   At the call of the bid, no one was present in the Board Meeting Room that claimed to have submitted a bid that was not read aloud.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Theresa Ryan, District 1 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

3. Motion to amend the agenda to approve Gouras & Associates.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Greg Shaw, District 2 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

4. Motion to approve awarding the proposal to Gouras & Associates for the Katrina Community Development Block Grant Program and spread all scoring sheets and other documents on the Minutes.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Greg Shaw, District 2 |
| **SECONDER:** | Theresa Ryan, District 1 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

## 5. External Business Agenda

| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Theresa Ryan, District 1 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

**B. Christian Stephenson - MSU Extension Office**

1. Motion to authorize the Mississippi State University Extension Service to initiate the process to hire an Extension Agent I with 4-H responsibilities with the Board of Supervisors providing $14,108.00 in support of the salary for the individual, plus its prorate share of the employee benefits.

   The record reflects this discussion resulted in the authorization and Motion reflected in the Motion body.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Theresa Ryan, District 1 |
| **SECONDER:** | Darrin Bo Ladner, District 5 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

**6. Departmental Agendas**

**A. Emergency Management Agency**

**B. E-911/Dispatch**

1. Motion to rescind hiring Jessica Jones as a full time dispatcher that was approved at the May 2, 2022 Meeting. She declined the job.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Kodie Koenenn, District 3 |
| **SECONDER:** | Darrin Bo Ladner, District 5 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

2. Motion to rescind agenda item #10751 from the May 2, 2022 Meeting, moving Angela Freeman from full time to part time dispatcher.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

3. Motion to approve hiring the following full time Dispatchers, effective May 16 2022, pending successful physical and drug screening, and 90 day probationary period: a. Ashley Thompson at a rate of pay of $11.50 per hour; b. Kelsey Saldiveri at a rate of pay of $12.50 per hour.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Darrin Bo Ladner, District 5 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

**C. Animal Shelter**

**D. Justice Court**

1. Motion to approve Constable Terry Necaise to attend the MCA 2022 Convention & Training Seminar in Gulfport, Mississippi on June 6 - 10, 2022; the Training Seminar/Convention Fee & 2022-2023 Association Dues are $400.00.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

**E. IT Department**

**F. Purchasing**

1. Motion to approve and spread on the Minutes, the attached Term Bid price increases for Office & Janitorial Supplies. The record reflects an authorization under Mississippi Statute 31-7-13d as a modification to the bid as commercially reasonableness based on supply and demand.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Greg Shaw, District 2 |
| **SECONDER:** | Darrin Bo Ladner, District 5 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

2. Motion to approve advertising for the County's 6 month Term Bids for Office Supplies & Janitorial Supplies.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Darrin Bo Ladner, District 5 |
| **SECONDER:** | Theresa Ryan, District 1 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

3. Motion to approve and authorize Board President to sign Annex generator maintenance agreement with Power Systems of Mississippi to run thru May 2023, in the amount of $2,625.00.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Kodie Koenenn, District 3 |
| **SECONDER:** | Scotty Adam, District 4 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

4. Motion to approve the purchase of eight (8) sets of turnout gear from Municipal Emergency Services, in the amount of $21,680.00 on Mississippi State Contract #8200061225, effective dates March 1, 2022 - February 28, 2023, for Diamondhead Fire Department. This will be paid for with Insurance Rebate Funds (112254-5711).

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Theresa Ryan, District 1 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

5. Motion to approve a purchase in the amount of $49,990.00 from Walt Massey Chevrolet for a 2022 Ford F-150 pickup for Narcotics, as the lowest and best bidder and spread both quotes on the Minutes. This is not the lowest apparent bid, but it is commercially similar in price to the alternate bid, and provides immediate availability, than that of the lowest proposal. This is with the finding that though it is not the lowest apparent bid, it is the best bid pursuant to Mississippi Code Section 31-7-13. This purchase will be paid for with Narcotics Funds (116200-5915).

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Theresa Ryan, District 1 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

6. Motion to approve the low quote from Gill's Crane & Dozer in the amount of $42,900.00 for a bulkhead at McLeod Park, and spread all quotes on the Minutes. This will be paid for with Tidelands Funds.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

7. Motion to spread on the Minutes, the Credit Card Report that was paid on the May 2, 2022 docket.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Kodie Koenenn, District 3 |
| **SECONDER:** | Darrin Bo Ladner, District 5 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

8. Motion to approve and spread on the Minutes, the Credit Card Report for May 16, 2022. This report reflects all credit card charges that are presently on the docket today for payment.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

## G. Planning and Zoning

1. Motion to approve the Planning Commission Meeting Minutes held on April 21, 2022.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Darrin Bo Ladner, District 5 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

2. Motion to approve an increase in pay for Kerry Fraleigh from $12.73 per hour to $13.73 per hour, effective May 29, 2022 and authorize the necessary budget amendment.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Darrin Bo Ladner, District 5 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

3. Motion to approve waiving the fees for Lakeshore Community Center on July 16, 2022 for a benefit for Madison Tillman Bilbo.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Theresa Ryan, District 1 |
| **SECONDER:** | Greg Shaw, District 2 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

## H. Parks & Recreation

1. Motion to approve removing Dontrelle Smalls from McLeod Park payroll, due to his termination, effective May 11, 2022.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Kodie Koenenn, District 3 |
| **SECONDER:** | Darrin Bo Ladner, District 5 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

2. Motion to authorize county attorney to send letter to Mr. Pendelton regarding his claim that McLeod Park damaged his camper.

   The record reflects this discussion resulted in the Motion now reflected in the Motion body.

| | |
|---|---|
| **RESULT:** | **APPROVED PENDING FURTHER ACTION [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Theresa Ryan, District 1 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

3. Motion to authorize Parks & Recreation Director to obtain quotes for timers on the lights at all of the Hancock County Ball Fields and bring back the quotes and recommendation to the June 6, 2022 Meeting.

| | |
|---|---|
| **RESULT:** | **APPROVED PENDING FURTHER ACTION [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

## I. Inventory Clerk

1. Motion to approve the inventory removal and disposal of the assets listed on the attached Exhibit A as they are no longer needed for county purposes.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Theresa Ryan, District 1 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

## J. Comptroller

1. Motion to approve the wire transfer from Hancock County to Hancock Whitney Bank for the Gomesa Bond payment in the amount of $1,398,765.49 and authorize the budget amendment for the payment.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Darrin Bo Ladner, District 5 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

2. Motion to approve the docket of claims for May 16, 2022 in the amount of $151,387.14.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Scotty Adam, District 4 |
| **SECONDER:** | Kodie Koenenn, District 3 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

3. Motion to authorize a budget amendment of $500,000.00 to increase construction in the bridge fund.

| | |
|---|---|
| **RESULT:** | **APPROVED [UNANIMOUS]** |
| **MOVER:** | Greg Shaw, District 2 |
| **SECONDER:** | Darrin Bo Ladner, District 5 |
| **AYES:** | Ryan, Shaw, Koenenn, Adam, Ladner |

### K. Board Secretary

1. Motion to approve Regular Meeting Minutes of Monday May 2nd, 2022

| | |
|---|---|
| **RESULT:** | **ACCEPTED [UNANIMOUS]** |
| **MOVER:** | Greg Shaw, District 2 |

# SECTION 00 41 43
# BID FORM

TO: **HANCOCK COUNTY BOARD OF SUPVERVISORS**
**HANCOCK COUNTY, MISSISSIPPI**

Date Submitted: 3/16/22

The undersigned, as Bidder, hereby declares that he has examined the site of the work and informed himself fully in regard to all conditions pertaining to the place where the work is to be done; that he has examined the Plans and Specifications for the work and the Contract Documents relative thereto; that he has read all the General Conditions and Special Provisions furnished; and, that he has satisfied himself relative to the Work to be performed.

The Bidder proposes and agrees, if this Proposal is accepted, to contract with the above named Owner, in the form of a contract specified, to furnish all necessary materials, equipment, machinery, tools, apparatus, means of transportation, and labor necessary to complete the construction of the project entitled:

**PROJECT 3.04 KAPALAMA DRIVE AT VIC FAYE ROAD**
**For The**
**HANCOCK COUNTY BOARD OF SUPVERVISORS, HANCOCK COUNTY, MISSISSIPPI**

in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents to the full and entire satisfaction of the Owner, with a definite understanding that no money will be allowed for extra work except as set forth in the attached General Conditions and Contract Documents.

It is agreed that the description under each item, being briefly stated, implies, although it does not mention, all incidentals and that the prices stated are intended to cover all such work, materials, and incidentals as constitute the Bidder's obligations as described in the Specifications and any details not specifically mentioned, but evidently included in the Contract shall be compensated for in the item which most logically includes it.

The bid items listed on the Proposal sheet are generalized only for the purpose of comparing bids. Any differences between these items described and actual quantities and items required for construction shall not be taken as a basis for claims by the Contractor for extra compensation. The compensation will be based upon the lump sum or unit prices and actual construction quantities indicated in the Contract Documents, which include all Plans, Specifications, Bidding Documents and any other enclosed documents.

**BASE BID**

The Work included in the Contract shall consist of drainage improvements along Kapalama Drive at Vic Faye Road, as specified in the Contract Documents.

Notes: (1) This form shall not be used if Bidder submits a Certified Check in lieu of a Bid Bond.
(2) The above addresses are to be used for giving required notice.
(3) Any singular reference to Bidder, Surety, Owner or other party shall be considered plural where applicable.

1. The Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to pay to the Owner upon default of the Bidder the penal sum set forth on the face of this Bond.

2. Default of Bidder shall occur upon the failure of the Bidder to deliver within the time required by the Bidding Documents the executed Agreement required by the Bidding Documents and any Performance Bond, Payment Bond, and other forms required by the Bidding Documents and Contract Documents.

3. This obligation shall be null and void if:

   A. The Owner accepts the Bidder's bid and the Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by the Owner) the executed Agreement required by the Bidding Documents and any Performance Bond, Payment Bond, and other forms required by the Bidding Documents and Contract Documents, or

   B. All bids are rejected by the Owner, or

   C. The Owner fails to issue a notice of award to the Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by the Bidder and, if applicable, consented to by the Surety when required by Paragraph 5 below).

4. Payment under this Bond will be due and payable upon Default of the Bidder and within 30 calendar days after receipt by the Bidder and the Surety of written notice of Default

Attachment: Project 3.04 Bid - Moran Hauling Inc. (10825 : Take under advisement bids received for Kapalama Drive project)

from the Owner, which notice will be given with reasonable promptness, identifying this Bond and the project and including a statement of the amount due.

5. The Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the notice of award agreed to in writing by the Owner and the Bidder, provided that the time for issuing said notice of award including extension shall not in the aggregate exceed 120 days from Bid Due Date without the Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of Default required in Paragraph 4 above is received by the Bidder and the Surety, and in no case later than one year after the Bid Due Date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Any notice required hereunder shall be in writing and sent to the Bidder and the Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. The Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of the Surety to execute, seal and deliver such Bond and bind the Surety thereby.

10. This Bid Bond is intended to conform to all applicable statutory requirements. Any applicable requirement for any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of the Bond conflicts with any applicable provision of any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "bid" as used herein includes bid, bid proposal, or proposal as applicable.

Attachment: Project 3.04 Bid - Moran Hauling Inc. (10825 : Take under advisement bids received for Kapalama Drive project)

# SECTION 00 45 00
# CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The prospective participant certifies to the best of its knowledge and belief that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency.
(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal or State antitrust statutes or commission of embezzlement, theft, forgery, falsification or destruction of records, making false statements, or receiving stolen property);
(c) Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification; and
(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

I understand that a false statement on this certification may be grounds for rejection of this proposal or termination of the award. In addition, under United States Code, Title 18, Sec. 1001, a false statement shall be fined as set under this title, imprisoned not more than 5 years or, if the offense involves international or domestic terrorism (as defined in section 2331), imprisoned not more than 8 years, or both. If the matter relates to an offense under chapter 109A, 109B, 110, or 117, or section 1591, then the term of imprisonment imposed under this section shall be not more than 8 years.

# SECTION 00 45 19
# NON-COLLUSION AFFIDAVIT

BEFORE ME, the undersigned authority, personally came and appeared, _____

Donald Moran Jr. who after being by me duly sworn and deposed said
(Name)

that he is the fully authorized President of Moran Hauling Inc.
(Title) (Name of Bidder)

(hereinafter referred to as bidder), the party who submitted a bid for Project No. 3.04 Kapalama Drive at Vic Faye Road was received by the Hancock County Board of Supervisors on 5-16-22 and said affiant further said:

(1) The bidder employed no person, corporation, firm, association, or other organization, either directly or indirectly, to secure the public contract under which he received payment, other than persons regularly employed by the bidder whose services in connection with the construction of the public building or project or in securing the public contract were in the regular course of their duties for bidder, and

(2) That no part of the contract price received by bidder was paid or will be paid to any person, corporation, firm, association, or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the bidder whose services in connection with the construction of the public building or project were in the regular course of their duties for bidder.

(3) Said bid is genuine and the bidder has not colluded, conspired, or agreed, directly or indirectly, with any other bidder to offer a sham or collusive bid.

(4) Said bidder has not in any manner, directly or indirectly, agreed with any other person to fix the bid price of affiant or any other bidder, or to fix any overhead profit or cost element of said bid price, or that of any other bidder, or to induce any other person to refrain from bidding.

(5) Said bid is not intended to secure an unfair advantage of benefit from the Diamondhead Water & Sewer District or in favor of any person interested in the proposed contract.

(6) All statements contained in said bid are true and correct.

(7) Neither affiant nor any member of his company has divulged information regarding said bid or any data relative thereto any other person, firm, or corporation.

# SECTION 00 11 13
# ADVERTISEMENT FOR BIDS

## INVITATION TO BID
## PROJECT NO. 3.04 KAPALAMA DRIVE AT VIC FAYE ROAD

Electronic or Sealed bids for the construction of the "Project No. 3.04 Kapalama Drive at Vic Faye Road" will be received by, and addressed to, Attention: **HANCOCK COUNTY BOARD OF SUPERVISORS** at **854 Highway 90, Suite A, Bay St. Louis, MS 39520**, **until 10:00 a.m., on the 16th of May, 2022.** Bids will be publicly opened and read at the Hancock County Board of Supervisors meeting that is held at the Board Meeting Room at 854 Highway 90, Suite A, Bay St. Louis, MS 39520. Any bids received after the time and date specified will not be considered and will be returned unopened.

The project includes drainage improvements along Kapalama Drive at Vic Faye Road.

Contract Documents may be examined at:

(1) **Office of the Design Engineer, Neel-Schaffer, Inc., 772 Howard Ave., Biloxi, MS 39530**, or

(2) **Online at www.hancockcountystormwaterbids.com**

A hard copy or electronic copy of the Contract Documents can be purchased online at www.hancockcountystormwaterbids.com. Documents are non-refundable and must be purchased through the website. For questions regarding the website, online registration or the purchase of documents, please contact Plan House at 228-248-0181.

All questions pertaining to clarification of the bidding documents shall be directed in writing to
Alex Davis, P.E.
Neel-Shaffer, Inc.
772 Howard Ave, Biloxi, MS, 39530

Each Bid shall be submitted in accordance with the Instructions to Bidders and shall be accompanied by the Bid Security (as defined in Section 00 21 13 Instructions to Bidders) in the amount of not less than five percent (5%) of the Bid. The Bid Bond may be from a surety acceptable to the Owner satisfying the requirements specified in the Contract Documents or Certified Check upon a national (legally recognized to conduct business in the State of Mississippi) or state bank, payable without recourse to the Hancock County Board of Supervisors as a guarantee that the Bidder will within fifteen (15) days after the Notice of Award enter into a Contract. The Successful Bidder must furnish a Performance Bond and a Payment Bond equal to 100% of the Contract amount each with a surety company acceptable to the OWNER and in a form acceptable to the OWNER.

Bids may be modified or withdrawn at any time prior to the time set for opening Bids. Bidders may not withdraw their Bids for a period of ninety (90) calendar days after the actual date of the opening of the Bids.

Complete instructions for filing Bids are included in the Instructions to Bidders.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

A Pre-Bid Conference will be held at **854 Highway 90, Suite A, Bay St. Louis, MS 39520** on the **28th of April 2022, at 10:00 AM**.

The Owner reserves the right after opening Bids to reject any or all Bids, to waive any informality (non-responsiveness) in a Bid, or to make award to the lowest and best qualified, responsive, and responsible Bidder and reject all other Bids, as it may best serve the interest of the OWNER.

To be published in The Sea Coast Echo and the Mississippi Procurement Technical Assistance Program (MPTAP) online Agency Bid Bank (https://agencybidbank.mississippi.org) on April 13th, 2022 & April 20th, 2022.

Forward Proof of Publication and Bill to:

Hancock County Board of Supervisors
Valerie Fitts, Board Secretary/Deputy Chancery Clerk
854 Highway 90, Suite A
Bay St. Louis, MS 39520

# SECTION 00 21 13
# INSTRUCTIONS TO BIDDERS

## 1. DEFINITION OF TERMS

The terms used in these Instructions to Bidders which are defined in the Standard General Conditions of the Construction Contract have the meanings assigned to them in the General Conditions. The term "Bidder" means one who submits a bid directly to the Owner, as distinct from a "sub-bidder," who submits a bid to the Bidder. The term "Successful Bidder" means the lowest and best qualified, responsible, and responsive Bidder pursuant to the Mississippi Code to whom the Owner, on the basis of the Owner's evaluation as hereinafter provided, proposes to make an award of the contract. The term "Bidding Documents" includes the Advertisement for Bids, the Instructions to Bidders, the Bid Form, the Bid Bond, the Contractor Data Form, the Information Available to Bidders, and the Contract Documents including Specifications and Plans. Specification and Plans shall include all Addenda issued prior to receipt of the bids.

## 2. AVAILABILITY OF BIDDING DOCUMENTS

2.1 Complete sets of Bidding Documents may be obtained for the sum as stated and in the manner prescribed in the Advertisement for Bid, at the office of the Engineer.

2.2 Complete sets of Bidding Documents must be used in preparing bids. Neither the Owner nor the Engineer shall assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents by Bidders and/or their sub-bidders.

2.3 The Engineer, in making copies of the Bidding Documents available on the above terms, does so only for the purpose of obtaining bids on the work, and does not confer a license or grant for any other use of these documents. The use of these documents for any other purpose not connected to this project is strictly prohibited.

2.4 No Bidding Documents will be issued later than twenty-four (24) hours before the time and date set for receiving bids.

## 3. QUALIFICATIONS OF BIDDERS

3.1 All Bidders on the project shall be Licensed Contractors and shall meet the provisions of Mississippi Law which require a current Certificate of Responsibility for submitting a bid for this project.

3.2 Miss. Code Ann. § 31-7-47 (1972), as amended, shall apply to this contract:

> "In the letting of public contracts, preference shall be given to resident contractors, and a nonresident bidder domiciled in a state, city, county, parish, province, nation or political subdivision having laws granting preference to local contractors shall be awarded Mississippi public contracts only on the same basis as the nonresident bidder's state, city, county, parish, province, nation or political subdivision awards contracts

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

to Mississippi contractors bidding under similar circumstances. Resident contractors actually domiciled in Mississippi, be they corporate, individuals or partnerships, are to be granted preference over nonresidents in awarding of contracts in the same manner and to the same extent as provided by the laws of the state, city, county, parish, province, nation or political subdivision of domicile of the nonresident."

All nonresident Bidders are therefore advised Mississippi Law requires that out-of-state Bidders for public projects over $50,000 provide a copy of their State's Preference Law when submitting a bid. Miss. Code Ann. § 31-7-47 (3) shall apply:

"In the letting of public contracts preference shall be given to resident contractors, and a nonresident bidder domiciled in a state having laws granting preference to local contractors shall be awarded Mississippi public contracts only on the same basis as the nonresident bidder's state awards contracts to Mississippi contractors bidding under similar circumstances; and resident contractors actually domiciled in Mississippi, be they corporate, individuals, or partnerships, are to be granted preference over nonresidents in awarding of contracts in the same manner and to the same extent as provided by the laws of the state of domicile of the nonresident. When a nonresident contractor submits a bid for a public project, he shall attach thereto a copy of his resident state's current preference law, if any, pertaining to such state's treatment of nonresident contractors. Any bid submitted by a nonresident contractor which does not include the nonresident contractor's current state law shall be rejected and not considered for award. As used in this section, the term "resident contractors" includes a nonresident person, firm or corporation that has been qualified to do business in this state and has maintained a permanent full-time office in the State of Mississippi for two (2) years prior to submission of the bid and the subsidiaries and affiliates of such a person, firm or corporation.

3.3 The following reasons shall be considered as being sufficient for the disqualification of any Bidder and the rejection of his bid proposal or proposals:

a) If more than one bid is received for the same work from an individual, firm or partnership, corporation, or association under the same or different names. Reasonable grounds for believing that any Bidder has an interest in more than one bid for the same work will cause the rejection of all such bids in which the Bidder is an interested party.

b) If there are reasonable grounds for believing that collusion exists among the Bidders, the bids of participants in such collusion will not be considered. Participants in such collusion will receive no recognition as Bidders for any future work until any such participant shall have been reinstated as a qualified bidder.

c) If there is any default, delinquency, or failure to complete on time any contract in force with the Owner at the time of the bid opening.

Note the above referenced list is not exhaustive and the Owner reserves the right to reject any and all bids at the Owner's sole discretion.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

3.4 For work pertaining to installation and repair of natural gas lines, the Successful Bidder shall be certified to perform this work under the Code of Federal Regulations, 49 CFR Parts 190-199 as administered by the Public Service Commission of the State of Mississippi.

## 4. EXAMINATION OF CONTRACT DOCUMENTS AND SITE

4.1 It is the responsibility of each Bidder, before submitting a bid, to (a) examine the Contract Documents thoroughly; (b) visit the site to become familiar with local conditions that may in any manner affect the cost, progress, performance or furnishing of the work, (c) consider federal, state and local laws, ordinances, rules and regulations that may in any manner affect the cost, progress, performance or furnishing of the work; (d) study and carefully correlate the Bidder's observations with the Contract Documents; and (e) notify the Engineer of any conflicts, errors or discrepancies found in the Contract Documents requiring correction, clarification or interpretation.

4.2 The reports of explorations and tests of subsurface conditions at the site which have been utilized by the Engineer in preparation of the Contract Documents (if any) are referenced in the Supplementary Conditions. The Bidder may rely upon the accuracy of the technical data contained in any such reports, but not upon any non-technical data, interpretations or opinions contained within such reports, or for their completeness for the purposes of bidding or construction.

4.3 The drawings of physical conditions in or relating to existing surface and subsurface conditions (except underground facilities) which are at or contiguous to the site have been utilized by the Engineer in preparation of the Contract Documents. The Bidder may rely upon the accuracy of the technical data contained in such drawings, but not upon the completeness of such drawings for the purposes of bidding or construction.

4.4 Any information and data reflected in the Contract Documents with respect to underground facilities at or contiguous to the site are based upon information and data furnished to the Owner and the Engineer by the owners of such underground facilities or others, and the Owner does not assume responsibility for the accuracy or completeness of such information. The provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders on subsurface conditions, underground facilities and other physical conditions, and possible changes in the Contract Documents due to differing conditions, appear in Paragraphs 4.02, 4.03 and 4.04 of the General Conditions.

4.5 Before submitting a bid, each Bidder shall, at his own expense, make or obtain any additional examinations, investigations, explorations, tests and studies, and obtain any additional information and data which pertain to the physical conditions (surface, subsurface and underground facilities) at or contiguous to the site or otherwise which may affect the cost, progress, performance or furnishing the work in accordance with the time, price and other terms and conditions of the Contract Documents.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

4.6 Upon request to the Engineer in writing in advance, the Owner, through the Engineer, will provide each Bidder access to the site to conduct such explorations and tests as each Bidder deems necessary for submission of a bid. Each Bidder shall fill all holes and clean up and restore the site to its former condition upon completion of any such explorations.

4.7 The lands upon which the work is to be performed, rights-of-way and servitudes for access thereto and other lands designated for use by the Contractor in performing the work are identified in the Contract Documents. All additional lands and access thereto which may be desired or required for temporary construction facilities or storage of materials and equipment are to be provided by the Contractor. Easements for permanent structures or permanent changes in existing structures are to be obtained and paid for by the Owner, unless otherwise provided in the Contract Documents.

4.8 The submission of a bid will constitute an incontrovertible representation by the Bidder that he has complied with every requirement of this Article 4 and that, without exception, the bid is premised upon performing and furnishing the work required by the Contract Documents using such means, methods, techniques, sequences or procedures of construction as may be indicated in or required by the Contract Documents, and that the Contract Documents are sufficient in scope and detail to indicate and convey an understanding of all terms and conditions required for the performance and furnishing of the work.

## 5. INTERPRETATIONS AND ADDENDA

5.1 All questions pertaining to the meaning or intent of the Contract Documents are to be directed to the Engineer. Any interpretations or clarifications considered necessary by the Engineer in response to such questions will be issued by Addenda and mailed to all parties recorded by the Engineer as having received a set of the Bidding Documents. Any questions received less than ten (10) days prior to the date set for the opening of bids will not be answered. Only answers to questions by formal written Addenda will be binding. Oral and other interpretations or clarifications will have no legal effect.

5.2 Addenda may also be issued to modify the Bidding Documents as deemed necessary or advisable by the Owner or the Engineer.

5.3 No Addenda will be issued within forty-eight (48) hours of the advertised time and date set for the receipt of bids, exclusive of Saturdays, Sundays, and legal holidays, without automatically extending the bid period for exactly one calendar week.

## 6. BID SECURITY

6.1 Each bid must be accompanied by Bid Security made payable to the Owner in an amount equal to five percent (5%) of the Bidder's maximum bid price. The Bid Security must be in the form of a Certified Check or a Bid Bond that conforms to Section 00 61 13 and is issued by a surety meeting the requirements of Paragraph 6.3 below.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

6.2 The Bid Security of the apparent Successful Bidder will be retained until such Bidder has executed the Agreement and furnished the required Payment and Performance Bonds whereupon the Bid Security will be returned. If the apparent Successful Bidder fails to execute and deliver the Agreement and furnish the required bonds within fifteen (15) days of the Notice of Award the Owner may annul the Notice of Award, and the Bid Security of that Bidder will be forfeited as liquidated damages. The Bid Security of any Bidder whom the Owner believes to have a reasonable chance of receiving the award may be retained by the Owner until the sixty-first (61st) day after the bid opening date, whereupon the Bid Security of such Bidders will be returned. The Bid Security of other Bidders will be returned approximately ten (10) days after the bid opening date. The Owner and the Bidder may mutually agree to extend the sixty (60) calendar day period for holding the bids and the Bid Security.

6.3 Any Bid Bond submitted with a bid shall be written by either a surety or insurance company currently on the U.S. Department of the Treasury Financial Management Service list of approved bonding companies, which is published annually in the Federal Register; or (2) by a Mississippi domiciled insurance company with at least an A- rating in the latest printing of the A.M. Best's Key Rating Guide, to write individual bonds up to ten percent (10%) of policyholder's surplus as shown in the A.M. Best's Key Rating Guide. Companies providing Bid Bond(s) must have a registered agent in the State of Mississippi.

## 7. CONTRACT COMPLETION TIME

The number of consecutive calendar days within which the work is to be completed is 60 calendar days, as set forth in Section 00 52 00.

## 8. LIQUIDATED DAMAGES

Provisions for liquidated damages are set forth in Section 00 52 00. The amount of liquidated damages due to Owner shall be $500.00 per day assessed for each day beyond the agreed contract completion date.

## 9. SUBSTITUTE MATERIALS OR PRODUCTS

The provisions of this Article shall apply to all equipment and materials not addressed in the Selected Equipment and Supplier Schedule on the Bid Form in Section 00 41 43.

9.1 In any case where a closed specification has been justified for prior acceptance by the Owner, the naming of that product in the Drawings and Specifications will be forwarded by wording indicating that no substitution is permitted.

9.2 In all other cases, where the Drawings and Specifications identify a product by a specific brand, make, manufacturer, or definite specification, it is to establish the required quality standard for the product regarding style, type, character, materials of construction, function, accessories, dimensions, appearance, and durability. Products which are determined to be equivalent by the Engineer will be acceptable. Products which are specified by a specific brand, make, or

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

manufacturer's name may also be specified by its applicable model or catalog number or other product designation.

9.3 If selected equipment is specified, the manufacturers are identified in the Selected Equipment and Supplier Schedule on the Bid Form in Section 00 41 43. If no selected equipment is specified, this schedule will be omitted from the Bid Form.

9.4 After the receipt of bids, the Contract, if awarded, will be on the basis of materials and products described in the Drawings or specified in the Specifications. Whenever it is indicated in the Drawings or specified in the Specifications that a substitute, "or-equal," or "equivalent" item of material or product may be furnished or used by the Contractor if acceptable to the Engineer, application for such acceptance will not be considered by the Engineer until after the effective date of the Agreement. The procedure for submittal of any such application by the Contractor is set forth in Paragraph 6.05 of the General Conditions and as may be modified in the Supplementary Conditions.

9.5 The intent of the Specifications is, to the greatest extent possible, to list materials and products of predominant origin within the United States. The Contractor is encouraged, but not required, to acquire materials and products made within the United States of America by American manufacturing companies.

## 10. SUBCONTRACTORS

10.1 All Subcontractors being assigned a portion of the Work in the amount of Fifty Thousand Dollars ($50,000.00) or more must possess a current Mississippi Contractor's Certificate of Responsibility. If so requested by the Owner or the Engineer, the apparent Successful Bidder, and any other Bidder so requested, shall within seven (7) days after the date of the request, submit to the Owner an experience statement with pertinent information as to similar projects and other evidence of qualifications for each such Subcontractor, person and organization. The total amount of subcontract work shall not exceed forty-nine percent (49%) of the work. If the Owner or the Engineer, after due investigation, has a reasonable objection to any proposed Subcontractor, supplier, other person or organization, either the Owner or the Engineer may, before giving the Notice of Award, request the apparent Successful Bidder to submit an acceptable substitute without an increase in Contract Price or Contract Time. If the apparent Successful Bidder declines to make any such substitution, the Owner may award the contract to the next lowest qualified responsible and responsive Bidder that proposes to use acceptable Subcontractors, suppliers, and other persons and organizations. Declining to make requested substitutions will not constitute grounds for forfeiture of the Bid Security of any Bidder. Any Subcontractor, supplier, other person or organization listed and to whom the Owner or the Engineer does not make written objection prior to the giving of the Notice of Award will be deemed acceptable to the Owner and the Engineer; however, such acceptance is subject to revocation after the effective date of the Agreement as provided in Paragraph 6.06.B of the General Conditions.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

10.2 The Contractor shall not be required to employ any Subcontractor, supplier, other person or organization against whom he has a reasonable objection.

## 11. BID FORM

11.1 The Bid Form shall be completed in blue ink, either hand written or by typewriter. All hand lettering shall be printed in a neat and legible manner. All blanks on the Bid Form must be completed (filled in).

11.2 Bid Form(s) submitted by corporations must be executed in the corporate name by a corporate officer and accompanied by evidence of his authority to sign as indicated in Section 00 45 43 (Authority to Execute Contract). The corporate address and state of incorporation must be shown below the signature.

11.3 Bid From(s) by partnerships must be executed in the partnership name and signed by a partner whose title must appear under the signature. The official address of the partnership must be shown below the signature.

11.4 All names must be typed or printed below the signature on all Bid Form(s).

11.5 Bid Form(s) shall contain an acknowledgment of receipt of all Addenda. Numbers of Addendum(s) shall be filled in on the Bid Form(s).

11.6 The address and telephone number for communications regarding the bid must be shown on the Bid Form(s).

11.7 Special Instructions for Multiple Contracts. This project may include separate contracts for different phases of the project work. If so designated, bidders may submit bids for any or all such phases. Bidders who submit bids on one (1) phase only, or fewer than all phases, must complete all portions of the Bid Documents and insert the words "NO BID" on the Bid Form for phases not included in their bid.

11.8 Special Instructions for Alternates. Each Bidder is required to bid on all Alternates listed in the Form of Proposal. Alternates, if accepted, shall be accepted in the order in which they are listed on the Bid Form. Determination of the low bidder shall be on the basis of the sum of the base bid. However, the Owner shall reserve the right to accept alternates in any order which does not affect determination of the low bidder. Any Bidder not bidding on all Alternates will have his bid rejected.

## 12. SUBMISSION OF BIDS

12.1 Bids shall be submitted at or before the time and date, and at the place indicated, in the Advertisement for Bids. Any bids received after the stated time will not be accepted under any circumstances. Bids will be received by the Hancock County Board of Supervisors at 854 Highway 90, Suite A, Bay St. Louis, MS 39520 until 10:00 a.m. local time on the 16th of May, 2022. The envelope containing the bid must be sealed and marked on the exterior "Project No. 3.04 Kapalama Drive at Vic Faye Road." If the bid is sent through the U.S. mail or other delivery system,

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

the sealed bid envelope shall be enclosed within a separate envelope, with the notation "SEALED BID ENVELOPE ENCLOSED" written on the face of the exterior envelope. If the bid is submitted electronically, the bid shall include a document representing the cover of the envelope containing the aforementioned criteria.

12.2 Bid Proposals shall be received from Bidders only on the Bid Form contained in the Bidding Documents. The Bidders may use xerographic copies or electronic facsimiles of the Bid Form and other Bidding Documents as needed.

12.3 The Bidding Documents to be used for the expressed purpose of submitting the bid shall include all of the following parts of the Technical Specifications and Contract Documents: **Section 00 41 43 (Bid Form), Section 00 61 13 (Bid Bond, [unless a Certified Check is used for Bid Security in lieu of a Bid Bond]), and Section 00 45 43 (Authority to Execute Contract).** The Bid Security shall be attached to the Bidding Documents prior to submitting the bid.

12.4 If any Addenda are issued concerning changes in the Bidding Documents, the Bidder must use the latest version of any form so issued for inclusion in his Bidding Documents. Failure to use the correct form may be deemed as sufficient cause for rejection of any bid so submitted.

12.5 As required by Miss. Code Ann. §§ 31-3-1, 31-3-21, and 31-5-51 (1972), as amended, all Bidders on construction contracts exceeding $50,000, except those exempted in §31-3-1, shall have a current Mississippi Contractor's Certificate of Responsibility. All bids submitted shall contain on the outside of Bidder's envelope the Contractor's current Certificate Number. No bid shall be opened or considered unless this requirement is met or a statement appears on the outside of the envelope that the bid enclosed is below $50,000.

## 13. MODIFICATION AND WITHDRAWAL OF BIDS

13.1 Bids may be modified or withdrawn by an appropriate document duly executed in the same manner that a bid must be executed and delivered to the place where the bids are to be submitted at any time prior to the deadline for submitting bids. A request for withdrawal or a modification must be in writing and signed by a person duly authorized to do so. If signed by a deputy or subordinate, the principal's proper written authority to such deputy or subordinate must accompany the request for withdrawal or modifications. Withdrawal of a bid will not prejudice the rights of a Bidder to submit a new bid prior to the time and date set for opening of the bids. After the time and date set for receiving the bids, no bid may be withdrawn or modified. Telegraphic or electronic communications requests for withdrawal or modification will not be accepted or considered.

13.2 If, within forty-eight (48) hours of the time set for the bid opening, exclusive of Saturdays, Sundays, and legal holidays, any Bidder files a duly signed and sworn written notice with the Owner to the satisfaction of the Owner that there was an obvious mechanical, clerical, or mathematical error in its bid, that Bidder shall be allowed to withdraw its bid without prejudice, and the Bid Security will be returned.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## 14. OPENING OF BIDS

14.1 The bids will be opened publicly by the Owner or the Engineer, or their designated representative, during the Hancock County Board of Supervisors Board Meeting which is held at the Board Meeting Room at 854 Highway 90, Suite A, Bay St. Louis, MS 39520.

14.2 The bids will be read aloud and an abstract of the amount of the base bids will be made available after the opening of the bids.

## 15. BIDS TO REMAIN OPEN

15.1 All bids shall remain open for sixty (60) calendar days after the day of the bid opening; however, the Owner may, at its sole discretion, release any bid and return the Bid Security for such bid prior to that date.

15.2 Any extensions of the time for bids to remain open beyond the sixty-day period may be made only by mutual agreement between the Owner, the apparent Successful Bidder and the surety for the apparent Successful Bidder.

## 16. BASIS OF AWARD OF CONTRACT

16.1 The Owner reserves the right to reject any and all Bids, to waive any and all informalities not involving price, time or changes in the work with the Successful Bidder, and the right to disregard all nonconforming, non-responsive, unbalanced or conditional bids. Bids which are unsigned or are not accompanied by the required Bid Security shall be irrevocably rejected. When one or more bids are rejected, the reason for such rejection shall be given. Bids may be considered irregular and subject to rejection if they show serious omission, unauthorized alteration of form, unauthorized alternate bids, incomplete or unbalanced unit prices or irregularities of any kind. Also, the Owner reserves the right to reject the bid of any Bidder if the Owner believes that it would not be in the best interest of the project to make an award to that Bidder whether because the bid is not responsive or the Bidder is unqualified, possesses doubtful financial ability, or fails to meet any other pertinent standard or criteria established by the Owner. Discrepancies between words and figures will be resolved in favor of words. Discrepancies in the multiplication of units of work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

16.2 In evaluating bids, the Owner will consider the qualifications of the Bidders, whether or not the bids comply with the prescribed requirements, and such alternates, unit prices and other data as may be requested in the Bid Form, or as may be requested prior to the Notice of Award.

16.3 The Owner will also consider the qualifications and experience of any Subcontractors, suppliers, and other persons and organizations proposed for

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

portions of the work whose identity may be requested in the Bid Form or prior to the Notice of Award.

16.4 The Owner may conduct such investigations as the Owner deems necessary to assist in the evaluation of any bid and to establish the responsibility, qualifications, and financial ability of Bidders, proposed Subcontractors, suppliers, and other persons and organizations to perform and furnish the work in accordance with the Contract Documents to the Owner's satisfaction within the prescribed time.

16.5 If the contract is to be awarded, it will be awarded to the lowest and best qualified, responsible and responsive Bidder with the lowest Base Bid Lump Sum Price or lowest Base Bid Total Unit Price, based on the stipulations contained in the Bid Form in Section 00 41 43. Deducts will not be considered in determining the lowest Base Bid Price for award of the contract.

## 17. QUALIFICATIONS SUBMITTALS

17.1 It is the intention of the Owner to award this contract to a Bidder competent to perform and complete the work in a satisfactory manner and who proposes to employ Subcontractors, if any, competent to perform their portion of the work in a satisfactory manner.

17.2 The Owner shall consider the Bidder qualifications, Subcontractors and suppliers in evaluating the Bidders' bid and shall have the right to reject any Bidder because of information submitted, not submitted, or fraudulently submitted.

17.3 Should the Owner request additional information about the Bidder and any proposed Subcontractors, the Bidder shall submit within seven (7) days of the Owner's request the specific additional information requested by the Owner to define in greater detail the Bidder's Bid Proposal for the Owner's evaluation. Such information shall have the same legal significance as if submitted with the original bid and, if the bid is accepted, shall become legally binding on the Successful Bidder.

## 18. TAXES, PERMITS AND FEES

The Contractor shall pay all applicable sales, consumer, use and other similar taxes required by Federal Mississippi, or any applicable local authority or jurisdiction. The Contractor is responsible for reviewing the pertinent state statutes involving the state sales tax and complying with all requirements. The Contractor is responsible for securing and paying for all required building permits, user fees, franchise fees, utility fees and deposits, or any other permit or fee required in order to carry out the construction work required to complete the Project.

## 19. SIGNING OF AGREEMENT

When the Owner gives a Notice of Award to the Successful Bidder, it will be accompanied by the required number of unsigned counterparts of the Agreement with all other written Contract Documents attached. Within fifteen (15) days thereafter, the

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

Contractor shall sign and deliver the required number of counterparts of the Agreement and attached documents to the Owner with the required bonds and insurance certificates. Within ten (10) days thereafter, the Owner shall deliver one fully signed counterpart to Contractor.

## 20. QUALIFICATIONS OF SURETY COMPANIES

In order to be acceptable to the Owner, a surety company issuing the one-hundred percent (100%) Performance Bond and Payment Bond called for in these Contract Documents shall meet and comply with the following minimum standards:

20.1 The Surety must be currently licensed to do business in the State of Mississippi and shall comply with the provisions of Mississippi State Law.

20.2 The Surety bonds shall be written by (1) a surety or insurance company currently on the U.S. Department of the Treasury Financial Management Service list of approved bonding companies which is published annually in the Federal Register; or (2) by a Mississippi domiciled insurance company with at least an A- rating in the latest printing of the A.M. Best's Key Rating Guide, to write individual bonds up to ten percent (10%) of policyholder's surplus as shown in the A.M. Best's Key Rating Guide.

20.3 No surety or insurance company shall write a bond which is in excess of the amount indicated as approved by (1) the U.S. Department of the Treasury Financial Management Service list; or (2) by a Mississippi domiciled insurance company with an A-rating by A.M. Best, up to a limit of ten (10%) of policyholders surplus as shown by A.M. Best in the State of Mississippi.

20.4 The Surety shall have been in business and have a record of successful continuous operations for at least five (5) years.

20.5 Attorneys-in-fact who sign a Performance Bond or a Payment Bond must attach to such bond a certified copy of their power-of-attorney to sign such bond.

20.6 Agents of surety companies must list their name, address, and telephone number on all bonds.

20.7 All bonds shall be countersigned by a person who is contracted with the surety company as an agent, who is licensed as an insurance agent in Mississippi, and who resides in the State of Mississippi.

20.8 The life of the bonds shall extend twelve (12) months beyond the date of final payment and shall contain a waiver of alteration to the terms of the Contract, extensions of time, and/or forbearance on the part of the Owner.

## 21. REQUIRED DISCLOSURE

21.1 With its bid submission, the Bidder shall disclose all material facts pertaining to any felony conviction or any pending felony charges in the last three (3) years in Mississippi, any other state, or the United States against (a) the Bidder; (b) any

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

business entity related to or affiliated with the Bidder; or (c) any present or former executive employee, officer, director, stockholder, partner or owner of the Bidder, or of any such related or affiliated entity. This disclosure shall not apply to any person or entity which is only a stockholder, which person or entity owns twenty percent (20%) or less of the outstanding shares of the Bidder whose stock is publicly owned and traded.

21.2 At its sole discretion, the Owner may reject any Bidder the Owner finds to lack, or whose present or former executive employees, officers, directors, stockholders, partners or owners are found by the Owner to lack honesty, integrity or moral responsibility. The discretion of the Owner may be exercised based on the disclosure required herein. By submitting a bid, the Bidder recognizes and accepts that the Owner may reject the bid based upon the exercise of its sole discretion, and the Bidder waives any claim it might have for damages or other relief resulting from the rejection of its bid based any grounds.

## 22. PROTESTS

The Owner is responsible for resolution of protests of contract award, claims, disputes, alleged patent infringements, alleged license fees and other related procurement matters in accordance with sound business judgment and good administrative practice. The following procedures shall be used for this purpose:

22.1 Any party with a direct financial interest adversely affected by the Owner's procurement decision shall file a protest under this Article or be barred any further relief.

22.2 A protest must be in writing (oral protests shall not be permitted), must adequately state the basis of the protest and the relief requested, and must be received by the Owner within seven (7) days from the date the basis of the protest was, or should have been, known.

22.3 The Owner shall take action on protests within forty-five (45) days of the receipt thereof. The Owner may defer the protested procurement upon receipt of a procedurally adequate protest, provided that, in any event, the award of a contract or subcontract or procurement of a sub-item may be permitted, at the Owner's sole discretion, where it will not materially affect the resolution of the protest.

22.4 All protests shall be limited to issues arising from the procurement provisions of the Contract and issues relating to state or local law. No protest may be filed with respect to the basic project design.

22.5 The Owner's attorney will establish procedures for resolution of protests. The Owner will rely on Mississippi Law, as well as decisions issued by other states, Federal Courts, the U.S. Comptroller General or other Federal agencies with extensive procurement expertise, if Mississippi Law is not clearly established to resolve protest(s) filed under this section.

# SECTION 00 41 43
# BID FORM

TO: **HANCOCK COUNTY BOARD OF SUPVERVISORS**
**HANCOCK COUNTY, MISSISSIPPI**

Date Submitted: May 16th, 2022

The undersigned, as Bidder, hereby declares that he has examined the site of the work and informed himself fully in regard to all conditions pertaining to the place where the work is to be done; that he has examined the Plans and Specifications for the work and the Contract Documents relative thereto; that he has read all the General Conditions and Special Provisions furnished; and, that he has satisfied himself relative to the Work to be performed.

The Bidder proposes and agrees, if this Proposal is accepted, to contract with the above named Owner, in the form of a contract specified, to furnish all necessary materials, equipment, machinery, tools, apparatus, means of transportation, and labor necessary to complete the construction of the project entitled:

**PROJECT 3.04 KAPALAMA DRIVE AT VIC FAYE ROAD**
**For The**
**HANCOCK COUNTY BOARD OF SUPVERVISORS, HANCOCK COUNTY, MISSISSIPPI**

in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents to the full and entire satisfaction of the Owner, with a definite understanding that no money will be allowed for extra work except as set forth in the attached General Conditions and Contract Documents.

It is agreed that the description under each item, being briefly stated, implies, although it does not mention, all incidentals and that the prices stated are intended to cover all such work, materials, and incidentals as constitute the Bidder's obligations as described in the Specifications and any details not specifically mentioned, but evidently included in the Contract shall be compensated for in the item which most logically includes it.

The bid items listed on the Proposal sheet are generalized only for the purpose of comparing bids. Any differences between these items described and actual quantities and items required for construction shall not be taken as a basis for claims by the Contractor for extra compensation. The compensation will be based upon the lump sum or unit prices and actual construction quantities indicated in the Contract Documents, which include all Plans, Specifications, Bidding Documents and any other enclosed documents.

**BASE BID**

The Work included in the Contract shall consist of drainage improvements along Kapalama Drive at Vic Faye Road, as specified in the Contract Documents.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SELECTED EQUIPMENT AND SUPPLIERS

All Selected Equipment and Supplier items shall be bid according to the following:

1. The items of equipment listed in the Selected Equipment and Supplier Schedule (below) are designated as Selected Equipment and Supplier items to be furnished. The Bidder must base his Lump Sum Price or Unit Price on the Equipment and Supplier items as designated in this schedule and as described in the Specifications. If a substitute item is offered as a bid deduction, the name of the deductive Equipment or Supplier shall be entered in the Deductive Bid Items portion of this Bid Form, and the amount of the deduct shall be written in the provided spaces.

2. The Specifications and Drawings for this project have been developed using configurations, sizes, power requirements, finishes, etc., based on the listed Selected Equipment and Suppliers. Certain other equipment and suppliers may meet the specification requirements with changes or modifications to their standard equipment and redesign of structures, and electrical and mechanical systems. In such case, an item will only be accepted if such offered product is determined by the Owner or the Engineer to be at least equivalent to the product specified, and the cost of any redesign is covered as specified in Paragraph 6.A below.

3. Substitute equipment and suppliers named in the Bid Form will generally be deemed equivalent, provided that the substitute product is equivalent to or better than the product named and described in the Specifications in form, function, performance, reliability, quality, and general configuration. Determination of equality in reference to the project design requirements will be made by the Owner based upon the recommendations of the Engineer.

4. The Base Bid Lump Sum Price or Base Bid Unit Price, as applicable, shall be based on the Selected Equipment and Supplier items.

5. Substitutes for the Selected Equipment and Supplier items will not be considered until after receipt of the Bidder's Proposal.

6. Design of this Project is based upon the Selected Equipment and Supplier's equipment or product as noted as in the preceding bid schedule. Should a Bidder propose to furnish other equipment and supplier items, he shall comply with the following:

   A. The Bidder shall reimburse the Engineer through the Owner for any associated engineering costs for redesign and construction drawings generated by any dimensional, mechanical, electrical, and structural changes and requirements for the substitutes used. The Bidder, therefore, shall include in his bid for such substitute equipment and supplier items, all the additional engineering and construction costs (mechanical, architectural, structural, electrical, and equipment, material, or supplies). The bid for substitute equipment and supplier items shall also include any paid up licenses necessary for the use of the equipment, if required by the manufacturer.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

B. Reimbursement for engineering redesign shall be based upon the Engineer's published hourly rates effective at the time of the review or redesign, plus any direct non-labor expenses such as travel, per diem, or reproduction services.

7. All materials and equipment specified for this project, and not identified in this Bid Form as substitutes or Deductive Bid Items, will be processed as normal submittals after the award of the Contract.

**TERMS AND ENDORSEMENTS**

The Bidder further proposes and agrees hereby to commence the work with an adequate workforce, plant, and equipment at the time stated in the notice to the Contractor from the Engineer to proceed, and to fully complete performance within 60 working days from and after the date stated in the Notice to Proceed.

The undersigned further agrees that, in case of failure on his part to execute the required Contract Agreement and Bonds within 15 consecutive calendar days after written notice being given of the Award of the Contract, the Bid Security in the amount of five percent (5%) of the bid accompanying this Proposal, and the monies payable thereon, shall be paid into the funds of the Owner, as liquidated damages for such failure; otherwise the Bid Security accompanying this Proposal shall be returned to the undersigned.

Attached hereto is a Certified Check or Bid Bond for the sum of Three Hundred Ninty Four Thousand One Hundred Seventy Five ($394,175.00), made payable in United States currency to the Owner, the Hancock County Board of Supervisors, located in Hancock County, Mississippi.

## SECTION 00 45 00
## CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

The prospective participant certifies to the best of its knowledge and belief that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency.
(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal or State antitrust statutes or commission of embezzlement, theft, forgery, falsification or destruction of records, making false statements, or receiving stolen property);
(c) Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification; and
(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

I understand that a false statement on this certification may be grounds for rejection of this proposal or termination of the award. In addition, under United States Code, Title 18, Sec. 1001, a false statement shall be fined as set under this title, imprisoned not more than 5 years or, if the offense involves international or domestic terrorism (as defined in section 2331), imprisoned not more than 8 years, or both. If the matter relates to an offense under chapter 109A, 109B, 110, or 117, or section 1591, then the term of imprisonment imposed under this section shall be not more than 8 years.

## SECTION 00 45 19
## NON-COLLUSION AFFIDAVIT

BEFORE ME, the undersigned authority, personally came and appeared, _____

Scott Holliday (Name) who after being by me duly sworn and deposed said that he is the fully authorized Owner (Title) of Holliday Construction, LLC (Name of Bidder) (hereinafter referred to as bidder), the party who submitted a bid for Project No. 3.04 Kapalama Drive at Vic Faye Road was received by the Hancock County Board of Supervisors on 05/16/2022 and said affiant further said:

(1) The bidder employed no person, corporation, firm, association, or other organization, either directly or indirectly, to secure the public contract under which he received payment, other than persons regularly employed by the bidder whose services in connection with the construction of the public building or project or in securing the public contract were in the regular course of their duties for bidder, and

(2) That no part of the contract price received by bidder was paid or will be paid to any person, corporation, firm, association, or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the bidder whose services in connection with the construction of the public building or project were in the regular course of their duties for bidder.

(3) Said bid is genuine and the bidder has not colluded, conspired, or agreed, directly or indirectly, with any other bidder to offer a sham or collusive bid.

(4) Said bidder has not in any manner, directly or indirectly, agreed with any other person to fix the bid price of affiant or any other bidder, or to fix any overhead profit or cost element of said bid price, or that of any other bidder, or to induce any other person to refrain from bidding.

(5) Said bid is not intended to secure an unfair advantage of benefit from the Diamondhead Water & Sewer District or in favor of any person interested in the proposed contract.

(6) All statements contained in said bid are true and correct.

(7) Neither affiant nor any member of his company has divulged information regarding said bid or any data relative thereto any other person, firm, or corporation.

# SECTION 00 45 43
# AUTHORITY TO EXECUTE CONTRACT

If the Bidder is a corporation, the Bidder shall attach to this page a copy of the corporate resolution of the Board of Directors of the corporation granting the signer the authority to commit the resources of the corporation, to submit bids and to execute the Agreement contained within this document on behalf of the corporation. The resolution of the Board of Directors shall be affixed with the corporate seal and attested by the Secretary or an Assistant Secretary.

If two or more corporations form a Joint Venture for the bid, then each corporation shall attach its resolution as stated above.

Failure to submit the required authorization will result in the bid being rejected.

These requirements are in accordance with Paragraph 11.2 of Section 00 21 13, Instructions to Bidders.

A sample resolution is given on the next page for information purposes for the convenience of Bidders. (See sample on next page)

RE: Hancock County Board of Supervisors
Project No. 3.04 – Kapalama Drive at Vic Faye Road

**Addendum #1**

This Addendum forms a part of the Contract Documents and modifies the original specifications, dated February 22, 2022, as noted below. Acknowledge receipt of this addendum in the space provided on the Bid Forms. Failure to do so may subject Bidder to disqualification.

This Addendum consists of 6 pages.

**Below are items for information or clarification:**

Item #1: Pre-Bid Meeting Notes

a. A copy of the pre-bid meeting agenda/notes (including questions asked) has been included within this addendum.

Item #2: Q: What is the estimated construction cost for this project?
*A: The construction cost estimate range for this project is $275,000 - $350,000.*

Item #3: Q: Section 815 of the Specs states work shall be in accordance with Section 815 of the 2017 Red Book. The smallest size listed in the chart shown in that section is 100 LB. The Plans/Specs reference the use of Size 10 LB and 30 LB riprap. Please clarify.
*A: Additional verbiage and table have been included in this Addendum for clarification of Size 10 LB and 30 LB riprap.*

**Below are changes made to the specifications:**

Item #1: Section 815 – Riprap and Slope Paving

a. Add the following paragraph and table to page 18, Section 815 of the Technical Specifications, Section 02 00 00:

*"815.02 - Materials*

*Stones for riprap, of size specified, shall meet the requirements of the table below.*

engineers | planners | surveyors | environmental scientists | landscape architects

# SECTION 00 52 00
# CONTRACT

This agreement is by and between HANCOCK COUNTY BOARD OF SUPERVISORS (Owner)

and _____ (Contractor).

Owner and Contractor, in consideration of the mutual covenants set forth herein, agree as follows:

ARTICLE 1 - WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows: drainage improvements along Kapalama Drive at Vic Faye Road.

ARTICLE 2 - THE PROJECT

2.01 The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows: Project No. 3.04 Kapalama Drive at Vic Faye Road.

ARTICLE 3 - ENGINEER

3.01 The Project has been designed by: Neel-Schaffer, Inc., who is to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Neel-Schaffer, Inc. in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 - CONTRACT TIMES

4.01 Time of the Essence

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract. The work herein described shall be completed within 60 working days for the project after the date of the Contract Time commences. This date is proposed from the date when the Contract Time commences to run following the issuing of a Notice to Proceed order.

4.02 Liquidated Damages – Liquidated damages shall be assessed at the rate of $500 per day for failure to complete the work within the contract time, without limitation of any other right Owner to recover any other damage, fee, or loss.

ARTICLE 5 - CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents an amount in current funds equal to the sum of the amounts determined below:

Base Bid:_____

A. For all Work, at the prices stated in Contractor's Bid, attached hereto as an exhibit.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

As provided in Paragraph 11.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer as provided in Paragraph 9.07 of the General Conditions. Unit prices have been computed as provided in Paragraph 11.03 of the General Conditions.

ARTICLE 6 - PAYMENT PROCEDURES

6.01 Submittal and Processing of Payments

A. Contractor shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 Progress Payments; Retainage

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment in accordance with Article 14 of the General Conditions during performance of the Work as provided in Paragraph 6.02.A.1 below. All such payments will be measured by the schedule of values established as provided in Paragraph 2.07.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements.

1. Each month progress payments will be made in the amounts indicated in the bid. All items in the bid's schedule of values will be subject to payments being retained or withheld in the event items are not completed or performed as per the contract each month.

6.03 Final Payment

A. Upon final completion and acceptance of the Work in accordance with Paragraph 14.07 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 14.07.

ARTICLE 7 - INTEREST

7.01 All moneys not paid when due as provided in Article 14 of the General Conditions shall bear interest at the rate specified by Mississippi State Law.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Agreement Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents and the other related data identified in the Bidding Documents.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

B. Contractor has visited the Site and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all federal, state, and local Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or contiguous to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities), if any, that have been identified in Paragraph SC-4.02 of the Supplementary Conditions as containing reliable "technical data," and (2) reports and drawings of Hazardous Environmental Conditions, if any, at the Site that have been identified in the Supplementary Conditions as containing reliable "technical data."

E. Contractor has considered the information known to Contractor; information commonly known to contractors doing business in the locality of the site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, including any specific means, methods, techniques, sequences, and procedures of construction expressly required by the Contract Documents; and (3) Contractor's safety precautions and programs.

F. Based on the information and observations referred to in Paragraph 8.01.E above, Contractor does not consider that further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract Documents.

G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

ARTICLE 9 - CONTRACT DOCUMENTS

9.01 Contents

A. The Contract Documents consist of the following:

1. This Agreement.

2. Performance bond.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

3. Payment bond.

4. Other bonds (pages X to X, inclusive).

   a. _____ (pages ___ to ____, inclusive).

   b. _____ (pages ___ to ____, inclusive).

5. General Conditions (pages 0 to 56, inclusive).

6. Supplementary Conditions (pages 1 to 10, inclusive).

7. Specifications as listed in the table of contents of the Project Manual.

8. The Drawings listed on the sheet index included in or with the Project Manual.

9. Addenda (numbers X to X, inclusive).

10. Exhibits to this Agreement (enumerated as follows):

    a. Contractor's Bid (pages X to X, inclusive).

    b. Documentation submitted by Contractor prior to Notice of Award (pages X to X, inclusive).

11. The following which may be delivered or issued on or after the Effective Date of the Agreement and are not attached hereto:

    a. Notice to Proceed (pages X to X, inclusive).

    b. Work Change Directives.

    c. Change Order(s).

12. Certification Regarding Debarment, Suspension, Non-Collusion and Other Responsibility Matters as required by the Project Manager (page 1 only)

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in Paragraph 3.04 of the General Conditions.

9.02 The following provisions are included in the contract as required by federal regulations, as well as any other rule or regulation required by American Recovery Act 2021 regulations, and Contractor shall comply with all related to the work hereunder:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

(1) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(2) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(3) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

(4) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(5) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended - Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(6) Debarment and Suspension (Executive Orders 12549 and 12689) - A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(7) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) - Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(8) Contractor shall maintain all documents and records concerning the contract and work for a period of three (3) years following the submission of the final expenditure report for the grant, and shall cooperate with the County in providing all documents related to any and all reporting required of the County concerning the grant requirements.

ARTICLE 10 - MISCELLANEOUS

10.01 Terms

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

10.02 Assignment of Contract

A. No assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 Successors and Assigns

A. Owner and Contractor each binds itself, its partners, successors, assigns, and legal representatives to the other party hereto, its partners, successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 Severability

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 Contractor's Certifications

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

IN WITNESS WHEREOF, Owner and Contractor have signed this Agreement in duplicate. One counterpart each has been delivered to Owner and Contractor. All portions of the Contract Documents have been signed or identified by Owner and Contractor or on their behalf.

This Agreement will be effective on _____ (which is the Effective Date of the Agreement).

from the Owner, which notice will be given with reasonable promptness, identifying this Bond and the project and including a statement of the amount due.

5. The Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the notice of award agreed to in writing by the Owner and the Bidder, provided that the time for issuing said notice of award including extension shall not in the aggregate exceed 120 days from Bid Due Date without the Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of Default required in Paragraph 4 above is received by the Bidder and the Surety, and in no case later than one year after the Bid Due Date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Any notice required hereunder shall be in writing and sent to the Bidder and the Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. The Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of the Surety to execute, seal and deliver such Bond and bind the Surety thereby.

10. This Bid Bond is intended to conform to all applicable statutory requirements. Any applicable requirement for any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of the Bond conflicts with any applicable provision of any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "bid" as used herein includes bid, bid proposal, or proposal as applicable.

1. The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference.

2. With respect to the Owner, this obligation shall be null and void if the Contractor:

   2.1 Promptly makes payment, directly or indirectly, for all sums due Claimants,

   2.2 Defends, indemnifies and hold harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.

3. With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.

4. The Surety shall have no obligation to Claimants under this Bond until:

   4.1 Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, starting that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.

   4.2 Claimants who do not have a direct contract with the Contractor:

      A. Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim starting, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and

      B. Have either received a rejection in whole or in part from the Contractor, or not received within 30 days of furnishing the above notice any communication from

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and

C. Not having been paid within the above 30 days, have sent a written notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, starting that a claim is being made under this Bond and enclosing a copy of the previous written notice furnished to the Contractor.

5. If a notice required by Paragraph 4 is given by the Owner to the Contractor or to the Surety, which is sufficient compliance.

6. When the Claimant has satisfied the conditions of Paragraph 4, the Surety shall promptly and at the Surety's expense take the following actions:

6.1 Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and that basis for challenging any amounts that are disputed.

6.2 Pay or arrange for payment of any undisputed amounts.

7. The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

8. Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

9. The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.

10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

11. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Subparagraph 4.2 or Clause 4.2.C; or, (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12. Notice to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the signature page. Actual receipt of notice by Surety, the Owner, or the Contractor,

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

however accomplished, shall be sufficient compliance as of the date received at the address shown on the signature page.

13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in the Bond conflicting with said statutory or legal requirements shall be deemed deleted from this Bond and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent of this provision is that this Bond shall be construed as a statutory bond and not as a common law bond.

14. Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor shall promptly furnish a copy of this Bond or shall permit a copy of this Bond to be made.

15. Definition of terms used in this Bond:

15.1 Claimant: An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Contract. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, material or equipment were furnished.

15.2 Construction Contract: The agreement between the Owner and the Contractor identified on the signature page, including all Contract Documents and changes thereto.

15.3 Owner Default: Failure of the Owner, which has neither been remedied nor waived, to pay the Contractor as required by the Construction Contract or to perform and complete or comply with the other terms thereof.

1. The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2. If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.

3. If there is no Owner Default, the Surety's obligation under this Bond shall arise after:

   3.1 The Owner has notified the Contractor and the Surety at its address described in Paragraph 10 below, that the Owner is considering declaring a Contractor Default and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Construction Contract. If the Owner, the Contractor, and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default; and

   3.2 The Owner has declared a Contractor Default and formally terminated the Contractor's right to complete the Contract. Such Contractor Default shall not be declared earlier than twenty days after the Contractor and the Surety have received notice as provided in Subparagraph 3.1; and

   3.3 The Owner has agreed to pay the Balance of the Contract Price to the Surety in accordance with the terms of the Construction Contract or to a contractor selected to perform the Construction Contract in accordance with the terms of the Contract with the Owner.

4. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

   4.1 Arrange for the Contractor, with consent of the Owner, to perform and complete the Construction Contract; or

   4.2 Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors; or

   4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a Contract to be prepared for execution by the Owner and the Contractor selected with the Owner's concurrence, to be secured with Performance and Payment Bonds executed by a qualified Surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 6 in excess of the

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

balance of the Contract Price incurred by the Owner resulting from the Contractor's default; or

4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

A. After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment in this amount to the Owner; or

B. Deny liability in whole or in part and notify the Owner citing the reasons for such denial.

5. If the Surety does not proceed as provided in Paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Subparagraph 4.4, and the Owner refuses the payment tendered, or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

6. After the Owner has terminated the Contractor's right to complete the Construction Contract, and if the Surety elects to act under Subparagraph 4.1, 4.2, or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. To the limit of the amount of this Bond but subject to commitment by the Owner of the Balance of the Contract Price to mitigation of costs and damages on the Construction Contract, the Surety is obligated without duplication for:

6.1 The responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;
6.2 Additional legal, design professional, and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 4; and
6.3 Liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

7. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, or successors.

8. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

9. Any proceeding, legal or equitable, under this bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond,

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

10. Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page.

11. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted from this Bond and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent of this provision is that this Bond shall be construed as a statutory bond and not as a common law bond.

12. Definition of terms used in this Bond:

12.1 Balance of the Contract Price: The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made, including allowance to the Contractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

12.2 Construction Contract: The agreement between the Owner and the Contractor identified on the signature page, including all Contract Documents and changes thereto.

12.3 Contractor Default: Failure of the Contractor, which has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Construction Contract.

12.4 Owner Default: Failure of the Owner, which has neither been remedied nor waived, to pay the Contractor as required by the Construction Contract or to perform and complete or comply with the other terms thereof.

**SECTION 00 62 11**
**SUBMITTAL TRANSMITTAL FORM**

**Date:** _____ **Submittal No.** _____

| **To:** | **From:** |
|---|---|
| | |

Per the General Conditions, contractor shall use this transmittal form for submittal of shop drawings, testing reports, and product information. The procedure for submitting these items is located in the General Conditions.

Contractor shall follow all specifications. Failure to follow all requirements included in the contract documents and specifications will constitute as reason for the return of the submittal for an additional re-submittal. Contractor is to number each submittal.

Project Name: _____
Specification Section No. _____
Contractor: _____
Subcontractor/Supplier: _____

Notes/Comments:

_____
_____
_____

**Submittal Review:**

☐ No Exceptions Taken ☐ Approved as Noted ☐ Revise and Resubmit

☐ Incomplete/Not Reviewed(Resubmit) ☐ Rejected

Review is only for general conformance with the design concept of the project and general compliance with the information given in the contract documents and specifications. Contractor is responsible for: dimensions which shall be confirmed and correlated at the job site; fabrication processes and techniques of construction; coordination of his or her work with that of all other trades; and the satisfactory performance of his or her work. Approval of submittal does not relieve the contractor, subcontractor or material supplier of his or her responsibility to comply with the requirements of the contract documents.

## SECTION 00 63 63
## CHANGE ORDER FORM

CHANGE ORDER FORM

| PROJ. NO. |
|---|
| NAME |

Change Order No. _____

Date Initiated: _____

Engineer's description, explanation, & estimated cost of proposed revision:

In order to facilitate plans for local development, the County has opted to make changes / additions to the Project requirements that result in quantity changes to the following existing items:

There is requested increase in contract time of ___ days due to the cost of the above changes.

The preceding will necessitate the following changes in quantites (if space is not sufficient, use extra forms):

| ITEM NO. | ITEM | UNIT | UNIT PRICE | REVISED QUANTITY | REVISED AMOUNT | ORIGINAL QUANTITY | ORIGINAL AMOUNT |
|---|---|---|---|---|---|---|---|
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| | | | | | $0.00 | | $0.00 |
| Additional contract days requested: | **Amount of over run** and under run | | **$0.00** | TOTAL | $0.00 | TOTAL | $0.00 |

It is mutually agreed to perform and accept the above revisions in accordance with original contract and applicable specifications at the above prices. Approval of this change order by the County Engineer may be subject to and conditioned upon approval by other participating agencies and becomes official upon distribution.

**ARTICLE 1 – DEFINITIONS AND TERMINOLOGY**

1.01 *Defined Terms*

A. Wherever used in the Bidding Requirements or Contract Documents and printed with initial capital letters, the terms listed below will have the meanings indicated which are applicable to both the singular and plural thereof. In addition to terms specifically defined, terms with initial capital letters in the Contract Documents include references to identified articles and paragraphs, and the titles of other documents or forms.

1. *Addenda*—Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the proposed Contract Documents.

2. *Agreement*—The written instrument which is evidence of the agreement between Owner and Contractor covering the Work.

3. *Application for Payment*—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Contract Documents.

4. *Asbestos*—Any material that contains more than one percent asbestos and is friable or is releasing asbestos fibers into the air above current action levels established by the United States Occupational Safety and Health Administration.

5. *Bid*—The offer or proposal of a Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

6. *Bidder*—The individual or entity who submits a Bid directly to Owner.

7. *Bidding Documents*—The Bidding Requirements and the proposed Contract Documents (including all Addenda).

8. *Bidding Requirements*—The advertisement or invitation to bid, Instructions to Bidders, Bid security of acceptable form, if any, and the Bid Form with any supplements.

9. *Change Order*—A document recommended by Engineer which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, issued on or after the Effective Date of the Agreement.

10. *Claim*—A demand or assertion by Owner or Contractor seeking an adjustment of Contract Price or Contract Times, or both, or other relief with respect to the terms of the Contract. A demand for money or services by a third party is not a Claim.

11. *Contract*—The entire and integrated written agreement between the Owner and Contractor concerning the Work. The Contract supersedes prior negotiations, representations, or agreements, whether written or oral.

12. *Contract Documents*—Those items so designated in the Agreement. Only printed or hard copies of the items listed in the Agreement are Contract Documents. Approved Shop Drawings, other

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

Contractor submittals, and the reports and drawings of subsurface and physical conditions are not Contract Documents.

13. *Contract Price*—The moneys payable by Owner to Contractor for completion of the Work in accordance with the Contract Documents as stated in the Agreement (subject to the provisions of Paragraph 11.03 in the case of Unit Price Work).

14. *Contract Times*—The number of days or the dates stated in the Agreement to: (i) achieve Milestones, if any; (ii) achieve Substantial Completion; and (iii) complete the Work so that it is ready for final payment as evidenced by Engineer's written recommendation of final payment.

15. *Contractor*—The individual or entity with whom Owner has entered into the Agreement.

16. *Cost of the Work*—See Paragraph 11.01 for definition.

17. *Drawings*—That part of the Contract Documents prepared or approved by Engineer which graphically shows the scope, extent, and character of the Work to be performed by Contractor. Shop Drawings and other Contractor submittals are not Drawings as so defined.

18. *Effective Date of the Agreement*—The date indicated in the Agreement on which it becomes effective, but if no such date is indicated, it means the date on which the Agreement is signed and delivered by the last of the two parties to sign and deliver.

19. *Engineer*—The individual or entity named as such in the Agreement.

20. *Field Order*—A written order issued by Engineer which requires minor changes in the Work but which does not involve a change in the Contract Price or the Contract Times.

21. *General Requirements*—Sections of Division 1 of the Specifications.

22. *Hazardous Environmental Condition*—The presence at the Site of Asbestos, PCBs, Petroleum, Hazardous Waste, or Radioactive Material in such quantities or circumstances that may present a substantial danger to persons or property exposed thereto.

23. *Hazardous Waste*—The term Hazardous Waste shall have the meaning provided in Section 1004 of the Solid Waste Disposal Act (42 USC Section 6903) as amended from time to time.

24. *Laws and Regulations; Laws or Regulations*—Any and all applicable laws, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

25. *Liens*—Charges, security interests, or encumbrances upon Project funds, real property, or personal property.

26. *Milestone*—A principal event specified in the Contract Documents relating to an intermediate completion date or time prior to Substantial Completion of all the Work.

27. *Notice of Award*—The written notice by Owner to the Successful Bidder stating that upon timely compliance by the Successful Bidder with the conditions precedent listed therein, Owner will sign and deliver the Agreement.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

28. *Notice to Proceed*—A written notice given by Owner to Contractor fixing the date on which the Contract Times will commence to run and on which Contractor shall start to perform the Work under the Contract Documents.

29. *Owner*—The individual or entity with whom Contractor has entered into the Agreement and for whom the Work is to be performed.

30. *PCBs*—Polychlorinated biphenyls.

31. *Petroleum*—Petroleum, including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and 14.7 pounds per square inch absolute), such as oil, petroleum, fuel oil, oil sludge, oil refuse, gasoline, kerosene, and oil mixed with other non-Hazardous Waste and crude oils.

32. *Progress Schedule*—A schedule, prepared and maintained by Contractor, describing the sequence and duration of the activities comprising the Contractor's plan to accomplish the Work within the Contract Times.

33. *Project*—The total construction of which the Work to be performed under the Contract Documents may be the whole, or a part.

34. *Project Manual*—The bound documentary information prepared for bidding and constructing the Work. A listing of the contents of the Project Manual, which may be bound in one or more volumes, is contained in the table(s) of contents.

35. *Radioactive Material*—Source, special nuclear, or byproduct material as defined by the Atomic Energy Act of 1954 (42 USC Section 2011 et seq.) as amended from time to time.

36. *Resident Project Representative*—The authorized representative of Engineer who may be assigned to the Site or any part thereof.

37. *Samples*—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and which establish the standards by which such portion of the Work will be judged.

38. *Schedule of Submittals*—A schedule, prepared and maintained by Contractor, of required submittals and the time requirements to support scheduled performance of related construction activities.

39. *Schedule of Values*—A schedule, prepared and maintained by Contractor, allocating portions of the Contract Price to various portions of the Work and used as the basis for reviewing Contractor's Applications for Payment.

40. *Shop Drawings*—All drawings, diagrams, illustrations, schedules, and other data or information which are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work.

41. *Site*—Lands or areas indicated in the Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements for access thereto, and such other lands furnished by Owner which are designated for the use of Contractor.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

42. *Specifications*—That part of the Contract Documents consisting of written requirements for materials, equipment, systems, standards and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable thereto.

43. *Subcontractor*—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work at the Site.

44. *Substantial Completion*—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

45. *Successful Bidder*—The Bidder submitting a responsive Bid to whom Owner makes an award.

46. *Supplementary Conditions*—That part of the Contract Documents which amends or supplements these General Conditions.

47. *Supplier*—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or Subcontractor.

48. *Underground Facilities*—All underground pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic or other control systems.

49. *Unit Price Work*—Work to be paid for on the basis of unit prices.

50. *Work*—The entire construction or the various separately identifiable parts thereof required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction, and furnishing, installing, and incorporating all materials and equipment into such construction, all as required by the Contract Documents.

51. *Work Change Directive*—A written statement to Contractor issued on or after the Effective Date of the Agreement and signed by Owner and recommended by Engineer ordering an addition, deletion, or revision in the Work, or responding to differing or unforeseen subsurface or physical conditions under which the Work is to be performed or to emergencies. A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the change ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order following negotiations by the parties as to its effect, if any, on the Contract Price or Contract Times.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

1.02 *Terminology*

A. The words and terms discussed in Paragraph 1.02.B through F are not defined but, when used in the Bidding Requirements or Contract Documents, have the indicated meaning.

B. *Intent of Certain Terms or Adjectives:*

1. The Contract Documents include the terms "as allowed," "as approved," "as ordered," "as directed" or terms of like effect or import to authorize an exercise of professional judgment by Engineer. In addition, the adjectives "reasonable," "suitable," "acceptable," "proper," "satisfactory," or adjectives of like effect or import are used to describe an action or determination of Engineer as to the Work. It is intended that such exercise of professional judgment, action, or determination will be solely to evaluate, in general, the Work for compliance with the information in the Contract Documents and with the design concept of the Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective is not intended to and shall not be effective to assign to Engineer any duty or authority to supervise or direct the performance of the Work, or any duty or authority to undertake responsibility contrary to the provisions of Paragraph 9.09 or any other provision of the Contract Documents.

C. *Day:*

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

D. *Defective:*

1. The word "defective," when modifying the word "Work," refers to Work that is unsatisfactory, faulty, or deficient in that it:

a. does not conform to the Contract Documents; or

b. does not meet the requirements of any applicable inspection, reference standard, test, or approval referred to in the Contract Documents; or

c. has been damaged prior to Engineer's recommendation of final payment (unless responsibility for the protection thereof has been assumed by Owner at Substantial Completion in accordance with Paragraph 14.04 or 14.05).

E. *Furnish, Install, Perform, Provide:*

1. The word "furnish," when used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

2. The word "install," when used in connection with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

3. The words "perform" or "provide," when used in connection with services, materials, or equipment, shall mean to furnish and install said services, materials, or equipment complete and ready for intended use.

4. When "furnish," "install," "perform," or "provide" is not used in connection with services, materials, or equipment in a context clearly requiring an obligation of Contractor, "provide" is implied.

F. Unless stated otherwise in the Contract Documents, words or phrases that have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

**ARTICLE 2 – PRELIMINARY MATTERS**

2.01 *Delivery of Bonds and Evidence of Insurance*

A. When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner such bonds as Contractor may be required to furnish.

B. *Evidence of Insurance:* Before any Work at the Site is started, Contractor and Owner shall each deliver to the other, with copies to each additional insured identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance which either of them or any additional insured may reasonably request) which Contractor and Owner respectively are required to purchase and maintain in accordance with Article 5.

2.02 *Copies of Documents*

A. Owner shall furnish to Contractor up to five printed or hard copies of the Drawings and Project Manual and one set in electronic format. Additional copies will be furnished upon request at the cost of reproduction.

2.03 *Commencement of Task Order Times; Notice to Proceed*

A. The Task Order Time will commence to run on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Task Order. In no event will the Task Order Time commence to run later than the sixtieth day after the effective date on the task order

2.04 *Starting the Work*

A. Contractor shall start to perform the Work on the date when the Task Order Times commence to run. No Work shall be done at the Site prior to the date on which the Task Order Times commence to run.

2.05 *Before Starting Construction*

A. *Preliminary Schedules:* Within 10 days after the Effective Date of the Task Order, Contractor shall submit to Engineer for timely review:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

1. a preliminary Progress Schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract Documents;

2. a preliminary Schedule of Submittals

2.06 *Preconstruction Conference; Designation of Authorized Representatives*

A. Before any Work at the Site is started following each Task Order, a conference attended by Owner, Contractor, Engineer, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in Paragraph 2.05.A, procedures for handling Shop Drawings and other submittals, processing Applications for Payment, and maintaining required records.

B. At this conference Owner and Contractor each shall designate, in writing, a specific individual to act as its authorized representative with respect to the services and responsibilities under the Contract. Such individuals shall have the authority to transmit instructions, receive information, render decisions relative to the Contract, and otherwise act on behalf of each respective party.

2.07 *Initial Acceptance of Schedules*

A. At least 10 days before submission of the first Application for Payment a conference attended by Contractor, Engineer, and others as appropriate will be held to review for acceptability to Engineer as provided below the schedules submitted in accordance with Paragraph 2.05.A. Contractor shall have an additional 10 days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to Contractor until acceptable schedules are submitted to Engineer.

1. The Progress Schedule will be acceptable to Engineer if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

2. Contractor's Schedule of Submittals will be acceptable to Engineer if it provides a workable arrangement for reviewing and processing the required submittals.

**ARTICLE 3 – CONTRACT DOCUMENTS: INTENT, AMENDING, REUSE**

3.01 *Intent*

A. The Contract Documents are complementary; what is required by one is as binding as if required by all.

B. It is the intent of the Contract Documents to describe a functionally complete project (or part thereof) to be constructed in accordance with the Contract Documents. Any labor, documentation, services, materials, or equipment that reasonably may be inferred from the Contract Documents or from prevailing custom or trade usage as being required to produce the indicated result will be provided whether or not specifically called for, at no additional cost to Owner.

C. Clarifications and interpretations of the Contract Documents shall be issued by Engineer as provided in Article 9.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

3.02 *Reference Standards*

A. Standards, Specifications, Codes, Laws, and Regulations

1. Reference to standards, specifications, manuals, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard, specification, manual, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Agreement if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard, specification, manual, or code, or any instruction of a Supplier, shall be effective to change the duties or responsibilities of Owner, Contractor, or Engineer, or any of their subcontractors, consultants, agents, or employees, from those set forth in the Contract Documents. No such provision or instruction shall be effective to assign to Owner, Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the Contract Documents.

3. The work shall be performed in accordance with the Mississippi Standard Specifications for Road and Bridge Construction, 2017 edition, and any supplement or amendments thereto issued prior to the date of these Contract Documents, except as modified or supplemented in these General Conditions, Special Provisions, drawings, or other Contract Documents.

4. Coordination of plans and specifications shall be in accordance with the Mississippi Standard Specifications for Road and Bridge Construction, 2017 edition

5. Standard Specifications: Refer in precedent order to the Mississippi Standard Specifications for Road and Bridge Construction, 2017 edition, and the other specifications of ASTM, ANSI, AWWA, etc., as referenced and as published on the date of the bid advertisement.

3.03 *Reporting and Resolving Discrepancies*

A. *Reporting Discrepancies:*

1. *Contractor's Review of Contract Documents Before Starting Work*: Before undertaking each part of the Work, Contractor shall carefully study and compare the Contract Documents and check and verify pertinent figures therein and all applicable field measurements. Contractor shall promptly report in writing to Engineer any conflict, error, ambiguity, or discrepancy which Contractor discovers, or has actual knowledge of, and shall obtain a written interpretation or clarification from Engineer before proceeding with any Work affected thereby.

2. *Contractor's Review of Contract Documents During Performance of Work*: If, during the performance of the Work, Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents, or between the Contract Documents and (a) any applicable Law or Regulation , (b) any standard, specification, manual, or code, or (c) any instruction of any Supplier, then Contractor shall promptly report it to Engineer in writing. Contractor shall not proceed with the Work affected thereby (except in an emergency as required by Paragraph 6.16.A) until an amendment or supplement to the Contract Documents has been issued by one of the methods indicated in Paragraph 3.04.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

3. Contractor shall not be liable to Owner or Engineer for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless Contractor had actual knowledge thereof.

B. *Resolving Discrepancies:*

1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the Contract Documents shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between the provisions of the Contract Documents and:

a. the provisions of any standard, specification, manual, or code, or the instruction of any Supplier (whether or not specifically incorporated by reference in the Contract Documents); or

b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

3.04 *Amending and Supplementing Contract Documents*

A. The Contract Documents may be amended to provide for additions, deletions, and revisions in the Work or to modify the terms and conditions thereof by either a Change Order or a Work Change Directive.

B. The requirements of the Contract Documents may be supplemented, and minor variations and deviations in the Work may be authorized, by one or more of the following ways:

1. A Field Order;

2. Engineer's approval of a Shop Drawing or Sample (subject to the provisions of Paragraph 6.17.D.3); or

3. Engineer's written interpretation or clarification.

3.05 *Reuse of Documents*

A. Contractor and any Subcontractor or Supplier shall not:

1. have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of Engineer or its consultants, including electronic media editions; or

2. reuse any such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of Owner and Engineer and specific written verification or adaptation by Engineer.

B. The prohibitions of this Paragraph 3.05 will survive final payment, or termination of the Contract. Nothing herein shall preclude Contractor from retaining copies of the Contract Documents for record purposes.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

3.06 *Electronic Data*

A. Unless otherwise stated in the Supplementary Conditions, the data furnished by Owner or Engineer to Contractor, or by Contractor to Owner or Engineer, that may be relied upon are limited to the printed copies (also known as hard copies). Files in electronic media format of text, data, graphics, or other types are furnished only for the convenience of the receiving party. Any conclusion or information obtained or derived from such electronic files will be at the user's sole risk. If there is a discrepancy between the electronic files and the hard copies, the hard copies govern.

B. Because data stored in electronic media format can deteriorate or be modified inadvertently or otherwise without authorization of the data's creator, the party receiving electronic files agrees that it will perform acceptance tests or procedures within 60 days, after which the receiving party shall be deemed to have accepted the data thus transferred. Any errors detected within the 60-day acceptance period will be corrected by the transferring party.

C. When transferring documents in electronic media format, the transferring party makes no representations as to long term compatibility, usability, or readability of documents resulting from the use of software application packages, operating systems, or computer hardware differing from those used by the data's creator.

**ARTICLE 4 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS; REFERENCE POINTS**

4.01 *Availability of Lands*

A. Owner shall furnish the Site. Owner shall notify Contractor of any encumbrances or restrictions not of general application but specifically related to use of the Site with which Contractor must comply in performing the Work. Owner will obtain in a timely manner and pay for easements for permanent structures or permanent changes in existing facilities. If Contractor and Owner are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, as a result of any delay in Owner's furnishing the Site or a part thereof, Contractor may make a Claim therefor as provided in Paragraph 10.05.

B. Upon reasonable written request, Owner shall furnish Contractor with a current statement of record legal title and legal description of the lands upon which the Work is to be performed and Owner's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.

C. Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

4.02 *Subsurface and Physical Conditions*

A. *Reports and Drawings:*

1. No reports are known to Owner of explorations and tests of subsurface conditions at or contiguous to the Site; and

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

2. No maps of existing underground utilities and facilities are available from Hancock County for the Contractor's information. Contractor is responsible for identifying and locating underground utilities.

B. *Limited Reliance by Contractor on Technical Data Authorized:* Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors with respect to:

1. the completeness of such specifications and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any "technical data" or any such other data, interpretations, opinions, or information.

4. Any aspects of the Contractor's means, methods, techniques, sequences, procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto.

4.03 *Differing Subsurface or Physical Conditions*

A. *Notice:* If Contractor believes that any subsurface or physical condition that is uncovered or revealed either:

1. is of such a nature as to require a change in the Contract Documents; or

2. differs materially from that shown or indicated in the Contract Documents; or

3. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents;

then Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by Paragraph 6.16.A), notify Owner and Engineer in writing about such condition. Contractor shall not further disturb such condition or perform any Work in connection therewith (except as aforesaid) until receipt of written order to do so.

B. *Engineer's Review*: After receipt of written notice as required by Paragraph 4.03.A, Engineer will promptly review the pertinent condition, determine the necessity of Owner's obtaining additional exploration or tests with respect thereto, and advise Owner in writing (with a copy to Contractor) of Engineer's findings and conclusions.

C. *Possible Price and Times Adjustments:*

1. The Contract Price or the Contract Times, or both, will be equitably adjusted to the extent that the existence of such differing subsurface or physical condition causes an increase or decrease in

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

a. such condition must meet any one or more of the categories described in Paragraph 4.03.A; and

b. with respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraphs 9.07 and 11.03.

2. Contractor shall not be entitled to any adjustment in the Contract Price or Contract Times if:

a. Contractor knew of the existence of such conditions at the time Contractor made a final commitment to Owner with respect to Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract; or

b. the existence of such condition could reasonably have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas required by the Bidding Requirements or Contract Documents to be conducted by or for Contractor prior to Contractor's making such final commitment; or

c. Contractor failed to give the written notice as required by Paragraph 4.03.A.

3. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, a Claim may be made therefor as provided in Paragraph 10.05. However, neither Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors shall be liable to Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by Contractor on or in connection with any other project or anticipated project.

4.04 *Underground Facilities*

A. *Shown or Indicated:* The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or contiguous to the Site is based on information and data furnished to Owner or Engineer by the owners of such Underground Facilities, including Owner, or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

1. Owner and Engineer shall not be responsible for the accuracy or completeness of any such information or data provided by others; and

2. the cost of all of the following will be included in the Contract Price, and Contractor shall have full responsibility for:

a. reviewing and checking all such information and data;

b. locating all Underground Facilities shown or indicated in the Contract Documents;

c. coordination of the Work with the owners of such Underground Facilities, including Owner, during construction; and

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

d. the safety and protection of all such Underground Facilities and repairing any damage thereto resulting from the Work.

B. *Not Shown or Indicated:*

1. If an Underground Facility is uncovered or revealed at or contiguous to the Site which was not shown or indicated, or not shown or indicated with reasonable accuracy in the Contract Documents, Contractor shall, promptly after becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by Paragraph 6.16.A), identify the owner of such Underground Facility and give written notice to that owner and to Owner and Engineer. Engineer will promptly review the Underground Facility and determine the extent, if any, to which a change is required in the Contract Documents to reflect and document the consequences of the existence or location of the Underground Facility. During such time, Contractor shall be responsible for the safety and protection of such Underground Facility.

2. If Engineer concludes that a change in the Contract Documents is required, a Work Change Directive or a Change Order will be issued to reflect and document such consequences. An equitable adjustment shall be made in the Contract Price or Contract Times, or both, to the extent that they are attributable to the existence or location of any Underground Facility that was not shown or indicated or not shown or indicated with reasonable accuracy in the Contract Documents and that Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment in Contract Price or Contract Times, Owner or Contractor may make a Claim therefore as provided in Paragraph 10.05.

4.05 *Reference Points*

A. Owner shall provide engineering surveys to establish reference points for construction which in Engineer's judgment are necessary to enable Contractor to proceed with the Work. Contractor shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of Owner. Contractor shall report to Engineer whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

4.06 *Hazardous Environmental Condition at Site*

A. *Reports and Drawings:* No reports and drawings are known to Owner relating to Hazardous Environmental Conditions that have been identified at the Site.

B. Contractor shall not be responsible for any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work. Contractor shall be responsible for a Hazardous Environmental Condition created with any materials brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

C. If Contractor encounters a Hazardous Environmental Condition or if Contractor or anyone for whom Contractor is responsible creates a Hazardous Environmental Condition, Contractor shall immediately: (i) secure or otherwise isolate such condition; (ii) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Paragraph 6.16.A); and (iii) notify Owner and Engineer (and promptly thereafter confirm such notice in writing). Owner shall promptly consult with Engineer concerning the necessity for Owner to retain a qualified expert to evaluate such condition or take corrective action, if any. Promptly after consulting with Engineer, Owner shall take such actions as are necessary to permit Owner to timely obtain required permits and provide Contractor the written notice required by Paragraph 4.06.E.

D. Contractor shall not be required to resume Work in connection with such condition or in any affected area until after Owner has obtained any required permits related thereto and delivered written notice to Contractor: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work; or (ii) specifying any special conditions under which such Work may be resumed safely. If Owner and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by Contractor, either party may make a Claim therefor as provided in Paragraph 10.05.

E. If after receipt of such written notice Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then Owner may order the portion of the Work that is in the area affected by such condition to be deleted from the Work. If Owner and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of an adjustment in Contract Price or Contract Times as a result of deleting such portion of the Work, then either party may make a Claim therefor as provided in Paragraph 10.05. Owner may have such deleted portion of the Work performed by Owner's own forces or others in accordance with Article 7.

F. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition: (i) was not shown or indicated in the Drawings or Specifications or identified in the Contract Documents to be included within the scope of the Work, and (ii) was not created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 4.06.G shall obligate Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

G. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 4.06.H shall obligate Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

H. The provisions of Paragraphs 4.02, 4.03, and 4.04 do not apply to a Hazardous Environmental Condition uncovered or revealed at the Site.

**ARTICLE 5 – BONDS AND INSURANCE**

5.01 *Performance, Payment, and Other Bonds*

A. Within 10 days of the initial agreement, Contractor shall furnish a certified letter from a bonding company, as deemed acceptable by these documents, stating that the contractor can maintain this capacity (less the value of any completed task orders) at all times during the contract duration.

B. Contractor shall furnish performance and payment bonds within 10 days of the effective date of any Task Order in the amount of $100,000 or greater, each in the amount at least equal to the Task Order estimated value, as security for the performance and payment of all Contractor's obligations under the contract documents. These bonds shall remain in effect until expiration of the task order. Contractor shall also furnish such other bonds as are required by the Contract Documents.

C. All bonds shall be in the form prescribed by the Contract Documents except as provided otherwise by Laws or Regulations, and shall be executed by such sureties as are named in the list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. All bonds signed by an agent or attorney-in-fact must be accompanied by a certified copy of that individual's authority to bind the surety. The evidence of authority shall show that it is effective on the date the agent or attorney-in-fact signed each bond.

D. If the surety on any bond furnished by Contractor is declared bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the Project is located or it ceases to meet the requirements of Paragraph 5.01.B, Contractor shall promptly notify Owner and Engineer and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the requirements of Paragraphs 5.01.B and 5.02.

5.02 *Licensed Sureties and Insurers*

A. All bonds and insurance required by the Contract Documents to be purchased and maintained by Owner or Contractor shall be obtained from surety or insurance companies that are duly licensed or authorized in the jurisdiction in which the Project is located to issue bonds or insurance policies for the limits and coverages so required. Such surety and insurance companies shall also meet such additional requirements and qualifications as may be provided in the Supplementary Conditions.

5.03 *Certificates of Insurance*

A. Contractor shall deliver to Owner, with copies to each additional insured and loss payee identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance requested by Owner or any other additional insured) which Contractor is required to purchase and maintain.

B. Owner shall deliver to Contractor, with copies to each additional insured and loss payee identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance requested by Contractor or any other additional insured) which Owner is required to purchase and maintain.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

C. Failure of Owner to demand such certificates or other evidence of Contractor's full compliance with these insurance requirements or failure of Owner to identify a deficiency in compliance from the evidence provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance.

D. Owner does not represent that insurance coverage and limits established in this Contract necessarily will be adequate to protect Contractor.

E. The insurance and insurance limits required herein shall not be deemed as a limitation on Contractor's liability under the indemnities granted to Owner in the Contract Documents.

5.04 *Contractor's Insurance*

A. Contractor shall purchase and maintain such insurance as is appropriate for the Work being performed and as will provide protection from claims set forth below which may arise out of or result from Contractor's performance of the Work and Contractor's other obligations under the Contract Documents, whether it is to be performed by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable:

1. claims under workers' compensation, disability benefits, and other similar employee benefit acts;

2. claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees;

3. claims for damages because of bodily injury, sickness or disease, or death of any person other than Contractor's employees;

4. claims for damages insured by reasonably available personal injury liability coverage which are sustained:

   a. by any person as a result of an offense directly or indirectly related to the employment of such person by Contractor, or

   b. by any other person for any other reason;

5. claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom; and

6. claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance or use of any motor vehicle.

B. The policies of insurance required by this Paragraph 5.04 shall:

1. with respect to insurance required by Paragraphs 5.04.A.3 through 5.04.A.6 inclusive, be written on an occurrence basis, include as additional insureds (subject to any customary exclusion regarding professional liability) Owner and Engineer, and any other individuals or entities identified in the Supplementary Conditions, all of whom shall be listed as additional insureds, and include coverage for the respective officers, directors, members, partners, employees, agents, consultants, and

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

subcontractors of each and any of all such additional insureds, and the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby;

2. include at least the specific coverages and be written for not less than the limits of liability provided in the Supplementary Conditions or required by Laws or Regulations, whichever is greater;

3. include contractual liability insurance covering Contractor's indemnity obligations under Paragraphs 6.11 and 6.20;

4. contain a provision or endorsement that the coverage afforded will not be canceled, materially changed or renewal refused until at least 30 days prior written notice has been given to Owner and Contractor and to each other additional insured identified in the Supplementary Conditions to whom a certificate of insurance has been issued (and the certificates of insurance furnished by the Contractor pursuant to Paragraph 5.03 will so provide);

5. remain in effect at least until final payment and at all times thereafter when Contractor may be correcting, removing, or replacing defective Work in accordance with Paragraph 13.07; and

6. include completed operations coverage:

   a. Such insurance shall remain in effect for two years after final payment.

   b. Contractor shall furnish Owner and each other additional insured identified in the Supplementary Conditions, to whom a certificate of insurance has been issued, evidence satisfactory to Owner and any such additional insured of continuation of such insurance at final payment and one year thereafter.

5.05 *Owner's Liability Insurance*

A. In addition to the insurance required to be provided by Contractor under Paragraph 5.04, Owner, at Owner's option, may purchase and maintain at Owner's expense Owner's own liability insurance as will protect Owner against claims which may arise from operations under the Contract Documents.

5.06 *Waiver of Rights*

A. Owner and Contractor intend that all policies purchased in accordance with Paragraph 5.06 will protect Owner, Contractor, Subcontractors, and Engineer, and all other individuals or entities identified in the Supplementary Conditions as loss payees (and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them) in such policies and will provide primary coverage for all losses and damages caused by the perils or causes of loss covered thereby. All such policies shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any of the insureds or loss payees thereunder. Owner and Contractor waive all rights against each other and their respective officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them for all losses and damages caused by, arising out of or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Subcontractors and Engineer, and all other individuals or entities identified in the Supplementary Conditions as loss payees (and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them) under such policies for losses and

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

damages so caused. None of the above waivers shall extend to the rights that any party making such waiver may have to the proceeds of insurance held by Owner as trustee or otherwise payable under any policy so issued.

B. Owner waives all rights against Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them for:

1. loss due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to Owner's property or the Work caused by, arising out of, or resulting from fire or other perils whether or not insured by Owner; and

2. loss or damage to the completed Project or part thereof caused by, arising out of, or resulting from fire or other insured peril or cause of loss covered by any property insurance maintained on the completed Project or part thereof by Owner during partial utilization pursuant to Paragraph 14.05, after Substantial Completion pursuant to Paragraph 14.04, or after final payment pursuant to Paragraph 14.07.

5.07 *Acceptance of Bonds and Insurance; Option to Replace*

A. If either Owner or Contractor has any objection to the coverage afforded by or other provisions of the bonds or insurance required to be purchased and maintained by the other party in accordance with Article 5 on the basis of non-conformance with the Contract Documents, the objecting party shall so notify the other party in writing within 10 days after receipt of the certificates (or other evidence requested) required by Paragraph 2.01.B. Owner and Contractor shall each provide to the other such additional information in respect of insurance provided as the other may reasonably request. If either party does not purchase or maintain all of the bonds and insurance required of such party by the Contract Documents, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage. Without prejudice to any other right or remedy, the other party may elect to obtain equivalent bonds or insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and a Change Order shall be issued to adjust the Contract Price accordingly.

**ARTICLE 6 – CONTRACTOR'S RESPONSIBILITIES**

6.01 *Supervision and Superintendence*

A. Contractor shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction. Contractor shall not be responsible for the negligence of Owner or Engineer in the design or specification of a specific means, method, technique, sequence, or procedure of construction which is shown or indicated in and expressly required by the Contract Documents.

B. At all times during the progress of the Work, Contractor shall assign a competent resident superintendent who shall not be replaced without written notice to Owner and Engineer except under extraordinary circumstances.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

6.02 *Labor; Working Hours*

A. Contractor shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. Contractor shall at all times maintain good discipline and order at the Site.

B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site shall be performed during regular working hours. Contractor will not permit the performance of Work on a Saturday, Sunday, or any legal holiday without Owner's written consent (which will not be unreasonably withheld) given after prior written notice to Engineer.

6.03 *Services, Materials, and Equipment*

A. Unless otherwise specified in the Contract Documents, Contractor shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start-up, and completion of the Work.

B. All materials and equipment incorporated into the Work shall be as specified or, if not specified, shall be of good quality and new, except as otherwise provided in the Contract Documents. All special warranties and guarantees required by the Specifications shall expressly run to the benefit of Owner. If required by Engineer, Contractor shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment.

C. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

6.04 *Progress Schedule*

A. Contractor shall adhere to the Progress Schedule established in accordance with Paragraph 2.05 as it may be adjusted from time to time as provided below.

1. Contractor shall submit to Engineer for acceptance (to the extent indicated in Paragraph 2.05) proposed adjustments in the Progress Schedule that will not result in changing the Contract Times. Such adjustments will comply with any provisions of the General Requirements applicable thereto.

2. Proposed adjustments in the Progress Schedule that will change the Contract Times shall be submitted in accordance with the requirements of Article 12. Adjustments in Contract Times may only be made by a Change Order.

6.05 *Substitutes and "Or-Equals"*

A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the specification or description is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

"or-equal" item or no substitution is permitted, other items of material or equipment or material or equipment of other Suppliers may be submitted to Engineer for review under the circumstances described below.

1. *"Or-Equal" Items:* If in Engineer's sole discretion an item of material or equipment proposed by Contractor is functionally equal to that named and sufficiently similar so that no change in related Work will be required, it may be considered by Engineer as an "or-equal" item, in which case review and approval of the proposed item may, in Engineer's sole discretion, be accomplished without compliance with some or all of the requirements for approval of proposed substitute items. For the purposes of this Paragraph 6.05.A.1, a proposed item of material or equipment will be considered functionally equal to an item so named if:

    a. in the exercise of reasonable judgment Engineer determines that:

        1) it is at least equal in materials of construction, quality, durability, appearance, strength, and design characteristics;

        2) it will reliably perform at least equally well the function and achieve the results imposed by the design concept of the completed Project as a functioning whole; and

        3) it has a proven record of performance and availability of responsive service.

    b. Contractor certifies that, if approved and incorporated into the Work:

        1) there will be no increase in cost to the Owner or increase in Contract Times; and

        2) it will conform substantially to the detailed requirements of the item named in the Contract Documents.

2. *Substitute Items:*

    a. If in Engineer's sole discretion an item of material or equipment proposed by Contractor does not qualify as an "or-equal" item under Paragraph 6.05.A.1, it will be considered a proposed substitute item.

    b. Contractor shall submit sufficient information as provided below to allow Engineer to determine if the item of material or equipment proposed is essentially equivalent to that named and an acceptable substitute therefor. Requests for review of proposed substitute items of material or equipment will not be accepted by Engineer from anyone other than Contractor.

    c. The requirements for review by Engineer will be as set forth in Paragraph 6.05.A.2.d, as supplemented by the General Requirements, and as Engineer may decide is appropriate under the circumstances.

    d. Contractor shall make written application to Engineer for review of a proposed substitute item of material or equipment that Contractor seeks to furnish or use. The application:

        1) shall certify that the proposed substitute item will:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

a) perform adequately the functions and achieve the results called for by the general design,

b) be similar in substance to that specified, and

c) be suited to the same use as that specified;

2) will state:

a) the extent, if any, to which the use of the proposed substitute item will prejudice Contractor's achievement of Substantial Completion on time,

b) whether use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Owner for other work on the Project) to adapt the design to the proposed substitute item, and

c) whether incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty;

3) will identify:

a) all variations of the proposed substitute item from that specified, and

b) available engineering, sales, maintenance, repair, and replacement services; and

4) shall contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including costs of redesign and claims of other contractors affected by any resulting change.

B. *Substitute Construction Methods or Procedures:* If a specific means, method, technique, sequence, or procedure of construction is expressly required by the Contract Documents, Contractor may furnish or utilize a substitute means, method, technique, sequence, or procedure of construction approved by Engineer. Contractor shall submit sufficient information to allow Engineer, in Engineer's sole discretion, to determine that the substitute proposed is equivalent to that expressly called for by the Contract Documents. The requirements for review by Engineer will be similar to those provided in Paragraph 6.05.A.2.

C. *Engineer's Evaluation:* Engineer will be allowed a reasonable time within which to evaluate each proposal or submittal made pursuant to Paragraphs 6.05.A and 6.05.B. Engineer may require Contractor to furnish additional data about the proposed substitute item. Engineer will be the sole judge of acceptability. No "or equal" or substitute will be ordered, installed or utilized until Engineer's review is complete, which will be evidenced by a Change Order in the case of a substitute and an approved Shop Drawing for an "or equal." Engineer will advise Contractor in writing of any negative determination.

D. *Special Guarantee:* Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.

E. *Engineer's Cost Reimbursement*: Engineer will record Engineer's costs in evaluating a substitute proposed or submitted by Contractor pursuant to Paragraphs 6.05.A.2 and 6.05.B. Whether or not Engineer approves a substitute so proposed or submitted by Contractor, Contractor shall reimburse

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

Owner for the reasonable charges of Engineer for evaluating each such proposed substitute. Contractor shall also reimburse Owner for the reasonable charges of Engineer for making changes in the Contract Documents (or in the provisions of any other direct contract with Owner) resulting from the acceptance of each proposed substitute.

F. *Contractor's Expense*: Contractor shall provide all data in support of any proposed substitute or "or-equal" at Contractor's expense.

6.06 *Concerning Subcontractors, Suppliers, and Others*

A. Contractor shall not employ any Subcontractor, Supplier, or other individual or entity (including those acceptable to Owner as indicated in Paragraph 6.06.B), whether initially or as a replacement, against whom Owner may have reasonable objection. Contractor shall not be required to employ any Subcontractor, Supplier, or other individual or entity to furnish or perform any of the Work against whom Contractor has reasonable objection.

B. If the Supplementary Conditions require the identity of certain Subcontractors, Suppliers, or other individuals or entities to be submitted to Owner in advance for acceptance by Owner by a specified date prior to the Effective Date of the Agreement, and if Contractor has submitted a list thereof in accordance with the Supplementary Conditions, Owner's acceptance (either in writing or by failing to make written objection thereto by the date indicated for acceptance or objection in the Bidding Documents or the Contract Documents) of any such Subcontractor, Supplier, or other individual or entity so identified may be revoked on the basis of reasonable objection after due investigation. Contractor shall submit an acceptable replacement for the rejected Subcontractor, Supplier, or other individual or entity, and the Contract Price will be adjusted by the difference in the cost occasioned by such replacement, and an appropriate Change Order will be issued. No acceptance by Owner of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of any right of Owner or Engineer to reject defective Work.

C. Contractor shall be fully responsible to Owner and Engineer for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as Contractor is responsible for Contractor's own acts and omissions. Nothing in the Contract Documents:

1. shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between Owner or Engineer and any such Subcontractor, Supplier or other individual or entity; nor

2. shall create any obligation on the part of Owner or Engineer to pay or to see to the payment of any moneys due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.

D. Contractor shall be solely responsible for scheduling and coordinating the Work of Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work under a direct or indirect contract with Contractor.

E. Contractor shall require all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work to communicate with Engineer through Contractor.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

F. The divisions and sections of the Specifications and the identifications of any Drawings shall not control Contractor in dividing the Work among Subcontractors or Suppliers or delineating the Work to be performed by any specific trade.

G. All Work performed for Contractor by a Subcontractor or Supplier will be pursuant to an appropriate agreement between Contractor and the Subcontractor or Supplier which specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of Owner and Engineer. Whenever any such agreement is with a Subcontractor or Supplier who is listed as a loss payee on the property insurance provided in Paragraph 5.06, the agreement between the Contractor and the Subcontractor or Supplier will contain provisions whereby the Subcontractor or Supplier waives all rights against Owner, Contractor, Engineer, and all other individuals or entities identified in the Supplementary Conditions to be listed as insureds or loss payees (and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them) for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work. If the insurers on any such policies require separate waiver forms to be signed by any Subcontractor or Supplier, Contractor will obtain the same.

6.07 *Patent Fees and Royalties*

A. Contractor shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if, to the actual knowledge of Owner or Engineer, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by Owner in the Contract Documents.

B. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, and its officers, directors, members, partners, employees, agents, consultants, and subcontractors from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device specified in the Contract Documents, but not identified as being subject to payment of any license fee or royalty to others required by patent rights or copyrights.

C. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

6.08 *Permits*

A. Unless otherwise provided in the Supplementary Conditions, Contractor shall obtain and pay for all construction permits and licenses. Owner shall assist Contractor, when necessary, in obtaining such permits and licenses. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work which are applicable at the time of opening of Bids, or, if there are no Bids, on the Effective Date of the Agreement. Owner shall pay all charges of utility owners for connections for providing permanent service to the Work.

6.09 *Laws and Regulations*

A. Contractor shall give all notices required by and shall comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither Owner nor Engineer shall be responsible for monitoring Contractor's compliance with any Laws or Regulations.

B. If Contractor performs any Work knowing or having reason to know that it is contrary to Laws or Regulations, Contractor shall bear all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work. However, it shall not be Contractor's responsibility to make certain that the Specifications and Drawings are in accordance with Laws and Regulations, but this shall not relieve Contractor of Contractor's obligations under Paragraph 3.03.

C. Changes in Laws or Regulations not known at the time of opening of Bids (or, on the Effective Date of the Agreement if there were no Bids) having an effect on the cost or time of performance of the Work shall be the subject of an adjustment in Contract Price or Contract Times. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment, a Claim may be made therefor as provided in Paragraph 10.05.

6.10 *Taxes*

A. Contractor shall pay all sales, consumer, use, and other similar taxes required to be paid by Contractor in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

6.11 *Use of Site and Other Areas*

A. *Limitation on Use of Site and Other Areas:*

1. Contractor shall confine construction equipment, the storage of materials and equipment, and the operations of workers to the Site and other areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and other areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or of any adjacent land or areas resulting from the performance of the Work.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

2. Should any claim be made by any such owner or occupant because of the performance of the Work, Contractor shall promptly settle with such other party by negotiation or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law.

3. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against Owner, Engineer, or any other party indemnified hereunder to the extent caused by or based upon Contractor's performance of the Work.

B. *Removal of Debris During Performance of the Work:* During the progress of the Work Contractor shall keep the Site and other areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

C. *Cleaning:* Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by Owner. At the completion of the Work Contractor shall remove from the Site all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. *Loading Structures:* Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

6.12 *Record Documents*

A. Contractor shall maintain in a safe place at the Site one record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications in good order and annotated to show changes made during construction. These record documents together with all approved Samples and a counterpart of all approved Shop Drawings will be available to Engineer for reference. Upon completion of the Work, these record documents, Samples, and Shop Drawings will be delivered to Engineer for Owner.

6.13 *Safety and Protection*

A. Contractor shall be solely responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. Such responsibility does not relieve Subcontractors of their responsibility for the safety of persons or property in the performance of their work, nor for compliance with applicable safety Laws and Regulations. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

1. all persons on the Site or who may be affected by the Work;

2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.

B. Contractor shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify owners of adjacent property and of Underground Facilities and other utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property.

C. Contractor shall comply with the applicable requirements of Owner's safety programs, if any. The Supplementary Conditions identify any Owner's safety programs that are applicable to the Work.

D. Contractor shall inform Owner and Engineer of the specific requirements of Contractor's safety program with which Owner's and Engineer's employees and representatives must comply while at the Site.

E. All damage, injury, or loss to any property referred to in Paragraph 6.13.A.2 or 6.13.A.3 caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by Contractor (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of Owner or Engineer or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them).

F. Contractor's duties and responsibilities for safety and for protection of the Work shall continue until such time as all the Work is completed and Engineer has issued a notice to Owner and Contractor in accordance with Paragraph 14.07.B that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion).

6.14 *Safety Representative*

A. Contractor shall designate a qualified and experienced safety representative at the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of safety precautions and programs. The contractor is responsible for all site safety.

6.15 *Hazard Communication Programs*

A. Contractor shall be responsible for coordinating any exchange of material safety data sheets or other hazard communication information required to be made available to or exchanged between or among employers at the Site in accordance with Laws or Regulations.

6.16 *Emergencies*

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, Contractor is obligated to act to prevent threatened damage, injury, or loss. Contractor shall give Engineer prompt written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

result thereof. If Engineer determines that a change in the Contract Documents is required because of the action taken by Contractor in response to such an emergency, a Work Change Directive or Change Order will be issued.

6.17 *Shop Drawings and Samples*

A. Contractor shall submit Shop Drawings and Samples to Engineer for review and approval in accordance with the accepted Schedule of Submittals (as required by Paragraph 2.07). Each submittal will be identified as Engineer may require.

1. *Shop Drawings:*

a. Submit number of copies specified in the General Requirements.

b. Data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified performance and design criteria, materials, and similar data to show Engineer the services, materials, and equipment Contractor proposes to provide and to enable Engineer to review the information for the limited purposes required by Paragraph 6.17.D.

2. *Samples:*

a. Submit number of Samples specified in the Specifications.

b. Clearly identify each Sample as to material, Supplier, pertinent data such as catalog numbers, the use for which intended and other data as Engineer may require to enable Engineer to review the submittal for the limited purposes required by Paragraph 6.17.D.

B. Where a Shop Drawing or Sample is required by the Contract Documents or the Schedule of Submittals, any related Work performed prior to Engineer's review and approval of the pertinent submittal will be at the sole expense and responsibility of Contractor.

C. *Submittal Procedures:*

1. Before submitting each Shop Drawing or Sample, Contractor shall have:

a. reviewed and coordinated each Shop Drawing or Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents;

b. determined and verified all field measurements, quantities, dimensions, specified performance and design criteria, installation requirements, materials, catalog numbers, and similar information with respect thereto;

c. determined and verified the suitability of all materials offered with respect to the indicated application, fabrication, shipping, handling, storage, assembly, and installation pertaining to the performance of the Work; and

d. determined and verified all information relative to Contractor's responsibilities for means, methods, techniques, sequences, and procedures of construction, and safety precautions and programs incident thereto.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

2. Each submittal shall bear a stamp or specific written certification that Contractor has satisfied Contractor's obligations under the Contract Documents with respect to Contractor's review and approval of that submittal.

3. With each submittal, Contractor shall give Engineer specific written notice of any variations that the Shop Drawing or Sample may have from the requirements of the Contract Documents. This notice shall be both a written communication separate from the Shop Drawings or Sample submittal; and, in addition, by a specific notation made on each Shop Drawing or Sample submitted to Engineer for review and approval of each such variation.

D. *Engineer's Review:*

1. Engineer will provide timely review of Shop Drawings and Samples in accordance with the Schedule of Submittals acceptable to Engineer. Engineer's review and approval will be only to determine if the items covered by the submittals will, after installation or incorporation in the Work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. Engineer's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction (except where a particular means, method, technique, sequence, or procedure of construction is specifically and expressly called for by the Contract Documents) or to safety precautions or programs incident thereto. The review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.

3. Engineer's review and approval shall not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Contractor has complied with the requirements of Paragraph 6.17.C.3 and Engineer has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample. Engineer's review and approval shall not relieve Contractor from responsibility for complying with the requirements of Paragraph 6.17.C.1.

E. *Resubmittal Procedures:*

1. Contractor shall make corrections required by Engineer and shall return the required number of corrected copies of Shop Drawings and submit, as required, new Samples for review and approval. Contractor shall direct specific attention in writing to revisions other than the corrections called for by Engineer on previous submittals.

6.18 *Continuing the Work*

A. Contractor shall carry on the Work and adhere to the Progress Schedule during all disputes or disagreements with Owner. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, except as permitted by Paragraph 15.04 or as Owner and Contractor may otherwise agree in writing.

6.19 *Contractor's General Warranty and Guarantee*

A. Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. Engineer and its officers, directors, members, partners,

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

employees, agents, consultants, and subcontractors shall be entitled to rely on representation of Contractor's warranty and guarantee.

B. Contractor's warranty and guarantee hereunder excludes defects or damage caused by:

1. abuse, modification, or improper maintenance or operation by persons other than Contractor, Subcontractors, Suppliers, or any other individual or entity for whom Contractor is responsible; or

2. normal wear and tear under normal usage.

C. Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of Contractor's obligation to perform the Work in accordance with the Contract Documents:

1. observations by Engineer;

2. recommendation by Engineer or payment by Owner of any progress or final payment;

3. the issuance of a certificate of Substantial Completion by Engineer or any payment related thereto by Owner;

4. use or occupancy of the Work or any part thereof by Owner;

5. any review and approval of a Shop Drawing or Sample submittal or the issuance of a notice of acceptability by Engineer;

6. any inspection, test, or approval by others; or

7. any correction of defective Work by Owner.

6.20 *Indemnification*

A. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the performance of the Work, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom but only to the extent caused by any negligent act or omission of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work or anyone for whose acts any of them may be liable .

B. In any and all claims against Owner or Engineer or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors by any employee (or the survivor or personal representative of such employee) of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under Paragraph 6.20.A shall not be

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

C. The indemnification obligations of Contractor under Paragraph 6.20.A shall not extend to the liability of Engineer and Engineer's officers, directors, members, partners, employees, agents, consultants and subcontractors arising out of:

1. the preparation or approval of, or the failure to prepare or approve maps, Drawings, opinions, reports, surveys, Change Orders, designs, or Specifications; or

2. giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage.

6.21 *Delegation of Professional Design Services*

A. Contractor will not be required to provide professional design services unless such services are specifically required by the Contract Documents for a portion of the Work or unless such services are required to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable law.

B. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of Contractor by the Contract Documents, Owner and Engineer will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings and other submittals prepared by such professional. Shop Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to Engineer.

C. Owner and Engineer shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications or approvals performed by such design professionals, provided Owner and Engineer have specified to Contractor all performance and design criteria that such services must satisfy.

D. Pursuant to this Paragraph 6.21, Engineer's review and approval of design calculations and design drawings will be only for the limited purpose of checking for conformance with performance and design criteria given and the design concept expressed in the Contract Documents. Engineer's review and approval of Shop Drawings and other submittals (except design calculations and design drawings) will be only for the purpose stated in Paragraph 6.17.D.1.

E. Contractor shall not be responsible for the adequacy of the performance or design criteria required by the Contract Documents.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**ARTICLE 7 – OTHER WORK AT THE SITE**

7.01 *Related Work at Site*

A. Owner may perform other work related to the Project at the Site with Owner's employees, or through other direct contracts therefor, or have other work performed by utility owners. If such other work is not noted in the Contract Documents, then:

1. written notice thereof will be given to Contractor prior to starting any such other work; and

2. if Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times that should be allowed as a result of such other work, a Claim may be made therefor as provided in Paragraph 10.05.

B. Contractor shall afford each other contractor who is a party to such a direct contract, each utility owner, and Owner, if Owner is performing other work with Owner's employees, proper and safe access to the Site, provide a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work, and properly coordinate the Work with theirs. Contractor shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering such work; provided, however, that Contractor may cut or alter others' work with the written consent of Engineer and the others whose work will be affected. The duties and responsibilities of Contractor under this Paragraph are for the benefit of such utility owners and other contractors to the extent that there are comparable provisions for the benefit of Contractor in said direct contracts between Owner and such utility owners and other contractors.

C. If the proper execution or results of any part of Contractor's Work depends upon work performed by others under this Article 7, Contractor shall inspect such other work and promptly report to Engineer in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of Contractor's Work. Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Contractor's Work except for latent defects and deficiencies in such other work.

7.02 *Coordination*

A. If Owner intends to contract with others for the performance of other work on the Project at the Site, the following will be set forth in Supplementary Conditions:

1. the individual or entity who will have authority and responsibility for coordination of the activities among the various contractors will be identified;

2. the specific matters to be covered by such authority and responsibility will be itemized; and

3. the extent of such authority and responsibilities will be provided.

B. Unless otherwise provided in the Supplementary Conditions, Owner shall have sole authority and responsibility for such coordination.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

7.03 *Legal Relationships*

A. Paragraphs 7.01.A and 7.02 are not applicable for utilities not under the control of Owner.

B. Each other direct contract of Owner under Paragraph 7.01.A shall provide that the other contractor is liable to Owner and Contractor for the reasonable direct delay and disruption costs incurred by Contractor as a result of the other contractor's wrongful actions or inactions.

C. Contractor shall be liable to Owner and any other contractor under direct contract to Owner for the reasonable direct delay and disruption costs incurred by such other contractor as a result of Contractor's wrongful action or inactions.

**ARTICLE 8 – OWNER'S RESPONSIBILITIES**

8.01 *Communications to Contractor*

A. Except as otherwise provided in these General Conditions, Owner shall issue all communications to Contractor through Engineer.

8.02 *Replacement of Engineer*

A. In case of termination of the employment of Engineer, Owner shall appoint an engineer to whom Contractor makes no reasonable objection, whose status under the Contract Documents shall be that of the former Engineer.

8.03 *Furnish Data*

A. Owner shall promptly furnish the data required of Owner under the Contract Documents.

8.04 *Pay When Due*

A. Owner shall make payments to Contractor when they are due as provided in Paragraphs 14.02.C and 14.07.C.

8.05 *Lands and Easements; Reports and Tests*

A. Owner's duties with respect to providing lands and easements and providing engineering surveys to establish reference points are set forth in Paragraphs 4.01 and 4.05. Paragraph 4.02 refers to Owner's identifying and making available to Contractor copies of reports of explorations and tests of subsurface conditions and drawings of physical conditions relating to existing surface or subsurface structures at the Site.

8.06 *Insurance*

A. Owner's responsibilities, if any, with respect to purchasing and maintaining liability and property insurance are set forth in Article 5.

8.07 *Change Orders*

A. Owner is obligated to execute Change Orders as indicated in Paragraph 10.03.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

8.08 *Inspections, Tests, and Approvals*

A. Owner's responsibility with respect to certain inspections, tests, and approvals is set forth in Paragraph 13.03.B.

8.09 *Limitations on Owner's Responsibilities*

A. The Owner shall not supervise, direct, or have control or authority over, nor be responsible for, Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Owner will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

8.10 *Undisclosed Hazardous Environmental Condition*

A. Owner's responsibility in respect to an undisclosed Hazardous Environmental Condition is set forth in Paragraph 4.06.

8.11 *Evidence of Financial Arrangements*

A. Upon request of Contractor, Owner shall furnish Contractor reasonable evidence that financial arrangements have been made to satisfy Owner's obligations under the Contract Documents.

8.12 *Compliance with Safety Program*

A. While at the Site, Owner's employees and representatives shall comply with the specific applicable requirements of Contractor's safety programs of which Owner has been informed pursuant to Paragraph 6.13.D.

**ARTICLE 9 – ENGINEER'S STATUS DURING CONSTRUCTION**

9.01 *Owner's Representative*

A. Engineer will be Owner's representative during the construction period. The duties and responsibilities and the limitations of authority of Engineer as Owner's representative during construction are set forth in the Contract Documents.

9.02 *Visits to Site*

A. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Contractor's executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Owner, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. Engineer's efforts will be directed toward providing for Owner a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, Engineer will keep Owner informed of the progress of the Work and will endeavor to guard Owner against defective Work.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

B. Engineer's visits and observations are subject to all the limitations on Engineer's authority and responsibility set forth in Paragraph 9.09. Particularly, but without limitation, during or as a result of Engineer's visits or observations of Contractor's Work, Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work.

9.03 *Project Representative*

A. If Owner and Engineer agree, Engineer will furnish a Resident Project Representative to assist Engineer in providing more extensive observation of the Work. The authority and responsibilities of any such Resident Project Representative and assistants will be as provided in the Supplementary Conditions, and limitations on the responsibilities thereof will be as provided in Paragraph 9.09. If Owner designates another representative or agent to represent Owner at the Site who is not Engineer's consultant, agent or employee, the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions.

9.04 *Authorized Variations in Work*

A. Engineer may authorize minor variations in the Work from the requirements of the Contract Documents which do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. These may be accomplished by a Field Order and will be binding on Owner and also on Contractor, who shall perform the Work involved promptly. If Owner or Contractor believes that a Field Order justifies an adjustment in the Contract Price or Contract Times, or both, and the parties are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment, a Claim may be made therefor as provided in Paragraph 10.05.

9.05 *Rejecting Defective Work*

A. Engineer will have authority to reject Work which Engineer believes to be defective, or that Engineer believes will not produce a completed Project that conforms to the Contract Documents or that will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Engineer will also have authority to require special inspection or testing of the Work as provided in Paragraph 13.04, whether or not the Work is fabricated, installed, or completed.

9.06 *Shop Drawings, Change Orders and Payments*

A. In connection with Engineer's authority, and limitations thereof, as to Shop Drawings and Samples, see Paragraph 6.17.

B. In connection with Engineer's authority, and limitations thereof, as to design calculations and design drawings submitted in response to a delegation of professional design services, if any, see Paragraph 6.21.

C. In connection with Engineer's authority as to Change Orders, see Articles 10, 11, and 12.

D. In connection with Engineer's authority as to Applications for Payment, see Article 14.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

9.07 *Determinations for Unit Price Work*

A. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor. Engineer will review with Contractor the Engineer's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). Engineer's written decision thereon will be final and binding (except as modified by Engineer to reflect changed factual conditions or more accurate data) upon Owner and Contractor, subject to the provisions of Paragraph 10.05.

9.08 *Decisions on Requirements of Contract Documents and Acceptability of Work*

A. Engineer will be the initial interpreter of the requirements of the Contract Documents and judge of the acceptability of the Work thereunder. All matters in question and other matters between Owner and Contractor arising prior to the date final payment is due relating to the acceptability of the Work, and the interpretation of the requirements of the Contract Documents pertaining to the performance of the Work, will be referred initially to Engineer in writing within 30 days of the event giving rise to the question.

B. Engineer will, with reasonable promptness, render a written decision on the issue referred. If Owner or Contractor believes that any such decision entitles them to an adjustment in the Contract Price or Contract Times or both, a Claim may be made under Paragraph 10.05. The date of Engineer's decision shall be the date of the event giving rise to the issues referenced for the purposes of Paragraph 10.05.B.

C. Engineer's written decision on the issue referred will be final and binding on Owner and Contractor, subject to the provisions of Paragraph 10.05.

D. When functioning as interpreter and judge under this Paragraph 9.08, Engineer will not show partiality to Owner or Contractor and will not be liable in connection with any interpretation or decision rendered in good faith in such capacity.

9.09 *Limitations on Engineer's Authority and Responsibilities*

A. Neither Engineer's authority or responsibility under this Article 9 or under any other provision of the Contract Documents nor any decision made by Engineer in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by Engineer shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by Engineer to Contractor, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

B. Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Engineer will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

C. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

D. Engineer's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Paragraph 14.07.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals that the results certified indicate compliance with, the Contract Documents.

E. The limitations upon authority and responsibility set forth in this Paragraph 9.09 shall also apply to the Resident Project Representative, if any, and assistants, if any.

9.10 *Compliance with Safety Program*

A. While at the Site, Engineer's employees and representatives shall comply with the specific applicable requirements of Contractor's safety programs of which Engineer has been informed pursuant to Paragraph 6.13.D.

**ARTICLE 10 – CHANGES IN THE WORK; CLAIMS**

10.01 *Authorized Changes in the Work*

A. Without invalidating the Contract and without notice to any surety, Owner may, at any time or from time to time, order additions, deletions, or revisions in the Work by a Change Order, or a Work Change Directive. Upon receipt of any such document, Contractor shall promptly proceed with the Work involved which will be performed under the applicable conditions of the Contract Documents (except as otherwise specifically provided).

B. If Owner and Contractor are unable to agree on entitlement to, or on the amount or extent, if any, of an adjustment in the Contract Price or Contract Times, or both, that should be allowed as a result of a Work Change Directive, a Claim may be made therefor as provided in Paragraph 10.05.

10.02 *Unauthorized Changes in the Work*

A. Contractor shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents as amended, modified, or supplemented as provided in Paragraph 3.04, except in the case of an emergency as provided in Paragraph 6.16 or in the case of uncovering Work as provided in Paragraph 13.04.D.

10.03 *Execution of Change Orders*

A. Owner and Contractor shall execute appropriate Change Orders recommended by Engineer covering:

1. changes in the Work which are: (i) ordered by Owner pursuant to Paragraph 10.01.A, (ii) required because of acceptance of defective Work under Paragraph 13.08.A or Owner's correction of defective Work under Paragraph 13.09, or (iii) agreed to by the parties;

2. changes in the Contract Price or Contract Times for each Task Order, which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive; and

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

3. changes in the Contract Price or Contract Times for each Task Order, which embody the substance of any written decision rendered by Engineer pursuant to Paragraph 10.05; provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provisions of the Contract Documents and applicable Laws and Regulations, but during any such appeal, Contractor shall carry on the Work and adhere to the Progress Schedule as provided in Paragraph 6.18.A.

10.04 *Notification to Surety*

A. If the provisions of any bond require notice to be given to a surety of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times for individual Task Orders), the giving of any such notice will be Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

10.05 *Claims*

A. *Engineer's Decision Required*: All Claims, except those waived pursuant to Paragraph 14.09, shall be referred to the Engineer for decision. A decision by Engineer shall be required as a condition precedent to any exercise by Owner or Contractor of any rights or remedies either may otherwise have under the Contract Documents or by Laws and Regulations in respect of such Claims.

B. *Notice:* Written notice stating the general nature of each Claim shall be delivered by the claimant to Engineer and the other party to the Task Order promptly (but in no event later than 30 days) after the start of the event giving rise thereto. The responsibility to substantiate a Claim shall rest with the party making the Claim. Notice of the amount or extent of the Claim, with supporting data shall be delivered to the Engineer and the other party to the Task Order within 60 days after the start of such event (unless Engineer allows additional time for claimant to submit additional or more accurate data in support of such Claim). A Claim for an adjustment in Contract Price for each Task Order shall be prepared in accordance with the provisions of Paragraph 12.01.B. A Claim for an adjustment in Contract Times for each Task Order shall be prepared in accordance with the provisions of Paragraph 12.02.B. Each Claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to Engineer and the claimant within 30 days after receipt of the claimant's last submittal (unless Engineer allows additional time).

C. *Engineer's Action*: Engineer will review each Claim and, within 30 days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any, take one of the following actions in writing:

1. deny the Claim in whole or in part;

2. approve the Claim; or

3. notify the parties that the Engineer is unable to resolve the Claim if, in the Engineer's sole discretion, it would be inappropriate for the Engineer to do so. For purposes of further resolution of the Claim, such notice shall be deemed a denial.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

D. In the event that Engineer does not take action on a Claim within said 30 days, the Claim shall be deemed denied.

E. Engineer's written action under Paragraph 10.05.C or denial pursuant to Paragraphs 10.05.C.3 or 10.05.D will be final and binding upon Owner and Contractor, unless Owner or Contractor invoke the dispute resolution procedure set forth in Article 16 within 30 days of such action or denial.

F. No Claim for an adjustment in Contract Price or Contract Times for individual Task Orders will be valid if not submitted in accordance with this Paragraph 10.05.

**ARTICLE 11 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK**

11.01 *Cost of the Work*

A. *Costs Included:* The term Cost of the Work means the sum of all costs, except those excluded in Paragraph 11.01.B, necessarily incurred and paid by Contractor in the proper performance of the Work. When the value of any Work covered by a Change Order or when a Claim for an adjustment in Contract Price is determined on the basis of Cost of the Work, the costs to be reimbursed to Contractor will be only those additional or incremental costs required because of the change in the Work or because of the event giving rise to the Claim. Except as otherwise may be agreed to in writing by Owner, such costs shall be in amounts no higher than those prevailing in the locality of the Project, shall not include any of the costs itemized in Paragraph 11.01.B, and shall include only the following items:

1. Payroll costs for employees in the direct employ of Contractor in the performance of the Work under schedules of job classifications agreed upon by Owner and Contractor. Such employees shall include, without limitation, superintendents, foremen, and other personnel employed full time on the Work. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, vacation and holiday pay applicable thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by Owner.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to Contractor unless Owner deposits funds with Contractor with which to make payments, in which case the cash discounts shall accrue to Owner. All trade discounts, rebates and refunds and returns from sale of surplus materials and equipment shall accrue to Owner, and Contractor shall make provisions so that they may be obtained.

3. Payments made by Contractor to Subcontractors for Work performed by Subcontractors. If required by Owner, Contractor shall obtain competitive bids from subcontractors acceptable to Owner and Contractor and shall deliver such bids to Owner, who will then determine, with the advice of Engineer, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as Contractor's Cost of the Work and fee as provided in this Paragraph 11.01.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the Work.

5. Supplemental costs including the following:

   a. The proportion of necessary transportation, travel, and subsistence expenses of Contractor's employees incurred in discharge of duties connected with the Work.

   b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of Contractor.

   c. Rentals of all construction equipment and machinery, and the parts thereof whether rented from Contractor or others in accordance with rental agreements approved by Owner with the advice of Engineer, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.

   d. Sales, consumer, use, and other similar taxes related to the Work, and for which Contractor is liable, as imposed by Laws and Regulations.

   e. Deposits lost for causes other than negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

   f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by Contractor in connection with the performance of the Work (except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 5.06.D), provided such losses and damages have resulted from causes other than the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of Owner. No such losses, damages, and expenses shall be included in the Cost of the Work for the purpose of determining Contractor's fee.

   g. The cost of utilities, fuel, and sanitary facilities at the Site.

   h. Minor expenses such as telegrams, long distance telephone calls, telephone service at the Site, express and courier services, and similar petty cash items in connection with the Work.

   i. The costs of premiums for all bonds and insurance Contractor is required by the Contract Documents to purchase and maintain.

B. *Costs Excluded:* The term Cost of the Work shall not include any of the following items:

   1. Payroll costs and other compensation of Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers,

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

clerks, and other personnel employed by Contractor, whether at the Site or in Contractor's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 11.01.A.1 or specifically covered by Paragraph 11.01.A.4, all of which are to be considered administrative costs covered by the Contractor's fee.

2. Expenses of Contractor's principal and branch offices other than Contractor's office at the Site.

3. Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.

4. Costs due to the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraphs 11.01.A.

C. *Contractor's Fee:* When all the Work is performed on the basis of cost-plus, Contractor's fee shall be determined as set forth in the Agreement. When the value of any Work covered by a Change Order or when a Claim for an adjustment in Contract Price is determined on the basis of Cost of the Work, Contractor's fee shall be determined as set forth in Paragraph 12.01.C.

D. *Documentation:* Whenever the Cost of the Work for any purpose is to be determined pursuant to Paragraphs 11.01.A and 11.01.B, Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Engineer an itemized cost breakdown together with supporting data.

11.02 *Allowances*

A. It is understood that Contractor has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums and by such persons or entities as may be acceptable to Owner and Engineer.

B. *Cash Allowances:*

1. Contractor agrees that:

a. the cash allowances include the cost to Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and

b. Contractor's costs for unloading and handling on the Site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

C. *Contingency Allowance:*

1. Contractor agrees that a contingency allowance, if any, is for the sole use of Owner to cover unanticipated costs.

D. Prior to final payment, an appropriate Change Order will be issued as recommended by Engineer to reflect actual amounts due Contractor on account of Work covered by allowances, and the Contract Price shall be correspondingly adjusted.

11.03 *Unit Price Work*

A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement.

B. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Determinations of the actual quantities and classifications of Unit Price Work performed by Contractor will be made by Engineer subject to the provisions of Paragraph 9.07.

C. Each unit price will be deemed to include an amount considered by Contractor to be adequate to cover Contractor's overhead and profit for each separately identified item.

D. <u>There will be no adjustment in unit prices for increased or decreased quantities under this contract.</u>

**ARTICLE 12 – CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES**

12.01 *Change of Contract Price*

A. The Contract Price may only be changed by a Change Order. Any Claim for an adjustment in the Contract Price shall be based on written notice submitted by the party making the Claim to the Engineer and the other party to the Contract in accordance with the provisions of Paragraph 10.05.

B. The value of any Work covered by a Change Order or of any Claim for an adjustment in the Contract Price will be determined as follows:

1. where the Work involved is covered by unit prices contained in the Contract Documents, by application of such unit prices to the quantities of the items involved (subject to the provisions of Paragraph 11.03); or

2. where the Work involved is not covered by unit prices contained in the Contract Documents, by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with Paragraph 12.01.C.2); or

3. where the Work involved is not covered by unit prices contained in the Contract Documents and agreement to a lump sum is not reached under Paragraph 12.01.B.2, on the basis of the Cost of the Work (determined as provided in Paragraph 11.01) plus a Contractor's fee for overhead and profit (determined as provided in Paragraph 12.01.C).

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

C. *Contractor's Fee:* The Contractor's fee for overhead and profit shall be determined as follows:

1. a mutually acceptable fixed fee; or

2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:

a. for costs incurred under Paragraphs 11.01.A.1 and 11.01.A.2, the Contractor's fee shall be 15 percent;

b. for costs incurred under Paragraph 11.01.A.3, the Contractor's fee shall be five percent;

c. where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of Paragraphs 12.01.C.2.a and 12.01.C.2.b is that the Subcontractor who actually performs the Work, at whatever tier, will be paid a fee of 15 percent of the costs incurred by such Subcontractor under Paragraphs 11.01.A.1 and 11.01.A.2 and that any higher tier Subcontractor and Contractor will each be paid a fee of five percent of the amount paid to the next lower tier Subcontractor;

d. no fee shall be payable on the basis of costs itemized under Paragraphs 11.01.A.4, 11.01.A.5, and 11.01.B;

e. the amount of credit to be allowed by Contractor to Owner for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Contractor's fee by an amount equal to five percent of such net decrease; and

f. when both additions and credits are involved in any one change, the adjustment in Contractor's fee shall be computed on the basis of the net change in accordance with Paragraphs 12.01.C.2.a through 12.01.C.2.e, inclusive.

12.02 *Change of Contract Times*

A. The Contract Times may only be changed by a Change Order. Any Claim for an adjustment in the Contract Times shall be based on written notice submitted by the party making the Claim to the Engineer and the other party to the Contract in accordance with the provisions of Paragraph 10.05.

B. Any adjustment of the Contract Times covered by a Change Order or any Claim for an adjustment in the Contract Times will be determined in accordance with the provisions of this Article 12.

12.03 *Delays*

A. Where Contractor is prevented from completing any part of the Work within the Contract Times due to delay beyond the control of Contractor, the Contract Times will be extended in an amount equal to the time lost due to such delay if a Claim is made therefor as provided in Paragraph 12.02.A. Delays beyond the control of Contractor shall include, but not be limited to, acts or neglect by Owner, acts or neglect of utility owners or other contractors performing other work as contemplated by Article 7, fires, floods, epidemics, abnormal weather conditions, or acts of God.

B. If Owner, Engineer, or other contractors or utility owners performing other work for Owner as contemplated by Article 7, or anyone for whom Owner is responsible, delays, disrupts, or interferes with

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

the performance or progress of the Work, then Contractor shall be entitled to an equitable adjustment in the Contract Price or the Contract Times, or both. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

C. If Contractor is delayed in the performance or progress of the Work by fire, flood, epidemic, abnormal weather conditions, acts of God, acts or failures to act of utility owners not under the control of Owner, or other causes not the fault of and beyond control of Owner and Contractor, then Contractor shall be entitled to an equitable adjustment in Contract Times, if such adjustment is essential to Contractor's ability to complete the Work within the Contract Times. Such an adjustment shall be Contractor's sole and exclusive remedy for the delays described in this Paragraph 12.03.C.

D. Owner, Engineer, and their officers, directors, members, partners, employees, agents, consultants, or subcontractors shall not be liable to Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by Contractor on or in connection with any other project or anticipated project.

E. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for delays within the control of Contractor. Delays attributable to and within the control of a Subcontractor or Supplier shall be deemed to be delays within the control of Contractor.

**ARTICLE 13 – TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK**

13.01 *Notice of Defects*

A. Prompt notice of all defective Work of which Owner or Engineer has actual knowledge will be given to Contractor. Defective Work may be rejected, corrected, or accepted as provided in this Article 13.

13.02 *Access to Work*

A. Owner, Engineer, their consultants and other representatives and personnel of Owner, independent testing laboratories, and governmental agencies with jurisdictional interests will have access to the Site and the Work at reasonable times for their observation, inspection, and testing. Contractor shall provide them proper and safe conditions for such access and advise them of Contractor's safety procedures and programs so that they may comply therewith as applicable.

13.03 *Tests and Inspections*

A. Contractor shall give Engineer timely notice of readiness of the Work for all required inspections, tests, or approvals and shall cooperate with inspection and testing personnel to facilitate required inspections or tests.

B. Owner shall employ and pay for the services of an independent testing laboratory to perform all inspections, tests, or approvals required by the Contract Documents except:

1. for inspections, tests, or approvals covered by Paragraphs 13.03.C and 13.03.D below;

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

2. that costs incurred in connection with tests or inspections conducted pursuant to Paragraph 13.04.B shall be paid as provided in Paragraph 13.04.C; and

3. as otherwise specifically provided in the Contract Documents.

C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish Engineer the required certificates of inspection or approval.

D. Contractor shall be responsible for arranging and obtaining and shall pay all costs in connection with any inspections, tests, or approvals required for Owner's and Engineer's acceptance of materials or equipment to be incorporated in the Work; or acceptance of materials, mix designs, or equipment submitted for approval prior to Contractor's purchase thereof for incorporation in the Work. Such inspections, tests, or approvals shall be performed by organizations acceptable to Owner and Engineer.

E. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by Contractor without written concurrence of Engineer, Contractor shall, if requested by Engineer, uncover such Work for observation.

F. Uncovering Work as provided in Paragraph 13.03.E shall be at Contractor's expense unless Contractor has given Engineer timely notice of Contractor's intention to cover the same and Engineer has not acted with reasonable promptness in response to such notice.

13.04 *Uncovering Work*

A. If any Work is covered contrary to the written request of Engineer, it must, if requested by Engineer, be uncovered for Engineer's observation and replaced at Contractor's expense.

B. If Engineer considers it necessary or advisable that covered Work be observed by Engineer or inspected or tested by others, Contractor, at Engineer's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as Engineer may require, that portion of the Work in question, furnishing all necessary labor, material, and equipment.

C. If it is found that the uncovered Work is defective, Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and Owner shall be entitled to an appropriate decrease in the Contract Price. If the parties are unable to agree as to the amount thereof, Owner may make a Claim therefor as provided in Paragraph 10.05.

D. If the uncovered Work is not found to be defective, Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, Contractor may make a Claim therefor as provided in Paragraph 10.05.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

13.05 *Owner May Stop the Work*

A. If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, Owner may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the Work shall not give rise to any duty on the part of Owner to exercise this right for the benefit of Contractor, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

13.06 *Correction or Removal of Defective Work*

A. Promptly after receipt of written notice, Contractor shall correct all defective Work, whether or not fabricated, installed, or completed, or, if the Work has been rejected by Engineer, remove it from the Project and replace it with Work that is not defective. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or removal (including but not limited to all costs of repair or replacement of work of others).

B. When correcting defective Work under the terms of this Paragraph 13.06 or Paragraph 13.07, Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said Work.

13.07 *Correction Period*

A. If within one year after the date of Final Acceptance of the Project by the Owner (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents) or by any specific provision of the Contract Documents, any Work is found to be defective, or if the repair of any damages to the land or areas made available for Contractor's use by Owner or permitted by Laws and Regulations as contemplated in Paragraph 6.11.A is found to be defective, Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:

1. repair such defective land or areas; or

2. correct such defective Work; or

3. if the defective Work has been rejected by Owner, remove it from the Project and replace it with Work that is not defective, and

4. satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others or other land or areas resulting therefrom.

B. If Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work corrected or repaired or may have the rejected Work removed and replaced. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others) will be paid by Contractor.

C. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications.

D. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this Paragraph 13.07, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

E. Contractor's obligations under this Paragraph 13.07 are in addition to any other obligation or warranty. The provisions of this Paragraph 13.07 shall not be construed as a substitute for, or a waiver of, the provisions of any applicable statute of limitation or repose.

13.08 *Acceptance of Defective Work*

A. If, instead of requiring correction or removal and replacement of defective Work, Owner (and, prior to Engineer's recommendation of final payment, Engineer) prefers to accept it, Owner may do so. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) attributable to Owner's evaluation of and determination to accept such defective Work (such costs to be approved by Engineer as to reasonableness) and for the diminished value of the Work to the extent not otherwise paid by Contractor pursuant to this sentence. If any such acceptance occurs prior to Engineer's recommendation of final payment, a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work, and Owner shall be entitled to an appropriate decrease in the Contract Price, reflecting the diminished value of Work so accepted. If the parties are unable to agree as to the amount thereof, Owner may make a Claim therefor as provided in Paragraph 10.05. If the acceptance occurs after such recommendation, an appropriate amount will be paid by Contractor to Owner.

13.09 *Owner May Correct Defective Work*

A. If Contractor fails within a reasonable time after written notice from Engineer to correct defective Work, or to remove and replace rejected Work as required by Engineer in accordance with Paragraph 13.06.A, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any other provision of the Contract Documents, Owner may, after seven days written notice to Contractor, correct, or remedy any such deficiency.

B. In exercising the rights and remedies under this Paragraph 13.09, Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Contractor from all or part of the Site, take possession of all or part of the Work and suspend Contractor's services related thereto, take possession of Contractor's tools, appliances, construction equipment and machinery at the Site, and incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Owner's representatives, agents and employees, Owner's other contractors, and Engineer and Engineer's consultants access to the Site to enable Owner to exercise the rights and remedies under this Paragraph.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

C. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred or sustained by Owner in exercising the rights and remedies under this Paragraph 13.09 will be charged against Contractor, and a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work; and Owner shall be entitled to an appropriate decrease in the Contract Price. If the parties are unable to agree as to the amount of the adjustment, Owner may make a Claim therefor as provided in Paragraph 10.05. Such claims, costs, losses and damages will include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Contractor's defective Work.

D. Contractor shall not be allowed an extension of the Contract Times because of any delay in the performance of the Work attributable to the exercise by Owner of Owner's rights and remedies under this Paragraph 13.09.

**ARTICLE 14 – PAYMENTS TO CONTRACTOR AND COMPLETION**

14.01 *Unit Price Work*

A. Progress payments on account of Unit Price Work will be based on the number of units completed and will be incorporated into a form of Application for Payment acceptable to Engineer.

14.02 *Progress Payments*

A. *Applications for Payments:*

1. At least 20 days before the date established in the Agreement for each progress payment (but not more often than once a month), Contractor shall submit to Engineer for review an Application for Payment filled out and signed by Contractor covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that Owner has received the materials and equipment free and clear of all Liens and evidence that the materials and equipment are covered by appropriate property insurance or other arrangements to protect Owner's interest therein, all of which must be satisfactory to Owner.

2. Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor stating that all previous progress payments received on account of the Work have been applied on account to discharge Contractor's legitimate obligations associated with prior Applications for Payment.

3. The amount of retainage with respect to progress payments will be as stipulated in the Agreement.

B. *Review of Applications:*

1. Engineer will, within 10 days after receipt of each Application for Payment, either indicate in writing a recommendation of payment and present the Application to Owner or return the Application to

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

Contractor indicating in writing Engineer's reasons for refusing to recommend payment. In the latter case, Contractor may make the necessary corrections and resubmit the Application.

2. Engineer's recommendation of any payment requested in an Application for Payment will constitute a representation by Engineer to Owner, based on Engineer's observations of the executed Work as an experienced and qualified design professional, and on Engineer's review of the Application for Payment and the accompanying data and schedules, that to the best of Engineer's knowledge, information and belief:

   a. the Work has progressed to the point indicated;

   b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, the results of any subsequent tests called for in the Contract Documents, a final determination of quantities and classifications for Unit Price Work under Paragraph 9.07, and any other qualifications stated in the recommendation); and

   c. the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work.

3. By recommending any such payment Engineer will not thereby be deemed to have represented that:

   a. inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in the Contract Documents; or

   b. there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by Owner or entitle Owner to withhold payment to Contractor.

4. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment, including final payment, will impose responsibility on Engineer:

   a. to supervise, direct, or control the Work, or

   b. for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or

   c. for Contractor's failure to comply with Laws and Regulations applicable to Contractor's performance of the Work, or

   d. to make any examination to ascertain how or for what purposes Contractor has used the moneys paid on account of the Contract Price, or

   e. to determine that title to any of the Work, materials, or equipment has passed to Owner free and clear of any Liens.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

5. Engineer may refuse to recommend the whole or any part of any payment if, in Engineer's opinion, it would be incorrect to make the representations to Owner stated in Paragraph 14.02.B.2. Engineer may also refuse to recommend any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, revise or revoke any such payment recommendation previously made, to such extent as may be necessary in Engineer's opinion to protect Owner from loss because:

   a. the Work is defective, or completed Work has been damaged, requiring correction or replacement;

   b. the Contract Price has been reduced by Change Orders;

   c. Owner has been required to correct defective Work or complete Work in accordance with Paragraph 13.09; or

   d. Engineer has actual knowledge of the occurrence of any of the events enumerated in Paragraph 15.02.A.

C. *Payment Becomes Due:*

1. Ten days after presentation of the Application for Payment to Owner with Engineer's recommendation, the amount recommended will (subject to the provisions of Paragraph 14.02.D) become due, and when due will be paid by Owner to Contractor.

D. *Reduction in Payment:*

1. Owner may refuse to make payment of the full amount recommended by Engineer because:

   a. claims have been made against Owner on account of Contractor's performance or furnishing of the Work;

   b. Liens have been filed in connection with the Work, except where Contractor has delivered a specific bond satisfactory to Owner to secure the satisfaction and discharge of such Liens;

   c. there are other items entitling Owner to a set-off against the amount recommended; or

   d. Owner has actual knowledge of the occurrence of any of the events enumerated in Paragraphs 14.02.B.5.a through 14.02.B.5.c or Paragraph 15.02.A.

2. If Owner refuses to make payment of the full amount recommended by Engineer, Owner will give Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and promptly pay Contractor any amount remaining after deduction of the amount so withheld. Owner shall promptly pay Contractor the amount so withheld, or any adjustment thereto agreed to by Owner and Contractor, when Contractor remedies the reasons for such action.

3. Upon a subsequent determination that Owner's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph 14.02.C.1 and subject to interest as provided in the Agreement.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

14.03 *Contractor's Warranty of Title*

A. Contractor warrants and guarantees that title to all Work, materials, and equipment covered by any Application for Payment, whether incorporated in the Project or not, will pass to Owner no later than the time of payment free and clear of all Liens.

14.04 *Substantial Completion*

A. When Contractor considers the entire Work ready for its intended use Contractor shall notify Owner and Engineer in writing that the entire Work is substantially complete (except for items specifically listed by Contractor as incomplete) and request that Engineer issue a certificate of Substantial Completion for each Task Order.

B. Promptly after Contractor's notification, Owner, Contractor, and Engineer shall make an inspection of the Work to determine the status of completion. If Engineer does not consider the Work substantially complete, Engineer will notify Contractor in writing giving the reasons therefor.

C. If Engineer considers the Work substantially complete, Engineer will deliver to Owner a tentative certificate of Substantial Completion which shall fix the date of Substantial Completion for each Task Order. There shall be attached to the certificate a tentative list of items to be completed or corrected before final payment. Owner shall have seven days after receipt of the tentative certificate during which to make written objection to Engineer as to any provisions of the certificate or attached list. If, after considering such objections, Engineer concludes that the Work is not substantially complete, Engineer will, within 14 days after submission of the tentative certificate to Owner, notify Contractor in writing, stating the reasons therefor. If, after consideration of Owner's objections, Engineer considers the Work substantially complete, Engineer will, within said 14 days, execute and deliver to Owner and Contractor a definitive certificate of Substantial Completion (with a revised tentative list of items to be completed or corrected) reflecting such changes from the tentative certificate as Engineer believes justified after consideration of any objections from Owner.

D. At the time of delivery of the tentative certificate of Substantial Completion, Engineer will deliver to Owner and Contractor a written recommendation as to division of responsibilities pending final payment between Owner and Contractor with respect to security, operation, safety, and protection of the Work, maintenance, heat, utilities, insurance, and warranties and guarantees. Unless Owner and Contractor agree otherwise in writing and so inform Engineer in writing prior to Engineer's issuing the definitive certificate of Substantial Completion, Engineer's aforesaid recommendation will be binding on Owner and Contractor until final payment.

E. Owner shall have the right to exclude Contractor from the Site after the date of Substantial Completion subject to allowing Contractor reasonable access to remove its property and complete or correct items on the tentative list.

14.05 *Partial Utilization*

A. Prior to Substantial Completion of all the Work, Owner may use or occupy any substantially completed part of the Work which has specifically been identified in the Contract Documents, or which Owner, Engineer, and Contractor agree constitutes a separately functioning and usable part of the Work that can be used by Owner for its intended purpose without significant interference with Contractor's performance of the remainder of the Work, subject to the following conditions:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

1. Owner at any time may request Contractor in writing to permit Owner to use or occupy any such part of the Work which Owner believes to be ready for its intended use and substantially complete. If and when Contractor agrees that such part of the Work is substantially complete, Contractor, Owner, and Engineer will follow the procedures of Paragraph 14.04.A through D for that part of the Work.

2. Contractor at any time may notify Owner and Engineer in writing that Contractor considers any such part of the Work ready for its intended use and substantially complete and request Engineer to issue a certificate of Substantial Completion for that part of the Work.

3. Within a reasonable time after either such request, Owner, Contractor, and Engineer shall make an inspection of that part of the Work to determine its status of completion. If Engineer does not consider that part of the Work to be substantially complete, Engineer will notify Owner and Contractor in writing giving the reasons therefor. If Engineer considers that part of the Work to be substantially complete, the provisions of Paragraph 14.04 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

4. No use or occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of Paragraph 5.10 regarding property insurance.

14.06 *Final Inspection*

A. Upon written notice from Contractor that the entire Work or an agreed portion thereof is complete, Engineer will promptly make a final inspection with Owner and Contractor and will notify Contractor in writing of all particulars in which this inspection reveals that the Work is incomplete or defective. Contractor shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

14.07 *Final Payment*

A. *Application for Payment:*

1. After Contractor has, in the opinion of Engineer, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance, certificates of inspection, marked-up record documents (as provided in Paragraph 6.12), and other documents, Contractor may make application for final payment following the procedure for progress payments.

2. The final Application for Payment shall be accompanied (except as previously delivered) by:

   a. all documentation called for in the Contract Documents, including but not limited to the evidence of insurance required by Paragraph 5.04.B.6;

   b. consent of the surety, if any, to final payment;

   c. a list of all Claims against Owner that Contractor believes are unsettled; and

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

d. complete and legally effective releases or waivers (satisfactory to Owner) of all Lien rights arising out of or Liens filed in connection with the Work.

3. In lieu of the releases or waivers of Liens specified in Paragraph 14.07.A.2 and as approved by Owner, Contractor may furnish receipts or releases in full and an affidavit of Contractor that: (i) the releases and receipts include all labor, services, material, and equipment for which a Lien could be filed; and (ii) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which Owner might in any way be responsible, or which might in any way result in liens or other burdens on Owner's property, have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, Contractor may furnish a bond or other collateral satisfactory to Owner to indemnify Owner against any Lien.

B. *Engineer's Review of Application and Acceptance:*

1. If, on the basis of Engineer's observation of the Work during construction and final inspection, and Engineer's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, Engineer is satisfied that the Work has been completed and Contractor's other obligations under the Contract Documents have been fulfilled, Engineer will, within ten days after receipt of the final Application for Payment, indicate in writing Engineer's recommendation of payment and present the Application for Payment to Owner for payment. At the same time Engineer will also give written notice to Owner and Contractor that the Work is acceptable subject to the provisions of Paragraph 14.09. Otherwise, Engineer will return the Application for Payment to Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Contractor shall make the necessary corrections and resubmit the Application for Payment.

C. *Payment Becomes Due:*

1. Thirty days after the presentation to Owner of the Application for Payment and accompanying documentation, the amount recommended by Engineer, less any sum Owner is entitled to set off against Engineer's recommendation, including but not limited to liquidated damages, will become due and will be paid by Owner to Contractor.

14.08 *Final Completion Delayed*

A. If, through no fault of Contractor, final completion of the Work is significantly delayed, and if Engineer so confirms, Owner shall, upon receipt of Contractor's final Application for Payment (for Work fully completed and accepted) and recommendation of Engineer, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance to be held by Owner for Work not fully completed or corrected is less than the retainage stipulated in the Agreement, and if bonds have been furnished as required in Paragraph 5.01, the written consent of the surety to the payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by Contractor to Engineer with the Application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

14.09 *Waiver of Claims*

A. The making and acceptance of final payment will constitute:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

1. a waiver of all Claims by Owner against Contractor, except Claims arising from unsettled Liens, from defective Work appearing after final inspection pursuant to Paragraph 14.06, from failure to comply with the Contract Documents or the terms of any special guarantees specified therein, or from Contractor's continuing obligations under the Contract Documents; and

2. a waiver of all Claims by Contractor against Owner other than those previously made in accordance with the requirements herein and expressly acknowledged by Owner in writing as still unsettled.

**ARTICLE 15 – SUSPENSION OF WORK AND TERMINATION**

15.01 *Owner May Suspend Work*

A. At any time and without cause, Owner may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by notice in writing to Contractor and Engineer which will fix the date on which Work will be resumed. Contractor shall resume the Work on the date so fixed. Contractor shall be granted an adjustment in the Contract Price or an extension of the Contract Times, or both, directly attributable to any such suspension if Contractor makes a Claim therefor as provided in Paragraph 10.05.

15.02 *Owner May Terminate for Cause*

A. The occurrence of any one or more of the following events will justify termination for cause:

1. Contractor's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Progress Schedule established under Paragraph 2.07 as adjusted from time to time pursuant to Paragraph 6.04);

2. Contractor's disregard of Laws or Regulations of any public body having jurisdiction;

3. Contractor's repeated disregard of the authority of Engineer; or

4. Contractor's violation in any substantial way of any provisions of the Contract Documents.

B. If one or more of the events identified in Paragraph 15.02.A occur, Owner may, after giving Contractor (and surety) seven days written notice of its intent to terminate the services of Contractor:

1. exclude Contractor from the Site, and take possession of the Work and of all Contractor's tools, appliances, construction equipment, and machinery at the Site, and use the same to the full extent they could be used by Contractor (without liability to Contractor for trespass or conversion);

2. incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere; and

3. complete the Work as Owner may deem expedient.

C. If Owner proceeds as provided in Paragraph 15.02.B, Contractor shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

costs) sustained by Owner arising out of or relating to completing the Work, such excess will be paid to Contractor. If such claims, costs, losses, and damages exceed such unpaid balance, Contractor shall pay the difference to Owner. Such claims, costs, losses, and damages incurred by Owner will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a Change Order. When exercising any rights or remedies under this Paragraph, Owner shall not be required to obtain the lowest price for the Work performed.

D. Notwithstanding Paragraphs 15.02.B and 15.02.C, Contractor's services will not be terminated if Contractor begins within seven days of receipt of notice of intent to terminate to correct its failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt of said notice.

E. Where Contractor's services have been so terminated by Owner, the termination will not affect any rights or remedies of Owner against Contractor then existing or which may thereafter accrue. Any retention or payment of moneys due Contractor by Owner will not release Contractor from liability.

F. If and to the extent that Contractor has provided a performance bond under the provisions of Paragraph 5.01.A, the termination procedures of that bond shall supersede the provisions of Paragraphs 15.02.B and 15.02.C.

15.03 *Owner May Terminate For Convenience*

A. Upon seven days written notice to Contractor and Engineer, Owner may, without cause and without prejudice to any other right or remedy of Owner, terminate the Contract. In such case, Contractor shall be paid for (without duplication of any items):

1. completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;

2. expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses;

3. all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred in settlement of terminated contracts with Subcontractors, Suppliers, and others; and

4. reasonable expenses directly attributable to termination.

B. Contractor shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

15.04 *Contractor May Stop Work or Terminate*

A. If, through no act or fault of Contractor, (i) the Work is suspended for more than 90 consecutive days by Owner or under an order of court or other public authority, or (ii) Engineer fails to act on any Application for Payment within 30 days after it is submitted, or (iii) Owner fails for 30 days to pay Contractor any

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

sum finally determined to be due, then Contractor may, upon seven days written notice to Owner and Engineer, and provided Owner or Engineer do not remedy such suspension or failure within that time, terminate the Contract and recover from Owner payment on the same terms as provided in Paragraph 15.03.

B. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an Application for Payment within 30 days after it is submitted, or Owner has failed for 30 days to pay Contractor any sum finally determined to be due, Contractor may, seven days after written notice to Owner and Engineer, stop the Work until payment is made of all such amounts due Contractor, including interest thereon. The provisions of this Paragraph 15.04 are not intended to preclude Contractor from making a Claim under Paragraph 10.05 for an adjustment in Contract Price or Contract Times or otherwise for expenses or damage directly attributable to Contractor's stopping the Work as permitted by this Paragraph.

**ARTICLE 16 – DISPUTE RESOLUTION**

16.01 *Methods and Procedures*

A. Owner does not submit to mediation or arbitration.

**ARTICLE 17 – MISCELLANEOUS**

17.01 *Giving Notice*

A. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if:

1. delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended; or

2. delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the giver of the notice.

17.02 *Computation of Times*

A. When any period of time is referred to in the Contract Documents by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

17.03 *Cumulative Remedies*

A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract Documents. The provisions of this Paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

17.04 *Survival of Obligations*

A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract Documents, as well as all continuing obligations indicated in the Contract Documents, will survive final payment, completion, and acceptance of the Work or termination or completion of the Contract or termination of the services of Contractor.

17.05 *Controlling Law*

A. This Contract is to be governed by the law of the state in which the Project is located.

17.06 *Headings*

A. Article and paragraph headings are inserted for convenience only and do not constitute parts of these General Conditions.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

# SECTION 00 73 00
# SUPPLEMENTARY CONDITIONS OF THE CONSTRUCTION CONTRACT

## GENERAL STATEMENT

These Supplementary Conditions amend or supplement the Standard General Conditions of the Construction Contract and other provisions of the Contract Documents as indicated below. All provisions that are not so amended or supplemented remain in full force and effect.

The terms used in these Supplementary Conditions have the meanings stated in the General Conditions. Additional terms used in these Supplementary Conditions have the same meanings stated below, which are applicable to both the singular and plural thereof.

The Contractor's attention is directed to Division 1, GENERAL REQUIREMENTS, which contains other directions pertinent to the project.

## SPECIFIC COMMENTS

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

SC-1.01.A.19. Engineer -- ADD the following language at the end of the last sentence in Paragraph 1.01.A.19:

> Wherever in these Contract Documents the word "Architect", "Engineer", "E/A" or "A/E" appears, it shall be understood to mean the engineer selected for monitoring and their authorized representatives, acting either directly or indirectly as authorized agents of the Owner.

SC-1.01.A.29. Owner -- ADD the following language at the end of the last sentence in Paragraph 1.01.A.29:

> Whenever in these Contract Documents the word "Owner" appears, it shall be understood to mean the Hancock County Board of Supervisors and their Board authorized representatives.

SC-1.01.A.44. Substantial Completion – AMEND the language in the first sentence of Paragraph 1.01.A.44 to read as follows:

> CHANGE the language from "in the opinion of Engineer," to "in the opinion of the Engineer and Owner,"

ARTICLE 2 – PRELIMINARY MATTERS

SC-2.02 Copies of Documents AMEND the language in the first sentence in Paragraph 2.02.A to read as follows:

> CHANGE the language from "up to ten" to "up to three unless otherwise noted in Article 4".

SC-2.07 Initial Acceptance of Schedules ADD the following new language at the end of Paragraph 2.07.A.2:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

The requirements for specification Section 013323 - Shop Drawings, Product Data, and Samples shall also be met prior to accepting the Schedule of Submittals.

ARTICLE 3 – CONTRACT DOCUMENTS: INTENT, AMENDING, REUSE

SC-3.03.B Resolving Discrepancies ADD the following new language at the end of this section:

d. Whenever the Contract Documents contain contradictions or discrepancies within the document, the most costly means or method shall be applied.

ARTICLE 4 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS; REFERENCE POINTS

SC-4.02.C Site Surveys ADD the following new paragraph immediately after Paragraph 4.02.B:

C. Site Surveys: Site survey information has been compiled from past records and limited field investigations and although stated with as much accuracy as possible, may contain errors or discrepancies. Contractor shall perform investigations as necessary to accomplish the Work. Any unknown item encountered that impacts the Work shall be handled under Article 4.03.

SC-4.05 Reference Points AMEND the language in the second sentence of Paragraph 4.05.A to read as follows:

CHANGE the language from "without prior written approval of Owner" to "without prior written approval of Owner and Engineer".

SC-4.06 Hazardous Environmental Conditions at Site DELETE Paragraphs 4.06.A and 4.06.B in their entirety and INSERT the following in their place:

A. No reports or drawings of hazardous conditions at the site are known to the Owner or Engineer.

B. Not used.

SC-4.07 Site Investigation and Representation ADD the following new paragraph immediately after Paragraph 4.06:

SC-4.07 Site Investigation and Representation

The Contractor acknowledges that he has satisfied himself as to the nature and location of the Work; the general and local conditions, particularly those bearing upon availability of transportation, disposal, handling and storage of materials; availability of labor, water, electric power, and roads; uncertainties of weather, river stages, or similar physical conditions at the site; the conformation and conditions of the ground; the character of equipment and facilities needed preliminary to and during the prosecution of the work; and all other matters which can in any affect the Work or the cost thereof under this Contract. The Contractor further acknowledges that he has satisfied himself as to the character, quality, and quantity of surface and subsurface materials and groundwater to be

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

encountered from inspecting the site. Any failure by the Contractor to acquaint himself with all the available information will not relieve him from responsibility for properly estimating the difficulty or cost of successfully performing the Work. Neither the Owner nor the Engineer assumes responsibility for any conclusion or interpretation made by the Contractor.

ARTICLE 5 – BONDS AND INSURANCE

SC-5.01 Delete 5.01 and replace with not applicable to this project

SC-5.03 Certificates of Insurance ADD the following new paragraph immediately after Paragraph 5.03.E:

F. The Contractor shall be required to submit a Certificate of Insurance with every pay application; or, no later than every thirty (30) days for the term of contract. If an approved Certificate of Insurance is not included with the pay application, then it will be considered non-compliant with the contract documents and returned to the Contractor.

SC-5.04 Contractor's Liability Insurance ADD the following new paragraph immediately after Paragraph 5.04.B:

C. The limits of liability for the insurance required by Paragraph 5.04 of the General Conditions shall provide coverages for not less than the following amounts or greater where required by Laws and Regulations:

1. Worker's Compensation, and related coverage under Paragraph 5.04.A.1 and A.2 of the General Conditions:

| | | |
|---|---|---|
| a. | State: | Statutory |
| b. | Applicable Federal: | Statutory (e.g. Longshoreman's) |
| c. | Employer's Liability: | $100,000 or Statutory |

2. Contractor's General Liability under Paragraph 5.04.A.3 through A.6 of the General Conditions which shall include completed operations and product liability coverages and eliminate the exclusion with respect to property under the care, custody and control of Contractor:

| | | |
|---|---|---|
| a. | General Aggregate: | $ 1,000,000.00 |
| b. | Products- Completed Operations Aggregate | $ 1,000,000.00 |
| c. | Personal and Advertising Injury | $ 1,000,000.00 |
| d. | Each Occurrence (Bodily Injury and Property Damage) | $ 1,000,000.00 |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

e. Property Damage liability insurance will provide Explosion, Collapse and Under-ground coverages where applicable.

Excess or Umbrella Liability

1) General Aggregate $ 1,000,000.00

Each Occurrence $ 1,000,000.00

3. Automobile Liability under Paragraph 5.04.A.6 of the General Conditions:

Bodily Injury:
Each Person $ 1,000,000.00
Each Accident $ 1,000,000.00

Property Damage:
Each Accident $ 1,000,000.00

Combined Single:
Limit of $ 1,000,000.00

4. The Contractual Liability coverage required by Paragraph 5.04.B.4 of the General Conditions shall provide coverage for not less than the following amounts:

a. Bodily Injury:
Each Person $ 1,000,000.00
Annual Aggregate $ 1,000,000.00

b. Property Damage:
Each Accident $ 1,000,000.00
Annual Aggregate $ 1,000,000.00

The list of names, other persons, or entities to be included on the policy as additional insured are as per Paragraph 5.11.

SC-5.06.A Property Insurance DELETE Paragraph 5.06.A in its entirety and INSERT the following in its place:

A. When available, Contractor shall purchase and maintain property insurance upon the Work at the Site in the amount of the full replacement cost thereof.

1. This insurance shall:

a. include the interests of Owner, Contractor, Subcontractors, Engineer and any other individuals or entities identified herein, and the officers, directors, partners, employees, agents and other consultants and subcontractors of any of them each of whom is deemed to have an insurable interest and shall be listed as an insured or additional insured;

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

b. in addition to the individuals and entities specified, include additional insured per Paragraph 5.11.

c. be written on a Builder's Risk "all-risk" or open peril or special causes of loss policy form that shall at least include insurance for physical loss and damage to the Work, temporary buildings, falsework, and materials and equipment in transit and shall insure against at least the following perils or causes of loss: fire, lightning, extended coverage, theft, vandalism and malicious mischief, earthquake, collapse, debris removal, demolition occasioned by enforcement of Laws and Regulations, water damage (other than that caused by flood), and such other perils or causes of loss as may be specifically required by the Supplementary Conditions;

d. include expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of engineers and architects);

e. cover materials and equipment stored at the Site or at another location that was agreed to in writing by Owner prior to being incorporated in the Work, provided that such materials and equipment have been included in an Application for Payment recommended by Engineer;

f. allow for partial utilization of the Work by Owner;

g. include testing and startup; and

h. be maintained in effect until final payment is made unless otherwise agreed to in writing by Owner, Contractor and Engineer with 30 days written notice to each other additional insured to whom a certificate of insurance has been issued.

2. Contractor shall be responsible for any deductible or self-insured retention.

3. The policies of insurance required to be purchased and maintained by Contractor in accordance with this Paragraph SC-5.06.A shall comply with the requirements of paragraph 5.06.C of the General Conditions.

SC-5.06.B DELETE this article in its entirety.

SC-5.06.E DELETE this Paragraph in its entirety.

SC-5.11 Additional Insured ADD the following new paragraph immediately after Paragraph 5.10.

SC- 5.11 Additional Insured

A. Where applicable, all insurance policies shall name the Owner and Engineer as herein before defined as additional insured.

ARTICLE 6 – CONTRACTOR'S RESPONSIBILITY

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

SC-6.06 Concerning Subcontractor's, Suppliers, and Others ADD a new paragraph immediately after Paragraph 6.06.G:

H. Owner or Engineer may furnish to any Subcontractor or Supplier, to the extent practicable, information about amounts paid to Contractor on Work performed for Contractor by a particular Subcontractor or Supplier.

SC-6.12 Record Documents ADD a new paragraph immediately after Paragraph 6.12.A:

B. Owner may withhold progress payments until record documents are properly updated. Final payment may not be made until all record documents are accepted in writing by Owner.

SC-6.17 Shop Drawings and Samples ADD the following new paragraphs immediately after Paragraph 6.17.E:

F. Contractor shall furnish required submittals with sufficient information and accuracy in order to obtain required approval of an item with no more than three submittals. Engineer will record Engineer's time for reviewing subsequent submittals of Shop Drawings, samples or other items requiring approval and Contractor shall reimburse Owner for Engineer's charges for such time.

G. In the event that Contractor requests a substitution for a previously approved item, Contractor shall reimburse Owner for Engineer's charges for such time unless the need for such substitution is beyond the control of Contractor.

SC-6.19 Contractor's General Warranty and Guarantee ADD the following new paragraph immediately after Paragraph 6.19.C:

D. Unless additional warranties are included in the technical specifications, the Contractor shall guarantee all Work for a period of one-year following Substantial Completion. This guarantee shall not be read to or limit the other rights of Owner for periods past that time, or any other relief or legal entitlement.

ARTICLE 7 – OTHER WORK AT SITE

SC-7.04 Claims Between Contractors ADD a new paragraph immediately after Paragraph 7.03:

SC-7.04 Claims Between Contractors

A. Should Contractor cause damage to the work or property of any other contractor at the Site, or should any claim arising out of Contractor's performance of the Work at the Site be made by any other contractor against Contractor, Owner, Engineer, or the construction coordinator, Contractor shall promptly attempt to settle with such other contractor by agreement, or to otherwise resolve the dispute by arbitration or at law.

B. Contractor shall, to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner, Engineer, the construction coordinator and the officers, directors,

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

partners, employees, agents and other consultants and subcontractors of each and any of them from and against all claims, costs, losses and damages (including, but not limited to, fees and charges of engineers, architects, attorneys, and other professionals and court and arbitration costs) arising directly, indirectly or consequentially out of any action, legal or equitable, brought by any other contractor against Owner, Engineer, Engineer's Consultants, or the construction coordinator to the extent said claim is based on or arises out of Contractor's performance of the Work. Should another contractor cause damage to the Work or property of Contractor or should the performance of work by any other contractor at the Site give rise to any other Claim, Contractor shall not institute any action, legal or equitable, against Owner, Engineer, or the construction coordinator or permit any action against any of them to be maintained and continued in its name or for its benefit in any court or before any arbiter which seeks to impose liability on or to recover damages from Owner, Engineer, or the construction coordinator on account of any such damage or Claim.

C. If Contractor is delayed at any time in performing or furnishing Work by any act or neglect of another contractor, and Owner and Contractor are unable to agree as to the extent of any adjustment in Contract Times attributable thereto, Contractor may make a Claim for an extension of times in accordance with Article 12. An extension of the Contract Times shall be Contractor's exclusive remedy with respect to Owner, Engineer, and construction coordinator for any delay, disruption, interference, or hindrance caused by any other contractor. This paragraph does not prevent recovery from Owner, Engineer, or construction coordinator for activities that are their respective responsibilities.

ARTICLE 8 – OWNER'S RESPONSIBILITIES

SC-8.11 Evidence of Financial Arrangements Add the following new paragraph immediately after Paragraph 8.11.A:

B. On request of Contractor prior to the execution of any Change Order involving a significant increase in the Contract Price, Owner shall furnish to Contractor reasonable evidence that adequate financial arrangements have been made by Owner to enable Owner to fulfill the increased financial obligations to be undertaken by Owner as a result of such Change Order.

ARTICLE 9 – ENGINEER'S STATUS DURING CONSTRUCTION

SC-9.03 Project Representative AMEND the language in the second sentence of Paragraph 9.03.A to read as follows:

DELETE the language "the Supplementary Conditions, and limitations on the responsibilities thereof will be as provided in".

ARTICLE 13 – TESTS AND INSPECTIONS; CORRECTIONS, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

SC-13.03.A ADD the following new sentence immediately after the first sentence of Paragraph 13.03.A:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

Timely notice shall be as stated in the appropriate specification and no less than 24 hours prior to scheduling the Work.

ARTICLE 14 – PAYMENTS TO CONTRACTOR AND COMPLETION

SC-14.02.A.3 Applications for Payments DELETE Paragraph 14.02.A.3 in its entirety and INSERT the following in its place:

3. The Owner will retain 5% of the amount of each estimate until final completion of the project. On monthly estimates subsequent to the first estimate submitted that includes invoices for stored materials for which payment to the Contractor has been made, there shall be a signed statement that the invoices have been paid by the Contractor.

The statement shall read as follows:

This is to certify that payment has been made for invoiced materials included in previous monthly estimate no._____ thru _____.

Signed: _____

In the event that such statement is not furnished or the manufacturers or material suppliers notify the Owner in writing that they have not been paid for materials included on previous estimates, the Owner may reduce payment in accordance with Paragraph 14.02.

SC-14.02.C Payment Becomes Due AMEND the language in the first sentence of Paragraph 14.02.C.1 to read as follows:

CHANGE the language from "Ten days after presentation of the Application for Payment to Owner," to "Ten days after approval of the Application for Payment by Owner".

ARTICLE 15 – SUSPENSION OF WORK AND TERMINATION

Section 15.03 is modified to state in toto that Owner may stop and terminate the contract, for convenience and with or without cause with no right of relief from Contractor other than payment of items completed and stored to that date and time.

ARTICLE 16 – DISPUTE RESOLUTION

SC-16.01 Delete Paragraph 16.01 in its entirety and insert the following in its place:

SC-16.01 Meet to Confer and Negotiate

A. Engineer's action under Paragraph 10.05.C or a denial pursuant to Paragraphs 10.05.C.3 or 10.05.D shall become final and binding 30 days after receipt of written notice of Engineer's action or decision unless, within that time period, Owner or Contractor gives to the other party written notice of intent to submit the Claim to a process of bilateral negotiations as set forth below.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

B. Within 30 days of the delivery of such notice, Owner and Contractor shall meet and confer regarding the Claim. A good-faith effort to negotiate resolution shall be made by both parties.

C. If the negotiations contemplated by Paragraph SC-16.01.B are unsuccessful, management representatives of Owner and Contractor at least one tier above the individuals who met under SC16.01.B shall meet, confer, and negotiate within 30 days of the closure of the unsuccessful negotiations.

D. If the Claim is not resolved by negotiation, Engineer's action under Paragraph 10.05.C or a denial pursuant to Paragraphs 10.05.C.3 or 10.05.D shall become final and binding 30 days after termination of the negotiations unless, within that time period, Owner or Contractor:

1. gives to the other party written notice of intent to submit the Claim to a court of competent jurisdiction, or

2. agrees with the other party to submit the Claim to another dispute resolution process.

E. Notwithstanding any applicable statute of limitations, a party giving notice under Paragraph SC16.01.D.1 shall commence an action on the Claim within one year of giving such notice. Failure to do so shall result in the Claim being time-barred and Engineer's action or denial shall become final and binding.

ARTICLE 17 – MISCELLANEOUS

SC-17.05 Controlling Law DELETE Paragraph 17.05.A in its entirety and INSERT the following in its place:

A. The terms and conditions of this Contract shall be construed and interpreted under, and all respective rights and duties shall be governed by, the laws of the State of Mississippi. Wherever applicable, each provision of these Contract Documents shall be interpreted in such a manner as to be effective and valid under applicable law, but if any provision of these Contract Documents shall be prohibited by or invalid under applicable law, such provisions shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of these Contract Documents.

B. This Contract shall not be construed more strictly against one party than the other merely by virtue of the fact that it may have been prepared by one of the parties.

**END OF SECTION**

THIS PAGE INTENTIONALLY LEFT BLANK

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

# SECTION 00 83 00
# PROJECT REPRESENTATIVE

## A. GENERAL

The Engineer shall furnish a Project Representative, assistants and other field staff to assist the Engineer in observing the progress and quality of the work of the Contractor.

The Engineer may, if advisable by the nature of the Work, and by agreement with the Owner, furnish a Resident Project Representative (RPR), assistants and other field staff. In either case, the duties, responsibilities, and limitations of authority as stipulated in this section shall apply. The references made to the RPR in this document shall be deemed as applicable to the Project Representative, field inspector, and any assistant or other field staff employed, full time or part time, by the Engineer.

Through more extensive on-site observations of the Work in progress and field checks of materials and equipment by the RPR and assistants, the Engineer shall endeavor to provide further protection for the Owner against defects and deficiencies in the work of the Contractor. However, the Engineer shall not, during such visits or as a result of such observations of the Contractor's work in progress, supervise, direct, or have control over the Contractor's work, nor shall the Engineer have authority over or responsibility for the means, methods, techniques, sequences or procedures selected by the Contractor, for safety precautions and programs incident to the Work, for any failure of the Contractor to comply with the laws, rules, regulations, ordinances, codes or orders applicable to the Contractor's performing and furnishing the Work, or responsibility for the Contractor's failure to furnish and perform the Work in accordance with the Plans and Contract Documents.

The duties and responsibilities of the RPR are limited to those of the Engineer in the Engineer's agreement with the Owner and in the Contract Documents, and are further limited and described below in the following subsections of this Section.

## B. DESIGNATION

The RPR is the Engineer's agent and designated representative at the site. The RPR will act as directed by and under the supervision of the Engineer, and will confer with the Engineer regarding the RPR's actions. The RPR's dealings in matters pertaining to the on-site Work shall in general be with the Engineer and the Contractor, keeping the Owner advised as necessary. The RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of the Contractor. The RPR shall generally communicate with the Owner with the knowledge of and under the direction of the Engineer.

## C. DUTIES AND RESPONSIBILITIES OF THE RPR

The duties and responsibilities of the RPR are as follows:

1. Schedules:

   To review the progress schedule, schedule of Shop Drawing submittals and schedule of values prepared by the Contractor and consult with Engineer concerning acceptability.

2. Conferences and Meetings:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

To attend meetings with the Contractor, such as any preconstruction conferences, progress meetings, job conferences and other project-related meetings, and to prepare and circulate copies of the minutes thereof.

3. Liaison:
   a. To serve as the Engineer's liaison with the Contractor, working principally through the Contractor's superintendent, and to assist in understanding the intent of the Contract Documents; and to assist the Engineer in serving as the Owner's liaison with the Contractor when the Contractor's operations affect the Owner's on-site operations.
   b. To assist in obtaining from the Owner additional details or information, when required for proper execution of the Work.
4. Shop Drawings and Samples:
   a. To record the date of receipt of Shop Drawings and Samples.
   b. To receive any Samples which are furnished at the site by the Contractor, and to notify the Engineer of the availability of any Samples for examination.
   c. To advise the Engineer and the Contractor of the commencement of any Work requiring a Shop Drawing or Sample, if the submittal has not been approved by the Engineer.
5. Review of Work, Rejection of Defective Work, and Inspections and Tests:
   a. To conduct on-site observations of the Work in progress to assist the Engineer in determining if the Work is in general proceeding in accordance with the Contract Documents.
   b. To report to the Engineer whenever the RPR believes that any Work will not produce a completed Project that conforms generally to the Contract Documents, or will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and to advise the Engineer of Work that the RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.
   c. To verify that tests, equipment and systems startups, and operating and maintenance training are conducted in the presence of the appropriate personnel, and that the Contractor maintains adequate records thereof; and to observe, record and report to the ENGINEER appropriate details relative to the test procedures and startups.
   d. To accompany visiting inspectors representing public or other agencies having jurisdiction over the Project, to record the results of these inspections and to report them to the ENGINEER.
6. Interpretation of Contract Documents:

   To report to the Engineer when clarifications and interpretations of the Contract Documents are needed and to transmit to the Contractor the clarifications and interpretations as issued by the Engineer.
7. Modifications:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

To consider and evaluate the Contractor's suggestions for modifications in the Plans or Specifications, to report with the RPR's recommendations to the Engineer, and to transmit to the Contractor the decisions as issued by the Engineer.

8. Records:
   a. To maintain at the job site orderly files for correspondence, reports of job conferences, Shop Drawings and Samples, reproductions of original Contract Documents including all Work Change Directives, Addenda, Change Orders, Field Orders, additional Drawings issued subsequent to the execution of the Contract, the Engineer's clarifications and interpretations of the Contract Documents, progress reports, Shop Drawing submittals received from and delivered to the Contractor and other Project related documents.
   b. To prepare a daily report or keep a diary or log book, recording the Contractor's hours on the job site, weather conditions, data relative to questions of Work Change Directives, Change Orders or changed conditions, list of job site visitors, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and to provide copies to the Engineer.
   c. To record the names, addresses and telephone numbers of all the Contractors, subcontractors and major suppliers of materials and equipment.
9. Reports:
   a. To furnish to the Engineer periodic reports as required of progress of the Work and of the Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.
   b. To consult with the Engineer in advance of scheduled major tests, inspections or start of important phases of the Work.
   c. To draft proposed Change Orders and Work Change Directives, obtaining backup material from the Contractor, and to recommend to the Engineer Change Orders, Work Change Directives, and Field Orders.
   d. To report immediately to the Engineer and the Owner upon the occurrence of any accident.
10. Payment Requests:

    To review Applications for Payment with the Contractor for compliance with the established procedures for their submission, and to forward with recommendations to the Engineer, noting particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the site but not incorporated in the Work.

11. Certificates, Maintenance and Operation Manuals:

    During the course of the Work, to verify that certificates, maintenance and operation manuals and other data required to be assembled and furnished by the Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and to have this material delivered to the Engineer for review and forwarding to the Owner prior to final payment for the Work.

12. Completion:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

a. Before the Engineer issues a Certificate of Substantial Completion, to submit to the Contractor a list of observed items requiring completion or correction.

b. To observe whether the Contractor has performed the inspections required by laws, rules, regulations, ordinances, codes, or orders applicable to the work, including but not limited to those to be performed by public agencies having jurisdiction over the work.

c. To conduct the final inspection in the company of the Engineer, the Owner and the Contractor and to prepare a final list of items to be completed or corrected.

d. To observe whether all items on the final list have been completed or corrected and to make recommendations to the Engineer concerning acceptance and issuance of any notices concerning the acceptability of the Work.

D. LIMITATIONS OF AUTHORITY

The Resident Project Representative:

1. Shall not authorize any deviation from the Contract Documents or substitution of materials or equipment (including "or-equal" items), unless specifically authorized by the Engineer.
2. Shall not exceed the limitations of the Engineer's authority as set forth in the Agreement or the Contract Documents.
3. Shall not undertake any of the responsibilities of the Contractor, any Subcontractor, any Supplier or the Contractor's superintendent.
4. Shall not advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of construction unless such advice or directions are specifically required by the Contract Documents.
5. Shall not advise on, issue directions regarding or assume control over safety precautions and programs in connection with the Work.
6. Shall not accept Shop Drawing or Sample submittals from anyone other than the Contractor.
7. Shall not authorize the Owner to occupy the Project in whole or in part.
8. Shall not participate in specialized field or laboratory tests or inspections conducted by others except as specifically authorized by the Engineer.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 14 16**
**COORDINATION WITH RESIDENTS**

1.0 CONDITION LIMITATIONS

The Contractor shall make its own investigation of the condition of available public and private roads and of clearances, restrictions, bridge load limits, and other limitations affecting transportation and ingress and egress to the site of the Work. It shall be the Contractor's responsibility to construct and maintain, at its own expense, any temporary access measures required for his construction operations.

2.0 TEMPORARY CROSSINGS

Wherever necessary or required for the convenience of the public or individual residents at street crossings, private driveways, or elsewhere, the Contractor shall provide suitable temporary bridges over unfilled excavations, except in such cases as the Contractor shall secure the written consent of the individuals or authorities concerned to omit such temporary bridges, which written consent shall be delivered to the Engineer prior to excavation. All such bridges shall be maintained in service until access is provided across the backfilled excavation. Temporary bridges for street and driveway crossings shall conform to the requirements of the authority having jurisdiction in each case, and the Contractor shall adopt designs furnished by said authority for such bridges, or shall submit designs to said authority for approval, as may be required.

3.0 STREET USE

Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, alleyway, or parking area during the performance of the Work hereunder, and he shall so conduct his operations as not to interfere unnecessarily with the authorized work of utility companies or other agencies in such streets, alleyways, or parking areas. No street shall be closed to the public without first obtaining permission of the Owner and proper governmental authority. Where excavation is being performed in primary streets, one lane in each direction shall be kept open to traffic at all times unless otherwise provided or shown. Toe boards shall be provided to retain excavated material if required by the Engineer or the agency having jurisdiction over the street. Fire hydrants on or adjacent to the Work shall be kept accessible to fire-fighting equipment at all times. Temporary provisions shall be made by the Contractor to assure the use of sidewalks and the proper functioning of all gutters, sewer inlets, and other drainage facilities.

4.0 STREET CLOSURE

If closure of any street is required during construction, a formal application for a street closure shall be made to the authority having jurisdiction at least 72 hours prior to the required street closure in order to review necessary signing and detour requirements. Streets with only one access route shall not be closed for extended periods of time.

5.0 COORDINATION WITH RESIDENTS

Contractor shall coordinate with the Representative of each Residence regarding temporarily relocating storage sheds and other structures, temporarily dismantling fences and reinstalling fences when

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

construction activity in the area is completed, the location of the sewer service connection at each property line, the temporary blocking of driveways and temporary parking restrictions due to trench work or asphalt overlays. Contractor's cooperation and coordination with the County Representative and the Engineer is also required.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 26 63**
**CHANGE ORDERS**

1.0 REQUIREMENTS INCLUDED

A. Promptly implement change order procedures.
   1. Provide full written data required to evaluate changes.
   2. Maintain detailed records of work done on a time-and-material/force account basis.
   3. Provide full documentation to Engineer on request.
B. Designate in writing the member of Contractor's organization:
   1. Who is authorized to accept changes in the Work.
   2. Who is responsible for informing others in the Contractor's employ of the authorization of changes in the Work.
C. Owner will designate in writing the person who is authorized to execute Change Orders.

2.0 RELATED REQUIREMENTS

A. Agreement, the amounts of established unit prices, is included in the general Specifications and Conditions.
B. Conditions of the Contract are included in the General Specifications and Conditions:
   1. Methods of determining cost or credit to Owner resulting from changes in Work made on a time and material basis.
   2. Contractor's claims for additional costs.

3.0 DEFINITIONS

A. Change Order: See General Specifications and Conditions of the Contract.
B. Work Directive Change: A written order to the Contractor, signed by Owner and Engineer, which amends the Contract Documents as described and authorized Contractor to proceed with a change which affects the Contract Sum or the Contract Time, for inclusion in a subsequent Change Order.
C. Field Order: A written order to the Contractor, signed by the Engineer and the Contractor, which is issued to interpret/clarify the Contract Documents, order minor changes in the work and/or memorialize trade-off agreements. The work described by a Field Order is to be accomplished without change to the Contract Sum, Contract Time, and/ or claims for other costs.

4.0 PRELIMINARY PROCEDURES

A. Owner or Engineer may initiate changes by submitting a Request for Proposal (RFP) to Contractor. Request will include:
   1. Detailed description of the Change, Products and location of the change in the Project.
   2. Supplementary or revised Drawings and Specifications.
   3. The projected time span for making the change and a specific statement as to whether overtime work is, or is not, authorized.
   4. A specific period of time during which the requested price will be considered valid.
   5. Such request is for information only and is not an instruction to execute the changes, or to stop work in progress.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

B. Contractor may initiate changes by submitting a written notice to Engineer, containing:
   1. Description of the proposed changes.
   2. Statement of the reason for making the changes.
   3. Statement of the effect on the Contract Sum and the Contract Time.
   4. Statement of the effect on the work of separate contractors.
   5. Documentation supporting any change in Contract Sum or Contract Time, as appropriate.

5.0 WORK DIRECTIVE CHANGE AUTHORIZATION

A. In lieu of a Request for Proposal (RFP), Engineer may issue a work directive change authorization for Contractor to proceed with a change for subsequent inclusion in a Change Order.
B. Authorization will describe changes in the Work, both additions and deletions, with attachments of revised Contract Documents to define details of the change and will designate the method of determining any change in the Contract Sum and any change in Contract Time.
C. Owner and Engineer will sign and date the Work Directive Change Authorization as authorization for the Contractor to proceed with the changes.
D. Contractor may sign and date the Work Directive Change Authorization to indicate agreement with the terms therein.

6.0 DOCUMENTATION OF PROPOSALS AND CLAIMS

A. Support each quotation for a lump-sum proposal and for each unit price, which has not previously been established, with sufficient substantiating data to allow Engineer to evaluate the quotation.
B. On request, provide additional data to support time and cost computations
   1. Labor required.
   2. Equipment required.
   3. Products required.
   4. Recommended source of purchase and unit cost.
   5. Quantities required.
   6. Taxes, insurance and bonds.
   7. Credit for work deleted from Contract, similarly documented.
   8. Overhead and profit.
   9. Justification for any change in Contract Time.
C. Support each claim for additional costs and for work done on a time and material/force account basis, with documentation as required for a lump-sum proposal, plus additional information.
   1. Name of the Owner's authorized agent who ordered the work and date of the order.
   2. Dates and times work was performed, and by whom.
   3. Time record, summary of hours worked, and hourly rates paid.
   4. Receipts and invoices for:
      a) Equipment used, listing dates and times of use.
      b) Products used, listing of quantities.
      c) Subcontracts.

7.0 PREPARATION OF CHANGE ORDERS AND FIELD ORDERS

A. Engineer will prepare each Change Order and Field Order.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

B. Change Order will describe changes in the Work, both additions and deletions, with attachments of revised Contract Documents to define details of the change.
C. Change Order will provide an accounting of the adjustment in the Contract Sum and in the Contract Time.
D. Field Order will describe interpretations or clarifications of Contract Documents, order minor changes in the Work, and/or memorialize trade-off agreements.
E. Field Order work will be accomplished without change in the Contract Sum, Contract Time, and/or claims for other costs.
F. Change Order and Field Order forms for Owner may be provided by the Engineer. It is the responsibility of the Contractor to provide the correct change and field orders.

8.0 LUMP-SUM/FIXED PRICE CHANGE ORDER

A. Content of Change Orders will be based on, either:
   1. Engineer's Proposal Request and Contractor's responsive Proposal as mutually agreed between Owner and Contractor.
   2. Contractor's Proposal for a change, as recommended by Engineer.
B. Owner and Engineer will sign and date the Change Order as authorization for the Contractor to proceed with the changes.
C. Contractor will sign and date the Change Order to indicate agreement with the terms therein.

9.0 TIME AND MATERIAL/FORCE ACCOUNT CHANGE ORDER/WORK DIRECTIVE CHANGE AUTHORIZATION

A. Engineer and Owner will issue a Work Directive Change Authorization directing Contractor to proceed with the changes.
B. At completion of the change, Contractor shall submit itemized accounting and supporting data as provided in the Article "Documentation of Proposals and Claims" of this Section.
C. Engineer will determine the allowable cost of such work, as provided in General Conditions and Supplementary Conditions.
D. Engineer will sign and date the Change Order to establish the change in Contract Sum and in Contract Time.
E. Owner and Contractor will sign and date the Change Order to indicate their agreement therewith.
F. All Time and Material Work must be documented and approved by the Project Representative on a daily basis.

10.0 CORRELATION WITH CONTRACTOR'S SUBMITTALS

A. Periodically revise Schedule of Values and Request for Payment forms to record each change as a separate item of Work, and to record the adjusted Contract Sum.
B. Periodically revise the Construction Schedule to reflect each change in Contract Time.
   1. Revise sub schedules to show changes for other items of work affected by the changes.
C. Upon completion of work under a Change Order, enter pertinent changes in Record Documents.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

THIS PAGE INTENTIONALLY LEFT BLANK

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 30 00**
**SITE ADMINISTRATION**

1.0 SITE ADMINISTRATION

A. Contractor shall be responsible for all areas of the site used by him, and all subcontractors in the performance of the Work. He will exert full control over the actions of all employees and other persons with respect to the use and preservation of property and existing facilities, except such controls as may be specifically reserved to Owner or others. Contractor has the right to exclude from the site all persons who have no purpose related to the Work or its inspection and may require all persons on the site to observe the same safety regulations as he required of his employees. At all working hours a superintendent shall be at the job on a full-time basis.

2.0 UNFAVORABLE CONSTRUCTION CONDITIONS

A. Contractor shall confine his operations to work which will not be affected adversely by unfavorable weather, wet ground, or other unsuitable construction conditions. No portion of the Work shall proceed under conditions which would adversely affect the quality or efficiency of the Work, unless suitable special precautions or countermeasures are taken by Contractor.

3.0 LAND FOR CONSTRUCTION PURPOSES

A. Contractor will be permitted to use available land belonging to Owner, on or near the site of the Work, for construction purposes and for the storage of materials and equipment. The location and extent of the areas so used shall be as indicated on the drawings or as directed by the Engineer or Owner.
B. Contractor shall immediately move stored material or equipment if any occasion arises, as determined by Owner, requiring access to the storage area. Materials or equipment shall not be placed on the property of Owner until Owner has agreed to the location to be used for storage.
C. It shall be the Contractor's responsibility to provide arrangements for additional land required for construction if applicable beyond that furnished by the Owner. This work shall be considered a subsidiary obligation of the contractor and all costs in connection therewith shall be absorbed by the Contractor.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

THIS PAGE INTENTIONALLY LEFT BLANK

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 31 13**
**PROJECT COORDINATION**

1.0 REQUIREMENTS

Contractor shall plan, schedule, and coordinate his operations in a manner that will facilitate the simultaneous progress of the work included under other contracts outside the scope of these Contract Documents. Contractor shall plan, schedule and coordinate with all utilities in a manner conducive to timely and efficient progress in the execution of the contract.

2.0 NOTICES TO OWNERS AND AUTHORITIES

Contractor shall, as provided in the General Conditions, notify owners of adjacent property and utilities when execution of the Work may affect them.

When it is necessary to temporarily deny the access of owners or tenants to their property, or when any utility service connections must be interrupted, Contractor shall give notices at least 7 days in advance to enable the affected persons to provide for their needs. The Contractors, as a minimum, shall place a door hanger type notice, conforming to any applicable local ordinance, at each residence or business giving notice of pending construction in the area with a brief description of the nature of the work, the estimated time frame involved, appropriate information concerning utility interruptions, and instructions on how to limit their inconvenience.

Utilities and other concerned agencies shall be contacted at least 48 hours prior to closing streets or other traffic areas or excavating near underground utilities or poles lines.

3.0 TESTING LABORATORY

It shall be the Contractor's responsibility to coordinate the services of the Testing Laboratory and to determine that materials and workmanship comply with the requirements of these specifications. Such testing shall meet the requirements of all pertinent codes and regulations and selected standards as specified elsewhere in these Specifications. Testing services shall include the requirements of applicable sections of the Specifications.

Representatives of the testing laboratory shall have access to the work at all times and facilities for such access shall be provided in order that the laboratory may perform its functions properly. The Contractor shall consult the testing laboratory in advance to determine the time required to perform the tests and to issue each of the findings. The testing laboratory shall be notified by the Contractor of any schedule changes. All samples, if any, shall be taken by the testing laboratory and any equipment, supplies, and delivery services that the laboratory requires shall also be provided by the testing laboratory.

The Contractor shall notify the testing laboratory prior to the construction.

4.0 COOPERATION WITHIN THIS CONTRACT

All firms or persons authorized to perform any work under this Contract shall cooperate with the General Contractor and his subcontractors or trades, and shall assist in incorporating the work of other trades where

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

necessary or required.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 31 15**
**CONTROL OF WORK**

1.0 WORK PROGRESS

The Contractor shall furnish personnel and equipment which will be efficient, appropriate, and large enough to secure a satisfactory quality of work and a rate of progress which will ensure the completion of the work within the time stipulated in the Contract Documents. If at any time such personnel or equipment appears to the Engineer to be inefficient, inappropriate, or insufficient for securing the quality of work required for producing the rate of progress aforesaid, he may order the Contractor to increase the efficiency, change the character, or increase the personnel and equipment, and the Contractor shall conform to such order. Failure of the Engineer to give such order shall in no way relieve the Contractor of his obligations to secure the quality of the work and rate of progress required.

2.0 PRIVATE LAND

The Contractor shall be aware that some of his work will be performed adjacent to private property.

3.0 WORK LOCATIONS

Work shall be located substantially as indicated on the Drawings, but the Engineer reserves the right to make such modifications in locations as may be found desirable to avoid interference with existing structures or for other reasons.

4.0 OPEN EXCAVATIONS

A. All open excavations shall be adequately safeguarded by providing temporary barricades, caution signs, lights, and other means to prevent accidents to persons, and damage to property.
B. Contractor shall be responsible for supplying materials, services, and labor necessary to provide sheeting, shoring and bracing or supports as required to provide a safe working condition for Contractor's personnel and to provide for protection of utilities, buildings, and structures. It shall be the sole responsibility of the Contractor to comply with these requirements.
C. Where excavation is required adjacent to existing power poles or other structures, the contractor has the responsibility to maintain the integrity of the structure by bracing or other means subject to the approval of the Engineer.

5.0 DISTRIBUTION SYSTEMS AND SERVICES

A. If it appears that utility service will be interrupted for an extended period due to construction, the Engineer may order the Contractor to provide temporary service lines. Inconvenience of the users shall be the minimum, consistent with existing conditions. The safety and integrity of the system is of prime importance in scheduling work.
B. Private utilities located on public right-of-way which are required to be permanently relocated at the job site or removed entirely from the jobsite to accommodate the project will be indicated on the plans.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

C. Private utilities located on public right-of-way which the contractor requests to be temporarily relocated, disconnected or de-energized for the convenience of construction or for safety reasons shall be done so at the contractor's expense.
D. Disposition of Utilities: Follow rules and regulations of the authority having jurisdiction in executing all Work under this article. Adequately protect active utilities shown on the Drawings from damage and remove or relocate only as indicated or specified. Where active utilities are encountered, but are not shown on the Drawings, advise the Engineer. Adequately protect, support, or relocate the Work as directed. Remove, plugged or capped inactive and abandoned utilities encountered in excavating and grading operations.

6.0 PROTECTION AND RELOCATION OF EXISTING STRUCTURES AND UTILITIES

A. The Contractor shall assume full responsibility for the protection of all buildings, structures, and utilities, public or private, including poles, signs, services to building utilities, in the street, gas pipes, water pipes, hydrants, sewers, drains, and electric and telephone cables, whether or not they are shown on the Drawings. The Contractor shall carefully support and protect all such structures and utilities from injury of any kind. Any damage resulting from the Contractor's operation shall be repaired by him at his expense.
B. The Contractor shall bear full responsibility for obtaining locations of all underground structures and utilities (including existing water services, drain lines, and sewers). Services to buildings shall be maintained, and all costs or charges resulting from damage thereto shall be paid by the Contractor.
C. Protection and temporary removal and replacement of existing utilities and structures as described in this Section shall be a part of the work under the Contract and all costs in connection therewith shall be included in the unit and or Lump Sum prices established in the Proposal.
D. If, in the opinion of the Engineer, permanent relocation of a public utility owned by the County is required, he may direct the Contractor in writing, to perform the work. Work so ordered will be paid for at the Contract unit prices, if applicable, or as extra work under Article 12 of the General Conditions. If relocation of a privately owned utility is required, the Contractor will notify the Utility to perform the work as expeditiously as possible. The Contractor shall fully cooperate with the County and Utility and shall have no claim for delay due to such relocation. The Contractor shall notify public utility companies in writing at least 48 hours (excluding Saturdays, Sundays, and legal holidays) before excavating near their utilities. Costs of relocating utilities shall be included in the various unit prices of the work to be done or as otherwise provided in these contract documents.

7.0 CARE AND PROTECTION OF PROPERTY

A. The Contractor shall be responsible for the preservation of all public and private property, and shall use every precaution necessary to prevent damage thereto. If any direct or indirect damage is done to public or private property by or on account of any act, omission, neglect, or misconduct in the execution of the work on the part of the Contractor, such property shall be restored by the Contractor, at his expense, to a condition similar or equal to that existing before the damage was done, or he shall make good the damage in another manner acceptable to the Engineer.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

B. The protection, removal, and replacement of existing physical features along the line of work shall be a part of the work under the Contract, and all costs in connection therewith shall be included in the unit and/or lump sum prices established under the items in the Proposal.

8.0 DRAINAGE

Contractor shall impede drainage only in the event such impediment is necessary for the implementation of the work. When impeding drainage is necessary, Contractor shall take the necessary steps to protect life and property. Flooding of adjacent streets and land will not be permitted.

9.0 WATER FOR CONSTRUCTION PURPOSES

In locations where public water supply is available, the Contractor may purchase water for all construction purposes.

10.0 MAINTENANCE OF FLOW

The Contractor shall at his own cost, provide for the flow of sewers, drains, and water courses interrupted during the progress of the Work, and shall immediately cart away and remove all offensive matter. The entire procedure of maintaining existing flow shall be fully discussed with the Engineer well in advance of the interruption of any flow. Pavement removal and replacement which, in the opinion of the Contractor, is necessitated by placement of temporary flow control facilities shall be considered as an item for convenience to the Contractor. Such costs for pavement removal and replacement shall, therefore, be borne by the Contractor at his own cost as required for other flow control measures. The intent of this Specification is that pavement removal be limited to the least amount possible and the Contractor shall investigate alternative methods for flow control which require the least amount of pavement removal.

11.0 CLEANUP

During the course of the Work, the Contractor shall keep the site of his operations in as clean and neat a condition as is possible. He shall dispose of all residue resulting from the construction work and, at the conclusion of the work, he shall remove and haul away any surplus excavation, broken pavement, lumber, equipment, temporary structures, and any other refuse remaining from the construction operations, and shall leave the entire site of the Work in a neat and orderly condition.

12.0 COOPERATION WITHIN THIS CONTRACT

A. All firms or persons authorized to perform any work under this Contract shall cooperate with the General Contractor and his subcontractors or trades, and shall assist in incorporating the work of other trades where necessary or required.
B. Cutting and patching, drilling, and fitting shall be carried out where required by the trade or subcontractor having jurisdiction, unless otherwise indicated herein or directed by the Engineer.

13.0 PROTECTION OF CONSTRUCTION AND EQUIPMENT

A. All newly constructed work shall be carefully protected from damage in any way.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

B. It is the responsibility of the Contractor to provide protection of all structure. Should any of the work become heaved, cracked, or otherwise damaged, all such damaged portions of the work shall be completely repaired and made good by the Contractor at his own expense and to the satisfaction of the Engineer. If, in the final inspection of the Work, any defects, faults, or omissions are found, the Contractor shall cause the same workmanship without extra compensation for the materials and labor required. Further, the Contractor shall be fully responsible for the satisfactory maintenance and repair of the construction and other work undertaken herein, for at least the guarantee period described in the Contract.

14.0 PROTECTION OF EXISTING CANAL BANKS

The Contractor shall assume full responsibility for the stabilization of all existing canal banks during construction operations including directional drilling, open cutting, dredging, excavation, grading, filling and driving of piles and sheet piles among other miscellaneous activities. Any damage resulting from the Contractor's operation shall be repaired by him at his expense.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 31 19**
**PROJECT MEETINGS**

1.0 REQUIREMENTS INCLUDED

A. Engineer shall schedule and administer preconstruction meeting, periodic progress meetings, and specially called meetings throughout progress of the work.
   1. Prepare agenda for meetings.
   2. Distribute written notice of each meeting four (4) days in advance of meeting date.
   3. Make physical arrangements for meetings.
   4. Preside at meetings.
   5. Record the minutes; include significant proceedings and decisions.
   6. Reproduce and distribute copies of minutes within ten (10) days after each meeting.
      a. To participants in the meeting.
      b. To parties affected by decisions made at the meeting.

B. Representatives of contractors, subcontractors and suppliers attending meetings shall be qualified and authorized to act on behalf of the entity each represents.

2.0 PRECONSTRUCTION MEETING

A. Schedule prior to beginning of construction.
B. Location: A central site, convenient for all parties, designated by Owner.
C. Attendance:
   1. Owner's Representative.
   2. Engineer and his professional consultants.
   3. Resident Project Representative.
   4. Contractor's Superintendent.
   5. Major Subcontractors.
   6. Major Suppliers.
   7. Others as appropriate.
D. Suggested Agenda:
   1. Distribution and discussion of:
      a. List of major subcontractors and supplies.
      b. Projected Construction Schedules.
   2. Critical work sequencing.
   3. Major equipment deliveries and priorities.
   4. Project Coordination.
      a. Designation of responsible personnel.
   5. Procedures and processing of:
      a. Field decisions.
      b. Proposal requests.
      c. Submittals.
      d. Change Orders.
      e. Applications for Payment.
   6. Adequacy of distribution of Contract Documents.
   7. Procedures for maintaining Record Documents.
   8. Use of premises:
      a. Office, work and storage areas.
      b. Owner's requirements.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

9. Construction facilities, controls and construction aids.
10. Temporary utilities.
11. Safety and first-aid procedures.
12. Security procedures.
13. Housekeeping procedures.

3.0 PROGRESS MEETINGS

A. Schedule regular periodic meetings, as required, but not less often than monthly.
B. Hold called meetings as required by progress of work.
C. Location of the meetings: Place chosen by Owner.
D. Attendance:
   1. Owner's representative.
   2. Engineer, and his professional consultants as needed.
   3. Contractor and his subcontractors and/or suppliers as appropriate to the agenda.
   4. Others as appropriate to the agenda.
E. Suggested Agenda:
   1. Review, approval of minutes of previous meeting.
   2. Review of work progress since previous meeting.
   3. Field observations, problems, conflicts.
   4. Problems that impede Construction Schedule.
   5. Review of off-site fabrication, delivery schedules.
   6. Corrective measures and procedures to regain projected schedules.
   7. Revisions to Construction Schedule.
   8. Progress, schedule, during succeeding work period.
   9. Coordination of schedules.
   10. Review submittal schedules; expedite as required.
   11. Maintenance of quality standards.
   12. Pending changes and substitutions.
   13. Review proposed changes for:
      a. Effect on Construction Schedule and on completion date.
      b. Effect on other contracts of the Project.
   14. Other business.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 32 13**
**CONSTRUCTION SCHEDULE**

1.0 REQUIREMENTS INCLUDED

A. Within ten days after the effective date of a task order, the Contractor shall submit to the Engineer for review and acceptance an estimated progress schedule indicating the starting and completion dates of the various stages of the work.
B. Submit revised progress schedules (5 copies) monthly with his request for payment.
C. Schedules shall be coordinated with work orders issued by the Engineer through the completion of the project and any variances shall be reported.

2.0 FORM OF SCHEDULES

A. Prepare schedules in the form of a horizontal bar chart.
   1. Provide separate horizontal bar for each trade or operation.
   2. Horizontal time scale: Identify the first workday of each week.
   3. Scale and Spacing: To allow for notations and future revisions.
   4. Minimum sheet size: 8-1/2" X 11".
B. Construction Progress Schedule:
   1. Show the complete sequence of construction by activity.
   2. Show the dates for the beginning and completion of each major element of construction.
   3. Show projected percentage of completion for each item, as of the first day of each month.
   4. Show an anticipated monthly payment schedule.
C. Submittals Schedule for Shop Drawings, Product Data and Samples, show:
   1. The dates for Contractor's submittals.
   2. The dates approved submittals will be required from the Engineer.

3.0 PROGRESS REVISIONS

A. Indicate progress of each activity to date of submission.
B. Show changes occurring since previous submission of schedule:
   1. Major changes in scope.
   2. Activities modified since previous submission.
   3. Revised projections of progress and completion.
   4. Other identifiable changes.
C. Provide a narrative report as needed to define:
   1. Problem areas, anticipated delays, and the impact on the schedule.
   2. Corrective action recommended and its effect.

4.0 SUBMISSIONS

A. Submit initial schedules in accordance with the General Conditions.
   1. Engineer will review schedules and return review copy within ten (10) days after receipt.
   2. If required, Contractor shall resubmit within seven (7) days after return of review copy.
B. Submit revised progress schedules with each application for payment.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 33 23**
**SHOP DRAWINGS, PRODUCT DATA, AND SAMPLES**

1.0 DESCRIPTION OF REQUIREMENTS

A. Type of submittals. This Section of the Specifications describes the procedures for submittal requirements applicable to work related submittals, such as shop drawings, product data, samples and miscellaneous work related submittals. It does not include the requirements for administrative submittals which are described in other sections.

B. Individual Section Requirements. The individual submittal requirements are specified in other Sections of the Specifications for each unit of work.

C. Definitions. The work related submittals of this Section, in addition to the definitions of the General Conditions and elsewhere in the Contract Documents, are further categorized for convenience as follows:

1. Shop drawings include specially prepared technical data of all forms including drawings, diagrams, performance curves, data sheets, schedules, templates, patterns, reports, calculations, instructions, measurements and similar information not in standard printed form for application to more than one project.
2. Product data includes standard printed information on materials, Products and systems, not specifically prepared for this project, other than the designation of selections from among available choices printed therein.
3. Samples include both fabricated and unfabricated physical examples of materials, products, and units of work, both as compete units and as smaller portions of units of work, either for limited visual inspection or (where indicated) for more detailed testing and analysis.
4. Miscellaneous submittals related directly to the work (non-administrative) include warranties, maintenance agreements, workmanship bonds, project photographs, survey data and reports, physical work records, statements of applicability, quality testing and certifying reports, copies of industry standards, record drawings, field measurement data, operating and maintenance materials, overrun stock, security protection/safety keys and similar information, devices and materials applicable to the work and not processed as shop drawings, product data, or samples. In addition to the above requirements, the Contractor shall submit in writing to the Engineer his proposed excavation plan prior to beginning any excavation operations.

D. Submittal of Shop Drawings shall be made to the Engineer's office in a sealed envelope, addressed with sufficient postage for sending by first class mail to:
Alex Davis, P.E.
Neel-Shaffer, Inc.
772 Howard Ave.
Biloxi, MS, 39530

2.0 GENERAL SUBMITTAL REQUIREMENTS

A. Scheduling. Where appropriate in various required administrative submittals (listings of products, manufacturers, suppliers and subcontractor, and in job progress schedule), show principal work related submittal requirements and time schedules for coordination and integration of submittal activity with related work in each instance. Within ten (10) days after the effective date of the Agreement, a schedule shall be submitted of the items of materials and

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

equipment for which shop drawings are required by the specifications. For each required shop drawing, the date shall be given for intended submission of the drawing to the Engineer for review and the date required for its return to avoid delay in any activity beyond the scheduled start date.

B. Coordination of Submittal Times. Prepare and transmit each submittal to the Engineer sufficiently in advance of performing related work or other applicable activities, so the installation will not be delayed or improperly sequenced by processing times, including non-approval and resubmittal (if required). Coordinate with other submittals, testing, purchasing, delivery and similar sequenced activities. No extension of time will be authorized because of Contractor's failure to transmit submittals to the Engineer sufficiently in advance of the work.

C. Sequencing Requirements. As applicable in each instance, do not proceed with a unit of work until submittal procedures have been sequenced with related units of work, in a manner which will ensure that the action will not need to be later modified or rescinded by reason of a subsequent submittal which should have been processed earlier or concurrently for coordination.

D. Preparation of Submittals. Provide permanent marking on each submittal to identify project, date, Contractor, subcontractor, submittal name and similar information to distinguish it from other submittals. Show Contractor's executed review and approval marking and provide space for the Engineer's "Action" marking. Package each submittal appropriately for transmittal and handling. Submittals which are received from sources other than through the Contractor's office will be returned "without action".

E. Transmittal Form. All shop drawing submittals shall be accompanied by the Contractor's standard submittal transmittal form. Any submittal not accompanied by such a form, or where all applicable items on the form are not completed, will be returned for resubmittal.

F. Transmittal Identification
   1. Number transmittals in sequence for each Division of the Specifications. The number after the dash indicates the Section of the Specifications, and number before the dash is the sequence number of the transmittal (1-15100 would be the first transmittal applicable to Section 15100 of the Specifications, 2-15100 would be the second transmittal for Section 15100, etc.)
   2. Identify resubmittals with a letter of the alphabet following the original number, using A for the first resubmittal, B for the second resubmittal, etc. A resubmittal affecting transmittal 1-15100 would then be numbered 1A-15100.

G. Resubmittal. The Contractor shall be allowed to make one (1) resubmittal to address the Engineers comments if the original submittal is returned for resubmittal. Any review of subsequent resubmittals will be considered. Contractor required engineering services and treated in accordance with the requirements of the specifications. No consideration of time extension shall be given for additional time required for review of repeated submittals.

## 3.0 SPECIFIC CATEGORY REQUIREMENTS

A. General. Except as otherwise noted, comply with general requirements specified herein for each indicated category of submittal. Submittals shall contain:
   1. The date of submittal and the dates of any previous submittal.
   2. The project title and number.
   3. Contract identification.
   4. The names of:

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

a. Contractor
b. Supplier
c. Manufacturer

5. Identification of the project, with the Specification Section number and equipment tag numbers.
6. Field dimensions, clearly identified as such.
7. Relation to adjacent or critical features of the work or materials.
8. Applicable standards, such as ASTM or Federal Specification numbers.
9. Notification to the Engineer in writing, at the time of submission, of any deviations in the submittal from the requirements of the Contract Documents.
10. Identification of revisions on resubmittals.
11. An 8" x 3" blank space for Contractor and Engineer stamps.
12. Contractors stamp, signed or initialed certifying that review of submittal, verification of products required, field dimensions, adjacent construction Work, and coordination of information within the submittal, is in accordance with the requirements of the Work and Contract Documents.
13. Submittal sheets or drawings showing more than the particular item under consideration shall have all but the pertinent description of the item for which review is requested crossed out.

B. Shop Drawings. Provide newly prepared information, on reproducible sheets, with graphic information at accurate scale (except as otherwise indicated), with name of preparer (firm name) indicated. The Contract Drawings shall not be traced or reproduced by any method for use as or in lieu of detail shop drawings. Show dimensions and note which are base on field measurement. Identify materials and products in the work shown. Indicate compliance with standards and special coordination requirements. Do not allow shop drawing copies without appropriate final "Action" markings by the Engineer to be used in connection with the work.

C. Submittal. Up to nine (9) prints may be required by the Engineer. (Electronic submittals or fewer print copies will be approved on a case by case basis by the Engineer.) Each copy shall be stamped by the Contractor certifying review. Five (5) copies will be retained (2 for engineer, 3 for owner) and remainder will be returned marked with "Action" and any correction or modification (if an) as required.
   1. Record Document. Of the four (4) returned copies, one (1) is to be marked up and maintained by the Contractor as the "Record Document". The other three (3) will be for Contractor's or vendors' use.
   2. If the Contractor required more than three (3) copies returned for his (or vendors') use, additional copies beyond the nine (9) shall be submitted.

D. Product Data. Collect required data into one submittal for each unit of work or system, and mark each copy to show which choices and options are applicable to the project. Include manufacturer's standard printed recommendations for application and use, compliance with standards, application of labels and seals, notation of field measurements which have been checked, and special coordination requirements. Maintain one (1) set of product data (for each submittal) at project site, available for reference by the Engineer or others.
   1. Submittals. Do not submit product data, or allow its use on the project, until compliance with requirements of Contract Documents has been confirmed by the Contractor. Submittal is for information and record, unless otherwise indicated. Initial submittal is final submittal unless returned promptly by the Engineer, marked with an "Action" which indicates an

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

observed noncompliance. Submit nine (9) copies, four (4) of which will be returned. One set shall be kept at the job site.

2. Installer's Copy. Do not proceed with installation of materials, products or systems until copy of applicable product data is in possession of installer.

E. Samples. Provide units of identical with final condition of proposed materials or products for the work. Include "range" samples (not less than three (3) units) where unavoidable variations must be expected, and describe or identify variations between units of each set. Provide full set of optional samples where the Engineers selection is required. Prepare samples to match the Engineer's sample where so indicated. Include information with each sample to show generic description, source or product name and manufacturer, limitations, and compliance with standards. Samples are submitted for review and confirmation of color, pattern, texture, and "kind" by the Engineer. Engineer will not "test" samples (except as otherwise indicated) for other requirements, which are the exclusive responsibility of the Contractor.

1. Submittal. At the Contractor's option, provide preliminary submittal of a single set of samples for the Engineer's review and "Action". Otherwise, initial submittal is final submittal unless returned with "Action" which requires resubmittal. Submit six (6) sets of samples in final submittal one (1) set will be returned.
2. Quality Control Set. Maintain returned final set of samples at project site, in suitable condition and available for quality control comparisons by Engineer and by others.

4.0 DISTRIBUTION

A. General Distribution. Provide additional distribution of submittals (not included in foregoing copy submittal requirements) to subcontractors, suppliers, fabricators, installers, governing authorities and others as necessary for proper performance of the work. Include such additional copies in transmittal to the Engineer where required to receive "Action" marking before final distribution. Show such distributions on transmittal forms.

B. Review Time. Allow a minimum of fifteen (15) calendar days following receipt of submittals for the Engineers initial processing of each submittal requiring review and response, except allow longer periods where processing must be delayed for coordination with subsequent submittals. The Engineer will advise the Contractor promptly when it is determined that a submittal being processed must by delayed for coordination. Allow two (2) weeks for reprocessing each submittal. Advise the Engineer on each submittal as to whether processing time is critical to progress of the work, and therefore the work would by expedited if processing time could be foreshortened.

**END OF SECTION**

THIS PAGE INTENTIONALLY LEFT BLANK

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 45 00**
**QUALITY CONTROL**

1.0 GENERAL

A. The contractor shall establish and maintain an effective quality control process. The quality control process shall consist of plans, procedures, and organization necessary to provide materials, equipment, workmanship, fabrication, construction and operations which comply with the contract requirements. The process shall cover construction operations both onsite and offsite, and shall be keyed to the proposed construction sequence.
B. The Contractor shall select and arrange for the service of a testing laboratory to determine that materials and workmanship comply with the requirements of these specifications.
C. Testing shall meet the requirements of all pertinent codes and regulations and selected standards as specified elsewhere in these Specifications.

2.0 PROCESSING AND DISTRIBUTING

A. The Testing Laboratory shall process required copies of test reports and related instructions and distribute promptly to ensure all necessary retesting and replacement of materials with the least possible delay in progress of the work. The following copies of all reports shall be distributed:

| | |
|---|---|
| Owner | 2 Copies |
| Engineer | 2 Copies |
| Contractor | 1 Copy |
| Material Supplier | 1 Copy |

3.0 PAYMENT FOR TESTING SERVICES

A. The Contractor will pay for all initial and routine testing services.
B. When initial tests indicate non-compliance with the Contract Documents, perform subsequent retesting occasioned by the non-compliance by the same testing laboratory at the sole expense of the Contractor reimbursed to the Owner.
C. Inspection or testing performed exclusively for the Contractor's convenience shall be borne by the Contractor.
D. The Contractor shall pay for the concrete batch design. The Owner approved testing laboratory will test the batch design.
E. Should scheduled testing be canceled due to negligence of the Contractor, the Contractor shall be responsible for costs associated with re-scheduling the tests. All costs associated with re-scheduling tests shall be reimbursed to the Owner.

4.0 COOPERATION WITH TESTING LABORATORY

A. Representative of the testing laboratory shall have access to work at all times. Contractor shall provide facilities for such access in order that the laboratory may perform its functions properly.

5.0 TESTING SCHEDULE

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

A. The Contractor shall consult the testing laboratory in advance to determine the time required to perform the tests. Include the required time within the construction schedule.
B. When changes of the construction schedule are necessary, coordinate such changes with the testing laboratory as required.

6.0 TAKING SAMPLES

All samples for testing, unless otherwise provided elsewhere in these specifications, shall be taken by the testing laboratory. All sampling equipment and personnel shall be provided by the testing laboratory unless otherwise specified. All deliveries of samples to the testing laboratory shall be performed by the testing laboratory unless otherwise specified.

The Contractor shall promptly remove rejected articles or materials from the site of the Work after notification of rejection.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 51 00**
**TEMPORARY UTILITIES**

1.0 SCOPE OF WORK

A. The Contractor shall be responsible for providing plant and equipment that is adequate for the performance of the work under this contract within the time specified. All plant and equipment shall be kept in satisfactory operating condition, shall be capable of safely and efficiently performing the required work, and shall be subject to inspection and approval by the Owner's representative at any time within the duration of the Contract. All work hereunder shall conform to the applicable requirements of the OSHA Standards for Construction. In addition, all work shall conform with requirements of the National Electric Code.

2.0 POWER AND LIGHTING

A. Power:
   1. The Contractor shall provide, at his own expense, all necessary power required for his operations under the Contract, and shall provide and maintain all temporary power lines required to perform the work in a safe and satisfactory manner.
B. Construction Lighting:
   1. All work conducted at night or under conditions of deficient daylight shall be suitably lighted to ensure proper work and to afford adequate facilities for inspection and safe working conditions.
C. Approval of Electrical Connections:
   1. All temporary connections for electricity shall be subject to approval of the Owner and the power company representative, and shall be removed in like manner at the Contractor's expense prior to final acceptance at work.
D. Separation of Circuits:
   1. Unless otherwise permitted by the Engineer, lighting circuits shall be separated from power circuits.
E. Construction Wiring:
   1. All wiring for temporary electric light and power shall be properly installed and maintained and securely fastened in place. All electrical facilities shall conform to the requirements of Subpart K of the OSHA Safety and Health Standards for Construction and be approved by the Owner.

3.0 WATER SUPPLY

A. General:
   1. The Contractor shall provide, at his own expense, an adequate supply of water for construction purposes. The Contractor shall pay the water utility for water used at the job site.
B. The Contractor shall provide and operate all pumping facilities, pipelines, valves, hydrants, storage tanks, and all other equipment necessary for the adequate development and operation of the temporary water supply system. The Contractor shall be solely responsible for the adequate functioning of its water supply system and shall be solely liable for any claims arising from the use of same, including discharge or waste of water there from.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

C. Potable Water:
   1. All drinking water on the site during construction shall be furnished by the Contractor.
D. Water Connections:
   1. The Contractor shall not make connection to, or draw water from, any fire hydrant or pipeline without first obtaining permission of the authority having jurisdiction over the use of said fire hydrant or pipeline and from the agency owning the affected water system. For each such connection made, the Contractor shall first attach to the fire hydrant or pipeline a backflow preventer, valve, and meter, if required by the said authority, of a size and type acceptable to said authority and agency. Only approved hydrants wrenches may be used to open and close hydrants. In instances where connections are made to water pipelines for the purpose of pressure testing newly constructed force mains or sewers, a double check valve system and pressure gauge shall be utilized to prevent back flow into the water main system.
E. Removal of Water Connections:
   1. Before final acceptance of the Work on the project, all temporary connections and piping installed by the Contractor shall be entirely removed, and all affected improvements shall be restored to their original condition, or better, to the satisfaction of the Engineer and to the agency owning the affected utility.

4.0 SANITATION

A. Toilet Facilities:
   1. Fixed or portable chemical toilets shall be provided wherever needed for the use of employees. Toilets at construction job sites shall conform to the requirements of Subpart D, Section 1026.51 of the OSHA Standards for Construction.
B. Sanitary and Other Organic Wastes:
   1. The Contractor shall establish regular collection of all sanitary and organic wastes. All wastes and refuse from sanitary facilities provided by the Contractor or organic materials wastes from any other source related to the Contractor's operations shall be disposed of away from the site in a manner satisfactory to the Engineer and in accordance all laws and regulations pertaining thereto. Disposal of all such wastes shall be at the Contractor's expense.

5.0 SAFETY

A. Public Safety:
   1. During the performance of the work the Contractor shall erect and maintain temporary fences, bridges, railings, and barriers and shall take all other necessary precautions and place proper guards for the prevention of accidents and he shall erect and maintain suitable and sufficient lights and other signals.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 57 13**
**TEMPORARY EROSION AND SEDIMENT CONTROL**

1.0 DESCRIPTION

A. Contractor to provide necessary equipment, labor and supplies for erosion and sediment control throughout project. Work consists of grading of site, providing silt fence, and straw bales and other necessary measures required for effective control.

2.0 EXECUTION

A. Throughout the duration of the project, control erosion and minimize siltation to rivers, streams, and impoundments. Control shall include, but is not limited to the use of berm, dikes, dams, sediment basins, sediment traps, filters, fiber mats, netting, gravel or crushed stone, mulch, grasses, slope drains, and other methods. Erosion and sediment control measures as described herein shall be applied to erodible materials exposed by any project activity.
B. Dress, prepare, and seed slopes immediately following the completion of each portion of work and immediately following suspension of grading operations. If seed or sod is placed within 3 days of final grading, no additional erosion control measures will be required unless site conditions prevent establishment of grass.
C. All embankment slopes shall be dressed, prepared, and seeded as the embankment proceeds to the extent needed to stop erosion and sedimentation.
D. Temporary erosion control measures shall be used to correct conditions that develop during construction that were not foreseen during the design stage, that are needed prior to installation of permanent erosion control features, or that are needed temporarily to control erosion that develops during normal construction practices that are not associated with permanent control features of the project.

3.0 MEASURMENT AND PAYMENT

A. Measurement: Measurement for payment for temporary erosion control will be made on a lump sum basis.
B. Payment: Payment for temporary erosion control will be made at the lump sum price bid and will constitute full compensation for providing all labor, materials, equipment, and incidentals required for layout of all types of temporary erosion control (including obtaining and maintaining necessary permits, silt fencing, hay bales, and inlet protection). Payment will be at the contract lump sum price in accordance with the following schedule:

| % of Total Contract Amount Earned | Allowable % Lump Sum Price for Temporary Erosion Control |
|---|---|
| Initial Erection | 25 |
| 25 | 50 |
| 50 | 75 |
| 100 | 100 |

Payment will be made under:

| | | |
|---|---|---|
| 015713-SP01 | Temporary Erosion Control | - per lump sum |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 60 00**
**MATERIALS AND EQUIPMENT**

1.0 REQUIREMENTS

All materials and equipment furnished and installed under this contract shall conform to the general stipulations set forth in this section except as otherwise specified in other sections of the specifications.

2.0 WORKMANSHIP AND MATERIALS

Contractor shall guarantee all equipment against faulty or inadequate design, improper assembly or erection, defective workmanship or materials, and leakage, breakage, or other failure. Materials shall be suitable for service conditions. All equipment shall be designed, fabricated, and assembled in accordance with the best modern engineering and shop practice. Individual parts shall be manufactured to standard sizes and gauges so that repair parts furnished at any time, can be installed in the field. Like parts of duplicate units shall be interchangeable. Equipment shall not have been in service at any time prior to delivery, except as required by tests. Except where otherwise specified, structural and miscellaneous fabricated steel used in equipment shall conform to AISC standards. All structural members shall be designed for shock or vibratory loads. Unless otherwise specified, all steel which will be submerged, all or in part, during normal operation of the equipment shall be at least ¼ inch thick.

3.0 RESPONSIBILITY FOR MATERIALS AND EQUIPMENT

Contractor shall be fully responsible for all materials and equipment which he has furnished, and shall furnish necessary replacements at any time prior to expiration of the Correction Period. The Contractor shall stock additional supplies of material and equipment as the Contractor deems necessary for timely and efficient execution of this contract.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

THIS PAGE INTENTIONALLY LEFT BLANK

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 01 65 50
## DELIVERY, STORAGE, AND HANDLING REQUIREMENTS

1.0 SCOPE OF WORK

A. This Section specifies the general requirements for the delivery handling, storage and protection for all items required in the construction of the work. Specific requirements, if any, are specified with the related item.

2.0 TRANSPORTATION AND DELIVERY

A. Transport and handle items in accordance with manufacturer's instructions.
B. Schedule delivery to reduce long term on-site storage prior to installation and/or operation. Under no circumstances shall equipment be delivered to the site more than one month prior to installation without written authorization from the Engineer.
C. Coordinate delivery with installation to ensure minimum holding time for items that are hazardous, flammable, easily damaged or sensitive to deterioration.
D. Deliver products to the site in manufacturer's original sealed containers or other packing systems, complete with instructions for handling, storing, unpacking, protecting, and installing.
E. All items delivered to the site shall be unloaded and placed in a manner which will not hamper the Contractor's normal construction operation or those of subcontractors and other contractors and will not interfere with the flow of necessary traffic.
F. Provide necessary equipment and personnel to unload all items delivered to the site.
G. Promptly inspect shipment to assure that products comply with requirements, quantities are correct, and items are undamaged. For items furnished by others (i.e., Owner, other Contractors), perform inspection in the presence of the Engineer. Notify Engineer verbally, and in writing, of any problems.

3.0 STORAGE AND PROTECTION

A. Store and protect products in accordance with the manufacturer's instructions, with seals and labels intact and legible. Storage instruction shall be studied by the Contractor and reviewed with the engineer by him/her. Instruction shall be carefully followed and a written record of this kept by the Contractor. Arrange storage to permit access for inspection.
B. Store loose granular materials on solid flat surfaces in a well-drained area. Prevent mixing with foreign matter.
C. Cement and lime shall be stored under a roof and off the ground and shall be kept completely dry at all times. All structural, miscellaneous, and reinforcing steel shall be stored off the ground or otherwise to prevent accumulations of dirt or grease and in a position to prevent accumulations of standing water and to minimize rusting. Beams shall be stored with the webs vertical. Precast concrete shall be handled and stored in a manner to prevent accumulations of dirt, standing water, staining, chipping, or cracking. Brick, block, and similar masonry products shall be handled and stored in a manner to reduce breakage, cracking and spalling to a minimum.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

THIS PAGE INTENTIONALLY LEFT BLANK

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 74 00**
**CLEANING AND WASTE MANAGEMENT**

1.0 SCOPE OF WORK

A. Execute cleaning, during progress of the Work, and at completion of the Work, as required by the Contract Documents.

2.0 DISPOSAL REQUIREMENTS

A. Conduct cleaning and disposal operations to comply with codes, ordinances, regulations, and anti-pollution laws.

3.0 MATERIALS

A. Use only those cleaning materials which will not create hazards to health or property, and which will not damage surfaces.
B. Use only those cleaning materials and methods recommended by manufacturer of the surface material to be cleaned.
C. Use cleaning materials only on surfaces recommended by cleaning material manufacturer.

4.0 DURING CONSTRUCTION

A. Keep premises free from accumulation of waste materials or rubbish caused by Contractor's operations. Oversee cleaning and ensure that building and grounds are maintained free from accumulations of waste material and rubbish.
B. At reasonable intervals during progress of work, clean up site, building and access, and dispose of waste materials, rubbish, and debris. Provide containers and locate on site for collection of waste materials, rubbish, and debris. Do not allow waste materials, rubbish, and debris to accumulate and become an unsightly or hazardous condition.
C. Transport waste materials in a controlled manner with as few handlings as possible; do not drop or throw materials from heights. Schedule cleaning operations so that dust and other contaminants resulting from cleaning process will not fall on wet, newly painted surfaces. Sprinkle dusty debris with water.
D. Burning or burying of rubbish and waste materials on the site is not permitted. Disposal of volatile fluid wastes (such as mineral spirits, oil, or paint thinner) in storm or sanitary sewer systems is not permitted. Remove waste materials, rubbish and debris from the site and legally dispose of at public or private dumping areas off the Owner's property.
E. Properly clean up and dispose of any chemicals and materials which may be toxic or hazardous in accordance with all federal, state, and local codes.

5.0 DUST CONTROL

A. Clean interior spaces prior to the start of finish painting and continue cleaning on an as needed basis until painting is finished.
B. Schedule operations so that dust and other contaminants resulting from cleaning process will not fall on wet or newly-coated surfaces.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

C. Broom clean interior building areas when ready to receive finish painting and continue cleaning on an as-needed basis until building is ready for acceptance or occupancy.

6.0 FINAL CLEANING

A. Employ skilled workmen for final cleaning.
B. Broom clean exterior paved surfaces; rake clean other surfaces of the grounds.
C. Remove waste materials and rubbish from and about the site as well as tools, construction equipment, machinery, and surplus materials.
D. Prior to final completion, conduct an inspection of sight-exposed surfaces and all work areas, to verify that the entire Work is clean.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 77 19**
**PROJECT CLOSEOUT**

1.0 SCOPE OF WORK

A. Comply with requirements stated in Contract Documents in closing out the Contract.

2.0 REINSPECTION FEES

A. Should Engineer perform re-inspections due to failure of the Work to comply with the claims of status of completion made by the Contractor:
   1. Owner will compensate Engineer for such additional services.
   2. Owner will deduct the amount of such compensation from the final payment to the Contractor.

3.0 FINAL SUBMITTALS

A. No application for final payment will be accepted until all submittals have been made to the Engineer and approved by the Engineer, including, but not limited to, the following:
   1. Consent of Surety to Final Payment as specified in the General and Supplementary Conditions, as applicable.
   2. Affidavit of Final Payment and Release as specified in the General and Supplementary Conditions.
   3. Project Record Documents as specified in Section 01 78 39, as applicable.
   4. All submittals required by federal, state, and local regulatory agencies.
   5. Record documents.

4.0 FINAL ADJUSTMENT OF ACCOUNTS

A. Submit a final statement of accounting to Engineer.
B. Statement shall reflect all adjustments to the Contract Price:
   1. The original Contract Price.
   2. Additions and deductions resulting from:
      a. Previous Change Orders
      b. Allowances
      c. Unit Prices
      d. Deductions for uncorrected work
      e. Deductions for liquidated damages
      f. Deductions for re-inspection payments
   3. Total Contract Price, as adjusted
   4. Previous payments
   5. Sum remaining due
C. Engineer will prepare a final Change Order, reflecting approved adjustments to the Contract Price which were not previously made by Change Orders.

5.0 FINAL PAYMENT

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

A. Contractor shall submit the final Application for Payment in accordance with procedures and requirements stated in the General and Supplementary Conditions.
B. Final payment will be made to the Contractor in accordance with the General and Supplementary Conditions.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 01 78 39**
**PROJECT RECORD DOCUMENTS**

1.0 DESCRIPTION

A. The Contractor shall maintain at the site for the Owner's permanent records one copy of:
   1. Drawings.
   2. Specifications.
   3. Addenda.
   4. Change Orders and other Modifications to the Contract.
   5. Engineer Field Orders or Written Instructions.
   6. Approved Shop Drawings, Product Data.
   7. Field Test Records.
   8. Construction Photographs.
   9. As-Built Survey of Gravity Sewer and Sewer Force Main, including all utilities encountered.

2.0 MAINTENANCE OF DOCUMENTS AND SAMPLES

A. The Contractor shall store documents and samples in Contractor's field office or other designated location apart from documents used for construction.
B. The Contractor shall provide files and racks for storage of documents.
C. The Contractor shall maintain documents in a clean, dry, legible condition and in good order. Do not use record documents for construction purposes.
D. The Contractor shall make documents and samples available at all times for inspection by the Engineer and Owner.

3.0 MARKING-UP RECORD DRAWINGS

A. The Contractor shall mark with red erasable pencil and, where necessary, use other pencil colors, as required.

4.0 RECORDING

A. Label each document (including record prints and shop drawings) "PROJECT RECORD" in neat large printed letters.
B. Record information concurrently with construction progress. Do not conceal any work until required information is recorded.
C. Legibly mark field drawings to record actual construction:
   1. Location of internal utilities and appurtenances concealed in the construction, referenced to visible and accessible features of the structure.
   2. Field changes of dimensions and details.
   3. Changes made by Field Order by Change Order.
   4. Details not on original Contract Drawings.
   5. Specifications and Addenda
   6. The Contractor shall legibly mark each Section to record:
   7. Manufacturer, trade name, catalog number, and supplier of each product and item of equipment actually installed.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

8. Changes made by Field Order or by Change Order.

5.0 AS-BUILT SURVEY

A. The Contractor shall maintain an "as-built" survey showing the precise location of the installed sewer force main and any other utilities encountered or relocated, as described in other sections of these Specifications.

6.0 SUBMITTALS

A. At Contract close-out deliver Record Documents to the Engineer including marked-up Drawings, As-Built Survey, Specifications, Addenda, Change Orders, and other modifications to Contract; Engineers Field Orders and Written Instructions, Approved Shop Drawings, Product Data, Field Test Records, and any other documents which serve as a record of actual field installation and construction different from the original Contract Documents. Engineer will submit them to Owner.
B. Accompany submittals with transmittal letters in duplicate, containing:
   1. Date
   2. Project title and number
   3. Contractor's name and address
   4. Title and number of each Record Document
   5. Signature of Contractor or his authorized representative.

**END OF SECTION**

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 02 00 00**

**TECHNICAL SPECIFICATIONS**

STANDARD SPECIFICATIONS

Except as superseded by the Contract Documents for this specific project, the specifications for this project are the *Mississippi Standard Specifications for Road and Bridge Construction*, 2017 edition, and latest Supplemental Specifications to the 2017 Standard Specifications. The following is a list of applicable specification sections from the Mississippi Department of Transportation (MDOT) Standard Specifications:

**Table of Contents**

| Section | | Page |
|---|---|---|
| 201 | Clearing and Grubbing | 02 00 00-2 |
| 202 | Removal of Structures and Obstructions | 02 00 00-3 |
| 203 | Excavation and Embankment | 02 00 00-4 |
| 206 | Structure Excavation for Conduits and Minor Structure | 02 00 00-5 |
| 209 | Geotextile Stabilization | 02 00 00-6 |
| 227 | Hydroseeding | 02 00 00-7 |
| 304 | Granular Courses | 02 00 00-8 |
| 403 | Asphalt Pavements | 02 00 00-9 |
| 601 | Structural Concrete | 02 00 00-10 |
| 602 | Reinforcing Steel | 02 00 00-11 |
| 603 | Culverts and Storm Drains | 02 00 00-12 |
| 604 | Manholes, Inlets and Catch Basins | 02 00 00-13 |
| 614 | Concrete Driveways | 02 00 00-14 |
| 618 | Maintenance of Traffic and Traffic Control Plan | 02 00 00-15 |
| 620 | Mobilization and Requisite Work | 02 00 00-16 |
| 699 | Construction Stakes | 02 00 00-17 |
| 815 | Riprap and Slope Paving | 02 00 00-18 |

The definition for Department used in the Mississippi Department of Transportation (MDOT) Standard Specifications is changed as follows for this project:
Department – Hancock County Department of Engineering

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 201

## Clearing and Grubbing

All work shall be in accordance with Section 201, Clearing and Grubbing, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

### 201.05 Basis of Payment

Payment will be under:

| | | |
|---|---|---|
| 201-A001 | Clearing and Grubbing | - per lump sum |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 202

### Removal of Structures and Obstructions

All work shall be in accordance with Section 202, Removal of Structures and Obstructions, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

**202.05 Basis of Payment**

Payment will be under:

| | | |
|---|---|---|
| 201-B004 | Removal of Asphalt Driveways, All Depths | - per square yard |
| 201-B007 | Removal of Asphalt Pavement, All Depths | - per square yard |
| 201-B052 | Removal of Concrete Driveways, All Depths | - per square yard |
| 201-B083 | Removal of Concrete Sloped Paving, All Depths | - per square yard |
| 201-B208 | Removal of Riprap (stone, concrete, brick), All Thicknesses | - per square yard |
| 201-B191 | Removal of Pipe, All Sizes, Types and Depths | - per linear foot |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 203

## Excavation and Embankment

All work shall be in accordance with Section 203, Excavation and Embankment, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

Delete Subsection 203.03.9 in its entirety and replace with the following Subsection 203.03.9:

**203.03.9 Site Grading**

Site grading shall consist of excavating, filling or shaping foreslopes, backslopes, ditch bottoms, or areas shown on the plans to the satisfaction of the Engineer. When site grading is performed and the yield of material from shaping the designated area is excess of material needed, such material will be removed and disposed of as directed by the engineer at no direct pay.

Clearing and grubbing, if required, shall be included in the bid item for clearing and grubbing.

The equipment used to site grade shall be capable of grading the site to a uniform and smooth surface as directed by the Engineer.

**203.05 Basis of Payment**

Items measured in accordance with 203.03.9 will be paid for at the contract per square yard price.

Payment will be under:

| | | |
|---|---|---|
| 203-I002 | Site Grading (Regrading Ditches) | - per square yard |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 206

### Structure Excavation for Conduits and Minor Structures

All work shall be in accordance with Section 206, Structure Excavation for Conduits and Minor Structures, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

**206.05 Basis of Payment**

Payment will be under:

| | | |
|---|---|---|
| 206-A001 | Structure Excavation for Conduits | - per cubic yard |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 209

## Geotextile Stabilization

All work shall be in accordance with Section 209, Geotextile Stabilization, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

### 209.05 Basis of Payment

Payment will be under:

| | | |
|---|---|---|
| 209-A002 | Geotextile Stabilization, Type IV | - per square yard |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 227

## Hydroseeding

All work shall be in accordance with Section 227, Hydroseeding, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

### 227.05 Basis of Payment

Payment will be under:

| | | |
|---|---|---|
| 227-A001 | Hydroseeding | - per acre |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 304

## Granular Courses

All work shall be in accordance with Section 304, Granular Courses, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

### 304.05 Basis of Payment

Payment will be under:

| | | |
|---|---|---|
| 304-G002 | Size 610 Crushed Stone Base, AEA | - per cubic yard |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 403

### Asphalt Pavements

All work shall be in accordance with Section 403, Asphalt Pavements, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

**403.05 Basis of Payment**

Payment will be under:

| | | |
|---|---|---|
| 403-A003 | 12.5-mm, ST, Asphalt Pavement, 2" Thick Wearing | - per square yard |
| 403-A009 | 25-mm, ST, Asphalt Pavement, 4" Thick Binder (Driveways) | - per square yard |
| 403-A010 | 25-mm, ST, Asphalt Pavement, 5" Thick Binder (Roadways) | - per square yard |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 601

### Structural Concrete

All work shall be in accordance with Section 601, Structural Concrete, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

**601.05 Basis of Payment**

Payment will be under:

| | | |
|---|---|---|
| 601-A001 | Class "B" Structural Concrete (Headwalls) | - per cubic yard |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 602

### Reinforcing Steel

All work shall be in accordance with Section 602, Reinforcing Steel, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

**602.05 Basis of Payment**

Payment will be under:

| | | |
|---|---|---|
| 602-A001 | Reinforcing Steel (Headwalls) | - per pound |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 603

## Culverts and Storm Drains

All work shall be in accordance with Section 603, Culverts and Storm Drains, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

### 603.05 Basis of Payment

Payment will be under:

| | | |
|---|---|---|
| 603-CE001 | 18"x11" Concrete Arch Pipe, Class B III (15" EQ) | - per linear foot |
| 603-CE002 | 22"x13" Concrete Arch Pipe, Class B III (18" EQ) | - per linear foot |
| 603-CE003 | 22"x13" Concrete Arch Pipe, Class B IV (18" EQ) | - per linear foot |
| 603-CE008 | 29"x18" Concrete Arch Pipe, Class B III (24" EQ) | - per linear foot |
| 603-CE023 | 51"x31" Concrete Arch Pipe, Class B IV (42" EQ) | - per linear foot |
| 603-CF002 | 22"x13" Concrete Arch Pipe, End Section (18" EQ) | - per each |
| 603-CF003 | 29"x18" Concrete Arch Pipe, End Section (24" EQ) | - per each |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 604

## Manholes, Inlets and Catch Basins

All work shall be in accordance with Section 604, Manholes, Inlets and Catch Basins, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

Delete Subsection 604.04 and 604.05 in its entirety and replace with the following Subsections 604.04 and 604.05:

### 604.04 Measurement and Payment

New manholes, drop inlets and catch basins will be measured by the pay unit per each. Framing, grating, brickwork, excavation and backfill shall not be measured for payment.

### 604.05 Basis of Payment

Payment for manholes, drop inlets and catch basins shall be made at the contract unit price per each, including excavation, bedding, and backfilling.

Payment will be under:

| | | |
|---|---|---|
| 604-L001 | Precast Drop Inlet, 2'x3', Frame and Grate in Wall without Cover | - per each |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 614

## Concrete Driveways

All work shall be in accordance with Section 614, Concrete Driveways, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

### 614.05 Basis of Payment

Payment will be under:

| | | |
|---|---|---|
| 614-B001 | 6" Concrete Driveway, with Reinforcement | - per square yard |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 618

### Maintenance of Traffic and Traffic Control Plan

All work shall be in accordance with Section 618, Maintenance of Traffic and Traffic Control Plan, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition,* and with Section 01 55 16 of the General Requirements.

Delete Paragraphs 3 and 4 of Subsection 618.01.1 and replace with the following:

The Contractor shall be responsible for the development and implementation of a traffic control plan (TCP) that will provide for the safe and expeditious movement of traffic through construction zones. A construction zone is defined as the immediate area of actual construction that interferes with the driving or walking public. The TCP shall comply with the requirements set forth in the Manual on Uniform Traffic Control Devices (MUTCD), as revised, in this section.

The TCP for the site shall address the conditions for providing traffic flow within the zone during the influence of construction. The TCP shall be schematically drawn on sheet(s) large enough to show adequate details and be easily readable and reproducible.

The Contractor shall submit 2 copies of the TCP to the Engineer for the Owner's review. Such approval is required prior to start of any work that might affect the traffic pattern in the area.

The Contractor shall provide at least 48 hours notification to the Engineer of the necessity to close any portion of a roadway carrying vehicles or pedestrians so that the Engineer can request final approval of such closings. Contractor shall provide adequate detour signing during all street closings.

Roadway closing during concrete replacement will be required until the concrete has attained its design strength. All concrete replacement shall be made using a high/early type concrete with a 3-day cure time.

Delete the following Sections and Subsections in their entirety: 618.01.2, 618.01.3, 618.01.4, 618.03.5, 618.04.3

**618.05 Basis of Payment**

Payment will be under:

| | | |
|---|---|---|
| 618-A001 | Maintenance of Traffic | - per lump sum |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 620

### Mobilization and Requisite Work

All work shall be in accordance with Section 620, Mobilization and Requisite Work, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

**620.05 Basis of Payment**

Payment will be under:

| | | |
|---|---|---|
| 620-A001 | Mobilization | - per lump sum |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 699

## Construction Stakes

All work shall be in accordance with Section 699, Construction Stakes, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

### 699.05 Basis of Payment

Payment will be under:

| | | |
|---|---|---|
| 699-A001 | Construction Staking | - per lump sum |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

## SECTION 815

## Riprap and Slope Paving

All work shall be in accordance with Section 815, Riprap and Slope Paving, of the *Mississippi Standard Specifications for Road and Bridge Construction, 2017 Edition.*

### 815.05 Basis of Payment

Payment will be under:

| | | |
|---|---|---|
| 815-A001 | Loose Riprap, Size 10 lb | - per square yard |
| 815-A002 | Loose Riprap, Size 30 lb | - per square yard |
| 815-E001 | Geotextile Fabric, Under Riprap, Type V | - per square yard |
| 815 -F001 | Bedding Stone (Under Riprap at Creek) | - per cubic yard |

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

**SECTION 02 32 19**
**EXPLORATORY EXCAVATION**

1.0 DESCRIPTION OF WORK

A. This work consists of excavating along the alignment of the drainage swales at points of potential conflict to determine the exact location of existing utilities. Approval to proceed shall be obtained from the Engineer before any exploratory excavation is to begin. Prior to any construction activities beginning, an exploratory excavation plan showing proposed locations shall be submitted to the Engineer for approval. Any deviation from the approved plan must be approved in writing by the Engineer before excavation can begin.

B. Test pits shall be backfilled immediately after the desired information has been obtained. The backfilled surface shall be restored and maintained in a manner satisfactory to the Engineer. Upon completion of exploratory excavations, contractor shall submit documentation to Engineer illustrating the location of utilities and discovery of obstructions identified to the nearest permanent structure upon the plans.

2.0 MEASUREMENT AND PAYMENT

A. Measurement: Measurement for payment for exploratory excavation will be made per each exploratory excavation performed. Payment will be made at the contract unit price for each excavated area up to six (6) feet long, no more than the width of the drain line trench or proposed drainage ditch, and up to four (4) feet deep.

B. Payment: Payment for this item will be made per each exploratory excavation approved by the Engineer and will be paid at the unit price bid. The work will include excavation, backfill, labor, equipment, tools, materials, disposal of debris, and submitted documentation in accordance with the plans and specifications.

Payment will be made under:

| | | |
|---|---|---|
| 023219-SP02 | Exploratory Excavation (0.0' – 4.0') | - per each |

Gentlemen:

Submitted here is the report of our geotechnical exploration for the above-captioned project. This exploration was authorized through execution of subcontract with Neel-Schaffer dated May 25, 2021 and was generally performed in accordance with our Proposal No. 21001P-99 dated May 24, 2021. Comments received regarding our report submitted July 25, 2021 have been incorporated into this revised report.

We appreciate the opportunity to be of service. If you should have any questions concerning this report, please do not hesitate to call us.

Very truly yours,

# 1.0 INTRODUCTION

## 1.1 Project Description

We understand that Neel-Schaffer, Inc. is designing a stormwater system for Hancock County Stormwater Program Project 3.04. The project alignment is located at the intersection of Kapalama Drive at Vic Fay Road north of Diamondhead in Hancock County, Mississippi. The project alignment extends toward the south and toward the north along Kapalama Road and to the east along Vic Fay Road. Mill Creek, which drains the majority of the eastern portion of Diamondhead, crosses Kapalama Drive south of the intersection and flows west to Rotten Bayou. The project area is commercially developed, with the potential for future development. Based on drawings provided to us, we understand that the existing grade generally slopes down from a maximum of El. 25 ft at the north end of the alignment along Kapalama Drive to a minimum of about 10 ft at the south end of the alignment. The existing ditches along the north end of the alignment appear to be about 2 or 3 ft deep and the existing ditches along the south end of the alignment appear to be 4 to 5 ft deep. We understand that the existing drainage infrastructure is undersized, resulting in drainage structure failures and erosion at the creek. The project will include the replacement of damaged/undersized culverts with adequately sized culverts and restoration and reshaping of ditches and the implementation of erosion control measures.

## 1.2 Purposes

The specific purposes of this exploration were:

1) to make exploratory soil borings within the areas planned for the improvements to the stormwater sewer alignment;

2) to verify field classifications and to evaluate pertinent physical properties of the soils encountered in the borings by means of visual examination of the soil samples in the laboratory and routine tests performed on the samples; and

3) after analysis of the soil boring and laboratory test data, to provide recommendations pertaining to utility bedding and backfill and associated construction considerations. This exploration does not address environmental issues, retaining walls, pavements, detailed trench or slope stability or construction phase services.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

# 2.0 FIELD EXPLORATION

## 2.1 General

Subsurface soil conditions within the areas planned for construction of improvements to the stormwater system were explored by means of 3 borings. The approximate locations of the borings are shown on Figure 1. The borings were located in the field by means of visual sighting and taped measurements from existing site features using distances scaled from the site plan we were furnished. Borings had to be offset from planned boring locations due to the presence of underground utilities.

All soils were classified in general accordance with the Unified Soil Classification System. A synopsis of the Unified Soil Classification System is presented on Figure 2 along with symbols and terminology typically utilized on graphical soil boring logs. Graphical logs of the borings are presented on Figures 3 through 5. The graphical logs illustrate the types of soil and stratification encountered with depth below the existing ground surface at the individual boring locations. Approximate GPS coordinates for the boring locations as determined by our drilling personnel using a hand-held device are shown at the bottom of the graphical boring logs within the "Comments" section.

## 2.2 Drilling Methods and Groundwater Observations

Borings 1 through 3 were made to an exploration depth of 10 ft within the planned construction areas for the stormwater system improvements. The borings were advanced full depth by dry augering. Observations were made continuously during auger drilling to detect free water entering the open boreholes. Notes pertaining to groundwater observations are included at the bottom right corner of the graphic boring logs.

## 2.3 Sampling Methods

Disturbed split-spoon and auger samples and relatively undisturbed Shelby tube samples were obtained from the borings. Split-spoon samples of the soils were obtained by driving a standard 2-in. OD split-spoon sampler 18 in. into the soil with a 140-lb hammer falling freely a distance of 30 inches. Samples were obtained directly from the auger at selected depths. Relatively undisturbed samples were obtained from selected depths by pushing a 3-in. OD thin-wall Shelby

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

tube sampler approximately 2 ft into the soil. The actual depths at which the split-spoon, auger, and Shelby tube samples were obtained are indicated by the crossed, small I-shaped, and shaded rectangular symbols, respectively, under the "Samples" column of the graphic boring logs. Standard penetration test blow counts resulting from split-spoon sampling are recorded under the "Blows Per Ft/ Poc. Pen (tsf)" column of the graphic logs and select pocket penetrometer readings taken on the undisturbed samples are also noted under the same column of the logs.

### 2.4 Field Classification, Sample Preservation and Borehole Abandonment

All soils encountered during drilling were carefully examined and classified by a geotechnical engineering technician. Representative portions of the split-spoon and auger samples and additional portions of the Shelby tube samples were placed in jars to provide material for later visual examination, classification, and testing in the laboratory. Each Shelby tube sample was extruded from the sampling tube in the field. An approximate 6-in. long portion of each Shelby tube sample was sealed with melted paraffin in a cylindrical cardboard container to reduce the potential for moisture loss and structural disturbance. Unless other disposition is requested, we routinely discard soil samples after about six months of storage. The borings were plugged with soil cuttings after completion of drilling and sampling.

## 3.0 LABORATORY TESTING

### 3.1 General

All of the soil samples were examined in the laboratory and tests were performed on selected samples to verify field classifications and to assist in evaluating the strengths and volume change properties of the soils encountered. The types of laboratory tests performed are described in the following paragraphs.

### 3.2 Strength Tests

The undrained shear strength characteristics of the fine-grained soils encountered in the borings were investigated by means of visual estimates of consistency and from the results of unconfined compression tests performed on selected undisturbed Shelby tube samples. The results of the unconfined compression tests in terms of cohesion are plotted as small open circles in the

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

data section of the graphic logs. The water content and dry density were also determined for each unconfined compression test specimen. The water contents are plotted as small shaded circles in the data section of the logs. The dry densities are tabulated to the nearest lb per cu ft under the "Dry Density" column of the graphic logs.

### 3.3 Classification Tests

The classifications and volume change properties of the fine-grained soils encountered in the borings were investigated by means of Atterberg liquid and plastic limit tests performed on selected representative samples. The results of the liquid and plastic limit tests are plotted as small crosses interconnected by dashed lines in the data section of the graphic boring logs. In accordance with the Unified Soil Classification System, fine-grained soils are classified as either clays or silts of low or high plasticity based on the results of Atterberg limit tests. The numerical difference between the liquid limit and plastic limit is defined as the plasticity index (PI). The magnitudes of the liquid limit and plasticity index and the proximity of the natural water content to the plastic limit are indicators of the potential for a fine-grained soil to shrink or swell upon changes in moisture content or to consolidate under loading. The proximity of the natural water content to the plastic limit is also an indicator of soil strength.

To assist in classifying soils which include sand, tests were performed to determine the percent fines passing the No. 200 sieve. The percentage of fines resulting from each test is tabulated at the appropriate depth under the far right column of the graphic logs.

### 3.4 Water Content Tests

Water content tests were performed on samples to corroborate field classifications and to extend the usefulness of the strength and plasticity data. The results of the water content tests are plotted as small shaded circles in the data section of the graphic boring logs. The water content data have been interconnected on the logs to illustrate a continuous profile with depth.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

# 4.0 GENERAL SUBSURFACE CONDITIONS

## 4.1 General

A general description of subsurface soil and groundwater conditions revealed by the borings made for this exploration is provided in the following paragraphs. The graphical logs shown on Figures 3 through 5 should be referred to for specific soil and groundwater conditions encountered at each boring location.

## 4.2 Soil Stratification

Subsurface soils encountered within the 10-ft maximum completion depth of the borings made for this exploration consist of variable layers of loose to medium density clayey sands (SC) and silty sands (SM), medium stiff to hard sandy clays (CL), and very loose sandy silts (ML). The loose sands (SC) encountered from the surface to a depth of about 1 ft in Borings 1 and 2 are considered to have low-moderate strength. The medium stiff sandy clays (CL) and very loose silts (ML) encountered in Boring 3 from the ground surface to about 7 ft are considered to have low to low-moderate strength and moderate-high to high compressibility.

The remaining subsurface soils are considered to be strong with moderate to high strength and low to moderate compressibility. The sandy clays (CL) are considered to have low shrink/swell potential. The sands (SC, SM) and silts (ML) are considered to have no shrink/swell potential.

## 4.3 Groundwater

Free water was initially encountered at a depth of 9 ft in Boring 2 and 8.5 ft in Boring 3. Free water was found at a depth of 8 ft after 15 minutes in Boring 3. The borehole at Boring 2 sloughed at a depth of 9 ft after drilling. Free water was not encountered during auger drilling for Boring 1. In our opinion, groundwater conditions at the site will primarily be influenced by rainfall, surface drainage, and by the rise and fall of water levels in nearby ditches, creeks, ponds or other bodies of water. Groundwater conditions at the site can also be influenced by man-made changes. Surficial soils can become saturated and weak to relatively shallow depths during periods of prolonged and heavy rainfall. Water seepage can occur within cut surfaces/slopes that remain open for an extended period of time or that are permanent.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

# 5.0 DISCUSSION

## 5.1 General

The soils encountered during this investigation were found to vary in strength from fairly strong and stable to some loose sands encountered to a depth of 1 ft at Borings 1 and 2 and medium stiff sandy clays (CL) and very loose sandy silts (ML) encountered to a depth of about 7 feet in Boring 3. The most significant issue for the construction and design of improvements to the stormwater system will be the presence of shallow groundwater. Dewatering and water control will be required to facilitate utility and stormwater line installation.

Guideline comments regarding excavation planning and earthwork, groundwater control, and recommendations for bedding and backfill for the utility lines are provided in the following paragraphs.

## 5.2 Groundwater Considerations

The level of the groundwater table will be a consideration in construction as it was encountered as shallow as 8 ft beneath the ground surface and considered to be even higher during some periods. Groundwater seepage will need to be controlled during construction and the groundwater level will need to be lowered prior to construction. We recommend that the specifications require the contractor to maintain the excavations in a relatively dry condition. A dewatering system consisting of wells or well points will likely be needed. Dewatering in some areas, or at least limited control of the groundwater, can possibly be accomplished by installing sheet piling and using pumping methods to remove water from the excavations. The boring data did not indicate the presence of deeper fine–grained soils in all of the borings for sheeting to key into to provide an adequate "cut off" system. Any temporary sheeting should be designed as needed for stability. It is possible that groundwater can be controlled adequately in some situations with sloped excavations and properly located collection sumps and discharge pumps to draw down and/or remove the water inside the excavation. Adequate surface drainage will also be required to minimize the amount of surface water entering the excavations. It should be noted that an effective dewatering program takes time to dewater a site. As such, dewatering systems should be installed well in advance of construction. We recommend that the Contractor utilize the services of a dewatering expert to assist them in evaluating dewatering methods for excavation.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

# 6.0 RECOMMENDATIONS

## 6.1 Site Preparation and Earthwork Construction

**6.1.1 Utility Excavations.** After dewatering, as appropriate, excavating to the desired grade can proceed. Then the exposed soils should be evaluated visually by a knowledgeable soils technician or engineer. If stability is not evident in some areas, either additional excavation or treatment of the in-situ soils with admixtures, or a combination of these approaches, might be required to achieve stable conditions.

The excavations should be made in accordance with OSHA regulations. We recommend assuming a "Type C" soil for all construction planning and estimating. Sloped or braced excavations should be designed by a registered professional engineer as appropriate. Detailed assessment of stability of specific slope sections was beyond the scope of our investigation.

**6.1.2 Delays.** If there is some delay between completion of earthwork operations and placement of culverts, utility lines or fill, deterioration of subgrade conditions may occur. Thus, we recommend that the stability of the subgrade soils be confirmed or re-established immediately prior to placement of the culverts, utility lines, and fill.

**6.1.3 Schedule.** The actual moisture content conditions at the time of construction will be influenced by the rainfall preceding and during construction and by the drying conditions during construction. Therefore, we recommend that the work be performed during a dry season of the year if the schedule permits. It should be noted that the soils with greater fines contents exposed after stripping may be susceptible to pumping under wet conditions.

## 6.2 Utility Bedding and Backfill Recommendations

**6.2.1 General.** Recommendations for suitable backfill materials for utilities are provided in the following subsections.

**6.2.2 Selection and Placement.** The design width of the utility trenches should be established with consideration given to providing sufficient horizontal space between the culvert or pipe and the trench walls to permit proper compaction of bedding soils up to the top of the

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

culvert or pipe. As compared to compaction by hand tamping, a greater horizontal space will be required for compaction with hand-operated mechanical compactors. A greater horizontal space will also be required for installation with a trench box, shield, or sheeting. In the following discussion, the term "bedding" refers to fill soils placed within the vertical zone from the bottom of the trench to a level of 1 ft above the top of the pipe. The term "backfill" refers to fill soils placed between the top of the bedding soils and the ground surface. We recommend that materials used for bedding consist of nonorganic and debris-free soils that are not too wet or too dry and have a liquid limit not greater than 50. Any imported materials used for bedding should consist of sands (SM, SC, SP-SM, and SP). Silty clays (CL), sandy clays (CL), or silts (ML) can also be used as pipe bedding and backfill materials, but they are generally available in smaller quantities in the area of the project alignment. The contractor should be allowed to select which material type best suits the subsurface soil and groundwater conditions and the required groundwater control as necessary to perform the work. The existing site soils removed during construction can be used as backfill provided they do not contain deleterious matter and are not too wet or too dry prior to placement as fill.

The culverts or pipe should initially be bedded in 4 in. to 6 in. of suitable bedding soils placed over the bottom of the trench. This initial lift and each successive bedding lift up to a level of 1 ft above the top of the pipe should have a minimum loose thickness of 6 in. or less and should be compacted to not less than **92** percent of standard Proctor maximum dry density (ASTM D 698) by hand tamping or by utilizing a hand-held mechanical compactor. The moisture content within the bedding soils should be as required to provide a firm and stable condition for compaction. The bedding soils should be brought up simultaneously at the same level on both sides of the culvert or pipe.

Backfill placed above the level of the bedding materials should consist of the same types of soil utilized for bedding. In undeveloped areas, the backfill should be compacted in relatively thin lifts to not less than **85** percent of standard Proctor maximum dry density. In developed areas where existing or future construction is planned, the backfill soils should be compacted in relatively thin lifts to not less than **95** percent of standard Proctor maximum dry density. Excavations should be backfilled as soon as practicable. Special care and planning will be required in any areas of the existing creek or drainage ditch crossings to prevent instability of the embankments.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

The final surface at the top of the backfill over the lines should be sloped to provide effective and rapid drainage of rainfall and surface water away from the stormwater system alignments. Assuming future settlement will occur within the backfill, we recommend that the backfill materials generally be crowned or mounded along the length of the utility alignments in undeveloped areas at least 6 in. higher at the centerline and sloped downward to natural ground levels. The surface at the top of the backfill in developed areas should be monitored for settlement and maintained to provide drainage away from the alignment.

**6.2.3 Pipeline Soil Parameters.** Pipeline strength design considers stresses produced by a combination of internal pressure and external loads. The external loads include dead or earth loads due to the weight of backfill soils over the pipe and live loads imposed by trucks, trains, construction traffic, and other structures. Dead or earth loads are normally calculated by the Marston equations for specific section dimensions of the pipe, trench, and embankment and for specific or estimated backfill parameters. Recommended soil parameters for evaluation of earth or dead loads on the culverts and pipe are as follows:

| Soil Description | Unit Weight |
|---|---|
| Backfill soils compacted to 85 percent of standard Proctor density | 115 pcf |
| Backfill soils compacted to 90 percent of standard Proctor density | 120 pcf |
| Backfill soils compacted to 95 percent of standard Proctor density | 125 pcf |
| Ratio of lateral to vertical earth pressure, K = 0.53 | |
| Coefficient of sliding friction between fill materials and trench walls, $\mu$= 0.33 | |
| Settlement ratio,<br>$R_{sd}$, = 0.8 for rigid conduits<br>$R_{sd}$, = -0.4 to 0 for flexible conduits | |
| Note: In calculation of earth loads, additional earth loads may result from future construction over the pipeline, such as widening of roadways and railroad embankments. | |

Live loads imposed on pipes by trucks, construction equipment and buildings or other structures over or adjacent to the utility alignment can be calculated using Boussinesq equations (with appropriate impact factors for dynamic loading) or they can be obtained from published tables in design manuals of the AWWA and others. Live loads which may be imposed by heavy construction equipment should be given special consideration, and certain limitations should be

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

set forth in the project specifications. These limitations should establish a minimum depth (or depths) of earth cover over the top of the pipe before construction equipment is permitted to cross the pipe, in conjunction with the maximum wheel load allowed for the minimum or greater depths of earth cover.

For calculations predicting the deflection of buried flexible pipe, the modulus of soil reaction, E, can be approximated by a value of about 400 lbs per sq in. for the previously recommended bedding condition.

### 6.3 Ditch Slopes

The types of soils encountered in our borings are typically stable for cut and fill slopes at 3-horizontal to 1-vertical inclinations or flatter. If there are areas along the ditch alignments where the soils are less stable or water seepage is present, flatter slopes may be required for the ditches. In addition to flatter slopes, slope lining-protection or other possible stability-erosion measures may be required.

## 7.0 REPORT LIMITATIONS

The analyses, conclusions, and recommendations discussed in this report are based on conditions as they existed at the time of our field exploration and further on the assumption that the exploratory borings are representative of subsurface conditions throughout the areas explored. It should be noted that actual subsurface conditions between and beyond the borings might differ from those encountered at the boring locations. If subsurface conditions are encountered during construction that vary from those discussed in this report, Burns Cooley Dennis, Inc. should be notified immediately in order that we may evaluate the effects, if any, on earthwork and utility design and construction.

Burns Cooley Dennis, Inc. should be retained for a general review of final design drawings and specifications. It is advised that we be retained to observe earthwork and utility construction for the project in order to help confirm that our recommendations are valid or to modify them accordingly. Burns Cooley Dennis, Inc. cannot assume responsibility or liability for the adequacy of recommendations if we do not observe construction.

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

This report has been prepared for the exclusive use of Neel-Schaffer, Inc. for specific application to the geotechnical-related aspects of design and construction for the Hancock County Stormwater Program Project 3.04 at intersection of Kapalama Drive and Vic Faye Road in Hancock County, Mississippi. The only warranty made by us in connection with the services provided is we have used that degree of care and skill ordinarily exercised under similar conditions by reputable members of our profession practicing in the same or similar locality. No other warranty, express or implied, is made or intended.

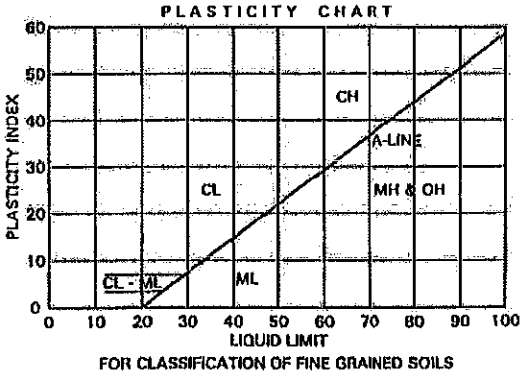
# UNIFIED SOIL CLASSIFICATION SYSTEM

| MAJOR DIVISIONS | | | SYMBOL & LETTER | DESCRIPTION |
|---|---|---|---|---|
| COARSE-GRAINED SOILS More than half of material larger than No. 200 sieve size | GRAVELS More than half of coarse fraction larger than No. 4 sieve size | Clean Gravels (Little or no fines) | GW | WELL GRADED GRAVEL, GRAVEL-SAND MIXTURE |
| | | | GP | POORLY GRADED GRAVEL, GRAVEL-SAND MIXTURE |
| | | Gravels with fines (Appreciable amount of fines) | GM | SILTY GRAVEL, GRAVEL-SAND-SILT MIXTURE |
| | | | GC | CLAYEY GRAVEL, GRAVEL-SAND-CLAY MIXTURE |
| | SANDS More than half of coarse fraction smaller than No. 4 sieve size | Clean Sands (Little or no fines) | SW | WELL GRADED SAND, GRAVELLY SAND |
| | | | SP | POORLY GRADED SAND, GRAVELLY SAND |
| | | Sands with fines (Appreciable amount of fines) | SM | SILTY SAND, SAND-SILT MIXTURE |
| | | | SC | CLAYEY SAND, SAND-CLAY MIXTURE |
| FINE-GRAINED SOILS More than half of material smaller than No. 200 sieve | SILTS AND CLAYS | Liquid limit less than 50 | ML | SILT WITH LITTLE OR NO PLASTICITY |
| | | | ML | CLAYEY SILT, SILT WITH SLIGHT TO MEDIUM PLASTICITY |
| | | | CL | SILTY CLAY, LOW TO MEDIUM PLASTICITY |
| | | | CL | SANDY CLAY, LOW TO MEDIUM PLASTICITY (30% TO 50% SAND) |
| | SILTS AND CLAYS | Liquid limit greater than 50 | MH | SILT, FINE SANDY OR SILTY SOIL WITH HIGH PLASTICITY |
| | | | CH | CLAY, HIGH PLASTICITY |
| | | | OH | ORGANIC CLAY OF MEDIUM TO HIGH PLASTICITY |
| HIGHLY ORGANIC SOILS | | | PT | PEAT, HUMUS, SWAMP SOIL |

## TERMS CHARACTERIZING SOIL STRUCTURE

- **Slickensided** - Clays with polished and striated planes created as a result of volume changes related to shrinking, swelling and/or changes in overburden pressure.
- **Fissured** - Clays with a blocky or jointed structure generally created by seasonal shrinking and swelling.
- **Laminated** - Composed of thin alternating layers of varying color and texture.
- **Calcareous** - Containing appreciable quantities of calcium carbonate.
- **Parting** - Paper thin (less than 1/8 inch).
- **Seam** - 1/8 inch to 3 inch thickness.
- **Layer** - Greater than 3 inches in thickness.

## PLASTICITY CHART



FOR CLASSIFICATION OF FINE GRAINED SOILS

## DENSITY AND CONSISTENCY

| COARSE-GRAINED SOILS | | FINE-GRAINED SOILS | | |
|---|---|---|---|---|
| DENSITY | PENETRATION RESISTANCE, N Blows per Foot | CONSISTENCY | COHESION Kips/Sq.Ft. | PENETRATION RESISTANCE, N Blows per Foot |
| Very loose | 0 - 4 | Very Soft | <0.25 | 0 - 1 |
| Loose | 5 - 10 | Soft | 0.25 - 0.50 | 2 - 4 |
| Medium Dense | 11 - 30 | Medium Stiff | 0.50 - 1.00 | 5 - 8 |
| Dense | 31 - 50 | Stiff | 1.00 - 2.00 | 9 - 15 |
| Very Dense | >50 | Very Stiff | 2.00 - 4.00 | 16 - 30 |
| | | Hard | >4.00 | >30 |

## PARTICLE SIZE IDENTIFICATION

- **Cobbles** - Greater than 3 inches
- **Gravel** - Coarse - 3/4 inch to 3 inches; Fine - 4.76 mm to 3/4 inch
- **Sand** - Coarse - 2 mm to 4.76mm; Medium - 0.42 mm to 2 mm; Fine - 0.074 mm to 0.42 mm
- **Silt & Clay** - Less than 0.074 mm

## RELATIVE COMPOSITION

| | |
|---|---|
| Slightly | 5 - 15% |
| With | 16 - 29% |
| Sandy (or gravelly) | 30 - 50% |

## SAMPLE TYPES (Shown in Sample Column)

- Shelby Tube
- Split Spoon
- No Recovery
- Auger
- Dennison Barrell

9. Questions
   - Q: What is the estimated construction cost for this project?

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

Attachment: Project 3.04 Bid - Holliday Construction (10825 : Take under advisement bids received for Kapalama Drive project)

*A: The construction cost estimate range for this project is $275,000 - $350,000.*

- Q: When is this project anticipated to be awarded?
  *A: This project is anticipated to be awarded at the following HCBOS meeting after the opening of bids (June 6, 2022).*

- Q: How is this project being funded?
  *A: Local (County) funds.*

- Q: When will payments be made?
  *A: Payments are typically approved at the 1st HCBOS meeting of the month (1st Monday). Pay applications will be cutoff around the 15th or 20th of each month.*

- Q: Are there any other utilities (other than those shown in the drawings – fiber, power, etc.) in the project area?
  *A: To the best of our knowledge and available information, all utilities in the project area have been shown in the drawings.*

- Q: Would the Owner entertain a delayed NTP to assist with potential material lead times?
  *A: Yes, the Owner is open to entertaining a minor delay in the issuance of the NTP. Further discussions will be made after the award of the contract and during the Preconstruction Conference.*

## 3.04 Kapalama Drive at Vic Faye Road

# SECTION 00 41 43
# BID FORM

TO: **HANCOCK COUNTY BOARD OF SUPVERVISORS**
**HANCOCK COUNTY, MISSISSIPPI**

Date Submitted: May 16, 2022

The undersigned, as Bidder, hereby declares that he has examined the site of the work and informed himself fully in regard to all conditions pertaining to the place where the work is to be done; that he has examined the Plans and Specifications for the work and the Contract Documents relative thereto; that he has read all the General Conditions and Special Provisions furnished; and, that he has satisfied himself relative to the Work to be performed.

The Bidder proposes and agrees, if this Proposal is accepted, to contract with the above named Owner, in the form of a contract specified, to furnish all necessary materials, equipment, machinery, tools, apparatus, means of transportation, and labor necessary to complete the construction of the project entitled:

**PROJECT 3.04 KAPALAMA DRIVE AT VIC FAYE ROAD**
**For The**
**HANCOCK COUNTY BOARD OF SUPVERVISORS, HANCOCK COUNTY, MISSISSIPPI**

in full and complete accordance with the shown, noted, described, and reasonably intended requirements of the Plans, Specifications, and Contract Documents to the full and entire satisfaction of the Owner, with a definite understanding that no money will be allowed for extra work except as set forth in the attached General Conditions and Contract Documents.

It is agreed that the description under each item, being briefly stated, implies, although it does not mention, all incidentals and that the prices stated are intended to cover all such work, materials, and incidentals as constitute the Bidder's obligations as described in the Specifications and any details not specifically mentioned, but evidently included in the Contract shall be compensated for in the item which most logically includes it.

The bid items listed on the Proposal sheet are generalized only for the purpose of comparing bids. Any differences between these items described and actual quantities and items required for construction shall not be taken as a basis for claims by the Contractor for extra compensation. The compensation will be based upon the lump sum or unit prices and actual construction quantities indicated in the Contract Documents, which include all Plans, Specifications, Bidding Documents and any other enclosed documents.

**BASE BID**

The Work included in the Contract shall consist of drainage improvements along Kapalama Drive at Vic Faye Road, as specified in the Contract Documents.

Attachment: Project 3.04 Bid - SCI, Inc. (10825 : Take under advisement bids received for Kapalama Drive project)

## SELECTED EQUIPMENT AND SUPPLIERS

All Selected Equipment and Supplier items shall be bid according to the following:

1. The items of equipment listed in the Selected Equipment and Supplier Schedule (below) are designated as Selected Equipment and Supplier items to be furnished. The Bidder must base his Lump Sum Price or Unit Price on the Equipment and Supplier items as designated in this schedule and as described in the Specifications. If a substitute item is offered as a bid deduction, the name of the deductive Equipment or Supplier shall be entered in the Deductive Bid Items portion of this Bid Form, and the amount of the deduct shall be written in the provided spaces.

2. The Specifications and Drawings for this project have been developed using configurations, sizes, power requirements, finishes, etc., based on the listed Selected Equipment and Suppliers. Certain other equipment and suppliers may meet the specification requirements with changes or modifications to their standard equipment and redesign of structures, and electrical and mechanical systems. In such case, an item will only be accepted if such offered product is determined by the Owner or the Engineer to be at least equivalent to the product specified, and the cost of any redesign is covered as specified in Paragraph 6.A below.

3. Substitute equipment and suppliers named in the Bid Form will generally be deemed equivalent, provided that the substitute product is equivalent to or better than the product named and described in the Specifications in form, function, performance, reliability, quality, and general configuration. Determination of equality in reference to the project design requirements will be made by the Owner based upon the recommendations of the Engineer.

4. The Base Bid Lump Sum Price or Base Bid Unit Price, as applicable, shall be based on the Selected Equipment and Supplier items.

5. Substitutes for the Selected Equipment and Supplier items will not be considered until after receipt of the Bidder's Proposal.

6. Design of this Project is based upon the Selected Equipment and Supplier's equipment or product as noted as in the preceding bid schedule. Should a Bidder propose to furnish other equipment and supplier items, he shall comply with the following:

   A. The Bidder shall reimburse the Engineer through the Owner for any associated engineering costs for redesign and construction drawings generated by any dimensional, mechanical, electrical, and structural changes and requirements for the substitutes used. The Bidder, therefore, shall include in his bid for such substitute equipment and supplier items, all the additional engineering and construction costs (mechanical, architectural, structural, electrical, and equipment, material, or supplies). The bid for substitute equipment and supplier items shall also include any paid up licenses necessary for the use of the equipment, if required by the manufacturer.

Attachment: Project 3.04 Bid - SCI, Inc. (10825 : Take under advisement bids received for Kapalama Drive project)

B. Reimbursement for engineering redesign shall be based upon the Engineer's published hourly rates effective at the time of the review or redesign, plus any direct non-labor expenses such as travel, per diem, or reproduction services.

7. All materials and equipment specified for this project, and not identified in this Bid Form as substitutes or Deductive Bid Items, will be processed as normal submittals after the award of the Contract.

**TERMS AND ENDORSEMENTS**

The Bidder further proposes and agrees hereby to commence the work with an adequate workforce, plant, and equipment at the time stated in the notice to the Contractor from the Engineer to proceed, and to fully complete performance within 60 working days from and after the date stated in the Notice to Proceed.

The undersigned further agrees that, in case of failure on his part to execute the required Contract Agreement and Bonds within 15 consecutive calendar days after written notice being given of the Award of the Contract, the Bid Security in the amount of five percent (5%) of the bid accompanying this Proposal, and the monies payable thereon, shall be paid into the funds of the Owner, as liquidated damages for such failure; otherwise the Bid Security accompanying this Proposal shall be returned to the undersigned.

Attached hereto is a Certified Check or Bid Bond for the sum of _____

5% of bid total ($ _____),
made payable in United States currency to the Owner, the Hancock County Board of Supervisors, located in Hancock County, Mississippi.

| | Angela Bullie, Witness |

Notes: (1) This form shall not be used if Bidder submits a Certified Check in lieu of a Bid Bond.
(2) The above addresses are to be used for giving required notice.
(3) Any singular reference to Bidder, Surety, Owner or other party shall be considered plural where applicable.

1. The Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to pay to the Owner upon default of the Bidder the penal sum set forth on the face of this Bond.

2. Default of Bidder shall occur upon the failure of the Bidder to deliver within the time required by the Bidding Documents the executed Agreement required by the Bidding Documents and any Performance Bond, Payment Bond, and other forms required by the Bidding Documents and Contract Documents.

3. This obligation shall be null and void if:

   A. The Owner accepts the Bidder's bid and the Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by the Owner) the executed Agreement required by the Bidding Documents and any Performance Bond, Payment Bond, and other forms required by the Bidding Documents and Contract Documents, or

   B. All bids are rejected by the Owner, or

   C. The Owner fails to issue a notice of award to the Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by the Bidder and, if applicable, consented to by the Surety when required by Paragraph 5 below).

4. Payment under this Bond will be due and payable upon Default of the Bidder and within 30 calendar days after receipt by the Bidder and the Surety of written notice of Default

Attachment: Project 3.04 Bid - SCI, Inc. (10825 : Take under advisement bids received for Kapalama Drive project)

from the Owner, which notice will be given with reasonable promptness, identifying this Bond and the project and including a statement of the amount due.

5. The Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the notice of award agreed to in writing by the Owner and the Bidder, provided that the time for issuing said notice of award including extension shall not in the aggregate exceed 120 days from Bid Due Date without the Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of Default required in Paragraph 4 above is received by the Bidder and the Surety, and in no case later than one year after the Bid Due Date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Any notice required hereunder shall be in writing and sent to the Bidder and the Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. The Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of the Surety to execute, seal and deliver such Bond and bind the Surety thereby.

10. This Bid Bond is intended to conform to all applicable statutory requirements. Any applicable requirement for any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of the Bond conflicts with any applicable provision of any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "bid" as used herein includes bid, bid proposal, or proposal as applicable.

RE: Hancock County Board of Supervisors
Project No. 3.04 – Kapalama Drive at Vic Faye Road

**Addendum #1**

This Addendum forms a part of the Contract Documents and modifies the original specifications, dated February 22, 2022, as noted below. Acknowledge receipt of this addendum in the space provided on the Bid Forms. Failure to do so may subject Bidder to disqualification.

This Addendum consists of 6 pages.

**Below are items for information or clarification:**

Item #1: Pre-Bid Meeting Notes

a. A copy of the pre-bid meeting agenda/notes (including questions asked) has been included within this addendum.

Item #2: Q: What is the estimated construction cost for this project?

*A: The construction cost estimate range for this project is $275,000 - $350,000.*

Item #3: Q: Section 815 of the Specs states work shall be in accordance with Section 815 of the 2017 Red Book. The smallest size listed in the chart shown in that section is 100 LB. The Plans/Specs reference the use of Size 10 LB and 30 LB riprap. Please clarify.

*A: Additional verbiage and table have been included in this Addendum for clarification of Size 10 LB and 30 LB riprap.*

**Below are changes made to the specifications:**

Item #1: Section 815 – Riprap and Slope Paving

a. Add the following paragraph and table to page 18, Section 815 of the Technical Specifications, Section 02 00 00:

*"815.02 - Materials*

*Stones for riprap, of size specified, shall meet the requirements of the table below.*

HARRISON COUNTY

HANCOCK COUNTY, MISSISSIPPI
REQUEST FOR PROPOSALS

Hancock County, Mississippi ( the "County") is requesting proposals from qualified individuals or firms for preparation of its Katrina Community Development Block Grant (CDBG) application and subsequent administration for a proposed improvements project at Port Bienville funded through current allocations from the Mississippi Development Authority. All services will be provided in accordance with applicable state and federal program rules and regulations under the Katrina CDBG program.

ADMINISTRATIVE: Assist the County and its agents in the application preparation and subsequent program administration including management accounting, required reports to HUD and the State,

implementation of applicable State and Federal laws, regulations, and requirements, establishment and maintenance of filing system; and serve as liaison between the County and the State. Firms or individuals proposing to perform administrative services should submit a list of their qualifications, experience and capacity for performance.

Said proposals will be received in the Hancock County Board of Supervisors Office, 854 Highway 90, Suite A, Bay St. Louis, Mississippi 39520 no later than 10:00 A.M., May 16, 2022 at which time they will be opened by the Selection Committee.

This project is covered by the requirements of Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. § 1701u) ("Section 3").

All proposals should be submitted in a sealed envelope clearly identified as follows:

NAME OF CONSULTING FIRM OR INDIVIDUAL
PROPOSAL FOR ADMINISTRATIVE SERVICES
KATRINA COMMUNITY
DEVELOPMENT BLOCK GRANT
PROGRAM

PROPOSAL CONTENT AND EVALUATION CRITERIA

In order for your proposal to be properly evaluated, you must submit a Statement of Qualifications and Experience in sufficient detail. Each respondent is cautioned to carefully review the Proposal Content requirements as set forth below to ensure that all responsibilities and obligations are properly addressed. The Consultant Selection Committee will then review each proposal and select a qualified individual or firm. Proposals will be reviewed by the Selection Committee, using the following selection criteria. Each member of the committee will assign points to each criteria based on the content of the proposal.

Negotiations will be conducted initially w
the firm receiving the highest number of
votes, as rated by the Selection Committe
If a mutually satisfactory contract cannot
be negotiated with the firm, the firm will
requested to submit a best and final offer,
writing, and if a contract cannot be reache
after the best and final offer, negotiation w
that firm will be terminated. Negotiations
then will be initiated with the subsequentl
listed firm in the order of rating, and this
procedure will be continued until a mutua
satisfactory contract has been negotiated.
addition to reaching a fair and reasonable
price for required work, the objective of
negotiations will be to reach an agreement
on the provisions of the proposed contract
including scope and extent of work and ot
essential requirements.

Proposal Content: To be considered, the proposal must include the following:

A. Qualifications – Statement of Qualifications of each person to be assign to the project.

B. Experience – Information reflecting the experience of the bidder as related to the scope of work outlined above. The information which should be submitted as minimum should be types of related work, size and funding level of projects, and experience with CDBG and other federal projects.

C. Capacity of Performance – Ability to perform the work in a timely manner. Proposal shall contain information regardi staff and other resources to be used in the implementation of the project.

Proposals may be held by the County for period not to exceed thirty (30) days from date of opening of proposals for the purpo of reviewing the proposals and investigati the qualifications of the administrator, pri to awarding the contract. Hancock Count is an equal opportunity employer. MBE a or WBE individuals/firms are encouraged submit proposals.

FUNDING AVAILABLE

The amount of funds to be allocated for th project have not been awarded at this time consequently, proposals will be received o the basis of qualifications, experience and capacity as set forth above. The County is an equal opportunity employer. MBE and or WBE individuals/firms are encouraged submit a proposal.

One (1) original and ten (5) copies of the proposal should be packaged, sealed, and properly labeled as follows:

Re: Gouras & Associates, LLC |Proposal for Katrina Community Development Block Grant (CDBG) Program

Dear Supervisors:

Enclosed please find one (1) original and five (5) copies of Gouras & Associates, LLC's Proposal for Community Development Block Grant (CDBG) Program Project due May 16, 2022.

Formed in 2005, Gouras & Associates, LLC is a Consulting Firm specializing in obtaining and administering Federal, State, and local grants for cities and counties and initiating Public/Private partnerships and incentives for economic development projects. As owner and principal consultant for Gouras & Associates, LLC, I am the project administrator for the firm's projects, and my team has the in-house capability to provide project management to meet any and all established goals and objectives. I have over 25 years of experience in the management and administration of Community Development Block Grants (CDBG). Specifically, Gouras & Associates has provided grant administration in excess of $800 million in grants of which over $780 million are CDBG disaster recovery grants.

I thank you in advance for your consideration of Gouras & Associates LLC. Please let us know if you need additional information to complete your review.

Sincerely,

Chris G. Gouras, Jr.

# BACKGROUND

Attachment: Gouras & Associates (10826 : Take under advisement proposals received for CDBG)

## Background

Chris G. Gouras, Jr. is the owner and principal of Gouras & Associates, LLC. Gouras & Associates, LLC's main office is located in Ridgeland, Mississippi and will accomplish the majority of the work to be performed under this Request for Proposals. Chris has worked with various state and federal grant projects for over 25 years. His grant experience spans over 150 projects all across the State of Mississippi and Florida. Chris will be directly involved with, and personally responsible for, all of the day-to-day operations of the project.

The company's experience includes each aspect of grant administration, including, but not limited to, preparing and submitting proposals and the initial grant application; facilitating public hearings; assisting with the environmental review process and preparing the environmental review record; assisting with procurement; contract management, reviewing, processing and tracking cash requests and budget modifications; project recordkeeping, including records necessary for CDBG national objective compliance, Section 3 compliance, and labor standards compliance; and assisting with the grant closeout process.

Gouras & Associates, LLC's ability to adapt in real time to complex and evolving grant programs originating from disaster or emergency conditions is what allows our firm to keep a competitive edge in the grant industry.

## Gouras & Associates, LLC Organizational Structure

GOURAS

CHRIS G. GOURAS, JR.

Owner & Principal

Chris Gouras is the owner and principal of Gouras & Associates. Chris has worked with various state and federal grant projects for over 25 years. His grant experience spans over 175 projects all across the State of Mississippi. Chris will be directly involved with, and personally responsible for, all of the day-to-day operations of the project.

Chris' role with clients includes but is not limited to:

- Research of funding sources and development of relationships between government agencies/officials and clients.
- Oversight of the preparation of the Application and the Administration of the grant policy and procedures including preparation of the Environmental Assessment and related documents.
- Coordination of all grant activities and facilitation of communication between the parties involved; engineers, architects, attorneys, local and state government.

*Chris received his Bachelor of Science Degree with an emphasis on Finance from Florida State University (1993) and his Master of Business Administration Degree from Mississippi College (1997). Before starting his own business in September 2005, Chris worked with Jimmy Gouras Urban Planning & Development in Vicksburg, MS from January 1994 to September 2005.*

## CHRISTIANA S. SUGG

Christiana S. Sugg is an attorney in the office of Gouras & Associates, LLC. Christiana has over 16 years of experience in multiple facets of Mississippi law with a special emphasis on federal and state compliance issues concerning federal grants, including the Katrina Community Development Block Grant (KCDBG) disaster recovery grants from the Department of Housing and Urban Development (HUD) to the Mississippi Development Authority (MDA).

Christiana's role with clients includes but is not limited to:

- Coordination and administration of grant activities, including communications with attorneys, regulatory agencies and contractors.
- Assisting in the preparation of the grant application and supporting documentation.
- Assisting in the development and administration of grant policy and procedures including preparation of the Environmental Assessment and related documents.
- Assisting in research and the development of solutions to issues and concerns raised by stakeholders.
- Assisting in the implementation of applicable local, state and federal rules, laws and regulations.
- Counseling clients through the Request for Release of Funds process and regulatory compliance for the KCDBG grant.
- Drafting and coordinating client responses to issues raised by community stakeholders, regulatory agencies, and HUD.
- Coordinating and drafting responses to HUD monitoring reports.
- Developing policies and procedures for Section 3 compliance and compliance with national objective recordkeeping.
- Supervising, facilitating and assisting client in reports to regulatory agencies regarding funding, project status and regulatory compliance.
- Lender's counsel on multiple construction and permanent loans, including hospitality loans and industrial projects.

*Christiana received her Bachelor of Arts Degree in English from Belhaven University (2000) and her Juris Doctorate from Mississippi College School of Law (2003). She is licensed to practice before all State and Federal courts in the State of Mississippi. Before joining Gouras & Associates, Christiana practiced law at Watkins & Eager PLLC for seven years after clerking for Judge L. Joseph Lee at the Court of Appeals of the State of Mississippi.*

## CORINNE GRAHAM

Associate Consultant/Grant Administrator

Corinne Graham, Associate Consultant, heads Gouras & Associates, LLC's Financial Management Department and Construction/Contractor Compliance. As a grant administrator, experience includes oversight and management of approximately $767MM in active or successfully closed grants with respect to all aspects of the following:

- Establishment of bank account and start up forms including Account Certification, Direct Deposit, Authorized Signatory, Signature Resolution. Budget formation and analysis within constraints of available funds.
- Requests for Cash preparation ensuring professionals stay within their allotted contract amount and proper funding source. Review all requests for reimbursement of eligible activities including review and approval of invoices submitted for accuracy against contract and budget.
- Budget Modifications with regard to proper identification of use of funds including accounting for needed budget reconciliations in order to successfully draw down appropriate funds.
- Quarterly progress reporting analyzing milestones and roadblocks and annual reporting required for federal and state programs along with monitoring and audit support.
- Preparation of closeout documentation for all services provided throughout the life of the project.
- Wage Rates: initial wage rate documentation and verification of wage rate within 10 days of bid opening.
- Publication of advertisement for bids, notification to Procurement Center, MBE/WBE solicitation and Section 3 outreach.
- Coordination Pre-Construction Conference and Creation of Pre-Construction Manual for Contractors.
- Review of Construction Contracts and Verification of Contractor Eligibility.
- Act as liaison between State and Grant Recipient for all correspondence, meetings, and requests for information.

*Corinne received her Bachelor of Business Administration from Mississippi College and has actively been engaged in grant management since the formation of Gouras & Associates in 2005.*

## FELICITY EDWARDS, CPA

Associate Consultant/Grant Administrator

Felicity Edwards, Associate Consultant, recently joined Gouras & Associates, LLC, as a specialist in Federal Grant Funding and related compliance activities. Throughout her career in grant administration, Felicity has coordinated the oversight and management of more than $500MM in projects with a wide variety of federal and state funding streams, including RESTORE Act, Community Development Block Grant, Hazard Mitigation, FEMA Public Assistance (PA) and Hazard Mitigation Grant Program (HMGP), FAA Airport Improvement Program (AIP), MDOT Multi-Modal, Tidelands, GOMESA, CIAP, and others. Felicity is adept at every aspect of program management and project implementation, including:

- Coordinating, implementing, executing, and completing project activities to ensure that projects are executed within authorized scope, schedule and budget.
- Coordinating and documenting Federal Environmental Compliance.
- Compiling, organizing and uploading administrative record documents.
- Developing planning, project, and compliance schedules, assisting clients with stakeholder engagement, public meeting materials, presentations, and conference calls/meetings.
- Acting as liaison between State and Federal funding agencies and local Elected Officials
- Managing programmatic closeout for all projects with disaster related funding sources
- Working closely with Office of Inspector General (OIG) audit teams to address questions and concerns related to federally funded projects.
- Performing tasks beyond the general scope of financial administration, as requested, to help others meet outside needs that directly or indirectly affect program goals and objectives
- Consolidating input from various sources to prepare reports for State and local officials, including financial reports, project status reports, and Federal/State compliance reports
- Developing and implementing filing protocols to maintain statutory/regulatory compliance and compliance with State and local program implementation guidance
- Performing internal monitoring to verify ongoing compliance with State/Federal implementation guidance

*Felicity earned both a Bachelor of Science in Business Administration, with an emphasis in Financial Information Systems, and a Graduate Certificate in Economic Development from The University of Southern Mississippi. In 2022, she joined Gouras and Associates and established a Mississippi-based accounting firm - F. R. Edwards, CPA, PLLC – to offer her expertise in federal grant administration and disaster recovery to clients across the Gulf South region. She is licensed as a Certified Public Accountant in both Mississippi and Florida. Prior to working with Gouras and Associates, Felicity most recently worked with Covington Civil and Environmental as a RESTORE Act Program Manager and Senior Project Manager. Among other positions, Felicity also served as the County Administrator for Hancock County, the Chief Administrative Officer for the Hancock County Port and Harbor Commission, and a Grant Administrator for Hancock County throughout post-Katrina disaster recovery.*

Re: Gouras & Associates, LLC |Proposal for Katrina Community Development Block Grant (CDBG) Program

Dear Supervisors:

Enclosed please find one (1) original and five (5) copies of Gouras & Associates, LLC's Proposal for Community Development Block Grant (CDBG) Program Project due May 16, 2022.

Formed in 2005, Gouras & Associates, LLC is a Consulting Firm specializing in obtaining and administering Federal, State, and local grants for cities and counties and initiating Public/Private partnerships and incentives for economic development projects. As owner and principal consultant for Gouras & Associates, LLC, I am the project administrator for the firm's projects, and my team has the in-house capability to provide project management to meet any and all established goals and objectives. I have over 25 years of experience in the management and administration of Community Development Block Grants (CDBG). Specifically, Gouras & Associates has provided grant administration in excess of $800 million in grants of which over $780 million are CDBG disaster recovery grants.

I thank you in advance for your consideration of Gouras & Associates LLC. Please let us know if you need additional information to complete your review.

Sincerely,

Chris G. Gouras, Jr.

# BACKGROUND

Attachment: Gouras & Associates (10835 : Approval awarding proposal to Gouras & Associates)

## Background

Chris G. Gouras, Jr. is the owner and principal of Gouras & Associates, LLC. Gouras & Associates, LLC's main office is located in Ridgeland, Mississippi and will accomplish the majority of the work to be performed under this Request for Proposals. Chris has worked with various state and federal grant projects for over 25 years. His grant experience spans over 150 projects all across the State of Mississippi and Florida. Chris will be directly involved with, and personally responsible for, all of the day-to-day operations of the project.

The company's experience includes each aspect of grant administration, including, but not limited to, preparing and submitting proposals and the initial grant application; facilitating public hearings; assisting with the environmental review process and preparing the environmental review record; assisting with procurement; contract management, reviewing, processing and tracking cash requests and budget modifications; project recordkeeping, including records necessary for CDBG national objective compliance, Section 3 compliance, and labor standards compliance; and assisting with the grant closeout process.

Gouras & Associates, LLC's ability to adapt in real time to complex and evolving grant programs originating from disaster or emergency conditions is what allows our firm to keep a competitive edge in the grant industry.

## Gouras & Associates, LLC Organizational Structure

GOURAS

CHRIS G. GOURAS, JR.

Owner & Principal

Chris Gouras is the owner and principal of Gouras & Associates. Chris has worked with various state and federal grant projects for over 25 years. His grant experience spans over 175 projects all across the State of Mississippi. Chris will be directly involved with, and personally responsible for, all of the day-to-day operations of the project.

Chris' role with clients includes but is not limited to:

- Research of funding sources and development of relationships between government agencies/officials and clients.
- Oversight of the preparation of the Application and the Administration of the grant policy and procedures including preparation of the Environmental Assessment and related documents.
- Coordination of all grant activities and facilitation of communication between the parties involved; engineers, architects, attorneys, local and state government.

*Chris received his Bachelor of Science Degree with an emphasis on Finance from Florida State University (1993) and his Master of Business Administration Degree from Mississippi College (1997). Before starting his own business in September 2005, Chris worked with Jimmy Gouras Urban Planning & Development in Vicksburg, MS from January 1994 to September 2005.*

## CHRISTIANA S. SUGG

Christiana S. Sugg is an attorney in the office of Gouras & Associates, LLC. Christiana has over 16 years of experience in multiple facets of Mississippi law with a special emphasis on federal and state compliance issues concerning federal grants, including the Katrina Community Development Block Grant (KCDBG) disaster recovery grants from the Department of Housing and Urban Development (HUD) to the Mississippi Development Authority (MDA).

Christiana's role with clients includes but is not limited to:

- Coordination and administration of grant activities, including communications with attorneys, regulatory agencies and contractors.
- Assisting in the preparation of the grant application and supporting documentation.
- Assisting in the development and administration of grant policy and procedures including preparation of the Environmental Assessment and related documents.
- Assisting in research and the development of solutions to issues and concerns raised by stakeholders.
- Assisting in the implementation of applicable local, state and federal rules, laws and regulations.
- Counseling clients through the Request for Release of Funds process and regulatory compliance for the KCDBG grant.
- Drafting and coordinating client responses to issues raised by community stakeholders, regulatory agencies, and HUD.
- Coordinating and drafting responses to HUD monitoring reports.
- Developing policies and procedures for Section 3 compliance and compliance with national objective recordkeeping.
- Supervising, facilitating and assisting client in reports to regulatory agencies regarding funding, project status and regulatory compliance.
- Lender's counsel on multiple construction and permanent loans, including hospitality loans and industrial projects.

*Christiana received her Bachelor of Arts Degree in English from Belhaven University (2000) and her Juris Doctorate from Mississippi College School of Law (2003). She is licensed to practice before all State and Federal courts in the State of Mississippi. Before joining Gouras & Associates, Christiana practiced law at Watkins & Eager PLLC for seven years after clerking for Judge L. Joseph Lee at the Court of Appeals of the State of Mississippi.*

## CORINNE GRAHAM

Associate Consultant/Grant Administrator

Corinne Graham, Associate Consultant, heads Gouras & Associates, LLC's Financial Management Department and Construction/Contractor Compliance. As a grant administrator, experience includes oversight and management of approximately $767MM in active or successfully closed grants with respect to all aspects of the following:

- Establishment of bank account and start up forms including Account Certification, Direct Deposit, Authorized Signatory, Signature Resolution. Budget formation and analysis within constraints of available funds.
- Requests for Cash preparation ensuring professionals stay within their allotted contract amount and proper funding source. Review all requests for reimbursement of eligible activities including review and approval of invoices submitted for accuracy against contract and budget.
- Budget Modifications with regard to proper identification of use of funds including accounting for needed budget reconciliations in order to successfully draw down appropriate funds.
- Quarterly progress reporting analyzing milestones and roadblocks and annual reporting required for federal and state programs along with monitoring and audit support.
- Preparation of closeout documentation for all services provided throughout the life of the project.
- Wage Rates: initial wage rate documentation and verification of wage rate within 10 days of bid opening.
- Publication of advertisement for bids, notification to Procurement Center, MBE/WBE solicitation and Section 3 outreach.
- Coordination Pre-Construction Conference and Creation of Pre-Construction Manual for Contractors.
- Review of Construction Contracts and Verification of Contractor Eligibility.
- Act as liaison between State and Grant Recipient for all correspondence, meetings, and requests for information.

*Corinne received her Bachelor of Business Administration from Mississippi College and has actively been engaged in grant management since the formation of Gouras & Associates in 2005.*

GOURAS

## FELICITY EDWARDS, CPA

Associate Consultant/Grant Administrator

Felicity Edwards, Associate Consultant, recently joined Gouras & Associates, LLC, as a specialist in Federal Grant Funding and related compliance activities. Throughout her career in grant administration, Felicity has coordinated the oversight and management of more than $500MM in projects with a wide variety of federal and state funding streams, including RESTORE Act, Community Development Block Grant, Hazard Mitigation, FEMA Public Assistance (PA) and Hazard Mitigation Grant Program (HMGP), FAA Airport Improvement Program (AIP), MDOT Multi-Modal, Tidelands, GOMESA, CIAP, and others. Felicity is adept at every aspect of program management and project implementation, including:

- Coordinating, implementing, executing, and completing project activities to ensure that projects are executed within authorized scope, schedule and budget.
- Coordinating and documenting Federal Environmental Compliance.
- Compiling, organizing and uploading administrative record documents.
- Developing planning, project, and compliance schedules, assisting clients with stakeholder engagement, public meeting materials, presentations, and conference calls/meetings.
- Acting as liaison between State and Federal funding agencies and local Elected Officials
- Managing programmatic closeout for all projects with disaster related funding sources
- Working closely with Office of Inspector General (OIG) audit teams to address questions and concerns related to federally funded projects.
- Performing tasks beyond the general scope of financial administration, as requested, to help others meet outside needs that directly or indirectly affect program goals and objectives
- Consolidating input from various sources to prepare reports for State and local officials, including financial reports, project status reports, and Federal/State compliance reports
- Developing and implementing filing protocols to maintain statutory/regulatory compliance and compliance with State and local program implementation guidance
- Performing internal monitoring to verify ongoing compliance with State/Federal implementation guidance

*Felicity earned both a Bachelor of Science in Business Administration, with an emphasis in Financial Information Systems, and a Graduate Certificate in Economic Development from The University of Southern Mississippi. In 2022, she joined Gouras and Associates and established a Mississippi-based accounting firm - F. R. Edwards, CPA, PLLC – to offer her expertise in federal grant administration and disaster recovery to clients across the Gulf South region. She is licensed as a Certified Public Accountant in both Mississippi and Florida. Prior to working with Gouras and Associates, Felicity most recently worked with Covington Civil and Environmental as a RESTORE Act Program Manager and Senior Project Manager. Among other positions, Felicity also served as the County Administrator for Hancock County, the Chief Administrative Officer for the Hancock County Port and Harbor Commission, and a Grant Administrator for Hancock County throughout post-Katrina disaster recovery.*

## CORRECTING CAPITAL BUDGET MOD #3 WITH - BUDGET AMENDMENT 3B FY2022 TO CORRECT THE AMOUNT OF REDUCTION OF USE OF CASH BALANCE TO $7,489,919 AND AN OVERALL REDUCTION OF GRANT FUNDS BY $3,314,506

**WHEREAS**, by Resolution 20210823-02 and amended by Resolutions 20211025-04, 20211122-03, and 20220425-02 the Commission passed its FYE2022 Budget and associated 2021 WIP – 2024 Capital Improvement Plan;

**WHEREAS,** resolution 20220425-02 was presented as an overall decrease to the Capital budget of $7,375,918;

**WHEREAS**, with amendment 3b, Capital Projects AP2208 Packaging Hangar Improvements and AP2212 Taxi Lane S Improvements were removed from modification 3 due to timing. After that submission a mathematical error was discovered in the overall decrease to the Use of Cash Balance source of funds capital budget and has been adjusted to reflect the accurate amount of $7,489,919;

**WHEREAS**, a reduction of grant funds is also presented in the budget but was not referenced and is an overall decrease of grant dollars as the source of funds in the amount of $3,314,506 which is reflected in the attachment Modification 3b;

**NOW THEREFORE, BE IT RESOLVED,** that the Hancock County Port & Harbor Commission hereby approves an overall reduction in the Capital Budget **SOURCE OF FUNDS** - Use of Cash balance of **$7,489,919** and reduction of Federal and State Grants of **$3,314,506** shown on the Budget Amendment # 3b;

**BE IT FURTHER RESOLVED**, having received an affirmative vote from a majority of the members of the Commission, a copy of this resolution shall be forwarded to the Hancock County Board of Supervisors for their approval and/or appropriate action.

HANCOCK COUNTY PORT & HARBOR COMMISSION

# RESOLUTION# 20220509-02

## FY2022 BUDGET AMENDMENT #4-FY22/23 INSURANCE (AN INCREASE TO THE BUDGET OF $112,104.00)

**WHEREAS**, by resolution 20210823-02 and amended by Resolutions 20211025-04, 202111122-03 and 20200425-02, the Commission passed its FYE2022 Budget and associated 2021 WIP – 2024 Capital Improvement Plan (CIP);

**WHEREAS**, since the approval and amendments of the FY2022 Budget and 2021 WIP-2024 CIP, additional needs have come to the attention of the Commission;

**WHEREAS**, Frank Bordeaux, the Commission's Agent with BXS Insurance, presented and the Insurance Committee selected, upon prior authorization of the Commission, our 2022/2023 property insurance coverage (premium summary attached) for a total increase over our prior year policy amount of 32.9%. The Commission anticipated an increase over the prior year but fell 14% short or $112,104.00 of the actual. Agent Bordeaux explained that we are in a hard market this year due to natural disasters across the US which has driven insurance costs up significantly;

**WHEREAS,** the operating budget across all funds will need an increase to cover the 14% increase over the budgeted amount as shown on the budget amendment #4 attached.

**NOW THEREFORE, BE IT RESOLVED,** that the Hancock County Port & Harbor Commission hereby approves a 14% increase to the operating budget of $112,104.00 as shown on budget amendment #4;

**BE IT FURTHER RESOLVED,** that the Hancock County Port and Harbor Commission hereby authorizes its President to execute such documents necessary to reflect said changes and authorizes its Chief Financial Officer to take such steps as are necessary to implement said changes;

**Semi-Annual Inspection-** Check all components of generator and transfer Switch top off all fluids

Attachment: PowerSystemsofMS_1yrAgreement (10794 : Approve Annex generator maintenance thru May 2023)

Your cost for this agreement is **$2,625.00,** Any additional work would be done at a reduced rate of 10% off (our current rate is $100 per hour), plus parts and travel, however this would not be done without prior approval.

It is a factory recommendation that preventative maintenance be done on this equipment annually, by an authorized generator company. Preventative maintenance can identify problems and correct before they become a major failure, saving you costly downtime and dollars.

We at Power Systems provide 24 hour service with qualified technicians seven days a week, and our PM customers receive priority service

If this agreement is acceptable to you please sign and return

Should you have any questions or concerns about this agreement please do not hesitate to call.

Sincerely,

Mark Gotjen

Sent to: HCEMA

Sent by: Diamondhead Fire Protection District

Attention: Holly Bilbo

Message: PO request for 8 sets of turnout gear. I have included the two quotes I have received . MES is the least price of the two and also has the same turnout gear we purchased in the past. The Po request is for MES.

!!!!!!! Thanks for all you do !!!!!!!

Re: PO Request

John Albert,

Please issue a PO in the amount of $21680.00 to Municipal Emergency Services, MES, for 8 sets of turnout gear for structural fire attack. Please use insurance rebate funds (112-254-711) for this expenditure.

Thank you,

**PURCHASER HEREBY PURCHASES AND DEALER SELLS SUBJECT TO THE TERMS AND CONDITIONS SPECIFIED HEREIN IN THE FOLLOWING:**

| STOCK NO. CSF61273 | | YEAR 2022 | MAKE FORD | MODEL F-150 |
|---|---|---|---|---|
| SERIAL NO. 1FTFW1E86NFA61273 | | CYL 6 | COLOR SILVER | BODY CREW PICKUP |
| MILEAGE 25 | S.S. NO N/A | DOB | E-MAIL ADD | |

Purchaser hereby sells and transfers unto Dealer the used car described herein and warrants that he has absolute title thereto and that same is free from any liens or encumbrances except as disclosed herein provided. However, if there is any difference between the actual pay-off on the vehicle traded in and the balance as stated herein, then and in that event, Purchaser shall pay said difference within 24 hours. If Purchaser fails to pay said difference within 24 hours after demand, Dealer may, at its election declare this agreement null and void with no title passing to Purchaser and Purchaser agrees to return to Dealer immediately the vehicle sold to Purchaser. Purchaser understands it is ultimately Purchaser's responsibility to insure accuracy of said pay-off.
Purchaser certifies that Purchaser is 18 years of age or older.
Purchaser accepts delivery of the vehicle sold by the dealer as described herein and acknowledges that this vehicle has a FEDERAL PRICE LABEL on the vehicle pursuant to Public Law 85 506.

## DISCLAIMER OF WARRANTY

The only warranties applying to this vehicle are those offered by the Manufacturer. The selling Dealer hereby expressly disclaims all warranties, either expressed or implied, including any implied warranties of merchantability or fitness for a particular purpose, and neither assumes nor authorizes any other person to assume for it any liability in connection with the sale of this vehicle. Purchaser shall not be entitled to recover from the selling Dealer any consequential damages to property, damages for loss of use, loss of time, loss of profits, or income, or any other incidental damages.
In addition to damage to the vehicle (if any) which may have been disclosed to the Buyer by separate instrument, Buyer understands that the vehicle purchased from Dealer may have suffered damage during production, transit, or while in the control and the possession of the Dealer. Buyer understands that there are no warranties of merchantability or fitness being made by the Dealer to the Buyer as to any repairs of such damages.
This vehicle may contain Dealer-installed equipment which was not produced by the manufacturer of the vehicle. Any warranties issued in connection with such equipment are those of the manufacturer of the equipment and not the Dealer or manufacturer of the vehicle.

## CONTRACTUAL DISCLOSURE STATEMENT (USED CARS ONLY)

The information you see on the window form (Buyers Guide) for this vehicle is part of this contract. Information on the window form overrides any contrary provisions in the contract sale.

K & G Crane Marine Services, Inc.

24117 Bilbo Road

Vancleave, MS 39565

Kevin Goff (228) 381-0065

K&G Crane and Marine Services, Inc. makes the following proposal to install approximately 100 LF of new bulkhead. Each side will have approximately 50 LF. Listed below are the details of the scope of work:

**Bulkhead- approximately 100 LF (50 LF on north and south side)**

- Lowboy from new overlook area to bulkhead location
- Remove and dispose of existing piling and broken concrete
- Install 100 LF of 2" x 12" x 12" of 2.5 cca treated timbers for sheeting
- Drive 19- 10" x 16' main piling treated to 2.5 cca
- Drive 19- 10" x 16' tie back piling treated to 2.5 cca
- Install double- 6" x 6" whalers treated to 2.5 cca
- Install filter cloth
- Place new fill material approximately 100 cy

**Lump sum Pricing including 3.5% tax: $47,146.32**

We thank you for the opportunity to bid on this work and look forward to hearing from you. If you have any questions, please do not hesitate to contact me at (228) 381-0065

Thank you

Kevin Goff, President

| DESCRIPTION | RATE | QTY | AMOUNT |
|---|---|---|---|
| **Project Detail**<br>All vinyl and wood bulkhead walls constructed by CJ'S Marine Construction use 2.5 marine treated material. All pilings are spaced approximately 5' apart with dead-men driven to secure each piling on a 1:1 ratio. The length of the pilings for this project are 16'. 5/8" galvanized all-thread rods are used to tie back each piling. These rods will be tied through both the top and bottom whaler system (double rod tie backs) to a 16' deamen placed at least 14' behind the bulkhead. Each corner of the proposed bulkhead will have two piling driven (one on each side of the corner) with each piling having its own deadmen.<br>Double whalers (2x8 2.5 rough cut marine lumber) are fastened to the top and bottom of each wall for additional support in a traditional Navy style wall.<br>Regular treated wood is used for capping material. Capping is nailed not screwed down to protect the understructure during the event of rising storm waters. | $0.00 | 1 | $0.( |
| **TOTAL** | | | USD $43,630.( |

Attachment: 4.21.2022 Minutes (10804 : Approve April 21, 2022 P&Z Minutes)

**Regular Meeting of the Hancock County Planning Commission held on April 21, 2022**

**Those Present: R. Ladner, Farve, and Koenig**

**Also Present**
**Anthony Cuevas, Director of Planning & Zoning**

**Minutes of Previous Meetings: The minutes of the March 3, 2022 regular meeting were unanimously adopted on the motion of Commissioner Farve.**

**Brenda C. Peterson-Special Exception-Public Hearing-Tabled from April 7, 2022**

The Commission considered the application of Brenda C. Peterson requesting to have a 36' x 14' section of land plotted for a private cemetery. The property is located at 25206 Albert Cuevas Rd. Kiln, MS 39556.The parcel number for the property is 051 -0-12-007.000. The property is currently zoned A-1 General Agricultural.

Mrs. Peterson and her daughter were present at the meeting and explained to the Commission that they would like to create there our own private cemetery on their property for family members.

No public comment for or against the application.

After discussion on the matter it was unanimously adopted on the motion of Commissioner Farve to recommend the Special Exception for the Private Cemetery for Family Members.

**Ryan Peterson-Site Plan Approval**

The Commission considered the application of Ryan Peterson requesting a Site Plan Approval for an electronic 12' x 24' V-Shaped Billboard sign to be placed on property adjacent to his convenience store. The property is located at the Hwy 603 and Hwy 53 intersection Perkinston, MS 39573. The store address is 30285 Hwy 603 Perkinston, MS 39573. The parcel number for the property is 015 -0-16-002.005. The property is currently zoned A-1 General Agricultural.

Mr. Peterson was not present at the meeting.

The Commission discussed the application and unanimously adopted on the motion of Commissioner Farve to recommend the approval of the Site Plan for the sign to be placed in a manner that if it was to fall that it would not land on the State Highway Right of Way.

Meeting adjourned at 5:08 P.m.

Chairman

## § 45-9-131. Purchase of sidearm by retiring member of municipal or county law enforcement agency.

Upon approval of the governing authorities of the municipality or county, a member of any municipal or county law enforcement agency who retires under any state retirement system or any state-approved retirement system may be allowed to purchase as his personal property one (1) sidearm which was issued to him by the law enforcement agency from which he retired. The governing authorities of the municipality or county shall determine the amount to be paid for the firearm by the retiring member of the law enforcement agency.

**SOURCES: Laws, 1995, ch. 462, § 1, eff from and after July 1, 1995.**

ATTORNEY GENERAL OPINIONS

There is no fair market value requirement placed on a firearm when it is sold to a law enforcement officer who is retiring under the conditions set forth in the statute; the sale will not be considered an illegal donation if the firearm is sold for less than fair market value so long as the retirement conditions in the statute are met. Robichaux, March 10, 2000, A.G. Op. #2000-0124.

## § 45-9-133. Retention of sidearm by retiring law enforcement officer of Mississippi Department of Transportation.

Each person employed as a law enforcement officer by the Mississippi Department of Transportation who retires for superannuation or for reason of disability under the Public Employees' Retirement System shall be allowed to retain as his personal property, one (1) sidearm which was issued to such law enforcement officer.

**SOURCES: Laws, 2010, ch. 550, § 2, eff from and after passage (approved Apr. 28, 2010.)**

DOCKET OF DEADLY WEAPONS SEIZED

SEC.
45-9-151. Docket of deadly weapons seized.

## § 45-9-151. Docket of deadly weapons seized.

(1) Every law enforcement agency of the state or of any political subdivision thereof shall maintain a docket which shall contain a record of all deadly weapons that are seized by employees of such law enforcement agency. Such docket shall include the name of the arresting officer, the date of the arrest, the charge upon which the seizure was based, the name of the person from whom such deadly weapon was seized, the physical description of the deadly weapon, the serial number, if any, of the deadly weapon, and the chain of custody of the deadly weapon.

Dear Sarah,

Thank you for choosing to stay with us! Your reservation has been confirmed. For convenience, automated check-in information will be sent via text and email to you on the day of arrival. We show your cell phone # as 2282637305. If not correct please email it to us. We get a lot of the same questions so we developed our Digital Concierge, the orange icon at the bottom right of each website page. It does a great job of accurately answering hundreds of questions related to Belle Air Mansion. We love talking with guests, but please try this prior to contacting the B&B. Please save or print this email as your receipt.

You can find your confirmation details below:

# Homestead Notice of Adjustment

DEPARTMENT OF REVENUE
STATE OF MISSISSIPPI

Date: February 18, 2022
Letter ID: L1055695296
Period: December 31, 2021
Account #: 1027-8611

TIMOTHY KELLAR
HANCOCK COUNTY BOARD OF SUPERVISORS
152 MAIN ST STE A
BAY SAINT LOUIS MS 39520-4551

ARMENTA BRIAN SR
707 UNION ST
BAY ST LOUIS MS 395200000

**Reimbursement Year:** 2021

**Parcel#:** 137H-0-45-148.035
**School District:** Bay St Louis School District

This is notice that the Department is making an adjustment to the County's Homestead Exemption reimbursement. The above applicant is not qualified for Homestead Exemption.

35. Applicant or applicant's spouse has failed to comply with the income tax laws of Mississippi. §27-33-63 (2)

If the applicant has any questions about an income tax debt, they may review their account information online through the Taxpayer Access Point at www.dor.ms.gov. If the applicant has any questions about residency status or does not have internet access, they may call 601-923-7618 for assistance.

Please complete the enclosed Notice Certification and forward to the appropriate offices as directed.

You may provide a copy of this notice to the applicant. Please note that the applicant must file any objection to this action with the Clerk of the HANCOCK County Board of Supervisors (Chancery Clerk's office), not the Department. The applicant has 30 days from the date of this letter to file the objection with the Clerk. If not filed in the time provided, the decision to disallow the applicants homestead exemption is final.

Sincerely,

Tax Administrator

Enclosure: Notice Certification

Attachment: 20220511152901 (10822 : Spread Homestead Exemption Disallowances and DOR Responses)

March 15, 2022

TO whom it may concern,

I received a letter that was dated 2/18/2022 stating that my Homestead Exemption was disqualified and I had 30 days to submit an objection for an unpaid tax dept. I had spoken to the State of Mississippi on 2/15/2022 stating that I could pay the debt in the amount of $102 on March 10, 2022. They said that was totally fine. I come up to Tim Keller's office and am informed that since I didn't pay by Feb 1, 2022 that I can write a letter and hopefully get my objection heard by the Hancock County Board of Supervisors. I am looking through all of my documentation and have spoken to the State and have NO knowledge of having to pay this by the 2/1/22. I received the letter that is dated 2/18/22 on March 9, 2022. So, I am OBJECTING this decision because I should of been notified about this via telephone when I spoke to the state AND the letter came a month later than dated. I paid the debt, attached is the printed receipt of payment made.

Attached is the letter post dated 2/18/2022 so How would I know this needed to be done by 2/1/2022 WHen it doesnt even state that in ANY letter I received. I paid the debt within my 30 days stated in this letter to be able to formally object and it's not my fault communication is flawed.

Thank you,

Ellyn Armenta

# Homestead Notice of Adjustment

DEPARTMENT OF REVENUE
STATE OF MISSISSIPPI

Date: February 18, 2022
Letter ID: L1120948672
Period: December 31, 2021
Account #: 1027-8611

TIMOTHY KELLAR
HANCOCK COUNTY BOARD OF SUPERVISORS
152 MAIN ST STE A
BAY SAINT LOUIS MS 39520-4551

FOSTER JESSIE J JR
21050 HIGHWAY 43
PICAYUNE MS 394660000

**Reimbursement Year:** 2021
**Parcel#:** 048 -0-34-047.004
**School District:** Hancock County Schools

This is notice that the Department is making an adjustment to the County's Homestead Exemption reimbursement. The above applicant is not qualified for Homestead Exemption.

35. Applicant or applicant's spouse has failed to comply with the income tax laws of Mississippi. §27-33-63 (2)

the applicant has any questions about an income tax debt, they may review their account information online through the Taxpayer Access Point at www.dor.ms.gov. If the applicant has any questions about residency status or does not have internet access, they may call 601-923-7618 for assistance.

Please complete the enclosed Notice Certification and forward to the appropriate offices as directed.

You may provide a copy of this notice to the applicant. Please note that the applicant must file any objection to this action with the Clerk of the HANCOCK County Board of Supervisors (Chancery Clerk's office), not the Department. The applicant has 30 days from the date of this letter to file the objection with the Clerk. If not filed in the time provided, the decision to disallow the applicants homestead exemption is final.

Sincerely,

Tax Administrator

# Statement of Account

DEPARTMENT OF REVENUE
STATE OF MISSISSIPPI

000053956 01 AV 0.42 11373 109 209

JESSIE and CHERYL FOSTER
21050 HIGHWAY 43
PICAYUNE MS 39466-8374

Date: February 22, 2022
Letter ID: L1063104960

Below is a summary of unpaid tax, interest and penalties. A detailed listing of taxes due is on the back of this letter. Payment is due immediately for the amount not under appeal or bankruptcy. These liabilities were previously assessed against you. This statement is not an assessment of tax, penalties or interest that you can appeal.

| | |
|---|---|
| **Tax** | $1,967.00 |
| **Interest** | $88.56 |
| **Penalty/Fee** | $322.04 |
| **Balance** | **$2,377.60** |

**Statement of Account**
This statement includes only tax liabilities that have been assessed. If you have other liabilities that have not yet been assessed, those that remain unpaid will be included on a future statement. If you have more than one mailing address listed with us, you may receive multiple statements.

**Payment Options**
Pay online. Go to www.dor.ms.gov. Click on Taxpayer Access Point and follow instructions for paying online; OR you can pay by credit card or electronic check on www.ms.gov/dor/quickpay. There is an additional convenience fee to pay through the ms.gov portal. Visa, MasterCard, Discover, and American Express cards are accepted.

**Questions Concerning this Statement**
Contact the Call Center at **(601) 923-7700.**

**Bankruptcy**
If you are in bankruptcy, this statement of account does not constitute a demand for payment for amounts due prior to your petition date; instead, it is a notice of a tax deficiency. For amounts due after the petition date, federal bankruptcy law requires debtors to file and pay all tax returns due, or to request an extension to file and pay. Your failure to timely file and pay post-petition debt will result in the Department requesting the court to convert or dismiss your case. If you have any questions about the status of a liability, you may contact the Bankruptcy Section at (601) 923-7393.

Make your check payable to the Department of Revenue and mail to P.O. Box 23075 Jackson, MS 39225-3075

Parcel# : 135R-47-054.001
Letter ID : L596039616
Account: 1027-8611

Dear Timothy Kellar:

I am writing you today to file an objection to the enclosed Homestead Notice of Adjustment dated February 18, 2022. Telephone contact was made March 7, 2022, with the Mississippi Department of Revenue (DOR) Homestead Office to discuss the claim of being a resident of another state when assessed with income tax. Ms. Felicia of the Homestead Office researched and saw the incorrect form for a Non-Resident/Part-Year Resident Individual Income Tax Return was filed. I explained I have been a resident of Mississippi since 2018 and she agreed, but suggested I have my accountant refile and she would also give grant a one-time reversal of the decision. Ms. Felicia requested to be sure to file an objection with the Chancery Court to ensure the reversal will occur. My accountant will be refiling with the correct form.

Should you have any questions or need further information, please do not hesitate to contact me at any time.

Sincerely,

Bryan J. Graff

**Parcel Number:** 131B-0-01-004.000
**Reimbursement Year:** 2021
**School District:** Hancock County Schools

We received your request to adjust and allow the Homestead Exemption reimbursement for the applicant listed above.

The disallowance cannot be reversed because of the following reason(s):

Prior to February 1, the applicant and/or the applicants spouse had unpaid Income Tax for the tax year 2020.

If you should have any questions, please contact us at 601-923-7618 for assistance. Please have a copy of this letter with you when you call.

Sincerely,
Tax Administrator

Enclosure: Notice Certification

Attachment: 20220511152901 (10822 : Spread Homestead Exemption Disallowances and DOR Responses)

From: William Speaker
To: Hancock County Tax Assessor

Subj: Response to Homestead Notice of Adjustment

Encl: a. Homestead Notice of Adjustment

The Mississippi State Department of Revenue (MSDOR) sent a letter regarding Homestead Notice of Adjustment on 18 February 2022. Subsequently, the MSDOR was contacted to discuss the circumstances as well as guidance regarding correction. The MSDOR's direction from MSDOR was to contact the Hancock County Tax Assessor's Office (HCTA) for guidance and correction. The below serves as the circumstances of the situation based on the conversation with the MSDOR as well as HCTA.

Mr. and Mrs. William Speaker established full residency approximately January – February of 2019, prior to Mr. Speaker's military deployment and home purchase in Diamondhead to ensure Homestead exemption as well as establish state income tax throughout the deployment. Both have remained residents of the State of Mississippi since this time as Mississippi has become their permanent residence. Tax filing since moving to the Mississippi Gulf Coast area has been conducted through the CPA offices of Wright, Ward, Hatten, and Guel located in Gulfport, MS. Moving to the area in 2016 and prior to home purchase, Mr. Speaker claimed non-residency as a service member and student. The MSDOR advised tax filing from 2017 through 2021 has not changed from non-resident to full resident status. The Speaker's will inform the CPA's office for the 2021 tax year filing to correct the issue in the future. It is the request of the Speaker's for the Tax Assessor to forgive and grant a homestead exemption. We look forward to your response and advisement.

The point of contact for this letter is Mr. William Speaker, 2108453752 or email william.speaker@hotmail.com.

Respectfully,

William A Speaker

Mr. Scotty Adam, President
Hancock County Board of Supervisors
854 Highway 90
Bay St. Louis, MS 39250

Dear Mr. Adam:

Our Department has completed a favorable review of the grant application for competitive and allocated solid waste assistance grant funds, submitted on behalf of the Hancock County Board of Supervisors. Based on the review, Hancock County has been preliminarily approved for a grant in the amount of: **$60,000.00**, subject to the full execution of a formal grant agreement. The terms of the grant agreement will include conditions for the County's *Household Hazardous Waste Collection Event* as proposed in the approved grant application.

The formal grant agreement has been enclosed for review and signature by the Board President. **Please have the Board President sign the agreement and return it within 15 days of signature to Ms. Erika Andrews in the MDEQ Contracts Division.** Please contact our office at (601) 961-5171 if you have any questions concerning your grant.

Sincerely,

Mark Williams

Mark Williams, P.E., BCEE, Chief
Waste Division

# SPECIAL TERMS AND CONDITIONS FOR ASSISTANCE AGREEMENT
## (Local Governments Solid Waste Assistance Grants Program)

Attachment: Hancock Co BOS SWAC#688 - unsigned (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022

### 1. Method of Payment

Reimbursement shall be the method of payment. The Recipient shall submit the completed Attachment A - Request for Payment form and additional documentation for verification of the service or work performed or the purchases made, prior to payment being issued by the Mississippi Department of Environmental Quality (MDEQ). The Request for Payment forms and supporting documentation generally will be submitted to MDEQ on a quarterly basis or as funds are otherwise expended and shall include a report of activities to date, (i.e., unauthorized dump sites cleaned, wastes disposed, HHW collected, hours worked, etc.). The Recipient shall submit a Request for Payment for eligible program activities performed through June 30 of each year (the end of the state fiscal year) no later than July 31 of that year. All requests for payment related to this grant agreement shall be submitted to MDEQ no later than forty-five (45) days after the expiration date of the grant agreement after which time, the grant agreement will be considered closed and funds will no longer be available to the Recipient. Funds utilized and/or disbursed under this grant award shall be consistent with the Recipient's approved grant application, incorporated herein by reference. This clause shall supercede Clause 5, Method of Payment of the Standard Terms and Conditions.

### 2. Grant Administration Costs

Under the terms of state law, the Recipient is eligible to use up to three percent (3%) of funds provided through this grant to defray the costs of administration of the grant. No Request for Payment will be processed for grant administration costs that total more than 3% of the grant award.

### 3. Unauthorized Dump Clean-Up Projects

For grant projects involving the clean-up or abatement of an unauthorized dump(s), the Recipient shall make a reasonable effort to determine the person(s) responsible for creating or causing the unauthorized dumping. If the responsible persons are determined, the Recipient shall make a reasonable effort to require that person to clean up the property before expending any funds from this grant award to clean up the property. If the Recipient is unable to locate the person responsible for creating the dump or if the Recipient determines that person is financially or otherwise incapable of cleaning up the property, the Recipient may use the funds from the grant award to clean-up the property. Upon completion of the clean-up and the determination of the costs of the clean-up, the Recipient shall make a reasonable effort to recover any funds expended from the responsible person.

In addition, where the Recipient is seeking the reimbursement of equipment expenses used in the clean-up activities of an unauthorized dump(s), the Recipient shall develop its request for reimbursement utilizing the established equipment rates of the most recently released version of the FEMA Schedule of Equipment Rates, (unless another alternative rate or schedule is approved by MDEQ). All equipment and personnel expenses involved in the unauthorized

dump clean-up activities and requested for reimbursement shall be commensurate with the size, location and types of wastes encountered in the clean-up of the dump.

4. **Solid Waste Enforcement Officer Projects**

For projects that involve the employment of a local solid waste enforcement officer, the Recipient agrees to provide MDEQ with the following information, upon the selection or designation of the enforcement officer:

a) Name, address, telephone number, fax number, and, e-mail address for the enforcement officer(s);

b) Detailed description of the duties and responsibilities for the enforcement officer(s).

Should the enforcement officer(s) be replaced or should the officer's information change, the Recipient shall provide an update to the information described above upon selection of the replacement or upon change in the information.

The Recipient further agrees that the enforcement officer shall be required to investigate local solid waste complaint related matters, which may be directed to the enforcement officer by MDEQ or through direct public complaints. The Recipient also agrees that the Recipient and the officer employed will adhere to the Local Solid Waste Enforcement Officers Duties and Procedures guidance document prescribed by MDEQ.

5. **Household Hazardous Waste Collection Project (HHW)**

For projects that involve conducting a household hazardous waste (HHW) collection event, the Recipient shall conduct the HHW project in accordance with Sections 17-17-439 through 17-17-445 and the Mississippi "Right-Way to Throw Away Program."

The Recipient shall provide to MDEQ a comprehensive summary report following the HHW collection day event which would include, at a minimum, the following:

a) Description of the public notification efforts for the event;

b) Amounts of waste collected, by type;

c) Cost summary;

d) Number of residents participating in the HHW collection day event.

e) A summary of any special issues or needs identified in the event.

The Recipient shall ensure that all hazardous materials collected are managed and disposed by qualified contractor(s) who are properly licensed and approved by all applicable regulatory agencies to manage the hazardous materials.

Attachment: Hancock Co BOS SWAC#688 - unsigned (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022

## 6. Disposal of Wastes

The final disposal of solid wastes from the clean-up of unauthorized dumps or from other collection activities funded by this grant shall be conducted in accordance with existing solid waste disposal laws and regulations. The preferred method of disposal shall be the removal of the wastes to a legitimate recycling facility where feasible, to a permitted solid waste landfill, to a permitted rubbish landfill, to a hazardous waste management facility or to another authorized waste management facility as appropriate. In limited circumstances and where conditions warrant, the Recipient, upon concurrence from MDEQ, may abate an unauthorized dump by on-site burial of such wastes as allowed by state law. Such on-site burial of wastes shall be considered by MDEQ on a case-by-case and shall be limited to nonhazardous wastes.

Attachment: Hancock Co BOS SWAC#688 - unsigned (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022

## STANDARD TERMS AND CONDITIONS FOR ASSISTANCE AGREEMENTS

1. Workplan

The workplan (grant application) constitutes the Recipient's and MDEQ's commitment to accomplish the program goals and objectives. MDEQ's review and evaluation of performance under this agreement and MDEQ's response to the findings of oversight will be carried out in accordance with the stated policies.

2. Expenditure Commitment

The Recipient commits to expend the funds awarded in this agreement and to complete the funded project in accordance with the workplan included in this grant application (workplan) and incorporated into this agreement by reference.

3. Financial Management

MDEQ requires that Recipients have in place, prior to the receipt of funds, a financial management system that will be able to isolate and trace every grant dollar from receipt to expenditure and have on file appropriate support documentation for each transaction. Examples of documentation are vendor invoices, bills of lading, payment vouchers, payrolls, bank statements and reconciliations.

4. Audit: Access to Records

Recipient assures that it will give MDEQ, the Comptroller General of the United States, and the State of Mississippi, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives; and will retain all required records relating to this agreement for three years after project completion and all other pending matters are closed.

5. Method of Payment

Reimbursement shall be the preferred method of funding. Recipients shall be paid a predetermined sum for services/work performed. Recipient shall submit a Request for Payment, as provided in Attachment A, and additional documentation for verification of service/work performed prior to payment being issued. In special cases, funding advances may be allowed, subject to approval by MDEQ. Requests for Payment and applicable supporting documentation shall be submitted to MDEQ upon project completion. All requests for payments related to this grant shall be submitted to MDEQ no later than forty-five (45) days after the expiration date of the grant.

Attachment: Hancock Co BOS SWAC#688 - unsigned (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022

6. Final Payment

Pursuant to satisfactory completion of the work performed under this agreement as may be determined by final inspection, and as a condition before final payment under this agreement or as termination settlement under this agreement, the Recipient shall execute and deliver to MDEQ a release of all claims against MDEQ arising under, or by virtue of, this agreement, except claims which are specifically exempted by the Recipient to be set forth therein. Such release is provided in Attachment B of this agreement. Unless otherwise provided in this agreement, by state law, or expressly agreed to by the parties in this agreement, final payment under this agreement or settlement upon termination of this agreement shall not constitute waiver of MDEQ's claims against the Recipient or his sureties under this agreement or applicable performance and payment of bonds.

7. Procurement

Recipient shall comply with purchasing guidelines established in 31-7-13 of the Mississippi Code in the procurement of commodities and services.

8. Disadvantaged Businesses

Recipient will ensure that its best efforts will be used in making available to minority businesses a minimum of 5% of the grant funds that may be expended as necessary in obtaining any supplies, construction, equipment, or services in completing the project detailed in the Workplan.

9. Title to Real Property, Equipment and Supplies

Unless otherwise agreed to, title to any real property, equipment and supplies that may be acquired under this agreement shall vest upon acquisition in the Recipient. Real property, equipment and supplies shall be used by the Recipient in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by grant funds.

10. Changes and Amendments

Changes may be made to the agreement in relation to the effective period of the agreement, the total amount of the agreement, budgetary categories associated with the funding of the agreement, and the work to be performed as defined in the work plan. Such changes shall be constructively made by way of a formal agreement amendment, which shall require written approval of the Executive Director of MDEQ prior to any such changes being made. Changes which affect the total amount of the agreement may also require prior approval by the Commission on Environmental Quality.

11. Recycled Paper

Recipient agrees to use recycled paper for all reports which are prepared as a part of this agreement and delivered to MDEQ.

Attachment: Hancock Co BOS SWAC#688 - unsigned (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022

12. Gratuities

A. If MDEQ finds, after a notice and hearing, that the Recipient or any of the Recipient's agents or representatives offered or gave gratuities (in the form of entertainment, gifts or otherwise) to any employee, official or agent of MDEQ, the state agency providing funds used in this agreement in an attempt to secure a agreement or favorable treatment in awarding, amending or making any determination related to the performance of this agreement, MDEQ may, by written notice to the Recipient, terminate this agreement. MDEQ may also pursue other rights and remedies that the law or this agreement provides. However, the existence of the facts on which MDEQ bases such findings shall be in issue and may be reviewed in proceedings under the Remedies clause of this agreement.

B. In the event this agreement is terminated as provided in paragraph A., MDEQ may pursue the same remedies against the Recipient as it could pursue in the event of a breach of the agreement by the Recipient, and as a penalty, in addition to any other damages to which it may be entitled by law, be entitled to exemplary damages in an amount (as determined by MDEQ) which shall be not less than three nor more than ten times the costs the Recipient incurs in providing any such gratuities to such officer or employee.

13. Publication and Publicity

A. Recipient may publish results of its participation pursuant to this agreement after prior review by and consent by MDEQ's Project Manager provided that (1) such publications acknowledge that the program is supported by funds granted by MDEQ, and (2) that one (1) copy of the publication is furnished to MDEQ.

B. Recipient shall use its best efforts to ensure that any publicity received by the Recipient as a result of the work funded by this agreement shall acknowledge that the program is supported by funds granted by MDEQ.

14. Hold Harmless for Personnel Claims

To the extent permitted by Mississippi law, recipient agrees to indemnify, save and hold harmless the Mississippi Commission on Environmental Quality, MDEQ and the state of Mississippi, as well as their employees, from and against any and all losses, claims, debts, demands, damages, suits or actions at law, judgments, and costs, including attorney's fees, or expenses on the part of MDEQ or MDEQ's agents or employees arising out of or attributable to work performed under this agreement or the use of facilities or equipment provided to Recipient under the terms of this agreement.

Attachment: Hancock Co BOS SWAC#688 - unsigned (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022

15. Assurances

The Recipient certifies that:

A. It maintains the legal authority to apply for state assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-state share of project costs) to ensure proper planning, management and completion of the project described in the grant application.

B. It is not presently debarred, suspended, proposed for debarment, declared ineligible from participating in government projects; has not within a three year period preceding this application been convicted of or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing public transactions; has not within a three year period preceding this proposal been convicted of violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property; is not presently indicted or otherwise criminally or civilly charged by a government entity with commission of any of the offenses enumerated herein; and has not within a three year period preceding this application had one or more public transactions terminated for default.

C. It will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

D. It will comply with all applicable requirements or State and Federal laws, executive orders, regulations and policies governing this program.

E. The Recipient shall maintain current permits and approvals necessary from applicable regulatory agencies to carry out the project/program activities.

16. Enforcement

A. If a Recipient materially fails to comply with any term of an award, whether stated in Federal and State statute or regulation, an assurance, in a State plan or application, a notice of an award, or elsewhere, MDEQ may take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withholding payments pending correction of the deficiency by the Recipient or more severe enforcement by MDEQ;

2. Disallow (that is deny both use of funds and matching credit for) all or part of the cost of the activity of action not in compliance;

3. Wholly or partly suspend or terminate the current award for the Recipient's program.

Attachment: Hancock Co BOS SWAC#688 - unsigned (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022

4. Withhold further awards for the program, or

5. Take other remedies that may be legally available.

B. In taking an enforcement action, MDEQ will provide the Recipient an opportunity for such hearing, appeal, or other administrative proceeding to which the Recipient is entitled under any statute or regulation applicable to the action involved.

C. Costs of Recipient resulting from obligations incurred by the Recipient during a suspension or after termination of an award are not allowable unless MDEQ expressly authorizes them in the notice of suspension or termination or subsequently. Other Recipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

1. The costs result from obligations which were properly incurred by the Recipient before the effective date of suspension of termination, are not in anticipation of it, and in the case of a termination, are non-cancelable, and

2. The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

17. Termination for Convenience

This agreement may be terminated in whole or in part as follows:

A. By MDEQ with the consent of the Recipient in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of a partial termination, the portion to be terminated; or

B. By the Recipient upon written notification to MDEQ, setting forth the reasons for such termination, the effective date, and in the case of a partial termination, the portion to be terminated. However, if, in the case of a partial termination, MDEQ determines that the remaining portion of the award will not accomplish the purposes for which the award was made, MDEQ may terminate the award in its entirety under paragraph A. of this section.

18. Counterparts

This agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall be deemed to be one and the same agreement. A signed copy of this agreement delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this agreement.

Attachment: Hancock Co BOS SWAC#688 - unsigned (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022

19. Remedies

Unless otherwise provided in this agreement, all claims, counter-claims, disputes and other matters in question between MDEQ and the Recipient arising out of, or relating to, this agreement or the breach of it will be decided in a court of competent jurisdiction within the State of Mississippi. Before pleading to the Mississippi judicial system at any level, the Recipient must exhaust all administrative remedies in effect on the date the agreement giving rise to the dispute was executed.

The State of Mississippi, acting by and through the Mississippi Department of Environmental Quality, hereby offers assistance/amendment to **HANCOCK COUNTY BOARD OF SUPERVISORS** for all approved costs incurred up to and not exceeding **$60,000.00** for the support of approved budget period effort described in application (including all application modifications) cited in this agreement for the **HANCOCK COUNTY HOUSEHOLD HAZARDOUS WASTE EVENT.**

# SPECIAL TERMS AND CONDITIONS FOR ASSISTANCE AGREEMENT
## (Local Governments Solid Waste Assistance Grants Program)

1. **Method of Payment**

Reimbursement shall be the method of payment. The Recipient shall submit the completed Attachment A - Request for Payment form and additional documentation for verification of the service or work performed or the purchases made, prior to payment being issued by the Mississippi Department of Environmental Quality (MDEQ). The Request for Payment forms and supporting documentation generally will be submitted to MDEQ on a quarterly basis or as funds are otherwise expended and shall include a report of activities to date, (i.e., unauthorized dump sites cleaned, wastes disposed, HHW collected, hours worked, etc.). The Recipient shall submit a Request for Payment for eligible program activities performed through June 30 of each year (the end of the state fiscal year) no later than July 31 of that year. All requests for payment related to this grant agreement shall be submitted to MDEQ no later than forty-five (45) days after the expiration date of the grant agreement after which time, the grant agreement will be considered closed and funds will no longer be available to the Recipient. Funds utilized and/or disbursed under this grant award shall be consistent with the Recipient's approved grant application, incorporated herein by reference. This clause shall supercede Clause 5, Method of Payment of the Standard Terms and Conditions.

2. **Grant Administration Costs**

Under the terms of state law, the Recipient is eligible to use up to three percent (3%) of funds provided through this grant to defray the costs of administration of the grant. No Request for Payment will be processed for grant administration costs that total more than 3% of the grant award.

3. **Unauthorized Dump Clean-Up Projects**

For grant projects involving the clean-up or abatement of an unauthorized dump(s), the Recipient shall make a reasonable effort to determine the person(s) responsible for creating or causing the unauthorized dumping. If the responsible persons are determined, the Recipient shall make a reasonable effort to require that person to clean up the property before expending any funds from this grant award to clean up the property. If the Recipient is unable to locate the person responsible for creating the dump or if the Recipient determines that person is financially or otherwise incapable of cleaning up the property, the Recipient may use the funds from the grant award to clean-up the property. Upon completion of the clean-up and the determination of the costs of the clean-up, the Recipient shall make a reasonable effort to recover any funds expended from the responsible person.

In addition, where the Recipient is seeking the reimbursement of equipment expenses used in the clean-up activities of an unauthorized dump(s), the Recipient shall develop its request for reimbursement utilizing the established equipment rates of the most recently released version of the FEMA Schedule of Equipment Rates, (unless another alternative rate or schedule is approved by MDEQ). All equipment and personnel expenses involved in the unauthorized

dump clean-up activities and requested for reimbursement shall be commensurate with the size, location and types of wastes encountered in the clean-up of the dump.

4. **Solid Waste Enforcement Officer Projects**

For projects that involve the employment of a local solid waste enforcement officer, the Recipient agrees to provide MDEQ with the following information, upon the selection or designation of the enforcement officer:

a) Name, address, telephone number, fax number, and, e-mail address for the enforcement officer(s);

b) Detailed description of the duties and responsibilities for the enforcement officer(s).

Should the enforcement officer(s) be replaced or should the officer's information change, the Recipient shall provide an update to the information described above upon selection of the replacement or upon change in the information.

The Recipient further agrees that the enforcement officer shall be required to investigate local solid waste complaint related matters, which may be directed to the enforcement officer by MDEQ or through direct public complaints. The Recipient also agrees that the Recipient and the officer employed will adhere to the Local Solid Waste Enforcement Officers Duties and Procedures guidance document prescribed by MDEQ.

5. **Household Hazardous Waste Collection Project (HHW)**

For projects that involve conducting a household hazardous waste (HHW) collection event, the Recipient shall conduct the HHW project in accordance with Sections 17-17-439 through 17-17-445 and the Mississippi "Right-Way to Throw Away Program."

The Recipient shall provide to MDEQ a comprehensive summary report following the HHW collection day event which would include, at a minimum, the following:

a) Description of the public notification efforts for the event;

b) Amounts of waste collected, by type;

c) Cost summary;

d) Number of residents participating in the HHW collection day event.

e) A summary of any special issues or needs identified in the event.

The Recipient shall ensure that all hazardous materials collected are managed and disposed by qualified contractor(s) who are properly licensed and approved by all applicable regulatory agencies to manage the hazardous materials.

Attachment: Hancock Co BOS SWAC#688 - signed (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022 HHWD)

6. **Disposal of Wastes**

The final disposal of solid wastes from the clean-up of unauthorized dumps or from other collection activities funded by this grant shall be conducted in accordance with existing solid waste disposal laws and regulations. The preferred method of disposal shall be the removal of the wastes to a legitimate recycling facility where feasible, to a permitted solid waste landfill, to a permitted rubbish landfill, to a hazardous waste management facility or to another authorized waste management facility as appropriate. In limited circumstances and where conditions warrant, the Recipient, upon concurrence from MDEQ, may abate an unauthorized dump by on-site burial of such wastes as allowed by state law. Such on-site burial of wastes shall be considered by MDEQ on a case-by-case and shall be limited to nonhazardous wastes.

Attachment: Hancock Co BOS SWAC#688 - signed (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022 HHWD)

## STANDARD TERMS AND CONDITIONS FOR ASSISTANCE AGREEMENTS

1. Workplan

The workplan (grant application) constitutes the Recipient's and MDEQ's commitment to accomplish the program goals and objectives. MDEQ's review and evaluation of performance under this agreement and MDEQ's response to the findings of oversight will be carried out in accordance with the stated policies.

2. Expenditure Commitment

The Recipient commits to expend the funds awarded in this agreement and to complete the funded project in accordance with the workplan included in this grant application (workplan) and incorporated into this agreement by reference.

3. Financial Management

MDEQ requires that Recipients have in place, prior to the receipt of funds, a financial management system that will be able to isolate and trace every grant dollar from receipt to expenditure and have on file appropriate support documentation for each transaction. Examples of documentation are vendor invoices, bills of lading, payment vouchers, payrolls, bank statements and reconciliations.

4. Audit: Access to Records

Recipient assures that it will give MDEQ, the Comptroller General of the United States, and the State of Mississippi, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives; and will retain all required records relating to this agreement for three years after project completion and all other pending matters are closed.

5. Method of Payment

Reimbursement shall be the preferred method of funding. Recipients shall be paid a predetermined sum for services/work performed. Recipient shall submit a Request for Payment, as provided in Attachment A, and additional documentation for verification of service/work performed prior to payment being issued. In special cases, funding advances may be allowed, subject to approval by MDEQ. Requests for Payment and applicable supporting documentation shall be submitted to MDEQ upon project completion. All requests for payments related to this grant shall be submitted to MDEQ no later than forty-five (45) days after the expiration date of the grant.

Attachment: Hancock Co BOS SWAC#688 - signed (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022 HHWD)

6. Final Payment

Pursuant to satisfactory completion of the work performed under this agreement as may be determined by final inspection, and as a condition before final payment under this agreement or as termination settlement under this agreement, the Recipient shall execute and deliver to MDEQ a release of all claims against MDEQ arising under, or by virtue of, this agreement, except claims which are specifically exempted by the Recipient to be set forth therein. Such release is provided in Attachment B of this agreement. Unless otherwise provided in this agreement, by state law, or expressly agreed to by the parties in this agreement, final payment under this agreement or settlement upon termination of this agreement shall not constitute waiver of MDEQ's claims against the Recipient or his sureties under this agreement or applicable performance and payment of bonds.

7. Procurement

Recipient shall comply with purchasing guidelines established in 31-7-13 of the Mississippi Code in the procurement of commodities and services.

8. Disadvantaged Businesses

Recipient will ensure that its best efforts will be used in making available to minority businesses a minimum of 5% of the grant funds that may be expended as necessary in obtaining any supplies, construction, equipment, or services in completing the project detailed in the Workplan.

9. Title to Real Property, Equipment and Supplies

Unless otherwise agreed to, title to any real property, equipment and supplies that may be acquired under this agreement shall vest upon acquisition in the Recipient. Real property, equipment and supplies shall be used by the Recipient in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by grant funds.

10. Changes and Amendments

Changes may be made to the agreement in relation to the effective period of the agreement, the total amount of the agreement, budgetary categories associated with the funding of the agreement, and the work to be performed as defined in the work plan. Such changes shall be constructively made by way of a formal agreement amendment, which shall require written approval of the Executive Director of MDEQ prior to any such changes being made. Changes which affect the total amount of the agreement may also require prior approval by the Commission on Environmental Quality.

11. Recycled Paper

Recipient agrees to use recycled paper for all reports which are prepared as a part of this agreement and delivered to MDEQ.

Attachment: Hancock Co BOS SWAC#688 - signed (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022 HHWD)

12. Gratuities

A. If MDEQ finds, after a notice and hearing, that the Recipient or any of the Recipient's agents or representatives offered or gave gratuities (in the form of entertainment, gifts or otherwise) to any employee, official or agent of MDEQ, the state agency providing funds used in this agreement in an attempt to secure a agreement or favorable treatment in awarding, amending or making any determination related to the performance of this agreement, MDEQ may, by written notice to the Recipient, terminate this agreement. MDEQ may also pursue other rights and remedies that the law or this agreement provides. However, the existence of the facts on which MDEQ bases such findings shall be in issue and may be reviewed in proceedings under the Remedies clause of this agreement.

B. In the event this agreement is terminated as provided in paragraph A., MDEQ may pursue the same remedies against the Recipient as it could pursue in the event of a breach of the agreement by the Recipient, and as a penalty, in addition to any other damages to which it may be entitled by law, be entitled to exemplary damages in an amount (as determined by MDEQ) which shall be not less than three nor more than ten times the costs the Recipient incurs in providing any such gratuities to such officer or employee.

13. Publication and Publicity

A. Recipient may publish results of its participation pursuant to this agreement after prior review by and consent by MDEQ's Project Manager provided that (1) such publications acknowledge that the program is supported by funds granted by MDEQ, and (2) that one (1) copy of the publication is furnished to MDEQ.

B. Recipient shall use its best efforts to ensure that any publicity received by the Recipient as a result of the work funded by this agreement shall acknowledge that the program is supported by funds granted by MDEQ.

14. Hold Harmless for Personnel Claims

To the extent permitted by Mississippi law, recipient agrees to indemnify, save and hold harmless the Mississippi Commission on Environmental Quality, MDEQ and the state of Mississippi, as well as their employees, from and against any and all losses, claims, debts, demands, damages, suits or actions at law, judgments, and costs, including attorney's fees, or expenses on the part of MDEQ or MDEQ's agents or employees arising out of or attributable to work performed under this agreement or the use of facilities or equipment provided to Recipient under the terms of this agreement.

Attachment: Hancock Co BOS SWAC#688 - signed (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022 HHWD)

15. Assurances

The Recipient certifies that:

A. It maintains the legal authority to apply for state assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-state share of project costs) to ensure proper planning, management and completion of the project described in the grant application.

B. It is not presently debarred, suspended, proposed for debarment, declared ineligible from participating in government projects; has not within a three year period preceding this application been convicted of or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing public transactions; has not within a three year period preceding this proposal been convicted of violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property; is not presently indicted or otherwise criminally or civilly charged by a government entity with commission of any of the offenses enumerated herein; and has not within a three year period preceding this application had one or more public transactions terminated for default.

C. It will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

D. It will comply with all applicable requirements or State and Federal laws, executive orders, regulations and policies governing this program.

E. The Recipient shall maintain current permits and approvals necessary from applicable regulatory agencies to carry out the project/program activities.

16. Enforcement

A. If a Recipient materially fails to comply with any term of an award, whether stated in Federal and State statute or regulation, an assurance, in a State plan or application, a notice of an award, or elsewhere, MDEQ may take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withholding payments pending correction of the deficiency by the Recipient or more severe enforcement by MDEQ;

2. Disallow (that is deny both use of funds and matching credit for) all or part of the cost of the activity of action not in compliance;

3. Wholly or partly suspend or terminate the current award for the Recipient's program.

Attachment: Hancock Co BOS SWAC#688 - signed (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022 HHWD)

4. Withhold further awards for the program, or

5. Take other remedies that may be legally available.

B. In taking an enforcement action, MDEQ will provide the Recipient an opportunity for such hearing, appeal, or other administrative proceeding to which the Recipient is entitled under any statute or regulation applicable to the action involved.

C. Costs of Recipient resulting from obligations incurred by the Recipient during a suspension or after termination of an award are not allowable unless MDEQ expressly authorizes them in the notice of suspension or termination or subsequently. Other Recipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

1. The costs result from obligations which were properly incurred by the Recipient before the effective date of suspension of termination, are not in anticipation of it, and in the case of a termination, are non-cancelable, and

2. The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

17. Termination for Convenience

This agreement may be terminated in whole or in part as follows:

A. By MDEQ with the consent of the Recipient in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of a partial termination, the portion to be terminated; or

B. By the Recipient upon written notification to MDEQ, setting forth the reasons for such termination, the effective date, and in the case of a partial termination, the portion to be terminated. However, if, in the case of a partial termination, MDEQ determines that the remaining portion of the award will not accomplish the purposes for which the award was made, MDEQ may terminate the award in its entirety under paragraph A. of this section.

18. Counterparts

This agreement may be executed in counterparts, each of which shall be deemed an original but all of which together shall be deemed to be one and the same agreement. A signed copy of this agreement delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this agreement.

Attachment: Hancock Co BOS SWAC#688 - signed (10811 : Authorize Board President to sign the MDEQ Grant Agreement for FY2022 HHWD)

19. Remedies

Unless otherwise provided in this agreement, all claims, counter-claims, disputes and other matters in question between MDEQ and the Recipient arising out of, or relating to, this agreement or the breach of it will be decided in a court of competent jurisdiction within the State of Mississippi. Before pleading to the Mississippi judicial system at any level, the Recipient must exhaust all administrative remedies in effect on the date the agreement giving rise to the dispute was executed.

The State of Mississippi, acting by and through the Mississippi Department of Environmental Quality, hereby offers assistance/amendment to **HANCOCK COUNTY BOARD OF SUPERVISORS** for all approved costs incurred up to and not exceeding **$60,000.00** for the support of approved budget period effort described in application (including all application modifications) cited in this agreement for the **HANCOCK COUNTY HOUSEHOLD HAZARDOUS WASTE EVENT.**

**Re: Tidelands Grant Award – McLeod Park Bulkhead Improvements**

Dear Supervisor Scotty Adam:

I am pleased to announce that Hancock County has been awarded a Public Trust Tidelands grant for the above referenced project by the Mississippi Legislature. This award was authorized during the 2022 Mississippi Legislative session. The Department of Marine Resources is requesting an amended application and budget to reflect the award amount listed below. We will forward the Grant Agreement to you for your review and signature no later than November 30, 2022.

The authorized award for this project is listed below:

**FY23 – McLeod Park Bulkhead Improvements - $ 400,000.00**

**(The award amount is subject to reduction based on the actual total of Tidelands funds received from the Secretary of State's Office.)**

Thank you for making the Mississippi Gulf Coast a better place to live and work. Please feel free to contact me at any time should the Mississippi Department of Marine Resources be of service to you, (P)228-523-4011 or joe.spraggins@dmr.ms.gov.

In appreciation,

Joe Spraggins (Apr 27, 2022 09:08 CDT)

**Time Extension Request**

Dear Mr. Siler:

The Hancock County Board of Supervisors is requesting a time extension for PW #451- Cedar Point, Hancock County Pleasure Street Marina, and Dunbar Pier Pavilion. This project is 80% complete and will not be completed prior to the June 30, 2022, deadline. We have not applied for any previous extensions.

We are requesting an extension due to the lack of locating the appropriate contractor to replace the specific kayak launch repairs needed. The county continues to seek the specific services needed in hopes to locate the specific provider as soon as possible.

Based on the current schedule, the Hancock County Board of Supervisors respectfully requests the deadline for this project to be extended to December 31, 2022.

Should you require any additional information relating to this request, please let me know.

Sincerely,

Maureen Anderson

**Time Extension Request**

Dear Mr. Siler:

The Hancock County Board of Supervisors is requesting a time extension for PW #236- Necaise Ballfield, Hancock County Equine Livestock, Lakeshore Park, Sports Complex Damages. This project is 80% complete and will not be completed prior to the June 30, 2022, deadline. We have not applied for any previous extensions.

We are requesting an extension due to the need to rent a lift to re-install these lights. In order for the lift to drive across the field without sinking, the conditions need to be very dry. Last years off season was very very wet and did not go without rain long enough to allow this repair.

Based on the current schedule, the Hancock County Board of Supervisors respectfully requests the deadline for this project to be extended to December 31, 2022.

Should you require any additional information relating to this request, please let me know.

Mr. Jimmie Ladner
854 Highway 90, Ste A
Bay St. Louis, MS 39520

Dear Jimmie,

Please accept this letter as notice of my resignation from my position as Grant Administrator for Hancock County Board of Supervisors. My last day of employment will be May 20, 2022.

It has been a pleasure working with Hancock County and all county departments for the last six years. I appreciate every opportunity I have been offered with Hancock County. This position has offered me the freedom and confidence to grow and enjoy my job everyday with the feeling of success.

I will be forever grateful for the support I was given.

Always Your Friend,

Maureen Anderson

Hancock County Board Presiden Scotty Adam
And Board of Supervisors,

Philip's Pest Control is hereby informing the Hancock County Board of Supervisors in writing that Alan Moran does not Manage, work or operate the mosqutio control provided to Hancock County. He resigned this postion in the Fall of 2021 to focus on his insulation company.

Philip Moran is the owner and operator of Philip's Pest Control along with the assistance of Gabe Whitfield as Manager of the mosquito control division.

Sincerely,

Philip Moran- Owner
Philip's Pest Control

Re: Letter Pursuant to Mississippi Code Section 31-7-1 (f) and 31-7-13
Emergency Purchase of Toilet Paper for Jail

Dear Board:

On May 6, 2022, the County under my direction purchased toilet paper for the jail without receiving alternate competitive bids and did it from the County's term bid supplier at a price different from the term price. This additional price was necessary because of the rapid inflation currently occurring within the United States. The total value of the purchase was $1,921.00.

Pursuant to Mississippi Code Section 31-7-1 (f), the purchase met the definition of being required to deal with an emergency, at it was necessary to continue the operations of the public jail facility in a manner to comply with that facility's operations and proper incarceration of the individuals housed at that facility. A copy of the receipt for that purchase is attached hereto with this statement of the emergency as required by Section 31-7-13 (k).

With kind regards, I remain

Sincerely,

Jimmy Ladner, Acting County Administrator

*Water Is Life*

April 16, 2021

Eddie Favre, County Administrator
Hancock County, Mississippi
854 Highway 90, Suite A
Bay St. Louis, Mississippi 39520

Re: Request for Financial Information

Dear Mr. Favre:

As requested in your April 13, 2021 correspondence, enclosed find copies of: (i) financial statements of the Diamondhead Water & Sewer District for Fiscal Years 2010 thru 2020 for filing with the Hancock County Board of Supervisors as required by Miss. Code Ann. §19-5-207, as amended: and (ii) proofs of publication for same reflecting publication in the *Sea Coast Echo*.

Much the same as it is for the County, the administration of the Diamondhead Water & Sewer District relies on its service professionals to ensure compliance with regulatory details regarding its financial statements. Over the course of the past ten (10) years, the District has employed highly reputable firms including Alexander Van Loon Sloan Levens & Favre LLC, Necaise and Company PLLC, and Wright, Ward Hatten & Guel PLLC to provide audit services. While all have advised with publication requirements for various matters, none have provided notice of the District's obligation to file financial statements with Hancock County. We apologize for the oversight and take this opportunity to assure the Board of Supervisors that this oversight will not again occur going forward.

Sincerely,

DIAMONDHEAD WATER & SEWER DISTRICT

David Carden, General Manager

Re: Funding for Chancery Trial Court Support Staff

Dear Board Members:

With this correspondence are orders setting salaries for each of the chancery court staff attorneys and court administrators of the Eighth Chancery Court District. Each of the orders brings the salaries within the salary ranges established by the Administrative Office of Courts pursuant to Miss. Code Ann. § 9-1-36(5) and in parity with the salaries previously approved by the Board for the circuit court staff attorneys and court administrators.

All four staff attorneys are currently paid well below the minimum salary range for which they qualify. The salaries set forth in the orders are necessary to retain experienced and well qualified individuals who are absolutely vital to the court as well as to adequately compensate them for their services and for the Chancery Court to hear, decide and dispose of its case load, which is the largest in the state.

The most recent information from the Administrative Office of Courts reflects that in the Eighth Chancery Court District 5,633 cases were filed and 4,669 cases were disposed of for fiscal year 2021. These figures represent approximately ten percent of the cases filed and disposed of in the entire state. 57,050 cases were filed and 48,852 were disposed of state wide in 2021. By comparison, in the Fifth Chancery District for Hinds County, 5,290 cases were filed and 4,113 were disposed of.

Attachment: Funding for Chancery Trial Court Support Staff (10810 : Approve funding for Chancery Trial Court support staff for the Eight

By statute, the Eighth Chancery Court District receives from the Administrative Office of the Courts $320,000, or $80,000 per judge, for staff salaries and related benefits. Sums in excess of the $320,000, together with the cost of related benefits, are paid by Harrison, Hancock and Stone Counties in proportion to the case filings in each county or 71% for Harrison, 23% for Hancock, and 6% for Stone

**The order for Staff Attorney Chelsea Crittenden provides that Harrison County contribute its portion toward the pay raise of Ms. Crittenden to $70,720.00 annually, plus benefits.** Ms. Crittenden is one of the two lowest paid staff attorneys. She presently receives well below the minimum guidelines for her education, experience and position as Staff Attorney III. Ms. Crittenden has been eligible for an increase for several years.

**The order for Staff Attorney Jamie Cook provides that Harrison County contribute its portion toward the pay raise of Ms. Cook to $70,720.00 annually, plus benefits.** Ms. Cook presently receives below the minimum guidelines for her education, experience and position as Staff Attorney III. She has been eligible for an increase for two years.

**The order for Staff Attorney Margaret McArthur provides that Harrison County contribute its portion toward the pay raise of Ms. McArthur to $86,180.00, annually, plus benefits.** Ms. McArthur is the most experienced staff attorney, but presently receives below the minimum guidelines for her education, experience and position as Staff Attorney VI.

**The order for Staff Attorney Lindsey Harris provides that Harrison County contribute its portion toward the pay raise of Ms. Harris to $75,870.00 annually, plus benefits.** Ms. Harris is one of the two lowest paid staff attorneys. She presently receives well below the minimum guidelines for her education, experience and position as Staff Attorney IV. She has also been eligible for an increase for several years.

**The order for Court Administrator Joy Danzey provides that Harrison County contribute its portion toward the pay raise of Ms. Danzey to $58,300.00 annually, plus benefits.** Joy serves as court administrator to two of the chancellors who rely on her to schedule their dockets, meetings, and other judicial activities. Joy also assists in coordinating DHS cases, working with visiting court reporters, and other daily activities. Joy has not

Attachment: Funding for Chancery Trial Court Support Staff (10810 : Approve funding for Chancery Trial Court support staff for the Eight

received a salary increase in two years.

**The order for Court Administrator Brooke Pollard provides that Harrison County contribute its portion toward the pay raise of Ms. Pollard to $61,400.00 annually, plus benefits.** Brooke, the senior court administrator, serves two of the chancellors as well as all senior and visiting judges. This duty includes docketing cases as well as securing court reporters and bailiffs for visiting judges. Brooke is highly motivated, knowledgeable, and an integral part of our court staff.

We would be pleased to be present when this matter is placed on your agenda.

Thank you for your attention to this matter.

Sincerely,

Chancellor, Place One

8-D-1

May 11, 2022

To Whom It May Concern:

I, Donna Estopinal, have taken care of the key for the community center on Kiln-Waveland Cutoff Road for April and from May 1 through May 16, 2022.

As of Monday May 16, 2022, I will no longer be taking care of the key. Trina Mitosinka will be taking care of the key. She is the new owner of Roger's Sports Bar & Grill: new name is Honey's Bar & Grill. Her email is honeyhole948@gmail.com.

228-493-2987

Thank you,

*Donna Estopinal*
