Re: Roof Products

Dear Mr. Lichtenstein,

Please see the attached quote for the materials you inquired about. Since the roof is under a long-term warranty with Garland, you will need to apply Garland materials only or the warranty could be voided.

Please let your purchasing department know that I priced the products BELOW our published GSA pricing for the Federal Government. A special letter will be added to your file on why we sold the material at lower cost to you than the Federal Government. Nothing is required from you.

Please let me know if you have any questions.

Sincerely,

Scott Schneidewind, CDT

MANUFACTURER RESPONSIBILITIES

The Garland Company, Inc. (hereinafter referred to as "Garland"), a Corporation of the State of Ohio, warrants to the above named Owner that the Garland roof system, including all Garland metal components, will not leak due to manufacturing defects or defective workmanship by the above mentioned installing contractor. Garland will pay all authorized costs of repairs to the roofing system necessary to stop any leaks that occur during a period of twenty (20) years, from the completion date, subject to the terms of this Warranty. In the event repairs to correct leaks caused by defective materials or workmanship require removal and replacement of the roof system in recover applications, Owner will be responsible for costs associated with the removal and replacement of the original roof system.

APPLICABILITY OF WARRANTY

In order for this Warranty to remain in effect, all repairs, changes, alterations, modifications and/or additions to the roofing system must be authorized in advance in writing by Garland. This Warranty is transferable, subject to Garland's approval of the payment of the transfer fee and applicable maintenance required. This Warranty shall not be applicable if, in the sole judgment of Garland, any of the following shall occur:

A. The roofing system is damaged by natural disasters including, but not limited to, fire, floods, lightning, hail, earthquakes, wind damage in excess of 90 mph, etc.
B. The roofing system is damaged by structural movement or failure or movement of any material underlying the roofing system or base flashing.

   5. Traffic or storage of materials on roof.
   6. Defects in, failure or improper application of the underlying structural material used as a base upon which the roof is applied.
E. Failure of Owner to properly notify Garland in writing and receive written approval of:
   1. Changes in the usage of the building.
   2. Modifications or additions to the roofing system.
F. Failure of Owner to properly maintain the roof according to the High-Performance Roof Care & Maintenance Guide.
G. Failure of Owner to provide Garland with timely written notice of a claim pursuant to the terms of this Warranty.

LIMITATIONS/EXCLUSIONS

Garland shall not be responsible for damages that occur to real or personal property as a result of leaks, including damage to the structure itself or contents therein. Garland's sole responsibility pursuant to this Warranty is for the costs associated with the repair of leaks caused by defective materials or workmanship as set forth above. Furthermore, Garland shall not be responsible for any fading, chalking, or weathering; nor for damage, rust, or other conditions resulting from the building being located within 1,500 feet of the ocean or from acid rain; nor for any normal surface rust along the edges which, in the process of manufacturing and/or installation, have been factory-sheared or exposed in the field. Garland shall not be responsible for the removal or replacement of any roof top equipment or systems; nor for any incidental or consequential damages caused by leaks in the original roof system, including, but not limited to, loss of use or profits.

EXCEPT AS SET FORTH HEREIN, GARLAND MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

OWNER RESPONSIBILITIES

In the event of a leak, Owner shall provide written notice to Garland within seven (7) days of discovery of the leak and before any repairs are undertaken. The written notice shall be sent to 3800 East 91st Street, Cleveland, OH 44105. Owner, or its agent or representatives shall then provide Garland with adequate access to allow Garland to inspect the leak and roofing system. If it is determined that the roof leak is the direct result of defective materials or workmanship, Garland will perform the repairs required to correct the roof leaks at no cost to Owner. If Garland fails to have the repairs performed within 72 hours after its inspection, emergency temporary repairs performed by others will not void this Warranty, as long as those repairs are approved by Garland.

To the fullest extent allowed by law, this Warranty shall be construed under and in accordance with the laws of the State of Ohio and any actions or suits to enforce this Warranty shall be brought in the State of Ohio. This Warranty constitutes the sole and exclusive Warranty of the parties hereto and supersedes any prior understandings or written or oral agreements or warranties between the parties respecting the subject matter within.

In the event that any one or more of the provisions contained in this Warranty shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision thereof, and this Warranty shall be construed as if the invalid, illegal or unenforceable provision had never been contained therein.

Attachment: 3.3.2022 Minutes (10673 : Approve March 3, 2022 P&Z Minutes)

Park to be placed next to him.
Larry Ladner was present at the meeting and spoke in opposition of the application stating that he grew up in this area as a young boy and it would prevent privacy that the area is known for.

The Honorable Pete Buttigieg
Secretary of Transportation
U.S. Department of Transportation
1200 New Jersey Ave. SE
Washington, DC 20590

Dear Secretary Buttigieg,

Please accept this letter as my strong support of the PBVR Intermodal Yard Project application submitted by Hancock County Port and Harbor Commission (HCPHC) for the 2022 Rebuilding American Infrastructure with Sustainability and Equity Program (RAISE) through the U.S. Department of Transportation.

Our economy depends on safe and reliable transportation infrastructure. Highways, waterways, airports and railroads form a complex system to ensure the efficient movement of goods and services. HCPHC's Port Bienville Industrial Park is an economic engine in Hancock County, Mississippi. Connected to waterways, railways and highways, the park is home to 16 tenants that employ nearly 600 people. The park generates nearly $10 million in ad valorem revenue for the county each year.

By water, Port Bienville imports and exports 470,000 tons of goods each year. By rail, the port brings in over 8,000 loaded railcars which are processed by the short-line Bienville Railroad. Over recent years, growth in demand and utilization of the railroad has increased beyond the capacity of the existing infrastructure. Railcar storage regularly surpasses planned capacity, and the park lacks the necessary classification yard for blocking trains in multiple directions. This leads to shipping delays and inefficiencies, not just at Port Bienville, but also in New Orleans and across the Gulf Coast on the CSX line.

The future economic growth and vitality of Hancock County and the entire nation is linked to the quality of our transportation infrastructure. The intermodal project is an example of long-range planning to support existing tenants, attract new business, and relieve regional congestion. The project will grow economic activity and support high-paying jobs. The additional capacity and

intermodal capabilities will not only expand economic opportunities for Hancock County, but also improve freight movement and logistics network resiliency for the entire region.

Port Bienville's intermodal project has the full support of the Hancock County Board of Supervisors and deserves full consideration and funding.

Sincerely,

Scotty Adam
