The CONSULTANT further certifies, to the best of his/her knowledge and belief, that:

(f) No federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a member of Congress, an officer or employee of Congress, or employee of a member of Congress in connection with the awarding of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(g) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer of employee of Congress, or any employee of a member of Congress in connection with this CONTRACT, Standard Form-LLL," Disclosure Form to Report Lobbying", in accordance with its instructions will be completed and submitted.

The certification contained in (1) and (2) above is a material representation of fact upon which reliance is placed and a pre-requisite imposed by Section 1352, Title 31, U.S. Code prior to entering into this CONTRACT. Failure to comply shall be subject to a civil penalty of not less than $10,000 and not more than $100,000. The CONSULTANT shall include the language of the certification in all subcontracts exceeding $100,000 and all sub-consultants shall certify and disclose accordingly.

EXECUTIVE DIRECTOR

June 28, 2021

Maureen Anderson
Hancock County BOS
854 Highway 90, Suite A, Room 125
Bay St. Louis, MS 39520

Dear Ms. Anderson:

SUBJECT: FEMA-4576-DR-MS, HANCOCK COUNTY BOS, FIPS# 045-99045-00
Obligation Notification
Project Worksheet (PW) No: **00181(0)**
Obligated Amt: $11,518.33
New PW Total: $11,518.33

The Federal Emergency Management Agency (FEMA) recently obligated one or more of your Project Worksheets; a copy is attached. This/these PW(s) and related documents describe the scope of work and funding amount obligated for disaster damages as a result of the declared event. Please compare each attached obligated PW with the previously provided Project Worksheet for the change(s) made during FEMA's review.

In accordance with Title 44 Code of Federal Regulations Section 206.206, you have the right to appeal any FEMA determination. The appeal must be submitted in writing within 60 days of FEMA's determination, contain documentation supporting your position, and include a statement regarding the amount of funds in dispute. The appeal must also cite the applicable provisions of the Federal law, regulation and/or policy with which you believe FEMA's determination is inconsistent. The appeal must be processed through the Mississippi Emergency Management Agency and should be sent to the following address:

Mr. Stephen C. McCraney, Executive Director
Mississippi Emergency Management Agency
P. O. Box 5644
Pearl, MS 39288
Attention: John M. "Mike" Siler, Office of Public Assistance

Attachment: PW181 Obligation (9479 : Hurricane Zeta DR4576 Project Obligations North Barn, Washington, McLeod and Youth Court)

As the recipient of public funds, you are subject to an audit by the State of Mississippi and the Department of Homeland Security (DHS) Office of the Inspector General (OIG) for any and all projects funded by MEMA and FEMA. You must therefore maintain accurate records of disaster costs for a period of three years from the date your application has been closed.

If you have any questions or require further information, please contact Diane Sager, Bureau Director at 228-234-4835.

Sincerely,

John M. "Mike" Siler

Dear Ms. Anderson:

SUBJECT: FEMA-4576-DR-MS, HANCOCK COUNTY BOS, FIPS# 045-99045-00
Obligation Notification
Project Worksheet (PW) No: **00175(0)**
Obligated Amt: $12,242.61
New PW Total: $12,242.61

The Federal Emergency Management Agency (FEMA) recently obligated one or more of your Project Worksheets; a copy is attached. This/these PW(s) and related documents describe the scope of work and funding amount obligated for disaster damages as a result of the declared event. Please compare each attached obligated PW with the previously provided Project Worksheet for the change(s) made during FEMA's review.

In accordance with Title 44 Code of Federal Regulations Section 206.206, you have the right to appeal any FEMA determination. The appeal must be submitted in writing within 60 days of FEMA's determination, contain documentation supporting your position, and include a statement regarding the amount of funds in dispute. The appeal must also cite the applicable provisions of the Federal law, regulation and/or policy with which you believe FEMA's determination is inconsistent. The appeal must be processed through the Mississippi Emergency Management Agency and should be sent to the following address:

Mr. Stephen C. McCraney, Executive Director
Mississippi Emergency Management Agency
P. O. Box 5644
Pearl, MS 39288
Attention: John M. "Mike" Siler, Office of Public Assistance

Attachment: PW 175 Obligation (9479 : Hurricane Zeta DR4576 Project Obligations North Barn, Washington, McLeod and Youth Court)

As the recipient of public funds, you are subject to an audit by the State of Mississippi and the Department of Homeland Security (DHS) Office of the Inspector General (OIG) for any and all projects funded by MEMA and FEMA. You must therefore maintain accurate records of disaster costs for a period of three years from the date your application has been closed.

If you have any questions or require further information, please contact Diane Sager, Bureau Director at 228-234-4835.

Sincerely,

John M. "Mike" Siler

A. Replace 9 CY of asphalt roadway surface, 60 FT long x 16 FT wide x 3 IN deep, Surface

Work to be Completed Total: $10,195.34

Total Damage Inventory: $11,409.17

Project Notes:

1. Work completed reflects temporary repairs of 2 small areas on the edge of the road to keep the road drivable until permanent repairs can be made. See "Other Work/Repair Comments" under GM Methods of Repair tab.

2. The site estimate for work to be completed was generated by the CRC using R S Means Qtr 2, 2021 and FEMA Cost Codes. See attachment: 173053- DR4576MS - Cost Summary.rvsd.xlsx

3. Applicant will comply with its local, state, federal procurement laws, regulations and procedures.

4. GPS Coordinates for damaged facilities were checked for accuracy

5. All borrow or fill material must come from pre-existing stockpiles, material reclaimed from maintained roadside ditches (provided the designed width and depth of the ditch is not increased), or commercially procured material from a source existing prior to the event. For any FEMA-funded project requiring the use of a non-commercial source or commercial source that was not permitted to operate prior to the event (e.g. a new pit, agricultural fields, road ROWs, etc.) in whole or in part, regardless of cost, the Applicant must notify FEMA and the Recipient prior to extracting material. FEMA must review the source for compliance with all applicable federal environmental planning and historic preservation laws and executive orders prior to a sub-recipient or their contractor commencing borrow extraction. Consultation and regulatory permitting may be required. Non-compliance with this requirement may jeopardize receipt of federal funding. Documentation of borrow of borrow sources utilized is required at closeout.

6. This project has been revised with modifications to the FAL and FAE Summaries. Please see attachments:173000 - Hancock County Board of Supervisors Updated FAL Summary.pdf and 173000 - Hancock County Board of Supervisors Updated FAE.pdf

Bay St. Louis, MS 39520

Dear Ms. Anderson:

SUBJECT: FEMA-4576-DR-MS, HANCOCK COUNTY BOS, FIPS# 045-99045-00
Obligation Notification
Project Worksheet (PW) No: **00222(0)**
Obligated Amt: $12,989.36
New PW Total: $12,989.36

The Federal Emergency Management Agency (FEMA) recently obligated one or more of your Project Worksheets; a copy is attached. This/these PW(s) and related documents describe the scope of work and funding amount obligated for disaster damages as a result of the declared event. Please compare each attached obligated PW with the previously provided Project Worksheet for the change(s) made during FEMA's review.

In accordance with Title 44 Code of Federal Regulations Section 206.206, you have the right to appeal any FEMA determination. The appeal must be submitted in writing within 60 days of FEMA's determination, contain documentation supporting your position, and include a statement regarding the amount of funds in dispute. The appeal must also cite the applicable provisions of the Federal law, regulation and/or policy with which you believe FEMA's determination is inconsistent. The appeal must be processed through the Mississippi Emergency Management Agency and should be sent to the following address:

Mr. Stephen C. McCraney, Executive Director
Mississippi Emergency Management Agency
P. O. Box 5644
Pearl, MS 39288
Attention: John M. "Mike" Siler, Office of Public Assistance

Attachment: PW150 Obligation (9479 : Hurricane Zeta DR4576 Project Obligations North Barn, Washington, McLeod and Youth Court)

As the recipient of public funds, you are subject to an audit by the State of Mississippi and the Department of Homeland Security (DHS) Office of the Inspector General (OIG) for any and all projects funded by MEMA and FEMA. You must therefore maintain accurate records of disaster costs for a period of three years from the date your application has been closed.

If you have any questions or require further information, please contact Diane Sager, Bureau Director at 228-234-4835.

Sincerely,

John M. "Mike" Siler
Director, Office of Public Assistance

Dear Ms. Anderson:

SUBJECT: FEMA-4576-DR-MS, HANCOCK COUNTY BOS, FIPS# 045-99045-00
Obligation Notification
Project Worksheet (PW) No: **00236(0)**
Obligated Amt: $196,053.00
New PW Total: $196,053.00

The Federal Emergency Management Agency (FEMA) recently obligated one or more of your Project Worksheets; a copy is attached. This/these PW(s) and related documents describe the scope of work and funding amount obligated for disaster damages as a result of the declared event. Please compare each attached obligated PW with the previously provided Project Worksheet for the change(s) made during FEMA's review.

In accordance with Title 44 Code of Federal Regulations Section 206.206, you have the right to appeal any FEMA determination. The appeal must be submitted in writing within 60 days of FEMA's determination, contain documentation supporting your position, and include a statement regarding the amount of funds in dispute. The appeal must also cite the applicable provisions of the Federal law, regulation and/or policy with which you believe FEMA's determination is inconsistent. The appeal must be processed through the Mississippi Emergency Management Agency and should be sent to the following address:

Mr. Stephen C. McCraney, Executive Director
Mississippi Emergency Management Agency
P. O. Box 5644
Pearl, MS 39288
Attention: John M. "Mike" Siler, Office of Public Assistance

Attachment: PW 236 Obligation (9479 : Hurricane Zeta DR4576 Project Obligations North Barn, Washington, McLeod and Youth Court)

As the recipient of public funds, you are subject to an audit by the State of Mississippi and the Department of Homeland Security (DHS) Office of the Inspector General (OIG) for any and all projects funded by MEMA and FEMA. You must therefore maintain accurate records of disaster costs for a period of three years from the date your application has been closed.

If you have any questions or require further information, please contact Diane Sager, Bureau Director at 228-234-4835.

Sincerely,

John M. "Mike" Siler

RE: Hancock County, Mississippi's Appeal of Disallowing Funding
Disaster 4528-DR, Hancock County, #045-99045-00;
Project No. 164621

Dear Colonel Michel:

I write this letter on behalf of the Hancock County, Mississippi appealing FEMA's denial of funding for Hancock County's purchase of certain supplies and equipment. The total cost was $55,694.92, of which FEMA denied reimbursement in the amount of $46,517.86. Hancock County disagrees with the denial of funding and submits this appeal.

I. HANCOCK COUNTY'S GENERAL STATEMENT OF AMOUNT OF FUNDS IN DISPUTE

FEMA's Report proposes to disallow $46,517.86 of the requested funds, which related to purchases of Information Technology (IT) supplies and equipment (e.g., wireless access points extender, tablets, laptops, remote telecommunication software and licensing, webcams, headset, phones and speakers), disinfecting and sanitizing supplies (e.g., soap, chemicals for sanitization and alcohol wipes), Personal Protective Equipment (PPE) supplies (e.g., face shields and goggles), supplies to enforce social distancing (e.g., plexiglass), and other miscellaneous supplies and equipment (e.g., barricades and hardware for barricades, hardware and supplies to build spray gun for sanitation, spray gun, sponges, batteries, thermometers, fogger and chair mats).

Hancock County respectfully states that the entire amount should be funded.

II. HANCOCK COUNTY, MISSISSIPPI'S ARGUMENT

Upon the Covid-19 pandemic, its impacts upon Hancock County, Mississippi and the States of Emergency enacted by the Hancock County Board of Supervisors, the United States and the State of Mississippi, Hancock County took measures to protect its more than three hundred (300) employees and the residents and citizens who interacted with those employees and visited Hancock County facilities.

To deal with the emergency, Hancock County adopted policies and resolutions to protect its employees and implement guidelines and restrictions for facility access. On March 16, 2020, Hancock County adopted a resolution ordering employees to follow CDC guidelines, which includes cleaning and disinfecting surfaces and staying out of facilities when having Covid-19 symptoms (which includes a temperature), etc. (See attached March 16, 2020 Resolution). Likewise, further to the CDC guidelines and to protect the facilities, Hancock County adopted a Resolution closing and limiting access to the County facilities, and allowing screening of individuals entering the facilities. (See attached March 20, 2020 Resolution). Hence, the items at issue were necessary to accommodate the CDC guidelines and to allow remote working for

Through the remainder of 2020, Hancock County maintained these guidelines that limited access pursuant to CDC guidelines. Hancock County's purchases of the items at issue were necessary and directly related to protection of the public facilities and persons therein.

Pursuant to "II. Emergency Protective Measures, L. Supplies and Commodities" of the PAPPG V4 2020, "The purchase of supplies and commodities required for emergency protective measures is eligible. Costs related to the Applicant purchasing supplies or using its own stock to perform Emergency Work are eligible and reimbursed in accordance with Chapter 6:III.5. Supplies." Likewise, eligible costs under "A. Saving Lives and Protecting Public Health and Safety" includes: emergency
protective measures and costs include, but are not limited to:

- Transporting and pre-positioning equipment and other resources for response;
- Flood fighting;
- EOC-related costs;
- **Emergency access;**
- **Supplies and commodities;**
- Medical care and transport;
- Evacuation and sheltering, including that provided by another State or Tribal government;
- Childcare;
- **Safety inspections; …**

(See PAPPG V4 2020 at p. 110 emphasis added).

Further, "emergency protective measures conducted before, during, and after an incident are eligible if the measures: Eliminate or lessen immediate threats to lives, public health, or safety;

Attachment: Project 164621 County Appeal Package (9464 : Spread Appeal Package for FEMA Project No.164621)

OR Eliminate or lessen immediate threats of significant additional damage to improved public or private property in a cost-effective manner." PAPPF. V.3.1 2018 Chapter 2. VI. B.

Hancock County purchased the items to lessen the threats to the lives, public health and safety of the employees of the County and visitors to the facilities; it is thus eligible. PAPPF. V.3.1 2018 Chapter 2. VI. B. Likewise, the items are eligible as demonstrating the ability to provide "emergency access" and "safety inspections" for persons entering the facilities during the COVID-19 emergency, and constitute "supplies and commodities;" they are hence eligible. (See PAPPG V4 2020 at p. 110 emphasis added).

Hancock County's purchases met these funding guidelines, with:

(1) To accommodate and protect employees by having to work remotely because of the closed facilities, Hancock County purchased Information Technology (IT) supplies and equipment (e.g., wireless access points extender, tablets, laptops, remote telecommunication software and licensing, webcams, headset, phones and speakers);

(2) To protect employees and persons at the public facilities, Hancock County purchased disinfecting and sanitizing supplies (e.g., soap, chemicals for sanitization and alcohol wipes), Personal Protective Equipment (PPE) supplies (e.g., face shields and goggles), supplies to enforce social distancing (e.g., plexiglass), and other miscellaneous supplies and equipment (e.g., barricades and hardware for barricades, hardware and supplies to build spray gun for sanitation, spray gun, sponges, batteries, thermometers, fogger and chair mats).

They were required for those emergency measures and protection and should be allowed. The items would not have been purchased otherwise.

III. CONCLUSION

For all the reasons discussed above, Hancock County's purchase of the items at issue should be funded in toto.

Sincerely,

Eddie Favre, County Administrator

EMERGENCY PROCLAMATION OF THE HANCOCK COUNTY BOARD OF SUPERVISORS TO TEMPORARILY CLOSE OF ENTRANCES TO CITY BUILDINGS AND FACILITIES, AS WELL AS TO PROHIBIT GATHERINGS OF MORE THAN 10 PEOPLE, TO LIMIT GATHERINGS TO THOSE OF 10 PEOPLE OR FEWER, AND TO CLOSE VARIOUS ESTABLISHMENTS AND LIMITING ACCESS THERETO IN HANCOCK COUNTY

WHEREAS, on March 13, 2020, the President of the United States declared a national emergency due to the coronavirus (COVID-19) pandemic and the Governor of the State of Mississippi issued a similar declaration of emergency on March 14, 2020; and

WHEREAS, on March 16, 2020, the Hancock County Board of Supervisors, pursuant to Miss. Code Ann. § 45-17-3, et seq. and Miss. Code Ann. § 33-15-17, et seq., issued a "Proclamation of Existence of a Local Emergency"; and

WHEREAS, COVID-19 is a disease that can result in severe illness or death and can easily spread from person to person, and which is caused by a new strain of coronavirus that had not previously been identified in humans; and

WHEREAS, heretofore Federal, State, and Local Authorities have continually impressed upon the public the importance of heeding the guidance of the Centers for Disease Control and Prevention (CDC), state departments of health, and the President concerning steps necessary to stop the spread of this outbreak, which has now been turned into a pandemic, one of the most significant of which is the need to "social distance" ourselves from others in all places, including in the public; and

WHEREAS, authorities have previously advised the citizens of the State of Mississippi to practice social distancing measures and to avoid large gatherings; and

WHEREAS, on March 16, 2020, the President of the United States recommended the avoidance of gatherings of more than ten (10) people; and

WHEREAS, unfortunately there are many in our communities who have refused to follow or otherwise ignored this guidance and promulgated aids in maintaining social distancing and who have persisted to congregate in the public, including at places of business, all of which have and, if permitted to continue, will contribute to and promote the spread of this disease and prolific exposure of our citizens to this emergent threat to public health and safety; and

WHEREAS, in an effort to curtail the lack of civic responsibility, to prevent the spread of this disease, and in an effort to curb the growth of cases of affected persons and conditions, authorities across the country are taking extraordinary measures to limit and inhibit close personal contact in the community through the issuance of orders and enactment of legislation, many of which have restricted access to areas that are routinely used for gatherings of people; and

WHEREAS, the Mississippi Department of Health ("MDOH") has reported that as of

Attachment: Project 164621 County Appeal Package (9464 : Spread Appeal Package for FEMA Project No.164621)

March 20, 2020, there were one hundred thirty (130) positive cases of coronavirus in the State of Mississippi, including four (4) in Hancock County, Mississippi; and

WHEREAS, as of March 19, 2020, the MDOH reported one death related to COVID-19, which was in Hancock County, Mississippi; and

WHEREAS, trends across the world demonstrate that any "wait-and-see" approach is costly in terms of public health, including an increase in deaths; and

WHEREAS, as of March 20, 2020, at 7:00 p.m., the MDOH recommends that all restaurants and bars suspend dine-in services immediately and that various social and public events be limited or preferably canceled; and

WHEREAS, immediate extraordinary measures related to the prevention of the spread of the coronavirus are necessary and required to protect the health, safety, and welfare of our citizens and to protect the public peace while saving and preserving lives; and

WHEREAS, to comply with the directives and guidelines of the CDC and the MDOH, as well as the President of the United States, as part of an immediate effort to thwart the spread of this disease and to safeguard the health and safety of the public, including County employees, public entrances to all county buildings and facilities will be closed to the public as of 8:00 p.m. on Saturday, March 21, 2020, and shall not re-open until further notice, with the understanding that the public can contact and perform business with County officials and employees through non face-to-face contact by utilizing telephone, e-mail, drive thru service (where available), and written communications (regular U. S. Mail, etc.) during this period of time; and

WHEREAS, in furtherance of these efforts and interests, all public facilities previously closed by resolution of March 16, 2020 by the Supervisors shall remain closed until until further notice; and

WHEREAS, in further promotion of these efforts and interests, certain events and gatherings of individuals in excess of ten (10) persons, shall be temporarily curtailed and other orders issued pertaining to various other matters.

THEREFORE, pursuant to the authority vested in me by Mississippi Law, including, but not limited to, Miss. Code Ann.§ 47-17-7, et seq. and Miss. Code Ann. § 33-15-17, et seq., as amended, and in the public interest of Hancock County, and to safeguard and protect the health, safety, and welfare of the public, the Supervisors do hereby issue this Emergency Proclamation as set out herein.

IT IS HEREBY ORDERED, by the Hancock County Board of Supervisors that further to and in compliance with to comply with the directives and guidelines of the CDC, the Mississippi State Department of Health, as well as the President of the United States, as part of an effort to thwart the spread of the coronavirus (COVID-19), and to safeguard the health and safety of the public, including County employees, public entrances to all county buildings and facilities within the county shall be, and hereby are, temporarily closed to the public as of 8:00 p.m. on Saturday, March 21, 2020, and shall not re-open until further notice or expiration of the ongoing State of Emergency related to this pandemic issued by the Supervisors, whichever shall occur first, with the

RESOLUTION ADOPTING EMPLOYMENT GUIDELINES FOR COMPLIANCE WITH DEPARTMENT OF HEALTH AND CDC CORONAVIRUS 19 GUIDELINES

THIS RESOLUTION IS APPROVED BY THE Hancock County Board of Supervisors following the National and Mississippi state of emergencies adopted on March 13, 2020 and March 14, 2020, respectively concerning Coronavirus 19.

Further to the intent of those states of emergency, Supervisors adopt the protocols provided by the Center for Disease Control for employee safety and concerning attendance of employees at work and maintaining a safe work environment.

NOW, WHEREFORE PREMISES CONSIDERED, the Hancock County Board of Supervisors hereby adopt the safety and work attendance policies as recommended by the Mississippi Department of Health and Center for Disease control, which are each attached. In the instance employee has any symptoms or conditions reflective of the symptoms in the attached referenced at file:///Users/garyyarborough/Downloads/COVID19BOARDANDMAYORSINFORMATIONMARCH122020.pdf and its progeny. The County Administrator is authorized to implement any further changes to these safety protocols implemented by the MDoH and CDC.

The requirements of employees includes without limitation that, employees at work:

- Stay home if you are sick, and avoid close contact with anyone who is ill.
Cover your coughs and sneezes. When possible, cough, sneeze or blow your nose into a tissue, and throw the tissue away.
- Avoid touching your eyes, nose and mouth. Keep a distance of six or more feet if possible.
- Wash your hands frequently and thoroughly, especially after coughing or sneezing, blowing your nose, and using the bathroom. Effective handwashing takes about 20 seconds, and includes cleaning under fingernails, between fingers, and washing the back of hands as well as the front. More proper handwashing tips.
- Clean and disinfect surfaces and objects that are touched often.
- Stay in good overall health by eating right and staying active. If you are living with diabetes, heart disease or other condition, keep in touch with your doctor and stay current with your treatment.
- During or before flu season, get a flu shot. Flu vaccination can prevent the flu or make it less severe, and decrease your chance of hospitalization and death. It also keeps you healthier and better able to fight off infections.
If you are sick, especially with shortness of breath, cough, fever or similar flu-like symptoms, call a doctor or healthcare provider.

Department heads are further authorized to take any additional method reasonably necessary to implement this policy and to provide for reasonable restrictions of access to public facilities, and allow workers to work remotely. Motion made by Supervisor District 2, Seconded by District 5, with the vote made as follows:

COVID 19 CORONAVIRUS DISEASE

What you need to know about coronavirus disease 2019 (COVID-19)

What is coronavirus disease 2019 (COVID-19)?

Coronavirus disease 2019 (COVID-19) is a respiratory illness that can spread from person to person. The virus that causes COVID-19 is a novel coronavirus that was first identified during an investigation into an outbreak in Wuhan, China.

Can people in the U.S. get COVID-19?

Yes. COVID-19 is spreading from person to person in parts of the United States. Risk of infection with COVID-19 is higher for people who are close contacts of someone known to have COVID-19, for example healthcare workers, or household members. Other people at higher risk for infection are those who live in or have recently been in an area with ongoing spread of COVID-19. Learn more about places with ongoing spread at https://www.cdc.gov/coronavirus/2019-ncov/about/transmission.html#geographic.

Have there been cases of COVID-19 in the U.S.?

Yes. The first case of COVID-19 in the United States was reported on January 21, 2020. The current count of cases of COVID-19 in the United States is available on CDC's webpage at https://www.cdc.gov/coronavirus/2019-ncov/cases-in-us.html.

How does COVID-19 spread?

The virus that causes COVID-19 probably emerged from an animal source, but is now spreading from person to person. The virus is thought to spread mainly between people who are in close contact with one another (within about 6 feet) through respiratory droplets produced when an infected person coughs or sneezes. It also may be possible that a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or possibly their eyes, but this is not thought to be the main way the virus spreads. Learn what is known about the spread of newly emerged coronaviruses at https://www.cdc.gov/coronavirus/2019-ncov/about/transmission.html.

What are the symptoms of COVID-19?

Patients with COVID-19 have had mild to severe respiratory illness with symptoms of

- fever
- cough
- shortness of breath

What are severe complications from this virus?

Some patients have pneumonia in both lungs, multi-organ failure and in some cases death.

How can I help protect myself?

People can help protect themselves from respiratory illness with everyday preventive actions.

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Wash your hands often with soap and water for at least 20 seconds. Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available.

If you are sick, to keep from spreading respiratory illness to others, you should

- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.

What should I do if I recently traveled from an area with ongoing spread of COVID-19?

If you have traveled from an affected area, there may be restrictions on your movements for up to 2 weeks. If you develop symptoms during that period (fever, cough, trouble breathing), seek medical advice. Call the office of your health care provider before you go, and tell them about your travel and your symptoms. They will give you instructions on how to get care without exposing other people to your illness. While sick, avoid contact with people, don't go out and delay any travel to reduce the possibility of spreading illness to others.

Is there a vaccine?

There is currently no vaccine to protect against COVID-19. The best way to prevent infection is to take everyday preventive actions, like avoiding close contact with people who are sick and washing your hands often.

Is there a treatment?

There is no specific antiviral treatment for COVID-19. People with COVID-19 can seek medical care to help relieve symptoms.

Share Facts About COVID-19

Know the facts about coronavirus disease 2019 (COVID-19) and help stop the spread of rumors.

FACT 1

Diseases can make anyone sick regardless of their race or ethnicity.

People of Asian descent, including Chinese Americans, are not more likely to get COVID-19 than any other American. Help stop fear by letting people know that being of Asian descent does not increase the chance of getting or spreading COVID-19.

FACT 2

Some people are at increased risk of getting COVID-19.

People who have been in close contact with a person known to have COVID-19 or people who live in or have recently been in an area with ongoing spread are at an increased risk of exposure.

FACT 3

Someone who has completed quarantine or has been released from isolation does not pose a risk of infection to other people.

For up-to-date information, visit CDC's coronavirus disease 2019 web page.

CDC

FACT 4

You can help stop COVID-19 by knowing the signs and symptoms:

- Fever
- Cough
- Shortness of breath

Seek medical advice if you

- Develop symptoms

AND

- Have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

FACT 5

There are simple things you can do to help keep yourself and others healthy.

- Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

COVID 19 CORONAVIRUS DISEASE

What to do if you are sick with coronavirus disease 2019 (COVID-19)

If you are sick with COVID-19 or suspect you are infected with the virus that causes COVID-19, follow the steps below to help prevent the disease from spreading to people in your home and community.

Stay home except to get medical care

You should restrict activities outside your home, except for getting medical care. Do not go to work, school, or public areas. Avoid using public transportation, ride-sharing, or taxis.

Separate yourself from other people and animals in your home

People: As much as possible, you should stay in a specific room and away from other people in your home. Also, you should use a separate bathroom, if available.

Animals: Do not handle pets or other animals while sick. See COVID-19 and Animals for more information.

Call ahead before visiting your doctor

If you have a medical appointment, call the healthcare provider and tell them that you have or may have COVID-19. This will help the healthcare provider's office take steps to keep other people from getting infected or exposed.

Wear a facemask

You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) or pets and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then people who live with you should not stay in the same room with you, or they should wear a facemask if they enter your room.

Cover your coughs and sneezes

Cover your mouth and nose with a tissue when you cough or sneeze. Throw used tissues in a lined trash can; immediately wash your hands with soap and water for at least 20 seconds or clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty.

Avoid sharing personal household items

You should not share dishes, drinking glasses, cups, eating utensils, towels, or bedding with other people or pets in your home. After using these items, they should be washed thoroughly with soap and water.

Clean your hands often

Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol, covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty. Avoid touching your eyes, nose, and mouth with unwashed hands.

Clean all "high-touch" surfaces every day

High touch surfaces include counters, tabletops, doorknobs, bathroom fixtures, toilets, phones, keyboards, tablets, and bedside tables. Also, clean any surfaces that may have blood, stool, or body fluids on them. Use a household cleaning spray or wipe, according to the label instructions. Labels contain instructions for safe and effective use of the cleaning product including precautions you should take when applying the product, such as wearing gloves and making sure you have good ventilation during use of the product.

Monitor your symptoms

Seek prompt medical attention if your illness is worsening (e.g., difficulty breathing). **Before** seeking care, call your healthcare provider and tell them that you have, or are being evaluated for, COVID-19. Put on a facemask before you enter the facility. These steps will help the healthcare provider's office to keep other people in the office or waiting room from getting infected or exposed.

Ask your healthcare provider to call the local or state health department. Persons who are placed under active monitoring or facilitated self-monitoring should follow instructions provided by their local health department or occupational health professionals, as appropriate. When working with your local health department check their available hours.

If you have a medical emergency and need to call 911, notify the dispatch personnel that you have, or are being evaluated for COVID-19. If possible, put on a facemask before emergency medical services arrive.

Discontinuing home isolation

Patients with confirmed COVID-19 should remain under home isolation precautions until the risk of secondary transmission to others is thought to be low. The decision to discontinue home isolation precautions should be made on a case-by-case basis, in consultation with healthcare providers and state and local health departments.

CERC in an Infectious Disease Outbreak

1. **Be First:** Quickly sharing information about a disease outbreak can help stop the spread of disease, and prevent and reduce illness and even death. People often remember the first information they hear in an emergency, so the first information they receive should come from health experts.
   - Even if the cause of the outbreak or specific disease is unknown, share facts that are available. This can help you stay ahead of possible rumors.
   - Share information about the signs and symptoms of disease, who is at risk, treatment and care options, and when to seek medical care.
2. **Be Right:** Accuracy establishes credibility. Information should include what is known, what is not known, and what is being done to fill in the information gaps.
   - Public health messages and medical guidance must complement each other. For example, public health officials should not widely encourage people to go to the doctors if doctors are turning people away and running out of medicine for critically ill people.
   - Always fact check with subject-matter experts. One incorrect message can cause harmful behaviors and may result in people losing trust in future messages.
3. **Be Credible:** Honesty, timeliness, and scientific evidence encourage the public to trust your information and guidance. Acknowledge when you do not have enough information to answer a question and then work with the appropriate experts to get an answer.
   - Do not make promises about anything that is not yet certain, such as distribution of vaccines or medications without confirmed availability.
   - Clinicians should be present at press or community events to answer medical questions.
4. **Express Empathy:** Disease outbreaks can cause fear and disrupt daily lives. Lesser-known or emerging diseases cause more uncertainty and anxiety. Acknowledging what people are feeling and their challenges shows that you are considering their perspectives when you give recommendations.
   - For example, during a telebriefing for the coronavirus disease 2019 response: *"Being quarantined can be disruptive, frustrating, and feel scary. Especially when the reason for quarantine is exposure to a new disease for which there may be limited information."*
5. **Promote Action:** In an infectious disease outbreak, public understanding of and action on disease prevention is key to stopping the spread.
   - Keep action messages simple, short, and easy to remember, like "cover your cough."
   - Promote action messages in different ways to make sure they reach those with disabilities, limited English proficiency, and varying access to information.
6. **Show Respect:** Respectful communication is particularly important when people feel vulnerable. Respectful communication promotes cooperation and rapport. Actively listen to the issues and solutions brought up by local communities and local leadership.
   - Acknowledge different cultural beliefs and practices about diseases, and work with communities to adapt behaviors and promote understanding.
   - Do not dismiss fears or concerns. Give people a chance to talk and ask questions.

HANDWASHING THE RIGHT WAY

Washing your hands frequently is a powerful way to prevent the spread of disease. Viruses and germs aren't just spread through the air. They can live and be transmitted on the objects and surfaces you touch.

How to Wash

A proper handwashing takes at least 20 seconds — about the time it takes to sing the "Happy Birthday" song twice.

Wet your hands under warm running water before using soap.

Lather up. Apply soap and rub your hands together hard to scrub dirt and germs away.

- Wash hands front and back, and between the fingers.
- Wash around your wrists and under your nails.

Rinse well in warm water.

Dry your hands completely with a clean cloth or paper towel. Thorough drying is important to fully remove dirt and germs.

When to Wash

Wash your hands **before** handling food, eating, applying first aid, putting on contact lenses

Wash your hands **after** using the bathroom, coughing, sneezing or blowing your nose, playing outside, or playing with pets or animals.

Wash your **hands before and after** helping a sick person, going out to public places, or visiting places like nursing homes with many residents.

BASIC DISEASE PREVENTION

Prevention begins with you. Keep viral diseases, flu and infections away by making these basic infection control measures a habit.

Stay home if you are sick, and avoid close contact with anyone who is ill. Six feet of distance can greatly reduce respiratory disease transmission.

Cover your coughs and sneezes. When possible, cough, sneeze or blow your nose into a tissue, and throw the tissue away.

Avoid touching your nose, mouth and eyes with unwashed hands.

Wash your hands with soap and water frequently and thoroughly, especially after coughing or sneezing, blowing your nose, and using the bathroom. Effective handwashing takes about 20 seconds, and includes cleaning under fingernails, between fingers, and washing the back of hands as well as the front. Use hand sanitizer if soap and water are not available.

Clean or disinfect surfaces and objects that are touched often.

Stay in good overall health by eating right and staying active. If you are living with diabetes, heart disease or other condition, keep in touch with your doctor and stay current with your treatment.

Get a flu shot. Before or during every flu season, flu vaccination can prevent illness or make it less severe. It also keeps you healthier and better able to fight off other infections.

How do you protect yourself from this coronavirus?

The Centers for Disease Control and Prevention (CDC) has these suggestions:

- Wash your hands frequently and thoroughly for at least 20 seconds. Use alcohol-based hand sanitizer if soap and water aren't available.
- Cover coughs and sneezes with a tissue, then throw the tissue in the trash.
- Avoid touching your eyes, nose or mouth with unwashed hands.
- Stay home when you are sick.
- Clean and disinfect surfaces and objects people frequently touch.

2019 Novel Coronavirus (COVID-19)
Frequently Asked Questions

March 4, 2020

What is 2019 Novel Coronavirus?

The 2019 Novel Coronavirus, or COVID-19, is a new respiratory virus first identified in Wuhan, Hubei Province, China. The initial reports of the outbreak suggested a link to a large seafood and animal market in Wuhan City; however, there is now evidence of broader person to person transmission. Cases are being reported from other parts of China and other countries, including the U.S.

The first case in the United States was announced on January 21, 2020. The first case of person-to-person transmission in the U.S. was reported on January 30, 2020, in a close contact to a confirmed case. Community spread is being detected in a growing number of countries, including parts of the United States, and it is likely that person-to-person spread will continue to occur.

What is a novel coronavirus?

A novel coronavirus is a new strain in the coronavirus family that has not been previously identified. COVID-19 is not that same as the coronaviruses that commonly circulate among humans and cause mild illness, like the common cold. These are different viruses, and patients with COVID-19 will be evaluated and cared for differently than patients with common coronavirus diagnosis.

What is the source of COVID-19?

Public health officials and partners are working hard to identify the source of the COVID-19. Coronaviruses are a large family of viruses, some causing illness in people and others that circulate among animals, including camels, cats and bats. SARS, another coronavirus that emerged to infect people, came from cats, while MERS, another coronavirus that emerged to infect people, came from camels.

How does the virus spread?

Most often, spread from person-to-person happens among close contacts (about 6 feet). Person-to-person transmission is thought to occur mainly through respiratory droplets produced when an infected person coughs or sneezes, similar to how flu and other respiratory germs spread. These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

It's currently unclear if a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or possibly their eyes.

Typically, with most respiratory viruses, people are thought to be most contagious when they are most symptomatic (the sickest).

Attachment: Project 164621 County Appeal Package (9464 : Spread Appeal Package for FEMA Project No.164621)

Can someone who has had COVID-19 spread the illness to others?

The virus that causes COVID-19 is spreading from person-to-person. Someone who is actively sick with COVID-19 can spread the illness to others. That is why the CDC recommends that these patients be isolated either in the hospital or at home (depending on how sick they are) until they are better and no longer pose a risk of infecting others.

What are the symptoms of COVID-19?

Current symptoms reported for patients with COVID-19 have included mild to severe respiratory illness with fever, cough, and difficulty breathing. It can mimic flu symptoms including fatigue. COVID-19 differs from the flu because it is connected with travel to a country with widespread community transmission, or close contact with someone who test positive for COVID-19 in the last 14 days.

How can I help protect myself?

There is currently no vaccine to prevent COVID-19. The best way to prevent infection is to avoid being exposed to this virus. However, as a reminder, the Mississippi State Department of Health (MSDH) recommends everyday preventive actions to help prevent the spread of respiratory viruses, including:

- Get a flu vaccination every year.
- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.

Have there been cases of COVID-19 in Mississippi?

No, there are currently no confirmed cases in Mississippi.

Currently, the risk of infection in Mississippi is low, but the MSDH continues to actively monitor the situation. Transmission of the virus is currently dependent on exposure, through direct travel to an affected country experiencing widespread community transmission (i.e. China, Iran, Italy, Japan or South Korea) within the past 14 days, or direct contact to someone with confirmed infection in the past 14 days.

RE: Hancock County, Mississippi's Appeal of Disallowing Funding
Disaster 4528-DR, Hancock County, #045-99045-00;
Project No. 147142

Dear Colonel Michel:

I write this letter on behalf of the Hancock County, Mississippi appealing FEMA's denial of funding for Hancock County's purchase of twenty (20) facial recognition, no contact temperature scanners for each department and/or public access location. The cost of those devises was $43,604.00. FEMA denied reimbursement for that cost. Hancock County disagrees with the denial of funding and submits this appeal.

I. HANCOCK COUNTY'S GENERAL STATEMENT OF AMOUNT OF FUNDS IN DISPUTE

FEMA's Report proposes to disallow the entirety of the $43,604.00 of Hancock County's funding claim for no contact temperature scanners. Hancock County respectfully states that the entire amount should be funded.

II. HANCOCK COUNTY, MISSISSIPPI'S ARGUMENT

Upon the Covid-19 pandemic, its impacts upon Hancock County, Mississippi and the States of Emergency enacted by the Hancock County Board of Supervisors, the United States and the State of Mississippi, Hancock County took measures to protect its more than three hundred (300) employees and the residents and citizens who interacted with those employees and visited Hancock County facilities.

Attachment: Project 147142 County Appeal Package (9465 : Spread Appeal Package for FEMA Project No.147142)

To deal with the emergency, Hancock County adopted policies and resolutions to protect its employees and implement guidelines and restrictions for facility access. On March 16, 2020, Hancock County adopted a resolution ordering employees to follow CDC guidelines, which includes cleaning and disinfecting surfaces and staying out of facilities when having Covid-19 symptoms (which includes a temperature), etc. (See attached March 16, 2020 Resolution). Likewise, further to the CDC guidelines and to protect the facilities, Hancock County adopted a Resolution closing and limiting access to the County facilities, and allowing screening of individuals entering the facilities. (See attached March 20, 2020 Resolution). These temperature check scanners were crucial to ensuring compliance with these CDC guidelines.

Through the remainder of 2020, Hancock County maintained these guidelines that limited access pursuant to CDC guidelines. Hancock County's purchases of the Temperature Scanners at issue were further to screening people entering the facilities. (See minutes approving Temperature Scan Purchase). Hancock County would not have purchased these items otherwise.

Pursuant to "II. Emergency Protective Measures, L. Supplies and Commodities" of the PAPPG V4 2020, "The purchase of supplies and commodities required for emergency protective measures is eligible. Costs related to the Applicant purchasing supplies or using its own stock to perform Emergency Work are eligible and reimbursed in accordance with Chapter 6:III.5. Supplies." Likewise, eligible costs under "A. Saving Lives and Protecting Public Health and Safety" includes: emergency
protective measures and costs include, but are not limited to:

- Transporting and pre-positioning equipment and other resources for response;
- Flood fighting;
- EOC-related costs;
- **Emergency access;**
- **Supplies and commodities;**
- Medical care and transport;
- Evacuation and sheltering, including that provided by another State or Tribal government;
- Childcare;
- **Safety inspections; …**

(See PAPPG V4 2020 at p. 110 emphasis added).

Further, "[e]mergency protective measures conducted before, during, and after an incident are eligible if the measures: Eliminate or lessen immediate threats to lives, public health, or safety; OR Eliminate or lessen immediate threats of significant additional damage to improved public or private property in a cost-effective manner." PAPPF. V.3.1 2018 Chapter 2. VI. B.

Hancock County purchased the items to lessen the threats to to the lives, public health and safety of the employees of the County and visitors to the facilities; it is thus eligible. PAPPF. V.3.1 2018 Chapter 2. VI. B. Likewise, the items are eligible as demonstrating the ability to provide "emergency access" and "safety inspections" for persons entering the facilities during the COVID-19 emergency, and constitute "supplies and commodities;" they are hence eligible.

Attachment: Project 147142 County Appeal Package (9465 : Spread Appeal Package for FEMA Project No.147142)

(See PAPPG V4 2020 at p. 110 emphasis added). They were required for those emergency measures and should be allowed.

III. CONCLUSION

For all the reasons discussed above, Hancock County's purchase of twenty (20) facial recognition, no contact temperature scanners for each department and/or public access location was $43,604.00. That cost should be allowed.

Sincerely,

Eddie Favre, County Administrator

WHEREAS, on March 13, 2020, the President of the United States declared a national emergency due to the coronavirus (COVID-19) pandemic and the Governor of the State of Mississippi issued a similar declaration of emergency on March 14, 2020; and

WHEREAS, on March 16, 2020, the Hancock County Board of Supervisors, pursuant to Miss. Code Ann. § 45-17-3, et seq. and Miss. Code Ann. § 33-15-17, et seq., issued a "Proclamation of Existence of a Local Emergency"; and

WHEREAS, COVID-19 is a disease that can result in severe illness or death and can easily spread from person to person, and which is caused by a new strain of coronavirus that had not previously been identified in humans; and

WHEREAS, heretofore Federal, State, and Local Authorities have continually impressed upon the public the importance of heeding the guidance of the Centers for Disease Control and Prevention (CDC), state departments of health, and the President concerning steps necessary to stop the spread of this outbreak, which has now been turned into a pandemic, one of the most significant of which is the need to "social distance" ourselves from others in all places, including in the public; and

WHEREAS, authorities have previously advised the citizens of the State of Mississippi to practice social distancing measures and to avoid large gatherings; and

WHEREAS, on March 16, 2020, the President of the United States recommended the avoidance of gatherings of more than ten (10) people; and

WHEREAS, unfortunately there are many in our communities who have refused to follow or otherwise ignored this guidance and promulgated aids in maintaining social distancing and who have persisted to congregate in the public, including at places of business, all of which have and, if permitted to continue, will contribute to and promote the spread of this disease and prolific exposure of our citizens to this emergent threat to public health and safety; and

WHEREAS, in an effort to curtail the lack of civic responsibility, to prevent the spread of this disease, and in an effort to curb the growth of cases of affected persons and conditions, authorities across the country are taking extraordinary measures to limit and inhibit close personal contact in the community through the issuance of orders and enactment of legislation, many of which have restricted access to areas that are routinely used for gatherings of people; and

WHEREAS, the Mississippi Department of Health ("MDOH") has reported that as of

Attachment: Project 147142 County Appeal Package (9465 : Spread Appeal Package for FEMA Project No.147142)

March 20, 2020, there were one hundred thirty (130) positive cases of coronavirus in the State of Mississippi, including four (4) in Hancock County, Mississippi; and

WHEREAS, as of March 19, 2020, the MDOH reported one death related to COVID-19, which was in Hancock County, Mississippi; and

WHEREAS, trends across the world demonstrate that any "wait-and-see" approach is costly in terms of public health, including an increase in deaths; and

WHEREAS, as of March 20, 2020, at 7:00 p.m., the MDOH recommends that all restaurants and bars suspend dine-in services immediately and that various social and public events be limited or preferably canceled; and

WHEREAS, immediate extraordinary measures related to the prevention of the spread of the coronavirus are necessary and required to protect the health, safety, and welfare of our citizens and to protect the public peace while saving and preserving lives; and

WHEREAS, to comply with the directives and guidelines of the CDC and the MDOH, as well as the President of the United States, as part of an immediate effort to thwart the spread of this disease and to safeguard the health and safety of the public, including County employees, public entrances to all county buildings and facilities will be closed to the public as of 8:00 p.m. on Saturday, March 21, 2020, and shall not re-open until further notice, with the understanding that the public can contact and perform business with County officials and employees through non face-to-face contact by utilizing telephone, e-mail, drive thru service (where available), and written communications (regular U. S. Mail, etc.) during this period of time; and

WHEREAS, in furtherance of these efforts and interests, all public facilities previously closed by resolution of March 16, 2020 by the Supervisors shall remain closed until until further notice; and

WHEREAS, in further promotion of these efforts and interests, certain events and gatherings of individuals in excess of ten (10) persons, shall be temporarily curtailed and other orders issued pertaining to various other matters.

THEREFORE, pursuant to the authority vested in me by Mississippi Law, including, but not limited to, Miss. Code Ann.§ 47-17-7, et seq. and Miss. Code Ann. § 33-15-17, et seq., as amended, and in the public interest of Hancock County, and to safeguard and protect the health, safety, and welfare of the public, the Supervisors do hereby issue this Emergency Proclamation as set out herein.

IT IS HEREBY ORDERED, by the Hancock County Board of Supervisors that further to and in compliance with to comply with the directives and guidelines of the CDC, the Mississippi State Department of Health, as well as the President of the United States, as part of an effort to thwart the spread of the coronavirus (COVID-19), and to safeguard the health and safety of the public, including County employees, public entrances to all county buildings and facilities within the county shall be, and hereby are, temporarily closed to the public as of 8:00 p.m. on Saturday, March 21, 2020, and shall not re-open until further notice or expiration of the ongoing State of Emergency related to this pandemic issued by the Supervisors, whichever shall occur first, with the

understanding that the public can still contact and perform business with county officials, departments and employees through non-face-to-face contact via the telephone, e-mail, drive thru service (where available), and written communications (regular U.S. Mail, etc.) during this period of time. It is further,

ORDERED that (1) all events of more than ten (10) people in the the unincorporated portions or areas under the jurisdiction of Supervisors hereby temporarily prohibited; and (2) all events of ten (10) people or fewer in those areas are limited, as provided herein:

1. An event, for purposes of this Proclamation, is defined to be "an organized, orchestrated or sponsored gathering that people are invited to attend or encouraged to attend through advertising or membership." Further, an event is "a gathering for business, social, or recreational activity, including, but not limited to, community, civic, public, leisure, or sporting event; parades; concerts; festivals; funerals; conventions; fundraisers, large private parties, celebrations, or banquets; and artistic performances and spiritual and faith-based gatherings."

2. An event, for purposes of this Proclamation, is not a public location where people pass through, such as transportation centers, airports, public squares, and shopping areas, Retail establishments such as grocery stores, gas stations, pharmacies, and banks are not events. Medical facilities, office environments, factories, schools, universities, and County-owned or leased buildings where essential functions and services are being carried out are not events.

3. Organizers of events of ten (10) people or fewer must ensure that:

   (a) Older adults, specifically senior citizens, and individuals with underlying medical conditions that are at increased risk of serious COVID-19 are encouraged not to attend.

   (b) Social distancing recommendations, as prescribed by the Mississippi State Department of Health, must be met.

   (c) Proper hygiene and sanitation must be readily available to all attendees and individuals involved as per the recommendations of the MDOH and or CDC.

   (d) Environmental cleaning guidelines from the CDC are followed.

ORDERED that all restaurants located in the the unincorporated areas of Hancock County and/or within the jurisdiction of Hancock County's Board of Supervisors, whether with or without drive-in or drive-through services, may only provide take-out, pick-up, delivery, or drive-through services as allowed by law. There shall be no in-house dining, on-site or available sitting areas for the public. Any onsite dining is prohibited. Furthermore, there shall be no formation of lines of ten (10) or more people conjugating to pick-up food. It is further,

Attachment: Project 147142 County Appeal Package (9465 : Spread Appeal Package for FEMA Project No.147142)

ORDERED that all bars, nightclubs, lounges, taverns, and private clubs in the the unincorporated areas of Hancock County and/or within the jurisdiction of Hancock County's Board of Supervisors shall close, except to the extent that such establishments may only provide take out, pick-up, delivery, or drive-through services for food as allowed by law. It is further,

ORDERED that only to the extent allowed by state and federal law and the United States Constitution, this Proclamation prohibiting and limiting events is applicable to spiritual and faith-based gatherings. It is further,

ORDERED that this Proclamation of Executive Order shall be: (1) filed with the County Chancery Clerk and spread upon the minutes of the Emergency Meeting of March 21, 2020; (2) distributed to the news media and other organizations reasonably calculated to bring its contents to the attention of the general public; and (3) distributed to others as necessary to ensure proper implementation of this Proclamation of Executive Order. It is further,

ORDERED that violations of this Proclamation of Executive Order may be subject to misdemeanor prosecution pursuant to State Law, including, but not limited to, Miss. Code Ann. § 45-17-9, as amended, as well as punishable as otherwise allowed by law, as well as the County's ordinances. It is further,

ORDERED that, except for what is otherwise set out herein, this Emergency Proclamation shall be, and hereby is, effective at 8:00 p.m. on Saturday, March 21, 2020. It is further,

ORDERED that this Emergency Proclamation of Executive Order shall be, and hereby is, effective Saturday, March 21, 2020, at 8:00 p.m. and shall remain in effect until amended, rescinded, or superseded by another applicable Order or the termination of the current (and ongoing) State of Emergency related to this pandemic issued by the Hancock County Board of Supervisors, whichever shall occur first.

THIS, the 21st day of March, 2020, at 1:18 p.m.

This Proclamation was moved for approval by Supervisor District 2, seconded by Supervisor District 3, with vote as follows:

RESOLUTION ADOPTING EMPLOYMENT GUIDELINES FOR COMPLIANCE WITH DEPARTMENT OF HEALTH AND CDC CORONAVIRUS 19 GUIDELINES

THIS RESOLUTION IS APPROVED BY THE Hancock County Board of Supervisors following the National and Mississippi state of emergencies adopted on March 13, 2020 and March 14, 2020, respectively concerning Coronavirus 19.

Further to the intent of those states of emergency, Supervisors adopt the protocols provided by the Center for Disease Control for employee safety and concerning attendance of employees at work and maintaining a safe work environment.

NOW, WHEREFORE PREMISES CONSIDERED, the Hancock County Board of Supervisors hereby adopt the safety and work attendance policies as recommended by the Mississippi Department of Health and Center for Disease control, which are each attached. In the instance employee has any symptoms or conditions reflective of the symptoms in the attached referenced at file:///Users/garyyarborough/Downloads/COVID19BOARDANDMAYORSINFORMATIONMARCH122020.pdf and its progeny. The County Administrator is authorized to implement any further changes to these safety protocols implemented by the MDoH and CDC.

The requirements of employees includes without limitation that, employees at work:

- Stay home if you are sick, and avoid close contact with anyone who is ill.
Cover your coughs and sneezes. When possible, cough, sneeze or blow your nose into a tissue, and throw the tissue away.
- Avoid touching your eyes, nose and mouth. Keep a distance of six or more feet if possible.
- Wash your hands frequently and thoroughly, especially after coughing or sneezing, blowing your nose, and using the bathroom. Effective handwashing takes about 20 seconds, and includes cleaning under fingernails, between fingers, and washing the back of hands as well as the front. More proper handwashing tips.
- Clean and disinfect surfaces and objects that are touched often.
- Stay in good overall health by eating right and staying active. If you are living with diabetes, heart disease or other condition, keep in touch with your doctor and stay current with your treatment.
- During or before flu season, get a flu shot. Flu vaccination can prevent the flu or make it less severe, and decrease your chance of hospitalization and death. It also keeps you healthier and better able to fight off infections.
If you are sick, especially with shortness of breath, cough, fever or similar flu-like symptoms, call a doctor or healthcare provider.

Department heads are further authorized to take any additional method reasonably necessary to implement this policy and to provide for reasonable restrictions of access to public facilities, and allow workers to work remotely. Motion made by Supervisor District 2, Seconded by District 5, with the vote made as follows:

COVID 19 CORONAVIRUS DISEASE

What you need to know about coronavirus disease 2019 (COVID-19)

What is coronavirus disease 2019 (COVID-19)?

Coronavirus disease 2019 (COVID-19) is a respiratory illness that can spread from person to person. The virus that causes COVID-19 is a novel coronavirus that was first identified during an investigation into an outbreak in Wuhan, China.

Can people in the U.S. get COVID-19?

Yes. COVID-19 is spreading from person to person in parts of the United States. Risk of infection with COVID-19 is higher for people who are close contacts of someone known to have COVID-19, for example healthcare workers, or household members. Other people at higher risk for infection are those who live in or have recently been in an area with ongoing spread of COVID-19. Learn more about places with ongoing spread at https://www.cdc.gov/coronavirus/2019-ncov/about/transmission.html#geographic.

Have there been cases of COVID-19 in the U.S.?

Yes. The first case of COVID-19 in the United States was reported on January 21, 2020. The current count of cases of COVID-19 in the United States is available on CDC's webpage at https://www.cdc.gov/coronavirus/2019-ncov/cases-in-us.html.

How does COVID-19 spread?

The virus that causes COVID-19 probably emerged from an animal source, but is now spreading from person to person. The virus is thought to spread mainly between people who are in close contact with one another (within about 6 feet) through respiratory droplets produced when an infected person coughs or sneezes. It also may be possible that a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or possibly their eyes, but this is not thought to be the main way the virus spreads. Learn what is known about the spread of newly emerged coronaviruses at https://www.cdc.gov/coronavirus/2019-ncov/about/transmission.html.

What are the symptoms of COVID-19?

Patients with COVID-19 have had mild to severe respiratory illness with symptoms of

- fever
- cough
- shortness of breath

What are severe complications from this virus?

Some patients have pneumonia in both lungs, multi-organ failure and in some cases death.

How can I help protect myself?

People can help protect themselves from respiratory illness with everyday preventive actions.

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Wash your hands often with soap and water for at least 20 seconds. Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available.

If you are sick, to keep from spreading respiratory illness to others, you should

- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.

What should I do if I recently traveled from an area with ongoing spread of COVID-19?

If you have traveled from an affected area, there may be restrictions on your movements for up to 2 weeks. If you develop symptoms during that period (fever, cough, trouble breathing), seek medical advice. Call the office of your health care provider before you go, and tell them about your travel and your symptoms. They will give you instructions on how to get care without exposing other people to your illness. While sick, avoid contact with people, don't go out and delay any travel to reduce the possibility of spreading illness to others.

Is there a vaccine?

There is currently no vaccine to protect against COVID-19. The best way to prevent infection is to take everyday preventive actions, like avoiding close contact with people who are sick and washing your hands often.

Is there a treatment?

There is no specific antiviral treatment for COVID-19. People with COVID-19 can seek medical care to help relieve symptoms.

Share Facts About COVID-19

Know the facts about coronavirus disease 2019 (COVID-19) and help stop the spread of rumors.

FACT 1

Diseases can make anyone sick regardless of their race or ethnicity.

People of Asian descent, including Chinese Americans, are not more likely to get COVID-19 than any other American. Help stop fear by letting people know that being of Asian descent does not increase the chance of getting or spreading COVID-19.

FACT 2

Some people are at increased risk of getting COVID-19.

People who have been in close contact with a person known to have COVID-19 or people who live in or have recently been in an area with ongoing spread are at an increased risk of exposure.

FACT 3

Someone who has completed quarantine or has been released from isolation does not pose a risk of infection to other people.

For up-to-date information, visit CDC's coronavirus disease 2019 web page.

FACT 4

You can help stop COVID-19 by knowing the signs and symptoms:

- Fever
- Cough
- Shortness of breath

Seek medical advice if you

- Develop symptoms

AND

- Have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

FACT 5

There are simple things you can do to help keep yourself and others healthy.

- Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food.
- Avoid touching your eyes, nose, and mouth with unwashed hands.

COVID 19 CORONAVIRUS DISEASE

What to do if you are sick with coronavirus disease 2019 (COVID-19)

If you are sick with COVID-19 or suspect you are infected with the virus that causes COVID-19, follow the steps below to help prevent the disease from spreading to people in your home and community.

Stay home except to get medical care

You should restrict activities outside your home, except for getting medical care. Do not go to work, school, or public areas. Avoid using public transportation, ride-sharing, or taxis.

Separate yourself from other people and animals in your home

People: As much as possible, you should stay in a specific room and away from other people in your home. Also, you should use a separate bathroom, if available.

Animals: Do not handle pets or other animals while sick. See COVID-19 and Animals for more information.

Call ahead before visiting your doctor

If you have a medical appointment, call the healthcare provider and tell them that you have or may have COVID-19. This will help the healthcare provider's office take steps to keep other people from getting infected or exposed.

Wear a facemask

You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) or pets and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then people who live with you should not stay in the same room with you, or they should wear a facemask if they enter your room.

Cover your coughs and sneezes

Cover your mouth and nose with a tissue when you cough or sneeze. Throw used tissues in a lined trash can; immediately wash your hands with soap and water for at least 20 seconds or clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty.

Avoid sharing personal household items

You should not share dishes, drinking glasses, cups, eating utensils, towels, or bedding with other people or pets in your home. After using these items, they should be washed thoroughly with soap and water.

Clean your hands often

Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol, covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty. Avoid touching your eyes, nose, and mouth with unwashed hands.

Clean all "high-touch" surfaces every day

High touch surfaces include counters, tabletops, doorknobs, bathroom fixtures, toilets, phones, keyboards, tablets, and bedside tables. Also, clean any surfaces that may have blood, stool, or body fluids on them. Use a household cleaning spray or wipe, according to the label instructions. Labels contain instructions for safe and effective use of the cleaning product including precautions you should take when applying the product, such as wearing gloves and making sure you have good ventilation during use of the product.

Monitor your symptoms

Seek prompt medical attention if your illness is worsening (e.g., difficulty breathing). **Before** seeking care, call your healthcare provider and tell them that you have, or are being evaluated for, COVID-19. Put on a facemask before you enter the facility. These steps will help the healthcare provider's office to keep other people in the office or waiting room from getting infected or exposed.

Ask your healthcare provider to call the local or state health department. Persons who are placed under active monitoring or facilitated self-monitoring should follow instructions provided by their local health department or occupational health professionals, as appropriate. When working with your local health department check their available hours.

If you have a medical emergency and need to call 911, notify the dispatch personnel that you have, or are being evaluated for COVID-19. If possible, put on a facemask before emergency medical services arrive.

Discontinuing home isolation

Patients with confirmed COVID-19 should remain under home isolation precautions until the risk of secondary transmission to others is thought to be low. The decision to discontinue home isolation precautions should be made on a case-by-case basis, in consultation with healthcare providers and state and local health departments.

CERC in an Infectious Disease Outbreak

1. **Be First:** Quickly sharing information about a disease outbreak can help stop the spread of disease, and prevent and reduce illness and even death. People often remember the first information they hear in an emergency, so the first information they receive should come from health experts.
   - Even if the cause of the outbreak or specific disease is unknown, share facts that are available. This can help you stay ahead of possible rumors.
   - Share information about the signs and symptoms of disease, who is at risk, treatment and care options, and when to seek medical care.
2. **Be Right:** Accuracy establishes credibility. Information should include what is known, what is not known, and what is being done to fill in the information gaps.
   - Public health messages and medical guidance must complement each other. For example, public health officials should not widely encourage people to go to the doctors if doctors are turning people away and running out of medicine for critically ill people.
   - Always fact check with subject-matter experts. One incorrect message can cause harmful behaviors and may result in people losing trust in future messages.
3. **Be Credible:** Honesty, timeliness, and scientific evidence encourage the public to trust your information and guidance. Acknowledge when you do not have enough information to answer a question and then work with the appropriate experts to get an answer.
   - Do not make promises about anything that is not yet certain, such as distribution of vaccines or medications without confirmed availability.
   - Clinicians should be present at press or community events to answer medical questions.
4. **Express Empathy:** Disease outbreaks can cause fear and disrupt daily lives. Lesser-known or emerging diseases cause more uncertainty and anxiety. Acknowledging what people are feeling and their challenges shows that you are considering their perspectives when you give recommendations.
   - For example, during a telebriefing for the coronavirus disease 2019 response: *"Being quarantined can be disruptive, frustrating, and feel scary. Especially when the reason for quarantine is exposure to a new disease for which there may be limited information."*
5. **Promote Action:** In an infectious disease outbreak, public understanding of and action on disease prevention is key to stopping the spread.
   - Keep action messages simple, short, and easy to remember, like "cover your cough."
   - Promote action messages in different ways to make sure they reach those with disabilities, limited English proficiency, and varying access to information.
6. **Show Respect:** Respectful communication is particularly important when people feel vulnerable. Respectful communication promotes cooperation and rapport. Actively listen to the issues and solutions brought up by local communities and local leadership.
   - Acknowledge different cultural beliefs and practices about diseases, and work with communities to adapt behaviors and promote understanding.
   - Do not dismiss fears or concerns. Give people a chance to talk and ask questions.

HANDWASHING THE RIGHT WAY

Washing your hands frequently is a powerful way to prevent the spread of disease. Viruses and germs aren't just spread through the air. They can live and be transmitted on the objects and surfaces you touch.

How to Wash

A proper handwashing takes at least 20 seconds — about the time it takes to sing the "Happy Birthday" song twice.

Wet your hands under warm running water before using soap.

Lather up. Apply soap and rub your hands together hard to scrub dirt and germs away.

- Wash hands front and back, and between the fingers.
- Wash around your wrists and under your nails.

Rinse well in warm water.

Dry your hands completely with a clean cloth or paper towel. Thorough drying is important to fully remove dirt and germs.

When to Wash

Wash your hands **before** handling food, eating, applying first aid, putting on contact lenses

Wash your hands **after** using the bathroom, coughing, sneezing or blowing your nose, playing outside, or playing with pets or animals.

Wash your **hands before and after** helping a sick person, going out to public places, or visiting places like nursing homes with many residents.

BASIC DISEASE PREVENTION

Prevention begins with you. Keep viral diseases, flu and infections away by making these basic infection control measures a habit.

Stay home if you are sick, and avoid close contact with anyone who is ill. Six feet of distance can greatly reduce respiratory disease transmission.

Cover your coughs and sneezes. When possible, cough, sneeze or blow your nose into a tissue, and throw the tissue away.

Avoid touching your nose, mouth and eyes with unwashed hands.

Wash your hands with soap and water frequently and thoroughly, especially after coughing or sneezing, blowing your nose, and using the bathroom. Effective handwashing takes about 20 seconds, and includes cleaning under fingernails, between fingers, and washing the back of hands as well as the front. Use hand sanitizer if soap and water are not available.

Clean or disinfect surfaces and objects that are touched often.

Stay in good overall health by eating right and staying active. If you are living with diabetes, heart disease or other condition, keep in touch with your doctor and stay current with your treatment.

Get a flu shot. Before or during every flu season, flu vaccination can prevent illness or make it less severe. It also keeps you healthier and better able to fight off other infections.

2019 Novel Coronavirus (COVID-19) Frequently Asked Questions

March 4, 2020

What is 2019 Novel Coronavirus?

The 2019 Novel Coronavirus, or COVID-19, is a new respiratory virus first identified in Wuhan, Hubei Province, China. The initial reports of the outbreak suggested a link to a large seafood and animal market in Wuhan City; however, there is now evidence of broader person to person transmission. Cases are being reported from other parts of China and other countries, including the U.S.

The first case in the United States was announced on January 21, 2020. The first case of person-to-person transmission in the U.S. was reported on January 30, 2020, in a close contact to a confirmed case. Community spread is being detected in a growing number of countries, including parts of the United States, and it is likely that person-to-person spread will continue to occur.

What is a novel coronavirus?

A novel coronavirus is a new strain in the coronavirus family that has not been previously identified. COVID-19 is not that same as the coronaviruses that commonly circulate among humans and cause mild illness, like the common cold. These are different viruses, and patients with COVID-19 will be evaluated and cared for differently than patients with common coronavirus diagnosis.

What is the source of COVID-19?

Public health officials and partners are working hard to identify the source of the COVID-19. Coronaviruses are a large family of viruses, some causing illness in people and others that circulate among animals, including camels, cats and bats. SARS, another coronavirus that emerged to infect people, came from cats, while MERS, another coronavirus that emerged to infect people, came from camels.

How does the virus spread?

Most often, spread from person-to-person happens among close contacts (about 6 feet). Person-to-person transmission is thought to occur mainly through respiratory droplets produced when an infected person coughs or sneezes, similar to how flu and other respiratory germs spread. These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

It's currently unclear if a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or possibly their eyes.

Typically, with most respiratory viruses, people are thought to be most contagious when they are most symptomatic (the sickest).

Attachment: Project 147142 County Appeal Package (9465 : Spread Appeal Package for FEMA Project No.147142)

Can someone who has had COVID-19 spread the illness to others?

The virus that causes COVID-19 is spreading from person-to-person. Someone who is actively sick with COVID-19 can spread the illness to others. That is why the CDC recommends that these patients be isolated either in the hospital or at home (depending on how sick they are) until they are better and no longer pose a risk of infecting others.

What are the symptoms of COVID-19?

Current symptoms reported for patients with COVID-19 have included mild to severe respiratory illness with fever, cough, and difficulty breathing. It can mimic flu symptoms including fatigue. COVID-19 differs from the flu because it is connected with travel to a country with widespread community transmission, or close contact with someone who test positive for COVID-19 in the last 14 days.

How can I help protect myself?

There is currently no vaccine to prevent COVID-19. The best way to prevent infection is to avoid being exposed to this virus. However, as a reminder, the Mississippi State Department of Health (MSDH) recommends everyday preventive actions to help prevent the spread of respiratory viruses, including:

- Get a flu vaccination every year.
- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.

Have there been cases of COVID-19 in Mississippi?

No, there are currently no confirmed cases in Mississippi.

Currently, the risk of infection in Mississippi is low, but the MSDH continues to actively monitor the situation. Transmission of the virus is currently dependent on exposure, through direct travel to an affected country experiencing widespread community transmission (i.e. China, Iran, Italy, Japan or South Korea) within the past 14 days, or direct contact to someone with confirmed infection in the past 14 days.

WAIVER OF SURFACE USE
(OIL, GAS & MINERALS AND OTHER SUBSURFACE INTERESTS)

THIS WAIVER OF SURFACE USE (the "**Agreement**") is executed as of this 3rd day of May, 2021, by and between the Hancock County School District, for and on behalf of the State of Mississippi, acting by and through its Board of Trustees ("**Subsurface Owner**") and Moonshot Solar, LLC, a Delaware limited liability company, ("**Grantee**"). Subsurface Owner and Grantee are sometimes referred to herein, collectively, as "**Parties**" and individually as a "**Party.**"

RECITALS

A. Subsurface Owner owns the subsurface ownership interest ("**Subsurface Interests**"), in addition to surface ownership, in and to that certain real property located in the 16th Section of Township 7 South, Range 15 West, Hancock County, State of Mississippi, which includes the real property legally described on the attached **Exhibit A** (the "**Property**"). Said Property is held in trust by Subsurface Owner for the benefit of the Hancock County School District.

B. Pursuant to that certain Solar Energy Ground Lease between Subsurface Owner and RES North America Leasing, LLC, dated November 6, 2017, a copy of which was recorded on December 19, 2017 in the records of Hancock County, Mississippi, in Book 2017, Page 15162, as may be amended, restated, renewed, modified or extended from time-to-time (the **Solar Lease**"), Grantee may construct, operate, maintain, repair, and replace certain solar energy and related equipment ("**Solar Facilities**") on portions of the Property.

C. In addition to the agreement set forth in the Solar Lease, Grantee has requested that the Subsurface Owner waive any and all rights to use the surface of the Property that the Subsurface Owner may hold arising out of the Subsurface Interests, pursuant to the terms and conditions set forth herein.

D. Subsurface Owner is willing to waive such rights to use the surface of the Property that Subsurface Owner may hold and consents to Grantee's construction, operation, maintenance, repair and replacement of said Solar Facilities on the Property, pursuant to the terms and conditions set forth herein.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing recitals and for other good and valuable consideration in the amount of Sixteen Thousand and No/100 Dollars ($16,000.00), the receipt and sufficiency of which are hereby acknowledged, the Parties agree with respect to the Subsurface Owner's portion of the Subsurface Interests as follows:

1. For the benefit of Grantee, its successors and assigns, and the surface owner of the Property, and notwithstanding any provisions(s) to the contrary in the Subsurface Severance, Subsurface Owner hereby consents to the Solar Lease and the construction, operation, maintenance, repair and replacement of said Solar Facilities on the Property. It is the intent of the

parties that this Agreement apply to all of Subsurface Owner's interests in real property subject to the Solar Lease whether or not accurately described herein.

2. For the duration of the term of the Solar Lease described above, including any renewals and extensions thereof (the "**Term**"), Subsurface Owner hereby agrees as follows:

A. Subsurface Owner fully waives, relinquishes and releases any and all rights to enter upon and use the surface of the Property for any reason, including but not limited to exploration for minerals, oil or gas, or to disturb the surface of the Property in connection with the Subsurface Interests. Further, Subsurface Owner shall not lease, develop, participate in, or receive any compensation in any form from, any use or development of the surface of the Property for the Term.

B. Any exercise of exploration, drilling or seismic activity on, in or under the described property, shall only be conducted by means of any well or wells, the surface drill sites of which are located on other lands (including water bottoms) and which are slant-drilled or horizontally drilled through and into the Property at a point at least 500 feet below the surface and/or into land (including water bottoms) pooled or unitized with the Property, the producing intervals of which are bottomed under the Property or under such pooled or unitized area and produce oil, gas, hydrocarbons and associated substances therefrom, all without any interference or disturbance whatsoever of the Surface Owner's use of the Property or surface thereof unless otherwise agreed in writing by the Grantee and Surface Owner.

3. All notices given or permitted to be given hereunder shall be in writing. Notice is considered given either (i) when delivered in person to the recipient named below, (ii) upon receipt after deposit in the United States mail (first-class, certified, return receipt requested, postage and postal charges prepaid), addressed by name and address to the Party or person intended, or (iii) twenty-four (24) hours from proper and timely delivery to an overnight courier service addressed by name and address to the Party or person intended as follows:

GENERAL OBLIGATION BONDS, SERIES 2021 (THE "BONDS") BY:

NO: 23CH1:21-CV-355-MA

OPINION OF THE STATE BOND ATTORNEY

TO: THE BOARD OF SUPERVISORS (the "Board") OF HANCOCK COUNTY (the "County")

This is to certify that I have carefully examined the legal papers submitted to me by the Board pertaining to the issuance of the above described obligation, and that as a result of my examination of these legal papers, I find as follows:

1. The said obligation (the "Bonds") as shown above are in the principal amount of not to exceed SEVEN MILLION DOLLARS ($7,000,000).

2. The Bonds are being issued pursuant to a resolution of the Board adopted on June 7, 2021 (the "Bond Resolution") for the purpose of: (a) constructing, reconstructing, and repairing roads, highways and bridges, and acquiring the necessary land, including land for road building materials, and acquiring rights-of-way therefor and the purchase of heavy construction equipment and accessories thereto reasonably required to construct, repair and renovate roads, highways and bridges and approaches thereto within the County, (b) purchasing machinery and equipment which have an expected useful life in excess of ten (10) years, (c) purchasing or erecting, equipping, repairing, reconstructing, remodeling and enlarging County buildings, courthouses and related facilities and the purchase of land therefor, and (d) for other authorized purposes under the Act, including paying the costs of borrowing.

3. The Bonds shall be registered as to both principal and interest; shall be dated the date of delivery thereof; shall be issued in the principal denomination of $5,000 each, or integral

multiples thereof up to the amount of a single maturity; shall be numbered from one upward in the order of issuance; shall bear interest from the date thereof at the rate or rates specified by further order of the Governing Body such rate or rates being in compliance with the Act, payable on February 1 and August 1 of each year (each an "Interest Payment Date"), commencing August 1, 2022, and shall mature and become due and payable on August 1 in the years and in the principal amounts as set forth in the Bond Resolution; provided however, such dates shall be in compliance with the Act.

4. The Bonds are general obligations of the County secured by the full faith, credit and resources of the County and will continue to be payable as to principal and interest out of and secured by an irrevocable pledge of the avails of a direct and continuing tax to be levied annually without limitation as to time, rate or amount upon all the taxable property within the geographical limits of the County. The County's tax levy for any year shall be abated pro tanto to the extent the County on or prior to September 1 of that year has transferred monies to the 2021 Bond Fund for the Bonds, or has made other provisions for funds to be applied toward the payment of the principal of and interest on the Bonds due during the ensuing fiscal year of the County, in accordance with the provisions of the Bond Resolution. The County will levy annually a special tax upon all taxable property within the geographical limits of the County adequate and sufficient to provide for the payment of the principal of and the interest on the Bonds as the same falls due.

5. Bonds maturing on August 1, 2028 and thereafter, are subject to redemption prior to their stated dates of maturity, at par, plus accrued interest to the date of redemption, either in whole or part, at any time on or after August 1, 2027.

6. The legal papers reflect that all of the acts of the aforesaid Board relative to the issuance of the Bonds were conducted pursuant to lawful resolutions, orders and proceedings, legally adopted and authorized, and were in strict accordance with the Constitution and statutes of

the State of Mississippi, including sections 19-9-1 *et seq.*, Mississippi Code of 1972, as amended and supplemented (the "Act").

7. Based upon my review of the legal papers provided to me, I have reached the opinion that the above described obligation is regular, legal and valid as to form, principal amount, denomination, interest rate, maturities, and otherwise, and the Bonds do not exceed any limitations imposed by law.

8. There is no known litigation pending as of the date of this opinion which would affect the validity of the Bonds.

I AM, THEREFORE, OF THE OPINION that all necessary legal steps have been taken to make the issuance of said obligation legal, valid and binding.

THIS the 18th day of June, 2021.

VALIDATION JUDGMENT

THIS DAY THIS CAUSE came on for hearing on the validation of the above-described obligation of Hancock County and the Court having examined and considered all of the legal papers relative to the issuance of said obligation as well as the written opinion of the State Bond Attorney, and being otherwise fully advised in the premises, hereby finds as follows:

1. That all matters relative to the issuance of said obligation are set forth in the written opinion of the State Bond Attorney, a copy of which is attached hereto as Exhibit "A", incorporated herein and made a part hereof by reference.

2. That due, proper and legal notice of the hearing on the validation of the above-described obligation has been given in the matter, form and time prescribed by law, and that no written objections have been filed by any taxpayer to the said validation.

3. That the said obligation is regular, legal and valid as to form, principal amount, denomination, interest rate, maturities and otherwise; and that the said obligation does not exceed any limitations imposed by law; that no litigation is pending affecting the issuance or validity of the above described obligation; and that the same should now be validated.

Attachment: County 2021 Bond Filings - Chancery Clerk's Certificate - Validation (9461 : Spread Chancery Clerk's Certificate for General

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that the above-described obligation be, and the same hereby is approved, confirmed and validated.

SO ORDERED, ADJUDGED AND DECREED, this the 9 day of July, 2021.

CHANCELLOR

IN RE: VALIDATION OF $7,000,000 HANCOCK COUNTY, MISSISSIPPI GENERAL OBLIGATION BONDS, SERIES 2021 (THE "BONDS")

NO: 1-21-cv-355-MA

OPINION OF THE STATE BOND ATTORNEY

TO: THE BOARD OF SUPERVISORS (the "Board") OF HANCOCK COUNTY (the "County")

This is to certify that I have carefully examined the legal papers submitted to me by the Board pertaining to the issuance of the above described obligation, and that as a result of my examination of these legal papers, I find as follows:

1. The said obligation (the "Bonds") as shown above are in the principal amount of not to exceed SEVEN MILLION DOLLARS ($7,000,000).

2. The Bonds are being issued pursuant to a resolution of the Board adopted on June 7, 2021 (the "Bond Resolution") for the purpose of: (a) constructing, reconstructing, and repairing roads, highways and bridges, and acquiring the necessary land, including land for road building materials, and acquiring rights-of-way therefor and the purchase of heavy construction equipment and accessories thereto reasonably required to construct, repair and renovate roads, highways and bridges and approaches thereto within the County, (b) purchasing machinery and equipment which have an expected useful life in excess of ten (10) years, (c) purchasing or erecting, equipping, repairing, reconstructing, remodeling and enlarging County buildings, courthouses and related facilities and the purchase of land therefor, and (d) for other authorized purposes under the Act, including paying the costs of borrowing.

3. The Bonds shall be registered as to both principal and interest; shall be dated the date of delivery thereof; shall be issued in the principal denomination of $5,000 each, or integral

multiples thereof up to the amount of a single maturity; shall be numbered from one upward in the order of issuance; shall bear interest from the date thereof at the rate or rates specified by further order of the Governing Body such rate or rates being in compliance with the Act, payable on February 1 and August 1 of each year (each an "Interest Payment Date"), commencing August 1, 2022, and shall mature and become due and payable on August 1 in the years and in the principal amounts as set forth in the Bond Resolution; provided however, such dates shall be in compliance with the Act.

4. The Bonds are general obligations of the County secured by the full faith, credit and resources of the County and will continue to be payable as to principal and interest out of and secured by an irrevocable pledge of the avails of a direct and continuing tax to be levied annually without limitation as to time, rate or amount upon all the taxable property within the geographical limits of the County. The County's tax levy for any year shall be abated pro tanto to the extent the County on or prior to September 1 of that year has transferred monies to the 2021 Bond Fund for the Bonds, or has made other provisions for funds to be applied toward the payment of the principal of and interest on the Bonds due during the ensuing fiscal year of the County, in accordance with the provisions of the Bond Resolution. The County will levy annually a special tax upon all taxable property within the geographical limits of the County adequate and sufficient to provide for the payment of the principal of and the interest on the Bonds as the same falls due.

5. Bonds maturing on August 1, 2028 and thereafter, are subject to redemption prior to their stated dates of maturity, at par, plus accrued interest to the date of redemption, either in whole or part, at any time on or after August 1, 2027.

6. The legal papers reflect that all of the acts of the aforesaid Board relative to the issuance of the Bonds were conducted pursuant to lawful resolutions, orders and proceedings, legally adopted and authorized, and were in strict accordance with the Constitution and statutes of

the State of Mississippi, including sections 19-9-1 *et seq.*, Mississippi Code of 1972, as amended and supplemented (the "Act").

7. Based upon my review of the legal papers provided to me, I have reached the opinion that the above described obligation is regular, legal and valid as to form, principal amount, denomination, interest rate, maturities, and otherwise, and the Bonds do not exceed any limitations imposed by law.

8. There is no known litigation pending as of the date of this opinion which would affect the validity of the Bonds.

I AM, THEREFORE, OF THE OPINION that all necessary legal steps have been taken to make the issuance of said obligation legal, valid and binding.

THIS the 18th day of June, 2021.
