Introduction and Purpose

The following Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 has been developed as an addendum to various other plans, studies and data collections that exist, and are referenced herein on behalf of Hancock County, Mississippi. (the **"County"**.) Its purpose is to:

- Illustrate the need for redevelopment activities in Hancock County;
- Consolidate, restate, and expand the redevelopment themes of Hancock County's various community plans, and additional studies referenced herein;
- Establish additional redevelopment strategies for the County;
- Provide the basis for authorizing specific Tax increment Financing mechanisms to facilitate redevelopment; and,
- Guide redevelopment initiatives for all areas of Hancock County, Mississippi.

Section 1 – Redevelopment Planning Method

This Redevelopment Plan was developed in the four steps described as follows:

1. ***Review and assessment*** - a review of various existing County plans, zoning and ordinances referenced herein as the "Hancock County General Development Plan" referred to and as provided by the County Board of Supervisors, additional collected data, economic impact trends, current demographics, and quality of life factors, and related studies that were conducted in the past few years to identify previously determined findings for the need for economic growth, new developments, and redevelopment of existing inventory
2. ***Goal identification*** - a review of previously identified redevelopment goals and objectives was conducted to identify those that supported redevelopment activities
3. ***Redevelopment area designation*** - a determination was made of the appropriate redevelopment areas for Hancock County
4. ***Implementation*** - recommended implementation strategies for accomplishing specific redevelopment efforts for Hancock County, and its three major communities including specifically Bay St. Louis, Diamondhead, Waveland, and the unincorporated community of Kiln; and other expressed interest in development and redevelopment throughout the County

Section 2 – Need for Redevelopment in Hancock County Established

Selected statistics have been updated through US Census year 2010 and estimated for some data up to 2019. The data has been reexamined for implications related to the TIF Redevelopment Plan's conclusions regarding new development, and redevelopment opportunities.

Specifically, statistics related to demographics, economics and housing have been selected for discussion to provide a quantitative data base approach to establishing the need for redevelopment activity in Hancock County.

Historical Summary

Hancock County is located on the Gulf Coast, with the Pearl River and Louisiana border forming much of its western boundary. The county was established on 14 December 1812 and is named for John Hancock, signer of the Declaration of Independence. Bay St. Louis is the county seat.

Like Mississippi's other coastal counties, Hancock is distinctive for its early emphasis on tourism and connection to New Orleans, its cultural and religious diversity, its nonagricultural economy, and its beaches. The presence of fresh seafood, ethnic diversity, and a tourist trade have contributed to the development of a unique cuisine and economy.

In its first census in 1820, Hancock had a small population of 1,142 free whites, 321 slaves, and 131 free blacks, the second-largest such group in Mississippi. Hancock was also the only county in the new state in which the majority of laborers (161) worked in manufacturing and commerce, as compared to 153 who worked in agriculture.

By 1840 Hancock had ten sawmills, the most in Mississippi. The free population had grown to 2,311, of whom only 74 were African Americans, while the slave population numbered 1,056. Although nonagricultural laborers no longer dominated the county's workforce, more than a quarter of its people—still the highest percentage in the state—were employed in commerce and manufacturing. By the 1840s the town of Shieldsboro had a quality hotel and a number of boardinghouses and was developing a reputation as a tourist destination.

Hancock County's population did not change a great deal during the late antebellum period. As in most of Mississippi, the number of free blacks was declining. A decade before the Civil War began, the county was home to only twelve free blacks, a number that dropped to zero ten years later. By 1850 a relatively small proportion of the county's farmland had been improved. Hancock ranked last in the state in cotton production, second-to-last in corn, and third-to-last in the value of its livestock. However, Hancock ranked fifth in Mississippi in rice production. In 1860, Hancock's 27 percent constituted one of the smallest slave populations in the state.

In the postbellum period, whites comprised 4,635 of the county's 6,439 people (72 percent). With only 364 farms, most of them owned by the people who ran them, the county's agricultural sector remained fairly underdeveloped. By 1880 Hancock and Harrison, a neighboring county to the east, had the highest proportions of immigrants in Mississippi, with 4.27 percent and 6.88 percent, respectively. These counties were home to small but substantial German, French, and English contingents, and a number of Italian and Austrian immigrants arrived in the late 1800s. To advance and profit from the Mississippi timber industry, the firm of Poitevant and Favre built one of the largest sawmills in the country in Hancock County in the final decades of the nineteenth century.

In 1875 leaders in Shieldsboro changed the town's name to Bay St. Louis. Several years later, the Louisville and Nashville Railroad purchased the coastal track, permanently linking New Orleans and the Mississippi Gulf Coast. With the expansion of its gambling infrastructure, Bay St. Louis quickly became a popular resort area and weekend destination for New Orleans residents.

Over the next few decades, the county's population increased dramatically, reaching 11,886 people in 1900. With only 530 farms, Hancock was now a trading and industrial county. The great majority of the county's small agricultural community (90 percent of white farmers, and 34 percent of the forty-four African American farmers) owned the land they farmed. The county had fewer than fifty tenants and sharecroppers.

During the opening decades of the twentieth century, the county boasted a unique industrial sector and immigrant population. In the early 1900s, Hancock had 349 foreign-born residents, with Italians slightly outnumbering Germans and French. It was one of only ten Mississippi counties with more than 1,000 industrial workers: 1,077 people, most of them men, worked in the county's forty industrial establishments, many of them involved in either timber or seafood.

In 1850 Hancock County had three Methodist churches, one Baptist church, and one Catholic church. By 1916 Hancock and Harrison were among the few counties in the state in which Catholics comprised the largest religious contingent. In addition to the county's 4,374 Catholics, Hancock also had just over 2,000 Baptists (1,237 Missionary Baptists and 827 Southern Baptists), while its Methodist congregants numbered fewer than 1,000. A Methodist campground, Gulfside, was established in Waveland in 1923.

A host of artists and writers grew up in or chose to move to Hancock County. John F. H. Claiborne moved to Bay St. Louis in the mid-1800s and stayed there for the remainder of his life, writing numerous works on the history of Mississippi. Eliza Jane Poitevant, better known by her pen name Pearl Rivers, grew up in Pearlington before becoming an important journalist in New Orleans in the late nineteenth century. Sculptor Richmond Barthé, born in Bay St. Louis in 1901, was an important artist in the Harlem Renaissance, and self-taught artist William Beecher was also born in the city in 1902. In recent years, the county has worked to support creative people, celebrating and supporting art through the production of public murals in churches, libraries, and other downtown buildings.

With a substantial immigrant population and unique economy, Hancock remained unusual by Mississippi standards in 1930. The county's population had remained stable over the previous three decades, and as the Great Depression set in, Hancock was home to 11,415 residents, 8,596 of whom identified as white, 2,815 as black, and 4 as "other." More than a quarter of the county's population lived in urban settings, and Hancock had the lowest percentage of farmland and very few tenant farmers.

Hancock has maintained an important connection to the U.S. military since Bay St. Louis native Henry Jetton Tudbury became the state's best-known soldier during World War I. During World War II, the county was home to a Merchant Marine academy. In 1961 the John C. Stennis Space Center started operations in Hancock. This facility for testing National Aeronautics and Space Administration rocket engines has been a major employer and influence on the Gulf Coast, encouraging the development of new technologies, related research, and industry.

By 1960 Hancock's population had grown to 14,039, 84 percent of them white. Hancock's agricultural sector continued to shrink, employing fewer than 100 people by 1970. Manufacturing employment, conversely, grew from 90 workers in 1960 to more than 1,000 in 1970. The county's per capita income doubled over the same decade. By 1980 the county was home to almost 25,000 residents.

Hurricanes Camille and Katrina did extraordinary damage to Hancock County. Camille made landfall near Bay St. Louis in August 1969, with winds gusting to two hundred miles per hour. The severe destruction ultimately led to opportunities to build larger, newer structures, but many of them did not survive Katrina thirty-six years later. Katrina was even more devastating, killing fifty-one people in Hancock County; destroying all buildings near the beach in Bay St. Louis, Pearlington, and Waveland; and reshaping the environment and economy of the entire area.

Like many counties in Southeast Mississippi, in 2010 Hancock County was predominantly white, had a small but significant Hispanic/Latino minority, and had experienced significant population growth during the last half of the twentieth century. With an increase of more than 200 percent since 1960, Hancock County's population has undergone one of the largest proportional expansions in the state during this period, reaching 43,929 residents.

Population Trends

Hancock County's General Development Plan examines the population growth trends in the County since its early days of population growth.

Hancock County's recent population trends are examined more closely in Table A-1, Migration and Natural Increase illustrated below. As reflected in this table, the County's population should have grown by 3,609 persons over the decade from 2010 to the estimated year of 2019. The source of this 3,609-person increase is the natural increase of the population, or the net gain of births over deaths, along with estimated migration trends. Current estimated increases in growth are estimated to be 8.4% which is an increase over the prior census trend, but far lower than growth trends occurring prior to Hurricane Katrina.

Waveland

Waveland is a small Gulf-front town that takes pride in its people and traditions. Known as "The Hospitality City", it's the only community of the Gulf Coast which prohibits commercial buildings on its beachfront. Instead, you'll find the Veteran's Memorial Monument, honoring all veterans, and the adjacent Garfield Pier, frequented by residents and visitors alike for fishing, walking and enjoying a picnic.

One of Waveland's many jewels is **Buccaneer State Park**, which encompasses 343 acres of beachfront property. The Park features a 4.5-acre waterpark, more than 300 campsites accommodating RVs and tents, 18-hole disc golf course, a 1.8-mile nature trail and is a natural host for nature-based activities such as birding, crabbing, and kayaking.

Housing

The housing analysis in Hancock County's General Development Plan emphasizes the need for planned redevelopment and growth by pointing out certain redevelopment needs and opportunities. The County as well as all three of the major Cities have adopted zoning and ordinances to manage growth and new developments. Further, each of these governing bodies has established a planning committee to oversee and insure desired outcomes.

Hancock County has been hit with many damaging storms that have negatively impacted desired long-term growth, preservation of historic structures, creating unplanned displacement of residents, and unique challenges to rebuilding with new FEMA guidelines, insurance impediments and additional construction cost related to storm hazard requirements, new flood level elevation requirements, and new lender restrictions.

Hurricane Nate in 2017, and the very recent 2020 storms including Hurricane Zeta have adversely impacted all of the communities in Hancock County. These significant events including the value and conditions of the inventory of homes, and businesses have to be considered; as well as the unknown cost associated with personal and commercial economics at every level. Further, these storms have had enormous repetitive expenses associated with various major public infrastructure assets, including the significant impediments of funding, repairing, new restrictions, and time associated with restoring Hancock County.

These natural weather-related factors have caused tremendous losses of economic value, time, and opportunities for commercial growth including jobs, wages, and quality of life.

Growth trends reflect a significant slow-down in growth (significant after Hurricane Katrina) that may be partially attributed to these unusual events. Below is a list of storms that have adversely affected Hancock County's ability to grow in recent years that other markets have not been encumbered by:

Section 3 – Specific Redevelopment Plan Findings, Goals and Objectives

The adopted goals and strategies below are taken from the Hancock County General Development Plan as a result of various studies and findings. They identify redevelopment in many instances and these areas have been highlighted to illustrate the policy direction of the County related to redevelopment. The Findings Goals and Objectives are abridged for clarity and those that address the need for redevelopment are highlighted, made bold and enlarged.

Findings, Goals, and Objectives

Findings

In order to guide the planning process and assure its validity, and productivity for Hancock County; the Board of Supervisors have reviewed various background studies and their conclusions, including supporting data and analysis. From the data and analysis, and through a series of meetings, and discussions with residents of the County; the Hancock County Board of Supervisors has made findings of fact with regard to the County's developmental condition and set forth development related goals and objectives.

These Findings and Goals have been developed for the specific purpose of providing direction to the final plan product. These findings and goals follow, with the **Findings** set forth first and **Goals and Objectives** following.

The Hancock County Board of Supervisors finds as follows:

Findings Regarding Population

1. The Board of Supervisors finds that the communities have experienced some out migration attributed to storm related causes over the last decade, and that growth trends have substantially slowed down and is continuing that pattern based on current estimates.
2. The Board of Supervisors finds that while there is sound proportion of young people in the local communities, these people do not tend to remain in the County and its communities.
3. The Board of Supervisors finds that the overall population of the County has grown very little (less than 2.2%) over the US Census period of 2000 to 2010 and is estimated to gain some moderate growth of 8.4% in population (close to 3,600 people) as estimated for the 2020 US Census.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Findings Regarding Economic Analysis

1. Health care, retail trade, construction and manufacturing jobs, trade and services provide the bulk of the economic activity in Hancock County.
2. The Board of Supervisors finds that there are not ample medical facilities, and that this component of the general Mississippi economy is thriving.
3. The Board of Supervisors finds that incomes are less than state averages, but have grown substantially over the last decade.
4. The County serves as a "sub-regional" center for primary residential use, and has a very narrow spectrum of active industry in tourism, seafood processing, and technology which is declining in growth.

Findings Regarding Land Use

1. The Board of Supervisors finds that manufactured housing is scattered throughout the communities and not adequately regulated for location and aesthetic impact.
2. The Board of Supervisors finds that the downtown areas of the three major communities, including Waveland, Bay St. Louis as the major economic hub for the County and Diamondhead a community recently incorporated to the East are active, and many successful efforts have been accomplished in recovery from Hurricane Katrina and other recent storms to improve their attractiveness and to restore services that support quality of life.
3. The Board of Supervisors finds that there are many vacant parcels that once held homes and businesses that were lost in recent storms. Due to new storm related regulations, new building restrictions, insurance impediments and FEMA regulations mandated in all of the communities within the county, it is critical to support redevelopment, and new developments to achieve desired growth and expansion.
4. The Board of Supervisors finds that land use development tools in many unincorporated areas of the County are either non-existent, or outdated relative to current building practices; primarily in terms of general planning, buffering, zoning, land-use, landscaping and the variety of development categories.
5. The Board of Supervisors finds that major commercial enterprises are migrating either West into Louisiana, or East into Harrison County and the County lacks the presence of major retailers, hotels, and service-related businesses which demonstrates further the need for redevelopment and new development based on the size and location for Hancock County to function as a regional trade center.
6. The Board of Supervisors finds a lack of medical and related facilities and offices and a need to appropriately accommodate the expansion of this industry demand.
7. The Board of Supervisors finds that the County is well served by its parks and the proposed greenway system will enhance the recreational land uses.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Findings Regarding Transportation

1. The Board of Supervisors finds that the local transportation network adequately meets current demands and will likely meet future demands.
2. The Board of Supervisors finds that Interstate 10 has impacted, and will continue to impact development patterns, with migration of new developments moving towards this corridor to meet market and traffic patterns.
3. The Board of Supervisors finds that transportation options are limited to automobile vehicles in Hancock County.
4. The Board of Supervisors finds that pedestrian facilities are lacking; and should be provided through any new developments particularly in the community centers.
5. The Board of Supervisors finds a strong compelling need to have the entrances from Interstate 10 and US Highway 90 into the economic centers in the County to be improved, including, signage, lighting, and landscaping.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Findings Regarding Housing

1. The Board of Supervisors finds that there are concentrations of substandard housing in the County.
2. The Board of Supervisors finds that there is a significant level of vacant and dilapidated and storm damaged housing in the County.
3. The Board of Supervisors finds that manufactured housing is prevalent and constitutes a substantial portion of the aging housing inventory.

Findings Regarding Capital Facilities

1. The Board of Supervisors finds that sewer, and water services need to be expanded beyond the current corporate limits of the various communities.
2. The Board of Supervisors finds that the existing utility facilities that provide services are generally adequate to support desired growth.

Findings Regarding Community Appearance and Design

1. The Board of Supervisors finds that the underlying form of the County is attractive by reason of mature landscapes, its location on the Gulf of Mexico, and attractive historic houses and buildings that have survived recent storms. These areas are worthy of protection.
2. The Board of Supervisors finds that the Downtown areas in the three major communities are in sound condition, but special development efforts such as zoning, protection of the rights of way, treatment of alley areas, placing utilities underground, and enhance its attractiveness are needed.
3. The Board of Supervisors finds that sign control, lighting and landscaping would enhance the appearance of the various commercial corridors.
4. The Board of Supervisors finds that the older neighborhoods provide a satisfying small-town environment, and that they should be preserved.

Goals and Objectives

The Hancock County Board of Supervisors, after examining the background analysis, making findings (as reflected above) of fact regarding current developments in the City of Waveland, the City of Bay St. Louis, and the City of Diamondhead, as well as the general rural areas of the County including the Kiln an unincorporated community; and being duly charged by the State of Mississippi, set forth the following planning goals and principles.

The goals and principles are employed in developing the specific provisions of the Hancock County General Development Plan. They should be further used in the day-to-day development decisions of the communities. These goals also reflect those of a Hancock County comprehensive plan, and as coordinated by the Mississippi Development Authority, and the regional state sponsored planning district.

Goals Related to General Features

1. The natural beauty and sensitive environmental features of Hancock County and its communities will be protected.

Goals Related to Population

1. Hancock County will pursue policies that are designed to produce moderate population increases by:
    a. Providing employment opportunities for working age people and recreational/ cultural/ medical amenities for retirees
    b. Encouraging the appropriate annexation of land necessary to accommodate growth and protect lands adjacent to the communities' borders from inappropriate development to deter urban sprawl, and developments that may adversely affect the general economic value of the local communities' plan, and quality of life.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Goals Related to Economy and Economic Development

1. The County will facilitate the development of vibrant and thriving economically diversified communities by making the County a destination of choice for retirees and families.
2. The County Board of Supervisors will work to make Hancock County a destination for tourists by promoting its location near the New Orleans, Louisiana metropolitan area, and through its geographic advantages, low cost of living and natural coastal recreational areas.
    a. Develop signage to direct traffic off of Interstate 10 and US Highway 90 into the three major communities
    b. Identify existing historically and architecturally significant buildings, and sites in the County and seek to preserve a small-town atmosphere.
3. To make Hancock County a quality desired location for young people working in local industries, and those residents that commute into the New Orleans trade area for work
    a. Provide adequate amounts of industrial development land.
    b. Promote the expansion of existing local manufacturing industries.
    c. Promote the development of retail and other economic activity of the downtown areas to support quality of life.
    d. Support, promote and improve facilities for the local school district to attract young families to migrate into the local communities.

Goals Related to Land Use

The County will

1. Will promote the construction of a variety of home sizes and types that are affordable in the local economy;
2. Provide for all legitimate uses of land through good established planning practices;
3. Implement ordinance measures that will preserve residential areas through the appropriate treatment of manufactured housing, and multiple family housing;
4. Implement measures that will ensure the appropriate location for Industrial uses;
5. Encourage downtown commercial developments, and preservation of historic structures;
6. Promote the development and maintenance of parks, and public spaces;
7. Provide for the growth and promote expansion of existing industry; and,
8. Establish clear and compelling gateways to encourage additional growth into the current retail trade areas.

Goals Related to Transportation

The County will

1. Will seek to provide a well-maintained and efficient transportation system characterized by ease of access and circulation along with safe engineered designs;
2. Assure appropriate maintenance of local transportation routes;
3. Ensure new development is appropriately related to transportation networks;
4. Ensure adequate carrying capacities of existing and proposed transportation facilities; and,
5. Promote the widening of certain thoroughfare corridors, traffic signalization, and frontage roads entering the community corridors.

Goals Related to Housing

The County will

1. Promote the construction of a variety of home sizes and types that are affordable in the local economy;
2. Review the need for assisted living areas throughout the County;
3. Pursue the development of assisted living areas if needed and desired;
4. Ensure that a suitable housing stock exists for all income groups; and,
5. Update County construction codes; encourage communities to adopt current international building and maintenance codes, standards, zoning ordinances, community planning and sound land-use practices.

Goals Related to Community Appearance and Design

The County will

1. Promote the development of visually pleasing commercial areas through the adoption of signage controls, lighting, landscaping, zoning ordinances, land-use planning and establish historic districts with supporting ordinances to ensure that these properties are protected for future generations;
2. Create simple design guidelines such as limited exposed metal surfaces, limit manufactured housing uses, and requiring masonry facades, setbacks and landscaping; and,
3. Provide a landscape ordinance with buffering provisions for new development.

Goals Related to Capital Facilities

The County will

1. Provide adequate police and fire protection for growing communities; and,
2. Provide utilities to a growing community to support long-term planning needs.

Section 4 – Additional Redevelopment Plan Goals and Objectives

The following goals and objectives of the Redevelopment Plan have been developed by the Hancock County Board of Supervisors to expand upon the General Development Plan goals related to new development and redevelopment; and to emphasize with high priority redevelopment activities in the City of Bay St. Louis, the City of Waveland and the City of Diamondhead.

- The County will work to create, and partner with economic development projects that create good paying jobs, and strengthen the tax base of the communities.
- The County will coordinate efforts with other economic development entities and with the local communities to assist in financing of public infrastructure improvements that will result in private capital investment for economic development projects by developing vacant land.
- The County will encourage development and redevelopment projects that will strengthen and increase retail sales activity within the County and the local communities.
- The County will encourage development and redevelopment projects that will increase jobs in Hancock County and support the local communities.
- Hancock County will ensure that projects undertaken within the communities are undertaken in accordance with codes, ordinances, and development plans that are in effect or that may be adopted in the future.

Section 5 – Redevelopment Planning Policies

The adopted goals and strategies below are taken from the Hancock County General Development Plan. They identify redevelopment in many instances and these areas have been highlighted to illustrate the policy direction of the local communities related to new developments and redevelopment. The Findings Goals and Objectives are abridged for clarity and those that address the need for redevelopment are highlighted, made bold and enlarged.

Hancock County General Development Plan

Transitional residential areas are typically characterized by older housing stock, deferred maintenance, conversions from single-family uses to more intensive uses, and the introduction of incompatible uses. Public and private efforts should focus on upgrading the condition of those residential areas, which are in transition. Specific efforts include area residents in these planning efforts should be made.

(1) Transitional residential areas will be protected from disruptive uses such as encroaching industrial and commercial uses.

(2) Improvement of property through reconstruction and/ or an extensive maintenance program by individual owners is encouraged. When necessary, the County shall utilize strict Codes enforcement to protect and revitalize transitional residential areas.

(3) Vacant land adjoining transitional areas, or occupied land to be redeveloped should be utilized for residential, public, or semi-public development unless; specific revitalization plans, adopted by the local communities, dictate otherwise. Revitalization plans may consist of a neighborhood plan, historic overlay districts, or an economic redevelopment plan that clearly defines its intent.

Central Business Districts (CBD's)

Two of the three local communities referenced herein above, possess something that many other competing new growing suburban cities lack, namely a historic core commercial and government area that serves as the heart of the community. Although much of the historic fabric was lost in recent storms, the location, history, culture and local citizens have demonstrated the importance of rebuilding and restoring these important centers. The centralized core of commerce has eroded in all three communities in the past several decades. This is due mainly to the lack of any economic vitality, reducing and aging population as a result of storm impacts, the appeal of other nearby trade areas such as the New Orleans, Madison, Louisiana and Covington, Louisiana general market trade areas, and the Gulfport and Biloxi Mississippi markets to the East.

The general objectives of the policies included for this CBD category is to manage these important areas, so that future redevelopment and growth can be permitted and the transition from residential to non-residential uses (or vice versa) can be accommodated with the least amount of conflict between obsolete and expanding uses. The following policies are recommended for the CBD land use category.

Appropriate Uses: The principal uses intended for the CBD area include retail and commercial businesses along the major roadways including personal, professional services, retail, food services and government offices in the downtown square area and at its fringes and low and medium density residential uses (single-family detached, attached, and townhouse/ condominiums) just off the main roadway corridors.

The City of Waveland, and the City of Bay St. Louis have historic downtown areas that are important assets that the communities must preserved and enhance. This Plan supports the development and redevelopment of these areas in a historically appropriate way.

General Development Policies for Industrial/Employment Areas

Hancock County 's prospects for industrial economic development in the next 20 years will in many cases evolve from the existing strengths of the local communities and industry such as the NASA's Stennis Space Center. New non-agricultural employment for the County is projected to increase over the planning period, and two land use categories should be created to accommodate new industrial development The Industrial category is a broad land use category envisioned for areas where the primary types of existing or planned development are industrial in character, such as manufacturing, bulk storage (indoors, and outdoors), and heavy distribution activities like truck terminals. Overall floor area ratio recommended in this land use classification is 1.00 (one square feet of building floor area to every one square foot of site area).

Industrial activities generally place a heavy demand on local resources, have the greatest impact on the surrounding environment, and characteristically have less flexibility in locational choice than do other types of economic activities. Therefore, land use policies that promote the efficient utilization of industrial land resources are essential if optimum industrial development is to be realized. The following policies are recommended for this land use category.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

(1) Appropriate Uses: The Industrial land use classification applies to areas that are used for primarily fabricating, processing, storage, warehousing, wholesaling, and transportation services.
(2) Density Range: Generally, unused, or underutilized land is common in most industrial areas, and this land is suitable for expansion of existing facilities. The maximum density recommended for these areas is a floor area-ratio of 2.0 (2 square feet of building floor-area for every one square foot of site area) on individual sites, sites and in the designated land use areas as a whole.

(3) Pattern of Industrial Development: As illustrated on the Detailed Land Use Map, continued centralization of industrial activities is encouraged. The orderly expansion of essential services to areas of planned industrial development is important both to ensure growth and minimize pressure for land use change in areas not recommended for industrial use.

(4) Development Flexibility: Except at locations where adopted design plans recommend a specific mix and/ or pattern of industrial land use, the pattern of industrial development should be sufficiently flexible to accommodate variable market demand. This approach reflects the past pattern of development where, for example, industrial areas planned as manufacturing centers developed with wholesaling and warehousing activities in addition to manufacturing.

Buffer zones should be established between production activities and less-offensive surrounding land uses.

(5) Industrial Expansion and Redevelopment: Existing manufacturing, storage, and wholesaling activities, including many of the earliest industrial areas in Hancock County, frequently pose complex land use problems. While deterioration, obsolescence, poor location, and inadequate expansion space are problems plaguing some of the businesses in these areas, these marginal economic activities do provide employment opportunities for many persons lacking the necessary training or other types of employment. The following policies are recommended as guidelines for the difficult decisions, which must be made regarding marginal industrial activities.

Obsolete and marginal industrial activities should be removed from areas where they are incompatible with surrounding uses, are a nuisance, and are a blighting influence on desirable non-industrial development. The redevelopment of blighted manufacturing and storage areas adjoining residential conservation areas should include residential and other uses that are compatible with the e-sting neighborhood. The redevelopment should be based on detailed, design analysis and a publicly adopted plan.

As seen in the foregoing redevelopment policies currently adopted, or by current practices in the three major communities apply to residential, commercial, and industrial lands within the community's urban areas. Essentially, the policies acknowledge that redevelopment activity is appropriate in the entire City of Bay St. Louis, and the City of Waveland as well as the City of Diamondhead.

The following section establishes and declares the entire Hancock County boundary limits as a redevelopment area:

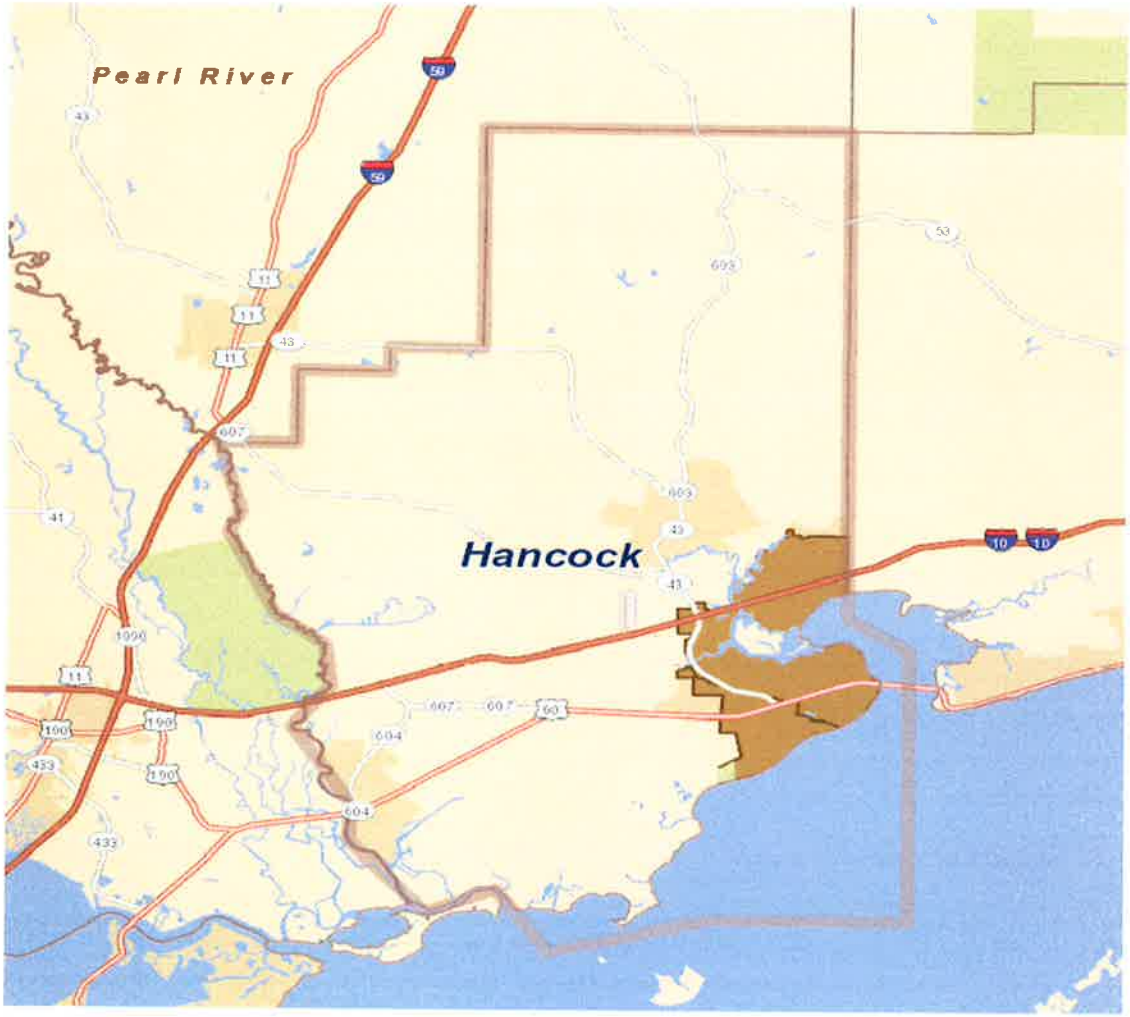
Section 6 – Establishing the Redevelopment Area for Hancock County

In light of the previously stated findings and goals, the redevelopment areas for Hancock County are established as follows:

A. **Redevelopment Area Boundary Description:** The redevelopment area designated by this Plan will consist of all real and personal property located within the official boundaries of Hancock County as recorded by the Mississippi Secretary of State and reflected in the State Charter; as of the date of adoption of this plan.

B. **Redevelopment Area Boundary Map:** A boundary map of the redevelopment area encompassing all real property located within the boundaries of the Hancock County is shown below and attached as exhibit II is the legal metes and bounds of the entire County as recorded in the Mississippi Secretary of State's office as reflected in the State Charter.



Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Section 7 – Redevelopment Implementation Strategies

After consideration and consultation with economic development professionals, the following redevelopment strategies have been identified as potentially appropriate means of achieving redevelopment in Hancock County:

1. Enhanced code enforcement of the entire County and particularly in the local communities where population densities are higher;
2. Promote the use of Urban Renewal under the statues of the State of Mississippi;
3. Promote the use of Tax Increment Financing under the statures of the State of Mississippi;
4. Other economic and tax incentives offered by the Mississippi Development Authority or other entities of State of Mississippi.

Strategy 1, enhanced code enforcement needs to be implemented. Aggressive code enforcement under the state statute of 21-19-11, as amended and will encourage redevelopment and improvements in housing inventory, quality of life and market values.

The Hancock County Board of Supervisors has already begun implementation Strategies 3, and 4. The County also offers certain tax incentives for downtown development in the form of property tax abatements for up to seven years on projects valued in excess of $500,000.

Strategy 2, Urban Renewal, requires further study.

Strategy 3, Tax Increment Financing, is proposed for authorization under this redevelopment plan. Specific implementation considerations for Tax Increment Financing are set out in Section 8 that follows.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Section 8 – Redevelopment Method Specifically for Tax Increment Financing

Mississippi's Tax Increment Financing Act enables local municipalities, and counties upon adoption of this Redevelopment Plan and authorizes for the Hancock County Board of Supervisors specifically, the use of Tax Increment Financing in new development, and redevelopment projects. The projects may involve reconstruction, renovation, or new construction for residential, commercial, or other uses that the Board of Supervisors Governmental Body determined to be in the best public interest of the County. Tax Increment Financing under Mississippi Law may be applied to a "Redevelopment Project."

Defining and Redevelopment Project

Section 21-45-3 of the Mississippi Code Annotated defines a "redevelopment project" and project areas as follows:

Redevelopment Project (See Exhibit I, Mississippi Code Annotated at 21-45-3 (b),(i),(ii),(iii)

(a) A "redevelopment project" may include any work or undertaking by a municipality:

(i) To acquire project areas or portions thereof, including lands, structures, or improvements the acquisition of which is necessary or incidental to the proper clearance, development or redevelopment of such blighted areas or to the prevention of the spread or recurrence of slum conditions or conditions of blight;

(ii) To clear any such areas by demolition or removal of existing buildings, structures, streets, utilities, or other improvements thereon and to install, construct or reconstruct streets, utilities, bulkheads, boat docks, and site improvements essential to the preparation of sites for uses in accordance with the redevelopment plan and public improvements to encourage private redevelopment in accordance with the redevelopment plan; or

(iii) To sell or lease property acquired by a municipality as part of a redevelopment project for not less than its fair value for uses in accordance with such redevelopment plan to retain property or public improvements for public use in accordance with the redevelopment plan.

"Redevelopment project" may also include the preparation of a redevelopment plan, the planning, survey, and other work incident to a redevelopment project and the preparation of all plans and arrangements for carrying out a redevelopment project, relocation of businesses and families required under applicable law, and upon a determination, by resolution of the governing body of the municipality in which such land is located, that the acquisition and development of additional real property not within a project area is

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

essential to the proper clearance or redevelopment of a blighted area or a necessary part of the general slum clearance program of the municipality, the acquisition, planning, preparation for development or disposal of such land shall constitute a redevelopment project.

The Tax Increment Financing Act allows the use of Tax Increment financing for an individual project that lies within a "Redevelopment Project Area". For the purposes of the Redevelopment Plan, project areas are defined as follows (see attached Exhibit I, Mississippi Code Annotated 21-45-3 (a),(i),(ii), (iii), and (iv):

(a) "Project area" includes: Areas in which there is a significant amount of buildings or improvements, which by reason of dilapidation, deterioration, age, obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding or the existence of conditions that endanger life or property by fire and other causes, or any combination of such factors, are conducive to ill health, transmission of disease, infant mortality, juvenile delinquency or crime and are detrimental to the public health, safety, morals, or welfare;

(i) Areas in which are that are of important value for purposes of historical preservation, as designated by the Department of Archives and History;

(ii) Areas which by reason of a significant amount of defective or inadequate street layout, faulty lot layout in relation to size, adequacy, accessibility or usefulness, unsanitary or unsafe conditions, deterioration of site improvements, diversity of ownership, tax delinquency, defective or unusual conditions of title, improper subdivision or obsolete platting or the existence of conditions, which endanger life or property by fire or other causes, or any combination of such factors, substantially impair or arrest the sound growth of the community, retard the provision of housing accommodations or constitute an economic or social liability and are a menace to the public health, safety, morals, or welfare in their present condition and use; or

(iii) Areas in which the construction, renovation, repair, or rehabilitation of property for residential, commercial, or other uses are in the public interest.

Establishing a TIF Redevelopment Project Plan

This Redevelopment Plan shall be implemented primarily by the County; exercising the Redevelopment Project powers conferred upon the County by the Tax Increment Financing Act.

The techniques to be used to meet the goals and objectives of the Redevelopment Plan include rehabilitation and renovation, expansion of existing buildings, acquisition of real property, demolition and removal of buildings, construction of improvements, new development and redevelopment, consolidation of title, elimination of environmental deficiencies and blighting influences, construction of off-street public and private parking facilities, and encouragement of rehabilitation, renovation, new development and redevelopment by private enterprise. For projects located within the legal boundary limits of Hancock County Mississippi the codes, standards, and ordinances of the County shall apply.

A brief summary description of each component or technique of the Plan follows:

1. **Rehabilitation and Renovation**

   This Redevelopment Plan provides for the utilization of the Tax Increment Financing powers of the County to rehabilitate and renovate structures, which are:

   a. Substandard structures on which rehabilitation or renovation is practical in the judgment of the owners thereof.

   b. Structures in which, in the judgment of the owner thereof, rehabilitation will result in a higher, and better use for the property on which such structure is located.

   A substandard structure is a structure that does not conform to the building and related codes of the County as are in force, and in effect from time to time, whichever may apply.

2. **Acquisition of Real Property**

   Real property shall be acquired as provided in Article IX of the Redevelopment Plan.

3. **Demolition and Removal of Structures**

   This Redevelopment Plan shall be implemented in some instances through the demolition and removal of structures. The Plan provides for the demolition and removal of the following structures, if necessary and appropriate:

   a. Substandard structures as to which, in the judgment of the owner thereof, rehabilitation is not practical;

   b. Structures, which in the judgment of the owner thereof, are economically obsolete;

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

c. Structures, which in the judgment of the owner thereof, prevent maximum utilization of the property on which such structures are located;

d. Structures that have been acquired by the county and that the Governing Body of the county determines to be economically obsolete; and,

e. Structures that have been acquired by the County and that the Governing Body determines prevent the maximum utilization of the property on which such structures are located.

4. **Construction of Improvements**

This Redevelopment Plan provides for the construction of new improvements for uses on vacant, or cleared land within the redevelopment area (any lands lying within the boundaries of the County). Such construction shall be in accord with the Hancock County General Plan, Official Zoning Ordinance, Subdivision Regulations, building and related codes, and other applicable codes and ordinances of the County, whichever may apply.

5. **Development and Redevelopment**

Under the provisions of this Redevelopment Plan, vacant or cleared land held by the County may be disposed of to private parties for new development or redevelopment. Such disposition of land by the County shall be in accordance with the Redevelopment Plan and applicable law.

This Redevelopment Plan encourages the new development or redevelopment of vacant or cleared land, which is acquired by private enterprises.

6. **Consolidation of Title**

This Redevelopment Plan provides for the elimination of diverse patterns of ownership, which prevent or restrict development of large tracts of land.

In the event that the County determines that optimum utilization of a particular tract of land cannot be attained because of diversity of ownership, and that action by the County is likely to enhance the possibility of development of such tracts, the County Board of Supervisors may take such actions as it determines to be necessary to consolidate title to such tracts of land.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

7. **Elimination of Environmental Deficiencies and Blighting Influences**

This Redevelopment Plan provides for the County to undertake to determine any and all factors, which prevent or restrict new development or redevelopment within the redevelopment area. The Governing Body of the County shall take such action, as it deems necessary to reduce or eliminate such factors or the effects thereof.

Environmental deficiencies and blighting influences affecting the County may be deemed necessary to reduce or eliminate include, but are not necessarily limited to, physical conditions, ownership patterns, non-conforming land uses, improper development, etc.

8. **Construction of Off-Street Parking Facilities**

This Redevelopment Plan provides for the construction of public and private off-street parking facilities to serve the demand within the redevelopment area (all lands lying within the legal boundaries of Hancock County).

Off-street public and private parking facilities shall be constructed in accord with the Hancock County General Plan, the Official Zoning Ordinances, and other applicable codes and ordinances of the County, whichever may apply.

9. **Encouragement of Rehabilitation, Renovation, New Development and Redevelopment by Private Enterprise**

This Redevelopment Plan provides that the County shall, to the greatest extent feasible, afford maximum opportunity to encourage the rehabilitation, renovation, new development and redevelopment of the redevelopment area (all lands lying within the boundaries of Hancock County) by private enterprise.

In order to utilize appropriate private and/or public resources to eliminate and prevent the development, or spread of slums and urban blight, to encourage needed urban rehabilitation and renovation, to provide for the redevelopment of slum and blighted areas, to provide for and encourage the new development or redevelopment of vacant or cleared lands, the County shall encourage rehabilitation, renovation, clearance, new development or redevelopment within the redevelopment area by:

a. Carrying out a program of voluntary repair, renovation, and rehabilitation of buildings or other improvements in accordance with this Redevelopment Plan, including making loans to defray all or part of the costs (including costs of acquiring real estate) of repairing and rehabilitating buildings or other improvements in accordance with this Redevelopment Plan.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

b. Making loans to defray all or part of the costs of acquiring real property, demolishing and removing buildings and improvements and constructing improvements (including buildings) in the redevelopment area in accordance with this Redevelopment Plan.

Such loans shall be made only from the proceeds of revenue bonds, notes, or similar debt instruments of the County secured solely by the County's rights in connection with such loans; shall be made upon such terms and conditions as the Hancock County Board of Supervisors shall determine, and shall be subject to such additional requirements as the County shall impose.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Section 9 – Conformity with County Development Codes Required

1. **Land Uses/Zoning Ordinance**

To the extent that it is practical, and authorized, this Redevelopment Plan will encourage development and redevelopment of projects that are compatible with adjoining, and nearby land uses and conform to County zoning controls.

For projects located within the boundaries of the County, and within its zoning jurisdiction; the Official Zoning Ordinance of the County shall regulate land- use in the redevelopment area.

The Official Zoning Map delineating defined zoning areas is on file in the office of the Hancock County Chancery Clerk.

2. **Maximum Densities/Zoning Ordinance**

For Tax Increment Financing projects located within the legal defined boundaries of the County, the Zoning Ordinances of the local communities, as applicable shall regulate maximum development densities in the redevelopment area.

For these projects lying in portions of the County, outside the corporate limits of any municipality, this Redevelopment Plan calls for adherence to the goals and objectives of this Redevelopment Plan.

3. **Land Development/Subdivision Regulations**

This Redevelopment Plan shall require that any development assisted with Tax Increment Financing be developed in conformity with regulations and standards of the County, or municipality governing the subdivision of land, namely the Subdivision Regulations of the municipality. Redevelopment projects lying outside the corporate limits of the municipalities shall adhere to the County Subdivision Regulations.

4. **Building Requirements/Building and Related Codes**

This Redevelopment Plan requires that any new construction and any rehabilitation shall meet the requirements of the building and related codes of this County and any applicable requirements of the communities as applicable, as may be in effect from time to time, whichever is appropriate.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

5. **Circulation and Traffic Control**

For the purposes of Tax Increment Financing projects located in unincorporated areas of the county, this Redevelopment Plan shall be implemented in conformity with the standards and policies governing transportation routes in the county. The Subdivision Regulations, street design, and construction standards of the County govern street widths, ingress, and egress patterns, designated turning lanes, turn restrictions, and vehicle limitations established by weight. These regulations, along with realignment, widening, and overlaying of existing streets, will achieve improved traffic circulation and flow for the municipality as applicable, or county and pass-through traffic. Traffic control and circulation in the redevelopment area will utilize electronic signalization and will provide optimum access to existing and proposed off-street parking. This Redevelopment Plan will be implemented so as to efficiently integrate traffic circulation flow into the general circulation patterns of the community.

6. **Off Street Parking and Loading**

For the purposes of Tax Increment Financing projects in the County, this Redevelopment Plan conforms to the County's Official Zoning Ordinance, and other codes; and State and Federal ordinances wherein off-street parking, loading and unloading space requirements shall be regulated and controlled.

7. **Minimum Requirements**

For the purposes of this Redevelopment Plan, regulations referred to shall be interpreted and applied as minimum requirements. Whenever the requirements of these regulations are at variance with the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions or covenants, the most restrictive or that imposing the higher standards shall govern.

8. **Waiver**

Any requirement, or condition contained in this Redevelopment Plan may, upon request; and for good cause shown, be waived or modified by the County to the extent permissible under law.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Section 10 – The Acquisition of Real Property

1. **Procedures**

This Redevelopment Plan requires that all property acquisitions by Hancock County Mississippi shall be made in accordance with Title 21, Chapter 45, of the Mississippi Code of 1972. Discrimination of any kind shall be prohibited. Race, color, creed, national origin, age, and sex shall in no way affect any aspect of the land acquisition process.

2. **Property To Be Acquired**

Under the provisions of this Redevelopment Plan, the Hancock County Board of Supervisors may, at its discretion, acquire real property (as defined in the act) for needed public facilities within the redevelopment area.

Where necessary to eliminate unhealthy, unsanitary, or unsafe conditions, lessen density, eliminate obsolete, or other uses detrimental to the public welfare, or otherwise to remove or prevent the spread of blight or deterioration; the County may, from time to time in its discretion, acquire mortgages made to finance costs of (1) acquiring real property, (2) demolishing and removing buildings and improvements, and (3) constructing improvements in the redevelopment area in accordance with this Redevelopment Plan.

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

Section 11 – General Intent

As related to land uses, improved mobility, public transportation, public utilities, recreational and community facilities, and other public improvements; the objectives and purposes of the Tax Increment Financing Redevelopment Plan is interrelated with the overall planning policies of Hancock County.

The Redevelopment Plan seeks to encourage redevelopment for capital investment that will increase the tax-base, increase retail sales tax rebates, and increase job opportunities in the County.

The Redevelopment Plan seeks to encourage revitalization of the redevelopment area by inducing new developments, and redevelopment. Public facilities and services will be improved, and properly maintained as a result of implementation of this Redevelopment Plan.

Exhibit I
Tax Increment Financing Plan

A. The Tax Increment Financing Plan is a financial tool for the implementation of the Redevelopment Plan objectives and purposes. The Tax Increment Financing Plan for a redevelopment project requires the following:

1. **Redevelopment Project Description**

   a. Location, legal description, environmental characteristics and zoning
   b. Building type and proposed use(s)

2. **Developer(s) Information**

   a. Name(s), and/or entity name
   b. Address: Local and out-of-state
   c. Tax identification number
   d. Local contractors or agents

3. **Economic Development Impact Description**

   a. Job creation – permanent and temporary
   b. Financial benefit to the community

4. **A Statement of the Objectives for the Tax Increment Financing Plan**

   a. *Construction of Improvements:*
   New improvements shall be constructed for uses in accordance with the Redevelopment Plan on vacant or cleared property within the redevelopment area. Such construction shall be in accordance with the requirements of the County's building and related codes as in force and effect from time to time.

   b. *Redevelopment:*
   Property held by the County may be disposed of to private parties for development or redevelopment in accordance with the provisions of this Redevelopment Plan and applicable law.

   c. *Consolidation of Title:*
   In order to eliminate diverse patterns of ownership that prevent or restrict development of large tracts of land, in the event that the County determines that optimum utilization of a particular tract of land cannot be attained because of diversity of ownership and that action by the County is likely to enhance the possibility of development of such tract, the County shall take such actions as it determines to be desirable to consolidate title to such tract of land.

5. A statement indicating the need and proposed use of the Tax Increment Financing Plan in relationship to the Redevelopment Plan.

6. A statement containing the cost estimates of the redevelopment project and the projected sources of revenue to be used to meet the costs including estimates of tax increments and

Attachment: 20210201 - Tax Increment Financing Redevelopment Plan Hancock County, Mississippi 2021 (7672 : Spread TIF Redevelopment

the total amount of indebtedness to be incurred.

7. A list of all real property to be included in the Tax Increment Financing Plan.

8. The duration of the Tax Increment Financing Plan's existence.

9. A statement of estimated impact of the Tax Increment Financing Plan upon the revenues of all taxing jurisdictions in which a redevelopment project is located.

10. The Governing Body shall by resolution, from time to time, determine (i) the division of ad valorem tax receipts, if any, that may be used to pay for the cost of all or any part of a redevelopment project, (ii) the duration of time in which such taxes may be used for such purposes, (iii) if the County Board of Supervisors shall issue bonds for such redevelopment project, and (iv) such other restrictions, rules and regulations as in the sole discretion of the Governing Body of the County shall be necessary in order to promote and protect the public interest.

Exhibit II
The Tax Increment Financing Act

- Tax Increment Financing is a legal, constitutionally accepted financing mechanism to accomplish **DEVELOPMENT** and **REDEVELOPMENT** of municipalities and counties throughout the State of Mississippi. The Tax Increment Financing Act was adopted by the Mississippi Legislature in 1986 and can be found at Sections 21-45-1 et seq., in the Mississippi Code of 1972, as amended. (Attached as Exhibit I)

- Over thirty (30) states have adopted Tax Increment Financing Laws ("TIF"), the first of which was adopted in 1969.

- **TIF** is a tool that can be used to induce or encourage major economic development in Mississippi cities and counties. A municipality and County can undertake joint TIF projects.

- Cities and counties everywhere have used the Economic Development Administration, Community Development Block Grants, Special Assessments, and Industrial Revenue Bond programs to encourage economic development. **TIF** is one more method that should be used.

- The County will use **TIF** to expand and complement aggressive economic development policies. The program is a local program that can be accessed, and used through the county's own initiative. Federal and state governmental approvals are not required.

- Tax Increment Bonds, notes, or other similar debt obligations are issued by the county to construct improvements that will induce development activity, and the County pledges all or part of the increase in ad valorem taxes generated on assessment of the real and/or personal property constituting the project to retire the bonds. The municipality may elect to pledge increases in retail sales tax rebates generated by the project and received from the State to service TIF bonds.

- In most cases, Tax Increment Financing is used to construct public infrastructure improvements (i.e., roads, utilities, drainage, parking, etc.) even though it can be used for other purposes.

- Bonds are issued by the County to construct the improvements, and increased ad valorem taxes generated on assessment of the real and/or personal property constituting the project can be used to retire the bonds. The municipalities may elect to pledge sales tax rebate increases generated by the project and received by the State to service the TIF debt.

- School taxes **will not** be used to retire the bonds. The schools can use those funds in their normal operations.

- There is **NO** financial obligation on the part of the County or the municipality if Tax Increment Financing Revenue Bonds, notes or other similar debt instruments are issued, other than the pledge of the increase in ad valorem tax revenues on real and personal property and/or sales tax rebates received from the State if applicable. The law emphatically states that the TIF bonds are secured solely by increases in ad valorem tax revenues, and/or rebated sales taxes received from the State, and are **NOT** general obligations secured by the full faith, credit, and taxing power of the County.

Universal Citation: MS Code § 21-45-21 (2016)

(1) After adoption of a redevelopment plan containing a tax increment financing plan the clerk shall certify the assessed value of the real property, including personal property located thereon, described in the tax increment financing plan. Property taxable at the time of the certification shall be included in the assessed value at its most recently determined valuation.

Property exempt from taxation at the time of the request shall be included at zero unless it was taxable when the tax increment financing plan was approved, in which case its most recently determined assessed valuation before it became exempt shall be included. These assessed values shall be, and will be referred to as, the "original assessed value."

(2) Each year thereafter, the clerk and the State Tax Commission, if applicable, shall certify the amount by which the assessed value of real property, including personal property located thereon, described in the tax increment financing plan has increased or decreased from the original assessed value. These assessed values shall be, and will be referred to as, the "current assessed value."

(3) Any amount by which the current assessed value of the real property, including personal property located thereon, described in the redevelopment plan exceeds the original assessed value shall be referred to as the "captured assessed value." The clerk shall certify the amount of the captured assessed value to the municipality each year for the duration of the tax increment financing plan. A municipality may choose to retain all or a portion of the captured assessed value for purposes of tax increment financing if the plan provides that all or a portion of the captured assessed value is necessary to finance the redevelopment project, including the cost of establishing necessary reserves to insure payment of revenue bonds.

If the tax increment financing plan provides that only a portion of the captured assessed value is necessary to finance the redevelopment program, only that portion shall be set aside and the remainder shall be apportioned to the various municipal tax levy funds and the various county tax levy funds.

The amount of captured assessed value that a municipality intends to use for purposes of tax increment financing must be clearly stated in the tax increment financing plan.

(4) After adoption of a redevelopment plan containing a tax increment financing plan which includes a portion of the municipality sales tax diversion, the State Tax Commission shall certify the amount of sales tax collected by the state within the boundaries of the redevelopment area and diverted to the municipality in the twelve-month period ending on the last day of the month before the effective date of approval of the plan. Any increase in the amount collected within the boundaries shall be set aside by the municipality in the fund created by the tax increment financing plan.

Each redevelopment plan shall be approved in the same manner and at the same times provided in Section 43-35-13 for the approval of urban renewal plans. Any tax increment financing plan shall become effective on the same date as the redevelopment plan is approved.

A county that is a member of a regional economic development alliance created under the Regional Economic Development Act is authorized to negotiate a purchase option for real property to be used for the purposes of the alliance. A county may pay all costs incurred for the acquisition of such an option regardless of whether the county exercises the option at a later date. As a part of any such option, a county may negotiate the right to enter upon the real property before the purchase for the purpose of conducting any preliminary engineering, environmental and related surveys or studies necessary to effectuate the option. A county may pay all costs incurred for such surveys or studies regardless of whether the county exercises the option at a later date.

a County Water and Sewer District (the "Assignee")
7040 Stennis Airport Road
Kiln, Mississippi 39556
Telephone: 228-467-6208

WHEREAS, Assignor, as Landlord, entered into a Lease Agreement dated July 3, 2006, with Cellular South Real Estate, Inc., a Mississippi corporation ("Cellular South"), as Tenant, with respect to the Leased Premises as described therein and being located on the Property described on Exhibit "A" attached hereto, as amended by First Amendment to Lease Agreement dated March 2, 2015, and Amended and Restated First Amendment to Lease Agreement dated as of March 2, 2015 (collectively, the "Cellular South Lease").

WHEREAS, Assignor, as Lessor, and Assignee, as Lessee, entered into a Ground Lease Agreement dated as of July 16, 2020, covering the Leased Property as described therein, which includes the Leased Premises described in the Cellular South Lease, as evidenced by that certain Memorandum of Lease dated July 16, 2020, executed by the parties and recorded in Miscellaneous Book 2020, Page 24, in the office of the Chancery Clerk of Hancock County, Mississippi.

WHEREAS, Assignor and Assignee desire to enter into this Agreement with respect to the Cellular South Lease.

NOW, THEREFORE, for and in consideration of the mutual promises outlined herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee do hereby agree as follows:

1. Assignment and Assumption. The Assignor hereby assigns, transfers, conveys, grants and sells to the Assignee all of the Assignor's rights and interest in, to and under the Cellular South Lease. The Assignee hereby accepts such assignment, agrees to be bound by the Cellular South Lease, and assumes all of the obligations of the Assignor under the Cellular South Lease.

2. Covenant of Assignor. The Assignor hereby covenants that it unconditionally and absolutely assigns, transfers, sets over, and conveys to Assignee, all of Assignor's rights and interest in, to and under the Cellular South Lease.

3. Counterparts; Recitals. This Agreement may be executed in counterparts, and, if executed in counterpart by the parties, each executed copy shall be deemed an original, but all counterparts together shall constitute one and the same Agreement. The recitals are incorporated by reference in this Agreement.

4. Governing Law. This Agreement will be governed by and construed and enforced in accordance with the internal laws of the State of Mississippi without regard to principles of conflicts of laws.

IN WITNESS WHEREOF, the Assignor and the Assignee have signed this Agreement on the dates in their respective acknowledgments below but effective as of the date first set forth above.

Dear Mr. Cotter,

It is my pleasure to inform you that the Multimodal Program application for Port Bienville has been approved.

The total award amount is $395,480. These funds will support your project to install public dock mooring dolphins.

Part of our mission is to promote awareness of the economic impact of Mississippi's ports and waterways system by partnering with and supporting the waterborne industry. Our Ports and Waterways Division staff, within the Office of Intermodal Planning, is committed to advancing travel and the movement of goods and services through the state's multimodal transportation system.

We look forward to a continued partnership with Port Bienville that will support local economic growth and development.

Yours in Service,

Tom King

Re: Multi-Modal Port Project No. PMM-21(003) Agreement

Dear Mr. Cotter,

This letter is to inform you that your project was selected by the Port Multimodal Committee for an award of $ 395,480. Enclosed for signatures are three originals of the referenced Multi-Modal Agreement. Please have each document dated, signed and attested by the appropriate project representatives. The three documents, along with the completed **E-Verify form**, are to be returned by **March 1, 2021** for execution by our Executive Director. One fully executed original will be returned for your records along with the formal notice to proceed.

Please note that all work accomplished, equipment procured, consultant contracts or other expenditures pursuant to this award must meet all applicable state procurement regulations in addition to meeting the requirements of the terms and conditions of this agreement.

Once the notice to proceed is issued, the following (as applicable) will be required for our review and approval prior to any payment of state funds:

- Plans, specifications and contract documents.
- Engineering, consultant, etc. agreements.
- Tabulation of bids, if applicable.

You are reminded that the project must be completed within 24 months of MDOT's execution date of this agreement.

If you have any questions, please contact me at (601) 359-7910 or by email at rburt@mdot.ms.gov.

Sincerely,

Robert A. Burt, P.E.

MISSISSIPPI TRANSPORTATION COMMISSION
MULTI-MODAL FUNDING AGREEMENT
Project No. PMM-21(003)

This AGREEMENT is made and entered into by and between the Mississippi Transportation Commission, a body Corporate of the State of Mississippi (hereinafter referred to as "COMMISSION"), acting by and through the duly authorized Executive Director of the Mississippi Department of Transportation (hereinafter "MDOT"), and **Hancock County Port & Harbor Comm** ("RECIPIENT," jointly referred to as "PARTIES"), effective as of the date of the last execution below.

WHEREAS, Section 65-1-701 et seq., Miss. Code Ann. (1972) as amended, authorizes the COMMISSION, subject to the limitations and conditions stated therein, to render financial aid for the development and improvement of transportation projects; and

WHEREAS, the RECIPIENT has submitted an application for Federal and/or State MULTI-MODAL Funds (hereinafter "APPLICATION") to the COMMISSION for financial assistance to be expended by or on behalf of the RECIPIENT in support of a project consisting of the following:

Public Dock Mooring Dolphins

Amount: **$395,480.00**

hereinafter referred to as the "PROJECT," a brief description together with special provisions of which is incorporated herein and made part of this AGREEMENT as Attachment "A."

Such PROJECT may be more fully described in the APPLICATION, capital replacement plan, budget/estimate and/or approved Federal/State grant on file in the offices of the Mississippi Department of Transportation, which, as applicable, are incorporated herein by reference; and

WHEREAS, the COMMISSION has agreed to partially fund such PROJECT with State and/or Federal funds, said PROJECT having been first approved by the Port MULTI-MODAL Committee;

NOW, THEREFORE, in furtherance thereof, the parties hereto do agree as follows:

SECTION I Responsibilities of the Parties

As a condition of this AGREEMENT and as consideration for same, the RECIPIENT agrees to the following terms and conditions:

A. The RECIPIENT will expend an amount equal to the amount shown in the APPLICATION as the RECIPIENT's share of the PROJECT, unless a lesser amount is subsequently approved by the COMMISSION.

B. The RECIPIENT will carry out and complete the PROJECT in accordance with the approved APPLICATION, budget/estimate, plans, specifications, or contracts

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

for the transportation PROJECT, incorporated herein by reference, and any revisions or modifications approved by the COMMISSION.

C. The RECIPIENT will provide the COMMISSION with reports in a format and schedule as may be requested by the COMMISSION for accomplishing the PROJECT. Failure to accomplish the PROJECT in a timely manner may be considered as the basis for the COMMISSION to cancel this award and withdraw these funds.

D. The RECIPIENT will ensure that all funds awarded through this AGREEMENT are expended in accordance with all Federal/State cost principles as well as Federal and State procurement laws, regulations, or other program guidance as applicable.

E. The RECIPIENT will at all times comply with all applicable Federal and State regulations, policies, procedures and directives, including the applicable Certifications and Assurances to be executed by the RECIPIENT as a part of grant awards and/or other agreements with the COMMISSION that relate to this PROJECT.

F. The RECIPIENT will establish and maintain financial records of the PROJECT in accordance with applicable Federal and/or State audit requirements and make them available to personnel of the COMMISSION upon request.

G. The RECIPIENT will operate and maintain in a safe and serviceable condition, all real and/or personal property, including but not limited to vehicles and equipment (hereinafter, as combined, to be referred to as "PROPERTY") that is purchased in whole or in part with funds provided by this AGREEMENT.

H. The RECIPIENT will grant and does hereby grant to the COMMISSION the right and opportunity to inspect any PROPERTY financed in whole or in part by this AGREEMENT, to audit any records connected to this PROJECT, and to review the RECIPIENT's processes, procedures, and use of said PROPERTY.

I. The RECIPIENT will dispose of all PROPERTY financed in whole or in part by this AGREEMENT in accordance with the applicable property management and disposition policies and procedures as determined by the COMMISSION.

J. The RECIPIENT will dispose of all proceeds resulting from the sale of any PROPERTY financed in whole or in part by this AGREEMENT in accordance with written guidance from the COMMISSION.

The COMMISSION in discharge of its responsibilities hereunder agrees to reimburse the RECIPENT an amount up to $395,480.00 as the COMMISSION's share from the State MULTI-MODAL Transportation Improvement Fund, and/or other available State or Federal funds as may be appropriate for expenses incurred in accomplishing the PROJECT.

SECTION II Purchase of Property, Goods, or Services

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

The purchase of all PROPERTY, and/or goods and services, financed in whole or in part pursuant to this AGREEMENT shall be in accordance with the applicable Federal and State laws and procurement regulations, including State competitive bidding procedures.

The MDOT, after conferring with the appropriate Federal agency, may impose additional specific requirements governing the acquisition, use, or disposition of PROPERTY purchased with Federal funds.

SECTION III Title to Project Property

With respect to the title to PROPERTY acquired as a result of this AGREEMENT, the RECIPIENT agrees as follows:

A. Title to PROJECT PROPERTY shall be in the RECIPIENT's name subject to the restrictions of use and disposition as set forth herein and in accordance with Sections IV, V, and VIII of this AGREEMENT. If applicable, the COMMISSION shall be listed as first lien-holder on and maintain all original titles to PROPERTY and shall be furnished one set of keys. If this AGREEMENT is terminated for any reason, title to such PROPERTY shall become vested in the COMMISSION as first lien-holder and the COMMISSION shall have the right to repossess the same without notice.

B. The RECIPIENT shall grant to the COMMISSION a security interest in the PROJECT PROPERTY through the execution of a security agreement in a form acceptable to the COMMISSION and by the filing of financing statements necessary to perfect that security interest. A copy of the Security Agreement form, acceptable to the COMMISSION, is available upon request to the designated COMMISSION contact person shown at Section XXI below.

C. When real property is acquired and/or developed under the terms of this AGREEMENT, non-governmental RECIPIENTS agree to grant to the COMMISSION a security interest in the real property to secure RECIPIENT's performance of the terms of this AGREEMENT and shall perfect that security interest by executing a deed of trust in a form acceptable to the COMMISSION and by filing that deed of trust in the land records of the county where the real property is located. At least ten (10) days prior to the transfer of funds under the terms of this AGREEMENT for the acquisition and/or development of real property, the RECIPIENT shall provide to the COMMISSION a title certificate from a Mississippi licensed attorney approved by the COMMISSION showing that there are no encumbrances on the real property to be acquired and/or developed, and the RECIPIENT shall have the title certificate updated immediately prior to the transfer of funds for the acquisition and/or development of the subject property. A copy of the Deed of Trust form, acceptable to the COMMISSION, is available upon request to the designated COMMISSION contact person shown at Section XXI below.

D. In addition, when real property is acquired and/or developed under the terms of this AGREEMENT, non-governmental RECIPIENTS shall convey to the COMMISSION the RECIPIENT's executive power to transfer any interest in the real property until the RECIPIENT has fulfilled its obligations under the terms of this AGREEMENT. The conveyance of the RECIPIENT's executive power shall be in a form acceptable

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

to the COMMISSION. A copy of the Conveyance of Executive Power form, acceptable to the COMMISSION, is available upon request to the designated COMMISSION contact person shown at Section XXI below.

E. If the RECIPIENT is a governmental entity, in lieu of C and D above, it agrees to execute a Notice of Federal/State Interest which shall be duly recorded in the land records of the county. A copy of an acceptable form of the Notice of Federal/State Interest is available from the designated COMMISSION contact person shown at Section XXI below.

SECTION IV Use of Project Property

Use of PROJECT PROPERTY is subject to the following conditions:

A. The RECIPIENT agrees that the PROJECT PROPERTY shall be used as described in the approved APPLICATION and this AGREEMENT. If, during the duration of the PROJECT, any PROPERTY is not used in this manner or is withdrawn from service for more than ninety (90) days, the RECIPIENT shall notify the COMMISSION in writing and shall dispose of such PROPERTY in accordance with guidance from the COMMISSION.

B. In the event of the RECIPIENT's non-compliance with the provisions of this section, the COMMISSION shall impose such sanctions as it may determine to be appropriate, including but not limited to:

(1) Withholding or discontinuing further reimbursements or funding; and/or

(2) Cancellation, termination, or suspension of this AGREEMENT in whole or in part.

C. The RECIPIENT shall keep satisfactory records with regard to the use of the PROJECT PROPERTY and shall submit to the COMMISSION upon request such information as is required.

D. The RECIPIENT shall neither use nor permit the PROPERTY provided hereunder to be used for any illegal or unlawful purpose or in an unlawful manner or otherwise subject the said PROPERTY to confiscation. The RECIPIENT agrees to reimburse the COMMISSION for the fair, retail market value in the event that the PROPERTY is confiscated while in the possession or control of the RECIPIENT, together with other such expenses or losses that the COMMISSION may incur as a result thereof including attorney fees.

SECTION V Encumbrance of Project Equipment or Real Property

Except as provided in Section III of this AGREEMENT, the RECIPIENT shall not execute any lease, pledge, mortgage, lien, or other contract (including a grant anticipation note or "Safe Harbor Lease" under Section 168(g)(8) of the Internal Revenue Code of 1954) touching or affecting the Federal/State interest in any PROJECT PROPERTY, nor shall it obligate itself in any other manner, with any third party with respect to such PROPERTY, unless such lease, pledge, mortgage, lien, contract, or other obligation is expressly authorized in writing by the COMMISSION;

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

nor shall the RECIPIENT, by any act or omission of any kind, adversely affect the Federal/State interest or impair its continuing control over the use of said PROPERTY.

SECTION VI Records and Maintenance of Project Property

For the duration of the PROJECT, the RECIPIENT shall maintain the PROJECT PROPERTY at a high level of cleanliness, safety, and mechanical soundness. The RECIPIENT must maintain a PROJECT equipment inventory and a formal maintenance program. Property records must include a description of the property, vehicle identification number, if applicable, source, cost, acquisition date, percent of Federal participation, detailed maintenance records, and any disposition data.

SECTION VII Insurance

The RECIPIENT shall obtain insurance adequate to protect PROJECT PROPERTY, as well as public liability insurance. The COMMISSION shall be named as loss payee for PROPERTY purchased with Federal and/or State MULTI-MODAL funds. The RECIPIENT shall submit evidence of such insurance coverage including documentation of the solicitation process annually to the COMMISSION or prior to beginning vehicle operations, work or services to carry out the PROJECT, and said coverage shall remain in effect at all times during the duration of the PROJECT.

The RECIPIENT shall obtain and maintain at all times during the duration of the PROJECT insurance coverage adequate to meet the appropriate requirements of the COMMISSION. In lieu thereof, the RECIPIENT shall certify that its sub-recipient has obtained said coverage. These specific requirements shall be attached hereto as Attachment "B."

SECTION VIII Disposition of Property

The RECIPIENT agrees that the PROJECT property shall be used as described in Section IV of this AGREEMENT. If, at any time during the duration of this PROJECT, any PROPERTY with remaining useful life is not being used as described above, the RECIPIENT shall notify the COMMISSION in writing and, after concurrence by the COMMISSION, shall dispose of such PROPERTY in accordance with applicable laws and regulations and with the following procedures:

A. Disposal of property with remaining useful life requires written approval authorized by the COMMISSION.

(1) If PROPERTY is transferred to another recipient, the transferring RECIPIENT shall be entitled to and responsible for collecting from the receiving recipient its pro rata share of the current fair market value, based on the local match ratio. The value of the local match shall be based on at least two (2) independent appraisals of the current fair market value. In the absence of independent appraisals, value of the property shall be based on standard depreciation calculations.

(2) If the PROPERTY is approved to be retained by the RECIPIENT and the property has a fair market value of at least five thousand dollars ($5,000.00), the RECIPIENT shall reimburse the COMMISSION in an amount based on

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

the Federal/State pro rata share of the original cost, equal to the current fair market value of the PROPERTY. The fair market value must be based upon two (2) independent appraisals. These appraisals must be approved by the COMMISSION.

(3) If the PROPERTY is approved to be sold, it shall be advertised and sold at the highest price obtainable at public sale or via sealed bids. All sales of PROPERTY must be consistent with State laws. The COMMISSION may authorize the expenses of the sale to be deducted from the proceeds. The proceeds derived from the sale of the PROPERTY may be retained by the RECIPIENT as long as such proceeds are used to support the transportation PROJECT approved by the COMMISSION. Otherwise the RECIPIENT shall reimburse the COMMISSION its pro rata share of the net proceeds, based on the pro rata share of the original cost.

B. To request disposal of PROPERTY that has reached its end of useful life, the RECIPIENT must make a written request of a declaration of end of useful life to the COMMISSION. Requests for end of useful life must be made in such a manner and format as required by the COMMISSION in the approved program procedures manual or policy statements.

C. The RECIPIENT shall be responsible to the COMMISSION for full compliance with the current version of OMB Circular A-110 Revised and the "Common Grant Rule" for property disposition, and all other provisions of applicable Federal and State laws, rules, and regulations.

SECTION IX E-Invoice and E-Payment Paymode-X

This COMMISSION requires that all RECIPIENTS submit invoices electronically throughout the term of this AGREEMENT. RECIPIENT invoices shall be submitted to the COMMISSION using the processes and procedures identified by the COMMISSION. Procedures for new RECIPIENTS may be found in the Mississippi Department of Finance and Administration's Mississippi Agency Accounting Policies and Procedures (MAAPP) Manual in the Vendor File Maintenance Sections 11.20.10, 17.20.05, and 17.10.10 and in the related section on requirements for requesting an exemption from electronic payment found in Section 17.10.20. RECIPIENT understands that RECIPIENT must be enrolled in Paymode-X e-payment module prior to being enrolled for e-invoicing, and agrees to same, unless RECIPIENT has applied for and been granted an exemption. RECIPIENT may request assistance enrolling by contacting www.mmrs.state.ms.us or by calling the Mississippi Management and Reporting System's (MMRS) Call Center at (601) 359-1343. Payments by State Agencies using Mississippi's Accountability System for Government Information and Collaboration (MAGIC) shall be made and remittance information provided electronically as directed by the State. These payments shall be deposited in the bank account of the RECIPIENT's choice. RECIPIENT understands that the COMMISSION is exempt from the payment of taxes. All payments shall be in United States Currency.

SECTION X Agreement Reimbursement/Payments

Reimbursement payments pursuant to this award will be made for eligible costs documented by invoices for the equipment, work or services incurred in accomplishing the

PROJECT. Final payment will be made after review and approval by the COMMISSION of documentation of the completion of the PROJECT and/or any audit documents as may be applicable.

The COMMISSION reserves the right to amend or withdraw this award at any time prior to its acceptance by the RECIPIENT.

SECTION XI Applicable Law/Severability

This AGREEMENT shall be governed by and construed under the laws of the State of Mississippi. Any term or provision or portion thereof which violates the laws of the State of Mississippi shall be null and void. If any term or provision of this AGREEMENT is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this AGREEMENT shall not be affected thereby and each term and provision of this AGREEMENT shall be valid and enforceable to the fullest extent permitted by law.

SECTION XII Availability of Funds

It is expressly understood and agreed that the obligation of the COMMISSION to proceed under this AGREEMENT is conditioned upon the availability of funds, the appropriation of funds by the Mississippi Legislature, and/or the receipt of State funds, as provided by Section 27-104-25 of the Mississippi Code.

If at any time the funds anticipated for the fulfillment of this AGREEMENT are not forthcoming or are insufficient as a result of the failure of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the COMMISSION for the performance of this AGREEMENT, then this AGREEMENT shall be suspended automatically without any notice to RECIPIENT or any surety, for a period not to exceed ten (10) business days, effective immediately upon the date that said funds are not available, without damage, penalty, cost, or expenses to the COMMISSION of any kind whatsoever. RECIPIENT is responsible for monitoring the actions of the Mississippi Legislature in its enactment of, or its failure to enact, any budget appropriation for the MDOT for the ensuing Fiscal Year, and for monitoring the MDOT website at http://www.gomdot.com for any such notices.

In the event that said suspension is necessary, RECIPIENT shall take all necessary steps to minimize the incurrence of costs allocable to the suspension, and advise all sub-recipients and vendors to do the same. Upon expiration of the ten (10) business days, if said funds remain unavailable, then COMMISSION may, at its discretion, elect to extend the suspension and/or issue a stop work order or terminate this AGREEMENT as provided below.

If a suspension is not canceled and the work covered by such suspension is terminated, the RECIPIENT may be paid for services rendered prior to the suspension and/or stop work order. In addition to payment for services rendered prior to the date of the suspension and/or stop work order, the COMMISSION may be liable only for the costs, fees, and expenses, if any, for demobilization and closeout of this AGREEMENT, based on actual time and expenses incurred by the RECIPIENT. In no event shall the COMMISSION be liable for lost profits or other consequential damages.

SECTION XIII Stop Work Order/Termination for Lack of Funding

The COMMISSION may issue a stop work order or terminate this AGREEMENT for lack of funding in the following manner:

A. The COMMISSION may, by written order to the RECIPIENT at any time, and without notice to any surety, require the RECIPIENT to stop all or any part of the work called for by this AGREEMENT. This order shall be for a specified period not exceeding twenty-four (24) months after the order is delivered to the RECIPIENT unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, the RECIPIENT shall forthwith comply with its terms and take all steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the COMMISSION shall either:

(1) Cancel the stop work order; or

(2) Terminate the work covered by such order according to and as provided elsewhere in this AGREEMENT.

Prior to the COMMISSION's taking official action to stop work under this AGREEMENT, the Executive Director of MDOT may notify the RECIPIENT, in writing, of the MDOT's intentions to ask the COMMISSION to stop work under this AGREEMENT. Upon notice from the Executive Director of MDOT, RECIPIENT shall suspend all activities under this AGREEMENT, pending final action by the COMMISSION.

B. If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, the RECIPIENT shall have the right to resume work. If the COMMISSION decides that it is justified, an appropriate adjustment may be made in the delivery schedule. If the stop work order results in an increase in the time required for or in the RECIPIENT's cost properly allocable to the performance of any part of this AGREEMENT and the RECIPIENT asserts a claim for such an adjustment within thirty (30) days after the end of the period of work stoppage, an equitable adjustment in this AGREEMENT may be made by written modification of this AGREEMENT as provided by the terms of this AGREEMENT.

C. If a stop work order is not canceled and the work covered by such order is terminated, the RECIPIENT may be paid for services rendered prior to the termination. In addition to payment for services rendered prior to the date of termination, the COMMISSION shall be liable only for the costs, fees, and expenses for demobilization and closeout of this AGREEMENT, based on actual time and expenses incurred by the RECIPIENT in the packaging and shipment of all documents covered by this AGREEMENT to the COMMISSION. In no event shall the COMMISSION be liable for lost profits or other consequential damages.

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

D. If at any time the funds anticipated for the fulfillment of this AGREEMENT are not forthcoming or are insufficient due to the failure of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the COMMISSION for the performance of this AGREEMENT, the COMMISSION shall have the right, upon ten (10) days' written notice to the RECIPIENT, to terminate this AGREEMENT without damage, penalty, cost, or expenses to the COMMISSION of any kind whatsoever. The effective date of termination shall be as specified in the notice or at the end of any fiscal funding period wherein the funds are not available.

In addition to payment for services rendered prior to the date of the termination, the COMMISSION may be liable only for the costs, fees, and expenses, if any, for demobilization and closeout of this AGREEMENT, based on actual time and expenses incurred by the RECIPIENT. In no event shall the COMMISSION be liable for lost profits or other consequential damages.

SECTION XIV Responsibilities for Claims and Liability

Non-governmental RECIPIENTS shall defend, indemnify, and hold harmless the COMMISSION and all its officers, agents, and employees from any claim, loss, damage, cost, charge, expense, or reasonable attorney fees (including, but not limited to, any type of environmental claim, loss, damage cost charge, or expense), to the extent caused by any act, actions, negligence, or omission by the RECIPIENT, its agents, employees, or sub-recipients during the performance of this AGREEMENT, whether direct or indirect. Neither the RECIPIENT nor any of his agents or sub-recipients will be liable under this provision for damages arising out of the injury or damage to persons or property solely caused or resulting from the negligence of the COMMISSION or any of its officers, agents, or employees.

Non-governmental RECIPIENTS' obligation under this section shall be initiated by the COMMISSION's notice of claim for indemnification to RECIPIENT. At the COMMISSION's option, the RECIPIENT shall defend or participate and associate with the COMMISSION in the defense and trial or arbitration of any damage claim, lien, or suit and any related settlement negotiations. Only an adjudication or judgment after the highest appeal is exhausted specifically finding the COMMISSION entirely responsible shall excuse performance of provision by the RECIPIENT. In such case, the COMMISSION shall pay all costs and fees related to this obligation and its enforcement. Should there be a finding of dual or multiple liability, costs and fees shall be apportioned accordingly.

In conjunction herewith, the COMMISSION agrees to notify all RECIPIENTS in writing as soon as practicable after receipt or notice of any claim involving RECIPIENT. These indemnities shall not be limited by reason of the listing of any insurance coverage.

All RECIPIENTS, whether public or otherwise, agree to notify the Commission of any event encountered in the course of performance of this AGREEMENT which results in injury to any person or property, or which may otherwise subject the RECIPIENT or the COMMISSION or its officers, agents, or employees to liability. The RECIPIENT shall report any such event to the COMMISSION immediately upon discovery. Reporting to the COMMISSION under this section shall not excuse or satisfy any obligation of the RECIPIENT to report any event to law enforcement or other entities under the requirements of any applicable law.

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

All notices, communications, and correspondence between the COMMISSION and the RECIPIENT shall be directed to the key personnel and designated agents designated in this AGREEMENT.

SECTION XV Immigrant Status Certification/E-Verify

RECIPIENT represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp 2008), and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. RECIPIENT agrees to maintain records of such compliance and, upon request of the State and approval of the Social Security Administration or Department of Homeland Security, where required, to provide a copy of each such verification to the State. RECIPIENT further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. RECIPIENT understands and agrees that any breach of these warranties may subject RECIPIENT to the following: (a) termination of this AGREEMENT and ineligibility for any State or public contract in Mississippi for up to three (3) years, with notice of such cancellation/termination being made public, or (b) the loss of any license, permit, certification, or other document granted to RECIPIENT by an agency, department, or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. In the event of such termination/cancellation, RECIPIENT would also be liable for any additional costs incurred by the State due to AGREEMENT cancellation or loss of license or permit. The RECIPIENT is required to provide the certification on Attachment "C" to this AGREEMENT to the COMMISSION verifying that the RECIPIENT and sub-recipient(s), if any, are registered and participating in E-Verify prior to execution of this AGREEMENT.

It is agreed by the parties that no person employed by the RECIPIENT pursuant to the provisions hereof will be considered an agent or employee of the COMMISSION or the Mississippi Department of Transportation.

It is further agreed by the parties that no provision of this AGREEMENT is intended nor shall it be construed to give rise to a third party beneficiary claim on the person or entity not a party hereto.

SECTION XVI Disputes

Any dispute concerning a question of fact in connection with this AGREEMENT which is not disposed of by agreement shall be arbitrated by the Executive Director of the MDOT or such person as the Executive Director may designate. The decision of the Executive Director or his/her designee shall be final and conclusive, unless within fifteen (15) days from the date of receipt of the decision, the RECIPIENT submits a written request for review of the decision. In that event, the RECIPIENT shall be provided an opportunity to be heard on the review and offer evidence in support of the RECIPIENT's position regarding the decision. The decision of the Executive Director on the review shall be final and conclusive unless determined by a court of competent jurisdiction to be unlawful for the reason it was not supported by any substantial evidence, was fraudulent, or

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

was capricious. Until a final determination is made, the RECIPIENT shall proceed forthwith with the performance of the RECIPIENT's duties under this AGREEMENT pursuant to the Executive Director's decision.

SECTION XVII Termination of Agreement by Mutual Consent or Fault

This AGREEMENT may be terminated at any time by mutual consent of both parties. The RECIPIENT may terminate its participation in the PROJECT by notifying in writing and receiving the concurrence of the COMMISSION forty-five (45) days in advance of the termination. The COMMISSION may terminate this AGREEMENT by giving the RECIPIENT fifteen (15) days' advance written notice in the event of determination by the COMMISSION of nonperformance or any breach of any terms of this AGREEMENT by the RECIPIENT. The COMMISSION, before issuing written notice of AGREEMENT termination, may allow the RECIPIENT forty-five (45) days to correct the problems identified. If the COMMISSION makes the determination that this AGREEMENT should be terminated due to (a) insufficient performance, (b) a violation of any provision of this AGREEMENT, or (c) a misuse of the funds or equipment provided under this AGREEMENT, then it is agreed that this AGREEMENT shall be terminated upon fifteen (15) days' notice in writing from the COMMISSION to the RECIPIENT. The RECIPIENT shall be entitled to receive compensation for eligible expenses approved by the COMMISSION prior to receiving the termination notice.

SECTION XVIII Termination of Agreement by the Commission

The COMMISSION shall have the absolute right to terminate this AGREEMENT at any time without notice to the RECIPIENT, on the occurrence of any of the following occurrences, which shall constitute a material breach of this AGREEMENT:

A. failure to perform any of the scheduled duties as set out herein;

B. performing unacceptable work, or neglecting or refusing to remove materials or to perform anew such work as may be rejected as unacceptable;

C. discontinuing the prosecution of the work;

D. subcontracting or assigning the work hereunder without the prior written consent of the COMMISSION;

E. unnecessary delay in completing the duties under this AGREEMENT;

F. violation by the Recipient of any law of the State of Mississippi or any law of the United States of America;

G. becoming insolvent, being declared bankrupt, filing for protection under any chapter of the U.S. Bankruptcy Code, or committing any act of bankruptcy or insolvency;

H. allowing a final judgement to stand unsatisfied;

I. making an assignment of the benefit of creditors;

J. failure to provide and maintain the policies of insurance as required by this AGREEMENT;

K. failure for any other causes whatsoever to carry on the work in an acceptable manner.

Attachment: RESOLUTION# 20210125-07 MDOT MULTI-MODAL PMM-21(003) GRANT (7611 : MDOT Multi-modal Grant Agreement & Work

The above list of circumstances constituting material breach is not intended to be all inclusive and in no way restricts the COMMISSION for terminating this AGREEMENT for any material breach recognized by the Courts, State or Federal.

Termination without notice shall require written notice to the RECIPIENT setting out the basis for said termination and the effective date of said termination. Prior to termination without notice for reasons A, B, C, D, E or I above, the COMMISSION must show that the appropriate supervisory personnel have notified the RECIPIENT of the deficient performance and given the RECIPIENT at least fifteen (15) days to cure the deficiencies, unless said deficiencies are such that they may cause irreparable harm to PROJECT PROPERTY or public safety.

If the RECIPIENT enters into bankruptcy, voluntarily or involuntarily, any PROPERTY, or proceeds resulting from the sale thereof, purchased or financed in whole or in part with funds provided by this AGREEMENT shall not be an asset to the RECIPIENT.

In the event of a termination for any reason, the COMMISSION'S obligations and liability hereunder shall be limited solely to payment of any compensation due RECIPIENT as stated in this AGREEMENT.

SECTION XIX General Provisions

This AGREEMENT, together with the APPLICATION and Attachments hereto, constitutes the sole and entire agreement between the COMMISSION and the RECIPIENT with respect to the PROJECT hereof and supersedes any and all prior agreements, discussions, and negotiations between the COMMISSION and the RECIPIENT.

The RECIPIENT's acceptance of this AGREEMENT shall be evidenced by execution of this AGREEMENT by a duly authorized representative of the RECIPIENT, and said acceptance shall comprise a Port MULTI-MODAL FUNDING AGREEMENT. It shall become effective upon the date of RECIPIENT's acceptance and shall remain in effect for twenty four (24) consecutive months following execution by the Executive Director of the Mississippi Department of Transportation. Any unspent funds remaining at the end of this AGREEMENT shall automatically revert to the COMMISSION.

The COMMISSION executes all its orders and directives through the duly appointed Executive Director and the personnel of the MISSISSIPPI DEPARTMENT OF TRANSPORTATION. All notices and correspondence with or to the COMMISSION pursuant to the PROJECT identified in this AGREEMENT shall be directed to the appropriate modal Division Director, Mississippi Department of Transportation, and shall reference this AGREEMENT number.

SECTION XX Agreement Changes

Modifications, changes, or amendments to this AGREEMENT may be made upon mutual agreement of the parties hereto. However, any change, supplement, modification, or amendment of any term, provision, or condition of this AGREEMENT must be in writing and signed by both parties hereto.

Work Authorization for Professional Services

2021 Rock & Timber, Project # RR2103
(PROJECT IDENTIFICATION NO.)

RR2103-01
(TASK ORDER NUMBER)

It is agreed to undertake the following work in accordance with the provisions of our Prime Agreement for Professional Services dated September 6, 2016. The services shall be Type 2.

DESCRIPTION OF ASSIGNMENT:

1. The scope of work under this project located at the Port Bienville Industrial Park includes Basic and Additional Services as defined herein and in the Prime Agreement. The project includes lifecycle maintenance/replacement of decaying crossties and rock in areas of need, replacement of approximately 1300 LF of 115# rail on the high side of the Belly Track curve, and installation of new dual-treated wood switch package at Star/Industry Lead Switch. Additive alternates to include replacement/maintenance of additional crossties/rock and the installation of a steel tie turnout at the Manufab Spur.

2. The following Services are to be performed:

   A. Basic Services:

      Design and Construction Documents Phase, Bidding Phase, and Construction Phase services in accordance with the Prime Agreement as referenced. Construction Phase services to include review of submittals, pay estimate approval, contractor coordination, part-time inspection/RPR (primarily for weekend switch package installation and rail crossing work), and project closeout.

   B. Additional Services:

      None.

PERIOD OF SERVICES:

1. Design and Construction Document Phase:

   The Design and Construction Document Phase and Additional Services Phase will begin immediately following OWNER approval of this Work Authorization for Professional Services. The estimated time for this work is approximately 60 days.

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

THIS MASTER AGREEMENT FOR PROFESSIONAL SERVICES ("**Agreement**") is made as of the Effective Date by and between the **Hancock County Port and Harbor Commission** (hereinafter referred to as "**Owner**"), and **Garver, LLC** (hereinafter referred to as "**Garver**" or "**Engineer**"). Owner and Garver may individually be referred to herein after as a "Party" and/or "Parties" respectively.

RECITALS

WHEREAS, Owner is in need of certain professional Services as further set forth in the applicable Work Order.

WHEREAS, Garver will provide professional Services as further described herein.

NOW THEREFORE, in consideration of the mutual covenants herein contained and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Parties agree as follows:

1. DEFINITIONS GARVER

In addition to other defined terms used throughout this Agreement, when used herein, the following capitalized terms have the meaning specified in this Section:

"Effective Date" means the date last set forth in the signature lines below.

"Damages" means any and all damages, liabilities, or costs

"Hazardous Materials" means any substance that, under applicable law, is considered to be hazardous or toxic or is or may be required to be remediated, including: (i) any petroleum or petroleum products, radioactive materials, asbestos in any form that is or could become friable, (ii) any chemicals, materials or substances which are now or hereafter become defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," "extremely hazardous wastes," "restricted hazardous wastes," "toxic substances," "toxic pollutants," or any words of similar import pursuant to applicable law; or (iii) any other chemical, material, substance or waste, exposure to which is now or hereafter prohibited, limited or regulated by any governmental instrumentality, or which may be the subject of liability for damages, costs or remediation.

"Personnel" means affiliates, directors, officers, partners, members, employees, and agents.

2. SCOPE OF SERVICES

2.1. Services. Owner hereby engages Garver to perform the scope of services requested by Owner in the Request for Qualifications dated November 24, 2020 and as more particularly set out under a Work Order(s) (the "**Services**"). Execution of the applicable Work Order by Owner constitutes Owner's written authorization to proceed with the Services set forth in such Work Order. In consideration for such Services, Owner agrees to pay Garver in accordance with Section 3 below.

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

3. PAYMENT

3.1. Fee.
Owner will pay Garver in accordance with the fee arrangement established in each separate work order. Owner represents that funding sources are in place with the available funds necessary to pay Garver in accordance with the terms of this Agreement.

3.2. Invoicing Statements. Garver shall invoice Owner on a monthly basis. Such invoice shall include supporting documentation reasonably necessary for Owner to know with reasonable certainty the proportion of Services accomplished.

3.3. Payment.

3.3.1. Due Date. Owner shall pay Garver all undisputed amounts within thirty (30) days after receipt of an invoice (*Subject to Commission approval in our bi-monthly meetings). Owner shall provide notice in writing of any portion of an invoice that is disputed in good faith within fifteen (15) days of receipt of an invoice. Garver shall promptly work to resolve any and all items identified by Owner relating to the disputed invoice. All disputed portions shall be paid promptly upon resolution of the underlying dispute.

3.3.2. If any undisputed payment due Garver under this Agreement is not received within forty-five (45) days from the date of an invoice, Garver may elect to suspend Services under this Agreement without penalty.

3.3.3. Payments due and owing that are not received within thirty (30) days of an invoice date will be subject to interest at the lesser of a one percent (1%) monthly interest charge (compounded) or the highest interest rate permitted by applicable law.

4. AMENDMENTS

4.1. Amendments. Garver shall be entitled to an equitable adjustment in the cost and/or schedule for circumstances outside the reasonable control of Garver, including modifications in the scope of Services, applicable law, codes, or standards after the Effective Date ("Amendment"). As soon as reasonably possible, Garver shall forward a formal Amendment, in the form set forth in Exhibit D, to Owner with backup supporting the Amendment. All Amendments should include, to the extent know and available under the circumstances, documentation sufficient to enable Owner to determine: (i) the factors necessitating the possibility of a change; (ii) the impact which the change is likely to have on the cost to perform the Services; and (iii) the impact which the change is likely to have on the schedule. All Amendments shall be effective only after being signed by the designated representatives of both Parties. Garver shall have no obligation to perform any additional services created by such Amendment until a mutually agreeable Amendment is executed by both Parties.

5. OWNER'S RESPONSIBILITIES

5.1. In connection with the Project, Owner's responsibilities shall include the following:

5.1.1. Those responsibilities set forth in each Work Order.

5.1.2. Owner shall be responsible for all requirements and instructions that it furnishes to Garver pursuant to this Agreement, and for the accuracy and completeness of all programs,

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

reports, data, and other information furnished by Owner to Garver pursuant to this Agreement. Garver may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items as further set forth in each work order.

5.1.3. Owner shall give prompt written notice to Garver whenever Owner observes or otherwise becomes aware of the presence at the Project site of any Hazardous Materials or any relevant, material defect, or nonconformance in: (i) the Services; (ii) the performance by any contractor providing or otherwise performing construction services related to the Project; or (iii) Owner's performance of its responsibilities under this Agreement.

5.1.4. Owner will not directly or indirectly solicit any of Garver's Personnel during performance of this Agreement and for a period of one (1) year beyond completion of this Agreement.

6. GENERAL REQUIREMENTS

6.1. Standards of Performance.

6.1.1. Industry Practice. Garver shall perform any and all Services required herein in accordance with generally accepted practices and standards employed by the applicable United States professional services industries as of the Effective Date practicing under similar conditions and locale. Such generally accepted practices and standards are not intended to be limited to the optimum practices, methods, techniques, or standards to the exclusion of all others, but rather to a spectrum of reasonable and prudent practices employed by the United States professional services industry.

6.1.2. Owner shall not be responsible for discovering deficiencies in the technical accuracy of Garver's services. Garver shall promptly correct deficiencies in technical accuracy without the need for an Amendment unless such corrective action is directly attributable to deficiencies in Owner-furnished information.

6.1.3. On-site Services. Garver and its representatives shall comply with Owner's and its separate contractor's Project-specific safety programs, which have been provided to Garver in writing in advance of any site visits.

6.1.4. Relied Upon Information: Garver may use or rely upon design elements and information ordinarily or customarily furnished by others including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

6.1.5. Aside from Garver's direct subconsultants, Garver shall not at any time supervise, direct, control, or have authority over any contractor's work, nor shall Garver have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any such contractor, or the safety precautions and programs incident thereto, for security or safety at the Project site, nor for any failure of a contractor to comply with laws and regulations applicable to that contractor's services. Garver shall not be responsible for the acts or omissions of any contractor for whom it does not have a direct contract. Aside from Garver's direct subconsultants, Garver neither guarantees the performance of any contractor nor assumes responsibility for any contractor's failure to furnish and perform its work in accordance with the construction

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

contract documents applicable to the contractor's work, even when Garver is performing construction phase services.

6.1.6. In no event is Garver acting as a "municipal advisor" as set forth in the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission. Consequently, Garver's Services expressly do not include providing advice pertaining to insurance, legal, finance, surety-bonding, or similar services.

6.2. Instruments of Service.

6.2.1. Deliverables. All reports, specifications, record drawings, models, data. and all other information provided by Garver or its subconsultants, which is required to be delivered to Owner under the applicable work order (the "**Deliverables**"), shall become the property of Owner subject to the terms and conditions stated herein.

6.2.2. Electronic Media. Owner hereby agrees that all electronic media, including CADD files ("**Electronic Media**"), are tools used solely for the preparation of the Deliverables. Upon Owner's written request, Garver will furnish to Owner copies of Electronic Media to the extent included as part of the Services. In the event of an inconsistency or conflict in the content between the Deliverables and the Electronic Media, however, the Deliverables shall take precedence in all respects. Electronic Media is furnished without guarantee of compatibility with the Owner's software or hardware. Because Electronic Media can be altered, either intentionally or unintentionally, by transcription, machine error, environmental factors, or by operators, it is agreed that, to the extent permitted by applicable law.

6.2.3. Property Rights. All intellectual property rights of a Party, including copyright, patent, and reuse ("**Intellectual Property**"), shall remain the Intellectual Property of that Party. Garver shall obtain all necessary Intellectual Property from any necessary third parties in order to execute the Services. Any Intellectual Property of Garver or any third party embedded in the Deliverables shall remain so imbedded and may not be separated therefrom.

6.2.4. License. Upon Owner fulfilling its payment obligations under this Agreement, Garver hereby grants Owner a license to use the Intellectual Property, but only in the operation and maintenance of the Project for which it was provided under this Agreement.

6.3. Opinions of Cost.

6.3.1. Since Garver has no control over: (i) the cost of labor, materials, equipment, or services furnished by others; (ii) the contractor or its subcontractor(s)' methods of determining prices; (iii) competitive bidding; (iv) market conditions: or (v) similar material factors, Garver's opinions of Project costs or construction costs provided pursuant to applicable work order, if any, are to be made on the basis of Garver's experience and qualifications and represent Garver's reasonable judgment as an experienced and qualified professional engineering firm, familiar with the construction industry; but Garver cannot and does not guarantee that proposals, bids, or actual Project or construction costs will not vary from estimates prepared by Garver.

6.3.2. Owner understands that the construction cost estimates developed by Garver do not establish a limit for the construction contract amount. If the actual amount of the low

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

construction bid or resulting construction contract exceeds the construction budget established by Owner, Garver will not be required to re-design the Services without additional compensation. In the event Owner requires greater assurances as to probable construction cost, then Owner agrees to obtain an independent cost estimate.

6.4. Underground Utilities. Except to the extent expressly included as part of the Services, Garver will not provide research regarding utilities or survey utilities located and marked by their owners. Furthermore, since many utility companies typically will not locate and mark their underground facilities prior to notice of excavation, Garver is not responsible for knowing whether underground utilities are present or knowing the exact location of such utilities for design and cost estimating purposes. In no event is Garver responsible for damage to unmarked or improperly marked underground utilities.

6.5. Design without Construction Phase Services.

6.5.1. If the Owner requests in writing that Garver provide any specific construction phase services or assistance with resolving disputes or other subcontractor related issues, and if Garver agrees to provide such services, then Garver shall be compensated for the services as an Amendment in accordance with Sections 4 and 10.2.

6.6. Hazardous Materials. Nothing in this Agreement shall be construed or interpreted as requiring Garver to assume any role in the identification, evaluation, treatment, storage, disposal, or transportation of any Hazardous Materials. Notwithstanding any other provision to the contrary in this Agreement and to the fullest extent permitted by law, Owner shall release Garver from liability related to Hazardous Materials .

6.7. Confidentiality. Owner and Garver shall consider: (i) all information provided by the other Party that is marked as “Confidential Information” or “Proprietary Information” or identified as confidential pursuant to this Section 6.7 in writing promptly after being disclosed verbally; and (ii) all documents resulting from Garver’s performance of Services to be Confidential Information. Except as legally required, Confidential Information shall not be discussed with or transmitted to any third parties, except on a “need to know basis” with equal or greater confidentiality protection or written consent of the disclosing Party. Confidential Information shall not include and nothing herein shall limit either Party’s right to disclose any information provided hereunder which: (i) was or becomes generally available to the public, other than as a result of a disclosure by the receiving Party or its Personnel; (ii) was or becomes available to the receiving Party or its representatives on a non-confidential basis, provided that the source of the information is not bound by a confidentiality agreement or otherwise prohibited from transmitting such information by a contractual, legal, or fiduciary duty; (iii) was independently developed by the receiving Party without the use of any Confidential Information of the disclosing Party; or (iv) is required to be disclosed by applicable law or a court order. All confidentiality obligations hereunder shall expire three (3) years after completion of the Services. Nothing herein shall be interpreted as prohibiting Garver from disclosing general information regarding the Project for future marketing purposes.

7. INSURANCE

7.1. Insurance.

7.1.1. Garver shall procure and maintain insurance as set forth in Exhibit A until completion of the Service. Garver shall name Owner as an additional insured on Garver’s General

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

Liability policy to the extent of Garver's indemnity obligations provided in Section 9 of this Agreement.

7.1.2. Garver shall furnish Owner a certificate of insurance evidencing the insurance coverages required in Exhibit A.

8. DOCUMENTS

8.1. Audit. Garver shall maintain all required records for the later of three (3) years after completion of the Services or Owner makes final payment and all other pending matters are closed. FAA, Owner, Comptroller General of the United States or any of their duly authorized representatives shall have access to any books, documents, papers and records of Garver which are directly pertinent to a specific grant program for the purpose of audit, examination, excerpts, and transcription. In no event shall Owner be entitled to audit the makeup of lump sum or other fixed prices (e.g., agreed upon unit or hour rates).

8.2. Delivery. After completion of the work order, and prior to final payment, Garver shall deliver to the Owner all original documentation prepared under the work order, and one (1) set of the record drawing construction plans updated to reflect changes. One (1) set of the record drawing construction plans will also be delivered to the FAA airport region office. In the event the Owner does not have proper storage facilities for the protection of the original drawings, the Owner may request Garver to retain the drawings with the provision that they will be made available upon written request.

9. INDEMNIFICATION / WAIVERS

9.1. Indemnification.

9.1.1. Garver Indemnity. Subject to the limitations of liability set forth in Section 9.2, Garver agrees to indemnify and hold Owner, and Owner's Personnel harmless from Damages due to bodily injury (including death) or third-party tangible property damage to the extent such Damages are caused by the negligent acts, errors, or omissions of Garver or any other party for whom Garver is legally liable, in the performance of the Services under this Agreement.

9.1.2. In the event claims or Damages are found to be caused by the joint or concurrent negligence of Garver and the Owner, they shall be borne by each Party in proportion to its own negligence.

10. DISPUTE RESOLUTION

10.1. The Owner and GARVER agree to, through good faith efforts, first attempt to resolve all conflicts that arise out of or related to this Agreement, through direct discussions involving senior and/or executive management representatives from their respective organizations. It is a requirement of this clause for this condition be attempted prior to the use of other dispute resolution processes. If the respective representatives are unable to develop a compromise resolving the dispute, such that it is satisfactory to both Parties within thirty (30) calendar days after a Party delivers a written notice of such dispute, then further mediation processes shall begin, as described herein.

10.2. If direct discussions fail to resolve the dispute, the Owner and Garver further agree to pursue non-binding mediation unless the Parties mutually agree otherwise.

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

10.3. Litigation Assistance. This Agreement does not include costs of Garver for required or requested assistance to support, prepare, document, bring, defend, or assist in litigation undertaken or defended by Owner, unless litigation assistance has been expressly included as part of Services. In the event Owner requests such services of Garver, this Agreement shall be amended in writing by both Owner and Garver to account for the additional services and resulting cost in accordance with Section 4.

11. TERMINATION

11.1. Termination for Convenience. Owner shall have the right at its sole discretion to terminate this Agreement for convenience at any time upon giving Garver ten (10) days' written notice. In the event of a termination for convenience, Garver shall bring any ongoing Services to an orderly cessation. Owner shall compensate Garver in accordance with Exhibit B for: (i) all Services performed and reasonable costs incurred by Garver on or before Garver's receipt of the termination notice, including all outstanding and unpaid invoices, and (ii) all costs reasonably incurred to bring such Services to an orderly cessation.

11.2. Termination for Cause. This Agreement may be terminated by either Party in the event of failure by the other Party to perform any material obligation in accordance with the terms hereof. Prior to termination of this Agreement for cause, the terminating Party shall provide at least seven (7) business days written notice and a reasonable opportunity to cure to the non-performing Party. In all events of termination for cause due to an event of default by the Owner, Owner shall pay Garver for all Services properly performed prior to such termination in accordance with the terms, conditions and rates set forth in this Agreement.

11.3. Termination in the Event of Bankruptcy. Either Party may terminate this Agreement immediately upon notice to the other Party, and without incurring any liability, if the non-terminating Party has: (i) been adjudicated bankrupt; (ii) filed a voluntary petition in bankruptcy or had an involuntary petition filed against it in bankruptcy; (iii) made an assignment for the benefit of creditors; (iv) had a trustee or receiver appointed for it; (v) becomes insolvent; or (vi) any part of its property is put under receivership.

13. MISCELLANEOUS

13.1. Governing Law. This Agreement is governed by the laws of the State of Mississippi, without regard to its choice of law provisions.

13.2. Successors and Assigns. Owner and Garver each bind themselves and their successors, executors, administrators, and assigns of such other party, in respect to all covenants of this Agreement; neither Owner nor Garver shall assign, sublet, or transfer their interest in this Agreement without the written consent of the other, which shall not be unreasonably withheld or delayed.

13.3. Independent Contractor. Garver is and at all times shall be deemed an independent contractor in the performance of the Services under this Agreement.

13.4. No Third-Party Beneficiaries. Nothing herein shall be construed to give any rights or benefits hereunder to anyone other than Owner and Garver. This Agreement does not contemplate any third-party beneficiaries.

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

13.5. Entire Agreement. This Agreement constitutes the entire agreement between Owner and Garver and supersedes all prior written or oral understandings and shall be interpreted as having been drafted by both Parties. This Agreement may be amended, supplemented, or modified only in writing by and executed by both Parties.

13.6. Severance. The illegality, unenforceability, or occurrence of any other event rendering a portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of the Agreement. Any void provision of this Agreement shall be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void.

13.7. Counterpart Execution. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original and all of which taken together constitute one Agreement. Delivery of an executed counterpart of this Agreement by fax or transmitted electronically in legible form, shall be equally effective as delivery of a manually executed counterpart of this Agreement.

14. EXHIBITS

14.1. The following Exhibits are attached to and made a part of this Agreement:

Exhibit A – Insurance
Exhibit B – Form of Work Order
Exhibit C – Certification of Engineer
Exhibit D – Mandatory Federal Contract Provisions for Professional Services Contracts

Owner and Garver, by signing this Agreement, acknowledges that they have independently assured themselves and confirms that they individually have examined all Exhibits, and agrees that all of the aforesaid Exhibits shall be considered a part of this Agreement and agrees to be bound to the terms, provisions, and other requirements thereof, unless specifically excluded.

Acceptance of this proposed Agreement is indicated by an authorized agent of the Owner signing in the space provided below. Please return one signed original of this Agreement to Garver for our records.

EXHIBIT D

MANDATORY FEDERAL CONTRACT PROVISIONS FOR PROFESSIONAL SERVICES CONTRACTS

1. ACCESS TO RECORDS AND REPORTS

The Engineer must maintain an acceptable cost accounting system. The Engineer agrees to provide the sponsor, the Federal Aviation Administration, and the Comptroller General of the United States or any of their duly authorized representatives, access to any books, documents, papers, and records of the Engineer which are directly pertinent to the specific contract for the purpose of making audit, examination, excerpts and transcriptions. The Engineer agrees to maintain all books, records and reports required under this contract for a period of not less than three years after final payment is made and all pending matters are closed.

2. BREACH OF CONTRACT TERMS

Any violation or breach of terms of this contract on the part of the Engineer or its subconsultants may result in the suspension or termination of this contract or such other action that may be necessary to enforce the rights of the parties of this agreement.

Owner will provide Engineer written notice that describes the nature of the breach and corrective actions the Engineer must undertake in order to avoid termination of the contract. Owner reserves the right to withhold payments to Engineer until such time the Engineer corrects the breach or the Owner elects to terminate the contract. The Owner's notice will identify a specific date by which the Engineer must correct the breach. Owner may proceed with termination of the contract if the Engineer fails to correct the breach by deadline indicated in the Owner's notice.

The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder are in addition to, and not a limitation of, any duties, obligations, rights and remedies otherwise imposed or available by law.

3. CIVIL RIGHTS - GENERAL

The Engineer agrees to comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision binds the Engineer and subconsultants from the solicitation period through the completion of the contract. This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

4. CIVIL RIGHTS – TITLE VI ASSURANCE

During the performance of this contract, the Engineer, for itself, its assignees, and successors in interest (hereinafter referred to as the "Engineer") agrees as follows:

I. Compliance with Regulations: The Engineer (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts And Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

II. Non-discrimination: The Engineer, with regard to the work performed by it during the contract, will

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

not discriminate on the grounds of race, color, or national origin in the selection and retention of subconsultants, including procurements of materials and leases of equipment. The Engineer will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

III. Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding, or negotiation made by the Engineer for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subconsultant or supplier will be notified by the Engineer of the Engineer's obligations under this contract and the Nondiscrimination Acts And Authorities on the grounds of race, color, or national origin.

IV. Information and Reports: The Engineer will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts And Authorities and instructions. Where any information required of a Engineer is in the exclusive possession of another who fails or refuses to furnish the information, the Engineer will so certify to the sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

V. Sanctions for Noncompliance: In the event of a Engineer's noncompliance with the Non-discrimination provisions of this contract, the sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

a. Withholding payments to the Engineer under the contract until the Engineer complies; and/or

b. Cancelling, terminating, or suspending a contract, in whole or in part.

VI. Incorporation of Provisions: The Engineer will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The Engineer will take action with respect to any subcontract or procurement as the sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Engineer becomes involved in, or is threatened with litigation by a subconsultant, or supplier because of such direction, the Engineer may request the sponsor to enter into any litigation to protect the interests of the sponsor. In addition, the Engineer may request the United States to enter into the litigation to protect the interests of the United States.

5. CLEAN AIR AND WATER POLLUTION CONTROL

Engineer agrees to comply with all applicable standards, orders, and regulations issued pursuant to the Clean Air Act (42 U.S.C. § 740-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251-1387). The Engineer agrees to report any violation to the Owner immediately upon discovery. The Owner assumes responsibility for notifying the Environmental Protection Agency (EPA) and the Federal Aviation Administration.

6. CONTRACT WORKHOURS AND SAFETY STANDARDS ACT REQUIREMENTS

I. Overtime Requirements. No Engineer or subconsultant contracting for any part of the contract

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic, including watchmen and guards, in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

II. Violation; Liability for Unpaid Wages; Liquidated Damages. In the event of any violation of the clause set forth in paragraph (1) of this clause, the Engineer and any subconsultant responsible therefor shall be liable for the unpaid wages. In addition, such Engineer and subconsultant shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this clause, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this clause.

III. 3. Withholding for Unpaid Wages and Liquidated Damages. The Federal Aviation Administration (FAA) or the Owner shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Engineer or subconsultant under any such contract or any other Federal contract with the same prime Engineer, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Engineer, such sums as may be determined to be necessary to satisfy any liabilities of such Engineer or subconsultant for unpaid wages and liquidated damages as provided in the clause set forth in paragraph 2 of this clause.

IV. 4. Subconsultants. The Engineer or subconsultant shall insert in any subcontracts the clauses set forth in paragraphs (1) through (4) and also a clause requiring the subconsultant to include these clauses in any lower tier subcontracts. The prime Engineer shall be responsible for compliance by any subconsultant or lower tier subconsultant with the clauses set forth in paragraphs (1) through (4) of this clause.

7. DEBARMENT AND SUSPENSION

By submitting a bid/proposal under this solicitation, the Engineer certifies that neither it nor its principals are presently debarred or suspended by any Federal department or agency from participation in this transaction.

8. DISADVANTAGED BUSINESS ENTERPRISE

The Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of Department of Transportation-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Owner deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;
2) Assessing sanctions;
3) Liquidated damages; and/or
4) Disqualifying the Contractor from future bidding as non-responsible.

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contractor receives from the Owner. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the Owner. This clause applies to both DBE and non-DBE subcontractors.

9. DISTRACTED DRIVING

In accordance with Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving" (10/1/2009) and DOT Order 3902.10 "Text Messaging While Driving" (12/30/2009), the FAA encourages recipients of Federal grant funds to adopt and enforce safety policies that decrease crashes by distracted drivers, including policies to ban text messaging while driving when performing work related to a grant or sub-grant.

In support of this initiative, the Owner encourages the Engineer to promote policies and initiatives for its employees and other work personnel that decrease crashes by distracted drivers, including policies that ban text messaging while driving motor vehicles while performing work activities associated with the project. The Engineer must include the substance of this clause in all sub-tier contracts exceeding $3,500 and involve driving a motor vehicle in performance of work activities associated with the project.

10. ENERGY CONSERVATION REQUIREMENTS

Engineer and subconsultant agree to comply with mandatory standards and policies relating to energy efficiency as contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201et seq).

11. EQUAL EMPLOYEMENT OPPORTUNITY (E.E.O.)

I. During the performance of this contract, the Engineer agrees as follows:

(1) The Engineer will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Engineer will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identify or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Engineer agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Engineer will, in all solicitations or advertisements for employees placed by or on behalf of the Engineer, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

(3) The Engineer will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Engineer's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

(4) The Engineer will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The Engineer will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the Engineer's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Engineer may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The Engineer will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subconsultant or vendor. The Engineer will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event an Engineer becomes involved in, or is threatened with, litigation with a subconsultant or vendor as a result of such direction by the administering agency the Engineer may request the United States to enter into such litigation to protect the interests of the United States.

II. Standard Federal Equal Employment Opportunity Contract Specifications

(1) As used in these specifications:

a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;

b. "Director" means Director, Office of Federal Contract Compliance Programs (OFCCP), U.S. Department of Labor, or any person to whom the Director delegates authority;

c. "Employer identification number" means the Federal social security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941;

d. "Minority" includes:

i. Black (all) persons having origins in any of the Black African racial groups not of Hispanic origin);

ii. Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin regardless of race);

iii. Asian and Pacific Islander (all persons having origins in any of the original

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and

iv. American Indian or Alaskan native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

(2) Whenever the Engineer, or any subconsultant at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract in excess of $10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.

(3) If the Engineer is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Engineers shall be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Engineer or subconsultant participating in an approved plan is individually required to comply with its obligations under the EEO clause and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Engineers or subconsultants toward a goal in an approved Plan does not excuse any covered Engineer's or subconsultant's failure to take good faith efforts to achieve the Plan goals and timetables.

(4) The Engineer shall implement the specific affirmative action standards provided in paragraphs 7a through 7p of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Engineer should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction Engineers performing construction work in a geographical area where they do not have a Federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The Engineer is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

(5) Neither the provisions of any collective bargaining agreement nor the failure by a union with whom the Engineer has a collective bargaining agreement to refer either minorities or women shall excuse the Engineer's obligations under these specifications, Executive Order 11246 or the regulations promulgated pursuant thereto.

(6) In order for the non-working training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees shall be employed by the Engineer during the training period and the Engineer shall have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees shall be trained pursuant to training programs approved by the U.S. Department of Labor.

(7) The Engineer shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Engineer's compliance with these specifications shall be based upon its

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

effort to achieve maximum results from its actions. The Engineer shall document these efforts fully and shall implement affirmative action steps at least as extensive as the following:

a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Engineer's employees are assigned to work. The Engineer, where possible, will assign two or more women to each construction project. The Engineer shall specifically ensure that all foremen, superintendents, and other onsite supervisory personnel are aware of and carry out the Engineer's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.

b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Engineer or its unions have employment opportunities available, and maintain a record of the organizations' responses.

c. Maintain a current file of the names, addresses, and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source, or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Engineer by the union or, if referred, not employed by the Engineer, this shall be documented in the file with the reason therefore along with whatever additional actions the Engineer may have taken.

d. Provide immediate written notification to the Director when the union or unions with which the Engineer has a collective bargaining agreement has not referred to the Engineer a minority person or female sent by the Engineer, or when the Engineer has other information that the union referral process has impeded the Engineer's efforts to meet its obligations.

e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Engineer's employment needs, especially those programs funded or approved by the Department of Labor. The Engineer shall provide notice of these programs to the sources compiled under 7b above.

f. Disseminate the Engineer's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Engineer in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.

g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination, or other employment decisions including specific review of these items with onsite supervisory personnel such a superintendents, general foremen, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the Engineer's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Engineer's EEO policy with other Engineers and subconsultants with whom the Engineer does or anticipates doing business.

i. Direct its recruitment efforts, both oral and written, to minority, female, and community organizations, to schools with minority and female students; and to minority and female recruitment and training organizations serving the Engineer's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Engineer shall send written notification to organizations, such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer, and vacation employment to minority and female youth both on the site and in other areas of a Engineer's workforce.

k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.

l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel, for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments, and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Engineer's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are non-segregated except that separate or single user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction Engineers and suppliers, including circulation of solicitations to minority and female Engineer associations and other business associations.

p. Conduct a review, at least annually, of all supervisor's adherence to and performance under the Engineer's EEO policies and affirmative action obligations.

(8) Engineers are encouraged to participate in voluntary associations, which assist in fulfilling one or more of their affirmative action obligations (7a through 7p). The efforts of a Engineer association, joint Engineer union, Engineer community, or other similar groups of which the Engineer is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through 7p of these specifications provided that the Engineer actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of

the program are reflected in the Engineer's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Engineer. The obligation to comply, however, is the Engineer's and failure of such a group to fulfill an obligation shall not be a defense for the Engineer's noncompliance.

(9) A single goal for minorities and a separate single goal for women have been established. The Engineer, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, if the particular group is employed in a substantially disparate manner (for example, even though the Engineer has achieved its goals for women generally,) the Engineer may be in violation of the Executive Order if a specific minority group of women is underutilized.

(10) The Engineer shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

(11) The Engineer shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

(12) The Engineer shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination, and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any Engineer who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

(13) The Engineer, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Engineer fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.

(14) The Engineer shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government, and to keep records. Records shall at least include for each employee, the name, address, telephone number, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, Engineers shall not be required to maintain separate records.

(15) Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

12. FEDERAL FAIR LABOR STANDARDS ACT (FEDERAL MINIMUM WAGE)

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

All contracts and subcontracts that result from this solicitation incorporate by reference the provisions of 29 CFR part 201, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part time workers.

The Engineer has full responsibility to monitor compliance to the referenced statute or regulation. The Engineer must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division

13. LOBBYING AND INFLUENCING FEDERAL EMPLOYEES

The Engineer certifies by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

I. No Federal appropriated funds have been paid or will be paid, by or on behalf of the Engineer, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

II. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

III. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

14. OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970

All contracts and subcontracts that result from this solicitation incorporate by reference the requirements of 29 CFR Part 1910 with the same force and effect as if given in full text. Engineer must provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. The Engineer retains full responsibility to monitor its compliance and their subconsultant’s compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (20 CFR Part 1910). Engineer must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration.

15. TERMINATION OF CONTRACT

I. Termination for Convenience. The Owner may, by written notice to the Consultant, terminate this Agreement for its convenience and without cause or default on the part of Consultant. Upon receipt of the notice of termination, except as explicitly directed by the Owner, the Engineer must immediately discontinue all services affected.

Upon termination of the Agreement, the Consultant must deliver to the Owner all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by the Engineer under this contract, whether complete or partially complete.

Owner agrees to make just and equitable compensation to the Consultant for satisfactory work completed up through the date the Consultant receives the termination notice. Compensation will not include anticipated profit on non-performed services.

Owner further agrees to hold Consultant harmless for errors or omissions in documents that are incomplete as a result of the termination action under this clause.

II. Termination for Default. Either party may terminate this Agreement for cause if the other party fails to fulfill its obligations that are essential to the completion of the work per the terms and conditions of the Agreement. The party initiating the termination action must allow the breaching party an opportunity to dispute or cure the breach.

The terminating party must provide the breaching party [7] days advance written notice of its intent to terminate the Agreement. The notice must specify the nature and extent of the breach, the conditions necessary to cure the breach, and the effective date of the termination action. The rights and remedies in this clause are in addition to any other rights and remedies provided by law or under this agreement.

a) Termination by Owner: The Owner may terminate this Agreement in whole or in part, for the failure of the Consultant to:

1. Perform the services within the time specified in this contract or by Owner approved extension;

2. Make adequate progress so as to endanger satisfactory performance of the Project;

3. Fulfill the obligations of the Agreement that are essential to the completion of the Project.

Upon receipt of the notice of termination, the Consultant must immediately discontinue all services affected unless the notice directs otherwise. Upon termination of the Agreement, the Consultant must deliver to the Owner all data, surveys, models, drawings, specifications, reports, maps, photographs, estimates, summaries, and other documents and materials prepared by the Engineer under this contract, whether complete or partially complete.

Owner agrees to make just and equitable compensation to the Consultant for satisfactory work completed up through the date the Consultant receives the termination notice. Compensation will not include anticipated profit on non-performed services.

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

Owner further agrees to hold Consultant harmless for errors or omissions in documents that are incomplete as a result of the termination action under this clause.

If, after finalization of the termination action, the Owner determines the Consultant was not in default of the Agreement, the rights and obligations of the parties shall be the same as if the Owner issued the termination for the convenience of the Owner.

b) Termination by Consultant: The Consultant may terminate this Agreement in whole or in part, if the Owner:

1. Defaults on its obligations under this Agreement;

2. Fails to make payment to the Consultant in accordance with the terms of this Agreement;

3. Suspends the Project for more than 180 days due to reasons beyond the control of the Consultant.

Upon receipt of a notice of termination from the Consultant, Owner agrees to cooperate with Consultant for the purpose of terminating the agreement or portion thereof, by mutual consent. If Owner and Consultant cannot reach mutual agreement on the termination settlement, the Consultant may, without prejudice to any rights and remedies it may have, proceed with terminating all or parts of this Agreement based upon the Owner's breach of the contract.

In the event of termination due to Owner breach, the Engineer is entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all justified reimbursable expenses incurred by the Consultant through the effective date of termination action. Owner agrees to hold Consultant harmless for errors or omissions in documents that are incomplete as a result of the termination action under this clause.

16. TRADE RESTRICTION CERTIFICATION

By submission of an offer, the Engineer certifies that with respect to this solicitation and any resultant contract, the Engineer –

(1) is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms as published by the Office of the United States Trade Representative (U.S.T.R.);

(2) has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country included on the list of countries that discriminate against U.S. firms as published by the U.S.T.R; and

(3) has not entered into any subcontract for any product to be used on the Federal on the project that is produced in a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 1001.

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

The Engineer must provide immediate written notice to the Owner if the Engineer learns that its certification or that of a subconsultant was erroneous when submitted or has become erroneous by reason of changed circumstances. The Engineer must require subconsultants provide immediate written notice to the Engineer if at any time it learns that its certification was erroneous by reason of changed circumstances.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to an Engineer or subconsultant:

(1) who is owned or controlled by one or more citizens or nationals of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R. or

(2) whose subconsultants are owned or controlled by one or more citizens or nationals of a foreign country on such U.S.T.R. list or

(3) who incorporates in the public works project any product of a foreign country on such U.S.T.R. list;

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a Engineer is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

The Engineer agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in in all lower tier subcontracts. The Engineer may rely on the certification of a prospective subconsultant that it is not a firm from a foreign country included on the list of countries that discriminate against U.S. firms as published by U.S.T.R, unless the Engineer has knowledge that the certification is erroneous.

This certification is a material representation of fact upon which reliance was placed when making an award. If it is later determined that the Engineer or subconsultant knowingly rendered an erroneous certification, the Federal Aviation Administration may direct through the Owner cancellation of the contract or subcontract for default at no cost to the Owner or the FAA.

17. VETERAN'S PREFERENCE

In the employment of labor (excluding executive, administrative, and supervisory positions), the Engineer and all sub-tier Engineers must give preference to covered veterans as defined within Title 49 United States Code Section 47112. Covered veterans include Vietnam-era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns (as defined by 15 U.S.C. 632) owned and controlled by disabled veterans. This preference only applies when there are covered veterans readily available and qualified to perform the work to which the employment relates.

18. TAX DELINQUENCY AND FELONY CONVICTIONS

The Engineer agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification in all lower tier subcontracts.

1) The Engineer represents that it is not a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or

Attachment: RESOLUTION# 20210125-09 THE MASTER SERVICES AGREEMENT (7614 : Execution of Master Services Agreement with Garver,

have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

2) The Engineer represents that it is not a corporation that was convicted of a criminal violation under any Federal law within the preceding 24 months.

Felony conviction: Felony conviction means a conviction within the preceding twenty-four (24) months of a felony criminal violation under any Federal law and includes conviction of an offense defined in a section of the U.S. code that specifically classifies the offense as a felony and conviction of an offense that is classified as a felony under 18 U.S.C. § 3559.

Tax Delinquency: A tax delinquency is any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

This WORK ORDER ("Work Order") is made by and between the **Hancock County Port and Harbor Commission** (hereinafter referred to as "**Owner**") and **Garver, LLC**, (hereinafter referred to as "**Garver**") in accordance with the provisions of the MASTER AGREEMENT FOR PROFESSIONAL SERVICES executed on_____ (the "Agreement").

Under this Work Order, the Owner intends to complete the following project:

Airfield Lighting Rehabilitation

Garver will provide professional services related to these improvements as described herein. Terms not defined herein shall have the meaning assigned to them in the Agreement.

SECTION 1 - SCOPE OF SERVICES

See Appendix A for a detailed scope of services.

SECTION 2 – PAYMENT

For the Services set forth above, Owner will pay Garver as outlined in the table below:

WORK DESCRIPTION	FEE AMOUNT	FEE TYPE
Surveys	$10,590	LUMP SUM
Preliminary Design	$30,702	LUMP SUM
Final Design	$47,402	LUMP SUM
Bidding Services	$5,184	LUMP SUM
Closeout	$2,830	LUMP SUM
Construction Phase Services	$57,130	RATE SCHEDULE
TOTAL FEE	$ 153,838	

The lump sum amount to be paid under this Work Order is **$96,708**. For informational purposes, a breakdown of Garver's estimated costs is included herein with approximate current hourly rates for each employee classification.

Any unused portion of the fee, due to delays beyond Garver's control, will be increased six percent (6%) annually with the first increase effective on or about June 1, 2022.

For Construction Phase Services, The Owner will pay Garver for Services rendered at the rates shown in Appendix B for each classification of Garver's personnel (may include contract staff classified at Garver's discretion) plus reimbursable expenses including but not limited to printing, courier service, reproduction, and travel. The total amount paid to Garver under this Work Order is estimated to be **$57,130**. The actual total fee may exceed this estimate. For informational purposes, a breakdown of Garver's estimated cost is included herein with approximate current hourly rates for each employee classification. The rates shown in Appendix B will be increased annually with the first increase effective on or about June 1, 2022. Notwithstanding the foregoing, Garver shall be entitled, in its sole discretion, to substitute a more qualified person (e.g., C-4) with a less qualified person (e.g., C-1); provided however, in such event Garver shall only be entitled to payment at the lesser rate.

Expenses other than salary costs that are directly attributable to performance of our Services will be billed as follows:

1. Direct cost for travel, long distance and wireless communications, outside reproduction and presentation material preparation, and mail/courier expenses.
2. Direct cost-plus ten percent (10%) for subcontract/subconsultant fees.
3. Charges similar to commercial rates for reports, plan sheets, presentation materials, etc.

SECTION 3 – APPENDICES

3.1 The following Appendices are attached to and made a part of this Work Order:
- 3.1.1 Appendix A - Scope of Services
- 3.1.2 Appendix B – Fee Spreadsheets

This Work Order may be executed in two (2) or more counterparts each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

The effective date of this Work Order shall be the last date written below.

APPENDIX A

SCOPE OF SERVICES
AIRFIELD LIGHTING REHABILITATION
HANCOCK COUNTY PORT AND HARBOR COMMISSION
STENNIS INTERNATIONAL AIRPORT
KILN, MISSISSIPPI

2.1 General

Generally, the scope of services includes surveys, preliminary services, final design, bidding, project closeout and, construction phase services for improvements to the ***Stennis International Airport***. Improvements will be primarily funded with an FAA AIP grant.

The Airfield Lighting Rehabilitation project includes the following items of work:

1. Runway Lighting Replacement with LED fixtures.
2. Installation of LED PAPIs on Runway 18 and 36.
3. Installation of LED REILs on Runway 36.
4. Replacement of airfield cabling and transformers.
5. Installation of dual Runway circuits with two constant current regulators.
6. Coordination with the FAA for flight checks to certify PAPIs, REILs, and Runway Lights.

2.2 Surveys

Garver will provide field survey data for designing the project, and this survey will be tied to the Owner's control network.

Garver will conduct field surveys, utilizing radial topography methods, at intervals and for distances at and/or along the project site as appropriate for modeling the existing ground, including locations of pertinent features or improvements. Garver will locate buildings and other structures, streets, drainage features, trees over eight inches in diameter, visible utilities as well as those underground utilities marked by their owners and/or representatives, and any other pertinent topographic features that may be present at and/or along the project site. If necessary Garver will establish control points for use during construction.

Garver will also provide Obstacle Clearance Surface (OCS) and Light Signal Clearance Surface(LSC) checks prior to sighting the PAPI units.

2.3 Geotechnical Services

Geotechnical services will not be a part of this agreement.

2.4 Design Services

Garver will prepare detailed construction drawings, specifications, instructions to bidders, general provisions and special provisions, all based on guides furnished to Garver by the Client and FAA. Contract Documents (Plans, Specifications, and Estimates) will be prepared for award of one (1)

Attachment: RESOLUTION# 20210125-10 WORK AUTHORIZATION #1 TO GARVER, (7615 : Professional Services Agreement with Garver, LLC.)

construction contract in FY2021. These designs shall be in accordance with sound engineering principles and shall be submitted to the FAA office from which approval must be obtained. Detailed specifications shall be developed using FAA "Standards for Specifying Construction for Airports" AC 150/5370-10 (latest edition) or other appropriate standards approved for use by the FAA. A specimen copy of the General Provisions and applicable prevailing wage rates will be obtained by Garver from the FAA as appropriate for incorporation into the specifications for the proposed project.

Garver will submit to the Owner and FAA Airport's Regional Office advance copies of the plans and specifications and cost estimates for review. Garver will make any additions to respond to comments by the FAA, and when the documents have been approved, Garver will furnish plans to the FAA and to the Client for bidding and coordination purposes.

Various components/submittal milestones are as detailed below:

2.4.1 Preliminary Design:

a. Coordinate with the Owner on project scope requirements, finances, schedules, operational safety and phasing considerations, site access and other pertinent matters.
b. As applicable, coordinate project with local FAA personnel and other interested stakeholders to identify potential impacts to their operations.
c. Planning, procuring, and/or preparing necessary surveys, field investigations, and architectural and engineering studies required for design considerations.
d. Developing design schematics, sketches, environmental and aesthetic considerations, project recommendations, and preliminary layouts and cost estimates.
e. Preparing project design criteria and other bridging documents commonly used for alternative project delivery methods such as design-build contracting.
f. Preparing Preliminary Engineer's Report.
g. Holding a Kickoff Meeting.

2.4.2 Final Design:

a. Conducting and attending meetings and design conferences to obtain information and to coordinate or resolve design matters.
b. Collecting engineering data and undertaking field investigations.
c. Preparing necessary engineering reports and recommendations.
d. Preparing detailed plans, specifications, cost estimates, and design/construction schedules.
    a. Plans and Specifications will be submitted at the following stages:
        i. Design Development (90%)
        ii. Construction Documents (100%)
e. Preparing Construction Safety and Phasing Plan (CSPP).
f. Printing and providing necessary copies of engineering drawings and contract specifications.

2.5 Bidding Services

Garver will assist the Client in advertising for and obtaining bids or negotiating proposals for each separate prime contract for construction, materials, equipment and services; and, where applicable,

Attachment: RESOLUTION# 20210125-10 WORK AUTHORIZATION #1 TO GARVER, (7615 : Professional Services Agreement with Garver, LLC.)

maintain a record of prospective bidders to whom Bidding Documents have been issued, and receive and process deposits for Bidding Documents. The Client will pay advertising costs outside of this contract. Garver will issue addenda as appropriate to interpret, clarify or expand the Bidding Documents. Garver will consult with and advise the Client as to the acceptability of subcontractors, suppliers and other persons and organizations proposed by the prime contractor(s) (herein called "Contractor(s)") for those portions of the work as to which such acceptability is required by the Bidding Documents. Garver will consult with the Client concerning and determine the acceptability of substitute materials and equipment proposed by Contractor(s) when substitution prior to the award of contracts is allowed by the Bidding Documents. Garver will attend the bid opening, prepare bid tabulation sheets and assist the Client in evaluating bids or proposals and in assembling and awarding contracts for construction, materials, equipment and services. Garver will assist the Client in the execution of all contract documents and furnish a sufficient number of executed documents for the Client, Contractor and FAA.

2.6 Project Closeout Services

This phase includes all basic services rendered after the completion of a construction contract, including, but not limited to, the following activities:

- Making final inspections and submitting punch-lists and a report of the completed project to the Owner.
- Providing record drawings.
- Preparing summary of material testing report
- Preparing summary of project change orders
- Preparing grant amendment request and associated justification, if applicable.
- Preparing final project reports including financial summary.
- Obtaining release of liens from all contractors.

2.7 Construction Phase Services

During the construction phase of work, Garver will accomplish the following:

1. Support the Owner's improvement plan by accomplishing preliminary planning, and/or engineering work as directed by the Owner. The work shall include the preparation of opinions of costs, preliminary plans, applications for local, state, and federal funds, and services required to support the Owner’s applications for funds.
2. Issue a Notice to Proceed letter to the Contractor and attend preconstruction meeting.
3. Prepare for and attend utilities coordination meeting.
4. Attend progress/coordination meetings with the Owner /Contractor.
5. Evaluate and respond to construction material submittals and shop drawings. Corrections or comments made by Garver on the shop drawings during this review will not relieve Contractor from compliance with requirements of the drawings and specifications. The check will only be for review of general conformance with the design concept of the project and general compliance with the information given in the contract documents. The Contractor will be responsible for confirming and correlating all quantities and dimensions, selecting fabrication processes and techniques of construction, coordinating his work with that of all other trades, and performing his work in a safe and satisfactory manner. Garver’s review shall not constitute approval of safety precautions or constitute approval of construction means, methods, techniques, sequences, procedures, or assembly of various components. When certification of performance characteristics of materials,

systems or equipment is required by the Contract Documents, either directly or implied for a complete and workable system, Garver shall be entitled to rely upon such submittal or implied certification to establish that the materials, systems or equipment will meet the performance criteria required by the Contract Documents.

6. Consult with and advise the Owner during the construction period. Garver will submit, when requested by the Owner, written reports to the Owner on the progress of the construction including any problem areas that have developed or are anticipated to develop. In addition, Garver shall supply to Owner such periodic reports and information as may be required by the FAA.
7. Issue instructions to the Contractor on behalf of the Owner and issue necessary clarifications (respond to RFIs) regarding the construction contract documents.
8. Review the Contractor's progress payment requests based on the actual quantities of contract items completed and accepted, and will make a recommendation to the Owner regarding payment. Garver's recommendation for payment shall not be a representation that Garver has made exhaustive or continuous inspections to (1) check the quality or exact quantities of the Work; (2) to review billings from Subcontractors and material suppliers to substantiate the Contractor's right to payment; or (3) to ascertain how the Contractor has used money previously paid to the Contractor.
9. Maintain a set of working drawings and prepare and furnish record drawings.
10. Provide part time resident construction observation services for the estimated 60-calendar-day construction contract performance time. The proposed fee is based on approximately 20 hours per week, plus an additional week for weather and other delays beyond the Contractor's control during the construction contract performance time. If the construction time extends beyond the time established in this agreement or if the Owner wishes to increase the time or frequency of the observation, the Owner will pay Garver an additional fee agreed to by the Owner and Garver.
11. When authorized by the Owner, prepare change orders or supplemental agreements, as appropriate, for ordering changes in the work from that originally shown on the Plans and Specifications. If re-design or substantial engineering is required in the preparation of these documents, payment for extra services involved will be made in addition to the payment provided in basic engineering services.
12. Participate in final project inspection, prepare punch list, review final project closeout documents, and submit final pay request.

Construction observation services will be provided by Garver's Resident Project Representative, who will provide or accomplish the following:

- Consult with and advise the Owner during the construction period.
- Maintain a file of quantities incorporated into the work, test reports, certifications, shop drawings and submittals, and other appropriate information.
- Maintain a project diary which will contain information pertinent to each site visit.
- Prepare requests for monthly and final payments to the Contractor.
- Provide information for preparation of record drawings of the completed project.
- Submit FAA Form 5370-1, Construction Progress and Inspection Report, or equivalent form to the appropriate FAA field office. The frequency of submittal shall be established at the preconstruction conference.
- Assist the Owner in the observation of Contractor's operations for proper classification of workers, and review of Contractor's payrolls as necessary to determine compliance with the prevailing wage rates.

Attachment: RESOLUTION# 20210125-10 WORK AUTHORIZATION #1 TO GARVER, (7615 : Professional Services Agreement with Garver, LLC.)

In performing construction observation services, Garver will endeavor to protect the Owner against defects and deficiencies in the work of the Contractor(s); but Garver does not guarantee the performance of the Contractor(s), nor is Garver responsible for the actual supervision of construction operations. Garver does not guarantee the performance of the contracts by the Contractors nor assume any duty to supervise safety procedures followed by any Contractor or subcontractor or their respective employees or by any other person at the job site. However, if at any time during construction Garver observes that the Contractor's work does not comply with the construction contract documents, Garver will notify the Contractor of such non-compliance and instruct him to correct the deficiency and/or stop work, as appropriate for the situation. Garver will also record the observance, the discussion, and the actions taken. If the Contractor continues without satisfactory corrective action, Garver will notify the Owner immediately, so that appropriate action under the Owner's contract with the Contractor can be taken.

As a minimum, Garver's project engineer or his qualified representative will visit the site of the work on the average of once during each fifteen (15) working days of the construction period. These visits should be scheduled to coincide with each new phase of construction, scheduled FAA inspections, and other times when his presence is desirable. Garver's project engineer or his qualified representative will be available at all times work is in progress for telephone contact by the construction observer. Garver's project engineer shall direct, supervise, advise, and counsel the construction observer in the accomplishment of his duties.

2.8 Project Deliverables

The following will be submitted to the Client, or others as indicated, by Garver:

1. One copy of the project budget and schedule submitted to the FAA.
2. Three copies of the Preliminary Engineer's Report to the Owner.
3. Three copies of the 90% Plans and Specifications to the Owner.
4. Three copies of the Final Plans and Specifications to the Owner.
5. One electronic copy of approved shop drawings/submittals from the Contractor.
6. One hard copy set of Record Drawings.
7. Required Project Closeout Documents.
8. Electronic files as requested.

2.9 Extra Work

The following items are not included under this agreement but will be considered as extra work:

1. Redesign for the Client's convenience or due to changed conditions after previous alternate direction and/or approval.
2. Submittals or deliverables in addition to those listed herein.
3. Preparation of a Storm Water Pollution Prevention Plan (SWPPP). The construction contract documents will require the Contractor to prepare, maintain, and submit a SWPPP.
4. Construction materials testing.
5. Environmental Handling and Documentation, including wetlands identification or mitigation plans or other work related to environmentally or historically (culturally) significant items.
6. Services after construction, such as warranty follow-up, operations support, etc.

7. Work does not include the design and installation of a new airfield electrical vault.

Extra Work will be as directed by the Client in writing for an additional fee as agreed upon by the Client and Garver.

2.10 Schedule

Garver shall begin work under this Agreement upon execution and shall complete the work in accordance with the schedule to be submitted to the Client and the FAA.

U.S. Department
of Transportation
Federal Aviation Administration

Airports District Office
100 West Cross Street, Suite B
Jackson, Mississippi 39208-2307

January 11, 2021

Mr. William P. Cotter, Jr., C.M.
Chief Executive Officer
Hancock County Port & Harbor Commission
14054 Fred & Al Key Road
Kiln, MS 39556

Subject: Initiation of Work of Proposed FY 2021 AIP Project

Dear Mr. Cotter:

This fiscal year, the FAA is considering the following project for $1,375,200 at the Stennis International Airport and are asking that you get started now. This is not a guarantee of funding, nor is the value of the project considered a final determination by the FAA. The Congressional notification of funding, if issued, will serve as your official announcement that funding is actually available for your location. We ask that you portray all work activities performed prior to Congressional release of funds as a sponsor initiative as opposed to a confirmation of Federal funding. The planned Federal participation rate is 90 percent. *Please note that this amount includes $1,348,764 in discretionary funding, which can vary greatly in timing and availability. Projects requiring discretionary funds incur significant uncertainty as to when or if funds will be available.*

Project Items
Rehabilitate Runway Lighting; Rehabilitate Taxiway Lighting; Install Runway Vertical/Visual Guidance System (PAPIs/REILs)

To compete for funding this fiscal year, you will need to complete the following actions:

- Review your estimate of probable costs and contact our office if there is a significant increase or decrease in the required Federal share.
- Evaluate your progress in meeting your 3-year DBE Program goal. If you have any questions regarding your DBE Program, contact Ms. Nancy Cibic at (847) 294-7182 or Nancy.Cibic@faa.gov.
- Initiate actions that require long lead times.

Safety Plan: If your proposed FY 2021 project includes development on the airside of the airport, it will require submission of a safety plan. If you have not already submitted your safety plan, please do so as soon as possible. You should file your plan electronically at https://oeaaa.faa.gov/oeaaa/external/portal.jsp. Make sure you indicate that the construction is "on airport" so it will be coordinated with this office.

Attachment: RESOLUTION# 20210125-10 WORK AUTHORIZATION #1 TO GARVER, (7615 : Professional Services Agreement with Garver, LLC.)

Plans and Specifications: A certification of the plans and specifications is required for all construction and equipment purchase projects. AIP certification forms are available at the following web site: https://www.faa.gov/airports/resources/forms/?sect=aip

In addition, a general review of the plans and specifications will be required in accordance with *FAA Review of Construction Plans and Specifications for AIP Funded Projects* memorandum dated August 2, 2016 located at this web site: https://www.faa.gov/airports/resources/sops/.

Prior to developing your project plans and specifications, please remember to check the latest Errata Sheet for an FAA Advisory Circular (AC) to ensure you are using the most current guidance.

AGIS: Your proposed project requires submissions into the FAA's Airports Geographic Information System (AGIS) in accordance with the August 23, 2012 transition policy. At the conclusion of the project(s), the as-built data, or final planning deliverables, for the project(s) must be submitted to the FAA in accordance with the GIS standards identified in the AC 150/5300-18B.

Proposed Schedule of Sponsor Actions

Please complete the following actions no later than the date proposed. Contact me if you cannot meet these deadlines.

Submit Engineering Agreement by **2/1/2021**

Submit 90% Engineer's Report, Plans, Specifications, and safety plan by **3/15/2021**

Open Bids by **5/7/2021**

Submit Grant Application by.....**5/14/2021**

Contact me if you no longer plan to accomplish this work this year, the scope has changed, or the cost estimate has changed significantly.

Please note, all grant recipients must be registered in the System for Award Management (SAM) and the correct DUNS number shown on all project applications. Registration must be renewed annually at https://www.sam.gov.

It is important that you take all actions that will enable you to submit a grant application for your project by May 14, 2021. If you have any questions, please contact me at (601)-664-9893 or matthew.l.mims@faa.gov.

Sincerely,

Re: Site 4 Multi-Modal Facility (RE-BID)
CE Project Number (218-032.004)

Dear Bill Cotter:

Attached please find a copy of the Certified Bid Tabulation for bids taken January 12, 2021 at 9:00 A.M. for the above referenced project.

- **Base Bid** Includes the following major construction activities: 500 linear feet of bulkhead/associated tie-back systems; 500 feet x 42 feet wide pile supported concrete apron; 500 feet x 240 feet limestone laydown yard; 1000 linear feet of railroad track; new 8" diameter potable water line and modification of an existing 12-inch diameter potable water line; wave attenuation structure; installation of four (4) mooring dolphins in existing keyway slip; storm water detention pond and drainage including concrete inlet and discharge structures; and, improvements to existing crushed limestone across roads.
- **Alternate 1** Extend bulkhead, concrete apron, and laydown yard 50 additional feet and associated channel dredging.
- **Alternate 2** Extend bulkhead, concrete apron, and laydown yard 100 additional feet and associated channel dredging.
- **Alternate 3** Dredging of the channel associated with the base bid bulkhead wall construction of 500 lf.
- **Alternate 4** Modify Glycol Pipeline and Improvements to an Existing Limestone Road.

Below is a list of the two lowest bidders with the amounts for each bidder. This includes the Base Bid, and Alternates 1, 2, 3, and 4.

Gills Crane and Dozer Service

Base Bid:	$6,435,033.00
Alternate 1:	$ 417,013.00
Alternate 2:	$ 866,584.00
Alternate 3:	$ 532,000.00

Attachment: RESOLUTION# 20210125-05 AWARD OF CONTRACT FOR PROJECT PB1704 SITE 4 (7642 : Award of Contract for Project PB1704

Alternate 4: $ 181,860.00

W.C. Fore Trucking, Inc.
Base Bid: $6,257,694.12
Alternate 1: $ 368,600.15
Alternate 2: $ 749,454.90
Alternate 3: $ 785,440.00
Alternate 4: $ 227,703.63

We have completed our bid evaluation and based on our understanding of the available grant funds of $7.4M, we recommend awarding the Base Bid, Alternate 1, and Alternate 3 in the amount of $7,384,046.00 to Gill's Crane and Dozer Service. This would allow for the 500 lf of bulkhead wall in the base bid with the associated channel dredging as well as a 50 lf extension of the bulkhead wall, laydown yard and associated channel dredging, as provided for by Alternate 1. The comparative cost of these same items of work (i.e., Base Bid plus Alternates 1 and 3) by W.C. Fore Trucking, Inc. totals to $7,411,734.27.

A copy of the Certified Bid Tabulation is included as an attachment to this letter.

Please let us know if you have any questions or need additional information.

Sincerely,

COMPTON ENGINEERING, INC.

Bob Escher, P.E.

Subject: Request to Commence Hangar Repairs

Chanse,

Per your request during our meeting, attached is a list of the fire suppression related discrepancies in Hangars A, C, and 2 noted by DCMA during the 2020 Aviation Operations Inspection. The repair of these discrepancies is required as soon as possible to get the hangars back to NFPA 409 compliance. NFPA 409 compliant hangars are required to allow Tyonek to continue work on government owned aircraft at the Stennis facility.

To independently validate the governments (DCMA) deficiencies, Tyonek hired a Fire Engineering firm, detailed below, to assess the Government's discrepancy findings. As you will see on the list, the Fire Protection Engineer's assessment was that DCMA's findings were valid and the hangars have never been NFPA 409 compliant in accordance with section 5.2.3 of Exhibit H (Minimum Standards for Airport Hangar Construction) of our current lease agreement.

Once validated by the Fire Protection Engineer, Tyonek reached out to two local companies for quotes for the repairs and selected the contractor to perform the repairs. The selected contractor, Drace Construction Group, has been approved by Port and Harbor and is currently under contract for the construction of RESTORE Hanger. The quotes provided by Drace Construction Group are also attached for your review and approval.

We request approval in accordance with Article 10.02 of the Tenant and Operator Lease Agreement to allow Drace Construction Group to begin these repairs as soon as possible. Due to the time critical nature of the required repairs, Tyonek must move forward as quickly as possible on the modifications to insure no interruption of our current customer requirements. Tyonek is prepared to fund Drace to begin work, however, due to the magnitude of these compliance issues and related costs (quotes attached), Tyonek asks for consideration from Hancock County to assist in the cost of

these repairs consistent with Article 2.04

We believe this is a reasonable request and are open for discussion on solutions that would mutually benefit both Hancock County and Tyonek.

The company we utilized to validate DCMA's findings and ensure compliance is below:

RE: Hangar Fire Protection Inspection
Stennis International Airport

Dear John:

On 8/14/20, GSE conducted an inspection of the active and passive fire protection systems for the three hangars that Tyonek operates at the Stennis International Airport.

We used the requirements of the following standards to govern our inspection:

- NFPA 11 – Standard for Low-, Medium-, and High-Expansion Foam
- NFPA 13 – Standard for the Installation of Sprinkler Systems
- NFPA 20 – Installation of Stationary Pumps for Fire Protection
- NFPA 24 – Installation of Private Service Fire Mains and Their Appurtenances
- NFPA 25 – Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems
- NFPA 70 – National Electrical Code
- NFPA 72 – National Fire Alarm and Signaling Code
- NFPA 80 – Fire Doors and Other Opening Protections
- NFPA 101 – Life Safety Code
- NFPA 220 – Types of Building Construction
- NFPA 409 – Standard on Aircraft Hangars
- NAS 3306, Revision 4 – Facility Requirements for Aircraft Operations

Our findings are tabulated below.

Hangar 1

Hangar 1 was constructed in 1992 and it consists of a 30,430 square foot fire area. The hangar is fabricated of noncombustible material and meets the definition of Type II construction per NFPA 220. For the purposes of construction classification, the hangar is considered Type II (000) construction type.

The hangar is considered a NFPA 409 Group II hangar due to the hangar door being less than 28 feet in height. Per NFPA 409, the maximum single fire area for a Type II (000) Group II hangar is 12,001-40,000 square feet.

We understand that the Owner's intent is to store unfueled aircraft (no tank, cell, or piping contains more than 0.5% of its volumetric capacity) in the hangar.

Fire Protection Systems:
The following active and passive systems are currently installed within the hangar

- Separation of the office area with a 1-hour rated wall
- Linear heat detection in the aircraft servicing area
- Diesel driven fire pump
- Closed head foam water sprinkler system for aircraft servicing area at 0.17 gpm/sf over a 6500 square foot remote area.

- Wet pipe sprinkler for storage area and separated office area at 0.10 gpm/sf over a 900 square foot remote area.
- Foam water handline

Chapter 12 of NFPA 409 applies to Group I, Group II, and Group IV hangars with fire areas greater than 12,000 square feet, so this section will apply to the hangar in its current configuration and anticipated aircraft loading. The requirements of Chapter 12 are as follows:

- Sprinkler coverage of 0.17 gpm/sf over a 5000 square foot remote area
- Internal separations are not required
- Separation of attached or adjoining spaces is not required
- Column protection is not required
- Hose stations are not required

We find the following deficiencies in Hangar 1:

- Hydraulic placard for the office area does not seem correct. A flow requirement of 0.10 gpm/sf over a 900 square foot remote area does not typically yield a 1023 gpm flow demand.
- The areas currently being used for storage of parts in crates and boxes is not sprinkled sufficiently. The sprinkler system outside of the aircraft servicing area should be re-calculated for NFPA 13 Ordinary Hazard Group 2, at a minimum. The Light Hazard (0.10 gpm/sf) is satisfactory for the office area.
- The storage height in the area outside the aircraft servicing area should be limited to 12 feet or less.
- Linear detection has multiple kinks in the cable.
- Combustion air intake for the fire pump is not provided.
- Fire pump should be within a 1-hour rated enclosure.
- Inadequate clearance for the jockey pump controller and the fire pump controller. Minimum of three feet required in front of these panels.
- Signage near the exit indicates that the foam water system is configured as a double-interlock pre-action system. Double-interlock systems are not allowed for aircraft hangars. The linear heat detection can remain in place as a detection method, but it cannot be used as an interlock for the sprinkler system.
- Multiple locations where pipe corrosion appears to be significant.
- Compressor room on the north wall is not sprinkled.
- The relay cabinet in the detached fire pump room is not listed for fire protection service.
- Provide identification of panels feeding FA components with breaker locks.
- HVLS fans shall be interlocked for shutdown upon sprinkler flow
- Hangar fire system maintenance frequency is noted in Chapter 11 of NFPA 409 and NFPA 25.

Hangar 2

Hangar 1 consists of a 49,200 square foot fire area. The hangar is fabricated of noncombustible material and meets the definition of Type II construction per NFPA 220. For the purposes of construction classification, the hangar is considered Type II (000) construction type.

The hangar is considered a NFPA 409 Group I hangar due to the hangar door being 28 feet or more in height and a fire area exceeding 40,000 square feet.

GSE CONSULTING ENGINEE

We understand that the Owner's intent is to store fueled or unfueled aircraft (no tank, cell, or piping contains more than 0.5% of its volumetric capacity) in the hangar.

Fire Protection Systems:
The following active and passive systems are currently installed within the hangar

- Separation of the office area with a 1-hour rated wall
- High expansion foam generators
- Two (2) wet pipe sprinkler for hangar areas (south and north) sized at 0.20 gpm/sf over remote areas of 1,067 sf and 1,194 sf.
- Wet pipe sprinkler system for the office area at 0.2 gpm/sf over 1,194 square feet.
- Foam water handline
- Fire alarm is installed
- Draft curtains are provided

We find the following deficiencies in Hangar 2:

- Hydraulic placard for the office area does not seem correct. The flow information on this system appears to be a duplicate of the North side hangar system.
- Hydraulic placards for wet pipe sprinkler do not indicate 15,000 square foot remote area, as required by NFPA 409.
- The relays for the flows and tampers are mounted sloppily. We recommend the use of a relay panel.
- Rated wall has been damaged near the hangar door.
- Single enclosure is provided for fire risers, foam storage, and electrical gear. Electrical gear should be provided with its own enclosure that is separated from the hangar by a 1-hour enclosure.
- Strainers for high-expansion foam do not appear to be installed, either at the riser or at the generators
- Wet pipe sprinkler main installation appears to have pockets of trapped water due to slope of pipe.
- Column protection does not appear to be installed.
- Signage indicates HEF system is manual release only. NFPA 409 also requires actuation of HEF system upon operation of the sprinkler system.
- There is a sprinkler head in close proximity to the fusible link for the roll up door at the parts warehouse. Confirm fusible link is a lower temperature rating than the sprinkler.
- We understand that a fire alarm signal shunt trips power to the facility, including the hangar doors. NFPA 409 requires power to the hangar doors to be on an independent circuit, such that a when general power to the hangar is shut off, the doors are still energized.
- Provide identification of panels feeding FA components with breaker locks.
- HVLS fans shall be interlocked for shutdown upon sprinkler flow
- Outside air is currently required for generators, but NAS 3306 allows operation of previously accepted generators without outside air.
- Hangar fire system maintenance frequency is noted in Chapter 11 of NFPA 409 and NFPA 25.

Hangar 3

Hangar 3 was constructed in 2014 and it consists of a 20,190 square foot fire area. The hangar is fabricated of noncombustible material and meets the definition of Type II construction per NFPA 220. For the purposes of construction classification, the hangar is considered Type II (000) construction type.

WWW.GSEENG.COM

Attachment: Discussion 2021-13- Tyonek Hangar Upgrades to NFPA 409 Standards motion included (7643 : Tyonek Hangar Upgrades to NFPA

The hangar is considered a NFPA 409 Group II hangar due to the hangar door being less than 28 feet in height and the fire area exceeding 20,000 square feet.

We understand that the Owner's intent is to store fueled or unfueled aircraft (no tank, cell, or piping contains more than 0.5% of its volumetric capacity) in the hangar.

Fire Protection Systems:
The following active and passive systems are currently installed within the hangar

- Separation of the office area with a 1-hour rated wall
- High expansion foam generators
- One (1) wet pipe sprinkler for hangar area sized at 0.17 gpm/sf
- Wet pipe sprinkler system for the office area at 0.1 gpm/sf over 1,194 square feet.
- Foam water handline
- Fire alarm is installed

We find the following deficiencies in Hangar 3:

- Hydraulic placards are not readily legible. We recommend hydraulic placards with engraved or stamped writing.
- Provide identification of panels feeding FA components with breaker locks.
- Doors in rated walls have the door tags painted over
- Rated wall does not appear to be missing concrete infill in block cells intermittently.
- Column protection does not appear to be installed.
- Strainers for high-expansion foam do not appear to be installed, either at the riser or at the generators
- There is no sprinkler protection in the volume above the hangar doors.
- Battery room is venting directly into the hangar, through a fire wall, without a fire damper.
- Exhaust systems should be interlocked with the fire protection systems to shut down upon actuation of the fire protection systems.
- HVLS fans shall be interlocked for shutdown upon sprinkler flow
- Outside air is currently required for generators, but NAS 3306 allows operation of previously accepted generators without outside air.
- Hangar fire system maintenance frequency is noted in Chapter 11 of NFPA 409 and NFPA 25.
- Fire rated tags for doors of offices and storage rooms adjacent to hangar space could not be located.

Water Supply

High expansion foam requires a discharge capacity of 12 minutes. Wet pipe sprinkler requires a discharge capacity of 60-90 minutes. Based on that, the minimum storage capacity of the tank should be between 169,320 gallons and 245,820 gallons, which coincides with a worst-case system discharge in Hangar 2.

SECTION 092116 - GYPSUM BOARD ASSEMBLIES

PART 1 - GENERAL

1.1 SUMMARY

A. Section Includes:

1. Nonstructural metal stud wall framing.
2. Metal channel ceiling framing.
3. Gypsum board and finishing.

1.2 SUBMITTALS

A. Product Data: Manufacturer's information on metal framing, gypsum board, and finishing.

B. Shop Drawings:

1. Special details associated with fireproofing.
2. Installation details required for seismic design loads.

C. Manufacturer's Certificate: Products meet or exceed specified requirements.

D. Qualifications Statement:

1. Qualifications for manufacturer, installer, and licensed professional.

1.3 QUALITY ASSURANCE

A. Perform Work according to ASTM C840.

B. Fire-Rated Wall and Ceiling Construction:

1. Rating:

a. As indicated on drawings.

2. Testing: ASTM E119.

C. Manufacturer: Company specializing in manufacturing products specified in this Section with three years' experience.

D. Installer: Company specializing in performing Work of this Section with three years' experience.

Attachment: Discussion 2021-13- Tyonek Hangar Upgrades to NFPA 409 Standards motion included (7643 : Tyonek Hangar Upgrades to NFPA

1.4 DELIVERY, STORAGE, AND HANDLING

A. Store materials according to manufacturer instructions.

B. Protection:

1. Protect materials from moisture and dust by storing in clean, dry location remote from construction operations areas.
2. Provide additional protection according to manufacturer instructions.

1.5 AMBIENT CONDITIONS

A. Maintain temperature at not less than 40 degrees F for the mechanical application of gypsum board unless otherwise recommended by manufacturer.

B. Maintain temperature at not less than 50 degrees F for the adhesive application of gypsum board, and for field finishing and texturing, unless otherwise recommended by manufacturer.

PART 2 - PRODUCTS

2.1 GYPSUM BOARD ASSEMBLIES

A. Performance and Design Criteria:

1. Stud Framing: Resist minimum 5-psf uniform load and maximum 1/240 deflection.

2.2 MATERIALS

A. Framing:

1. Studs and Tracks:

a. Comply with ASTM C645.
b. Material: Galvanized sheet steel.
c. Thickness: As indicated on Drawings.
d. Shape: C.
e. Depth: As indicated on Drawings.

2. Furring and Accessories:

a. Comply with ASTM C645.
b. Material: Galvanized sheet steel.
c. Thickness: As indicated on Drawings.
d. Shape: As indicated on Drawings.
e. Depth: As indicated on Drawings.

B. Gypsum Board:

1. Comply with ASTM C1396/C1396M.

    a. Furnish Type X, fire-resistant type, throughout.

2. Standard Gypsum Board:

    a. Thickness: As indicated on Drawings.
    b. Length: Maximum available in place.
    c. Weight: Standard.
    d. Ends: Square cut.
    e. Edges: Tapered or Tapered and beveled.

2.3 ACCESSORIES

A. Gypsum Board Trim Accessories: Provide types for embedment in joint compound.

1. Edge Trim: Type LC bead.
2. Corner Trim:

    a. Bead: Standard 90-degree.

B. Joint Materials:

1. Description: Reinforcing tape, joint compound, and water.
2. Comply with ASTM C475/C475M.

C. Anchorage to Substrate: Type and size to suit application.

D. Seismic Bracing: As required to achieve seismic performance requirements.

E. Gypsum Board Screws:

1. Comply with ASTM C954 or C1002.
2. Length: To suit application.
3. Steel Framing: Type S.
4. Wood Framing: Type W.

PART 3 - EXECUTION

3.1 EXAMINATION

A. Verify that Site conditions are ready to receive Work of this Section.

B. Verify that opening dimensions are as instructed by manufacturer.

3.2 DEMOLITION

A. Extend existing gypsum board installations using materials and methods as specified.

Attachment: Discussion 2021-13- Tyonek Hangar Upgrades to NFPA 409 Standards motion included (7643 : Tyonek Hangar Upgrades to NFPA

Attachment: Discussion 2021-13- Tyonek Hangar Upgrades to NFPA 409 Standards motion included (7643 : Tyonek Hangar Upgrades to NFPA

B. Repair and remodel existing gypsum board assemblies that remain or are to be altered.

3.3 INSTALLATION

A. Metal Studs:

1. Comply with ASTM C754.
2. Metal Stud Spacing: As indicated on Drawings.

3. Partitions Extending Stud Framing through Ceiling to Structure:

a. As indicated.
b. Maintain clearance under structural building members to avoid transferring deflection to studs.
c. Provide extended-leg ceiling runners.

4. Opening Framing:

a. Install double studs at door frame jambs.
b. Install stud tracks on each side of opening, at frame head height, and between studs and adjacent studs.

5. Blocking:

a. Bolt or screw steel channels to studs.
b. Install blocking for support of wall cabinets and hardware.

B. Furring for Fire Ratings: Install furring as required for indicated fire-resistance ratings.

C. Ceiling Framing:

1. Comply with ASTM C754.
2. Coordinate location of hangers with other Work.
3. Install ceiling framing independent of walls and columns, and above ceiling Work.
4. Bracing:

a. Reinforce openings in ceiling suspension system that interrupt main carrying channels or furring channels, with lateral channel bracing.

D. Gypsum Board Installation:

1. Comply with ASTM C840.
2. Erect single layer board in most economical direction, with ends and edges located over firm bearing.
3. Erect single-layer fire-rated gypsum board, with edges and ends located over firm bearing.
4. Fasteners:

a. Use screws when fastening gypsum board to metal furring or framing.

5. Double-Layer Applications:

a. Comply with requirements of fire rating.
b. First Layer:

1) Use same gypsum board as face layer for first layer, placed perpendicular to framing or furring members.
2) Use fire-rated gypsum board for first layer of fire-rated partitions and ceilings.

c. Second Layer:

1) Secure second layer to first with fasteners.
2) Place second layer perpendicular to first layer.
3) Offset joints of second layer from joints of first layer.

6. Erect exterior gypsum soffit board perpendicular to supports, with staggered end joints over supports.
7. Control Joints:

a. Place control joints consistent with lines of building spaces as indicated on Drawings.
b. Place control joints at each change in framing direction, and align with building control joints.
c. Comply with requirements of fire rating.

8. Edges and Corners:

a. Place corner beads at external corners.
b. Place edge trim where gypsum board abuts dissimilar materials.

E. Joint Treatment:

1. Finish:

a. Comply with GA-214, Level 4.
b. Level 1 finish may be used on concealed surfaces.

2. Feather coats on adjoining surfaces.
3. Fill and finish joints and corners of cementitious backing board.

3.4 PROTECTION

A. Protect pre-decorated gypsum board installations from damage and deterioration until date of Substantial Completion.

DRACE CONSTRUCTION CORP.

Renovate Tyonek Hangars
Stennis International Airport

Bid – Wednesday, November 4, 2020

Base Bid

1. Hangar 1 ------- $161,900
2. Hangar 2 ------- $134,000
3. Hangar 3 ------- $161,000

Total Base Bid $456,900

Option to include Intumescent Painting of Structural Columns

1. Hangar 2 ------- $198,000
2. Hangar 3 ------- $175,000

QUALIFICATIONS & ASSUMPTIONS

GENERAL

1. Drace proposes a 4-month contract period.
2. Drace assumes working during normal business hours.
3. Per our discussion with Tyonek, Drace proposes to perform the work on each hangar consecutively.
4. Drace includes performance and payment bond.
5. Drace includes builders risk insurance.
6. Drace includes general liability insurance.
7. Drace includes the cost for Hancock County building permit.
8. Drace to coordinate with Tyonek to vacate areas impacted by renovations. Our bid excludes any handling contents or furnishings. For overhead work in the hangar spaces, assets may need to be removed during renovation activities.
9. Pricing is broken out by for each hangar. However, Drace Construction reserves the right to revisions to pricing should Tyonek decide to award fewer than all three (3) hangars in the Base Bid.

HANGAR 1

1. Sidewalk replacement assumed to be 4” on compacted subgrade.
2. Driveway replacement assumed to be 6” on compacted subgrade. Doweling in of new concrete drive is excluded.
3. Interior slab replacement assumed to be 8” on 6” capillary. Doweling in of new concrete slab patch is included.
4. Hashing or painting of interior slabs is excluded.

Attachment: Discussion 2021-13- Tyonek Hangar Upgrades to NFPA 409 Standards motion included (7643 : Tyonek Hangar Upgrades to NFPA

DRACE CONSTRUCTION CORP.

5. Sod or seeding is excluded.
6. Hydraulic calculations are included in our bid. Since no as-built information was available, our price includes a complete survey of each system. Fire pump test reports for all existing fire pumps shall be provided for use in preparing the hydraulic calculations. This bid excludes fire pump testing.
7. Sheet FP1.1, Note 9 – Per our subcontractor, the fire pump controller is obsolete and cannot have modules added to it. A current model will allow for the required notifications, but the exiting diesel engine is not equipped and cannot be equipped with the capabilities of communicating with a new fire pump controller. Our bid excludes the addition of supervised audible and visual alarms for high temperature cooling water. Shutdown of the existing diesel engine is not included due to age of controller and engine. Should Tyonek or the FPE want us to include, Drace can pursue the cost of a replacement engine and controller.
8. Our bid includes painting of the new sprinkler pipe per the allowed quantities.

HANGAR 2

1. The electrical work will require a temporary shutdown. Our bid includes completing the work during normal business hours. Should we be required to complete the work required during this shutdown outside of normal business hours, please add $2,190.00 to our bid.
2. Our bid excludes any work on the guardrail at the mezzanine.
3. Our bid includes reusing existing double door frame, door leaves and hardware.
4. Our bid excludes power to fire dampers, not shown on electrical drawings.
5. Hydraulic calculations are included in our bid. Since no as-built information was available, our price includes a complete survey of each system. Fire pump test reports for all existing fire pumps shall be provided for use in preparing the hydraulic calculations. This bid excludes fire pump testing.
6. Our bid excludes recertification of the foam fire protection system, if required.
7. The intumescent painting alternate includes surface cleaning of the structural columns but excludes any shot-blasting of the steel.
8. Intumescent coatings cannot be applied to inaccessible areas on columns.

HANGAR 3

1. Our bid excludes power to fire dampers, not shown on electrical drawings.
2. Hydraulic calculations are included in our bid. Since no as-built information was available, our price includes a complete survey of each system. Fire pump test reports for all existing fire pumps shall be provided for use in preparing the hydraulic calculations. This bid excludes fire pump testing.
3. Our bid excludes recertification of the foam fire protection system, if required.
4. The intumescent painting alternate includes surface cleaning of the structural columns, but excludes any shot-blasting of the steel.
5. Intumescent coatings cannot be applied to inaccessible areas on columns.

ELECTRICAL SPECIFICATIONS

DIVISION 16 – ELECTRICAL SPECIFICATIONS

PART I. GENERAL PROVISIONS

1. SCOPE: PROVIDE ALL LABOR, MATERIAL, AND EQUIPMENT IN ACCORDANCE WITH THESE SPECIFICATIONS, AND THE ACCOMPANYING DRAWINGS TO PROVIDE A COMPLETE AND PROPERLY OPERATING ELECTRICAL SYSTEM FOR THE BUILDING.

A. THE CONTRACTOR SHALL FURNISH AND INSTALL ALL OF THE FOLLOWING MATERIAL AND EQUIPMENT UNDER THIS DIVISION OF THE SPECIFICATIONS, UNLESS NOTED OTHERWISE: PANELBOARDS; LIGHTING FIXTURES; LAMPS; RACEWAYS; 600 VOLT WIRE AND CABLE; WIRING DEVICES; DEVICE PLATES; DEVICE, PULL, AND JUNCTION BOXES; SAFETY SWITCHES; MOTOR STARTERS; LIGHTING CONTROLS; CIRCUIT BREAKERS; FUSES; TIME CLOCKS; EQUIPMENT IDENTIFICATION (NAMEPLATES AND DIRECTORIES); WIRE AND CABLE TERMINATIONS, AND TEMPORARY POWER.

2. GENERAL REQUIREMENTS: ALL WORK SHALL BE PERFORMED BY SKILLED LICENSED ELECTRICIANS IN ACCORDANCE WITH THE BEST PRACTICES OF THE TRADE, MEETING THE REQUIREMENTS OF THE LATEST EDITION OF THE NATIONAL ELECTRICAL CODE, APPLICABLE FEDERAL, STATE AND LOCAL CODES, AND THE REQUIREMENTS OF THE ELECTRICAL UTILITY COMPANY FURNISHING THE SERVICES. ALL NECESSARY CONSTRUCTION PERMITS AND CERTIFICATES OF INSPECTION SHALL BE PURCHASED AND OBTAINED UNDER THIS CONTRACT.

3. SERVICE VOLTAGE: THESE DRAWINGS ARE FOR EXISTING BUILDING SERVICE OF 480Y/277V VOLT, THREE PHASE, FOUR WIRE, 60 HERTZ. ALL EQUIPMENT HAS BEEN DESIGNED AND PURCHASED FOR USE ON THIS ELECTRICAL SYSTEM. THE CONTRACTOR SHALL CONTACT THE ELECTRICAL UTILITY AND VERIFY ALL OF THE ABOVE SERVICE CHARACTERISTICS, AND THE AVAILABLE FAULT CURRENT.

PART II. MATERIALS

1. MATERIALS: ALL MATERIALS SHALL BE NEW AND OF THE QUALITY INDICATED BY THE SPECIFIED BRAND NAMES. SUBSTITUTIONS OF MATERIAL OF EQUAL QUALITY BY OTHER MAJOR MANUFACTURERS OF COMMERCIAL EQUIPMENT MAY BE ACCEPTABLE PROVIDED A LIST OF SUCH SUBSTITUTIONS IS APPROVED.

B. LIGHTING FIXTURES: ALL LIGHTING FIXTURES SHALL BE UL LISTED, COMMERCIAL QUALITY.

C. WIRING DEVICES: ALL WIRING DEVICES SHALL BE UL LISTED, COMMERCIAL SPECIFICATION GRADE. SWITCHES SHALL BE RATED 20 AMPS AT 120/277 VOLTS, AC. STANDARD RECEPTACLES SHALL BE 20 AMP, DUPLEX, GROUNDING TYPE, IN NEMA CONFIGURATIONS, UNLESS NOTED OTHERWISE. SWITCHES IN THE SAME LOCATION SHALL BE GANGED BEHIND A SINGLE PLATE. DEVICE PLATES SHALL BE METAL, ALUMINUM OR STAINLESS STEEL. APPROVED MANUFACTURERS OF SWITCHES AND RECEPTACLES ARE HUBBELL, LEVITON, PASS & SEYMOUR, OR EQUAL

1. SWITCHES:
   a. SINGLE POLE: HUBBELL HBL1221–W, OR EQUAL.

2. RECEPTACLES:
   a. NEMA 5–20R: HUBBELL 5362W, OR EQUAL.
   b. OTHERS: COMMERCIAL OR INDUSTRIAL GRADE, UL LISTED, FEDERAL SPECIFICATION WC596F.

3. EXCAVATIONS: PERFORM ALL NECESSARY EXCAVATING AND BACK–FILLING REQUIRED FOR THIS INSTALLATION. ALL EXCAVATIONS BELOW THE BOTTOM OF FOOTINGS SHALL BE BACKFILLED WITH 3000 PSI CONCRETE. WHERE DITCHES ARE CUT FOR OUTSIDE RUNS OF CONDUIT, REPLACE AND TAMP THE EARTH IN 12" LAYERS AND LEAVE THE GROUND LEVEL AND EQUAL TO ITS ORIGINAL CONDITION.

4. CONDUIT AND FITTINGS: CONDUIT PERMITTED: (A) RIGID GALVANIZED STEEL (RGS), (B) EMT, (C) PVC, AND (D) ENT. TYPES UTILIZED SHALL BE RUN ONLY AS PERMITTED PER CODE. ALL WIRING SHALL BE RUN IN CONDUIT. CONDUIT PLACED IN CONCRETE OR RUN UNDERGROUND SHALL BE RIGID GALVANIZED CONDUIT OR PVC. IF PVC IS USED, ALL ELBOWS, SWEEPS AND STUB–UPS SHALL BE RGS. CONDUIT EXPOSED OR RUN IN MASONRY WALLS ABOVE GRADE MAY BE PVC OR EMT WHERE ALLOWED BY LOCAL CODES. IF EMT IS NOT PERMITTED, RIGID SCREWED GALVANIZED PIPE CONDUIT AND FITTINGS SHALL BE USED. IF SHIELDED CABLE IS REQUIRED FOR CONTROL CIRCUITRY, IT SHALL BE TAN, GREY OR ANY NEUTRAL COLOR OTHER THAN THAT AS SPECIFIED FOR POWER DISTRIBUTION. NO CONDUIT SMALLER THAN 3/4" SHALL BE INSTALLED EXCEPT FOR TWO–WIRE SWITCH LEGS. ALL CONDUIT BENDS SHALL BE FREE FROM DENTS AND KINKS. ALL CONDUITS SHALL BE ELECTRICALLY CONTINUOUS FROM THE SERVICE EQUIPMENT TO ALL OUTLETS, AND SHALL BE SECURED TO ALL METAL BOXES WITH ONE LOCK NUT OUTSIDE, AND ONE INSIDE THE BOX WITH A REINFORCED BAKELITE BUSHING. IF PVC, OR ENT, IS USED, THEN APPROPRIATE SIZED, ELECTRICALLY CONTINUOUS, BOND WIRES SHALL BE RUN FROM THE SERVICE EQUIPMENT TO ALL OUTLETS, AND SHALL BE SECURED TO EACH WIRING DEVICE PER THE NATIONAL ELECTRICAL CODE. WHERE CONNECTIONS ARE TO BE MADE BETWEEN CONDUIT TERMINATIONS AND MOTORS, EQUIPMENT, OR APPARATUS NECESSITATING FLEXIBLE CONNECTIONS, APPROVED FLEXIBLE CONDUIT SHALL BE USED. OUTDOOR CONNECTIONS TO FANS, HVAC UNITS, OR ROTATING EQUIPMENT SHALL B MADE WITH HELICAL WOUND, LIQUIDTIGHT, FLEXIBLE STEEL CONDUIT. EXPOSED CONDUIT SHALL BE SUITABLY SUPPORTED AT INTERVALS NOT TO EXCEED FIVE (5) FEET. DURING CONSTRUCTION, CONDUIT SHALL BE KEPT FREE OF ALL FOREIGN MATTER BY USE OF CAPPED BUSHINGS ON ALL TURNED UP ENDS. PAPER OR WOOD PLUGS ARE NOT ACCEPTABLE FOR THIS PURPOSE.

5. WIRE AND CABLES: ALL WIRE AND CABLES SHALL BE UNDERWRITERS LABORATORIES' LISTED, AND LABELED, AND CONFORM WITH APPLICABLE STANDARDS OF UL (44, AND 83), NEMA (WC–5, AND WC–7), IPCEA (S–61–402, AND S–66–524), FEDERAL SPECIFICATIONS (J–C–30A(1), AND HH–I–595C), ANSI, AND OTHER APPLICABLE INDUSTRY STANDARDS. CONNECTORS AND LUGS SHALL MEET UL PUBLICATION 486. ALL BRANCH CIRCUIT WIRING SHALL BE 600 VOLT, COPPER, 75 DEGREE C (MIN), TYPE THHN/THWN WITH A MINIMUM SIZE OF #12 AWG, UNLESS NOTED OTHERWISE. WIRE SIZES OF #8 AWG AND LARGER SHALL BE STRANDED. SERVICE AND FEEDER CABLES SHALL BE 600 VOLT, STRANDED COPPER, 75 DEGREE C (MIN), TYPE XHHW. ALL CIRCUITS SHALL HAVE A SEPARATE GROUND CONDUCTOR. PROVIDE GREEN–INSULATED GROUND WIRE IN ALL RACEWAYS, CABLE ASSEMBLIES, AND WHERE NOTED. SIZE EQUIPMENT GROUNDS PER TABLE 250–122 OF THE NATIONAL ELECTRICAL CODE. INSULATION COLOR CODES SHALL BE BLACK, AND RED (PHASE), WHITE (NEUTRAL), AND GREEN (GROUND).

A. ALL WIRING SHALL BE INSTALLED IN CONDUIT, EXCEPT WHERE SPECIFICALLY SHOWN ON THE DRAWINGS. NON–METALLIC SHEATHED (TYPE NM) CABLE IS NOT PERMITTED.

B. ALL BRANCH CIRCUIT, COMMUNICATION, SIGNALING, AND CONTROL WIRING, FIRE PROTECTION, AND OTHER EQUIPMENT SHALL BE ROUTED ABOVE THE CEILING. VERIFY WHETHER OR NOT THE SPACE ABOVE THE CEILING IS USED AS A SPACE FOR RETURN AIR FOR THE ENVIRONMENTAL AIR SYSTEM. IF IT IS USED FOR RETURN AIR, PROVIDE APPROVED RACEWAYS FOR ALL OVERHEAD WIRING PER NEC ARTICLE 300–22(B). IF IT IS NOT "OTHER SPACE USED FOR ENVIRONMENTAL AIR", APPROVED LOW VOLTAGE CABLES MEETING THE REQUIREMENTS OF NEC ARTICLES 725 AND 760 MAY BE RUN WITHOUT RACEWAYS, UNO. ALL SAFETY CONTROL WIRING FOR FIRE PROTECTION SYSTEMS, SHUNT TRIPS, ETC. SHALL BE RUN IN A RACEWAY IN ACCORDANCE WITH NEC ARTICLES 725.25 AND 725.28.

OTHER WIRING:

A. FURNISH AND INSTALL ALL POWER WIRING AND CONDUIT AS INDICATED ON THE DRAWINGS. DISCONNECT SWITCHES SHALL BE FURNISHED AND INSTALLED FOR EACH UNIT OF HVAC EQUIPMENT, AND FOROTHER EQUIPMENT WITHOUT A CORD AND PLUG. BEFORE ENERGIZING ANY EQUIPMENT, VERIFY THAT THE CORRECT POWER SUPPLY VOLTAGE, AMPACITY, AND PHASING HAS BEEN PROVIDED AT THE LOAD SIDE OF THE DISCONNECT.

1. EMPTY CONDUIT: LEAVE A #12 AWG PULL WIRE IN ALL EMPTY CONDUITS.

2. BOXES AND WIREWAYS: ALL JUNCTION BOXES, PULL BOXES, WIREWAYS, ETC, SHALL BE SIZED IN ACCORDANCE WITH THE NATIONAL ELECTRICAL CODE.

3. EQUIPMENT IDENTIFICATION: PROVIDE NAMEPLATES FOR ALL PANELBOARDS, CONTROLS, AND OTHER ELECTRICAL EQUIPMENT. EQUIPMENT VISIBLE TO THE PUBLIC SHALL BE IDENTIFIED WITH ENGRAVED LAMINATED NAMEPLATES ATTACHED WITH STAINLESS STEEL FASTENERS. ELECTRICAL EQUIPMENT NOT VISIBLE TO THE PUBLIC MAY BE NEATLY IDENTIFIED WITH BLACK PERMANENT MARKERS.

PART III. EXECUTION

1. TESTS: MAKE ALL TESTS NECESSARY TO ENSURE THAT THE ENTIRE INSTALLATION IS FREE FROM IMPROPER GROUNDS, AND FROM SHORTED AND/OR OPEN CONDUCTORS. VOLTAGE, CURRENT, AND ROTATION TESTS SHALL BE MADE BEFORE ANY MOTORS ARE PLACED IN OPERATION. ALL LOADS SHALL BE BALANCED ACROSS PHASES. CHECK TO SEE THAT ALL LIGHTS WORK, AND ARE CONTROLLED BY SWITCHES INDICATED ON DRAWINGS, OR CIRCUIT BREAKERS SO INDICATED ON PANEL SCHEDULE.

2. GUARANTEE: FURNISH A GUARANTEE IN WRITING TO THE OWNER THAT ALL WORK EXECUTED UNDER THIS SECTION IS FREE FROM DEFECTS OF MATERIALS AND WORKMANSHIP FOR A PERIOD OF ONE (1) YEAR FROM DATE OF FINAL ACCEPTANCE. IN ADDITION, DURING THE TERM OF THIS GUARANTEE, THE REPAIR AND/OR REPLACEMENT OF ANY DEFECTIVE WORK, AND ALL RESULTING DAMAGES SHALL BE MADE AT NO ADDITIONAL EXPENSE TO THE OWNER.

3. TEMPORARY POWER: AT THE PROJECT SITE, PROVIDE A 100 AMP, 120/240V VOLT, SINGLE PHASE, SERVICE WITH POWER OUTLETS ADEQUATE FOR TEMPORARY CONSTRUCTION POWER. TEMPORARY LIGHTING SHALL BE MAINTAINED IN ALL AREAS OF THE BUILDING UNTIL PERMANENT POWER SOURCES HAVE BEEN ENERGIZED. TEMPORARY SERVICE SHALL BE PROVIDED UNDER SECTION 1A OF THESE SPECIFICATIONS.

4. CLEAN–UP: LEAVE THE ELECTRICAL PORTION OF THE WORK IN A CLEAN AND FINISHED CONDITION.

5. SHOP DRAWINGS: PROVIDE SHOP DRAWINGS FOR THE FOLLOWING ITEMS: PANELBOARDS, LIGHTING FIXTURES.

6. AS–BUILT DRAWINGS: MAINTAIN AS–BUILT DRAWINGS, UPDATED DAILY DURING CONSTRUCTION, AND PRESENT THE OWNER WITH ONE SET UPON COMPLETION. PROVIDE THE OWNER'S PERSONNEL WITH ON–SITE INSTRUCTION IN THE OPERATION AND MAINTENANCE OF THE COMPLETED ELECTRICAL SYSTEM.

PROJECT GENERAL NOTES

1. INSTALLATION SHALL COMPLY WITH NATIONAL ELECTRICAL CODE, STATE BUILDING CODE AND ALL REQUIREMENTS OF THE LOCAL INSPECTOR (FURNISH INSPECTION CERTIFICATE). ALL WORK SHALL BE BY LICENSED ELECTRICAL CONTRACTOR.

2. ALL BRANCH CIRCUITS SHALL BE IN ZINC–COATED EMT OR RIGID CONDUIT AS PERMITTED BY THE NATIONAL ELECTRICAL CODE. SCHEDULE 40 PVC CONDUIT MAY BE USED ONLY FOR THE SECONDARY UNDERGROUND SERVICE, THE UNDERGROUND TELEPHONE SERVICE CONDUIT, AND BRANCH CIRCUIT TELEPHONE SYSTEM CONDUITS LOCATED BELOW THE FLOOR SLAB ON GRADE OR BURIED ON THE EXTERIOR OF THE BUILDING, OR IN CONCRETE BLOCK WALLS. ALL CONDUIT SHALL BE 3/4" MIN. SIZE. EMT FITTINGS SHALL BE STEEL COMPRESSION TYPE.

3. ALL CONDUCTORS SHALL BE COPPER TYPE THHN OR THWN SOLID FOR #10 AWG OR #12 AWG AND STRANDED FOR ALL LARGER SIZES.

4. ALL WIRING SHALL BE CONCEALED IN WALLS, UNDER SLAB OR ABOVE SUSPENDED CEILING SPACE.

5. CONDUITS MAY BE RUN EXPOSED IN MECHANICAL AREAS. CONDUITS SHALL BE RUN PARALLEL OR PERPENDICULAR TO STRUCTURAL ELEMENTS AND SHALL BE RUN IN GROUPS. SEAL ALL PENETRATIONS AIR TIGHT AROUND ALL CONDUITS WHEN PASSING INTO MECHANICAL ROOMS.

6. ALL LIGHT FIXTURES SHALL BE SUPPORTED INDEPENDENTLY OF THE CEILING SYSTEM.

7. FOR HOME RUNS ON 20 AMP CIRCUITS EXCEEDING SEVENTY FIVE (75) FEET FROM THE PANEL BOARD, USE #10 AWG MIN.

8. ALL MOUNTING HEIGHTS ARE GIVEN TO THE BOTTOM OF THE DEVICE UNLESS NOTED OTHERWISE.

9. THE LOCATION OF ALL WALL MOUNTED DEVICES, INCLUDING MOUNTING HEIGHTS, SHALL BE FIELD VERIFIED WITH THE ARCHITECT PRIOR TO INSTALLATION.

10. THE ELECTRICAL CONTRACTOR SHALL PROVIDE ALL NECESSARY DISCONNECTS, SWITCHES AND RECEPTACLES UNDER THE ELECTRICAL BID AND SHALL INCLUDE ALL NECESSARY CIRCUITS AND FINAL CONNECTIONS TO THE EQUIPMENT PROVIDED BY ALL SUPPLIERS, UNLESS NOTED OTHERWISE BY OTHER DISCIPLINES.

11. ALL ELECTRICAL EQUIPMENT SHALL BE INSTALLED SO THAT ALL CODE REQUIRED AND MANUFACTURER RECOMMENDED SERVICING CLEARANCES ARE MAINTAINED.

12. BIDDING CONTRACTORS MUST VISIT THE SITE, REVIEW ALL CONSTRUCTION DOCUMENTS, AND OBTAIN WRITTEN COPIES OF ALL REFERENCED CODES AND ORDINANCES PRIOR TO SUBMITTING BIDS. NO ALLOWANCE WILL BE MADE FOR ADVERSE CONDITIONS WHICH WERE ASCERTAINABLE PRIOR TO BID TIME.

13. OBTAIN INFORMATION REGARDING THE ROUGH–IN AND FINAL CONNECTION REQUIREMENTS FOR EQUIPMENT TO BE PROVIDED BY THE OWNER OR OTHER CONTRACTORS PRIOR TO COMMENCING WORK.

14. PROVIDE PULL WIRE IN ALL EMPTY CONDUIT.

15. ALL CIRCUIT BREAKERS IN PANEL SHALL BE SERIES RATED WITH MAIN BREAKER OR FULLY RATED FOR THE SYSTEM.

16. CIRCUIT BREAKERS SHALL BE RATED TO WITHSTAND THE MAXIMUM AVAILABLE FAULT CURRENT AT THE SITE AS DETERMINED BY THE LOCAL UTILITY. E.C. SHALL COORDINATE WITH LOCAL UTILITY BEFORE STARTING WORK.

17. THE WORD "PROVIDE" MEANS FURNISH AND INSTALL.

18. MC CABLE IS ALLOWED FOR FINAL CONNECTIONS TO EQUIPMENT. FINAL CONNECTION TO EQUIPMENT IS LIMITED TO 72" MAXIMUM LENGTH.

19. THE ELECTRICAL CONTRACTOR SHALL OBTAIN AND REVIEW THE MECHANICAL AND SPECIAL EQUIPMENT SUBMITTALS PRIOR TO SUBMITTING THE ELECTRICAL SUBMITTALS. ANY ELECTRICAL EQUIPMENT, CONDUIT, AND WIRE SIZE CHANGES RESULTING FROM THIS REVIEW SHALL ALSO BE SUBMITTED FOR APPROVAL.

20. THE CONTRACTOR SHALL LEAVE THE ENTIRE ELECTRICAL SYSTEM INSTALLED IN PROPER WORKING ORDER, AND SHALL REPLACE WITHOUT ADDITIONAL COST, ALL WORK OR MATERIAL WHICH MAY DEVELOP DEFECTS, (ORDINARY WEAR AND TEAR OR DAMAGE RESULTING FROM IMPROPER HANDLING EXCEPTED) WITHIN A PERIOD OF ONE (1) YEAR FROM THE DATE OF FINAL ACCEPTANCE BY THE OWNER.

21. ELECTRICAL CONTRACTOR IS RESPONSIBLE FOR ALL FITTINGS AND NECESSARY EQUIPMENT FOR LIGHT FIXTURE MOUNTING, AND INSTALLATION.

22. ALL FIRE BARRIER PENETRATIONS SHALL BE SEALED WITH APPROVED FIRE SEALANT. COORDINATE WITH ARCHITECTURAL PLANS FOR ALL RATED WALLS AND CEILINGS PRIOR TO BID SO AN UNDERSTANDING OF NUMBER OF SEALS REQUIRED, AND DETERMINE METHOD FOR MINIMIZING THE SEAL REQUIREMENTS.

ELECTRICAL SPECIFICATIONS

DIVISION 16 – ELECTRICAL SPECIFICATIONS

PART I. GENERAL PROVISIONS

1. SCOPE: PROVIDE ALL LABOR, MATERIAL, AND EQUIPMENT IN ACCORDANCE WITH THESE SPECIFICATIONS, AND THE ACCOMPANYING DRAWINGS TO PROVIDE A COMPLETE AND PROPERLY OPERATING ELECTRICAL SYSTEM FOR THE BUILDING.

A. THE CONTRACTOR SHALL FURNISH AND INSTALL ALL OF THE FOLLOWING MATERIAL AND EQUIPMENT UNDER THIS DIVISION OF THE SPECIFICATIONS, UNLESS NOTED OTHERWISE: PANELBOARDS; LIGHTING FIXTURES; LAMPS; RACEWAYS; 600 VOLT WIRE AND CABLE; WIRING DEVICES; DEVICE PLATES; DEVICE, PULL, AND JUNCTION BOXES; SAFETY SWITCHES; MOTOR STARTERS; LIGHTING CONTROLS; CIRCUIT BREAKERS; FUSES; TIME CLOCKS; EQUIPMENT IDENTIFICATION (NAMEPLATES AND DIRECTORIES); WIRE AND CABLE TERMINATIONS, AND TEMPORARY POWER.

1. GENERAL REQUIREMENTS: ALL WORK SHALL BE PERFORMED BY SKILLED LICENSED ELECTRICIANS IN ACCORDANCE WITH THE BEST PRACTICES OF THE TRADE, MEETING THE REQUIREMENTS OF THE LATEST EDITION OF THE NATIONAL ELECTRICAL CODE, APPLICABLE FEDERAL, STATE AND LOCAL CODES, AND THE REQUIREMENTS OF THE ELECTRICAL UTILITY COMPANY FURNISHING THE SERVICES. ALL NECESSARY CONSTRUCTION PERMITS AND CERTIFICATES OF INSPECTION SHALL BE PURCHASED AND OBTAINED UNDER THIS CONTRACT.

2. SERVICE VOLTAGE: THESE DRAWINGS ARE FOR AN EXISTING BUILDING SERVICE OF 480Y/277V VOLT, THREE PHASE, FOUR WIRE, 60 HERTZ. ALL EQUIPMENT HAS BEEN DESIGNED AND PURCHASED FOR USE ON THIS ELECTRICAL SYSTEM. THE CONTRACTOR SHALL CONTACT THE ELECTRICAL UTILITY AND VERIFY ALL OF THE ABOVE SERVICE CHARACTERISTICS, AND THE AVAILABLE FAULT CURRENT.

PART II. MATERIALS

1. MATERIALS: ALL MATERIALS SHALL BE NEW AND OF THE QUALITY INDICATED BY THE SPECIFIED BRAND NAMES. SUBSTITUTIONS OF MATERIAL OF EQUAL QUALITY BY OTHER MAJOR MANUFACTURERS OF COMMERCIAL EQUIPMENT MAY BE ACCEPTABLE PROVIDED A LIST OF SUCH SUBSTITUTIONS IS APPROVED.

A. PANELBOARDS: PANELBOARDS SHALL BE BOLT–IN CIRCUIT BREAKER TYPE, AS SHOWN ON THE PLANS. PANELS SHALL BE OF PANELBOARD CONSTRUCTION, 20 INCHES WIDE (MINIMUM), 5–3/4" TO 6–1/2" DEEP, UL LISTED, AND MEET UL 67, UL 50, AND FEDERAL SPECIFICATION W–P–115B AS TYPE 1, CLASS 1, WITH BOLT–ON CIRCUIT BREAKERS, COPPER BUS BARS, NEUTRAL BUS, GROUND BUS, AND A HINGED LOCKABLE DOOR. CABINETS SHALL BE CODE GAUGE, GALVANIZED STEEL, MOUNTED AS SHOWN. PROVIDE TYPEWRITTEN CIRCUIT DIRECTORIES WITH CLEAR PLASTIC PROTECTORS IN ALL PANELS. ALL WIRES SHALL BE TAGGED WITH PANEL AND CIRCUIT NUMBERS. EQUAL TO GE, SQUARE D, OR EATON.

2. EXCAVATIONS: PERFORM ALL NECESSARY EXCAVATING AND BACK–FILLING REQUIRED FOR THIS INSTALLATION. ALL EXCAVATIONS BELOW THE BOTTOM OF FOOTINGS SHALL BE BACKFILLED WITH 3000 PSI CONCRETE. WHERE DITCHES ARE CUT FOR OUTSIDE RUNS OF CONDUIT, REPLACE AND TAMP THE EARTH IN 12" LAYERS AND LEAVE THE GROUND LEVEL AND EQUAL TO ITS ORIGINAL CONDITION.

3. CONDUIT AND FITTINGS: CONDUIT PERMITTED: (A) RIGID GALVANIZED STEEL (RGS), (B) EMT, (C) PVC, AND (D) ENT. TYPES UTILIZED SHALL BE RUN ONLY AS PERMITTED PER CODE. ALL WIRING SHALL BE RUN IN CONDUIT. CONDUIT PLACED IN CONCRETE OR RUN UNDERGROUND SHALL BE RIGID GALVANIZED CONDUIT OR PVC. IF PVC IS USED, ALL ELBOWS, SWEEPS AND STUB–UPS SHALL BE RGS. CONDUIT EXPOSED OR RUN IN MASONRY WALLS ABOVE GRADE MAY BE PVC OR EMT WHERE ALLOWED BY LOCAL CODES. IF EMT IS NOT PERMITTED, RIGID SCREWED GALVANIZED PIPE CONDUIT AND FITTINGS SHALL BE USED. IF SHIELDED CABLE IS REQUIRED FOR CONTROL CIRCUITRY, IT SHALL BE TAN, GREY OR ANY NEUTRAL COLOR OTHER THAN THAT AS SPECIFIED FOR POWER DISTRIBUTION. NO CONDUIT SMALLER THAN 3/4" SHALL BE INSTALLED EXCEPT FOR TWO–WIRE SWITCH LEGS. ALL CONDUIT BENDS SHALL BE FREE FROM DENTS AND KINKS. ALL CONDUITS SHALL BE ELECTRICALLY CONTINUOUS FROM THE SERVICE EQUIPMENT TO ALL OUTLETS, AND SHALL BE SECURED TO ALL METAL BOXES WITH ONE LOCK NUT OUTSIDE, AND ONE INSIDE THE BOX WITH A REINFORCED BAKELITE BUSHING. IF PVC, OR ENT, IS USED, THEN APPROPRIATE SIZED, ELECTRICALLY CONTINUOUS, BOND WIRES SHALL BE RUN FROM THE SERVICE EQUIPMENT TO ALL OUTLETS, AND SHALL BE SECURED TO EACH WIRING DEVICE PER THE NATIONAL ELECTRICAL CODE. WHERE CONNECTIONS ARE TO BE MADE BETWEEN CONDUIT TERMINATIONS AND MOTORS, EQUIPMENT, OR APPARATUS NECESSITATING FLEXIBLE CONNECTIONS, APPROVED FLEXIBLE CONDUIT SHALL BE USED. OUTDOOR CONNECTIONS TO FANS, HVAC UNITS, OR ROTATING EQUIPMENT SHALL B MADE WITH HELICAL WOUND, LIQUIDTIGHT, FLEXIBLE STEEL CONDUIT. EXPOSED CONDUIT SHALL BE SUITABLY SUPPORTED AT INTERVALS NOT TO EXCEED FIVE (5) FEET. DURING CONSTRUCTION, CONDUIT SHALL BE KEPT FREE OF ALL FOREIGN MATTER BY USE OF CAPPED BUSHINGS ON ALL TURNED UP ENDS. PAPER OR WOOD PLUGS ARE NOT ACCEPTABLE FOR THIS PURPOSE.

4. WIRE AND CABLES: ALL WIRE AND CABLES SHALL BE UNDERWRITERS LABORATORIES' LISTED, AND LABELED, AND CONFORM WITH APPLICABLE STANDARDS OF UL (44, AND 83), NEMA (WC–5, AND WC–7), IPCEA (S–61–402, AND S–66–524), FEDERAL SPECIFICATIONS (J–C–30A(1), AND HH–I–595C), ANSI, AND OTHER APPLICABLE INDUSTRY STANDARDS. CONNECTORS AND LUGS SHALL MEET UL PUBLICATION 486. ALL BRANCH CIRCUIT WIRING SHALL BE 600 VOLT, COPPER, 75 DEGREE C (MIN), TYPE THHN/THWN WITH A MINIMUM SIZE OF #12 AWG, UNLESS NOTED OTHERWISE. WIRE SIZES OF #8 AWG AND LARGER SHALL BE STRANDED. SERVICE AND FEEDER CABLES SHALL BE 600 VOLT, STRANDED COPPER, 75 DEGREE C (MIN), TYPE XHHW. ALL CIRCUITS SHALL HAVE A SEPARATE GROUND CONDUCTOR. PROVIDE GREEN–INSULATED GROUND WIRE IN ALL RACEWAYS, CABLE ASSEMBLIES, AND WHERE NOTED. SIZE EQUIPMENT GROUNDS PER TABLE 250–122 OF THE NATIONAL ELECTRICAL CODE. INSULATION COLOR CODES SHALL BE BLACK, AND RED (PHASE), WHITE (NEUTRAL), AND GREEN (GROUND).

A. ALL WIRING SHALL BE INSTALLED IN CONDUIT, EXCEPT WHERE SPECIFICALLY SHOWN ON THE DRAWINGS. NON–METALLIC SHEATHED (TYPE NM) CABLE IS NOT PERMITTED.

B. ALL BRANCH CIRCUIT, COMMUNICATION, SIGNALING, AND CONTROL WIRING, FIRE PROTECTION, AND OTHER EQUIPMENT SHALL BE ROUTED ABOVE THE CEILING. VERIFY WHETHER OR NOT THE SPACE ABOVE THE CEILING IS USED AS A SPACE FOR RETURN AIR FOR THE ENVIRONMENTAL AIR SYSTEM. IF IT IS USED FOR RETURN AIR, PROVIDE APPROVED RACEWAYS FOR ALL OVERHEAD WIRING PER NEC ARTICLE 300–22(B). IF IT IS NOT "OTHER SPACE USED FOR ENVIRONMENTAL AIR", APPROVED LOW VOLTAGE CABLES MEETING THE REQUIREMENTS OF NEC ARTICLES 725 AND 760 MAY BE RUN WITHOUT RACEWAYS, UNO. ALL SAFETY CONTROL WIRING FOR FIRE PROTECTION SYSTEMS, SHUNT TRIPS, ETC. SHALL BE RUN IN A RACEWAY IN ACCORDANCE WITH NEC ARTICLES 725.25 AND 725.28.

OTHER WIRING:

1. FURNISH AND INSTALL ALL POWER WIRING AND CONDUIT AS INDICATED ON THE DRAWINGS. DISCONNECT SWITCHES SHALL BE FURNISHED AND INSTALLED FOR EACH UNIT OF HVAC EQUIPMENT, AND FOROTHER EQUIPMENT WITHOUT A CORD AND PLUG. BEFORE ENERGIZING ANY EQUIPMENT, VERIFY THAT THE CORRECT POWER SUPPLY VOLTAGE, AMPACITY, AND PHASING HAS BEEN PROVIDED AT THE LOAD SIDE OF THE DISCONNECT.

2. EMPTY CONDUIT: LEAVE A #12 AWG PULL WIRE IN ALL EMPTY CONDUITS.

3. BOXES AND WIREWAYS: ALL JUNCTION BOXES, PULL BOXES, WIREWAYS, ETC, SHALL BE SIZED IN ACCORDANCE WITH THE NATIONAL ELECTRICAL CODE.

4. EQUIPMENT IDENTIFICATION: PROVIDE NAMEPLATES FOR ALL PANELBOARDS, CONTROLS, AND OTHER ELECTRICAL EQUIPMENT. EQUIPMENT VISIBLE TO THE PUBLIC SHALL BE IDENTIFIED WITH ENGRAVED LAMINATED NAMEPLATES ATTACHED WITH STAINLESS STEEL FASTENERS. ELECTRICAL EQUIPMENT NOT VISIBLE TO THE PUBLIC MAY BE NEATLY IDENTIFIED WITH BLACK PERMANENT MARKERS.

PART III. EXECUTION

1. TESTS: MAKE ALL TESTS NECESSARY TO ENSURE THAT THE ENTIRE INSTALLATION IS FREE FROM IMPROPER GROUNDS, AND FROM SHORTED AND/OR OPEN CONDUCTORS. VOLTAGE, CURRENT, AND ROTATION TESTS SHALL BE MADE BEFORE ANY MOTORS ARE PLACED IN OPERATION. ALL LOADS SHALL BE BALANCED ACROSS PHASES. CHECK TO SEE THAT ALL LIGHTS WORK, AND ARE CONTROLLED BY SWITCHES INDICATED ON DRAWINGS, OR CIRCUIT BREAKERS SO INDICATED ON PANEL SCHEDULE.

2. GUARANTEE: FURNISH A GUARANTEE IN WRITING TO THE OWNER THAT ALL WORK EXECUTED UNDER THIS SECTION IS FREE FROM DEFECTS OF MATERIALS AND WORKMANSHIP FOR A PERIOD OF ONE (1) YEAR FROM DATE OF FINAL ACCEPTANCE. IN ADDITION, DURING THE TERM OF THIS GUARANTEE, THE REPAIR AND/OR REPLACEMENT OF ANY DEFECTIVE WORK, AND ALL RESULTING DAMAGES SHALL BE MADE AT NO ADDITIONAL EXPENSE TO THE OWNER.

3. TEMPORARY POWER: AT THE PROJECT SITE, PROVIDE A 100 AMP, 120/240V VOLT, SINGLE PHASE, SERVICE WITH POWER OUTLETS ADEQUATE FOR TEMPORARY CONSTRUCTION POWER. TEMPORARY LIGHTING SHALL BE MAINTAINED IN ALL AREAS OF THE BUILDING UNTIL PERMANENT POWER SOURCES HAVE BEEN ENERGIZED. TEMPORARY SERVICE SHALL BE PROVIDED UNDER SECTION 1A OF THESE SPECIFICATIONS.

4. CLEAN–UP: LEAVE THE ELECTRICAL PORTION OF THE WORK IN A CLEAN AND FINISHED CONDITION.

5. SHOP DRAWINGS: PROVIDE SHOP DRAWINGS FOR THE FOLLOWING ITEMS: PANELBOARDS, LIGHTING FIXTURES.

6. AS–BUILT DRAWINGS: MAINTAIN AS–BUILT DRAWINGS, UPDATED DAILY DURING CONSTRUCTION, AND PRESENT THE OWNER WITH ONE SET UPON COMPLETION. PROVIDE THE OWNER'S PERSONNEL WITH ON–SITE INSTRUCTION IN THE OPERATION AND MAINTENANCE OF THE COMPLETED ELECTRICAL SYSTEM.

PROJECT GENERAL NOTES

1. INSTALLATION SHALL COMPLY WITH NATIONAL ELECTRICAL CODE, STATE BUILDING CODE AND ALL REQUIREMENTS OF THE LOCAL INSPECTOR (FURNISH INSPECTION CERTIFICATE). ALL WORK SHALL BE BY LICENSED ELECTRICAL CONTRACTOR.

2. ALL BRANCH CIRCUITS SHALL BE IN ZINC–COATED EMT OR RIGID CONDUIT AS PERMITTED BY THE NATIONAL ELECTRICAL CODE. SCHEDULE 40 PVC CONDUIT MAY BE USED ONLY FOR THE SECONDARY UNDERGROUND SERVICE, THE UNDERGROUND TELEPHONE SERVICE CONDUIT, AND BRANCH CIRCUIT TELEPHONE SYSTEM CONDUITS LOCATED BELOW THE FLOOR SLAB ON GRADE OR BURIED ON THE EXTERIOR OF THE BUILDING, OR IN CONCRETE BLOCK WALLS. ALL CONDUIT SHALL BE 3/4" MIN. SIZE. EMT FITTINGS SHALL BE STEEL COMPRESSION TYPE.

3. ALL CONDUCTORS SHALL BE COPPER TYPE THHN OR THWN SOLID FOR #10 AWG OR #12 AWG AND STRANDED FOR ALL LARGER SIZES.

4. ALL WIRING SHALL BE CONCEALED IN WALLS, UNDER SLAB OR ABOVE SUSPENDED CEILING SPACE.

5. CONDUITS MAY BE RUN EXPOSED IN MECHANICAL AREAS. CONDUITS SHALL BE RUN PARALLEL OR PERPENDICULAR TO STRUCTURAL ELEMENTS AND SHALL BE RUN IN GROUPS. SEAL ALL PENETRATIONS AIR TIGHT AROUND ALL CONDUITS WHEN PASSING INTO MECHANICAL ROOMS.

6. FOR HOME RUNS ON 20 AMP CIRCUITS EXCEEDING SEVENTY FIVE (75) FEET FROM THE PANEL BOARD, USE #10 AWG MIN.

7. ALL MOUNTING HEIGHTS ARE GIVEN TO THE BOTTOM OF THE DEVICE UNLESS NOTED OTHERWISE.

8. THE LOCATION OF ALL WALL MOUNTED DEVICES, INCLUDING MOUNTING HEIGHTS, SHALL BE FIELD VERIFIED WITH THE ARCHITECT PRIOR TO INSTALLATION.

9. THE ELECTRICAL CONTRACTOR SHALL PROVIDE ALL NECESSARY DISCONNECTS, SWITCHES AND RECEPTACLES UNDER THE ELECTRICAL BID AND SHALL INCLUDE ALL NECESSARY CIRCUITS AND FINAL CONNECTIONS TO THE EQUIPMENT PROVIDED BY ALL SUPPLIERS, UNLESS NOTED OTHERWISE BY OTHER DISCIPLINES.

10. ALL ELECTRICAL EQUIPMENT SHALL BE INSTALLED SO THAT ALL CODE REQUIRED AND MANUFACTURER RECOMMENDED SERVICING CLEARANCES ARE MAINTAINED.

11. BIDDING CONTRACTORS MUST VISIT THE SITE, REVIEW ALL CONSTRUCTION DOCUMENTS, AND OBTAIN WRITTEN COPIES OF ALL REFERENCED CODES AND ORDINANCES PRIOR TO SUBMITTING BIDS. NO ALLOWANCE WILL BE MADE FOR ADVERSE CONDITIONS WHICH WERE ASCERTAINABLE PRIOR TO BID TIME.

12. GROUND TELEPHONE EQUIPMENT TO THE ELECTRICAL SERVICE GROUNDING SYSTEM PER N.E.C.

13. OBTAIN INFORMATION REGARDING THE ROUGH–IN AND FINAL CONNECTION REQUIREMENTS FOR EQUIPMENT TO BE PROVIDED BY THE OWNER OR OTHER CONTRACTORS PRIOR TO COMMENCING WORK.

14. PROVIDE PULL WIRE IN ALL EMPTY CONDUIT.

15. ALL CIRCUIT BREAKERS IN PANEL SHALL BE SERIES RATED WITH MAIN BREAKER OR FULLY RATED FOR THE SYSTEM.

16. CIRCUIT BREAKERS SHALL BE RATED TO WITHSTAND THE MAXIMUM AVAILABLE FAULT CURRENT AT THE SITE AS DETERMINED BY THE LOCAL UTILITY. E.C. SHALL COORDINATE WITH LOCAL UTILITY BEFORE STARTING WORK.

17. ALL BUILDING SYSTEM GROUND RODS SHALL BE BONDED TOGETHER TO FORM A SINGLE GROUNDING SYSTEM. GROUNDING SYSTEM SHALL COMPLY WITH N.E.C. ARTICLE 250.

18. THE WORD "PROVIDE" MEANS FURNISH AND INSTALL.

19. MC CABLE IS ALLOWED FOR FINAL CONNECTIONS TO EQUIPMENT. FINAL CONNECTION TO EQUIPMENT IS LIMITED TO 72" MAXIMUM LENGTH.

20. THE ELECTRICAL CONTRACTOR SHALL OBTAIN AND REVIEW THE MECHANICAL AND SPECIAL EQUIPMENT SUBMITTALS PRIOR TO SUBMITTING THE ELECTRICAL SUBMITTALS. ANY ELECTRICAL EQUIPMENT, CONDUIT, AND WIRE SIZE CHANGES RESULTING FROM THIS REVIEW SHALL ALSO BE SUBMITTED FOR APPROVAL.

21. THE CONTRACTOR SHALL LEAVE THE ENTIRE ELECTRICAL SYSTEM INSTALLED IN PROPER WORKING ORDER, AND SHALL REPLACE WITHOUT ADDITIONAL COST, ALL WORK OR MATERIAL WHICH MAY DEVELOP DEFECTS, (ORDINARY WEAR AND TEAR OR DAMAGE RESULTING FROM IMPROPER HANDLING EXCEPTED) WITHIN A PERIOD OF ONE (1) YEAR FROM THE DATE OF FINAL ACCEPTANCE BY THE OWNER.

22. ELECTRICAL CONTRACTOR IS RESPONSIBLE FOR ALL FITTINGS AND NECESSARY EQUIPMENT FOR LIGHT FIXTURE MOUNTING, AND INSTALLATION.

23. ALL FIRE BARRIER PENETRATIONS SHALL BE SEALED WITH APPROVED FIRE SEALANT. COORDINATE WITH ARCHITECTURAL PLANS FOR ALL RATED WALLS AND CEILINGS PRIOR TO BID SO AN UNDERSTANDING OF NUMBER OF SEALS REQUIRED, AND DETERMINE METHOD FOR MINIMIZING THE SEAL REQUIREMENTS.

ELECTRICAL SPECIFICATIONS

DIVISION 16 – ELECTRICAL SPECIFICATIONS

PART I. GENERAL PROVISIONS

1. SCOPE: PROVIDE ALL LABOR, MATERIAL, AND EQUIPMENT IN ACCORDANCE WITH THESE SPECIFICATIONS, AND THE ACCOMPANYING DRAWINGS TO PROVIDE A COMPLETE AND PROPERLY OPERATING ELECTRICAL SYSTEM FOR THE BUILDING.

A. THE CONTRACTOR SHALL FURNISH AND INSTALL ALL OF THE FOLLOWING MATERIAL AND EQUIPMENT UNDER THIS DIVISION OF THE SPECIFICATIONS, UNLESS NOTED OTHERWISE: PANELBOARDS; LIGHTING FIXTURES; LAMPS; RACEWAYS; 600 VOLT WIRE AND CABLE; WIRING DEVICES; DEVICE PLATES; DEVICE, PULL, AND JUNCTION BOXES; SAFETY SWITCHES; MOTOR STARTERS; LIGHTING CONTROLS; CIRCUIT BREAKERS; FUSES; TIME CLOCKS; EQUIPMENT IDENTIFICATION (NAMEPLATES AND DIRECTORIES); WIRE AND CABLE TERMINATIONS, AND TEMPORARY POWER.

2. GENERAL REQUIREMENTS: ALL WORK SHALL BE PERFORMED BY SKILLED LICENSED ELECTRICIANS IN ACCORDANCE WITH THE BEST PRACTICES OF THE TRADE, MEETING THE REQUIREMENTS OF THE LATEST EDITION OF THE NATIONAL ELECTRICAL CODE, APPLICABLE FEDERAL, STATE AND LOCAL CODES, AND THE REQUIREMENTS OF THE ELECTRICAL UTILITY COMPANY FURNISHING THE SERVICES. ALL NECESSARY CONSTRUCTION PERMITS AND CERTIFICATES OF INSPECTION SHALL BE PURCHASED AND OBTAINED UNDER THIS CONTRACT.

3. SERVICE VOLTAGE: THESE DRAWINGS ARE FOR A EXISTING BUILDING SERVICE OF 480Y/277V VOLT, THREE PHASE, FOUR WIRE, 60 HERTZ. ALL EQUIPMENT HAS BEEN DESIGNED AND PURCHASED FOR USE ON THIS ELECTRICAL SYSTEM. THE CONTRACTOR SHALL CONTACT THE ELECTRICAL UTILITY AND VERIFY ALL OF THE ABOVE SERVICE CHARACTERISTICS, AND THE AVAILABLE FAULT CURRENT.

PART II. MATERIALS

1. MATERIALS: ALL MATERIALS SHALL BE NEW AND OF THE QUALITY INDICATED BY THE SPECIFIED BRAND NAMES. SUBSTITUTIONS OF MATERIAL OF EQUAL QUALITY BY OTHER MAJOR MANUFACTURERS OF COMMERCIAL EQUIPMENT MAY BE ACCEPTABLE PROVIDED A LIST OF SUCH SUBSTITUTIONS IS APPROVED.

2. CONDUIT AND FITTINGS: CONDUIT PERMITTED: (A) RIGID GALVANIZED STEEL (RGS), (B) EMT, (C) PVC, AND (D) ENT. TYPES UTILIZED SHALL BE RUN ONLY AS PERMITTED PER CODE. ALL WIRING SHALL BE RUN IN CONDUIT. CONDUIT PLACED IN CONCRETE OR RUN UNDERGROUND SHALL BE RIGID GALVANIZED CONDUIT OR PVC. IF PVC IS USED, ALL ELBOWS, SWEEPS AND STUB-UPS SHALL BE RGS. CONDUIT EXPOSED OR RUN IN MASONRY WALLS ABOVE GRADE MAY BE PVC OR EMT WHERE ALLOWED BY LOCAL CODES. IF EMT IS NOT PERMITTED, RIGID SCREWED GALVANIZED PIPE CONDUIT AND FITTINGS SHALL BE USED. IF SHIELDED CABLE IS REQUIRED FOR CONTROL CIRCUITRY, IT SHALL BE TAN, GREY OR ANY NEUTRAL COLOR OTHER THAN THAT AS SPECIFIED FOR POWER DISTRIBUTION. NO CONDUIT SMALLER THAN 3/4" SHALL BE INSTALLED EXCEPT FOR TWO-WIRE SWITCH LEGS. ALL CONDUIT BENDS SHALL BE FREE FROM DENTS AND KINKS. ALL CONDUITS SHALL BE ELECTRICALLY CONTINUOUS FROM THE SERVICE EQUIPMENT TO ALL OUTLETS, AND SHALL BE SECURED TO ALL METAL BOXES WITH ONE LOCK NUT OUTSIDE, AND ONE INSIDE THE BOX WITH A REINFORCED BAKELITE BUSHING. IF PVC, OR ENT, IS USED, THEN APPROPRIATE SIZED, ELECTRICALLY CONTINUOUS, BOND WIRES SHALL BE RUN FROM THE SERVICE EQUIPMENT TO ALL OUTLETS, AND SHALL BE SECURED TO EACH WIRING DEVICE PER THE NATIONAL ELECTRICAL CODE. WHERE CONNECTIONS ARE TO BE MADE BETWEEN CONDUIT TERMINATIONS AND MOTORS, EQUIPMENT, OR APPARATUS NECESSITATING FLEXIBLE CONNECTIONS, APPROVED FLEXIBLE CONDUIT SHALL BE USED. OUTDOOR CONNECTIONS TO FANS, HVAC UNITS, OR ROTATING EQUIPMENT SHALL B MADE WITH HELICAL WOUND, LIQUIDTIGHT, FLEXIBLE STEEL CONDUIT. EXPOSED CONDUIT SHALL BE SUITABLY SUPPORTED AT INTERVALS NOT TO EXCEED FIVE (5) FEET. DURING CONSTRUCTION, CONDUIT SHALL BE KEPT FREE OF ALL FOREIGN MATTER BY USE OF CAPPED BUSHINGS ON ALL TURNED UP ENDS. PAPER OR WOOD PLUGS ARE NOT ACCEPTABLE FOR THIS PURPOSE.

3. WIRE AND CABLES: ALL WIRE AND CABLES SHALL BE UNDERWRITERS LABORATORIES' LISTED, AND LABELED, AND CONFORM WITH APPLICABLE STANDARDS OF UL (44, AND 83), NEMA (WC-5, AND WC-7), IPCEA (S-61-402, AND S-66-524), FEDERAL SPECIFICATIONS (J-C-30A(1), AND HH-I-595C), ANSI, AND OTHER APPLICABLE INDUSTRY STANDARDS. CONNECTORS AND LUGS SHALL MEET UL PUBLICATION 486. ALL BRANCH CIRCUIT WIRING SHALL BE 600 VOLT, COPPER, 75 DEGREE C (MIN), TYPE THHN/THWN WITH A MINIMUM SIZE OF #12 AWG, UNLESS NOTED OTHERWISE. WIRE SIZES OF #8 AWG AND LARGER SHALL BE STRANDED. SERVICE AND FEEDER CABLES SHALL BE 600 VOLT, STRANDED COPPER, 75 DEGREE C (MIN), TYPE XHHW. ALL CIRCUITS SHALL HAVE A SEPARATE GROUND CONDUCTOR. PROVIDE GREEN-INSULATED GROUND WIRE IN ALL RACEWAYS, CABLE ASSEMBLIES, AND WHERE NOTED. SIZE EQUIPMENT GROUNDS PER TABLE 250-122 OF THE NATIONAL ELECTRICAL CODE. INSULATION COLOR CODES SHALL BE BLACK, AND RED (PHASE), WHITE (NEUTRAL), AND GREEN (GROUND).

A. ALL WIRING SHALL BE INSTALLED IN CONDUIT, EXCEPT WHERE SPECIFICALLY SHOWN ON THE DRAWINGS. NON-METALLIC SHEATHED (TYPE NM) CABLE IS NOT PERMITTED.

B. ALL BRANCH CIRCUIT, COMMUNICATION, SIGNALING, AND CONTROL WIRING, FIRE PROTECTION, AND OTHER EQUIPMENT SHALL BE ROUTED ABOVE THE CEILING. VERIFY WHETHER OR NOT THE SPACE ABOVE THE CEILING IS USED AS A SPACE FOR RETURN AIR FOR THE ENVIRONMENTAL AIR SYSTEM. IF IT IS USED FOR RETURN AIR, PROVIDE APPROVED RACEWAYS FOR ALL OVERHEAD WIRING PER NEC ARTICLE 300-22(B). IF IT IS NOT "OTHER SPACE USED FOR ENVIRONMENTAL AIR", APPROVED LOW VOLTAGE CABLES MEETING THE REQUIREMENTS OF NEC ARTICLES 725 AND 760 MAY BE RUN WITHOUT RACEWAYS, UNO. ALL SAFETY CONTROL WIRING FOR FIRE PROTECTION SYSTEMS, SHUNT TRIPS, ETC. SHALL BE RUN IN A RACEWAY IN ACCORDANCE WITH NEC ARTICLES 725.25 AND 725.28.

OTHER WIRING:

1. FURNISH AND INSTALL ALL POWER WIRING AND CONDUIT AS INDICATED ON THE DRAWINGS. DISCONNECT SWITCHES SHALL BE FURNISHED AND INSTALLED FOR EACH UNIT OF HVAC EQUIPMENT, AND FOROTHER EQUIPMENT WITHOUT A CORD AND PLUG. BEFORE ENERGIZING ANY EQUIPMENT, VERIFY THAT THE CORRECT POWER SUPPLY VOLTAGE, AMPACITY, AND PHASING HAS BEEN PROVIDED AT THE LOAD SIDE OF THE DISCONNECT.

2. EMPTY CONDUIT: LEAVE A #12 AWG PULL WIRE IN ALL EMPTY CONDUITS.

3. BOXES AND WIREWAYS: ALL JUNCTION BOXES, PULL BOXES, WIREWAYS, ETC, SHALL BE SIZED IN ACCORDANCE WITH THE NATIONAL ELECTRICAL CODE.

4. EQUIPMENT IDENTIFICATION: PROVIDE NAMEPLATES FOR ALL PANELBOARDS, CONTROLS, AND OTHER ELECTRICAL EQUIPMENT. EQUIPMENT VISIBLE TO THE PUBLIC SHALL BE IDENTIFIED WITH ENGRAVED LAMINATED NAMEPLATES ATTACHED WITH STAINLESS STEEL FASTENERS. ELECTRICAL EQUIPMENT NOT VISIBLE TO THE PUBLIC MAY BE NEATLY IDENTIFIED WITH BLACK PERMANENT MARKERS.

PART III. EXECUTION

1. TESTS: MAKE ALL TESTS NECESSARY TO ENSURE THAT THE ENTIRE INSTALLATION IS FREE FROM IMPROPER GROUNDS, AND FROM SHORTED AND/OR OPEN CONDUCTORS. VOLTAGE, CURRENT, AND ROTATION TESTS SHALL BE MADE BEFORE ANY MOTORS ARE PLACED IN OPERATION. ALL LOADS SHALL BE BALANCED ACROSS PHASES. CHECK TO SEE THAT ALL LIGHTS WORK, AND ARE CONTROLLED BY SWITCHES INDICATED ON DRAWINGS, OR CIRCUIT BREAKERS SO INDICATED ON PANEL SCHEDULE.

2. GUARANTEE: FURNISH A GUARANTEE IN WRITING TO THE OWNER THAT ALL WORK EXECUTED UNDER THIS SECTION IS FREE FROM DEFECTS OF MATERIALS AND WORKMANSHIP FOR A PERIOD OF ONE (1) YEAR FROM DATE OF FINAL ACCEPTANCE. IN ADDITION, DURING THE TERM OF THIS GUARANTEE, THE REPAIR AND/OR REPLACEMENT OF ANY DEFECTIVE WORK, AND ALL RESULTING DAMAGES SHALL BE MADE AT NO ADDITIONAL EXPENSE TO THE OWNER.

3. TEMPORARY POWER: AT THE PROJECT SITE, PROVIDE A 100 AMP, 120/240V VOLT, SINGLE PHASE, SERVICE WITH POWER OUTLETS ADEQUATE FOR TEMPORARY CONSTRUCTION POWER. TEMPORARY LIGHTING SHALL BE MAINTAINED IN ALL AREAS OF THE BUILDING UNTIL PERMANENT POWER SOURCES HAVE BEEN ENERGIZED. TEMPORARY SERVICE SHALL BE PROVIDED UNDER SECTION 1A OF THESE SPECIFICATIONS.

4. CLEAN-UP: LEAVE THE ELECTRICAL PORTION OF THE WORK IN A CLEAN AND FINISHED CONDITION.

5. SHOP DRAWINGS: PROVIDE SHOP DRAWINGS FOR THE FOLLOWING ITEMS: PANELBOARDS, LIGHTING FIXTURES.

6. AS-BUILT DRAWINGS: MAINTAIN AS-BUILT DRAWINGS, UPDATED DAILY DURING CONSTRUCTION, AND PRESENT THE OWNER WITH ONE SET UPON COMPLETION. PROVIDE THE OWNER'S PERSONNEL WITH ON-SITE INSTRUCTION IN THE OPERATION AND MAINTENANCE OF THE COMPLETED ELECTRICAL SYSTEM.

PROJECT GENERAL NOTES

1. INSTALLATION SHALL COMPLY WITH NATIONAL ELECTRICAL CODE, STATE BUILDING CODE AND ALL REQUIREMENTS OF THE LOCAL INSPECTOR (FURNISH INSPECTION CERTIFICATE). ALL WORK SHALL BE BY LICENSED ELECTRICAL CONTRACTOR.

2. ALL BRANCH CIRCUITS SHALL BE IN ZINC-COATED EMT OR RIGID CONDUIT AS PERMITTED BY THE NATIONAL ELECTRICAL CODE. SCHEDULE 40 PVC CONDUIT MAY BE USED ONLY FOR THE SECONDARY UNDERGROUND SERVICE, THE UNDERGROUND TELEPHONE SERVICE CONDUIT, AND BRANCH CIRCUIT TELEPHONE SYSTEM CONDUITS LOCATED BELOW THE FLOOR SLAB ON GRADE OR BURIED ON THE EXTERIOR OF THE BUILDING, OR IN CONCRETE BLOCK WALLS. ALL CONDUIT SHALL BE 3/4" MIN. SIZE. EMT FITTINGS SHALL BE STEEL COMPRESSION TYPE.

3. ALL CONDUCTORS SHALL BE COPPER TYPE THHN OR THWN SOLID FOR #10 AWG OR #12 AWG AND STRANDED FOR ALL LARGER SIZES.

4. ALL WIRING SHALL BE CONCEALED IN WALLS, UNDER SLAB OR ABOVE SUSPENDED CEILING SPACE.

5. CONDUITS MAY BE RUN EXPOSED IN MECHANICAL AREAS. CONDUITS SHALL BE RUN PARALLEL OR PERPENDICULAR TO STRUCTURAL ELEMENTS AND SHALL BE RUN IN GROUPS. SEAL ALL PENETRATIONS AIR TIGHT AROUND ALL CONDUITS WHEN PASSING INTO MECHANICAL ROOMS.

6. ALL MOUNTING HEIGHTS ARE GIVEN TO THE BOTTOM OF THE DEVICE UNLESS NOTED OTHERWISE.

7. THE LOCATION OF ALL WALL MOUNTED DEVICES, INCLUDING MOUNTING HEIGHTS, SHALL BE FIELD VERIFIED WITH THE ARCHITECT PRIOR TO INSTALLATION.

8. THE ELECTRICAL CONTRACTOR SHALL PROVIDE ALL NECESSARY DISCONNECTS, SWITCHES AND RECEPTACLES UNDER THE ELECTRICAL BID AND SHALL INCLUDE ALL NECESSARY CIRCUITS AND FINAL CONNECTIONS TO THE EQUIPMENT PROVIDED BY ALL SUPPLIERS, UNLESS NOTED OTHERWISE BY OTHER DISCIPLINES.

9. ALL ELECTRICAL EQUIPMENT SHALL BE INSTALLED SO THAT ALL CODE REQUIRED AND MANUFACTURER RECOMMENDED SERVICING CLEARANCES ARE MAINTAINED.

10. BIDDING CONTRACTORS MUST VISIT THE SITE, REVIEW ALL CONSTRUCTION DOCUMENTS, AND OBTAIN WRITTEN COPIES OF ALL REFERENCED CODES AND ORDINANCES PRIOR TO SUBMITTING BIDS. NO ALLOWANCE WILL BE MADE FOR ADVERSE CONDITIONS WHICH WERE ASCERTAINABLE PRIOR TO BID TIME.

11. OBTAIN INFORMATION REGARDING THE ROUGH-IN AND FINAL CONNECTION REQUIREMENTS FOR EQUIPMENT TO BE PROVIDED BY THE OWNER OR OTHER CONTRACTORS PRIOR TO COMMENCING WORK.

12. PROVIDE PULL WIRE IN ALL EMPTY CONDUIT.

13. THE WORD "PROVIDE" MEANS FURNISH AND INSTALL.

14. MC CABLE IS ALLOWED FOR FINAL CONNECTIONS TO EQUIPMENT. FINAL CONNECTION TO EQUIPMENT IS LIMITED TO 72" MAXIMUM LENGTH.

15. THE ELECTRICAL CONTRACTOR SHALL OBTAIN AND REVIEW THE MECHANICAL AND SPECIAL EQUIPMENT SUBMITTALS PRIOR TO SUBMITTING THE ELECTRICAL SUBMITTALS. ANY ELECTRICAL EQUIPMENT, CONDUIT, AND WIRE SIZE CHANGES RESULTING FROM THIS REVIEW SHALL ALSO BE SUBMITTED FOR APPROVAL.

16. THE CONTRACTOR SHALL LEAVE THE ENTIRE ELECTRICAL SYSTEM INSTALLED IN PROPER WORKING ORDER, AND SHALL REPLACE WITHOUT ADDITIONAL COST, ALL WORK OR MATERIAL WHICH MAY DEVELOP DEFECTS, (ORDINARY WEAR AND TEAR OR DAMAGE RESULTING FROM IMPROPER HANDLING EXCEPTED) WITHIN A PERIOD OF ONE (1) YEAR FROM THE DATE OF FINAL ACCEPTANCE BY THE OWNER.

17. ALL FIRE BARRIER PENETRATIONS SHALL BE SEALED WITH APPROVED FIRE SEALANT. COORDINATE WITH ARCHITECTURAL PLANS FOR ALL RATED WALLS AND CEILINGS PRIOR TO BID SO AN UNDERSTANDING OF NUMBER OF SEALS REQUIRED, AND DETERMINE METHOD FOR MINIMIZING THE SEAL REQUIREMENTS.

Re: Multi-Modal Project No. RMM-21(004) Agreement

Dear Mr. Cork,

This letter is to inform you that your project was selected by the Rails Multimodal Committee for an award of $400,000. Enclosed for signatures are three originals of the referenced Multi-Modal agreement. Please have each document dated, signed and attested by the appropriate project representatives. The three documents, along with the completed **E-Verify form**, are to be returned by **February15, 2021** for execution by our Executive Director. One fully executed original will be returned for your records along with the formal notice to proceed.

Please note that all work accomplished, equipment procured, consultant contracts or other expenditures pursuant to this award must meet all applicable state procurement regulations in addition to meeting the requirements of the terms and conditions of this agreement.

Once the notice to proceed is issued, the following (as applicable) will be required for our review and approval prior to any payment of state funds:

- Plans, specifications and contract documents.
- Engineering, consultant, etc. agreements.
- Tabulation of bids, if applicable.

You are reminded that the project must be completed within 24 months of MDOT's execution date of this agreement.

If you have any questions, please contact me at (601) 359-1454 or by email at jstubbs@mdot.ms.gov.

Sincerely,

Josh Stubbs, P.E.
Rails Engineer

MISSISSIPPI TRANSPORTATION COMMISSION
MULTI-MODAL FUNDING AGREEMENT
Project No. RMM-21(004)

This AGREEMENT is made and entered into by and between the Mississippi Transportation Commission, a body Corporate of the State of Mississippi (hereinafter referred to as "COMMISSION"), acting by and through the duly authorized Executive Director of the Mississippi Department of Transportation (hereinafter "MDOT"), and **Hancock County Port and Harbor Commission** ("RECIPIENT," jointly referred to as "PARTIES"), effective as of the date of the last execution below.

WHEREAS, Section 65-1-701 et seq., Miss. Code Ann. (1972) as amended, authorizes the COMMISSION, subject to the limitations and conditions stated therein, to render financial aid for the development and improvement of transportation projects; and

WHEREAS, the RECIPIENT has submitted an application for Federal and/or State MULTI-MODAL Funds (hereinafter "APPLICATION") to the COMMISSION for financial assistance to be expended by or on behalf of the RECIPIENT in support of a project consisting of the following:

North Yard Upgrade

Amount: **$400,000.00**

hereinafter referred to as the "PROJECT," a brief description together with special provisions of which is incorporated herein and made part of this AGREEMENT as Attachment "A."

Such PROJECT may be more fully described in the APPLICATION, capital replacement plan, budget/estimate and/or approved Federal/State grant on file in the offices of the Mississippi Department of Transportation, which, as applicable, are incorporated herein by reference; and

WHEREAS, the COMMISSION has agreed to partially fund such PROJECT with State and/or Federal funds, said PROJECT having been first approved by the Railroad MULTI-MODAL Committee;

NOW, THEREFORE, in furtherance thereof, the parties hereto do agree as follows:

SECTION I Responsibilities of the Parties

As a condition of this AGREEMENT and as consideration for same, the RECIPIENT agrees to the following terms and conditions:

A. The RECIPIENT will expend an amount equal to the amount shown in the APPLICATION as the RECIPIENT's share of the PROJECT, unless a lesser amount is subsequently approved by the COMMISSION.

B. The RECIPIENT will carry out and complete the PROJECT in accordance with the approved APPLICATION, budget/estimate, plans, specifications, or contracts for

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

the transportation PROJECT, incorporated herein by reference, and any revisions or modifications approved by the COMMISSION.

C. The RECIPIENT will provide the COMMISSION with reports in a format and schedule as may be requested by the COMMISSION for accomplishing the PROJECT. Failure to accomplish the PROJECT in a timely manner may be considered as the basis for the COMMISSION to cancel this award and withdraw these funds.

D. The RECIPIENT will ensure that all funds awarded through this AGREEMENT are expended in accordance with all Federal/State cost principles as well as Federal and State procurement laws, regulations, or other program guidance as applicable.

E. The RECIPIENT will at all times comply with all applicable Federal and State regulations, policies, procedures and directives, including the applicable Certifications and Assurances to be executed by the RECIPIENT as a part of grant awards and/or other agreements with the COMMISSION that relate to this PROJECT.

F. The RECIPIENT will establish and maintain financial records of the PROJECT in accordance with applicable Federal and/or State audit requirements and make them available to personnel of the COMMISSION upon request.

G. The RECIPIENT will operate and maintain in a safe and serviceable condition, all real and/or personal property, including but not limited to vehicles and equipment (hereinafter, as combined, to be referred to as “PROPERTY”) that is purchased in whole or in part with funds provided by this AGREEMENT.

H. The RECIPIENT will grant and does hereby grant to the COMMISSION the right and opportunity to inspect any PROPERTY financed in whole or in part by this AGREEMENT, to audit any records connected to this PROJECT, and to review the RECIPIENT’s processes, procedures, and use of said PROPERTY.

I. The RECIPIENT will dispose of all PROPERTY financed in whole or in part by this AGREEMENT in accordance with the applicable property management and disposition policies and procedures as determined by the COMMISSION.

J. The RECIPIENT will dispose of all proceeds resulting from the sale of any PROPERTY financed in whole or in part by this AGREEMENT in accordance with written guidance from the COMMISSION.

The COMMISSION in discharge of its responsibilities hereunder agrees to reimburse the RECIPENT an amount up to $400,000.00 as the COMMISSION’s share from the State MULTI-MODAL Transportation Improvement Fund, and/or other available State or Federal funds as may be appropriate for expenses incurred in accomplishing the PROJECT.

SECTION II Purchase of Property, Goods, or Services

The purchase of all PROPERTY, and/or goods and services, financed in whole or in part pursuant to this AGREEMENT shall be in accordance with the applicable Federal and State laws and procurement regulations, including State competitive bidding procedures.

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

The MDOT, after conferring with the appropriate Federal agency, may impose additional specific requirements governing the acquisition, use, or disposition of PROPERTY purchased with Federal funds.

SECTION III Title to Project Property

With respect to the title to PROPERTY acquired as a result of this AGREEMENT, the RECIPIENT agrees as follows:

A. Title to PROJECT PROPERTY shall be in the RECIPIENT's name subject to the restrictions of use and disposition as set forth herein and in accordance with Sections IV, V, and VIII of this AGREEMENT. If applicable, the COMMISSION shall be listed as first lien-holder on and maintain all original titles to PROPERTY and shall be furnished one set of keys. If this AGREEMENT is terminated for any reason, title to such PROPERTY shall become vested in the COMMISSION as first lien-holder and the COMMISSION shall have the right to repossess the same without notice.

B. The RECIPIENT shall grant to the COMMISSION a security interest in the PROJECT PROPERTY through the execution of a security agreement in a form acceptable to the COMMISSION and by the filing of financing statements necessary to perfect that security interest. A copy of the Security Agreement form, acceptable to the COMMISSION, is available upon request to the designated COMMISSION contact person shown at Section XXI below**.**

C. When real property is acquired and/or developed under the terms of this AGREEMENT, non-governmental RECIPIENTS agree to grant to the COMMISSION a security interest in the real property to secure RECIPIENT's performance of the terms of this AGREEMENT and shall perfect that security interest by executing a deed of trust in a form acceptable to the COMMISSION and by filing that deed of trust in the land records of the county where the real property is located. At least ten (10) days prior to the transfer of funds under the terms of this AGREEMENT for the acquisition and/or development of real property, the RECIPIENT shall provide to the COMMISSION a title certificate from a Mississippi licensed attorney approved by the COMMISSION showing that there are no encumbrances on the real property to be acquired and/or developed, and the RECIPIENT shall have the title certificate updated immediately prior to the transfer of funds for the acquisition and/or development of the subject property. A copy of the Deed of Trust form, acceptable to the COMMISSION, is available upon request to the designated COMMISSION contact person shown at Section XXI below.

D. In addition, when real property is acquired and/or developed under the terms of this AGREEMENT, non-governmental RECIPIENTS shall convey to the COMMISSION the RECIPIENT's executive power to transfer any interest in the real property until the RECIPIENT has fulfilled its obligations under the terms of this AGREEMENT. The conveyance of the RECIPIENT's executive power shall be in a form acceptable to the COMMISSION. A copy of the Conveyance of Executive Power form, acceptable to the COMMISSION, is available upon request to the designated COMMISSION contact person shown at Section XXI below.

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

E. If the RECIPIENT is a governmental entity, in lieu of C and D above, it agrees to execute a Notice of Federal/State Interest which shall be duly recorded in the land records of the county. A copy of an acceptable form of the Notice of Federal/State Interest is available from the designated COMMISSION contact person shown at Section XXI below.

SECTION IV Use of Project Property

Use of PROJECT PROPERTY is subject to the following conditions:

A. The RECIPIENT agrees that the PROJECT PROPERTY shall be used as described in the approved APPLICATION and this AGREEMENT. If, during the duration of the PROJECT, any PROPERTY is not used in this manner or is withdrawn from service for more than ninety (90) days, the RECIPIENT shall notify the COMMISSION in writing and shall dispose of such PROPERTY in accordance with guidance from the COMMISSION.

B. In the event of the RECIPIENT's non-compliance with the provisions of this section, the COMMISSION shall impose such sanctions as it may determine to be appropriate, including but not limited to:

(1) Withholding or discontinuing further reimbursements or funding; and/or

(2) Cancellation, termination, or suspension of this AGREEMENT in whole or in part.

C. The RECIPIENT shall keep satisfactory records with regard to the use of the PROJECT PROPERTY and shall submit to the COMMISSION upon request such information as is required.

D. The RECIPIENT shall neither use nor permit the PROPERTY provided hereunder to be used for any illegal or unlawful purpose or in an unlawful manner or otherwise subject the said PROPERTY to confiscation. The RECIPIENT agrees to reimburse the COMMISSION for the fair, retail market value in the event that the PROPERTY is confiscated while in the possession or control of the RECIPIENT, together with other such expenses or losses that the COMMISSION may incur as a result thereof including attorney fees.

SECTION V Encumbrance of Project Equipment or Real Property

Except as provided in Section III of this AGREEMENT, the RECIPIENT shall not execute any lease, pledge, mortgage, lien, or other contract (including a grant anticipation note or "Safe Harbor Lease" under Section 168(g)(8) of the Internal Revenue Code of 1954) touching or affecting the Federal/State interest in any PROJECT PROPERTY, nor shall it obligate itself in any other manner, with any third party with respect to such PROPERTY, unless such lease, pledge, mortgage, lien, contract, or other obligation is expressly authorized in writing by the COMMISSION; nor shall the RECIPIENT, by any act or omission of any kind, adversely affect the Federal/State interest or impair its continuing control over the use of said PROPERTY.

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

SECTION VI Records and Maintenance of Project Property

For the duration of the PROJECT, the RECIPIENT shall maintain the PROJECT PROPERTY at a high level of cleanliness, safety, and mechanical soundness. The RECIPIENT must maintain a PROJECT equipment inventory and a formal maintenance program. Property records must include a description of the property, vehicle identification number, if applicable, source, cost, acquisition date, percent of Federal participation, detailed maintenance records, and any disposition data.

SECTION VII Insurance

The RECIPIENT shall obtain insurance adequate to protect PROJECT PROPERTY, as well as public liability insurance. The COMMISSION shall be named as loss payee for PROPERTY purchased with Federal and/or State MULTI-MODAL funds. The RECIPIENT shall submit evidence of such insurance coverage including documentation of the solicitation process annually to the COMMISSION or prior to beginning vehicle operations, work or services to carry out the PROJECT, and said coverage shall remain in effect at all times during the duration of the PROJECT.

The RECIPIENT shall obtain and maintain at all times during the duration of the PROJECT insurance coverage adequate to meet the appropriate requirements of the COMMISSION. In lieu thereof, the RECIPIENT shall certify that its sub-recipient has obtained said coverage. These specific requirements shall be attached hereto as Attachment "B."

SECTION VIII Disposition of Property

The RECIPIENT agrees that the PROJECT property shall be used as described in Section IV of this AGREEMENT. If, at any time during the duration of this PROJECT, any PROPERTY with remaining useful life is not being used as described above, the RECIPIENT shall notify the COMMISSION in writing and, after concurrence by the COMMISSION, shall dispose of such PROPERTY in accordance with applicable laws and regulations and with the following procedures:

A. Disposal of property with remaining useful life requires written approval authorized by the COMMISSION.

(1) If PROPERTY is transferred to another recipient, the transferring RECIPIENT shall be entitled to and responsible for collecting from the receiving recipient its pro rata share of the current fair market value, based on the local match ratio. The value of the local match shall be based on at least two (2) independent appraisals of the current fair market value. In the absence of independent appraisals, value of the property shall be based on standard depreciation calculations.

(2) If the PROPERTY is approved to be retained by the RECIPIENT and the property has a fair market value of at least five thousand dollars ($5,000.00), the RECIPIENT shall reimburse the COMMISSION in an amount based on the Federal/State pro rata share of the original cost, equal to the current fair market value of the PROPERTY. The fair market value must be based upon two (2) independent appraisals. These appraisals must be approved by the COMMISSION.

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

(3) If the PROPERTY is approved to be sold, it shall be advertised and sold at the highest price obtainable at public sale or via sealed bids. All sales of PROPERTY must be consistent with State laws. The COMMISSION may authorize the expenses of the sale to be deducted from the proceeds. The proceeds derived from the sale of the PROPERTY may be retained by the RECIPIENT as long as such proceeds are used to support the transportation PROJECT approved by the COMMISSION. Otherwise the RECIPIENT shall reimburse the COMMISSION its pro rata share of the net proceeds, based on the pro rata share of the original cost.

B. To request disposal of PROPERTY that has reached its end of useful life, the RECIPIENT must make a written request of a declaration of end of useful life to the COMMISSION. Requests for end of useful life must be made in such a manner and format as required by the COMMISSION in the approved program procedures manual or policy statements.

C. The RECIPIENT shall be responsible to the COMMISSION for full compliance with the current version of OMB Circular A-110 Revised and the "Common Grant Rule" for property disposition, and all other provisions of applicable Federal and State laws, rules, and regulations.

SECTION IX E-Invoice and E-Payment Paymode-X

This COMMISSION requires that all RECIPIENTS submit invoices electronically throughout the term of this AGREEMENT. RECIPIENT invoices shall be submitted to the COMMISSION using the processes and procedures identified by the COMMISSION. Procedures for new RECIPIENTS may be found in the Mississippi Department of Finance and Administration's Mississippi Agency Accounting Policies and Procedures (MAAPP) Manual in the Vendor File Maintenance Sections 11.20.10, 17.20.05, and 17.10.10 and in the related section on requirements for requesting an exemption from electronic payment found in Section 17.10.20. RECIPIENT understands that RECIPIENT must be enrolled in Paymode-X e-payment module prior to being enrolled for e-invoicing, and agrees to same, unless RECIPIENT has applied for and been granted an exemption. RECIPIENT may request assistance enrolling by contacting www.mmrs.state.ms.us or by calling the Mississippi Management and Reporting System's (MMRS) Call Center at (601) 359-1343. Payments by State Agencies using Mississippi's Accountability System for Government Information and Collaboration (MAGIC) shall be made and remittance information provided electronically as directed by the State. These payments shall be deposited in the bank account of the RECIPIENT's choice. RECIPIENT understands that the COMMISSION is exempt from the payment of taxes. All payments shall be in United States Currency.

SECTION X Agreement Reimbursement/Payments

Reimbursement payments pursuant to this award will be made for eligible costs documented by invoices for the equipment, work or services incurred in accomplishing the PROJECT. Final payment will be made after review and approval by the COMMISSION of documentation of the completion of the PROJECT and/or any audit documents as may be applicable.

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

The COMMISSION reserves the right to amend or withdraw this award at any time prior to its acceptance by the RECIPIENT.

SECTION XI Applicable Law/Severability

This AGREEMENT shall be governed by and construed under the laws of the State of Mississippi. Any term or provision or portion thereof which violates the laws of the State of Mississippi shall be null and void. If any term or provision of this AGREEMENT is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this AGREEMENT shall not be affected thereby and each term and provision of this AGREEMENT shall be valid and enforceable to the fullest extent permitted by law.

SECTION XII Availability of Funds

It is expressly understood and agreed that the obligation of the COMMISSION to proceed under this AGREEMENT is conditioned upon the availability of funds, the appropriation of funds by the Mississippi Legislature, and/or the receipt of State funds, as provided by Section 27-104-25 of the Mississippi Code.

If at any time the funds anticipated for the fulfillment of this AGREEMENT are not forthcoming or are insufficient as a result of the failure of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the COMMISSION for the performance of this AGREEMENT, then this AGREEMENT shall be suspended automatically without any notice to RECIPIENT or any surety, for a period not to exceed ten (10) business days, effective immediately upon the date that said funds are not available, without damage, penalty, cost, or expenses to the COMMISSION of any kind whatsoever. RECIPIENT is responsible for monitoring the actions of the Mississippi Legislature in its enactment of, or its failure to enact, any budget appropriation for the MDOT for the ensuing Fiscal Year, and for monitoring the MDOT website at http://www.gomdot.com for any such notices.

In the event that said suspension is necessary, RECIPIENT shall take all necessary steps to minimize the incurrence of costs allocable to the suspension, and advise all sub-recipients and vendors to do the same. Upon expiration of the ten (10) business days, if said funds remain unavailable, then COMMISSION may, at its discretion, elect to extend the suspension and/or issue a stop work order or terminate this AGREEMENT as provided below.

If a suspension is not canceled and the work covered by such suspension is terminated, the RECIPIENT may be paid for services rendered prior to the suspension and/or stop work order. In addition to payment for services rendered prior to the date of the suspension and/or stop work order, the COMMISSION may be liable only for the costs, fees, and expenses, if any, for demobilization and closeout of this AGREEMENT, based on actual time and expenses incurred by the RECIPIENT. In no event shall the COMMISSION be liable for lost profits or other consequential damages.

SECTION XIII Stop Work Order/Termination for Lack of Funding

The COMMISSION may issue a stop work order or terminate this AGREEMENT for lack of funding in the following manner:

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

A. The COMMISSION may, by written order to the RECIPIENT at any time, and without notice to any surety, require the RECIPIENT to stop all or any part of the work called for by this AGREEMENT. This order shall be for a specified period not exceeding twenty-four (24) months after the order is delivered to the RECIPIENT unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, the RECIPIENT shall forthwith comply with its terms and take all steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the COMMISSION shall either:

(1) Cancel the stop work order; or

(2) Terminate the work covered by such order according to and as provided elsewhere in this AGREEMENT.

Prior to the COMMISSION's taking official action to stop work under this AGREEMENT, the Executive Director of MDOT may notify the RECIPIENT, in writing, of the MDOT's intentions to ask the COMMISSION to stop work under this AGREEMENT. Upon notice from the Executive Director of MDOT, RECIPIENT shall suspend all activities under this AGREEMENT, pending final action by the COMMISSION.

B. If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, the RECIPIENT shall have the right to resume work. If the COMMISSION decides that it is justified, an appropriate adjustment may be made in the delivery schedule. If the stop work order results in an increase in the time required for or in the RECIPIENT's cost properly allocable to the performance of any part of this AGREEMENT and the RECIPIENT asserts a claim for such an adjustment within thirty (30) days after the end of the period of work stoppage, an equitable adjustment in this AGREEMENT may be made by written modification of this AGREEMENT as provided by the terms of this AGREEMENT.

C. If a stop work order is not canceled and the work covered by such order is terminated, the RECIPIENT may be paid for services rendered prior to the termination. In addition to payment for services rendered prior to the date of termination, the COMMISSION shall be liable only for the costs, fees, and expenses for demobilization and closeout of this AGREEMENT, based on actual time and expenses incurred by the RECIPIENT in the packaging and shipment of all documents covered by this AGREEMENT to the COMMISSION. In no event shall the COMMISSION be liable for lost profits or other consequential damages.

D. If at any time the funds anticipated for the fulfillment of this AGREEMENT are not forthcoming or are insufficient due to the failure of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the COMMISSION for the performance of this AGREEMENT, the COMMISSION shall have the right, upon ten (10) days' written notice to the RECIPIENT, to terminate this AGREEMENT without damage, penalty, cost, or expenses to the

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

COMMISSION of any kind whatsoever. The effective date of termination shall be as specified in the notice or at the end of any fiscal funding period wherein the funds are not available.

In addition to payment for services rendered prior to the date of the termination, the COMMISSION may be liable only for the costs, fees, and expenses, if any, for demobilization and closeout of this AGREEMENT, based on actual time and expenses incurred by the RECIPIENT. In no event shall the COMMISSION be liable for lost profits or other consequential damages.

SECTION XIV Responsibilities for Claims and Liability

Non-governmental RECIPIENTS shall defend, indemnify, and hold harmless the COMMISSION and all its officers, agents, and employees from any claim, loss, damage, cost, charge, expense, or reasonable attorney fees (including, but not limited to, any type of environmental claim, loss, damage cost charge, or expense), to the extent caused by any act, actions, negligence, or omission by the RECIPIENT, its agents, employees, or sub-recipients during the performance of this AGREEMENT, whether direct or indirect. Neither the RECIPIENT nor any of his agents or sub-recipients will be liable under this provision for damages arising out of the injury or damage to persons or property solely caused or resulting from the negligence of the COMMISSION or any of its officers, agents, or employees.

Non-governmental RECIPIENTS' obligation under this section shall be initiated by the COMMISSION's notice of claim for indemnification to RECIPIENT. At the COMMISSION's option, the RECIPIENT shall defend or participate and associate with the COMMISSION in the defense and trial or arbitration of any damage claim, lien, or suit and any related settlement negotiations. Only an adjudication or judgment after the highest appeal is exhausted specifically finding the COMMISSION entirely responsible shall excuse performance of provision by the RECIPIENT. In such case, the COMMISSION shall pay all costs and fees related to this obligation and its enforcement. Should there be a finding of dual or multiple liability, costs and fees shall be apportioned accordingly.

In conjunction herewith, the COMMISSION agrees to notify all RECIPIENTS in writing as soon as practicable after receipt or notice of any claim involving RECIPIENT. These indemnities shall not be limited by reason of the listing of any insurance coverage.

All RECIPIENTS, whether public or otherwise, agree to notify the Commission of any event encountered in the course of performance of this AGREEMENT which results in injury to any person or property, or which may otherwise subject the RECIPIENT or the COMMISSION or its officers, agents, or employees to liability. The RECIPIENT shall report any such event to the COMMISSION immediately upon discovery. Reporting to the COMMISSION under this section shall not excuse or satisfy any obligation of the RECIPIENT to report any event to law enforcement or other entities under the requirements of any applicable law.

All notices, communications, and correspondence between the COMMISSION and the RECIPIENT shall be directed to the key personnel and designated agents designated in this AGREEMENT.

SECTION XV Immigrant Status Certification/E-Verify

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

RECIPIENT represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act**,** Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp 2008), and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. RECIPIENT agrees to maintain records of such compliance and, upon request of the State and approval of the Social Security Administration or Department of Homeland Security, where required, to provide a copy of each such verification to the State. RECIPIENT further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. RECIPIENT understands and agrees that any breach of these warranties may subject RECIPIENT to the following: (a) termination of this AGREEMENT and ineligibility for any State or public contract in Mississippi for up to three (3) years, with notice of such cancellation/termination being made public, or (b) the loss of any license, permit, certification, or other document granted to RECIPIENT by an agency, department, or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. In the event of such termination/cancellation, RECIPIENT would also be liable for any additional costs incurred by the State due to AGREEMENT cancellation or loss of license or permit. The RECIPIENT is required to provide the certification on Attachment "C" to this AGREEMENT to the COMMISSION verifying that the RECIPIENT and sub-recipient(s), if any, are registered and participating in E-Verify prior to execution of this AGREEMENT.

It is agreed by the parties that no person employed by the RECIPIENT pursuant to the provisions hereof will be considered an agent or employee of the COMMISSION or the Mississippi Department of Transportation.

It is further agreed by the parties that no provision of this AGREEMENT is intended nor shall it be construed to give rise to a third party beneficiary claim on the person or entity not a party hereto.

SECTION XVI Disputes

Any dispute concerning a question of fact in connection with this AGREEMENT which is not disposed of by agreement shall be arbitrated by the Executive Director of the MDOT or such person as the Executive Director may designate. The decision of the Executive Director or his/her designee shall be final and conclusive, unless within fifteen (15) days from the date of receipt of the decision, the RECIPIENT submits a written request for review of the decision. In that event, the RECIPIENT shall be provided an opportunity to be heard on the review and offer evidence in support of the RECIPIENT's position regarding the decision. The decision of the Executive Director on the review shall be final and conclusive unless determined by a court of competent jurisdiction to be unlawful for the reason it was not supported by any substantial evidence, was fraudulent, or was capricious. Until a final determination is made, the RECIPIENT shall proceed forthwith with the performance of the RECIPIENT's duties under this AGREEMENT pursuant to the Executive Director's decision.

SECTION XVII Termination of Agreement by Mutual Consent or Fault

This AGREEMENT may be terminated at any time by mutual consent of both parties. The RECIPIENT may terminate its participation in the PROJECT by notifying in writing and receiving the

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

concurrence of the COMMISSION forty-five (45) days in advance of the termination. The COMMISSION may terminate this AGREEMENT by giving the RECIPIENT fifteen (15) days' advance written notice in the event of determination by the COMMISSION of nonperformance or any breach of any terms of this AGREEMENT by the RECIPIENT. The COMMISSION, before issuing written notice of AGREEMENT termination, may allow the RECIPIENT forty-five (45) days to correct the problems identified. If the COMMISSION makes the determination that this AGREEMENT should be terminated due to (a) insufficient performance, (b) a violation of any provision of this AGREEMENT, or (c) a misuse of the funds or equipment provided under this AGREEMENT, then it is agreed that this AGREEMENT shall be terminated upon fifteen (15) days' notice in writing from the COMMISSION to the RECIPIENT. The RECIPIENT shall be entitled to receive compensation for eligible expenses approved by the COMMISSION prior to receiving the termination notice.

SECTION XVIII Termination of Agreement by the Commission

The COMMISSION shall have the absolute right to terminate this AGREEMENT at any time without notice to the RECIPIENT, on the occurrence of any of the following occurrences, which shall constitute a material breach of this AGREEMENT:

A. failure to perform any of the scheduled duties as set out herein;

B. performing unacceptable work, or neglecting or refusing to remove materials or to perform anew such work as may be rejected as unacceptable;

C. discontinuing the prosecution of the work;

D. subcontracting or assigning the work hereunder without the prior written consent of the COMMISSION;

E. unnecessary delay in completing the duties under this AGREEMENT;

F. violation by the Recipient of any law of the State of Mississippi or any law of the United States of America;

G. becoming insolvent, being declared bankrupt, filing for protection under any chapter of the U.S. Bankruptcy Code, or committing any act of bankruptcy or insolvency;

H. allowing a final judgement to stand unsatisfied;

I. making an assignment of the benefit of creditors;

J. failure to provide and maintain the policies of insurance as required by this AGREEMENT;

K. failure for any other causes whatsoever to carry on the work in an acceptable manner.

The above list of circumstances constituting material breach is not intended to be all inclusive and in no way restricts the COMMISSION for terminating this AGREEMENT for any material breach recognized by the Courts, State or Federal.

Termination without notice shall require written notice to the RECIPIENT setting out the basis for said termination and the effective date of said termination. Prior to termination without notice for reasons A, B, C, D, E or I above, the COMMISSION must show that the appropriate supervisory personnel have notified the RECIPIENT of the deficient performance and given the

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

RECIPIENT at least fifteen (15) days to cure the deficiencies, unless said deficiencies are such that they may cause irreparable harm to PROJECT PROPERTY or public safety.

If the RECIPIENT enters into bankruptcy, voluntarily or involuntarily, any PROPERTY, or proceeds resulting from the sale thereof, purchased or financed in whole or in part with funds provided by this AGREEMENT shall not be an asset to the RECIPIENT.

In the event of a termination for any reason, the COMMISSION'S obligations and liability hereunder shall be limited solely to payment of any compensation due RECIPIENT as stated in this AGREEMENT.

SECTION XIX General Provisions

This AGREEMENT, together with the APPLICATION and Attachments hereto, constitutes the sole and entire agreement between the COMMISSION and the RECIPIENT with respect to the PROJECT hereof and supersedes any and all prior agreements, discussions, and negotiations between the COMMISSION and the RECIPIENT.

The RECIPIENT's acceptance of this AGREEMENT shall be evidenced by execution of this AGREEMENT by a duly authorized representative of the RECIPIENT, and said acceptance shall comprise a MULTI-MODAL FUNDING AGREEMENT. It shall become effective upon the date of RECIPIENT's acceptance and shall remain in effect for twenty four (24) consecutive months following execution by the Executive Director of the Mississippi Department of Transportation. Any unspent funds remaining at the end of this AGREEMENT shall automatically revert to the COMMISSION.

The COMMISSION executes all its orders and directives through the duly appointed Executive Director and the personnel of the MISSISSIPPI DEPARTMENT OF TRANSPORTATION. All notices and correspondence with or to the COMMISSION pursuant to the PROJECT identified in this AGREEMENT shall be directed to the appropriate modal Division Director, Mississippi Department of Transportation, and shall reference this AGREEMENT number.

SECTION XX Agreement Changes

Modifications, changes, or amendments to this AGREEMENT may be made upon mutual agreement of the parties hereto. However, any change, supplement, modification, or amendment of any term, provision, or condition of this AGREEMENT must be in writing and signed by both parties hereto.

SECTION XXI Notice, Key Personnel, and Designated Agents

The RECIPIENT agrees that Key Personnel identified as assigned to phases hereunder as set forth in this AGREEMENT shall not be changed or reassigned without prior approval of the MDOT. If prior approval is impossible, recipient shall give notice to the MDOT as soon as practicable, and by subsequent review the MDOT may approve or disapprove the action. For purposes of implementing this section and all other sections of this AGREEMENT with regard to notice, the individuals listed below are herewith designated as agents for the respective parties. Any notice required or permitted to be given under this AGREEMENT shall be in writing and sent

Railroad Attachment "B"

Attached to and made a part of that certain MULTI-MODAL AGREEMENT, Project Number **RMM-21(004)**, executed by and between the Mississippi Transportation Commission and recipient(s) **Hancock County Port and Harbor Commission** for the purpose of setting forth the requirements for insurance for the project.

The RECIPIENT shall obtain or shall cause its sub-contractor/sub-recipient or agent to obtain insurance adequate to protect the PROJECT's property and equipment, as well as public liability insurance. The COMMISSION shall be named as loss payee for property and equipment purchased with MULTI-MODAL funds. The RECIPIENT shall submit evidence of such insurance coverage including documentation of the solicitation process annually to the COMMISSION or prior to beginning the PROJECT, and said coverage shall remain in effect at all times during the duration of the PROJECT. The minimum coverage shall be as follows:

A. Comprehensive general liability insurance in an amount not less than five hundred thousand dollars ($500,000.00) per occurrence, including coverage for blanket contractual liability, broad form property damage, personal injury and bodily injury (including illness, disease and death), and products/completed operations for any work performed on or within fifty (50) feet of a railroad right-of-way;

B. Comprehensive automobile liability insurance, including hired and non-owned vehicles, in an amount not less than five hundred thousand dollars ($500,000.00) per occurrence, covering bodily injury and death and property damage, if applicable;

C. Blanket employee fidelity bond insurance in an amount not less than fifty thousand dollars ($50,000.00);

D. Workers' compensation insurance in the amount required pursuant to the laws of the State of Mississippi;

E. Jones Act coverage, if applicable, in an amount sufficient to comply with the requirements of 46 U.S.C. Section 30104; and

F. Longshoremen and Harbor Workers' compensation coverage, if applicable, in an amount sufficient to comply with the requirements of 33 U.S.C. Section 901.

Railroad Protective Provisions:

The following provisions are applicable to all work performed under a contract on, over, or under the rights-of-way of each railroad not owned by the RECIPIENT that are affected by the PROJECT:

Prior to starting any work on railroad property, the sub-contractor/sub-recipient shall furnish satisfactory evidence to the COMMISSION that insurance of the forms and amounts set out herein in paragraphs (a) and (b) has been obtained. Also, the Contractor shall furnish similar evidence to the affected Railroad Company that insurance has been obtained in accordance with the Standard Provisions for General Liability Policies and the Railroad Protective Liability Form as published in the Code of Federal Regulations, 23 CFR 646, Subpart A. Evidence to the Railroad Company shall be in the form of a Certificate of Insurance for coverage required in paragraph (b), and the original policy of the Railroad Protective Liability Insurance for coverage required in paragraph (a).

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

For work performed under this AGREEMENT the contractor shall provide insurance for bodily injury liability, property damage liability, and physical damage to property with coverage and limits no less than shown in paragraphs (a) and (b) below. Bodily injury shall mean bodily injury, sickness, or disease, including death at any time resulting therefrom. Property damage shall mean damages because of physical injury to or destruction of property, including loss of use of any property due to such injury or destruction. Physical damage shall mean direct and accidental loss of or damage to rolling stock and their contents, mechanical construction equipment, or motive power equipment.

(a) Railroad Protective Liability Insurance shall be purchased on behalf of the Railroad Company with limits of two million dollars ($2,000,000) each occurrence; six million dollars ($6,000,000) aggregate applying separately to each annual period for lines without passenger trains. If the line carries passenger train(s), railroad protective liability insurance shall be purchased on behalf of the Railroad Company with limits of five million dollars ($5,000,000) each occurrence; ten million dollars ($10,000,000) aggregate applying separately to each annual period.

Coverage shall be limited to damage suffered by the railroad on account of occurrences arising out of the work of the Contractor on or about the railroad right-of-way, independent of the railroad's general supervision or control, except as noted in paragraph 4 below.

Coverage shall include:

(1) death of or bodily injury to passengers of the railroad and employees of the railroad not covered by State workmen's compensation laws

(2) personal property owned by or in the care, custody or control of the railroads,

(3) the Contractor, or any of the Contractor’s agents or employees who suffer bodily injury or death as a result of acts of the railroad or its agents, regardless of the negligence of the railroads, and

(4) negligence of only the following classes of railroad employees:

(i) any supervisory employee of the railroad at the job site

(ii) any employee of the railroad while operating, attached to, or engaged on work trains or other railroad equipment at the job site which is assigned exclusively to the Contractor

(iii) any employee of the railroad not within (i) or (ii) above who is specifically loaned or assigned to the work of the Contractor for prevention of accidents or protection or property, the cost of whose services is borne specifically by the Contractor or Governmental authority.

(b) Contractor's Liability, including subcontractors, XCU and railroad contractual with limits of one million dollars ($1,000,000) each occurrence; two million dollars ($2,000,000) aggregate. Automobile with limits of one million dollars ($1,000,000) combined single limit any one accident; Workers' Compensation and Employer's Liability - statutory and one hundred thousand dollars ($100,000) each accident; one hundred thousand dollars ($100,000) each employee; five hundred thousand dollars ($500,000) policy limit. Excess/Umbrella Liability; five million dollars ($5,000,000) each occurrence; five million

Attachment: Resolution 20210208-01 (7668 : Multi-Modal Funding Agreement for RR2101 North Yard Upgrade RR2101)

dollars ($5,000,000) aggregate. All coverage to be issued in the name of the Contractor shall be so written as to furnish protection to the Contractor respecting the Contractor's operations in performing work covered by the contract. Coverage shall include protection from damages arising out of bodily injury or death and damage or destruction of property which may be suffered by persons other than the Contractor's own employees.

In addition, the RECIPIENT shall provide for and on behalf of each sub-contractor/sub-recipient by means of a separate and individual liability and property damage policy to cover like liability imposed upon the sub-contractor/sub-recipient as a result of the sub-contractor's/sub-recipient's operations in the same amounts as contained above; or, in the alternative each sub-contractor/sub-recipient shall provide same.

All insurance policies required herein shall be issued by a reputable and substantial insurance company or companies licensed to do business in the State of Mississippi and shall include an endorsement providing substantially as follows:

> Insurer may not cancel this policy, modify or amend its terms, or reduce coverage for a period of sixty (60) days after the Mississippi Department of Transportation has been notified by certified mail, return receipt requested, of the Insurer's intention to cancel, modify, amend, or reduce the coverage.
>
> The Railroad Company shall be given at least 30 days' notice prior to cancellation of the Railroad Protective Liability Insurance policy.
>
> Further,

The RECIPIENT shall immediately notify the COMMISSION in writing of any notices from insurer concerning cancellation or reduction in insurance coverage.

On or before the inception of the Period of Performance of this AGREEMENT, the RECIPIENT shall deliver to the COMMISSION a Certificate or Certificates of Insurance, certifying the types and amounts of coverage required herein, the loss payee, and the required endorsement. Governmental RECIPIENTS must provide evidence of the aforesaid insurance coverage or a Certificate of Coverage under the Mississippi Tort Claims Act as set forth in Chapter 46, title 11, Mississippi Code 1972, as amended.

All insurance herein specified shall be carried until the work performed under this AGREEMENT is satisfactorily completed.

MUTUAL AID AGREEMENT
BETWEEN
NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
JOHN C. STENNIS SPACE CENTER
AND
HANCOCK COUNTY

THIS AGREEMENT is made and entered into by and between Hancock County and the National Aeronautics and Space Administration (NASA) John C. Stennis Space Center (SSC) (hereinafter, "the Parties"), through their duly authorized Governing Authority or other lawfully designated representative, to provide for mutual assistance for fires and other types of emergency incidents as described under the terms of this Agreement.

WITNESSETH:

WHEREAS, Hancock County, has authority pursuant to the Interlocal Cooperation Act of 1974, Mississippi Code Sections 17-13-1, *et. seq*., to enter into an Agreement and provide assistance for fire protection and response in cases of emergencies outside of its jurisdiction; and

WHEREAS, the fire departments and fire protection agencies of the Federal Government, including NASA, have authority pursuant to the Reciprocal Fire Protection Act of May 27, 1995, 42 U.S.C. § 1856a, to provide assistance outside their respective jurisdictions for fire protection and response in case of emergencies; and

WHEREAS, NASA also has authority pursuant to the National Aeronautics and Space Act, 51 U.S.C. § 20113(f), to use, with their consent, the services, equipment, personnel, and facilities of Federal and other agencies with or without reimbursement, and on a similar basis to cooperate with other public and private agencies and instrumentalities in the use of services, equipment, and facilities; and

Attachment: 2016 Agreement (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

WHEREAS, agreements for mutual assistance in fire protection and in response to other emergencies have existed between municipalities and Federal agencies; and

WHEREAS, it is the desire of the Parties to continue to improve the nature and coordination of emergency assistance to incidents that threaten the loss of life or property within the geographic boundaries of their respective jurisdictions; and

WHEREAS, it is further the determination of each of the Parties that the decision to enter into this Mutual Aid Agreement constitutes a determination of each Party which is discretionary in nature, and includes the determination of the proper use of the resources available to each of the Parties, including the use of equipment and personnel; and

WHEREAS, it is the desire of the Parties to initiate a "Mutual Aid Agreement" for fire department services;

NOW, THEREFORE, IT IS AGREED:

1. That, for the purpose of emergency response, certain formal operating procedures shall be followed in terms of requesting, dispatching and redeploying emergency units and operating at the scene of emergency incidents.

2. That the Fire Chief, or delegate, of the Party requesting assistance shall be the sole judge of how much assistance is needed, and the Fire Chief of the Party receiving the request for assistance shall have the responsibility of determining, pursuant to the governmental policy of the Fire Chief's jurisdiction, the level and amount of resources, including equipment and personnel, to be devoted in response to the requested assistance furnished to any given incident; and that neither Party is in any way liable to the other or to any other person, firm or corporation for the determination to supply or not to supply,

Attachment: 2016 Agreement (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

or to limit the amount of assistance supplied, upon such request following such determination.

3. It is understood and agreed that the assisting fire department units shall operate under the direction of the Fire Chief or other authorized person in command of emergency operations for the Party requesting assistance. The Fire Chiefs joining in this Agreement may adopt standard operating procedures to provide for incident command and management, communications, safety and such other aspects of operations as are necessary to provide for the health and safety of the public and emergency response personnel.

4. It is further agreed that the scope of this Agreement may include mutual agreement in responding to fires, medical emergencies, hazardous materials incidents, rescue and extrication situations and other types of emergency incidents that are within the scope of services provided by fire departments.

5. The Parties further agree to participate in multi-jurisdictional drills and exercises, training programs, pre-incident critiques and other activities to enhance safe and effective emergency operations when practical and feasible to participate; each Party is to assume its own costs and expenses incurred as a result of such drills and exercises, programs, planning, critiques, and other activities.

6. The spirit of this Agreement shall be to encourage the development of cooperative procedures and protocols, including but not limited to communications, coordination, training, health and safety, fire prevention, public education, fire investigations and other activities that will enhance the ability of the fire departments to fulfill their missions.

Attachment: 2016 Agreement (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

7. Nothing in this Agreement shall limit the ability of any or all of the Parties to agree to participate in more specific contracts for services, mutual assistance or automatic response; nor shall this prohibit the Parties from providing emergency assistance to another jurisdiction which is not a participant in this Agreement.

8. It is understood that no Party to this Agreement by the execution of said Agreement or by the requesting or providing of assistance under this Agreement has assumed any obligation or binding legal responsibility to provide the resources, equipment, facilities or personnel of such responding jurisdiction outside its geographic area of jurisdiction, either in the instance of the initial request for assistance or any further request for assistance.

9. From the time of arrival to the time of departure at the emergency scene, the resources of the Party providing assistance shall be under the direction and control of the Party requesting assistance. In proceeding to and returning from the emergency scene, the Party providing assistance shall be considered to be an independent contractor for all purposes, and not under the direction and control of the Party requesting assistance. At no time shall the employees, agents or representatives, whether during or after the arrival at an emergency scene or during or after the departure therefrom, of one Party be in any way considered the employees, agents, or representatives of another Party; and nothing contained in this Mutual Aid Agreement in any way creates a relationship between or among the parties as principal and agent, master and servant, employer and employee, or like similar relationship.

10. It is not intended by this Agreement to create, and nothing contained in this Agreement shall create, any partnership, joint venture or similar arrangement between the

Attachment: 2016 Agreement (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

Parties hereto. In addition, no separate legal or administrative entity shall be created by this Agreement.

11. Hancock County shall not use "National Aeronautics and Space Administration" or "NASA" in a way that creates the impression that a product or service has the authorization, support, sponsorship, or endorsement of NASA, which does not, in fact, exist. Likewise, NASA (and its affiliates) shall not use "Hancock County" in a way that creates the impression that a product or service has the authorization, support, sponsorship, or endorsement of Hancock County, which does not, in fact, exist. Except for releases of general information regarding its own participation in the Agreement, each participating Party hereto must submit any proposed public use of any other participating entity's name or initials (including press releases and all promotional and advertising use) to said entity's governing authority for review and approval. Approval by NASA Office of Communications shall be based on applicable law and policy governing the use of the NASA name and initials. Use of NASA emblems (*i.e.*, NASA Seal, NASA Insignia, NASA logotype, NASA Program Identifiers, and the NASA Flag) is governed by 14 C.F.R. Part 1221. Hancock County must submit any proposed use of the emblems to NASA Communications for review and approval.

12. No term or provision of this Agreement is intended to, or shall, create any rights in any person, firm, corporation or other entity not a Party hereto, and no such person or entity shall have any cause of action hereunder.

13. Neither Party shall be obligated to reimburse the other Party for any costs incurred pursuant to this Agreement. All financing, staffing and supplies for each Party's participation in this mutual aid undertaking shall be the sole responsibility of the Party

Attachment: 2016 Agreement (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

incurring those expenses or financing, staffing, or supplies needed. No joint budget shall be used or created by the Parties; each Party shall maintain its own existing budget.

14. The Parties further understand that this Agreement supersedes any previous mutual aid agreement between any of the parties hereto.

15. The Parties also recognize that it is the responsibility of each Party to ensure that the employees who provide the services outlined in this agreement are notified in accordance with the provisions of Mississippi Workers Compensation Law, specifically, Mississippi Code Ann. § 71-3-1, or any amendment thereto, and that notices required by such laws shall be posted in accordance with said law.

16. Each Party may terminate this Agreement by giving thirty (30) days' notice in writing to the other Party's Point of Contact (POC), designated under paragraph 20.

17. It is understood that nothing in this Mutual Aid Agreement shall in any way waive, reduce, limit or otherwise affect the various immunities (governmental, sovereign, good faith, or otherwise), defenses, or any other legal protections granted or afforded to the Parties had this Agreement never been executed.

18. It is further understood that nothing in this Mutual Aid Agreement shall in any way impose, place or confer any liability, contingent or otherwise, or financial liability, upon the Parties which would not have existed or been imposed, placed or conferred but for the execution of the Agreement.

19. Each Party shall retain ownership of any equipment or property it brings to the performance of this Agreement.

5. The Parties further agree to participate in multi-jurisdictional drills and exercises, training programs, pre-incident critiques and other activities to enhance safe and effective emergency operations when practical and feasible to participate; each Party is to assume its own costs and expenses incurred as a result of such drills and exercises, programs, planning, critiques, and other activities.

6. The spirit of this Agreement shall be to encourage the development of cooperative procedures and protocols, including but not limited to communications, coordination, training, health and safety, fire prevention, public education, fire investigations and other activities that will enhance the ability of the fire departments to fulfill their missions.

Attachment: 20210201 - Mutual Aid Agreement 2021 - signed (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

7. Nothing in this Agreement shall limit the ability of any or all of the Parties to agree to participate in more specific contracts for services, mutual assistance or automatic response; nor shall this prohibit the Parties from providing emergency assistance to another jurisdiction which is not a participant in this Agreement.

8. It is understood that no Party to this Agreement by the execution of said Agreement or by the requesting or providing of assistance under this Agreement has assumed any obligation or binding legal responsibility to provide the resources, equipment, facilities or personnel of such responding jurisdiction outside its geographic area of jurisdiction, either in the instance of the initial request for assistance or any further request for assistance.

9. From the time of arrival to the time of departure at the emergency scene, the resources of the Party providing assistance shall be under the direction and control of the Party requesting assistance. In proceeding to and returning from the emergency scene, the Party providing assistance shall be considered to be an independent contractor for all purposes, and not under the direction and control of the Party requesting assistance. At no time shall the employees, agents or representatives, whether during or after the arrival at an emergency scene or during or after the departure therefrom, of one Party be in any way considered the employees, agents, or representatives of another Party; and nothing contained in this Mutual Aid Agreement in any way creates a relationship between or among the parties as principal and agent, master and servant, employer and employee, or like similar relationship.

10. It is not intended by this Agreement to create, and nothing contained in this Agreement shall create, any partnership, joint venture or similar arrangement between the

Attachment: 20210201 - Mutual Aid Agreement 2021 - signed (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

Parties hereto. In addition, no separate legal or administrative entity shall be created by this Agreement.

11. Hancock County shall not use "National Aeronautics and Space Administration" or "NASA" in a way that creates the impression that a product or service has the authorization, support, sponsorship, or endorsement of NASA, which does not, in fact, exist. Likewise, NASA (and its affiliates) shall not use "Hancock County" in a way that creates the impression that a product or service has the authorization, support, sponsorship, or endorsement of Hancock County, which does not, in fact, exist. Except for releases of general information regarding its own participation in the Agreement, each participating Party hereto must submit any proposed public use of any other participating entity's name or initials (including press releases and all promotional and advertising use) to said entity's governing authority for review and approval. Approval by NASA Office of Communications shall be based on applicable law and policy governing the use of the NASA name and initials. Use of NASA emblems (*i.e.*, NASA Seal, NASA Insignia, NASA logotype, NASA Program Identifiers, and the NASA Flag) is governed by 14 C.F.R. Part 1221. Hancock County must submit any proposed use of the emblems to NASA Communications for review and approval.

12. No term or provision of this Agreement is intended to, or shall, create any rights in any person, firm, corporation or other entity not a Party hereto, and no such person or entity shall have any cause of action hereunder.

13. Neither Party shall be obligated to reimburse the other Party for any costs incurred pursuant to this Agreement. All financing, staffing and supplies for each Party's participation in this mutual aid undertaking shall be the sole responsibility of the Party

Attachment: 20210201 - Mutual Aid Agreement 2021 - signed (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

incurring those expenses or financing, staffing, or supplies needed. No joint budget shall be used or created by the Parties; each Party shall maintain its own existing budget.

14. There will be no transfer of funds between the Parties under this Agreement and each Party will fund its own participation. All activities under or pursuant to this Agreement are subject to the availability of funds, and no provision of this Agreement shall be interpreted to require obligation or payment of funds in violation of the Anti-Deficiency Act, 31 U.S.C. § 1341.

15. The Parties further understand that this Agreement supersedes any previous mutual aid agreement between any of the parties hereto.

16. The Parties also recognize that it is the responsibility of each Party to ensure that the employees who provide the services outlined in this agreement are notified in accordance with the provisions of Mississippi Workers Compensation Law, specifically, Mississippi Code Ann. § 71-3-1, or any amendment thereto, and that notices required by such laws shall be posted in accordance with said law.

17. Each Party may terminate this Agreement by giving thirty (30) days notice in writing to the other Party's Point of Contact (POC), designated under paragraph 20.

18. It is understood that nothing in this Mutual Aid Agreement shall in any way waive, reduce, limit or otherwise affect the various immunities (governmental, sovereign, good faith, or otherwise), defenses, or any other legal protections granted or afforded to the Parties had this Agreement never been executed.

19. It is further understood that nothing in this Mutual Aid Agreement shall in any way impose, place or confer any liability, contingent or otherwise, or financial

Attachment: 20210201 - Mutual Aid Agreement 2021 - signed (7618 : Mutual Aid Agreement NASA SSC and Hancock Fire.)

liability, upon the Parties which would not have existed or been imposed, placed or conferred but for the execution of the Agreement.

20. Each Party shall retain ownership of any equipment or property it brings to the performance of this Agreement.

21. The following personnel are designated as the Points of Contact between the Parties in the performance of this Agreement:

Re: Disaster Assistance Housing Grant, Draw #1

Dear Mr. Demuth

As per the contract between the Hancock County Board of Supervisors, the Hancock County Resource Center and the Mississippi Emergency Management Agency in accordance with the regulations contained therein, as Director of the Hancock County Emergency Management Agency, please accept this request for the first draw of $50,000.00 from the $200,000.00 grant, leaving a balance of $150,000.00 for the Finance/Unmet Needs of the community through the Hancock County Resource Center.

The Hancock County Resource Center is prepared to approve clients today. We also have groups of volunteers ready to come. Therefore, we greatly appreciate your assistance in moving this request as expeditiously as possible.

Please mail the check to Hancock County Board of Supervisors, 854 Highway 90 Suite A, Bay St. Louis, MS 39520.

Thank you,

Regular Meeting of the Hancock County Planning Commission held on January 7, 2021

Those Present: R. Ladner, Koenig, and Farve

Also Present: Anthony Cuevas, Director of Planning & Zoning

Minutes of the Previous Meeting: The minutes of the December 3, 2020 regular meeting were unanimously adopted on the motion of Commissioner R. Ladner.

Tiffany McArthur-Variance-Public Hearing
The application requested a variance of 14 foot from the rear property line where a 20-foot set back is required. The property is located at 5020 Kelly Rd. Pearlington, MS 39572. The parcel number for the property is 188 -0-20-008.000. The property is currently zoned A-1 General Agriculture.

The hearing was set to be held on December 17, 2020. Tiffany McArthur informed the Building Office that she would like to withdraw her application due to the rear property owner purchasing her property. Tiffany McArthur sent an email that was placed in the file.

The Commission considered the request and unanimously adopted on the motion of Commissioner Koenig to accepted the withdrawal of Tiffany McArthur's application.

David Jaskowiak- Appeal Building Official's Decision
The Commission considered the application of David Jaskowiak requesting to appeal the Building Official's decision of not allowing a personally pre-built modular home to be installed/placed on property in Hancock County. The property is located at 17381 Camellia St. Kiln, MS 39556. The parcel number for the property is 065U-0-21-029.000. The property is currently zoned R-3 Multi-Family Residential.

Mr. Jaskowiak was present at the meeting and allowed Gerald Cruthird an Attorney at Law speak on his behalf. Mr. Cruthird presented to the Commission an exhibit of photos and receipt from the Kiln Utility & Fire District for water and sewer service to the property located at 17381 Camellia St. Kiln, MS 39556. It was explained to the Commission by Mr. Jaskowiak that the structure was built by the owner of the park located in Pearl River County where the structure is located. Mr. Cuevas explained to the Commission that the structure does not have a HUD data plate declaring it a Manufactured home, No Modular data information declaring it a Modular Home by the Mississippi State Fire Marshal's office and that it did not have any inspections from the Pearl River County Building Department during the construction phases.

The application was unanimously adopted on the motion of Commissioner Koenig to be tabled after a request from Mr. Gerald Cruthird to be able to provide more information.

Attachment: 1-7-21 P&Z Minutes (7627 : January 7, 2021 P&Z Minutes.)

Baptist Missionary Association of Mississippi Missions Department Larry D. Geraldson- Director of Missions and Revolving Loan Fund.- Conditional Use

The Commission considered the application of Baptist Missionary Association of Mississippi Missions department Larry D. Geraldson-Director of Missions and revolving Loan Fund requesting a Conditional Use approval to construct a new church. The property is located on the south side of Rocky Hill Dedeaux Rd. east of the intersection with Hwy 603. The parcel number for the property is 059 -0-31-028.004. The property is currently zoned A-1 General Agriculture.

Mr. Larry D. Geraldson was present at the meeting and explained to the Commission that the Baptist Missionary Association of Mississippi would like to construct a church on the property located on Rocky Hill Dedeaux Rd. He also said at the present time it would consist of one building for church operations.

After discussion on the matter it was unanimously adopted on the motion of Commissioner Koenig to recommend approval of the Conditional Use for a church to be located at the property on Rocky Hill Dedeaux Rd. just east of the intersection with Hwy 603.

Meeting Adjourned at 5:23 p.m.

			Total Amount Due	See page 2

We figured the interest and late payment penalty to **02/05/2021**

The Internal Revenue Code provides that there is a lien for the amount that is owed. Although we have given the notice and demand required by the Code, the amount owed hasn't been paid. This levy requires you to turn over to us this person's property and rights to property *(such as money, credits, and bank deposits)* that you have or which you are already obligated to pay this person. However, don't send us more than the "Total Amount Due."

Money in banks, credit unions, savings and loans, and similar institutions described in section 408(n) of the Internal Revenue Code must be held for 21 calendar days from the day you receive this levy before you send us the money. Include any interest the person earns during the 21 days. Turn over any other money, property, credits, etc. that you have or are already obligated to pay the taxpayer, when you would have paid it if this person asked for payment. This levy does not attach to funds in IRAs, Self-Employed Individuals' Retirement Plans, or any other retirement plans in your possession or control.

Make a reasonable effort to identify all property and rights to property belonging to this person. At a minimum, search your records using the taxpayer's name, address, and identifying number*(s)* shown on this form. Don't offset money this person owes you without contacting us at the telephone number shown above for instructions. You may not subtract a processing fee from the amount you send us.

To respond to this levy —

1. Make your check or money order payable to **United States Treasury**.
2. Write the taxpayer's name, identifying number*(s)*, kind of tax and tax period shown on this form, and "LEVY PROCEEDS" on your check or money order *(not on a detachable stub.)*.
3. Complete the back of Part 3 of this form and mail it to us with your payment in the enclosed envelope.
4. Keep Part 1 of this form for your records and give the taxpayer Part 2 within 2 days.

If you don't owe any money to the taxpayer, please complete the back of Part 3, and mail that part back to us in the enclosed envelope.

CARE

Special instructions for certain property levied

This isn't a bill for taxes you owe. This is a notice of levy we are using to collect money owed by the taxpayer named above.

Kind of Tax	Tax Period Ended	Unpaid Balance of Assessment	Statutory Additions	Total
941	03/31/2019	$16,596.04	$3,273.05	$19,869.0
			Total Amount Due	$703,154.2

We figured the interest and late payment penalty to **02/05/2021**

Although we have told you to pay the amount you owe, it is still not paid. This is your copy of a notice of levy we have sent to collect this unpaid amount. We will send other levies if we don't get enough with this one.

Banks, credit unions, savings and loans, and similar institutions described in section 408(n) of the Internal Revenue Code must hold your money for 21 calendar days before sending it to us. They must include the interest you earn during that time. Anyone else we send a levy to must turn over your money, property, credits, etc. that they have *(or are already obligated for)* when they would have paid you. This levy does not attach to funds in IRAs, Self-Employed Individuals' Retirement Plans, or any other retirement plans in your possession or control.

If you decide to pay the amount you owe now, please **bring** a guaranteed payment (cash, cashier's check, certified check, or money order*) to the nearest IRS office with this form, so we can tell the person who received this levy not to send us your money. Make checks and money orders payable to **United States Treasury.** If you mail your payment instead of bringing it to us, we may not have time to stop the person who received this levy from sending us your money.

If we have erroneously levied your bank account, we may reimburse you for the fees your bank charged you for handling the levy. You must file a claim with the IRS on Form 8546 within one year after the fees are charged.

If you have any questions, or want to arrange payment before other levies are issued, please call or write us. If you write to us, please include your telephone number and the best time to call.

*Visit www.irs.gov to determine the closest IRS office that furnishes cash payment processing service. You will need to make an appointment at the IRS office in order to make a payment.

STATE OF MISSISSIPPI

Office of the Governor

PROCLAMATION

TO THE ELECTION COMMISSIONERS
OF HANCOCK, HARRISON AND STONE COUNTIES, MISSISSIPPI:

A vacancy existed in the Office of District Attorney in Circuit Court District 2 due to the resignation of Joel Smith on January 18, 2021.

Therefore, pursuant to Miss. Code Ann. § 23-15-843, I, Tate Reeves, Governor of the State of Mississippi, do hereby issue this Proclamation, after having filled the vacancy by emergency appointment, and hereby declare that the election to fill the vacancy in the Office of District Attorney in District 2 shall be held on **November 2, 2021**. This election shall be held and notice thereof shall be given in accordance with Miss. Code Ann. §§ 23-15-843 and 23-15-839.

Candidates shall qualify on or before September 3, 2021, pursuant to Miss. Code Ann. § 23-15-839.

All other relevant state laws not in conflict with the terms of this Proclamation shall further apply.

The Election Commissioners of Hancock, Harrison and Stone Counties shall govern themselves accordingly.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Mississippi to be affixed.

DONE in the City of Jackson, on the 25TH day of January, in the year of our Lord, two thousand and twenty-one, and of the Independence of the United States of America, the two hundred and forty-fifth.

SUPREME COURT OF MISSISSIPPI

POST OFFICE BOX 117
JACKSON, MISSISSIPPI 39205
TELEPHONE (601) 359-3731

Dear Administrator:

The salaries for chancery and circuit judges were updated effective January 1, 2021 (see attached correspondence).

Section 9-9-11(1), Mississippi Code of 1972, states:

Except as otherwise provided in subsections (2), (3) and (4), the county court judge shall receive an annual salary payable monthly out of the county treasury in an amount not to exceed One Thousand Dollars ($1,000.00) less than the salary which is now or shall hereafter be provided for circuit and chancery judges of this state, in the discretion of the board of supervisors of said county; provided, however, that the salary of such judge shall not be reduced during his term of office. Provided further, that the office of county court judge in any county receiving an annual salary of Thirty-six Thousand Dollars ($36,000.00) or more shall be a full-time position, and the holder thereof shall not otherwise engage in the practice of law

Section 9-9-11(8), Mississippi Code of 1972, states:

a) There shall be transferred to the county for each county court judge, payment to be made in monthly installments from the Judicial System Operation Fund created under Section 9-21-45, an annual salary supplement of:
(i) From and after January 1, 2013, through December 31, 2013, the sum of Seven Thousand Nine Hundred Fifty-seven Dollars and Fifty Cents ($7,957.50), plus any applicable fringe benefits resulting from this amount;
(ii) From and after January 1, 2014, through December 31, 2014, the sum of Fifteen Thousand Nine Hundred Fifteen Dollars ($15,915.00), plus any applicable fringe benefits resulting from this amount;
(iii) From and after January 1, 2015, through December 31, 2015, the sum of Twenty-three Thousand Eight Hundred Seventy-two Dollars and Fifty Cents ($23,872.50), plus any applicable fringe benefits resulting from this amount; and
(iv) From and after January 1, 2016, through December 31, 2019, the sum of Thirty-one Thousand Eight Hundred Thirty Dollars ($31,830.00), plus any applicable fringe benefits resulting from this amount.
(b) From and after January 1, 2019, and every four (4) years thereafter, the annual salary in this subsection (8) shall be adjusted according to the level of compensation recommended by the State Personnel Board for county court judges in the board's most recent report on judicial salaries, as required under Section 25-9-115, to the extent that sufficient funds are available.

Attachment: 20210201 - County Judicial Pay (7604 : Approve judicial pay raise for Judge Trent Favre.)

The Administrative Office of Courts is responsible for paying, in monthly installments, the amount of the increase set by statute plus any associated benefits resulting from the increase in pay. These benefits are limited those which increase due to the raise, (i.e. FICA and Retirement, etc.). In order to properly transfer these funds, the AOC is requesting the following as soon as possible:

1. Documentation that the raise was granted by the Board of Supervisors or other authority which includes the amount of the raise and resulting annual salary.

2. Documentation of the increased fringe to be paid by your County. Please provide both the percentage and dollar amounts these fringes.

3. Normal payroll periods as paid by your County (monthly, bi-monthly or bi-weekly).

The amounts provided in this documentation will be added to the amounts which are currently being transferred to your county. Adjustments to the prior amounts will be made only if the percentages of the fringe benefits have changed.

This information should be submitted as soon as possible to the following address, emailed to callgood@courts.ms.gov or faxed to 601-359-3203.

Re: Judicial Salaries

Dear Mr. Speaker and Gov. Hosemann:

I hope this letter finds you well as we embark upon the 2021 legislative session. I wanted to take this opportunity to update you on salaries for the judicial branch of government. The Court recently took steps to implement upward salary adjustments for circuit court judges, chancellors, judges of the Mississippi Court of Appeals, and the Mississippi Supreme Court's justices utilizing the authority granted by the legislature in the Mississippi Code.

Last fall, the Court requested MSPB's interpretation of *Miss. Code Ann. § 25-3-35.* In response to this request, we undertook a great deal of research that culminated in the attached correspondence from September 25, 2020. See Attachment 1. On December 21, 2020, we received from the Court their course of action. See Attachment 2. In compliance with the request, MSPB notified the Court of the updated judicial salaries in the Statevide Payroll and Human Resource System (SPAHRS) effective January 1, 2021, for each job classification outlined and that the Court could implement accordingly.

The legislature should be commended for taking steps such as these, steps that will ensure that Mississippi continues to recruit and retain the best and brightest for the bench. Allowing the Judiciary this flexibility will enable Mississippi to close the judicial pay gap with neighboring states. Additionally, the methodology enables the Court to exercise fiscal prudence. The funds to implement this will not increase the state's general fund burden because the legislature had the foresight years ago to create the Judicial System Operation Fund codified at *Miss. Code Ann. § 9-21-45.* MSPB provides the Court and all other state government branches with appropriate salary data each year, and this implementation uses the more conservative estimates for FY 2021 rather than FY 2022.

Attachment: 20210201 - County Judicial Pay (7604 : Approve judicial pay raise for Judge Trent Favre.)

The template enacted by the legislature gives the flexibility and seamless transition to serve Mississippi's taxpayers more efficiently. Likewise, the legislature could implement a similar methodology for other elected officials. In the same spirit, as you are aware, MSPB is overhauling and completely re-writing the Variable Compensation Plan to grant agency heads and appointing authorities the means of adequately recruiting, compensating, and retaining their employees. In turn, this will allow the legislature to have more accurate data on personnel costs, making agencies more accountable for spending taxpayer dollars.

Again, thank you for your hard work in making Mississippi government more efficient and transparent. If you have any questions, please don't hesitate to contact me. With warmest personal regards, I remain,

Very sincerely yours,

Re: Judicial Salary Authority

Dear Chief Randolph:

You asked the opinion of the Mississippi State Personnel Board about salary-setting authority for members of the judicial branch. Our opinion is based upon a review of pertinent statutory authority. Under the provisions of Miss. Code Ann. § 25-3-35, the authority for setting judicial salaries lies within the judicial branch.

As of 2017 and every four years following, the Mississippi State Personnel Board is required to "prepare a written report to the Legislature that examines, evaluates and recommends an adequate level of compensation for the justices of the Supreme Court, the judges of the Court of Appeals, the judges of the chancery and circuit courts, the judges of the county courts, judicial staff attorneys, and law clerks."[1] For years, the salaries of the elected judiciary have been set by the legislature in line item. But as of January 2019, the salaries for Justices of the Supreme Court of Mississippi, Judges on the Mississippi Court of Appeals, and Chancellors and Circuit Court Judges "shall be fixed at the level of compensation recommended by the State Personnel Board according to the board's most recent report on judicial salaries, as required under Section 25-9-115..."[2] There are only two caveats to that: 1) The funding must be available for those salaries; and 2) The salaries cannot become effective "until the commencement of the next immediately succeeding term of office."[3]

[1] Miss. Code Ann. § 25-9-115.
[2] Miss. Code Ann. § 25-3-35(4).
[3] *Id.*

Attachment: 20210201 - County Judicial Pay (7604 : Approve judicial pay raise for Judge Trent Favre.)

It is, therefore, our opinion that the Supreme Court of Mississippi, as head of the judicial branch of Mississippi government, has the authority to set the salaries of its Justices, the judges of the Mississippi Court of Appeals, and Chancery and Circuit Court Judges. How the Court chooses to administer those provisions and comply with the two conditions (the level of funding and timing of implementation) is within its discretion.

If you should have any other questions or concerns, please feel free to contact our office.

Respectfully submitted,

MISSISSIPPI STATE PERSONNEL BOARD

Dear Director Hardwick,

I write to follow up on our conference earlier this fall and confirm recent conversations regarding judicial salaries, as recommended by the Mississippi State Personnel Board. The establishment of judicial salaries, as indicated in your September 25, 2020 letter, is ultimately determined by the Judicial Branch, as long as those salaries do not exceed the recommendations made by the Mississippi State Personnel Board. Finally, confirming our discussion today, from this point forward, judicial salary recommendations will be on an annual basis.

Mississippi Code Section 23-9-115, effective date July 1, 2012, requires the Mississippi State Personnel Board to "prepare a written report to the Legislature that examines, evaluates and recommends an adequate level of compensation for the justices of the Supreme Court, the judges of the Court of Appeals, the judges of the chancery and circuit courts, the judges of the county courts, judicial staff attorneys, and law clerks." Further, Mississippi Code Section 25-3-35 declares that from January 2019 forward the annual salaries of justices and judges shall be fixed at the level of compensation recommended by the State Personnel Board according to the Board's most recent report on judicial salaries.

Attachment: 20210201 - County Judicial Pay (7604 : Approve judicial pay raise for Judge Trent Favre.)

We have been provided the Mississippi State Personnel Board's recommendations for fiscal year 2022 salaries. It would be premature to utilize these most recent recommendations since the salary increases the Judicial Branch is implementing shall be set to begin on January 1, 2021. We understand that the Mississippi State Personnel Board's prior recommendation for judicial salaries was as follows:

CHANCERY JUDGE	$149,000.00
CIRCUIT JUDGE	$149,000.00
COURT OF APPEALS-ASSOC JUDGE	$158,670.76
COURT OF APPEALS-CHIEF JUDGE	$161,684.72
SUPREME COURT, ASSOCIATE JUSTICE	$166,803.31
SUPREME COURT, PRESIDING JUSTICE	$169,633.21
SUPREME COURT, CHIEF JUSTICE	$174,198.53

The Judicial Operations Fund is administered by the Court through the Administrative Office of Courts as codified in Mississippi Code Section 25-3-35. The Court and Administrative Office of Courts have confirmed with the Department of Finance and Administration that funds are available in the Judicial Operations Fund, as created by the Legislature in Mississippi Code Section 9-21-45 in 2010, to fully fund the Mississippi State Board's recommendations.

As Chief Justice, in my capacity as Chief Administrative Officer of all courts in the state, the salaries for judges and justices shall be as follows:

CHANCERY JUDGE	$149,000.00
CIRCUIT JUDGE	$149,000.00
COURT OF APPEALS-ASSOC JUDGE	$158,500.00
COURT OF APPEALS-CHIEF JUDGE	$161,500.00
SUPREME COURT, ASSOCIATE JUSTICE	$166,500.00

Attachment: 20210201 - County Judicial Pay (7604 : Approve judicial pay raise for Judge Trent Favre.)

SUPREME COURT, PRESIDING JUSTICE	$169,500.00
SUPREME COURT, CHIEF JUSTICE	$174,000.00

Since 2017, the Mississippi State Personnel Board has prepared written reports, including January 2019 as provided in Mississippi Code Section 25-3-35. That date was selected by the Legislature to uniformly increase the trial judges's salaries, as they all would begin a new term of office at that time. Thus, the statutory requirement related to the commencement of the next immediately succeeding term of office is met. Utilizing any other date would result in judges and justices receiving disparate salaries while serving in the same office, which would be inconsistent with established practice, tradition, and custom.

You are directed to notify the Department of Finance and Administration that these salaries are effective January 1, 2021. You are further directed to instruct DFA to take such actions as necessary to assist the Administrative Office of Courts and the Finance Office of the Courts in effecting same.

I wish you a very Merry Christmas and Happy New Year.

Sincerely,

Mike Randolph
Chief Justice

proposes to construct 144 fiber optic cable via directional bore
(Type of Facility)

along or across Nicola Rd Road, said facility to be
(Name of Road)

installed between Station No. N/A and Station No. N/A and within the road right-of-way, and hereby makes application to the County for the construction permit. Attached hereto are drawings or plans for the construction, which will not be changed or altered without approval of the Board of Supervisors, or its authorized representative.

WHEREAS, the Legislature of Mississippi has heretofore granted to the Applicant the right to locate its facilities upon, across, under, over and along public roads and streets within the State of Mississippi; Applicant agrees to comply with applicable provisions of S.O.P. No. SA II-2-8, Policy for the Accommodation of Utility Facilities within the Rights-of-Way of County Federal Aid and State Aid Roads (hereinafter referred to as the "Policy"), promulgated by the State Aid Engineer and dated July 1, 2005, and which is hereby made a part of this Application Agreement, and agrees to perform the construction according to the applicable industry code and according to the plans and specifications for the project.

The Applicant shall be responsible for future maintenance and repair of the facilities. The Applicant shall make future adjustments in, or relocate, the facilities located within the road right-of-way when required for road widening, construction or maintenance, and its right to reimbursement of its costs shall be in accordance with State Laws affecting County roads in effect at the time such adjustment or relocation is made. Further, any maintenance, repair, or construction shall be done in such a manner as to occasion no unreasonable interference with the normal flow and safety of traffic.

A general description of the size, type, nature, and extent of the Utility work to be done is a follows:

The Applicant understands and agrees that, except as herein granted, no right, title, claim, or easement to said road right-of-way is granted by the issuance of this permit and that if this Utility Facility is not placed within the allowable horizontal and vertical limits as listed in the general provisions of the Policy, it will be adjusted to comply with same without cost to the County, unless the variance from the Policy has been approved by the granting of the Permit pursuant to this Application.

Hancock County agrees to the following stipulations:

(1) To cooperate with the Utility Company in every way to avoid conflicts in the location, construction, and maintenance of the County road and Utility Facility.

(2) To pursue any and all legal means to see that Policy Standards, except to the extent of any variance shown on the plans filed herewith and approved, are complied with in the facility installation.

(3) If the County/LSBP Engineer or other authorized representative of the Board of Supervisors approved the drawings, sketches, and plans submitted by the Applicant, he shall so indicate by signing and dating the Permit Approval at the end of this Application, and the Applicant may proceed with the installation; if the drawings, sketches, and plans are not approved, he shall promptly notify the Applicant, and advise him of the reason or reasons. He will also act as the duly appointed representative of the Board of Supervisors and will give his approval to the completed work as being in compliance with the location and standards shown in the Policy and in this Agreement for the installation.

(4) That all joint road construction and utility adjustment or relocation operations will comply with the requirements of Section S-105.06 and Section S-107.18, Mississippi Standard Specifications for State Aid Road and Bridge Construction, 2004 edition (or current edition).

(5) Should any terms or provision of this Agreement conflict with the Laws of the State of Mississippi, or the United States, or impair or deny to the Applicant or the County any right protected thereby, it shall be deemed amended to conform to said Laws.

PERMIT APPLICATION FOR USE AND OCCUPANCY AGREEMENT
FOR THE CONSTRUCTION OR ADJUSTMENT OF A UTILITY
WITHIN COUNTY ROAD RIGHT-OF-WAY

PROJECT NO. MS Power Fiber Project COUNTY Hancock

UTILITY NAME MS Power Company,

BY Harris Scott Cashwell - Shared Services Manager,
(Name & Company Title)

ADDRESS P.O. Box 4079 Gulfport, MS 39501-4079, herein called APPLICANT,

proposes to construct 144 fiber optic cable via directional bore
(Type of Facility)

along or across Hugerville Rd Road, said facility to be
(Name of Road)

installed between Station No. N/A and Station No. N/A and within the road right-of-way, and hereby makes application to the County for the construction permit. Attached hereto are drawings or plans for the construction, which will not be changed or altered without approval of the Board of Supervisors, or its authorized representative.

WHEREAS, the Legislature of Mississippi has heretofore granted to the Applicant the right to locate its facilities upon, across, under, over and along public roads and streets within the State of Mississippi; Applicant agrees to comply with applicable provisions of S.O.P. No. SA II-2-8, Policy for the Accommodation of Utility Facilities within the Rights-of-Way of County Federal Aid and State Aid Roads (hereinafter referred to as the "Policy"), promulgated by the State Aid Engineer and dated July 1, 2005, and which is hereby made a part of this Application Agreement, and agrees to perform the construction according to the applicable industry code and according to the plans and specifications for the project.

The Applicant shall be responsible for future maintenance and repair of the facilities. The Applicant shall make future adjustments in, or relocate, the facilities located within the road right-of-way when required for road widening, construction or maintenance, and its right to reimbursement of its costs shall be in accordance with State Laws affecting County roads in effect at the time such adjustment or relocation is made. Further, any maintenance, repair, or construction shall be done in such a manner as to occasion no unreasonable interference with the normal flow and safety of traffic.

Attachment: Letter to HCBOS 1-27-21 (7640 : ROW Request.)

FORM-SA ROW-U2
(Rev. 07-01-2005)

A general description of the size, type, nature, and extent of the Utility work to be done is a follows:

The Applicant understands and agrees that, except as herein granted, no right, title, claim, or easement to said road right-of-way is granted by the issuance of this permit and that if this Utility Facility is not placed within the allowable horizontal and vertical limits as listed in the general provisions of the Policy, it will be adjusted to comply with same without cost to the County, unless the variance from the Policy has been approved by the granting of the Permit pursuant to this Application.

Hancock County agrees to the following stipulations:

(1) To cooperate with the Utility Company in every way to avoid conflicts in the location, construction, and maintenance of the County road and Utility Facility.

(2) To pursue any and all legal means to see that Policy Standards, except to the extent of any variance shown on the plans filed herewith and approved, are complied with in the facility installation.

(3) If the County/LSBP Engineer or other authorized representative of the Board of Supervisors approved the drawings, sketches, and plans submitted by the Applicant, he shall so indicate by signing and dating the Permit Approval at the end of this Application, and the Applicant may proceed with the installation; if the drawings, sketches, and plans are not approved, he shall promptly notify the Applicant, and advise him of the reason or reasons. He will also act as the duly appointed representative of the Board of Supervisors and will give his approval to the completed work as being in compliance with the location and standards shown in the Policy and in this Agreement for the installation.

(4) That all joint road construction and utility adjustment or relocation operations will comply with the requirements of Section S-105.06 and Section S-107.18, Mississippi Standard Specifications for State Aid Road and Bridge Construction, 2004 edition (or current edition).

(5) Should any terms or provision of this Agreement conflict with the Laws of the State of Mississippi, or the United States, or impair or deny to the Applicant or the County any right protected thereby, it shall be deemed amended to conform to said Laws.

ADDRESS P.O. Box 4079 Gulfport, MS 39501-4079, herein called APPLICANT,

proposes to construct 144 fiber optic cable via directional bore
(Type of Facility)

along or across Kapalama Dr & Irvin Favre Rd Road, said facility to be
(Name of Road)

installed between Station No. N/A and Station No. N/A and within the road right-of-way, and hereby makes application to the County for the construction permit. Attached hereto are drawings or plans for the construction, which will not be changed or altered without approval of the Board of Supervisors, or its authorized representative.

WHEREAS, the Legislature of Mississippi has heretofore granted to the Applicant the right to locate its facilities upon, across, under, over and along public roads and streets within the State of Mississippi; Applicant agrees to comply with applicable provisions of S.O.P. No. SA II-2-8, Policy for the Accommodation of Utility Facilities within the Rights-of-Way of County Federal Aid and State Aid Roads (hereinafter referred to as the "Policy"), promulgated by the State Aid Engineer and dated July 1, 2005, and which is hereby made a part of this Application Agreement, and agrees to perform the construction according to the applicable industry code and according to the plans and specifications for the project.

The Applicant shall be responsible for future maintenance and repair of the facilities. The Applicant shall make future adjustments in, or relocate, the facilities located within the road right-of-way when required for road widening, construction or maintenance, and its right to reimbursement of its costs shall be in accordance with State Laws affecting County roads in effect at the time such adjustment or relocation is made. Further, any maintenance, repair, or construction shall be done in such a manner as to occasion no unreasonable interference with the normal flow and safety of traffic.

Attachment: Letter to HCBOS 1-27-21 (7640 : ROW Request.)

FORM-SA ROW-U2
(Rev. 07-01-2005)

A general description of the size, type, nature, and extent of the Utility work to be done is a follows:

The Applicant understands and agrees that, except as herein granted, no right, title, claim, or easement to said road right-of-way is granted by the issuance of this permit and that if this Utility Facility is not placed within the allowable horizontal and vertical limits as listed in the general provisions of the Policy, it will be adjusted to comply with same without cost to the County, unless the variance from the Policy has been approved by the granting of the Permit pursuant to this Application.

Hancock County agrees to the following stipulations:

(1) To cooperate with the Utility Company in every way to avoid conflicts in the location, construction, and maintenance of the County road and Utility Facility.

(2) To pursue any and all legal means to see that Policy Standards, except to the extent of any variance shown on the plans filed herewith and approved, are complied with in the facility installation.

(3) If the County/LSBP Engineer or other authorized representative of the Board of Supervisors approved the drawings, sketches, and plans submitted by the Applicant, he shall so indicate by signing and dating the Permit Approval at the end of this Application, and the Applicant may proceed with the installation; if the drawings, sketches, and plans are not approved, he shall promptly notify the Applicant, and advise him of the reason or reasons. He will also act as the duly appointed representative of the Board of Supervisors and will give his approval to the completed work as being in compliance with the location and standards shown in the Policy and in this Agreement for the installation.

(4) That all joint road construction and utility adjustment or relocation operations will comply with the requirements of Section S-105.06 and Section S-107.18, Mississippi Standard Specifications for State Aid Road and Bridge Construction, 2004 edition (or current edition).

(5) Should any terms or provision of this Agreement conflict with the Laws of the State of Mississippi, or the United States, or impair or deny to the Applicant or the County any right protected thereby, it shall be deemed amended to conform to said Laws.

Dear Ms. Anderson: Sally

SUBJECT: FEMA-3544-DR-MS, HANCOCK COUNTY BOS, FIPS# 045-99045-00
Obligation Notification
Project Worksheet (PW) No: **00006(0)**
Obligated Amt: $40,480.97
New PW Total: $40,480.97

The Federal Emergency Management Agency (FEMA) recently obligated one or more of your Project Worksheets; a copy is attached. This/these PW(s) and related documents describe the scope of work and funding amount obligated for disaster damages as a result of the declared event. Please compare each attached obligated PW with the previously provided Project Worksheet for the change(s) made during FEMA's review.

In accordance with Title 44 Code of Federal Regulations Section 206.206, you have the right to appeal any FEMA determination. The appeal must be submitted in writing within 60 days of FEMA's determination, contain documentation supporting your position, and include a statement regarding the amount of funds in dispute. The appeal must also cite the applicable provisions of the Federal law, regulation and/or policy with which you believe FEMA's determination is inconsistent. The appeal must be processed through the Mississippi Emergency Management Agency and should be sent to the following address:

Mr. Gregory S. Michel, Executive Director
Mississippi Emergency Management Agency
P. O. Box 5644
Pearl, MS 39288
Attention: John M. "Mike" Siler, Office of Public Assistance

Attachment: Sally Obligation (7599 : Hurricane Sally Obligation Notification.)

As the recipient of public funds, you are subject to an audit by the State of Mississippi and the Department of Homeland Security (DHS) Office of the Inspector General (OIG) for any and all projects funded by MEMA and FEMA. You must therefore maintain accurate records of disaster costs for a period of three years from the date your application has been closed.

If you have any questions or require further information, please contact Diane Sager, Bureau Director at 228-234-4835.

Sincerely,

John M. "Mike" Siler
Director, Office of Public Assistance

Re: FY 2021 – 2024 Gulf Coast Transportation Improvement Program (TIP)

Dear Mr. Adam,

I am writing to confirm that the FY 2021 – 2024 TIP has been approved. The TIP includes federal funding allocation of $480,000 for the county's Lakeshore Road (Lower Bay Road to Beach Road) preservation project. The project is programmed with the Gulf Coast MPO's TMA Surface Transportation Block Grant (STBG) funds requiring a 20% match. Please begin efforts to activate this project with MDOT following the LPA process.

Thank you,

Dear Supervisor Adam:

The audit report on Hancock County for the fiscal year ended September 30, 2019, prepared by Necaise & Company, PLLC, was reviewed and approved by this office as required by Section 7-7-211(k), Mississippi Code Ann. (1972). Six copies of the report were sent to you directly from the CPA.

The opinions issued on the governmental activities, general and other major funds, and aggregate remaining fund information are unmodified. Significant deficiencies related to the basic financial statements are listed on page 68. A finding reported in the Independent Accountant's Report on Central Purchasing System, Inventory Control System and Purchase Clerk Schedules is listed on page 60. A finding reported in the Limited Internal Control and Compliance Review Management Report is listed on page 65. In addition, the opinion issued on compliance for major federal programs is unmodified.

As of the date of this letter, the audit report, as accepted, may be released publicly and uploaded to the Federal Audit Clearinghouse, as applicable. If this office can be of any further assistance, please contact Joe McKnight of my staff at (601) 576-2674.

Independent Auditor's Report

Members of the Board of Supervisors
Hancock County, Mississippi

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Hancock County, Mississippi, (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Hancock County, Mississippi, as of September 30, 2019, and the respective changes in financial position and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules and corresponding notes, the Schedule of the County's Proportionate Share of the Net Pension Liability, and schedule of the County's contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the

Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Omission of Required Supplementary Information

Hancock County, Mississippi, has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Hancock County, Mississippi's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Surety Bonds for County Officials has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards,* we have also issued our report dated October 5, 2020, on our consideration of Hancock County, Mississippi's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Hancock County, Mississippi's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hancock County, Mississippi's internal control over financial reporting and compliance.

Hancock County, Mississippi ***Exhibit 4-1***
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2019

Net Changes in Fund Balances - Governmental Funds		$ 16,327,560
The change in net position reported for governmental activities in the statement of activities is different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlays		11,229,161
Depreciation expense		(3,348,403)
In the Statement of Activities, only gain and losses from the sale of capital assets are reported, whereas in the Governmental Funds, proceeds from the sale of capital assets increase financial resources. Thus, the change in net assets differs from the change in fund balances by the amount of the loss.		(25,355)
Fine revenue recognized on the modified cash basis in the funds during the current year is decreased because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.		(118,828)
Grant revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.		
Current year accrual		1,164,937
Recognized on Statement of Net Position in the prior year		(998,131)
Debt proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Statement of Net Position Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the change in fund balances by the amount of debt repayments.		
Proceeds from debt issuance		(13,000,000)
Principal payments		1,381,491
Some items reported in the Statement of Activities relating to the implementation of GASB 68 are not reported in the governmental funds. These activities include:		
Pension expense	3,505,957	
Contributions made during the year	1,860,509	(1,645,448)
An Internal Service Fund is used by management to charge the cost of insurance to individual funds. The net revenue (expense) is reported within governmental activities.		261,003
Under the modified accrual basis of accounting used in the Governmental Funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. However, in the Statement of Activities, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. Thus, the change in net position differs from the change in fund balances by a combination of the following items:		
Compensated absences		(23,695)
Accrued interest		(253,371)
Changes in Net Position of Governmental Activities		$ 10,950,921

Hancock County, Mississippi
Notes to the Financial Statements
For the Year Ended September 30, 2019

Note 1: Summary of Significant Accounting Policies

These financial statements of Hancock County, Mississippi (County) were prepared in accordance with accounting principles generally accepted in the United States of America for governmental entities (GAAP). The following summary of the more significant accounting policies of the County is presented to assist the reader in interpreting these financial statements and should be viewed as an integral part of this report.

Reporting Entity

Hancock County is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. Accounting principles generally accepted in the United States of America require Hancock County to present these financial statements on the primary government and its component units which have significant operation or financial relationships with the County. Currently, there are no outside organizations that should be included as component units of the County's reporting entity.

State law pertaining to county government provides for the independent election of county officials. The following elected and appointed officials are all part of the county legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor-Collector
- Sheriff

Blended Component Units

Certain component units, although legally separate from the primary government, are nevertheless so intertwined with the primary government that they are in substance, the same as the primary government. Therefore, these component units are reported as if they are part of the primary government. The following component unit's balances and transactions are blended with the balances and transactions of the primary government.

Hancock County Public Improvement Corporation was incorporated as a nonprofit under Section 31-8-3, Miss. Code Ann. (1972), which allows counties to enter into lease agreements with any corporation. The corporation's board of directors is appointed by the Board of Supervisors. The corporation produces a financial benefit through its ability to finance the construction of capital facilities for the primary government and imposes a financial burden on the primary government by obligating funds to repay the debt pursuant to a lease agreement.

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a Statement of Position and a Statement of Activities, fund financial statements and accompanying note disclosures, which provide a detailed level of financial information.

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 1: Summary of Significant Accounting Policies (continued)

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information concerning the County as a whole. The statements include all nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental revenues and other nonexchange revenues.

The Statement of Net Position presents the financial condition of the governmental activities of the county at year-end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the county's governmental activities. Direct Expenses are those th at are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other revenues not classified as program revenues are presented as general revenues of the county, with certain limited exceptions. Internal service fund balances have been eliminated against the expenses and program revenue. The comparison of direct expenses with program revenues identifies the extent to which each government function is self-financing or draws from the general revenues of the County.

Fund Financial Statements:

Fund financial statements of the county are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows, liabilities, deferred inflows, fund balances, revenues and expenditures/expenses. Funds are organized into governmental, proprietary and fiduciary. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column as Other Governmental Funds.

Measurement Focus and Basis of Accounting

The Government-wide, Proprietary Fund and Fiduciary Fund (excluding agency funds) financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Shared revenues are recognized when the provider government recognizes the liability to the county. Grants are recognized as revenues as soon as all eligibility requirements have been satisfied. Agency funds have no measurement focus but use the accrual basis of accounting.

The revenues and expenses of Proprietary Funds are classified as operating or non-operating. Operating revenues and expenses generally result from providing services in connection with a Proprietary Fund's primary operations. All other revenues and expenses are reported as nonoperating.

Government financial statements are presented using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period when they are both measurable and available to finance operations during the year or to liquidate liabilities existing at the end of the year. Available means collected in the current period or within 60 days after year end to liquidate liabilities existing at the end of the year. Measurable means knowing or being able to reasonably estimate the amount. Expenditures are recognized in the account period when the related fund liabilities are incurred.

Debt service expenditures and expenditures related to compensated absences and claims and judgments, are recognized only when payment is due. Property taxes, state appropriations and federal awards are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period.

Note 1: Summary of Significant Accounting Policies (continued)

Measurement Focus and Basis of Accounting (continued)

The county reports the following major Governmental Funds:

General Fund – This fund is used to account for all activities of the general government for which a separate fund has not been established.

County-wide Road Maintenance Fund – This fund is used to account for monies from specific revenue sources that are restricted for road maintenance. Although the fund does not meet the definition of a major fund, the County chooses to present the information as such.

Linea Dock Fund – This fund is a capital projects fund used for capital expenditures associated with Linea Dock.

Additionally, the county reports the following fund types:

GOVERNMENTAL FUND TYPES

Special Revenue Funds – These funds are used to account for and report the proceeds of specific revenue resources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt Service Funds – These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Capital Projects Funds – These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

PROPRIETARY FUND TYPE

Internal Service Funds – These funds are used to account for those operations that provide services to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis. The County's internal service fund reports on self-insurance programs for employee medical benefits.

FIDUCIARY FUND TYPE

Agency Funds – These funds account for various taxes, deposits and other monies collected or held by the County, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

Account Classifications

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 1: Summary of Significant Accounting Policies (continued)

Measurement Focus and Basis of Accounting (continued)

Deposits and Investments

State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality or school district of this state. Further, the county may invest in certain repurchase agreements.

Cash and cash equivalents include cash on hand, demand deposits, and all certificates of deposit and cash equivalents, which are short-term highly liquid investments that are readily convertible to cash (generally three months or less). Investments in governmental securities are stated at fair value.

Receivables

Receivables are reported net of allowances for uncollectible accounts, where applicable.

Interfund Transactions and Balances

Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are referred to as "due to/from other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

Prepaids

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items, such as prepaid insurance, are not reported for Governmental Fund Types since the costs of such items are accounted for as expenditures in the period of acquisition.

Capital Assets

Capital acquisition and construction are reflected as expenditures in Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements. All purchased capital assets are stated at historical cost where records are available and at an estimated historical cost where no records exist. Capital assets include significant amounts of infrastructure which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition. The extent to which capital assets, other than infrastructure, costs have been estimated and the methods of estimation are not readily available.

Donated capital assets are recorded at estimated fair market value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their respective lives are not capitalized; however, improvements are capitalized. Interest expenditures are not capitalized on capital assets.

Governmental accounting and financial reporting standards require governments meeting certain criteria to retroactively report major general infrastructure assets by September 30, 2007. Current year general infrastructure assets are required to be reported. General infrastructure assets acquired after September 30, 1980, are reported on the government-wide financial statements. General infrastructure assets include all roads and bridges and other infrastructure assets.

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 1: Summary of Significant Accounting Policies (continued)

Capital Assets (continued)

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives are used to report capital assets in the government-wide statements. Depreciation is calculated on the straight-line basis for all assets, except land. A full year's depreciation expense is taken for all purchases and sales of capital assets during the year.

The following schedule details those thresholds and estimated useful lies:

	Capitalization Thresholds	Estimated Useful Life (years)
Land	$ -	N/A
Infrastructure	-	20-50
Buildings	50,000	40
Improvements other than buildings	25,000	20
Mobile equipment	5,000	5-10
Furniture and equipment	5,000	3-7
Leased property	*	*

* Leased property capitalization policy and estimated useful life will correspond with the amounts for the asset classification, as listed above.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred outflows related to pensions – This amount represents the County's proportionate share of the deferred outflows of resources reported by the pension plan in which the County participates. See Note 16 for additional details.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Unavailable revenue – property tax (Property taxes for future reporting period): Deferred inflows of resources should be reported when resources associated with imposed nonexchange revenue transactions are received or reported as a receivable before the period for which property taxes are levied.

Unavailable revenue – fines: When an asset is recorded in the governmental fund financial statements, but the revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Unavailable revenue – leases / Deferred inflows related to lease: When a Lease receivable is recorded in the governmental fund financial statements, but the revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Deferred inflows related to pensions – This amount represents the County's proportionate share of the deferred inflows of resources reported by the pension plan in which the County participates. See Note 16 for additional details.

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 1: Summary of Significant Accounting Policies (continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Mississippi (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Long-term Liabilities

Long-term liabilities are the unmatured principal of bonds, loans, notes or other forms of noncurrent or long-term general obligation indebtedness. Long-term liabilities are not limited to liabilities from debt issuances but may also include liabilities on lease-purchase agreements and other commitments.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position.

Equity Classifications

Government-wide Financial Statements:

Equity is classified as net position and displayed in three components:

Net Investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction or improvement of those assets.

Restricted net position – Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position – All other net position not meeting the definition of "restricted" or "net investment in capital assets."

Net Position Flow Assumption – When an expense is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

Fund Financial Statements:

Fund Balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Government fund balance is classified as nonspendable, restricted, committed, or unassigned. The following are descriptions of fund classifications used by the County:

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 1: Summary of Significant Accounting Policies (continued)

Equity Classifications (continued)

Nonspendable fund balance includes amounts that cannot be spent. This includes amounts that are either not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds from the collection of those receivables or from the sale of those properties are restricted, committed or assigned) or amounts that are legally or contractually required to be maintained intact, such as a principal balance of a permanent fund. Currently, there are no nonspendable fund balances.

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Committed fund balance includes amounts that can be used only for specific purposed pursuant to constraints imposed by a formal action of the Board of Supervisors, the county's highest level of decision-making authority. This formal action is an order of the Board of Supervisors as approved in the board minutes.

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Fund Balance Flow Assumption

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the county's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the county's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

Property Tax Revenues

Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase.

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectability criteria for property tax recognition because the lien and due date cannot be established until the date of original purchase occurs.

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 1: Summary of Significant Accounting Policies (continued)

Intergovernmental Revenues in Governmental Funds

Intergovernmental revenues, consisting of grants, entitlements, and shared revenues, are usually recorded in Governmental Funds when measurable and available. However, the "available" criterion applies for certain federal grants and shared revenues when the expenditure is made because expenditure is the prime factor for determining eligibility. Similarly, if cost sharing or matching requirements exist, revenue recognition depends on compliance with these requirements.

Compensated Absences

The County has adopted a policy of compensation for accumulated unpaid employee personal leave. No payment is authorized for accrued major medical leave. Accounting principles generally accepted in the United States of America require accrual of accumulated unpaid employee benefits as long-term liabilities in the government-wide financial statements. In fund financial statements, Governmental Funds report the compensated absence liability payable only if the payable has matured, for example an employee resigns or retires.

Note 2: Deposits and Investments

Deposits:

Primary Government

The carrying amount of the County's total deposits with financial institutions at September 30, 2019, was $46,046,234, and the bank balance was $45,563,459. The collateral for public entities' deposits in financial institutions are held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk

Custodial credit risk is the risk that in the event of failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

Investments:

Investments balances at September 30, 2019, are as follows:

Investment Type	Fair Value Level	Fair Value
Money Market Funds	Level 1	$ 5,276
SBA Loans	Level 1	1,448,242
Municipal Obligations	Level 1	865,039
US Treasury Bills	Level 1	779,295
Agency Mortgage Pass Through	Level 1	524,090
Collateralized Mortgages	Level 1	474,510
		$ 4,096,452

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 2: Deposits and Investments (continued)

Investments (continued)

Interest Rate Risk- The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, Section 19-9-29, Miss. Code Ann. (1972) limits the maturity period of any investment to no more than one year. However, pursuant to State Law, and in accordance with agreements between money managers, the County has provided for investment of funds in accounts or securities, with various maturity dates.

Credit Risk- State law limits investments to those authorized by Sections 19-9-29 and 91-13-8, Miss. Code Ann. (1972). The County does not have a formal investment policy that would further limit its investments choices or one that addresses credit risk.

Custodial Credit Risk, Investments- Custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The county does not have a formal policy for custodial credit risk.

Concentration of Credit Risk- The County places no limit on the amount the County may invest in any one issuer. GAAP requires disclosure when any one issuer is 5% or more of the investment portfolio. The County's concentration of credit risk at September 30, 2019 is as follows:

United States Treasury Bill	19%
Government National Mortgage Association	24%
Mississippi St Taxable Series G	13%
SBA Small Business Investment	35%

Note 3: Interfund Receivables and Payables

The following is a summary of interfund balances at September 30, 2019:

Due From/To Other Funds:

Receivable Fund	Payable Fund	Amount
General Fund	Other Governmental Funds	326,219
		$ 326,219

All interfund balances are expected to be repaid within one year from the date of the financial statements.

Transfers In/Out

Transfer In	Transfer Out	Amount
General Fund	General Fund	$ 488,000
	Other Governmental Funds	1,786,008
Other Governmental Funds	General Fund	138,000
	Road Maintenance Fund	148,500
	Other Governmental Funds	1,503,258
		$ 4,063,766

The principal purpose of interfund transfers was to provide funds for grant matches or to provide funds to pay for capital outlay. All interfund transfers were routine and consistent with the activities of the fund making the transfer.

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 4: Intergovernmental Receivables

Intergovernmental receivables at September 30, 2019, consisted of the following:

Description	*Amount **
Legislative tag credit	$ 322,278
Due from state	597,855
Various federal and local sources	207,756
Intergovernmental receivables, Exhibit 3	1,127,889
Long-term grants receivable	1,164,937
Intergovernmental receivables, Exhibit 1	$ 2,292,826

* The County has old outstanding grant reimbursements that are not likely to be collected in the next 12 months, therefore long-term receivables were recognized on the government-wide statements.

Note 5: Capital Assets

Note 6: Claims and Judgments

Risk Financing

The County finances its exposure to risk of loss related to workers' compensation for injuries to its employees through the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The County pays premiums to the pool for its workers' compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is $1,000,000 for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention liability. However, the pool also has catastrophic reinsurance coverage for statutory limits above the pool's retention, provided by Safety National Casualty Corporation, effective from January 1, 2019 to January 1, 2020. The pool may make an overall supplemental assessment or declare a refund depending on the loss experience of all the entities it insures.

Starting in 2014, the County finances its exposure to risk of loss relating to employee health, dental and accident coverage through a commercial insurance plan.

Note 7: Leases

As Lessee:

The County is obligated for the following capital assets acquired through leases as of September 30, 2019:

Class of Property	Governmental Activities
Furniture and equipment	386,297
Less: accumulated depreciation	(220,741)
Leased property under capital lease	165,556

* *See Note 8, Long-term Debt, for details on future maturities.*

As Lessor:

On November 1, 2018, Hancock County entered into a lease agreement with Ochsner Medical Center – Hancock LLC, for the lease of the Hancock County Medical Center. The lease stipulated that the lessee would pay $850,000 annually. However, for years one (1) and two (2) only, the lease shall be reduced to $600,000 and for lease years six (6) and seven (7) only, the lease shall be increased to $1,100,000 annually. The term for this lease is 25 years. At the end of the lease term, Ochsner Medical Center – Hancock LLC has the option to purchase Hancock County Medical Center for $1.

As an essential and material obligation of the lessee during the term with the same force and effect as rent, the lessee shall be additionally obligated to fund and implement capital improvements to the premises for each lease year during the term. The tenant shall deposit $500,000 each lease year in a capital replacement fund that shall be used exclusively to either purchase capital equipment or capitalized services or technology and/or make capital improvements to the premises, each as defined in GAAP.

The County paid Ochsner Medical Center a working capital settlement of $1,796,881 at closing to resolve all hospital debts and payables. The County received a reimbursement from the initial settlement in fiscal year 2020 for $516,738.

The lessor may exercise a Purchase Option at any time during the term of the lease by written notice to the Lessor/Landlord. The terms of the purchase shall be on substantially the same terms as those set forth in the Asset Purchase Agreement. The purchase price for this Purchase Option shall be computed by applying a present value discount of five percent (5%) to the sum of any and all unpaid rent for the remaining portion of the term.

The County leases the following property as of September 30, 2019:

Classes of Property	Amount
Buildings	$ 23,175,374
Equipment	2,970,006
Land & Improvements	1,799,063
Total	$ 27,944,443

Total	$ 13,000,000	$ 7,781,258

* The Tax Increment Limited Obligation Bond is not included in this schedule because the maturity is contingent on the amount of tax collected from the property owner. The County retains approximately $225,000 from the tax increment, and then remits the balance to the transfer agent. Of the payment remitted, $450,000 is considered interest and the remaining portion principal. The debt is estimated to mature in 2026.

Legal Debt Margin

The amount of debt, excluding specific exempted debt that can be incurred by the county is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the last completed assessment for taxation. However, the limitation is increased to 20% whenever a county issues bonds to repair or replace washed out or collapsed bridges on the public roads of the county. As of September 30, 2019, the amount of outstanding debt was equal to 2% of the latest property assessments.

Note 8: Long-term Debt (continued)

Current Refunding

On 11/24/2015, the County issued $986,000 in general obligation bonds with an average interest rate of 2.82% to refund the MBIA Limited Obligation bond, totaling $960,000. The County refunded the bonds to extend its total debt service payments for 4 years.

Pledge of Future Revenues

The County has pledged future revenues for the Tax Increment Limited Obligation Bond to fund unpaid obligations from loan proceeds used by DAK Americas Mississippi Inc. to construct facilities and equipment at the Port Bienville Industrial Park. The bond is not a general obligation of the County and, therefore, are not secured by the full faith and credit of the County. The bonds are payable solely from income derived from the tax collections of DAK Americas Mississippi Inc. The annual principal is derived from the overall tax collected, less interest of $450,000 and County revenue of $225,000 (the remainder is treated as principal). The total principal remaining to be paid is $6,842,113.

The following is a summary of change in long-term liabilities and obligations for the year ended September 30, 2019:

	Balance 10/1/2018	*Additions*	*Payments*	*Balance 9/30/2019*	*Due Within One Year*

Note 10: Contingencies

Federal Grants

The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a grantor audit may become a liability of the County. No provision for any liability that may result has been recognized in the County's financial statements due to the fact that such estimates cannot be made.

Litigation

The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at this time to estimate the ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

General Obligation Debt

The County issued general obligation bonds to provide funds for constructing and improving capital facilities of the Hancock County Port and Harbor Commission. Such debt is being retired from pledged resources of the Commission and, therefore, is reported as a liability on their financial statements. However, because general obligation bonds are backed by the full faith, credit and taxing power of the County, the County remains contingently liable for its retirement.

Note 11: No Commitment Debt (Not Included in Financial Statements)

No commitment debt is repaid only by the entities for whom debt was issued and includes debt that either bears the County's name or for which a moral responsibility may exist that is not an enforceable promise to pay. No commitment debt explicitly states the absence of obligation by the County other than possibly an agreement to assist creditors in exercising their rights in the event of default. As of the date of this report, the County has not identified any such debt.

Note 12: Effect of Deferred Amounts on Net Position

The governmental activities' unrestricted net position amount of $ (20,135,592) includes the effect of deferred inflows/outflows of resources related to pensions. A portion of the deferred outflow of resources related to pensions in the amount of $488,542 resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2020. The $1,128,903 balance of the deferred outflow of resources related to pensions at September 30, 2019, will be recognized in pension expense over the next three (3) years. The $361,301 balance of the deferred inflow of resources related to pensions at September 30, 2019, will be recognized in pension expense over the next four (4) years.

The governmental activities' unrestricted net position amount of $ (20,135,592) includes the effect of deferring the recognition of revenue resulting from lease receivable. The $ 11,590,109 balance of deferred inflows of resources at September 30, 2019, will be recognized as revenue and will increase the unrestricted net position over the next 24 years.

The governmental activities' unrestricted net position amount of $ (20,135,592) includes the effect of recognition of deferring the recognition of revenue resulting from property tax for a future reporting period. The $ 23,508,500 balance of deferred inflows of resources at September 30, 2019, will be recognized as revenue and will increase the unrestricted net position over the next year.

Complete financial statements for the Hancock County Utility Authority can be obtained from 401 Gulfside Street, Waveland, Mississippi.

Gulf Coast Community Action Agency operates in the Counties of George, Greene, Hancock and Harrison. The agency's board is composed of 24 members, one each appointed by the Counties of George, Greene, Hancock and Harrison, and the Cities of Bay St. Louis, Biloxi, Gulfport and Pass Christian, with the remaining 16 appointed by the private sector. Most of the entity's funding comes through federal grants and the member governments provide only a modest amount of financial support when the grants require matching funds.

Hancock County Tourism Development Bureau is jointly governed by Hancock County and the Cities of Bay St. Louis and Waveland. The Hancock County Board of Supervisors appoints three of the nine members of the board of directors. The County appropriated $25,000 for support of the Organization in fiscal year 2019.

Note 16: Defined Benefit Pension Plan

Plan Description. Hancock County, Mississippi, contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Benefit provisions are established by state law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to the Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, Mississippi 39201-1005 or by calling 1-800-444-PERS.

Benefits Provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service.

Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment

Attachment: 2019 Audit (7617 : Approve Project Activation to MDOT for Lakeshore Road Resurfacing.)

Note 16: Defined Benefit Pension Plan (continued)

(COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

Contributions. PERS members are required to contribute 9% of their annual covered salary, and the county is required to contribute at an actuarially determined rate. The rate at September 30, 2019 was 17.4% of annual covered payroll. This rate increased as of July 1, 2019 from 15.75%. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The County's contributions (employer share only) to PERS for the years ending September 30, 2019, 2018, and 2017 were $1,860,509, $1,719,865 and $1,615,132, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019, the County reported a liability of $30,066,089 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. At June 30, 2019, the County's proportion was .1709 percent, which was an increase of .0049 percent from its proportion measured as of June 30, 2018.

For the year ended September 30, 2019, the County recognized pension expense of $1,645,448. At September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	*Deferred Inflows of Resources*
Differences between expected and actual experience	$ 17,787	$ 32,363
Net difference between projected and actual earnings on pension plan investments	-	328,938
Changes of assumptions	294,770	-
Changes in the proportion and differences between the County's contributions and proportionate share of contributions	816,346	-
County contribututions subsequent to the measurement date	488,542	-
Total	$ 1,617,445	$ 361,301

$488,542 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	
2020	$ 172,140
2021	172,140
2022	172,140
2023	153,699
2024	97,483
	$ 767,602

Note 16: Defined Benefit Pension Plan (continued)

Actuarial Assumptions. The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods in the measurement:

Inflation	2.75 percent
Salary increases	3.00 – 18.25 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119. For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119. Mortality rates will be projected generationally using the MP-2018 projection scale to account for future improvements in life expectancy.

The actuarial assumptions are based on the experience investigation for the four-year period ending June 30, 2018.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019, are summarized in the following table:

Asset Class	*Target Allocation*	*Long-Term Expected Real Rate of Return*
Domestic Equity	27.00 %	4.90 %
International Equity	22.00	4.75
Global Equity	12.00	5.00
Debt Securities	20.00	1.50
Real Estate	10.00	4.00
Private Equity	8.00	6.25
Cash Equivalents	1.00	0.25
Total	100.00 %	

Discount Rate. The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (17.4%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 16: Defined Benefit Pension Plan (continued)

Sensitivity to the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1- percentage-point higher (8.75 percent) than the current rate:

	1% Decrease 6.75%	*Discount Rate 7.75%*	*1% Increase 8.75%*
County's proportionate share of the net pension liability	$ 39,522,916	$ 30,066,089	$ 22,260,328

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Note 17: Tax Abatements

As of September 30, 2019, the County provides tax abatements and exemptions on an individual basis and through the Commercial Development Incentive Program.

Commercial Development Incentive Program. The tax exemption policy and redevelopment zones were established in the Cities of Bay St. Louis, Diamondhead and Waveland to promote private investment and growth in specific areas throughout Hancock County. If qualified, the exemption will allow for up to 100% abatement of county ad valorem taxes (excluding school taxes, road and bridge taxes and community college taxes) for businesses including new structures in any of the proposed commercial development zones. The following is a description of the program:

- The participant may be granted up to 100% abatement on a graduated scale for county ad valorem taxes on the structure and last up to seven years per state law.
- The business investment of development is targeted for location within one of the adopted commercial development zones.
- The minimum business investment must be $500,000 in a new commercial construction project.
- The tax exemption is transferable to new owners who covenant to follow the terms of the original exemption.
- The County elected officials retain complete discretion in issuing exemptions and projects outside of the proposed zones can be considered using the adopted incentive scale and criteria.

To date, no abatements have been granted for the above program, however, some abatements have been granted on an individual basis.

Note 18: Prior Period Adjustment

A summary of significant fund equity adjustments is as follows:

Exhibit 2 – Statement of Activities

Explanation	Amount
Correction to prior-year accrued interest payable	$ 348,010

Note 19: Changes in Accounting Standards

The County implemented the following standards issued by the Governmental Accounting Standards Board (GASB) in the previous fiscal year: GASB Statement No.87, *Leases*. The provisions of these standards were implemented early due to the new lease agreement with Ochsner Medical Center and have been incorporated into these financial statements and notes.

Note 20: Subsequent Events

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes.

Management of Hancock County, Mississippi evaluated the activity of the County through October 5, 2020, the date the financial statements were available to be issued and determined that no subsequent events occurred requiring disclosure in the notes to the financial statements. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

The accompanying notes to the Required Supplementary Information are an integral part of this schedule.

Hancock County, Mississippi
Notes to the Required Supplementary Information (Unaudited)
For the Year Ended September 30, 2019

Note 1: Budgetary Information

Statutory requirements dictate how and when the county's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the County, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff and the Tax Assessor-Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, they may make revisions to the budget.

The County's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

Note 2: Basis of Presentation

The Budgetary Comparison Schedule-Budget and Actual (Non-GAAP Basis) presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary (Non-GAAP Basis) and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and each major Special Revenue Fund. The Budgetary Comparison Schedule-Budget and Actual (Non-GAAP Basis) is part of required supplementary information.

Note 3: Budget/GAAP Reconciliation

The major differences between the budgetary basis and the GAAP basis are:

- Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
- Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

The following schedule reconciles the budgetary basis schedules to the GAAP basis financial statements for the General Fund and each major Special Revenue Fund:

	General Fund	*Countywide Road Maintenance Fund*
Budget (cash basis)	$ 3,467,363	$ 657,634
Increase (decrease)		
Net adjustments for revenue accruals	(399,609)	(19,373)
Net adjustments for expenditure accruals	(829,572)	(488,936)
GAAP Basis	$ 2,238,182	$ 149,325

Note 4: Pension Schedules

Changes of assumptions

2019

- The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:
  - For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119.
  - For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119.
  - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:
  - For males, 137% of male rates at all ages.
  - For females, 115% of female rates at all ages.
  - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The price inflation assumption was reduced from 3.00% to 2.75%.
- The wage inflation assumption was reduced from 3.25% to 3.00%.
- Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.
- The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

2017

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.
- The wage inflation assumption was lowered from 3.75% to 3.25%.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.
- The percentage of active member disabilities assumed to be in line of duty was increased from 6% to 7%

2016

- The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

2015

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.
- The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.
- Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.
- The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

Changes in Benefit Provisions

2016

- Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the Board of Supervisors
Hancock County, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Hancock County, Mississippi, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated October 5, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hancock County, Mississippi's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as 2019-001 and 2019-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Hancock County, Mississippi's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted a certain immaterial instance of noncompliance which we have reported to the management of Hancock County, Mississippi, in the Independent Accountant's Report on Central Purchasing System, Inventory Control System and Purchase Clerk Schedules and the Limited Internal Control and Compliance Review Management Report dated October 5, 2020, included within this document.

Hancock County's Responses to Findings

Hancock County's responses to the findings identified in our audit are described in the accompanying auditee's corrective action plan. We did not audit Hancock County's responses and, accordingly, we express no opinion on them.

Purpose of Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution in not limited.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by Uniform Guidance

Member of the Board of Supervisors
Hancock County, Mississippi

Report on Compliance for Each Major Federal Program

We have audited the compliance of Hancock County, Mississippi with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular Compliance Supplement* that could have a direct and material effect on its major federal programs for the year ended September 30, 2019. Hancock County, Mississippi's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Hancock County, Mississippi's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Hancock County, Mississippi's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Hancock County's compliance.

Opinion on Each Major Federal Program

In our opinion, Hancock County, Mississippi, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of Hancock County, Mississippi is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Hancock County, Mississippi's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited.

Independent Accountant's Report on Central Purchasing System, Inventory Control System and Purchase Clerk Schedules (Required by Section 31-7-115, Mississippi Code Ann. 1972)

Members of the Board of Supervisors
Hancock County, Mississippi

We have examined Hancock County, Mississippi's (the County) compliance with establishing and maintaining a central purchasing system and inventory control system in accordance with Sections 31-7-101 through 31-7-127, Miss. Code Ann. (1972) and compliance with the purchasing requirements in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972) during the year ended September 30, 2019. The Board of Supervisors of Hancock County, Mississippi is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures as we considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements. The Board of Supervisors of Hancock County, Mississippi, has established centralized purchasing for all funds of the County and has established an inventory control system. The objective of the central purchasing system is to provide reasonable, but not absolute, assurance that purchases are executed in accordance with the state law.

Because of inherent limitations in any central purchasing system and inventory control system, errors or irregularities may occur and not be detected. Also, projection of any current evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

The results of our audit procedures disclosed an instance of noncompliance with the aforementioned code section. This instance of noncompliance was considered in forming our opinion on compliance. Our finding, recommendation, and your response are disclosed below:

Inventory Control:

1.	Improper Disposition of Assets
Repeat Finding:	No
Criteria:	Fixed asset inventory should be accurate and up-to-date.
Condition:	Our tests revealed several assets that were listed in inventory but were either not on site or not tagged.
Cause:	Controls were not suitably designed to identify changes and errors in the fixed asset module.
Effect:	Assets were misstated and had to be adjusted.
Recommendation:	We recommend additional training in inventory management and control, as well as proper oversight to ensure assets are accounted for and disposed of properly.
Views of Responsible Officials:	*The County is updating their inventory system and all assets will be verified by the inventory clerk.*

In our opinion, except as explained in the third paragraph and except for the noncompliance referred to in the preceding paragraph, Hancock County, Mississippi, complied, in all material respects, with state laws governing central purchasing, inventory and bid requirements for the year ended September 30, 2019.

The accompanying schedules of (1) Purchases Not Made from the Lowest Bidder, (2) Emergency Purchase and (3) Purchases Made Noncompetitively from a Sole Source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules has been subjected to procedures performed in connection with our aforementioned examination of the purchasing system and, in our opinion, is fairly presented when considered in relation to that examination.

Hancock County's response to the finding included in this report was not audited, and accordingly, we express no opinion on it.

This report is intended for use in evaluating Hancock County, Mississippi's compliance with the aforementioned requirements, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited.

Limited Internal Control and Compliance Review Management Report

Members of the Board of Supervisors
Hancock County, Mississippi

In planning and performing our audit of the financial statements of Hancock County, Mississippi for the year ended September 30, 2019, we considered Hancock County, Mississippi's internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Hancock County, Mississippi's financial reporting, we have performed some additional limited internal control and state legal compliance review procedures as identified in the state legal compliance audit program issued by the Office of the State Auditor. Our procedures were substantially less in scope that an audit, the objective of which is the expression of an opinion on the County's compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated October 5, 2020, on the financial statements of Hancock County, Mississippi.

Due to the reduced scope, these review procedures and compliance tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

The results of our review procedures and compliance tests identified certain immaterial instances of noncompliance with state laws and regulations that are opportunities for strengthening internal controls and operating efficiency. Our finding, recommendation, and your response are disclosed below:

Board of Supervisors

1.	Old Unclaimed Property
Repeat Finding:	Yes
Criteria:	MS Code Section 89-12-23
Condition:	The County is holding unclaimed property older than five (5) years.
Cause:	Unclaimed property not submitted to the State Treasurer.
Effect:	Accumulated outstanding balances.
Recommendation:	We recommend the County complete the unclaimed property report provided by the State Treasurer, and remit payment.
Views of Responsible Officials:	*We are in the process of reviewing several of our funds which might have an accumulation of outstanding, unclaimed property. We will comply with the requirements of MS Code Section 89-12-23 upon completion of our review.*

Section 2: Financial Statement Findings

Board of Supervisors
Significant Deficiency

2019-001 The Inventory Control System should be Accurate and Up-to-Date.

Repeat Finding: Yes (2015-005, 2016-001, 2017-001 and 2018-001)

Criteria: The County's inventory control system should report capital assets at the correct amount.

Condition: We discovered two (2) items that were disposed of that were still in inventory, six (6) items that did not have decals and were not included in inventory and ten (10) items that were in inventory but not located.

Cause: Internal controls are not sufficient to ensure asset additions and disposals are recorded correctly in the inventory system.

Effect: Capital assets were misstated and had to be adjusted.

Recommendation: We recommend the Board review controls over capital assets and make improvements to ensure assets are recorded correctly. We also recommend yearly physical inventories conducted and/or monitored by the Inventory Control Clerk.

Board of Supervisors
Significant Deficiency

2019-002 Controls over Classifications should be Strengthened.

Repeat Finding: Yes (2017-003 and 2018-002)

Criteria: Revenues and disbursements should be recorded in the proper funds and accounts.

Condition: We noted a significant amount of transactions that were recorded incorrectly in debt service funds.

Cause: County disbursements for project related costs were recorded in debt service funds instead of capital project funds.

Effect: Debt service fund balance was misstated, and capital projects were unreported.

Recommendation: We recommend controls be implemented to review financial statements on a monthly basis to ensure proper classification.

Section 3: Findings Required to be Reported by the Uniform Guidance

The results of our tests did not disclose any findings and questioned costs related to federal awards.

Independent Auditor's Report

Members of the Board of Supervisors
Hancock County, Mississippi

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Hancock County, Mississippi, (the County) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Hancock County, Mississippi, as of September 30, 2019, and the respective changes in financial position and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules and corresponding notes, the Schedule of the County's Proportionate Share of the Net Pension Liability, and schedule of the County's contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the

Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Omission of Required Supplementary Information

Hancock County, Mississippi, has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Hancock County, Mississippi's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Surety Bonds for County Officials has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards,* we have also issued our report dated October 5, 2020, on our consideration of Hancock County, Mississippi's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Hancock County, Mississippi's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hancock County, Mississippi's internal control over financial reporting and compliance.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2019

Net Changes in Fund Balances - Governmental Funds		$ 16,327,560
The change in net position reported for governmental activities in the statement of activities is different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlays		11,229,161
Depreciation expense		(3,348,403)
In the Statement of Activities, only gain and losses from the sale of capital assets are reported, whereas in the Governmental Funds, proceeds from the sale of capital assets increase financial resources. Thus, the change in net assets differs from the change in fund balances by the amount of the loss.		(25,355)
Fine revenue recognized on the modified cash basis in the funds during the current year is decreased because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.		(118,828)
Grant revenue recognized on the modified accrual basis in the funds during the current year is reduced because prior year recognition would have been required on the Statement of Activities using the full-accrual basis of accounting.		
Current year accrual		1,164,937
Recognized on Statement of Net Position in the prior year		(998,131)
Debt proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Statement of Net Position Repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Thus, the change in net position differs from the change in fund balances by the amount of debt repayments.		
Proceeds from debt issuance		(13,000,000)
Principal payments		1,381,491
Some items reported in the Statement of Activities relating to the implementation of GASB 68 are not reported in the governmental funds. These activities include:		
Pension expense	3,505,957	
Contributions made during the year	1,860,509	(1,645,448)
An Internal Service Fund is used by management to charge the cost of insurance to individual funds. The net revenue (expense) is reported within governmental activities.		261,003
Under the modified accrual basis of accounting used in the Governmental Funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. However, in the Statement of Activities, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. Thus, the change in net position differs from the change in fund balances by a combination of the following items:		
Compensated absences		(23,695)
Accrued interest		(253,371)
Changes in Net Position of Governmental Activities		$ 10,950,921

The notes to the financial statements are an integral part of this statement.

Notes to the Financial Statements
For the Year Ended September 30, 2019

Note 1: Summary of Significant Accounting Policies

These financial statements of Hancock County, Mississippi (County) were prepared in accordance with accounting principles generally accepted in the United States of America for governmental entities (GAAP). The following summary of the more significant accounting policies of the County is presented to assist the reader in interpreting these financial statements and should be viewed as an integral part of this report.

Reporting Entity

Hancock County is a political subdivision of the State of Mississippi. The County is governed by an elected five-member Board of Supervisors. Accounting principles generally accepted in the United States of America require Hancock County to present these financial statements on the primary government and its component units which have significant operation or financial relationships with the County. Currently, there are no outside organizations that should be included as component units of the County's reporting entity.

State law pertaining to county government provides for the independent election of county officials. The following elected and appointed officials are all part of the county legal entity and therefore are reported as part of the primary government financial statements.

- Board of Supervisors
- Chancery Clerk
- Circuit Clerk
- Justice Court Clerk
- Purchase Clerk
- Tax Assessor-Collector
- Sheriff

Blended Component Units

Certain component units, although legally separate from the primary government, are nevertheless so intertwined with the primary government that they are in substance, the same as the primary government. Therefore, these component units are reported as if they are part of the primary government. The following component unit's balances and transactions are blended with the balances and transactions of the primary government.

Hancock County Public Improvement Corporation was incorporated as a nonprofit under Section 31-8-3, Miss. Code Ann. (1972), which allows counties to enter into lease agreements with any corporation. The corporation's board of directors is appointed by the Board of Supervisors. The corporation produces a financial benefit through its ability to finance the construction of capital facilities for the primary government and imposes a financial burden on the primary government by obligating funds to repay the debt pursuant to a lease agreement.

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a Statement of Position and a Statement of Activities, fund financial statements and accompanying note disclosures, which provide a detailed level of financial information.

Attachment: 20210201 - Project Activation Request to MDOT for Lakeshore Road Resurfacing Project with executed letter, board order, and

Note 1: Summary of Significant Accounting Policies (continued)

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information concerning the County as a whole. The statements include all nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are generally financed through taxes, intergovernmental revenues and other nonexchange revenues.

The Statement of Net Position presents the financial condition of the governmental activities of the county at year-end. The Government-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function or program of the county's governmental activities. Direct Expenses are those th at are specifically associated with a service, program or department and therefore, are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other revenues not classified as program revenues are presented as general revenues of the county, with certain limited exceptions. Internal service fund balances have been eliminated against the expenses and program revenue. The comparison of direct expenses with program revenues identifies the extent to which each government function is self-financing or draws from the general revenues of the County.

Fund Financial Statements:

Fund financial statements of the county are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflows, liabilities, deferred inflows, fund balances, revenues and expenditures/expenses. Funds are organized into governmental, proprietary and fiduciary. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column as Other Governmental Funds.

Measurement Focus and Basis of Accounting

The Government-wide, Proprietary Fund and Fiduciary Fund (excluding agency funds) financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Shared revenues are recognized when the provider government recognizes the liability to the county. Grants are recognized as revenues as soon as all eligibility requirements have been satisfied. Agency funds have no measurement focus but use the accrual basis of accounting.

The revenues and expenses of Proprietary Funds are classified as operating or non-operating. Operating revenues and expenses generally result from providing services in connection with a Proprietary Fund's primary operations. All other revenues and expenses are reported as nonoperating.

Government financial statements are presented using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period when they are both measurable and available to finance operations during the year or to liquidate liabilities existing at the end of the year. Available means collected in the current period or within 60 days after year end to liquidate liabilities existing at the end of the year. Measurable means knowing or being able to reasonably estimate the amount. Expenditures are recognized in the account period when the related fund liabilities are incurred.

Debt service expenditures and expenditures related to compensated absences and claims and judgments, are recognized only when payment is due. Property taxes, state appropriations and federal awards are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period.

Measurement Focus and Basis of Accounting (continued)

The county reports the following major Governmental Funds:

General Fund – This fund is used to account for all activities of the general government for which a separate fund has not been established.

County-wide Road Maintenance Fund – This fund is used to account for monies from specific revenue sources that are restricted for road maintenance. Although the fund does not meet the definition of a major fund, the County chooses to present the information as such.

Linea Dock Fund – This fund is a capital projects fund used for capital expenditures associated with Linea Dock.

Additionally, the county reports the following fund types:

GOVERNMENTAL FUND TYPES

Special Revenue Funds – These funds are used to account for and report the proceeds of specific revenue resources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt Service Funds – These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Capital Projects Funds – These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

PROPRIETARY FUND TYPE

Internal Service Funds – These funds are used to account for those operations that provide services to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis. The County's internal service fund reports on self-insurance programs for employee medical benefits.

FIDUCIARY FUND TYPE

Agency Funds – These funds account for various taxes, deposits and other monies collected or held by the County, acting in the capacity of an agent, for distribution to other governmental units or designated beneficiaries.

Account Classifications

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing and Financial Reporting* as issued in 2012 by the Government Finance Officers Association.

Attachment: 20210201 - Project Activation Request to MDOT for Lakeshore Road Resurfacing Project with executed letter, board order, and

Note 1: Summary of Significant Accounting Policies (continued)

Measurement Focus and Basis of Accounting (continued)

Deposits and Investments

State law authorizes the County to invest in interest bearing time certificates of deposit for periods of fourteen days to one year with depositories and in obligations of the U.S. Treasury, State of Mississippi, or any county, municipality or school district of this state. Further, the county may invest in certain repurchase agreements.

Cash and cash equivalents include cash on hand, demand deposits, and all certificates of deposit and cash equivalents, which are short-term highly liquid investments that are readily convertible to cash (generally three months or less). Investments in governmental securities are stated at fair value.

Receivables

Receivables are reported net of allowances for uncollectible accounts, where applicable.

Interfund Transactions and Balances

Transactions between funds that are representative of short-term lending/borrowing arrangements and transactions that have not resulted in the actual transfer of cash at the end of the fiscal year are referred to as "due to/from other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position.

Prepaids

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items, such as prepaid insurance, are not reported for Governmental Fund Types since the costs of such items are accounted for as expenditures in the period of acquisition.

Capital Assets

Capital acquisition and construction are reflected as expenditures in Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements. All purchased capital assets are stated at historical cost where records are available and at an estimated historical cost where no records exist. Capital assets include significant amounts of infrastructure which have been valued at estimated historical cost. The estimated historical cost was based on replacement cost multiplied by the consumer price index implicit price deflator for the year of acquisition. The extent to which capital assets, other than infrastructure, costs have been estimated and the methods of estimation are not readily available.

Donated capital assets are recorded at estimated fair market value at the time of donation. The costs of normal maintenance and repairs that do not add to the value of assets or materially extend their respective lives are not capitalized; however, improvements are capitalized. Interest expenditures are not capitalized on capital assets.

Governmental accounting and financial reporting standards require governments meeting certain criteria to retroactively report major general infrastructure assets by September 30, 2007. Current year general infrastructure assets are required to be reported. General infrastructure assets acquired after September 30, 1980, are reported on the government-wide financial statements. General infrastructure assets include all roads and bridges and other infrastructure assets.

Note 1: Summary of Significant Accounting Policies (continued)

Capital Assets (continued)

Capitalization thresholds (dollar value above which asset acquisitions are added to the capital asset accounts) and estimated useful lives are used to report capital assets in the government-wide statements. Depreciation is calculated on the straight-line basis for all assets, except land. A full year's depreciation expense is taken for all purchases and sales of capital assets during the year.

The following schedule details those thresholds and estimated useful lies:

	Capitalization Thresholds	Estimated Useful Life (years)
Land	$ -	N/A
Infrastructure	-	20-50
Buildings	50,000	40
Improvements other than buildings	25,000	20
Mobile equipment	5,000	5-10
Furniture and equipment	5,000	3-7
Leased property	*	*

* Leased property capitalization policy and estimated useful life will correspond with the amounts for the asset classification, as listed above.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred outflows related to pensions – This amount represents the County's proportionate share of the deferred outflows of resources reported by the pension plan in which the County participates. See Note 16 for additional details.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Unavailable revenue – property tax (Property taxes for future reporting period): Deferred inflows of resources should be reported when resources associated with imposed nonexchange revenue transactions are received or reported as a receivable before the period for which property taxes are levied.

Unavailable revenue – fines: When an asset is recorded in the governmental fund financial statements, but the revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Unavailable revenue – leases / Deferred inflows related to lease: When a Lease receivable is recorded in the governmental fund financial statements, but the revenue is not available, the government should report a deferred inflow of resources until such time as the revenue becomes available.

Deferred inflows related to pensions – This amount represents the County's proportionate share of the deferred inflows of resources reported by the pension plan in which the County participates. See Note 16 for additional details.

Attachment: 20210201 - Project Activation Request to MDOT for Lakeshore Road Resurfacing Project with executed letter, board order, and

Note 1: Summary of Significant Accounting Policies (continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Mississippi (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Long-term Liabilities

Long-term liabilities are the unmatured principal of bonds, loans, notes or other forms of noncurrent or long-term general obligation indebtedness. Long-term liabilities are not limited to liabilities from debt issuances but may also include liabilities on lease-purchase agreements and other commitments.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position.

Equity Classifications

Government-wide Financial Statements:

Equity is classified as net position and displayed in three components:

Net Investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction or improvement of those assets.

Restricted net position – Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position – All other net position not meeting the definition of "restricted" or "net investment in capital assets."

Net Position Flow Assumption – When an expense is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the County's general policy to use restricted resources first. When expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the County's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

Fund Financial Statements:

Fund Balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Government fund balance is classified as nonspendable, restricted, committed, or unassigned. The following are descriptions of fund classifications used by the County:

Attachment: 20210201 - Project Activation Request to MDOT for Lakeshore Road Resurfacing Project with executed letter, board order, and

Note 1: Summary of Significant Accounting Policies (continued)

Equity Classifications (continued)

Nonspendable fund balance includes amounts that cannot be spent. This includes amounts that are either not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds from the collection of those receivables or from the sale of those properties are restricted, committed or assigned) or amounts that are legally or contractually required to be maintained intact, such as a principal balance of a permanent fund. Currently, there are no nonspendable fund balances.

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Committed fund balance includes amounts that can be used only for specific purposed pursuant to constraints imposed by a formal action of the Board of Supervisors, the county's highest level of decision-making authority. This formal action is an order of the Board of Supervisors as approved in the board minutes.

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Fund Balance Flow Assumption

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) resources are available, it is the county's general policy to use restricted resources first. When expenditures are incurred for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the county's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

Property Tax Revenues

Numerous statutes exist under which the Board of Supervisors may levy property taxes. The selection of authorities is made based on the objectives and responsibilities of the County. Restrictions associated with property tax levies vary with the statutory authority. The amount of increase in certain property taxes is limited by state law. Generally, this restriction provides that these tax levies shall produce no more than 110% of the amount which resulted from the assessments of the previous year.

The Board of Supervisors, each year at a meeting in September, levies property taxes for the ensuing fiscal year which begins on October 1. Real property taxes become a lien on January 1 of the current year, and personal property taxes become a lien on March 1 of the current year. Taxes on both real and personal property, however, are due on or before February 1 of the next succeeding year. Taxes on motor vehicles and mobile homes become a lien and are due in the month that coincides with the month of original purchase.

Accounting principles generally accepted in the United States of America require property taxes to be recognized at the levy date if measurable and available. All property taxes are recognized as revenue in the year for which they are levied. Motor vehicle and mobile home taxes do not meet the measurability and collectability criteria for property tax recognition because the lien and due date cannot be established until the date of original purchase occurs.

Note 1: Summary of Significant Accounting Policies (continued)

Intergovernmental Revenues in Governmental Funds

Intergovernmental revenues, consisting of grants, entitlements, and shared revenues, are usually recorded in Governmental Funds when measurable and available. However, the "available" criterion applies for certain federal grants and shared revenues when the expenditure is made because expenditure is the prime factor for determining eligibility. Similarly, if cost sharing or matching requirements exist, revenue recognition depends on compliance with these requirements.

Compensated Absences

The County has adopted a policy of compensation for accumulated unpaid employee personal leave. No payment is authorized for accrued major medical leave. Accounting principles generally accepted in the United States of America require accrual of accumulated unpaid employee benefits as long-term liabilities in the government-wide financial statements. In fund financial statements, Governmental Funds report the compensated absence liability payable only if the payable has matured, for example an employee resigns or retires.

Note 2: Deposits and Investments

Deposits:

Primary Government

The carrying amount of the County's total deposits with financial institutions at September 30, 2019, was $46,046,234, and the bank balance was $45,563,459. The collateral for public entities' deposits in financial institutions are held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC).

Custodial Credit Risk

Custodial credit risk is the risk that in the event of failure of a financial institution, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a formal policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the County.

Investments:

Investments balances at September 30, 2019, are as follows:

Investment Type	Fair Value Level	Fair Value
Money Market Funds	Level 1	$ 5,276
SBA Loans	Level 1	1,448,242
Municipal Obligations	Level 1	865,039
US Treasury Bills	Level 1	779,295
Agency Mortgage Pass Through	Level 1	524,090
Collateralized Mortgages	Level 1	474,510
		$ 4,096,452

Attachment: 20210201 - Project Activation Request to MDOT for Lakeshore Road Resurfacing Project with executed letter, board order, and

Note 2: Deposits and Investments (continued)

Investments (continued)

Interest Rate Risk- The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, Section 19-9-29, Miss. Code Ann. (1972) limits the maturity period of any investment to no more than one year. However, pursuant to State Law, and in accordance with agreements between money managers, the County has provided for investment of funds in accounts or securities, with various maturity dates.

Credit Risk- State law limits investments to those authorized by Sections 19-9-29 and 91-13-8, Miss. Code Ann. (1972). The County does not have a formal investment policy that would further limit its investments choices or one that addresses credit risk.

Custodial Credit Risk, Investments- Custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The county does not have a formal policy for custodial credit risk.

Concentration of Credit Risk- The County places no limit on the amount the County may invest in any one issuer. GAAP requires disclosure when any one issuer is 5% or more of the investment portfolio. The County's concentration of credit risk at September 30, 2019 is as follows:

United States Treasury Bill	19%
Government National Mortgage Association	24%
Mississippi St Taxable Series G	13%
SBA Small Business Investment	35%

Note 3: Interfund Receivables and Payables

The following is a summary of interfund balances at September 30, 2019:

Due From/To Other Funds:

Receivable Fund	Payable Fund	Amount
General Fund	Other Governmental Funds	326,219
		$ 326,219

All interfund balances are expected to be repaid within one year from the date of the financial statements.

Transfers In/Out

Transfer In	Transfer Out	Amount
General Fund	General Fund	$ 488,000
	Other Governmental Funds	1,786,008
Other Governmental Funds	General Fund	138,000
	Road Maintenance Fund	148,500
	Other Governmental Funds	1,503,258
		$ 4,063,766

The principal purpose of interfund transfers was to provide funds for grant matches or to provide funds to pay for capital outlay. All interfund transfers were routine and consistent with the activities of the fund making the transfer.

Note 6: Claims and Judgments

Risk Financing

The County finances its exposure to risk of loss related to workers' compensation for injuries to its employees through the Mississippi Public Entity Workers' Compensation Trust, a public entity risk pool. The County pays premiums to the pool for its workers' compensation insurance coverage, and the participation agreement provides that the pool will be self-sustaining through member premiums. The retention for the pool is $1,000,000 for each accident and completely covers statutory limits set by the Workers' Compensation Commission. Risk of loss is remote for claims exceeding the pool's retention liability. However, the pool also has catastrophic reinsurance coverage for statutory limits above the pool's retention, provided by Safety National Casualty Corporation, effective from January 1, 2019 to January 1, 2020. The pool may make an overall supplemental assessment or declare a refund depending on the loss experience of all the entities it insures.

Starting in 2014, the County finances its exposure to risk of loss relating to employee health, dental and accident coverage through a commercial insurance plan.

Note 7: Leases

As Lessee:

The County is obligated for the following capital assets acquired through leases as of September 30, 2019:

Class of Property	Governmental Activities
Furniture and equipment	386,297
Less: accumulated depreciation	(220,741)
Leased property under capital lease	165,556

* *See Note 8, Long-term Debt, for details on future maturities.*

As Lessor:

On November 1, 2018, Hancock County entered into a lease agreement with Ochsner Medical Center – Hancock LLC, for the lease of the Hancock County Medical Center. The lease stipulated that the lessee would pay $850,000 annually. However, for years one (1) and two (2) only, the lease shall be reduced to $600,000 and for lease years six (6) and seven (7) only, the lease shall be increased to $1,100,000 annually. The term for this lease is 25 years. At the end of the lease term, Ochsner Medical Center – Hancock LLC has the option to purchase Hancock County Medical Center for $1.

As an essential and material obligation of the lessee during the term with the same force and effect as rent, the lessee shall be additionally obligated to fund and implement capital improvements to the premises for each lease year during the term. The tenant shall deposit $500,000 each lease year in a capital replacement fund that shall be used exclusively to either purchase capital equipment or capitalized services or technology and/or make capital improvements to the premises, each as defined in GAAP.

The County paid Ochsner Medical Center a working capital settlement of $1,796,881 at closing to resolve all hospital debts and payables. The County received a reimbursement from the initial settlement in fiscal year 2020 for $516,738.

The lessor may exercise a Purchase Option at any time during the term of the lease by written notice to the Lessor/Landlord. The terms of the purchase shall be on substantially the same terms as those set forth in the Asset Purchase Agreement. The purchase price for this Purchase Option shall be computed by applying a present value discount of five percent (5%) to the sum of any and all unpaid rent for the remaining portion of the term.

The County leases the following property as of September 30, 2019:

Classes of Property	Amount
Buildings	$ 23,175,374
Equipment	2,970,006
Land & Improvements	1,799,063

* The Tax Increment Limited Obligation Bond is not included in this schedule because the maturity is contingent on the amount of tax collected from the property owner. The County retains approximately $225,000 from the tax increment, and then remits the balance to the transfer agent. Of the payment remitted, $450,000 is considered interest and the remaining portion principal. The debt is estimated to mature in 2026.

Legal Debt Margin

The amount of debt, excluding specific exempted debt that can be incurred by the county is limited by state statute. Total outstanding debt during a year can be no greater than 15% of assessed value of the taxable property within the County, according to the last completed assessment for taxation. However, the limitation is increased to 20% whenever a county issues bonds to repair or replace washed out or collapsed bridges on the public roads of the county. As of September 30, 2019, the amount of outstanding debt was equal to 2% of the latest property assessments.

Current Refunding

On 11/24/2015, the County issued $986,000 in general obligation bonds with an average interest rate of 2.82% to refund the MBIA Limited Obligation bond, totaling $960,000. The County refunded the bonds to extend its total debt service payments for 4 years.

Pledge of Future Revenues

The County has pledged future revenues for the Tax Increment Limited Obligation Bond to fund unpaid obligations from loan proceeds used by DAK Americas Mississippi Inc. to construct facilities and equipment at the Port Bienville Industrial Park. The bond is not a general obligation of the County and, therefore, are not secured by the full faith and credit of the County. The bonds are payable solely from income derived from the tax collections of DAK Americas Mississippi Inc. The annual principal is derived from the overall tax collected, less interest of $450,000 and County revenue of $225,000 (the remainder is treated as principal). The total principal remaining to be paid is $6,842,113.

The following is a summary of change in long-term liabilities and obligations for the year ended September 30, 2019:

	Balance 10/1/2018	*Additions*	*Payments*	*Balance 9/30/2019*	*Due Within One Year*

Note 10: Contingencies

Federal Grants

The County has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowance resulting from a grantor audit may become a liability of the County. No provision for any liability that may result has been recognized in the County's financial statements due to the fact that such estimates cannot be made.

Litigation

The County is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at this time to estimate the ultimate outcome or liability, if any, of the County with respect to the various proceedings. However, the County's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the County.

General Obligation Debt

The County issued general obligation bonds to provide funds for constructing and improving capital facilities of the Hancock County Port and Harbor Commission. Such debt is being retired from pledged resources of the Commission and, therefore, is reported as a liability on their financial statements. However, because general obligation bonds are backed by the full faith, credit and taxing power of the County, the County remains contingently liable for its retirement.

Note 11: No Commitment Debt (Not Included in Financial Statements)

No commitment debt is repaid only by the entities for whom debt was issued and includes debt that either bears the County's name or for which a moral responsibility may exist that is not an enforceable promise to pay. No commitment debt explicitly states the absence of obligation by the County other than possibly an agreement to assist creditors in exercising their rights in the event of default. As of the date of this report, the County has not identified any such debt.

Note 12: Effect of Deferred Amounts on Net Position

The governmental activities' unrestricted net position amount of $ (20,135,592) includes the effect of deferred inflows/outflows of resources related to pensions. A portion of the deferred outflow of resources related to pensions in the amount of $488,542 resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2020. The $1,128,903 balance of the deferred outflow of resources related to pensions at September 30, 2019, will be recognized in pension expense over the next three (3) years. The $361,301 balance of the deferred inflow of resources related to pensions at September 30, 2019, will be recognized in pension expense over the next four (4) years.

The governmental activities' unrestricted net position amount of $ (20,135,592) includes the effect of deferring the recognition of revenue resulting from lease receivable. The $ 11,590,109 balance of deferred inflows of resources at September 30, 2019, will be recognized as revenue and will increase the unrestricted net position over the next 24 years.

The governmental activities' unrestricted net position amount of $ (20,135,592) includes the effect of recognition of deferring the recognition of revenue resulting from property tax for a future reporting period. The $ 23,508,500 balance of deferred inflows of resources at September 30, 2019, will be recognized as revenue and will increase the unrestricted net position over the next year.

The agency's board is composed of 24 members, one each appointed by the Counties of George, Greene, Hancock and Harrison, and the Cities of Bay St. Louis, Biloxi, Gulfport and Pass Christian, with the remaining 16 appointed by the private sector. Most of the entity's funding comes through federal grants and the member governments provide only a modest amount of financial support when the grants require matching funds.

Hancock County Tourism Development Bureau is jointly governed by Hancock County and the Cities of Bay St. Louis and Waveland. The Hancock County Board of Supervisors appoints three of the nine members of the board of directors. The County appropriated $25,000 for support of the Organization in fiscal year 2019.

Note 16: Defined Benefit Pension Plan

Plan Description. Hancock County, Mississippi, contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing, multiple-employer, defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Benefit provisions are established by state law and may be amended only by the State of Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That information may be obtained by writing to the Public Employees' Retirement System, PERS Building, 429 Mississippi Street, Jackson, Mississippi 39201-1005 or by calling 1-800-444-PERS.

Benefits Provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service.

Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment

Attachment: 20210201 - Project Activation Request to MDOT for Lakeshore Road Resurfacing Project with executed letter, board order, and

Note 16: Defined Benefit Pension Plan (continued)

(COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter. Plan provisions are established and may be amended only by the State of Mississippi Legislature.

Contributions. PERS members are required to contribute 9% of their annual covered salary, and the county is required to contribute at an actuarially determined rate. The rate at September 30, 2019 was 17.4% of annual covered payroll. This rate increased as of July 1, 2019 from 15.75%. The contribution requirements of PERS members are established and may be amended only by the State of Mississippi Legislature. The County's contributions (employer share only) to PERS for the years ending September 30, 2019, 2018, and 2017 were $1,860,509, $1,719,865 and $1,615,132, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019, the County reported a liability of $30,066,089 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. At June 30, 2019, the County's proportion was .1709 percent, which was an increase of .0049 percent from its proportion measured as of June 30, 2018.

For the year ended September 30, 2019, the County recognized pension expense of $1,645,448. At September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	*Deferred Inflows of Resources*
Differences between expected and actual experience	$ 17,787	$ 32,363
Net difference between projected and actual earnings on pension plan investments	-	328,938
Changes of assumptions	294,770	-
Changes in the proportion and differences between the County's contributions and proportionate share of contributions	816,346	-
County contribututions subsequent to the measurement date	488,542	-
Total	$ 1,617,445	$ 361,301

$488,542 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	
2020	$ 172,140
2021	172,140
2022	172,140
2023	153,699
2024	97,483
	$ 767,602

Attachment: 20210201 - Project Activation Request to MDOT for Lakeshore Road Resurfacing Project with executed letter, board order, and

Note 16: Defined Benefit Pension Plan (continued)

Actuarial Assumptions. The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods in the measurement:

Inflation	2.75 percent
Salary increases	3.00 – 18.25 percent, including inflation
Investment rate of return	7.75 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119. For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119. Mortality rates will be projected generationally using the MP-2018 projection scale to account for future improvements in life expectancy.

The actuarial assumptions are based on the experience investigation for the four-year period ending June 30, 2018.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019, are summarized in the following table:

Asset Class	*Target Allocation*	*Long-Term Expected Real Rate of Return*
Domestic Equity	27.00 %	4.90 %
International Equity	22.00	4.75
Global Equity	12.00	5.00
Debt Securities	20.00	1.50
Real Estate	10.00	4.00
Private Equity	8.00	6.25
Cash Equivalents	1.00	0.25
Total	100.00 %	

Discount Rate. The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (17.4%). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 16: Defined Benefit Pension Plan (continued)

Sensitivity to the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1- percentage-point higher (8.75 percent) than the current rate:

	1% Decrease 6.75%	*Discount Rate 7.75%*	*1% Increase 8.75%*
County's proportionate share of the net pension liability	$ 39,522,916	$ 30,066,089	$ 22,260,328

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Note 17: Tax Abatements

As of September 30, 2019, the County provides tax abatements and exemptions on an individual basis and through the Commercial Development Incentive Program.

Commercial Development Incentive Program. The tax exemption policy and redevelopment zones were established in the Cities of Bay St. Louis, Diamondhead and Waveland to promote private investment and growth in specific areas throughout Hancock County. If qualified, the exemption will allow for up to 100% abatement of county ad valorem taxes (excluding school taxes, road and bridge taxes and community college taxes) for businesses including new structures in any of the proposed commercial development zones. The following is a description of the program:

- The participant may be granted up to 100% abatement on a graduated scale for county ad valorem taxes on the structure and last up to seven years per state law.
- The business investment of development is targeted for location within one of the adopted commercial development zones.
- The minimum business investment must be $500,000 in a new commercial construction project.
- The tax exemption is transferable to new owners who covenant to follow the terms of the original exemption.
- The County elected officials retain complete discretion in issuing exemptions and projects outside of the proposed zones can be considered using the adopted incentive scale and criteria.

To date, no abatements have been granted for the above program, however, some abatements have been granted on an individual basis.

Note 18: Prior Period Adjustment

A summary of significant fund equity adjustments is as follows:

Exhibit 2 – Statement of Activities

Explanation	Amount
Correction to prior-year accrued interest payable	$ 348,010

Note 19: Changes in Accounting Standards

The County implemented the following standards issued by the Governmental Accounting Standards Board (GASB) in the previous fiscal year: GASB Statement No.87, *Leases*. The provisions of these standards were implemented early due to the new lease agreement with Ochsner Medical Center and have been incorporated into these financial statements and notes.

Note 20: Subsequent Events

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes.

Management of Hancock County, Mississippi evaluated the activity of the County through October 5, 2020, the date the financial statements were available to be issued and determined that no subsequent events occurred requiring disclosure in the notes to the financial statements. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

Hancock County, Mississippi
Notes to the Required Supplementary Information (Unaudited)
For the Year Ended September 30, 2019

Note 1: Budgetary Information

Statutory requirements dictate how and when the county's budget is to be prepared. Generally, in the month of August, prior to the ensuing fiscal year beginning each October 1, the Board of Supervisors of the County, using historical and anticipated fiscal data and proposed budgets submitted by the Sheriff and the Tax Assessor-Collector for his or her respective department, prepares an original budget for each of the Governmental Funds for said fiscal year. The completed budget for the fiscal year includes for each fund every source of revenue, each general item of expenditure, and the unencumbered cash and investment balances. When during the fiscal year it appears to the Board of Supervisors that budgetary estimates will not be met, they may make revisions to the budget.

The County's budget is prepared principally on the cash basis of accounting. All appropriations lapse at year end, and there are no encumbrances to budget because state law does not require that funds be available when goods or services are ordered, only when payment is made.

Note 2: Basis of Presentation

The Budgetary Comparison Schedule-Budget and Actual (Non-GAAP Basis) presents the original legally adopted budget, the final legally adopted budget, actual amounts on a budgetary (Non-GAAP Basis) and variances between the final budget and the actual amounts. The schedule is presented for the General Fund and each major Special Revenue Fund. The Budgetary Comparison Schedule-Budget and Actual (Non-GAAP Basis) is part of required supplementary information.

Note 3: Budget/GAAP Reconciliation

The major differences between the budgetary basis and the GAAP basis are:

- Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP).
- Expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP).

The following schedule reconciles the budgetary basis schedules to the GAAP basis financial statements for the General Fund and each major Special Revenue Fund:

	General Fund	*Countywide Road Maintenance Fund*
Budget (cash basis)	$ 3,467,363	$ 657,634
Increase (decrease)		
Net adjustments for revenue accruals	(399,609)	(19,373)
Net adjustments for expenditure accruals	(829,572)	(488,936)
GAAP Basis	$ 2,238,182	$ 149,325

Note 4: Pension Schedules

Changes of assumptions

2019

- The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:
  - For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119.
  - For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119.
  - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:
  - For males, 137% of male rates at all ages.
  - For females, 115% of female rates at all ages.
  - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The price inflation assumption was reduced from 3.00% to 2.75%.
- The wage inflation assumption was reduced from 3.25% to 3.00%.
- Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.
- The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

2017

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.
- The wage inflation assumption was lowered from 3.75% to 3.25%.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.
- The percentage of active member disabilities assumed to be in line of duty was increased from 6% to 7%

2016

- The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

2015

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.
- The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.
- Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.
- The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

Changes in Benefit Provisions

2016

- Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the Board of Supervisors
Hancock County, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Hancock County, Mississippi, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated October 5, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hancock County, Mississippi's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as 2019-001 and 2019-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Hancock County, Mississippi's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted a certain immaterial instance of noncompliance which we have reported to the management of Hancock County, Mississippi, in the Independent Accountant's Report on Central Purchasing System, Inventory Control System and Purchase Clerk Schedules and the Limited Internal Control and Compliance Review Management Report dated October 5, 2020, included within this document.

Hancock County's Responses to Findings

Hancock County's responses to the findings identified in our audit are described in the accompanying auditee's corrective action plan. We did not audit Hancock County's responses and, accordingly, we express no opinion on them.

Purpose of Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution in not limited.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by Uniform Guidance

Member of the Board of Supervisors
Hancock County, Mississippi

Report on Compliance for Each Major Federal Program

We have audited the compliance of Hancock County, Mississippi with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular Compliance Supplement* that could have a direct and material effect on its major federal programs for the year ended September 30, 2019. Hancock County, Mississippi's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Hancock County, Mississippi's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Hancock County, Mississippi's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Hancock County's compliance.

Opinion on Each Major Federal Program

In our opinion, Hancock County, Mississippi, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of Hancock County, Mississippi is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Hancock County, Mississippi's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Independent Accountant's Report on Central Purchasing System, Inventory Control System and Purchase Clerk Schedules (Required by Section 31-7-115, Mississippi Code Ann. 1972)

Members of the Board of Supervisors
Hancock County, Mississippi

We have examined Hancock County, Mississippi's (the County) compliance with establishing and maintaining a central purchasing system and inventory control system in accordance with Sections 31-7-101 through 31-7-127, Miss. Code Ann. (1972) and compliance with the purchasing requirements in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972) during the year ended September 30, 2019. The Board of Supervisors of Hancock County, Mississippi is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing other procedures as we considered necessary in the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements. The Board of Supervisors of Hancock County, Mississippi, has established centralized purchasing for all funds of the County and has established an inventory control system. The objective of the central purchasing system is to provide reasonable, but not absolute, assurance that purchases are executed in accordance with the state law.

Because of inherent limitations in any central purchasing system and inventory control system, errors or irregularities may occur and not be detected. Also, projection of any current evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

The results of our audit procedures disclosed an instance of noncompliance with the aforementioned code section. This instance of noncompliance was considered in forming our opinion on compliance. Our finding, recommendation, and your response are disclosed below:

Inventory Control:

1.	Improper Disposition of Assets
Repeat Finding:	No
Criteria:	Fixed asset inventory should be accurate and up-to-date.
Condition:	Our tests revealed several assets that were listed in inventory but were either not on site or not tagged.
Cause:	Controls were not suitably designed to identify changes and errors in the fixed asset module.
Effect:	Assets were misstated and had to be adjusted.
Recommendation:	We recommend additional training in inventory management and control, as well as proper oversight to ensure assets are accounted for and disposed of properly.
Views of Responsible Officials:	*The County is updating their inventory system and all assets will be verified by the inventory clerk.*

In our opinion, except as explained in the third paragraph and except for the noncompliance referred to in the preceding paragraph, Hancock County, Mississippi, complied, in all material respects, with state laws governing central purchasing, inventory and bid requirements for the year ended September 30, 2019.

The accompanying schedules of (1) Purchases Not Made from the Lowest Bidder, (2) Emergency Purchase and (3) Purchases Made Noncompetitively from a Sole Source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules has been subjected to procedures performed in connection with our aforementioned examination of the purchasing system and, in our opinion, is fairly presented when considered in relation to that examination.

Hancock County's response to the finding included in this report was not audited, and accordingly, we express no opinion on it.

This report is intended for use in evaluating Hancock County, Mississippi's compliance with the aforementioned requirements, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited.

Members of the Board of Supervisors
Hancock County, Mississippi

In planning and performing our audit of the financial statements of Hancock County, Mississippi for the year ended September 30, 2019, we considered Hancock County, Mississippi's internal control to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on internal control.

In addition, for areas not considered material to Hancock County, Mississippi's financial reporting, we have performed some additional limited internal control and state legal compliance review procedures as identified in the state legal compliance audit program issued by the Office of the State Auditor. Our procedures were substantially less in scope that an audit, the objective of which is the expression of an opinion on the County's compliance with these requirements. Accordingly, we do not express such an opinion. This report does not affect our report dated October 5, 2020, on the financial statements of Hancock County, Mississippi.

Due to the reduced scope, these review procedures and compliance tests cannot and do not provide absolute assurance that all state legal requirements have been complied with. Also, our consideration of internal control would not necessarily disclose all matters within the internal control that might be weaknesses. In accordance with Section 7-7-211, Miss. Code Ann. (1972), the Office of the State Auditor, when deemed necessary, may conduct additional procedures and tests of transactions for this or other fiscal years to ensure compliance with legal requirements.

The results of our review procedures and compliance tests identified certain immaterial instances of noncompliance with state laws and regulations that are opportunities for strengthening internal controls and operating efficiency. Our finding, recommendation, and your response are disclosed below:

Board of Supervisors

1.	Old Unclaimed Property
Repeat Finding:	Yes
Criteria:	MS Code Section 89-12-23
Condition:	The County is holding unclaimed property older than five (5) years.
Cause:	Unclaimed property not submitted to the State Treasurer.
Effect:	Accumulated outstanding balances.
Recommendation:	We recommend the County complete the unclaimed property report provided by the State Treasurer, and remit payment.
Views of Responsible Officials:	*We are in the process of reviewing several of our funds which might have an accumulation of outstanding, unclaimed property. We will comply with the requirements of MS Code Section 89-12-23 upon completion of our review.*

Section 2: Financial Statement Findings

Board of Supervisors
Significant Deficiency

2019-001 The Inventory Control System should be Accurate and Up-to-Date.

Repeat Finding: Yes (2015-005, 2016-001, 2017-001 and 2018-001)

Criteria: The County's inventory control system should report capital assets at the correct amount.

Condition: We discovered two (2) items that were disposed of that were still in inventory, six (6) items that did not have decals and were not included in inventory and ten (10) items that were in inventory but not located.

Cause: Internal controls are not sufficient to ensure asset additions and disposals are recorded correctly in the inventory system.

Effect: Capital assets were misstated and had to be adjusted.

Recommendation: We recommend the Board review controls over capital assets and make improvements to ensure assets are recorded correctly. We also recommend yearly physical inventories conducted and/or monitored by the Inventory Control Clerk.

Board of Supervisors
Significant Deficiency

2019-002 Controls over Classifications should be Strengthened.

Repeat Finding: Yes (2017-003 and 2018-002)

Criteria: Revenues and disbursements should be recorded in the proper funds and accounts.

Condition: We noted a significant amount of transactions that were recorded incorrectly in debt service funds.

Cause: County disbursements for project related costs were recorded in debt service funds instead of capital project funds.

Effect: Debt service fund balance was misstated, and capital projects were unreported.

Recommendation: We recommend controls be implemented to review financial statements on a monthly basis to ensure proper classification.

Section 3: Findings Required to be Reported by the Uniform Guidance

The results of our tests did not disclose any findings and questioned costs related to federal awards.

AUDITEE'S CORRECTIVE ACTION PLAN
AND SUMMARY OF PRIOR AUDIT FINDINGS

October 9, 2020

Ty Necaise
3590 Rocky Hill Dedeaux Road
Kiln, MS 39556

Dear Mr. Necaise:

Hancock County respectfully submits the following correction action plan for year ended in September 30, 2019.

The findings from the Schedule of Findings and Questions Costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule. Section 1: Summary of Auditor's Results does not include findings and is not addressed.

Section 2: FINANCIAL STATEMENT FINDINGS

2019-001 Corrective Action Planned:

The accounting software update planned for the beginning of the year was postponed due to COVID, but we are in the process of conversion now and all asset purchases are now being verified by the inventory clerk. IT has now been assigned to all computer equipment to insure those items are being properly tracked.

Anticipated Completion Date: December 31, 2020

Contact Person Responsible for Corrective Action: Nancy Kelly, Comptroller

2019-002 Corrective Action Planned:

Vendor payments are now being recorded in the correct capital project funds and the debt payment will be made from debt service funds.

Anticipated Completion Date: October 1, 2020

Contact Person Responsible for Corrective Action: Nancy Kelly, Comptroller

Sincerely,

Nancy Kelly
Comptroller

6) **Project original completion date:** December 10, 2020	7) **Requested completion date:** December 30, 2022

8) Reason for requested extension:

The county needs additional time to complete the project. There were delays caused by the active Hurricane Season and stop-work order. Initially, it also took the Supervisors, a new administration in 2016, time to evaluate the various needs through out the county. To determine the best use of the funds, the Board authorized the development of a Public Access Plan. The plan paid for by County funds was completed in 2017. The plan identified other needs in the area and alternative funding sources. In November of 2018, the County was awarded a $240,000 Transportation Alternative Program Grant funded by GRPC and administered by MDOT. The project recently cleared MDOT and USFWS environmental.

Hancock County Washington Street Waterfront Improvements
FY2016-P610-01
Request for Payment #1

The County is requesting $8,560.60 to reimburse preliminary engineering and design services expenditures from September 23, 2019, through June 16, 2020. Services included addressing the MDOT LPA process, kick-off meeting, topographic survey, ROW survey, site plan review, coordination, mapping, existing conditions assessment, environmental review assessment, permitting coordination, and monthly progress reporting.

The final design for the ADA accessible pier is under review by MDOT. USFWS recently approved conservation plan measures to reduce the impact on nesting sea turtles during construction. Obtaining this authorization should expedite the completion of the environmental process.

Copies of invoices, canceled checks, and the June 2020 Accrual form are attached. The spreadsheet below highlights the expenditure for Payment Request #1.

Yes but they will have to split this invoice up for submitting what they paid through 6.30.20 FY20 and what they paid 7.1.20 forward in 2 separate requests since it's 2 different fiscal years.

Attachment: aPayment Request-No. 1 Washington Street Waterfront Imp.-FY16-P610-01 (7664 : Approve Payment Request 1 for Washington St.

I am working with the County to submit the first Payment Request for engineering services. I realized the $995.00 Engineering Invoice 18-0421 was not included with the June 2020 attached accrual form. I inadvertently left it off.

The County paid the invoice in November of 2019. See attached invoices and canceled checks.

I respectfully request if you have time to inquire if the County may seek reimbursement for the $995.00.

The total request amount for PR#1 will be $10,214.30 if the $995.00 is an allowable expense.

I appreciate your consideration of this request.

Thank you.

Jeff

Hancock County Washington Street Waterfront Improvements
FY2016-P610-01
Request for Payment #1

The County is requesting $8,560.60 to reimburse preliminary engineering and design services expenditures from September 23, 2019, through June 16, 2020. Services included addressing the MDOT LPA process, kick-off meeting, topographic survey, ROW survey, site plan review, coordination, mapping, existing conditions assessment, environmental review assessment, permitting coordination, and monthly progress reporting.

The final design for the ADA accessible pier is under review by MDOT. USFWS recently approved conservation plan measures to reduce the impact on nesting sea turtles during construction. Obtaining this authorization should expedite the completion of the environmental process.

Copies of invoices, canceled checks, and the June 2020 Accrual form are attached. The spreadsheet below highlights the expenditure for Payment Request #1.

Yes but they will have to split this invoice up for submitting what they paid through 6.30.20 FY20 and what they paid 7.1.20 forward in 2 separate requests since it's 2 different fiscal years.

Sonja:

Attachment: 20210201 - Payment Request-No. 1 Washington Street Waterfront Imp.-FY16-P610-01 - signed (7664 : Approve Payment Request 1

I am working with the County to submit the first Payment Request for engineering services. I realized the $995.00 Engineering Invoice 18-0421 was not included with the June 2020 attached accrual form. I inadvertently left it off.

The County paid the invoice in November of 2019. See attached invoices and canceled checks.

I respectfully request if you have time to inquire if the County may seek reimbursement for the $995.00.

The total request amount for PR#1 will be $10,214.30 if the $995.00 is an allowable expense.

I appreciate your consideration of this request.

Thank you.

Jeff

FY2016-P610-01
Request for Payment #2

The County is requesting $1,654.09 to reimburse preliminary engineering and design services from August 31, 2020, through October 15, 2020. Services included addressing the MDOT LPA process, plan and specifications review and updates, coordinating agency environmental review and permitting, and monthly progress reports.

The final design for the ADA accessible pier is under review by MDOT. USFWS recently approved conservation plan measures to reduce the impact on nesting sea turtles during construction. Obtaining this authorization should expedite the environmental process's completion and allow the engineer to work toward MDOT approval on the final design.

Copies of invoices and canceled checks are attached. The spreadsheet below highlights the expenditures for Payment Request #2.

INDEXING INSTRUCTIONS:

WITNESSETH:

That, for the term and in consideration of the annual rentals hereinafter set forth, and the covenants, conditions, and obligations to be observed and performed by LESSEE, LESSOR does hereby lease, let and rent unto LESSEE the following classified "Residential lands", situated in HANCOCK County, Mississippi (hereinafter called the "Leased Premises") and described as:

Section 30 Township 5S Range 15W

SEE SURVEY AND DESCRIPTION ATTACHED AS EXHIBIT "A" TO THIS LEASE

1. Term. The term of this Lease Agreement shall be for Twenty-Five (25) years, beginning on the 2nd day of November , 2020 , and terminating on the 4th day of November , 2045 (called the "primary term"). For purposes of this Lease Agreement the Anniversary Date shall be November 2nd of each year.

It is expressly agreed and understood by all the parties hereto that part of the consideration given for the execution and delivery of this instrument is the option hereby granted to LESSEE to renew this Lease Agreement for an additional "secondary term" of twenty-five (25) years from November 5, 2045, under the same terms, conditions, and stipulations set forth herein, except the annual rental shall be based upon the fair market value of the land, excluding the value of buildings and improvements not then owned by LESSOR, as determined by a qualified appraiser selected by LESSOR hereto who performs his appraisal not more than twelve months and not less than three months prior to the expiration of the initial primary term. LESSEE shall exercise said option to renew for the secondary term of twenty-five (25) years by notifying LESSOR in writing no less than twelve (12) months in advance of the expiration of the primary term and by tendering the determined annual rental to LESSOR at its above-stated address prior to the expiration of the primary term as may be required by statute. The cost of the new appraisal shall be borne by LESSEE. A new lease shall be executed to effectuate the secondary term.

2. Rental Amount. LESSEE agrees and covenants to pay or cause to be paid to LESSOR annually, on or before the Anniversary Date of this Lease Agreement each year during the term hereof, rentals in the amount of Four Hundred and Ninety-Three dollars and Thirty-Two cents ($ 493.32). The first annual payment has been made with the execution hereof, and a like amount, subject to adjustment, shall be due and payable on each anniversary date. Subsequent payment of annual rent shall be due on or before the Anniversary Date of this Lease Agreement. The obligation of LESSEE to pay rent under this Lease Agreement is unconditional, and the rent shall not be subject to set off for any reason or cause. LESSOR and LESSEE agree that in the event of termination or cancellation, any rental payment made during the term of this Lease Agreement is not refundable, and LESSEE waives any right or claim it may have to refund of rent paid. Rents shall be adjusted periodically pursuant to the rent adjustment clause contained in Paragraph 3 of this lease. In the event LESSEE is delinquent in the payment of rent, LESSEE shall pay a late charge equal to fifteen percent (15%) of the amount of rent past due for more than 30 days and thereafter shall pay interest on any rent past due at an annual rate (the "Default Rate) equal to the maximum rate then allowed by law or, if there is no maximum rate, then a rate equal to five percent per annum

above the discount rate, excluding any surcharge thereon, on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district in which the LESSOR is located, calculated according to the actuarial method.

3. Rent Adjustment. The eighth and every subsequent eight year Anniversary Date of the commencement of this Lease Agreement shall be the effective dates of rental adjustments, and on such dates the amount of annual rental due and payable hereunder shall be adjusted in the manner hereafter described to reflect the current fair market rental value of the Leased Premises.

a. LESSOR shall use its best efforts to cause the Leased Premises to be reappraised and a redetermination made of the annual fair market rental amount within six months before any adjustment date. In the event LESSOR shall fail to instigate reappraisal within the six months preceding any rent adjustment date, LESSOR shall not be deemed to have waived this provision requiring rent adjustment, and in such event (at any time after a rent adjustment date), LESSOR may proceed to have the Leased Premises reappraised and an adjusted rent determined for any such readjustment period. The adjusted rent shall be effective on the required adjustment date and LESSEE shall pay any deficiency to LESSOR within fifteen (15) days of the determination of the adjusted rent. The reappraisal shall be made pursuant to the Mississippi Code of 1972, § 29-3-69, or pursuant to the statute then in effect governing such leases and procedures for determining fair market rental value. The reappraisal shall establish the fair market value of the property unencumbered by this lease and shall reflect the market rate of return at the time but shall be no less than the minimum acceptable percentage provided by the statute in effect. Unless altered by the procedures described below, the amount of rent so determined as of each rental adjustment date shall be paid until the next rental adjustment date or for the balance of the lease as the case may be. The appraisal process described in this subparagraph (a) may be referred to hereafter as the Statutory Procedure. The cost of the reappraisal shall be borne by LESSEE, using an appraiser selected by LESSOR.
b. Should the Statutory Procedure result in an increase in rent over the amount previously due, LESSEE, by notice in writing given to LESSOR within 15 days after receiving notice of the increase, shall have the right to elect an alternate method of determining the current fair market rental value of the Leased Premises (the "Alternate Procedure") as follows:
    1. LESSEE may provide an appraisal by a Mississippi licensed appraiser having the qualifications hereafter described giving an opinion of current fair market annual rental value based on the (i) the fair market value of the land unencumbered by this lease and (ii) a reasonable percentage of return on comparable land investments as of the rental adjustment date. The written report of LESSEE'S appraiser shall be delivered to LESSOR within 45 days after the date on which LESSOR gave notice of an increase in rent under the Statutory Procedure. UPON FAILURE TO PROVIDE AN ALTERNATE APPRAISAL WITHIN THE TIME ALLOWED, LESSEE SHALL FORFEIT THE RIGHT TO PURSUE THE ALTERNATE PROCEDURE, AND ANNUAL RENT DETERMINED UNDER THE STATUTORY PROCEDURE SHALL BECOME DUE AND PAYABLE.
    2. The two appraisers shall make a good faith effort to reconcile their differences. If they have been unable to do so within 10 days after delivery of the report of

Attachment: 20210201 - 16th Section - Jamie & Brandon Gerald - Residential Lease - Section 30-5-15 (7605 : Approve and authorize Board

LESSEE'S appraiser, the two appraisers within such 10 day period shall each submit the names of three appraisers having the qualifications hereafter described who practice in Mississippi to serve as a review appraiser, and they shall select the review appraiser from names in common on the two lists. If there is no name in common on the two lists, or if the person selected shall decline to serve, then each appraiser shall submit another list of three names of persons meeting the same criteria.

3. The review appraiser shall review and analyze the two appraisal reports, and if needed, inspect the land, consult with the two appraisers, review their assumptions and source information and request corrections, revisions, and additions to the appraisal reports. The review appraiser may also consider relevant information from his own files, conduct such independent investigation as he deems appropriate and may consider comparable transactions which occurred after the rental adjustment date.
4. The review appraiser shall report his opinion of annual fair market rent and such amount shall be accepted by LESSOR and LESSEE as the current fair market rental value of the Leased Premises.

c. If LESSEE requests the Alternate Procedure, LESSEE shall pay all fees and expenses of LESSEE'S appraiser, the review appraiser and any additional charges of LESSOR'S appraiser. The review appraiser, however, shall perform his duties in an independent and impartial manner irrespective of the source of payment of his fees and expenses.
d. The annual rentals on any adjustment date shall not be reduced below the amount established upon the initial date of this lease except upon determination by the Statutory Procedure.
e. The amount of rent determined in the above manner shall be remitted on or before the rental adjustment date or, if the rental adjustment procedures are concluded after such date, then promptly upon conclusion of such procedures effective as of the rental adjustment date.
f. The rent adjustment procedures will not delay the due date of rent at the existing annualrate and will not affect LESSOR'S right to declare a default if such rent is not timely paid.
g. LESSEE'S appraiser and the review appraiser must be members of the same organization of appraisers as LESSOR'S appraiser, or an organization having higher requirements for admission, and must have the same or higher designation (such as, for example, Member, Appraisal Institute). If LESSOR'S appraiser belongs to more than one organization, the other appraisers must belong to the organization having the highest standards and qualifications for membership. If the organization has multiple designations for appraisers, the review appraiser and LESSEE'S appraiser must hold the same or a higher designation as held by LESSOR'S appraiser.

4. Taxes. LESSEE covenants and agrees to pay any and all general and special taxes and assessments, including drainage taxes, if ever any there be, applicable to the Leased Premises and LESSEE'S interest therein; further, LESSEE covenants and agrees to pay any and all survey costs and recording fees in connection with this Lease Agreement or any other fees so determined by law. All payments for general and special taxes and assessments, including drainage taxes, shall be made directly to the governmental authority responsible for

Attachment: 20210201 - 16th Section - Jamie & Brandon Gerald - Residential Lease - Section 30-5-15 (7605 : Approve and authorize Board

collecting such taxes and assessments. During the final year of the lease term, LESSOR or the governmental authority responsible for collecting taxes and assessments may require payment of any such taxes or assessments in advance or require that other security be given to insure that taxes will be paid when due. In the event it becomes necessary for the County Tax Collector or any other authority responsible for collecting general and special taxes or assessments to retain the services of attorneys to collect any taxes or assessments due from LESSEE under this lease, then LESSEE agrees to pay all costs and expenses of such actions or collections, including a reasonable attorneys' fee for the County Tax Collector or such other authority responsible for collecting said taxes or assessments.

5. Assignment. This lease SHALL NOT BE ASSIGNED OR SUBLEASED. Assignment or sublease of this Lease Agreement or any rights hereunder shall automatically terminate this lease without any further notice or action by LESSOR. In the event LESSEE owns improvements on Leased Premises, any purchaser of said improvements or any person or entity holding a contract to purchase said improvements shall have the right of first refusal to negotiate a new lease agreement with LESSOR.

6. Improvements. LESSEE agrees, at LESSEE'S own cost and expense, to keep all improvements in a good state of repair at all times and maintain the premises in good order and in a clean, sanitary and safe condition. While this Lease continues in force and effect, LESSEE shall have the unrestricted right to remove, change, alter, modify, add to or subtract from any of LESSEE'S improvements on the land as LESSEE may in his sole discretion elect so to do, and LESSOR, while this Lease or any extensions thereof continues in force and effect, shall have no ownership interest in any of LESSEE'S improvements. If any improvements are removed, LESSEE shall be obligated to remove all foundations and paved areas, fill any excavations with a soil material suitable as a foundation support for further construction and generally restore the premises to a condition suitable for construction, use and occupancy by others. LESSEE shall have the right to construct new or replacement buildings or structures on the Leased Premises. In the event construction is contemplated, LESSEE shall submit a description of the general nature of the proposed improvement and its intended use to LESSOR for approval, which approval shall not be unreasonably withheld.

7. Default. The parties herein expressly agree that if default shall be made in the payment of any tax assessment or other charge made pursuant to this Lease Agreement, then and in any such event of default, it shall be lawful for LESSOR, its legal representatives or assigns, to enter upon the Leased Premises, or any part thereof, either with or without process of law, to re-enter and repossess the same, and to distrain for any rent or assessment that may be due thereon, at the election of LESSOR, but nothing herein is to be construed to mean that LESSOR is not permitted to hold LESSEE liable for any unpaid liens or assessment to that time. As to all other conditions, covenants and obligations imposed on LESSEE herein, enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate said conditions, covenants and obligations, to restrain violation and to recover damages, if any, including reasonable expenses of litigation and a reasonable attorney's fee, which LESSEE expressly agrees to pay. Such enforcement by proceedings at law or in equity may be instituted at any time after sixty (60) days written notice to LESSEE. Invalidation of any provision(s) of this Lease by judgment or court order shall in no way affect any of the remaining provisions which shall remain in full force and effect.

Attachment: 20210201 - 16th Section - Jamie & Brandon Gerald - Residential Lease - Section 30-5-15 (7605 : Approve and authorize Board

8. Forfeiture. In the event of any forfeiture, default or cancellation of this Lease Agreement or termination under the terms hereof as aforesaid, LESSEE shall quit, deliver up and surrender possession of the Leased Premises, and all structures and improvements thereon to LESSOR, and thereupon this Lease Agreement and all agreements and covenants on LESSOR'S behalf to be performed and kept, shall cease, terminate and be utterly void, the same as if this Lease had not been made; and in addition thereto, LESSOR shall be entitled to whatever remedies it may have at law for the collection of any unpaid rental hereunder, or for any other sums, for damages or otherwise, that it may have sustained on account of LESSEE'S non fulfillment or nonperformance of the terms and conditions of this Lease. LESSEE shall pay to LESSOR all costs of collection of rent or enforcement of this Lease Agreement, including expenses of litigation and attorneys fees, regardless of whether suit is filed. Immediately upon the termination of this Lease in any manner, whether by litigation or forfeiture, LESSOR shall be entitled to take possession of the Leased Premises and all the improvements thereon absolutely, any custom, usage, or law to the contrary notwithstanding. Mobile homes, factory manufactured, complete with wheels, where permitted to be placed, may, however, be removed at the termination of the Lease Agreement, when termination is by the expiration of the full term, but not in the event of default.

9. Waste. LESSEE shall be responsible for any waste or damages that may be caused to LESSOR's property by the activities of LESSEE under this Lease Agreement, and shall exercise due diligence in the protection of all improvements, timber and other property of LESSOR, which may be located on the Leased Premises or in the vicinity thereof, against fire or damage from any and all other causes. LESSEE shall further comply with all applicable laws, rules, and regulations concerning LESSEE'S use of the property and/or obligations under this Lease Agreement. This obligation shall include, but not be limited to, compliance with federal, state and local environmental, endangered species, wetlands, and other laws, rules and regulations that may presently exist or hereafter be adopted. In the event of contamination of soils, air or water arising out of any LESSEE use, LESSEE shall be responsible for all mandated remediation and monitoring with this obligation to survive termination of this lease.

10. Indemnity. LESSEE shall protect, indemnify, defend, save, and hold harmless LESSOR, the State of Mississippi, and the Secretary of State, their officers, board members, employees and agents, from and against all claims, demands, liabilities, suits, injuries, and any and all losses or damages and cost of every kind and nature whatsoever ("loss"), including but not limited to all court costs and attorneys fees and all personal injury or death and/or damage to any person or entity including, but not limited to, LESSOR and its property or other loss arising out of any alleged noncompliance with laws or caused by LESSEE'S exercise of its rights under this Lease Agreement and/or resulting from the actions or omission of LESSEE in connection with its presence on or any use of Leased Premises by it, its officers, agents, subcontractors, employees, or invitees; provided, however, it is understood that the indemnity provided by LESSEE as described in this paragraph shall not extend to intentional or negligent acts of LESSOR, its officers, or agents.

11. Right to Cure. Notwithstanding any DEFAULT of this Lease Agreement, any present or future holder of a mortgage or deed of trust representing money loaned on facilities located

Attachment: 20210201 - 16th Section - Jamie & Brandon Gerald - Residential Lease - Section 30-5-15 (7605 : Approve and authorize Board

on the Leased Premises shall have the right of a sixty (60) day notice of default within which to cure any default which may be cured by the payment of money. In addition, for any other default for which a forfeiture of said Lease may be invoked, such holder shall have reasonable time, which shall not be less than sixty (60) days, either to require the correction of such default, or in lieu thereof to protect itself through the exercise of a power of sale and thereby acquire title to such properties and correct such default.

12. Enjoyment. LESSEE shall have quiet and peaceable possession as long as compliance is made by LESSEE with the terms of this Lease Agreement. LESSEE, his heirs successors or assigns, shall occupy the premises as a single family residence; but this condition shall not prejudice rights of a holder of mortgage or deed of trust set forth elsewhere in this residential lease agreement. LESSEE certifies that there are no other dwellings on the Leased Premises other than LESSEE'S dwelling.

13. Reservation. LESSOR reserves title to all timber, the right to harvest said timber at LESSOR's discretion and to reseed or replant after harvest, together with title to all minerals and oil and gas, together with the right of ingress and egress to remove same, as provided by law. LESSOR reserves the right to grant or sell rights-of-way across the Leased Premises for roads, highways, railroads, fiber optic cables or any public utility line, provided that any such roads, highways, railroads, fiber optic cables or public utility lines be constructed or operated in a manner so as not to unreasonably interfere with LESSEE'S use of the property.

14. Mortgage. Any recorded mortgages or deed of trust may provide that any default by the LESSEE/Mortgagor concerning this Lease shall likewise be a default of such mortgage or deed of trust, but failure to indicate such provisions in any mortgage or deed of trust shall not affect the validity or propriety thereof nor diminish the protection extended to the holder of such mortgage or deed of trust or the indebtedness secured thereby. Notwithstanding any provision of this Lease to the contrary, in the event of a default and foreclosure of a mortgage or deed of trust representing money loaned on the hereinbefore described property or the receipt of a transfer in lieu thereof, the purchaser at such foreclosure or the recipient of a transfer in lieu thereof will receive all the rights and privileges of a LESSEE and likewise assume all responsibilities of a LESSEE as if such purchaser or transferee had initially been a LESSEE under this Lease Agreement.

15. Condemnation. In the event of condemnation or other taking for public use under powers of eminent domain of all or part of LESSEE'S interest in the Leased Premises, payments for such condemnation or taking of LESSEE'S leasehold interest shall be payable to LESSEE, or, if the LESSEE'S promises are encumbered by a mortgage or Deed of Trust, payment for the leasehold estate shall be made in accordance with the terms and provisions of such mortgage or Deed of Trust. Leasehold mortgagee (or trustee for restoration in the case of partial awards) shall be entitled to receive payment of a condemnation award to which LESSEE is entitled. The payment must not be less than the total award less the value of the land considered as unimproved.

16. Notices. All notices specified by this Lease Agreement shall be in writing and sent by registered or certified mail, postage prepaid to the following addresses or hand-delivered in person, delivered by facsimile or otherwise to the following persons. By written notice, either

17. Filing. Lessee will deliver a check in the requisite amount to the Lessor that is payable to the Chancery Clerk to cover recording fees. The Lessor will deliver this Lease Agreement to the Chancery Clerk of the necessary County for recording.

18. Immunity. No provision of this Lease Agreement, whether requiring LESSEE to maintain insurance or to indemnify LESSOR or otherwise, shall be construed as a waiver by LESSOR of any provision of law related to governmental immunity.

19. Interpretation. The parties to this Lease Agreement acknowledge that they have freely entered into this Lease Agreement and any ambiguities shall not be construed against a single party.

20. Governing Law. This Lease Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Mississippi. Jurisdiction and venue for any actions arising from this Lease Agreement and any amendments hereto shall rest exclusively in the Chancery Court of HANCOCK, Mississippi.

21. Secretary of State. By virtue of the signature below, the Secretary of State of the State of Mississippi has approved this Lease Agreement in accordance with the Secretary's authority for general supervision of 16th Section Public School Trust Land. Approval of this Lease Agreement by the Secretary of State indicates that the LESSOR has exercised the care and skill of an ordinary prudent person to protect the beneficiaries of the 16th Section Public School Trust Land.

22. Supervisory Trustee. The Secretary of State, as supervisory trustee, shall have the right to institute any action to enforce the terms of this Lease Agreement in the event LESSOR

fails to do in a timely manner. In the event the Secretary institutes legal action to enforce the terms of this Lease Agreement, he shall have all rights as are conferred to LESSOR.

23. Additional Provisions. This Lease Agreement contains an Exhibit "B". Any additional or special provisions to this Lease Agreement are set forth in Exhibit "B" and incorporated by reference as if copied fully herein. If there are no additional or special provisions then Exhibit "B" shall state "NONE".

24. Entire Agreement. This Lease Agreement shall constitute the entire agreement between the parties. Any prior understanding or representation of any kind preceding the date of this Lease Agreement shall not be binding upon either party except to the extent incorporated in this agreement. This Lease Agreement contains Exhibits "A" and "B". If Exhibits "A" and "B" are not attached to this Lease Agreement, then this Lease Agreement shall be null and void.

INDEXING INSTRUCTIONS:

WITNESSETH:

That, for the term and in consideration of the annual rentals hereinafter set forth, and the covenants, conditions, and obligations to be observed and performed by LESSEE, LESSOR does hereby lease, let and rent unto LESSEE the following classified "Residential lands", situated in HANCOCK County, Mississippi (hereinafter called the "Leased Premises") and described as:

Section 16 Township 9S Range 16W

SEE SURVEY AND DESCRIPTION ATTACHED AS EXHIBIT "A" TO THIS LEASE

1. Term. The term of this Lease Agreement shall be for Twenty-Five (25) years, beginning on the 3rd day of August , 2020 , and terminating on the 2th day of August , 2045 (called the "primary term"). For purposes of this Lease Agreement the Anniversary Date shall be August 3rd of each year.

It is expressly agreed and understood by all the parties hereto that part of the consideration given for the execution and delivery of this instrument is the option hereby granted to LESSEE to renew this Lease Agreement for an additional "secondary term" of twenty-five (25) years from August 3, 2045, under the same terms, conditions, and stipulations set forth herein, except the annual rental shall be based upon the fair market value of the land, excluding the value of buildings and improvements not then owned by LESSOR, as determined by a qualified appraiser selected by LESSOR hereto who performs his appraisal not more than twelve months and not less than three months prior to the expiration of the initial primary term. LESSEE shall exercise said option to renew for the secondary term of twenty-five (25) years by notifying LESSOR in writing no less than twelve (12) months in advance of the expiration of the primary term and by tendering the determined annual rental to LESSOR at its above-stated address prior to the expiration of the primary term as may be required by statute. The cost of the new appraisal shall be borne by LESSEE. A new lease shall be executed to effectuate the secondary term.

2. Rental Amount. LESSEE agrees and covenants to pay or cause to be paid to LESSOR annually, on or before the Anniversary Date of this Lease Agreement each year during the term hereof, rentals in the amount of Three Hundred and Eighty-Four dollars ($ 384.00). The first annual payment has been made with the execution hereof, and a like amount, subject to adjustment, shall be due and payable on each anniversary date. Subsequent payment of annual rent shall be due on or before the Anniversary Date of this Lease Agreement. The obligation of LESSEE to pay rent under this Lease Agreement is unconditional, and the rent shall not be subject to set off for any reason or cause. LESSOR and LESSEE agree that in the event of termination or cancellation, any rental payment made during the term of this Lease Agreement is not refundable, and LESSEE waives any right or claim it may have to refund of rent paid. Rents shall be adjusted periodically pursuant to the rent adjustment clause contained in Paragraph 3 of this lease. In the event LESSEE is delinquent in the payment of rent, LESSEE shall pay a late charge equal to fifteen percent (15%) of the amount of rent past due for more than 30 days and thereafter shall pay interest on any rent past due at an annual rate (the "Default Rate) equal to the maximum rate then allowed by law or, if there is no maximum rate, then a rate equal to five percent per annum above the discount rate,

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease (7605 : Approve and authorize Board President to sign 16th Section

excluding any surcharge thereon, on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district in which the LESSOR is located, calculated according to the actuarial method.

3. Rent Adjustment. The eighth and every subsequent eight year Anniversary Date of the commencement of this Lease Agreement shall be the effective dates of rental adjustments, and on such dates the amount of annual rental due and payable hereunder shall be adjusted in the manner hereafter described to reflect the current fair market rental value of the Leased Premises.

a. LESSOR shall use its best efforts to cause the Leased Premises to be reappraised and a redetermination made of the annual fair market rental amount within six months before any adjustment date. In the event LESSOR shall fail to instigate reappraisal within the six months preceding any rent adjustment date, LESSOR shall not be deemed to have waived this provision requiring rent adjustment, and in such event (at any time after a rent adjustment date), LESSOR may proceed to have the Leased Premises reappraised and an adjusted rent determined for any such readjustment period. The adjusted rent shall be effective on the required adjustment date and LESSEE shall pay any deficiency to LESSOR within fifteen (15) days of the determination of the adjusted rent. The reappraisal shall be made pursuant to the Mississippi Code of 1972, § 29-3-69, or pursuant to the statute then in effect governing such leases and procedures for determining fair market rental value. The reappraisal shall establish the fair market value of the property unencumbered by this lease and shall reflect the market rate of return at the time but shall be no less than the minimum acceptable percentage provided by the statute in effect. Unless altered by the procedures described below, the amount of rent so determined as of each rental adjustment date shall be paid until the next rental adjustment date or for the balance of the lease as the case may be. The appraisal process described in this subparagraph (a) may be referred to hereafter as the Statutory Procedure. The cost of the reappraisal shall be borne by LESSEE, using an appraiser selected by LESSOR.

b. Should the Statutory Procedure result in an increase in rent over the amount previously due, LESSEE, by notice in writing given to LESSOR within 15 days after receiving notice of the increase, shall have the right to elect an alternate method of determining the current fair market rental value of the Leased Premises (the "Alternate Procedure") as follows:

   1. LESSEE may provide an appraisal by a Mississippi licensed appraiser having the qualifications hereafter described giving an opinion of current fair market annual rental value based on the (i) the fair market value of the land unencumbered by this lease and (ii) a reasonable percentage of return on comparable land investments as of the rental adjustment date. The written report of LESSEE'S appraiser shall be delivered to LESSOR within 45 days after the date on which LESSOR gave notice of an increase in rent under the Statutory Procedure. UPON FAILURE TO PROVIDE AN ALTERNATE APPRAISAL WITHIN THE TIME ALLOWED, LESSEE SHALL FORFEIT THE RIGHT TO PURSUE THE ALTERNATE PROCEDURE, AND ANNUAL RENT DETERMINED UNDER THE STATUTORY PROCEDURE SHALL BECOME DUE AND PAYABLE.
   2. The two appraisers shall make a good faith effort to reconcile their differences. If they have been unable to do so within 10 days after delivery of the report of

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease (7605 : Approve and authorize Board President to sign 16th Section

LESSEE'S appraiser, the two appraisers within such 10 day period shall each submit the names of three appraisers having the qualifications hereafter described who practice in Mississippi to serve as a review appraiser, and they shall select the review appraiser from names in common on the two lists. If there is no name in common on the two lists, or if the person selected shall decline to serve, then each appraiser shall submit another list of three names of persons meeting the same criteria.

3. The review appraiser shall review and analyze the two appraisal reports, and if needed, inspect the land, consult with the two appraisers, review their assumptions and source information and request corrections, revisions, and additions to the appraisal reports. The review appraiser may also consider relevant information from his own files, conduct such independent investigation as he deems appropriate and may consider comparable transactions which occurred after the rental adjustment date.
4. The review appraiser shall report his opinion of annual fair market rent and such amount shall be accepted by LESSOR and LESSEE as the current fair market rental value of the Leased Premises.

c. If LESSEE requests the Alternate Procedure, LESSEE shall pay all fees and expenses of LESSEE'S appraiser, the review appraiser and any additional charges of LESSOR'S appraiser. The review appraiser, however, shall perform his duties in an independent and impartial manner irrespective of the source of payment of his fees and expenses.
d. The annual rentals on any adjustment date shall not be reduced below the amount established upon the initial date of this lease except upon determination by the Statutory Procedure.
e. The amount of rent determined in the above manner shall be remitted on or before the rental adjustment date or, if the rental adjustment procedures are concluded after such date, then promptly upon conclusion of such procedures effective as of the rental adjustment date.
f. The rent adjustment procedures will not delay the due date of rent at the existing annualrate and will not affect LESSOR'S right to declare a default if such rent is not timely paid.
g. LESSEE'S appraiser and the review appraiser must be members of the same organization of appraisers as LESSOR'S appraiser, or an organization having higher requirements for admission, and must have the same or higher designation (such as, for example, Member, Appraisal Institute). If LESSOR'S appraiser belongs to more than one organization, the other appraisers must belong to the organization having the highest standards and qualifications for membership. If the organization has multiple designations for appraisers, the review appraiser and LESSEE'S appraiser must hold the same or a higher designation as held by LESSOR'S appraiser.

4. Taxes. LESSEE covenants and agrees to pay any and all general and special taxes and assessments, including drainage taxes, if ever any there be, applicable to the Leased Premises and LESSEE'S interest therein; further, LESSEE covenants and agrees to pay any and all survey costs and recording fees in connection with this Lease Agreement or any other fees so determined by law. All payments for general and special taxes and assessments, including drainage taxes, shall be made directly to the governmental authority responsible for

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease (7605 : Approve and authorize Board President to sign 16th Section

collecting such taxes and assessments. During the final year of the lease term, LESSOR or the governmental authority responsible for collecting taxes and assessments may require payment of any such taxes or assessments in advance or require that other security be given to insure that taxes will be paid when due. In the event it becomes necessary for the County Tax Collector or any other authority responsible for collecting general and special taxes or assessments to retain the services of attorneys to collect any taxes or assessments due from LESSEE under this lease, then LESSEE agrees to pay all costs and expenses of such actions or collections, including a reasonable attorneys' fee for the County Tax Collector or such other authority responsible for collecting said taxes or assessments.

5. Assignment. This lease SHALL NOT BE ASSIGNED OR SUBLEASED. Assignment or sublease of this Lease Agreement or any rights hereunder shall automatically terminate this lease without any further notice or action by LESSOR. In the event LESSEE owns improvements on Leased Premises, any purchaser of said improvements or any person or entity holding a contract to purchase said improvements shall have the right of first refusal to negotiate a new lease agreement with LESSOR.

6. Improvements. LESSEE agrees, at LESSEE'S own cost and expense, to keep all improvements in a good state of repair at all times and maintain the premises in good order and in a clean, sanitary and safe condition. While this Lease continues in force and effect, LESSEE shall have the unrestricted right to remove, change, alter, modify, add to or subtract from any of LESSEE'S improvements on the land as LESSEE may in his sole discretion elect so to do, and LESSOR, while this Lease or any extensions thereof continues in force and effect, shall have no ownership interest in any of LESSEE'S improvements. If any improvements are removed, LESSEE shall be obligated to remove all foundations and paved areas, fill any excavations with a soil material suitable as a foundation support for further construction and generally restore the premises to a condition suitable for construction, use and occupancy by others. LESSEE shall have the right to construct new or replacement buildings or structures on the Leased Premises. In the event construction is contemplated, LESSEE shall submit a description of the general nature of the proposed improvement and its intended use to LESSOR for approval, which approval shall not be unreasonably withheld.

7. Default. The parties herein expressly agree that if default shall be made in the payment of any tax assessment or other charge made pursuant to this Lease Agreement, then and in any such event of default, it shall be lawful for LESSOR, its legal representatives or assigns, to enter upon the Leased Premises, or any part thereof, either with or without process of law, to re-enter and repossess the same, and to distrain for any rent or assessment that may be due thereon, at the election of LESSOR, but nothing herein is to be construed to mean that LESSOR is not permitted to hold LESSEE liable for any unpaid liens or assessment to that time. As to all other conditions, covenants and obligations imposed on LESSEE herein, enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate said conditions, covenants and obligations, to restrain violation and to recover damages, if any, including reasonable expenses of litigation and a reasonable attorney's fee, which LESSEE expressly agrees to pay. Such enforcement by proceedings at law or in equity may be instituted at any time after sixty (60) days written notice to LESSEE. Invalidation of any provision(s) of this Lease by judgment or court order shall in no way affect any of the remaining provisions which shall remain in full force and effect.

8. Forfeiture. In the event of any forfeiture, default or cancellation of this Lease Agreement or termination under the terms hereof as aforesaid, LESSEE shall quit, deliver up and surrender possession of the Leased Premises, and all structures and improvements thereon to LESSOR, and thereupon this Lease Agreement and all agreements and covenants on LESSOR'S behalf to be performed and kept, shall cease, terminate and be utterly void, the same as if this Lease had not been made; and in addition thereto, LESSOR shall be entitled to whatever remedies it may have at law for the collection of any unpaid rental hereunder, or for any other sums, for damages or otherwise, that it may have sustained on account of LESSEE'S non fulfillment or nonperformance of the terms and conditions of this Lease. LESSEE shall pay to LESSOR all costs of collection of rent or enforcement of this Lease Agreement, including expenses of litigation and attorneys fees, regardless of whether suit is filed. Immediately upon the termination of this Lease in any manner, whether by litigation or forfeiture, LESSOR shall be entitled to take possession of the Leased Premises and all the improvements thereon absolutely, any custom, usage, or law to the contrary notwithstanding. Mobile homes, factory manufactured, complete with wheels, where permitted to be placed, may, however, be removed at the termination of the Lease Agreement, when termination is by the expiration of the full term, but not in the event of default.

9. Waste. LESSEE shall be responsible for any waste or damages that may be caused to LESSOR's property by the activities of LESSEE under this Lease Agreement, and shall exercise due diligence in the protection of all improvements, timber and other property of LESSOR, which may be located on the Leased Premises or in the vicinity thereof, against fire or damage from any and all other causes. LESSEE shall further comply with all applicable laws, rules, and regulations concerning LESSEE'S use of the property and/or obligations under this Lease Agreement. This obligation shall include, but not be limited to, compliance with federal, state and local environmental, endangered species, wetlands, and other laws, rules and regulations that may presently exist or hereafter be adopted. In the event of contamination of soils, air or water arising out of any LESSEE use, LESSEE shall be responsible for all mandated remediation and monitoring with this obligation to survive termination of this lease.

10. Indemnity. LESSEE shall protect, indemnify, defend, save, and hold harmless LESSOR, the State of Mississippi, and the Secretary of State, their officers, board members, employees and agents, from and against all claims, demands, liabilities, suits, injuries, and any and all losses or damages and cost of every kind and nature whatsoever ("loss"), including but not limited to all court costs and attorneys fees and all personal injury or death and/or damage to any person or entity including, but not limited to, LESSOR and its property or other loss arising out of any alleged noncompliance with laws or caused by LESSEE'S exercise of its rights under this Lease Agreement and/or resulting from the actions or omission of LESSEE in connection with its presence on or any use of Leased Premises by it, its officers, agents, subcontractors, employees, or invitees; provided, however, it is understood that the indemnity provided by LESSEE as described in this paragraph shall not extend to intentional or negligent acts of LESSOR, its officers, or agents.

11. Right to Cure. Notwithstanding any DEFAULT of this Lease Agreement, any present or future holder of a mortgage or deed of trust representing money loaned on facilities located

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease (7605 : Approve and authorize Board President to sign 16th Section

on the Leased Premises shall have the right of a sixty (60) day notice of default within which to cure any default which may be cured by the payment of money. In addition, for any other default for which a forfeiture of said Lease may be invoked, such holder shall have reasonable time, which shall not be less than sixty (60) days, either to require the correction of such default, or in lieu thereof to protect itself through the exercise of a power of sale and thereby acquire title to such properties and correct such default.

12. Enjoyment. LESSEE shall have quiet and peaceable possession as long as compliance is made by LESSEE with the terms of this Lease Agreement. LESSEE, his heirs successors or assigns, shall occupy the premises as a single family residence; but this condition shall not prejudice rights of a holder of mortgage or deed of trust set forth elsewhere in this residential lease agreement. LESSEE certifies that there are no other dwellings on the Leased Premises other than LESSEE'S dwelling.

13. Reservation. LESSOR reserves title to all timber, the right to harvest said timber at LESSOR's discretion and to reseed or replant after harvest, together with title to all minerals and oil and gas, together with the right of ingress and egress to remove same, as provided by law. LESSOR reserves the right to grant or sell rights-of-way across the Leased Premises for roads, highways, railroads, fiber optic cables or any public utility line, provided that any such roads, highways, railroads, fiber optic cables or public utility lines be constructed or operated in a manner so as not to unreasonably interfere with LESSEE'S use of the property.

14. Mortgage. Any recorded mortgages or deed of trust may provide that any default by the LESSEE/Mortgagor concerning this Lease shall likewise be a default of such mortgage or deed of trust, but failure to indicate such provisions in any mortgage or deed of trust shall not affect the validity or propriety thereof nor diminish the protection extended to the holder of such mortgage or deed of trust or the indebtedness secured thereby. Notwithstanding any provision of this Lease to the contrary, in the event of a default and foreclosure of a mortgage or deed of trust representing money loaned on the hereinbefore described property or the receipt of a transfer in lieu thereof, the purchaser at such foreclosure or the recipient of a transfer in lieu thereof will receive all the rights and privileges of a LESSEE and likewise assume all responsibilities of a LESSEE as if such purchaser or transferee had initially been a LESSEE under this Lease Agreement.

15. Condemnation. In the event of condemnation or other taking for public use under powers of eminent domain of all or part of LESSEE'S interest in the Leased Premises, payments for such condemnation or taking of LESSEE'S leasehold interest shall be payable to LESSEE, or, if the LESSEE'S promises are encumbered by a mortgage or Deed of Trust, payment for the leasehold estate shall be made in accordance with the terms and provisions of such mortgage or Deed of Trust. Leasehold mortgagee (or trustee for restoration in the case of partial awards) shall be entitled to receive payment of a condemnation award to which LESSEE is entitled. The payment must not be less than the total award less the value of the land considered as unimproved.

16. Notices. All notices specified by this Lease Agreement shall be in writing and sent by registered or certified mail, postage prepaid to the following addresses or hand-delivered in person, delivered by facsimile or otherwise to the following persons. By written notice, either

17. Filing. Lessee will deliver a check in the requisite amount to the Lessor that is payable to the Chancery Clerk to cover recording fees. The Lessor will deliver this Lease Agreement to the Chancery Clerk of the necessary County for recording.

18. Immunity. No provision of this Lease Agreement, whether requiring LESSEE to maintain insurance or to indemnify LESSOR or otherwise, shall be construed as a waiver by LESSOR of any provision of law related to governmental immunity.

19. Interpretation. The parties to this Lease Agreement acknowledge that they have freely entered into this Lease Agreement and any ambiguities shall not be construed against a single party.

20. Governing Law. This Lease Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Mississippi. Jurisdiction and venue for any actions arising from this Lease Agreement and any amendments hereto shall rest exclusively in the Chancery Court of HANCOCK, Mississippi.

21. Secretary of State. By virtue of the signature below, the Secretary of State of the State of Mississippi has approved this Lease Agreement in accordance with the Secretary's authority for general supervision of 16th Section Public School Trust Land. Approval of this Lease Agreement by the Secretary of State indicates that the LESSOR has exercised the care and skill of an ordinary prudent person to protect the beneficiaries of the 16th Section Public School Trust Land.

22. Supervisory Trustee. The Secretary of State, as supervisory trustee, shall have the right to institute any action to enforce the terms of this Lease Agreement in the event LESSOR

fails to do in a timely manner. In the event the Secretary institutes legal action to enforce the terms of this Lease Agreement, he shall have all rights as are conferred to LESSOR.

23. Additional Provisions. This Lease Agreement contains an Exhibit "B". Any additional or special provisions to this Lease Agreement are set forth in Exhibit "B" and incorporated by reference as if copied fully herein. If there are no additional or special provisions then Exhibit "B" shall state "NONE".

24. Entire Agreement. This Lease Agreement shall constitute the entire agreement between the parties. Any prior understanding or representation of any kind preceding the date of this Lease Agreement shall not be binding upon either party except to the extent incorporated in this agreement. This Lease Agreement contains Exhibits "A" and "B". If Exhibits "A" and "B" are not attached to this Lease Agreement, then this Lease Agreement shall be null and void.

INDEXING INSTRUCTIONS:

Attachment: 20210201 - 16th Section Hunting and Fishing Lease - Kevin Lafontaine (7605 : Approve and authorize Board President to sign 16th

WITNESSETH:

That, for the term and in consideration of the rentals hereinafter set forth, and the covenants, conditions, and obligations to be observed and performed by LESSEE, and by the authority and under the direction of the LESSOR, LESSOR does hereby lease, let and rent unto LESSEE the following described land (hereinafter the "Leased Premises") to-wit:

Section 16 Township 9S Range 15W

MORE PARTICULARLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO AND INCORPORATED BY REFERENCE AS IF COPIED FULLY HEREIN.

1. Term. The term of this Lease Agreement shall be for Five (5) years, beginning on the 5th day of October , 2020 , and terminating on the 4th day of October , 2025 (called the "primary term"). For purposes of this Lease Agreement the Anniversary Date shall be October 5th of each year.

Provided that this lease has not been terminated prior to the expiration date hereof and that LESSEE is in compliance with all terms and provisions of this lease, LESSEE may extend this lease upon the terms and in the manner provided in MISS. CODE ANN. 1972 §29-3-41 or such other statute as then may be applicable.

2. Annual Rent. LESSEE covenants and agrees to pay as rent to LESSOR the sum of Three Thousand Six Hundred and Eighty-Six dollars and Forty cents ($ 3686.40) per annum, on or before the Anniversary Date of this Lease Agreement each year; provided, however, that the payment of rent for the first year of this lease shall be due at the time of approval by LESSOR.The obligation of LESSEE to pay rent under this Lease Agreement is unconditional, and the rent shall not be subject to set off for any reason or cause. LESSOR and LESSEE agree that in the event of termination or cancellation, any rental payment made during the term of this Lease Agreement is not refundable, and LESSEE waives any right or claim it may have to refund of rent paid. In the event LESSEE is delinquent in the payment of rent, LESSEE shall pay a late charge equal to fifteen percent (15%) of the amount of rent past due for more than 30 days and thereafter shall pay interest on any rent past due at an annual rate (the “Default Rate”) equal to the maximum rate then allowed by law or, if there is no maximum rate, then a rate equal to five percent per annum above the discount rate, excluding any surcharge thereon, on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district in which LESSOR is located, calculated according to the actuarial method.

3. Taxes. LESSEE covenants and agrees to pay any and all general and special taxes and assessments, including drainage taxes, if ever any there be, applicable to the Leased Premises and LESSEE'S interest therein; further, LESSEE covenants and agrees to pay any and all survey costs and recording fees in connection with this Lease Agreement or any other fees so determined by law. All payments for general and special taxes and assessments, including drainage taxes shall be made directly to the governmental authority responsible for collecting such taxes and assessments. During the final year of the lease term, LESSOR or the governmental authority responsible for collecting taxes and assessments may require payment of any such taxes or assessments in advance or require that other security be given

Attachment: 20210201 - 16th Section Hunting and Fishing Lease - Kevin Lafontaine (7605 : Approve and authorize Board President to sign 16th

to insure that taxes will be paid when due. In the event it becomes necessary for the County Tax Collector or any other authority responsible for collecting general and special taxes or assessments to retain the services of attorneys to collect any taxes or assessments due from LESSEE under this lease, then LESSEE agrees to pay all costs and expenses of such actions or collections, including a reasonable attorneys' fee for the County Tax Collector or such other authority responsible for collecting said taxes or assessments.

4. Forest Lands Purpose. The Leased Premises covered by this lease is classified as FORESTLAND as provided by law.LESSEE recognizes, understands and acknowledges that LESSOR holds the Leased Premises for the purpose of planting, growing, protecting, maintaining, conserving, and harvesting therefrom trees, timber, pulpwood, and other forest products. Therefore, LESSEE'S exercise of any of its rights under this agreement shall in no way impede or hinder LESSOR in the full development, use, protection and enjoyment of said land as above described, and if it becomes necessary, expedient or advisable for LESSOR to prohibit, curtail, or suspend all hunting and or fishing on the Leased Premises, LESSOR shall have the right to do so upon written notice thereof to LESSEE, or LESSOR may cancel this lease as provided hereinafter. LESSEE further agrees that all rights, titles, and privileges hereunder granted are, and shall be all times expressly subject to LESSOR'S basic and primary right to prevent any fires, waste, nuisance, or unnecessary injury to said property or to the commercial values thereof.

5. Default. Any one of the following events shall constitute ground for immediate DEFAULT of this lease, at LESSOR'S option:

i. Failure to pay rent, or any taxes or assessments within 60 days after the due date thereof;
ii. Use of the Leased Premises for commercial hunting operation;
iii. Any breach by LESSEE of any covenant, duty or obligation of this Lease Agreement.

In the event of LESSEE'S breach of any covenant or obligation contained in this lease, excepting the obligation to pay rent, taxes or assessments, LESSEE shall be entitled to notice in writing of the breach and shall have thirty (30) days from the date of the notice to cure or correct such breach. Upon the failure of LESSEE to correct or cure such breach, LESSOR shall have the option to declare this lease in immediate default. No notice to LESSEE is required prior to declaring this lease in default for the failure to pay any rent, tax, or assessment hereunder. LESSOR'S failure to assert any grounds for default shall not be deemed a waiver of the right to do so at any later time.

6. Remedies. Upon declaring this lease in default, LESSOR shall have the following rights and may exercise anyone or more of the following remedies in addition to such other rights, remedies, penalties and liens as may be allowed by other provision of this lease, by law or in equity: (a) LESSOR may declare this lease terminated and may then enter upon and take possession of the Leased Premises; LESSOR shall not be obligated to re-let the premises, but any amount received pursuant to any subsequent lease shall be the exclusive property of LESSOR; (b) LESSOR may declare all rent for the remaining term of the lease to be immediately due and payable and LESSEE shall be liable therefor with interest until paid at the highest rate allowed by law; upon failure to pay the same promptly, LESSOR may declare this lease terminated and may collect the accelerated amount of rentals due without credit to

Attachment: 20210201 - 16th Section Hunting and Fishing Lease - Kevin Lafontaine (7605 : Approve and authorize Board President to sign 16th

LESSEE for any sums received on re-letting; (c) LESSOR may permit this lease to remain in force and may collect rents in intervals or as the same accrue; (d) LESSOR may require specific performance of LESSEE'S obligations with respect to condition of the premises or may hold LESSEE liable for the cost of performing such obligations.

7. Breach of Lease Agreement. If LESSEE breaches any of the provisions of this Lease Agreement and fails to cure the same after thirty (30) days written notice from LESSOR (as to a breach for which notice is applicable), then LESSEE, in addition to any other damages for which it may be responsible, shall pay LESSOR its reasonable costs and expenses in enforcing the Lease Agreement, including but not limited to fees charged by attorneys, expert witnesses, surveyors and appraisers.

8. Assignment. This lease SHALL NOT BE ASSIGNED OR SUBLEASED. Assignment or sublease of this Lease Agreement or any rights hereunder shall automatically terminate this lease without any further notice or action by LESSOR.

9. Notices. All notices specified by this instrument shall be in writing and sent by registered or certified mail, postage prepaid to the following addresses or hand-delivered in person, delivered by facsimile or otherwise to the following persons. By written notice, either party may change the persons or addresses to whom notice shall be given.

10. Indemnification. LESSEE shall protect, indemnify, defend save, and hold harmless LESSOR, the State of Mississippi, and the Secretary of State, their officers, board members, employees and agents, from and against all claims, demands, liabilities, suits, injuries, and any and all losses or damages and cost of every kind and nature whatsoever ("loss"), including but not limited to all court costs and attorneys fees and all personal injury or death and/or damage to any person or entity including, but not limited to, LESSOR and its property or other loss arising out of any alleged noncompliance with laws or caused by LESSEE'S exercise of its rights under this Lease Agreement and/or resulting from the actions or omission of LESSEE in connection with its presence on or any use of the Leased Premises by LESSEE, its officers, agents, subcontractors, employees or invitees.Provided,

Attachment: 20210201 - 16th Section Hunting and Fishing Lease - Kevin Lafontaine (7605 : Approve and authorize Board President to sign 16th

however, it is understood that the indemnity provided by LESSEE as described in this paragraph shall not extend to intentional or negligent acts of LESSOR, its officers, or agents. In the event the intentional or negligent acts of LESSOR, its officers or agents, are not the direct and sole proximate cause for one hundred percent (100%) of the loss of claim, LESSEE shall be responsible to fulfill its obligations under this paragraph for the percentage of liability not attributable to LESSOR, its officers or agents.

11. Condemnation. If the whole of the Leased Premises, or such portion thereof as will make the Leased Premises unsuitable for LESSEE'S permitted activities, should be condemned for any public use or conveyed under threat of condemnation, then this lease shall terminate on the date possession is acquired by the condemning authority, and rent shall be apportioned as of that date. All compensation awarded or paid upon such total or partial taking of the Leased Premises shall belong to LESSOR without participation by LESSEE except to the extent the award fairly represents the value of improvements which are the property of LESSEE.It is provided, however, that nothing herein shall preclude LESSEE from prosecuting any claim directly against the condemning authority for damages or any other amounts to which a tenant may be entitled provided that no such claim shall diminish or otherwise adversely affect the amount of LESSOR'S award.

12. General Duties of LESSEE. LESSEE expressly covenants and agrees:

a. To use every precaution to protect the aforesaid timber, trees, and forest products from fire or other damage, and to that end, LESSEE will assist and exercise every effort in putting out any fire that may occur on said lands. In the event that any fire shall be willfully or negligently started or allowed to escape on said lands by LESSEE, LESSOR shall have the right immediately to cancel this lease without notice, and any unearned rentals heretofore paid shall be forfeited to LESSOR. In addition, LESSOR shall be entitled to recover from LESSEE any damages which LESSOR sustains as the result of such fire;
b. Not to damage any tree or tree seedlings in any way, nor cut or pierce any tree of any kind, dead or alive, and not to attach any stand or blind or other paraphernalia to any tree of any kind except with the prior written permission of the County Forester or authorized timber manager; and further, to assume responsibility, and to pay for any trees, timber, or other forest products that may be cut, used, damaged and/or removed from said lands by LESSEE;
c. To comply, and to require compliance by all persons to whom hunting and/or fishing privileges as aforesaid shall be extended hereunder, with all laws, rules and regulations now existing or hereinafter enacted by any county, state, or federal authority with respect to uses and activities permitted hereunder. Any violation of any such laws, rules or regulations shall constitute a material breach of this lease and shall give LESSOR the right and privilege of canceling this lease, with or without notice, and in such an event any unearned rentals paid hereunder shall be forfeited to LESSOR as liquidated damages for breach of this agreement. Bag limits and fishing limits and the length of hunting and fishing seasons shall strictly conform to the effective local, state or federal game laws and regulations;
d. To exercise all reasonable precautions in and about the enjoyment of LESSEE'S rights hereunder with respect to LESSEE'S safety and the safety of others using said privileges under LESSEE'S authority;
e. Not to construct or install upon said lands any plantings, food plots, roads, bridges,

Attachment: 20210201 - 16th Section Hunting and Fishing Lease - Kevin Lafontaine (7605 : Approve and authorize Board President to sign 16th

fences, camps, buildings, lodges, shelters, docks, dog pens, piers, landings or other structures, permanent or temporary, without having first obtained in writing the consent of LESSOR thereto;

f. Not to hinder, impede or deny access to representatives, agents or employees of the LESSOR, the Mississippi Forestry Commission, the Mississippi Department of Wildlife Fisheries and Parks or the Secretary of State while carrying out their official responsibilities; instead, LESSEE covenants and agrees to cooperate with these representatives in carrying out their official responsibilities; LESSEE further agrees to furnish his name, address and telephone number to the County Forester or forest manager and to keep said information current with said individual;
g. Not to conduct or permit the conduct of any unlawful or immoral activities upon the Lease Premises;
h. To exercise due diligence in the protection of the topsoil and other property of LESSOR on the Leased Premises. And not to bring or leave litter, trash, rubbish or any toxic or hazardous substance upon the Leased Premises. And not to commit, cause to be committed or permit any act of waste upon the Leased Premises. Waste shall include, but shall not be limited to acts, or the failure to act, that result in the loss of topsoil, or the contamination of soil, or surface or ground water;
i. To be responsible to LESSOR for any and all damages to the Leased Premises caused by the activities of LESSEE;
j. Not to use, or permit the use of the Leased Premises for any activity deemed extra-hazardous;
k. Not to use vehicles on any road or any part of the Leased Premises while the soil is wet to the extent that ruts and erosion will result on the road or land from such use;
l. To maintain the Leased Premises in a neat and orderly manner and refrain from creating or causing any unsafe or unsightly conditions, attractive nuisances or other nuisances;
m. To strictly comply with all federal, state and local laws and regulations pertaining to the environment including, but not limited to, laws and regulations relating to air, water, soil and toxic or hazardous substances;
n. Not to make any alteration upon the Leased Premises without the express prior written consent of LESSOR;
o. Not to alter or obstruct any drain or drainage way on the Leased Premises;
p. To surrender and deliver full, quiet and peaceful possession of the Leased Premises to LESSOR upon expiration or termination of this lease.

13. Warranties. This lease is made and accepted (1) without any representation or warranties of any kind on the part of LESSOR as to title or suitability to the purpose for which the same is granted; and (2) expressly subject to any and all existing easements, reservations, rights-of-way, contracts, leases or other encumbrances or servitudes now of record or on the ground affecting the lands herein described, or to any such agreements that may hereafter be granted from time to time to others by LESSOR.

14. Lease Premises. LESSEE assumes responsibility for the condition of the premises and LESSOR shall not be liable or responsible for any damages or injuries caused by any vices or defects therein to LESSEE or to any occupant or to anyone in or on said premises who derives his right to be thereon from LESSEE.

15. Reservations. LESSOR reserves title to all oil or gas, coal, lignite or other minerals in,

Attachment: 20210201 - 16th Section Hunting and Fishing Lease - Kevin Lafontaine (7605 : Approve and authorize Board President to sign 16th

on, or under the Leased Premises, together with the right to enter and remove the same, but not in a manner which interferes with LESSEE'S operations on the Leased Premises.

16. Rights-of-Way. LESSOR reserves the right to grant or sell rights-of-way across said lands for roads, highways, railroads, fiber optic cables or any public utility line, provided that any such roads, highways, railroads, fiber optic cables or public utility lines be constructed in a manner so as not to interfere with LESSEE'S operations.

17. Recording. Lessee will deliver a check in the requisite amount to the Lessor that is payable to the Chancery Clerk to cover recording fees. The Lessor will deliver this Lease Agreement to the Chancery Clerk of the necessary County for recording.

18. Immunity. No provision of this Lease Agreement, whether requiring LESSEE to maintain insurance or to indemnify LESSOR or otherwise, shall be construed as a waiver by LESSOR of any provision of law related to governmental immunity.

19. Interpretation. The parties to this Lease Agreement acknowledge that they have freely entered into this Lease Agreement and any ambiguities shall not be construed against a single party.

20. Definition of LESSEE. It is further stipulated and agreed that wherever the word "LESSEE" is used herein, it is intended, and shall be deemed, to include and shall be binding upon LESSEE'S members, agents, servants, employees, contractees, invitees, licensees, and guests.

21. Governing Law. This Lease Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Mississippi. Jurisdiction and venue for any actions arising from this Lease Agreement and any amendments hereto shall rest exclusively in the Chancery Court of HANCOCK Mississippi.

22. Secretary of State. By virtue of the signature below, the Secretary of State of the State of Mississippi has approved this Lease Agreement in accordance with the Secretary's authority for general supervision of 16th Section Public School Trust Land. Approval of this Lease Agreement by the Secretary of State indicates that the LESSOR has exercised the care and skill of an ordinary prudent person to protect the beneficiaries of the 16th Section Public School Trust Land.

23. Supervisory Right. Secretary of State, as supervisory trustee, shall have the right to institute any action to enforce the terms of this Lease Agreement in the event LESSOR fails to do so in a timely manner. In the event the Secretary institutes legal action to enforce the terms of this Lease Agreement he shall have all rights as are conferred to LESSOR.

24. Additional Provisions. This Lease Agreement contains an Exhibit "B". Any additional or special provisions to this Lease Agreement are set forth in Exhibit "B" and incorporated by reference as if copied fully herein. If there are no additional or special provisions then Exhibit "B" shall state "NONE".

Attachment: 20210201 - 16th Section Hunting and Fishing Lease - Kevin Lafontaine (7605 : Approve and authorize Board President to sign 16th

25. Entire Agreement. This Lease Agreement shall constitute the entire agreement between the parties. Any prior understanding or representation of any kind preceding the date of this Lease Agreement shall not be binding upon either party except to the extent incorporated in this agreement. This Lease Agreement contains Exhibits "A" and "B". If Exhibits "A" and "B" are not attached to this Lease Agreement, then this Lease Agreement shall be null and void.

INDEXING INSTRUCTIONS:

Attachment: 202101 - 16th Section - Hunting and Fishing Lease - Kevin Lafontaine - recorded (7605 : Approve and authorize Board President to

WITNESSETH:

That, for the term and in consideration of the rentals hereinafter set forth, and the covenants, conditions, and obligations to be observed and performed by LESSEE, and by the authority and under the direction of the LESSOR, LESSOR does hereby lease, let and rent unto LESSEE the following described land (hereinafter the "Leased Premises") to-wit:

Section 16 Township 9S Range 15W

MORE PARTICULARLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO AND INCORPORATED BY REFERENCE AS IF COPIED FULLY HEREIN.

1. Term. The term of this Lease Agreement shall be for Five (5) years, beginning on the 5th day of October , 2020 , and terminating on the 4th day of October , 2025 (called the "primary term"). For purposes of this Lease Agreement the Anniversary Date shall be October 5th of each year.

Provided that this lease has not been terminated prior to the expiration date hereof and that LESSEE is in compliance with all terms and provisions of this lease, LESSEE may extend this lease upon the terms and in the manner provided in MISS. CODE ANN. 1972 §29-3-41 or such other statute as then may be applicable.

2. Annual Rent. LESSEE covenants and agrees to pay as rent to LESSOR the sum of Three Thousand Six Hundred and Eighty-Six dollars and Forty cents ($ 3686.40) per annum, on or before the Anniversary Date of this Lease Agreement each year; provided, however, that the payment of rent for the first year of this lease shall be due at the time of approval by LESSOR.The obligation of LESSEE to pay rent under this Lease Agreement is unconditional, and the rent shall not be subject to set off for any reason or cause. LESSOR and LESSEE agree that in the event of termination or cancellation, any rental payment made during the term of this Lease Agreement is not refundable, and LESSEE waives any right or claim it may have to refund of rent paid. In the event LESSEE is delinquent in the payment of rent, LESSEE shall pay a late charge equal to fifteen percent (15%) of the amount of rent past due for more than 30 days and thereafter shall pay interest on any rent past due at an annual rate (the "Default Rate") equal to the maximum rate then allowed by law or, if there is no maximum rate, then a rate equal to five percent per annum above the discount rate, excluding any surcharge thereon, on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district in which LESSOR is located, calculated according to the actuarial method.

3. Taxes. LESSEE covenants and agrees to pay any and all general and special taxes and assessments, including drainage taxes, if ever any there be, applicable to the Leased Premises and LESSEE'S interest therein; further, LESSEE covenants and agrees to pay any and all survey costs and recording fees in connection with this Lease Agreement or any other fees so determined by law. All payments for general and special taxes and assessments, including drainage taxes shall be made directly to the governmental authority responsible for collecting such taxes and assessments. During the final year of the lease term, LESSOR or the governmental authority responsible for collecting taxes and assessments may require payment of any such taxes or assessments in advance or require that other security be given

Attachment: 202101 - 16th Section - Hunting and Fishing Lease - Kevin Lafontaine - recorded (7605 : Approve and authorize Board President to

to insure that taxes will be paid when due. In the event it becomes necessary for the County Tax Collector or any other authority responsible for collecting general and special taxes or assessments to retain the services of attorneys to collect any taxes or assessments due from LESSEE under this lease, then LESSEE agrees to pay all costs and expenses of such actions or collections, including a reasonable attorneys' fee for the County Tax Collector or such other authority responsible for collecting said taxes or assessments.

4. Forest Lands Purpose. The Leased Premises covered by this lease is classified as FORESTLAND as provided by law.LESSEE recognizes, understands and acknowledges that LESSOR holds the Leased Premises for the purpose of planting, growing, protecting, maintaining, conserving, and harvesting therefrom trees, timber, pulpwood, and other forest products. Therefore, LESSEE'S exercise of any of its rights under this agreement shall in no way impede or hinder LESSOR in the full development, use, protection and enjoyment of said land as above described, and if it becomes necessary, expedient or advisable for LESSOR to prohibit, curtail, or suspend all hunting and or fishing on the Leased Premises, LESSOR shall have the right to do so upon written notice thereof to LESSEE, or LESSOR may cancel this lease as provided hereinafter. LESSEE further agrees that all rights, titles, and privileges hereunder granted are, and shall be all times expressly subject to LESSOR'S basic and primary right to prevent any fires, waste, nuisance, or unnecessary injury to said property or to the commercial values thereof.

5. Default. Any one of the following events shall constitute ground for immediate DEFAULT of this lease, at LESSOR'S option:

i. Failure to pay rent, or any taxes or assessments within 60 days after the due date thereof;
ii. Use of the Leased Premises for commercial hunting operation;
iii. Any breach by LESSEE of any covenant, duty or obligation of this Lease Agreement.

In the event of LESSEE'S breach of any covenant or obligation contained in this lease, excepting the obligation to pay rent, taxes or assessments, LESSEE shall be entitled to notice in writing of the breach and shall have thirty (30) days from the date of the notice to cure or correct such breach. Upon the failure of LESSEE to correct or cure such breach, LESSOR shall have the option to declare this lease in immediate default. No notice to LESSEE is required prior to declaring this lease in default for the failure to pay any rent, tax, or assessment hereunder. LESSOR'S failure to assert any grounds for default shall not be deemed a waiver of the right to do so at any later time.

6. Remedies. Upon declaring this lease in default, LESSOR shall have the following rights and may exercise anyone or more of the following remedies in addition to such other rights, remedies, penalties and liens as may be allowed by other provision of this lease, by law or in equity: (a) LESSOR may declare this lease terminated and may then enter upon and take possession of the Leased Premises; LESSOR shall not be obligated to re-let the premises, but any amount received pursuant to any subsequent lease shall be the exclusive property of LESSOR; (b) LESSOR may declare all rent for the remaining term of the lease to be immediately due and payable and LESSEE shall be liable therefor with interest until paid at the highest rate allowed by law; upon failure to pay the same promptly, LESSOR may declare this lease terminated and may collect the accelerated amount of rentals due without credit to

Attachment: 202101 - 16th Section - Hunting and Fishing Lease - Kevin Lafontaine - recorded (7605 : Approve and authorize Board President to

LESSEE for any sums received on re-letting; (c) LESSOR may permit this lease to remain in force and may collect rents in intervals or as the same accrue; (d) LESSOR may require specific performance of LESSEE'S obligations with respect to condition of the premises or may hold LESSEE liable for the cost of performing such obligations.

7. Breach of Lease Agreement. If LESSEE breaches any of the provisions of this Lease Agreement and fails to cure the same after thirty (30) days written notice from LESSOR (as to a breach for which notice is applicable), then LESSEE, in addition to any other damages for which it may be responsible, shall pay LESSOR its reasonable costs and expenses in enforcing the Lease Agreement, including but not limited to fees charged by attorneys, expert witnesses, surveyors and appraisers.

8. Assignment. This lease SHALL NOT BE ASSIGNED OR SUBLEASED. Assignment or sublease of this Lease Agreement or any rights hereunder shall automatically terminate this lease without any further notice or action by LESSOR.

9. Notices. All notices specified by this instrument shall be in writing and sent by registered or certified mail, postage prepaid to the following addresses or hand-delivered in person, delivered by facsimile or otherwise to the following persons. By written notice, either party may change the persons or addresses to whom notice shall be given.

10. Indemnification. LESSEE shall protect, indemnify, defend save, and hold harmless LESSOR, the State of Mississippi, and the Secretary of State, their officers, board members, employees and agents, from and against all claims, demands, liabilities, suits, injuries, and any and all losses or damages and cost of every kind and nature whatsoever ("loss"), including but not limited to all court costs and attorneys fees and all personal injury or death and/or damage to any person or entity including, but not limited to, LESSOR and its property or other loss arising out of any alleged noncompliance with laws or caused by LESSEE'S exercise of its rights under this Lease Agreement and/or resulting from the actions or omission of LESSEE in connection with its presence on or any use of the Leased Premises by LESSEE, its officers, agents, subcontractors, employees or invitees.Provided,

Attachment: 202101 - 16th Section - Hunting and Fishing Lease - Kevin Lafontaine - recorded (7605 : Approve and authorize Board President to

2021 1348

however, it is understood that the indemnity provided by LESSEE as described in this paragraph shall not extend to intentional or negligent acts of LESSOR, its officers, or agents. In the event the intentional or negligent acts of LESSOR, its officers or agents, are not the direct and sole proximate cause for one hundred percent (100%) of the loss of claim, LESSEE shall be responsible to fulfill its obligations under this paragraph for the percentage of liability not attributable to LESSOR, its officers or agents.

11. Condemnation. If the whole of the Leased Premises, or such portion thereof as will make the Leased Premises unsuitable for LESSEE'S permitted activities, should be condemned for any public use or conveyed under threat of condemnation, then this lease shall terminate on the date possession is acquired by the condemning authority, and rent shall be apportioned as of that date. All compensation awarded or paid upon such total or partial taking of the Leased Premises shall belong to LESSOR without participation by LESSEE except to the extent the award fairly represents the value of improvements which are the property of LESSEE.It is provided, however, that nothing herein shall preclude LESSEE from prosecuting any claim directly against the condemning authority for damages or any other amounts to which a tenant may be entitled provided that no such claim shall diminish or otherwise adversely affect the amount of LESSOR'S award.

12. General Duties of LESSEE. LESSEE expressly covenants and agrees:

a. To use every precaution to protect the aforesaid timber, trees, and forest products from fire or other damage, and to that end, LESSEE will assist and exercise every effort in putting out any fire that may occur on said lands. In the event that any fire shall be willfully or negligently started or allowed to escape on said lands by LESSEE, LESSOR shall have the right immediately to cancel this lease without notice, and any unearned rentals heretofore paid shall be forfeited to LESSOR. In addition, LESSOR shall be entitled to recover from LESSEE any damages which LESSOR sustains as the result of such fire;
b. Not to damage any tree or tree seedlings in any way, nor cut or pierce any tree of any kind, dead or alive, and not to attach any stand or blind or other paraphernalia to any tree of any kind except with the prior written permission of the County Forester or authorized timber manager; and further, to assume responsibility, and to pay for any trees, timber, or other forest products that may be cut, used, damaged and/or removed from said lands by LESSEE;
c. To comply, and to require compliance by all persons to whom hunting and/or fishing privileges as aforesaid shall be extended hereunder, with all laws, rules and regulations now existing or hereinafter enacted by any county, state, or federal authority with respect to uses and activities permitted hereunder. Any violation of any such laws, rules or regulations shall constitute a material breach of this lease and shall give LESSOR the right and privilege of canceling this lease, with or without notice, and in such an event any unearned rentals paid hereunder shall be forfeited to LESSOR as liquidated damages for breach of this agreement. Bag limits and fishing limits and the length of hunting and fishing seasons shall strictly conform to the effective local, state or federal game laws and regulations;
d. To exercise all reasonable precautions in and about the enjoyment of LESSEE'S rights hereunder with respect to LESSEE'S safety and the safety of others using said privileges under LESSEE'S authority;
e. Not to construct or install upon said lands any plantings, food plots, roads, bridges,

2021 1349

fences, camps, buildings, lodges, shelters, docks, dog pens, piers, landings or other structures, permanent or temporary, without having first obtained in writing the consent of LESSOR thereto;

f. Not to hinder, impede or deny access to representatives, agents or employees of the LESSOR, the Mississippi Forestry Commission, the Mississippi Department of Wildlife Fisheries and Parks or the Secretary of State while carrying out their official responsibilities; instead, LESSEE covenants and agrees to cooperate with these representatives in carrying out their official responsibilities; LESSEE further agrees to furnish his name, address and telephone number to the County Forester or forest manager and to keep said information current with said individual;
g. Not to conduct or permit the conduct of any unlawful or immoral activities upon the Lease Premises;
h. To exercise due diligence in the protection of the topsoil and other property of LESSOR on the Leased Premises. And not to bring or leave litter, trash, rubbish or any toxic or hazardous substance upon the Leased Premises. And not to commit, cause to be committed or permit any act of waste upon the Leased Premises. Waste shall include, but shall not be limited to acts, or the failure to act, that result in the loss of topsoil, or the contamination of soil, or surface or ground water;
i. To be responsible to LESSOR for any and all damages to the Leased Premises caused by the activities of LESSEE;
j. Not to use, or permit the use of the Leased Premises for any activity deemed extra-hazardous;
k. Not to use vehicles on any road or any part of the Leased Premises while the soil is wet to the extent that ruts and erosion will result on the road or land from such use;
l. To maintain the Leased Premises in a neat and orderly manner and refrain from creating or causing any unsafe or unsightly conditions, attractive nuisances or other nuisances;
m. To strictly comply with all federal, state and local laws and regulations pertaining to the environment including, but not limited to, laws and regulations relating to air, water, soil and toxic or hazardous substances;
n. Not to make any alteration upon the Leased Premises without the express prior written consent of LESSOR;
o. Not to alter or obstruct any drain or drainage way on the Leased Premises;
p. To surrender and deliver full, quiet and peaceful possession of the Leased Premises to LESSOR upon expiration or termination of this lease.

13. Warranties. This lease is made and accepted (1) without any representation or warranties of any kind on the part of LESSOR as to title or suitability to the purpose for which the same is granted; and (2) expressly subject to any and all existing easements, reservations, rights-of-way, contracts, leases or other encumbrances or servitudes now of record or on the ground affecting the lands herein described, or to any such agreements that may hereafter be granted from time to time to others by LESSOR.

14. Lease Premises. LESSEE assumes responsibility for the condition of the premises and LESSOR shall not be liable or responsible for any damages or injuries caused by any vices or defects therein to LESSEE or to any occupant or to anyone in or on said premises who derives his right to be thereon from LESSEE.

15. Reservations. LESSOR reserves title to all oil or gas, coal, lignite or other minerals in,

Attachment: 202101 - 16th Section - Hunting and Fishing Lease - Kevin Lafontaine - recorded (7605 : Approve and authorize Board President to

on, or under the Leased Premises, together with the right to enter and remove the same, but not in a manner which interferes with LESSEE'S operations on the Leased Premises.

16. Rights-of-Way. LESSOR reserves the right to grant or sell rights-of-way across said lands for roads, highways, railroads, fiber optic cables or any public utility line, provided that any such roads, highways, railroads, fiber optic cables or public utility lines be constructed in a manner so as not to interfere with LESSEE'S operations.

17. Recording. Lessee will deliver a check in the requisite amount to the Lessor that is payable to the Chancery Clerk to cover recording fees. The Lessor will deliver this Lease Agreement to the Chancery Clerk of the necessary County for recording.

18. Immunity. No provision of this Lease Agreement, whether requiring LESSEE to maintain insurance or to indemnify LESSOR or otherwise, shall be construed as a waiver by LESSOR of any provision of law related to governmental immunity.

19. Interpretation. The parties to this Lease Agreement acknowledge that they have freely entered into this Lease Agreement and any ambiguities shall not be construed against a single party.

20. Definition of LESSEE. It is further stipulated and agreed that wherever the word "LESSEE" is used herein, it is intended, and shall be deemed, to include and shall be binding upon LESSEE'S members, agents, servants, employees, contractees, invitees, licensees, and guests.

21. Governing Law. This Lease Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Mississippi. Jurisdiction and venue for any actions arising from this Lease Agreement and any amendments hereto shall rest exclusively in the Chancery Court of HANCOCK Mississippi.

22. Secretary of State. By virtue of the signature below, the Secretary of State of the State of Mississippi has approved this Lease Agreement in accordance with the Secretary's authority for general supervision of 16th Section Public School Trust Land. Approval of this Lease Agreement by the Secretary of State indicates that the LESSOR has exercised the care and skill of an ordinary prudent person to protect the beneficiaries of the 16th Section Public School Trust Land.

23. Supervisory Right. Secretary of State, as supervisory trustee, shall have the right to institute any action to enforce the terms of this Lease Agreement in the event LESSOR fails to do so in a timely manner. In the event the Secretary institutes legal action to enforce the terms of this Lease Agreement he shall have all rights as are conferred to LESSOR.

24. Additional Provisions. This Lease Agreement contains an Exhibit "B". Any additional or special provisions to this Lease Agreement are set forth in Exhibit "B" and incorporated by reference as if copied fully herein. If there are no additional or special provisions then Exhibit "B" shall state "NONE".

Attachment: 202101 - 16th Section - Hunting and Fishing Lease - Kevin Lafontaine - recorded (7605 : Approve and authorize Board President to

25. Entire Agreement. This Lease Agreement shall constitute the entire agreement between the parties. Any prior understanding or representation of any kind preceding the date of this Lease Agreement shall not be binding upon either party except to the extent incorporated in this agreement. This Lease Agreement contains Exhibits "A" and "B". If Exhibits "A" and "B" are not attached to this Lease Agreement, then this Lease Agreement shall be null and void.

Attachment: 202101 - 16th Section - Hunting and Fishing Lease - Kevin Lafontaine - recorded (7605 : Approve and authorize Board President to

IN WITNESS WHEREOF, this Lease Agreement is executed by LESSOR and pursuant to order entered upon its minutes, is executed by LESSEE this the 5th day of October, 2020.

Attachment: 20210201 - 16th Section - Jamie and Brandon Gerald - Residential Lease - recorded (7605 : Approve and authorize Board President

WITNESSETH:

That, for the term and in consideration of the annual rentals hereinafter set forth, and the covenants, conditions, and obligations to be observed and performed by LESSEE, LESSOR does hereby lease, let and rent unto LESSEE the following classified "Residential lands", situated in HANCOCK County, Mississippi (hereinafter called the "Leased Premises") and described as:

Section 30 Township 5S Range 15W

SEE SURVEY AND DESCRIPTION ATTACHED AS EXHIBIT "A" TO THIS LEASE

1. Term. The term of this Lease Agreement shall be for Twenty-Five (25) years, beginning on the 2nd day of November , 2020 , and terminating on the 4th day of November , 2045 (called the "primary term"). For purposes of this Lease Agreement the Anniversary Date shall be November 2nd of each year.

It is expressly agreed and understood by all the parties hereto that part of the consideration given for the execution and delivery of this instrument is the option hereby granted to LESSEE to renew this Lease Agreement for an additional "secondary term" of twenty-five (25) years from November 5, 2045, under the same terms, conditions, and stipulations set forth herein, except the annual rental shall be based upon the fair market value of the land, excluding the value of buildings and improvements not then owned by LESSOR, as determined by a qualified appraiser selected by LESSOR hereto who performs his appraisal not more than twelve months and not less than three months prior to the expiration of the initial primary term. LESSEE shall exercise said option to renew for the secondary term of twenty-five (25) years by notifying LESSOR in writing no less than twelve (12) months in advance of the expiration of the primary term and by tendering the determined annual rental to LESSOR at its above-stated address prior to the expiration of the primary term as may be required by statute. The cost of the new appraisal shall be borne by LESSEE. A new lease shall be executed to effectuate the secondary term.

2. Rental Amount. LESSEE agrees and covenants to pay or cause to be paid to LESSOR annually, on or before the Anniversary Date of this Lease Agreement each year during the term hereof, rentals in the amount of Four Hundred and Ninety-Three dollars and Thirty-Two cents ($ 493.32). The first annual payment has been made with the execution hereof, and a like amount, subject to adjustment, shall be due and payable on each anniversary date. Subsequent payment of annual rent shall be due on or before the Anniversary Date of this Lease Agreement. The obligation of LESSEE to pay rent under this Lease Agreement is unconditional, and the rent shall not be subject to set off for any reason or cause. LESSOR and LESSEE agree that in the event of termination or cancellation, any rental payment made during the term of this Lease Agreement is not refundable, and LESSEE waives any right or claim it may have to refund of rent paid. Rents shall be adjusted periodically pursuant to the rent adjustment clause contained in Paragraph 3 of this lease. In the event LESSEE is delinquent in the payment of rent, LESSEE shall pay a late charge equal to fifteen percent (15%) of the amount of rent past due for more than 30 days and thereafter shall pay interest on any rent past due at an annual rate (the "Default Rate) equal to the maximum rate then allowed by law or, if there is no maximum rate, then a rate equal to five percent per annum

above the discount rate, excluding any surcharge thereon, on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district in which the LESSOR is located, calculated according to the actuarial method.

3. Rent Adjustment. The eighth and every subsequent eight year Anniversary Date of the commencement of this Lease Agreement shall be the effective dates of rental adjustments, and on such dates the amount of annual rental due and payable hereunder shall be adjusted in the manner hereafter described to reflect the current fair market rental value of the Leased Premises.

a. LESSOR shall use its best efforts to cause the Leased Premises to be reappraised and a redetermination made of the annual fair market rental amount within six months before any adjustment date. In the event LESSOR shall fail to instigate reappraisal within the six months preceding any rent adjustment date, LESSOR shall not be deemed to have waived this provision requiring rent adjustment, and in such event (at any time after a rent adjustment date), LESSOR may proceed to have the Leased Premises reappraised and an adjusted rent determined for any such readjustment period. The adjusted rent shall be effective on the required adjustment date and LESSEE shall pay any deficiency to LESSOR within fifteen (15) days of the determination of the adjusted rent. The reappraisal shall be made pursuant to the Mississippi Code of 1972, § 29-3-69, or pursuant to the statute then in effect governing such leases and procedures for determining fair market rental value. The reappraisal shall establish the fair market value of the property unencumbered by this lease and shall reflect the market rate of return at the time but shall be no less than the minimum acceptable percentage provided by the statute in effect. Unless altered by the procedures described below, the amount of rent so determined as of each rental adjustment date shall be paid until the next rental adjustment date or for the balance of the lease as the case may be. The appraisal process described in this subparagraph (a) may be referred to hereafter as the Statutory Procedure. The cost of the reappraisal shall be borne by LESSEE, using an appraiser selected by LESSOR.
b. Should the Statutory Procedure result in an increase in rent over the amount previously due, LESSEE, by notice in writing given to LESSOR within 15 days after receiving notice of the increase, shall have the right to elect an alternate method of determining the current fair market rental value of the Leased Premises (the "Alternate Procedure") as follows:
    1. LESSEE may provide an appraisal by a Mississippi licensed appraiser having the qualifications hereafter described giving an opinion of current fair market annual rental value based on the (i) the fair market value of the land unencumbered by this lease and (ii) a reasonable percentage of return on comparable land investments as of the rental adjustment date. The written report of LESSEE'S appraiser shall be delivered to LESSOR within 45 days after the date on which LESSOR gave notice of an increase in rent under the Statutory Procedure. UPON FAILURE TO PROVIDE AN ALTERNATE APPRAISAL WITHIN THE TIME ALLOWED, LESSEE SHALL FORFEIT THE RIGHT TO PURSUE THE ALTERNATE PROCEDURE, AND ANNUAL RENT DETERMINED UNDER THE STATUTORY PROCEDURE SHALL BECOME DUE AND PAYABLE.
    2. The two appraisers shall make a good faith effort to reconcile their differences. If they have been unable to do so within 10 days after delivery of the report of

Attachment: 20210201 - 16th Section - Jamie and Brandon Gerald - Residential Lease - recorded (7605 : Approve and authorize Board President

LESSEE'S appraiser, the two appraisers within such 10 day period shall each submit the names of three appraisers having the qualifications hereafter described who practice in Mississippi to serve as a review appraiser, and they shall select the review appraiser from names in common on the two lists. If there is no name in common on the two lists, or if the person selected shall decline to serve, then each appraiser shall submit another list of three names of persons meeting the same criteria.

3. The review appraiser shall review and analyze the two appraisal reports, and if needed, inspect the land, consult with the two appraisers, review their assumptions and source information and request corrections, revisions, and additions to the appraisal reports. The review appraiser may also consider relevant information from his own files, conduct such independent investigation as he deems appropriate and may consider comparable transactions which occurred after the rental adjustment date.
4. The review appraiser shall report his opinion of annual fair market rent and such amount shall be accepted by LESSOR and LESSEE as the current fair market rental value of the Leased Premises.

c. If LESSEE requests the Alternate Procedure, LESSEE shall pay all fees and expenses of LESSEE'S appraiser, the review appraiser and any additional charges of LESSOR'S appraiser. The review appraiser, however, shall perform his duties in an independent and impartial manner irrespective of the source of payment of his fees and expenses.
d. The annual rentals on any adjustment date shall not be reduced below the amount established upon the initial date of this lease except upon determination by the Statutory Procedure.
e. The amount of rent determined in the above manner shall be remitted on or before the rental adjustment date or, if the rental adjustment procedures are concluded after such date, then promptly upon conclusion of such procedures effective as of the rental adjustment date.
f. The rent adjustment procedures will not delay the due date of rent at the existing annualrate and will not affect LESSOR'S right to declare a default if such rent is not timely paid.
g. LESSEE'S appraiser and the review appraiser must be members of the same organization of appraisers as LESSOR'S appraiser, or an organization having higher requirements for admission, and must have the same or higher designation (such as, for example, Member, Appraisal Institute). If LESSOR'S appraiser belongs to more than one organization, the other appraisers must belong to the organization having the highest standards and qualifications for membership. If the organization has multiple designations for appraisers, the review appraiser and LESSEE'S appraiser must hold the same or a higher designation as held by LESSOR'S appraiser.

4. Taxes. LESSEE covenants and agrees to pay any and all general and special taxes and assessments, including drainage taxes, if ever any there be, applicable to the Leased Premises and LESSEE'S interest therein; further, LESSEE covenants and agrees to pay any and all survey costs and recording fees in connection with this Lease Agreement or any other fees so determined by law. All payments for general and special taxes and assessments, including drainage taxes, shall be made directly to the governmental authority responsible for

Attachment: 20210201 - 16th Section - Jamie and Brandon Gerald - Residential Lease - recorded (7605 : Approve and authorize Board President

collecting such taxes and assessments. During the final year of the lease term, LESSOR or the governmental authority responsible for collecting taxes and assessments may require payment of any such taxes or assessments in advance or require that other security be given to insure that taxes will be paid when due. In the event it becomes necessary for the County Tax Collector or any other authority responsible for collecting general and special taxes or assessments to retain the services of attorneys to collect any taxes or assessments due from LESSEE under this lease, then LESSEE agrees to pay all costs and expenses of such actions or collections, including a reasonable attorneys' fee for the County Tax Collector or such other authority responsible for collecting said taxes or assessments.

5. Assignment. This lease SHALL NOT BE ASSIGNED OR SUBLEASED. Assignment or sublease of this Lease Agreement or any rights hereunder shall automatically terminate this lease without any further notice or action by LESSOR. In the event LESSEE owns improvements on Leased Premises, any purchaser of said improvements or any person or entity holding a contract to purchase said improvements shall have the right of first refusal to negotiate a new lease agreement with LESSOR.

6. Improvements. LESSEE agrees, at LESSEE'S own cost and expense, to keep all improvements in a good state of repair at all times and maintain the premises in good order and in a clean, sanitary and safe condition. While this Lease continues in force and effect, LESSEE shall have the unrestricted right to remove, change, alter, modify, add to or subtract from any of LESSEE'S improvements on the land as LESSEE may in his sole discretion elect so to do, and LESSOR, while this Lease or any extensions thereof continues in force and effect, shall have no ownership interest in any of LESSEE'S improvements. If any improvements are removed, LESSEE shall be obligated to remove all foundations and paved areas, fill any excavations with a soil material suitable as a foundation support for further construction and generally restore the premises to a condition suitable for construction, use and occupancy by others. LESSEE shall have the right to construct new or replacement buildings or structures on the Leased Premises. In the event construction is contemplated, LESSEE shall submit a description of the general nature of the proposed improvement and its intended use to LESSOR for approval, which approval shall not be unreasonably withheld.

7. Default. The parties herein expressly agree that if default shall be made in the payment of any tax assessment or other charge made pursuant to this Lease Agreement, then and in any such event of default, it shall be lawful for LESSOR, its legal representatives or assigns, to enter upon the Leased Premises, or any part thereof, either with or without process of law, to re-enter and repossess the same, and to distrain for any rent or assessment that may be due thereon, at the election of LESSOR, but nothing herein is to be construed to mean that LESSOR is not permitted to hold LESSEE liable for any unpaid liens or assessment to that time. As to all other conditions, covenants and obligations imposed on LESSEE herein, enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate said conditions, covenants and obligations, to restrain violation and to recover damages, if any, including reasonable expenses of litigation and a reasonable attorney's fee, which LESSEE expressly agrees to pay. Such enforcement by proceedings at law or in equity may be instituted at any time after sixty (60) days written notice to LESSEE. Invalidation of any provision(s) of this Lease by judgment or court order shall in no way affect any of the remaining provisions which shall remain in full force and effect.

8. Forfeiture. In the event of any forfeiture, default or cancellation of this Lease Agreement or termination under the terms hereof as aforesaid, LESSEE shall quit, deliver up and surrender possession of the Leased Premises, and all structures and improvements thereon to LESSOR, and thereupon this Lease Agreement and all agreements and covenants on LESSOR'S behalf to be performed and kept, shall cease, terminate and be utterly void, the same as if this Lease had not been made; and in addition thereto, LESSOR shall be entitled to whatever remedies it may have at law for the collection of any unpaid rental hereunder, or for any other sums, for damages or otherwise, that it may have sustained on account of LESSEE'S non fulfillment or nonperformance of the terms and conditions of this Lease. LESSEE shall pay to LESSOR all costs of collection of rent or enforcement of this Lease Agreement, including expenses of litigation and attorneys fees, regardless of whether suit is filed. Immediately upon the termination of this Lease in any manner, whether by litigation or forfeiture, LESSOR shall be entitled to take possession of the Leased Premises and all the improvements thereon absolutely, any custom, usage, or law to the contrary notwithstanding. Mobile homes, factory manufactured, complete with wheels, where permitted to be placed, may, however, be removed at the termination of the Lease Agreement, when termination is by the expiration of the full term, but not in the event of default.

9. Waste. LESSEE shall be responsible for any waste or damages that may be caused to LESSOR's property by the activities of LESSEE under this Lease Agreement, and shall exercise due diligence in the protection of all improvements, timber and other property of LESSOR, which may be located on the Leased Premises or in the vicinity thereof, against fire or damage from any and all other causes. LESSEE shall further comply with all applicable laws, rules, and regulations concerning LESSEE'S use of the property and/or obligations under this Lease Agreement. This obligation shall include, but not be limited to, compliance with federal, state and local environmental, endangered species, wetlands, and other laws, rules and regulations that may presently exist or hereafter be adopted. In the event of contamination of soils, air or water arising out of any LESSEE use, LESSEE shall be responsible for all mandated remediation and monitoring with this obligation to survive termination of this lease.

10. Indemnity. LESSEE shall protect, indemnify, defend, save, and hold harmless LESSOR, the State of Mississippi, and the Secretary of State, their officers, board members, employees and agents, from and against all claims, demands, liabilities, suits, injuries, and any and all losses or damages and cost of every kind and nature whatsoever ("loss"), including but not limited to all court costs and attorneys fees and all personal injury or death and/or damage to any person or entity including, but not limited to, LESSOR and its property or other loss arising out of any alleged noncompliance with laws or caused by LESSEE'S exercise of its rights under this Lease Agreement and/or resulting from the actions or omission of LESSEE in connection with its presence on or any use of Leased Premises by it, its officers, agents, subcontractors, employees, or invitees; provided, however, it is understood that the indemnity provided by LESSEE as described in this paragraph shall not extend to intentional or negligent acts of LESSOR, its officers, or agents.

11. Right to Cure. Notwithstanding any DEFAULT of this Lease Agreement, any present or future holder of a mortgage or deed of trust representing money loaned on facilities located

Attachment: 20210201 - 16th Section - Jamie and Brandon Gerald - Residential Lease - recorded (7605 : Approve and authorize Board President

on the Leased Premises shall have the right of a sixty (60) day notice of default within which to cure any default which may be cured by the payment of money. In addition, for any other default for which a forfeiture of said Lease may be invoked, such holder shall have reasonable time, which shall not be less than sixty (60) days, either to require the correction of such default, or in lieu thereof to protect itself through the exercise of a power of sale and thereby acquire title to such properties and correct such default.

12. Enjoyment. LESSEE shall have quiet and peaceable possession as long as compliance is made by LESSEE with the terms of this Lease Agreement. LESSEE, his heirs successors or assigns, shall occupy the premises as a single family residence; but this condition shall not prejudice rights of a holder of mortgage or deed of trust set forth elsewhere in this residential lease agreement. LESSEE certifies that there are no other dwellings on the Leased Premises other than LESSEE'S dwelling.

13. Reservation. LESSOR reserves title to all timber, the right to harvest said timber at LESSOR's discretion and to reseed or replant after harvest, together with title to all minerals and oil and gas, together with the right of ingress and egress to remove same, as provided by law. LESSOR reserves the right to grant or sell rights-of-way across the Leased Premises for roads, highways, railroads, fiber optic cables or any public utility line, provided that any such roads, highways, railroads, fiber optic cables or public utility lines be constructed or operated in a manner so as not to unreasonably interfere with LESSEE'S use of the property.

14. Mortgage. Any recorded mortgages or deed of trust may provide that any default by the LESSEE/Mortgagor concerning this Lease shall likewise be a default of such mortgage or deed of trust, but failure to indicate such provisions in any mortgage or deed of trust shall not affect the validity or propriety thereof nor diminish the protection extended to the holder of such mortgage or deed of trust or the indebtedness secured thereby. Notwithstanding any provision of this Lease to the contrary, in the event of a default and foreclosure of a mortgage or deed of trust representing money loaned on the hereinbefore described property or the receipt of a transfer in lieu thereof, the purchaser at such foreclosure or the recipient of a transfer in lieu thereof will receive all the rights and privileges of a LESSEE and likewise assume all responsibilities of a LESSEE as if such purchaser or transferee had initially been a LESSEE under this Lease Agreement.

15. Condemnation. In the event of condemnation or other taking for public use under powers of eminent domain of all or part of LESSEE'S interest in the Leased Premises, payments for such condemnation or taking of LESSEE'S leasehold interest shall be payable to LESSEE, or, if the LESSEE'S promises are encumbered by a mortgage or Deed of Trust, payment for the leasehold estate shall be made in accordance with the terms and provisions of such mortgage or Deed of Trust. Leasehold mortgagee (or trustee for restoration in the case of partial awards) shall be entitled to receive payment of a condemnation award to which LESSEE is entitled. The payment must not be less than the total award less the value of the land considered as unimproved.

16. Notices. All notices specified by this Lease Agreement shall be in writing and sent by registered or certified mail, postage prepaid to the following addresses or hand-delivered in person, delivered by facsimile or otherwise to the following persons. By written notice, either

17. Filing. Lessee will deliver a check in the requisite amount to the Lessor that is payable to the Chancery Clerk to cover recording fees. The Lessor will deliver this Lease Agreement to the Chancery Clerk of the necessary County for recording.

18. Immunity. No provision of this Lease Agreement, whether requiring LESSEE to maintain insurance or to indemnify LESSOR or otherwise, shall be construed as a waiver by LESSOR of any provision of law related to governmental immunity.

19. Interpretation. The parties to this Lease Agreement acknowledge that they have freely entered into this Lease Agreement and any ambiguities shall not be construed against a single party.

20. Governing Law. This Lease Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Mississippi. Jurisdiction and venue for any actions arising from this Lease Agreement and any amendments hereto shall rest exclusively in the Chancery Court of HANCOCK, Mississippi.

21. Secretary of State. By virtue of the signature below, the Secretary of State of the State of Mississippi has approved this Lease Agreement in accordance with the Secretary's authority for general supervision of 16th Section Public School Trust Land. Approval of this Lease Agreement by the Secretary of State indicates that the LESSOR has exercised the care and skill of an ordinary prudent person to protect the beneficiaries of the 16th Section Public School Trust Land.

22. Supervisory Trustee. The Secretary of State, as supervisory trustee, shall have the right to institute any action to enforce the terms of this Lease Agreement in the event LESSOR

fails to do in a timely manner. In the event the Secretary institutes legal action to enforce the terms of this Lease Agreement, he shall have all rights as are conferred to LESSOR.

23. Additional Provisions. This Lease Agreement contains an Exhibit "B". Any additional or special provisions to this Lease Agreement are set forth in Exhibit "B" and incorporated by reference as if copied fully herein. If there are no additional or special provisions then Exhibit "B" shall state "NONE".

24. Entire Agreement. This Lease Agreement shall constitute the entire agreement between the parties. Any prior understanding or representation of any kind preceding the date of this Lease Agreement shall not be binding upon either party except to the extent incorporated in this agreement. This Lease Agreement contains Exhibits "A" and "B". If Exhibits "A" and "B" are not attached to this Lease Agreement, then this Lease Agreement shall be null and void.

INDEXING INSTRUCTIONS:

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease - recorded (7605 : Approve and authorize Board President to sign

WITNESSETH:

That, for the term and in consideration of the annual rentals hereinafter set forth, and the covenants, conditions, and obligations to be observed and performed by LESSEE, LESSOR does hereby lease, let and rent unto LESSEE the following classified "Residential lands", situated in HANCOCK County, Mississippi (hereinafter called the "Leased Premises") and described as:

Section 16 Township 9S Range 16W

SEE SURVEY AND DESCRIPTION ATTACHED AS EXHIBIT "A" TO THIS LEASE

1. Term. The term of this Lease Agreement shall be for Twenty-Five (25) years, beginning on the 3rd day of August , 2020 , and terminating on the 2th day of August , 2045 (called the "primary term"). For purposes of this Lease Agreement the Anniversary Date shall be August 3rd of each year.

It is expressly agreed and understood by all the parties hereto that part of the consideration given for the execution and delivery of this instrument is the option hereby granted to LESSEE to renew this Lease Agreement for an additional "secondary term" of twenty-five (25) years from August 3, 2045, under the same terms, conditions, and stipulations set forth herein, except the annual rental shall be based upon the fair market value of the land, excluding the value of buildings and improvements not then owned by LESSOR, as determined by a qualified appraiser selected by LESSOR hereto who performs his appraisal not more than twelve months and not less than three months prior to the expiration of the initial primary term. LESSEE shall exercise said option to renew for the secondary term of twenty-five (25) years by notifying LESSOR in writing no less than twelve (12) months in advance of the expiration of the primary term and by tendering the determined annual rental to LESSOR at its above-stated address prior to the expiration of the primary term as may be required by statute. The cost of the new appraisal shall be borne by LESSEE. A new lease shall be executed to effectuate the secondary term.

2. Rental Amount. LESSEE agrees and covenants to pay or cause to be paid to LESSOR annually, on or before the Anniversary Date of this Lease Agreement each year during the term hereof, rentals in the amount of Three Hundred and Eighty-Four dollars ($ 384.00). The first annual payment has been made with the execution hereof, and a like amount, subject to adjustment, shall be due and payable on each anniversary date. Subsequent payment of annual rent shall be due on or before the Anniversary Date of this Lease Agreement. The obligation of LESSEE to pay rent under this Lease Agreement is unconditional, and the rent shall not be subject to set off for any reason or cause. LESSOR and LESSEE agree that in the event of termination or cancellation, any rental payment made during the term of this Lease Agreement is not refundable, and LESSEE waives any right or claim it may have to refund of rent paid. Rents shall be adjusted periodically pursuant to the rent adjustment clause contained in Paragraph 3 of this lease. In the event LESSEE is delinquent in the payment of rent, LESSEE shall pay a late charge equal to fifteen percent (15%) of the amount of rent past due for more than 30 days and thereafter shall pay interest on any rent past due at an annual rate (the "Default Rate) equal to the maximum rate then allowed by law or, if there is no maximum rate, then a rate equal to five percent per annum above the discount rate,

excluding any surcharge thereon, on ninety-day commercial paper in effect at the Federal Reserve Bank in the Federal Reserve district in which the LESSOR is located, calculated according to the actuarial method.

3. Rent Adjustment. The eighth and every subsequent eight year Anniversary Date of the commencement of this Lease Agreement shall be the effective dates of rental adjustments, and on such dates the amount of annual rental due and payable hereunder shall be adjusted in the manner hereafter described to reflect the current fair market rental value of the Leased Premises.

a. LESSOR shall use its best efforts to cause the Leased Premises to be reappraised and a redetermination made of the annual fair market rental amount within six months before any adjustment date. In the event LESSOR shall fail to instigate reappraisal within the six months preceding any rent adjustment date, LESSOR shall not be deemed to have waived this provision requiring rent adjustment, and in such event (at any time after a rent adjustment date), LESSOR may proceed to have the Leased Premises reappraised and an adjusted rent determined for any such readjustment period. The adjusted rent shall be effective on the required adjustment date and LESSEE shall pay any deficiency to LESSOR within fifteen (15) days of the determination of the adjusted rent. The reappraisal shall be made pursuant to the Mississippi Code of 1972, § 29-3-69, or pursuant to the statute then in effect governing such leases and procedures for determining fair market rental value. The reappraisal shall establish the fair market value of the property unencumbered by this lease and shall reflect the market rate of return at the time but shall be no less than the minimum acceptable percentage provided by the statute in effect. Unless altered by the procedures described below, the amount of rent so determined as of each rental adjustment date shall be paid until the next rental adjustment date or for the balance of the lease as the case may be. The appraisal process described in this subparagraph (a) may be referred to hereafter as the Statutory Procedure. The cost of the reappraisal shall be borne by LESSEE, using an appraiser selected by LESSOR.
b. Should the Statutory Procedure result in an increase in rent over the amount previously due, LESSEE, by notice in writing given to LESSOR within 15 days after receiving notice of the increase, shall have the right to elect an alternate method of determining the current fair market rental value of the Leased Premises (the "Alternate Procedure") as follows:
    1. LESSEE may provide an appraisal by a Mississippi licensed appraiser having the qualifications hereafter described giving an opinion of current fair market annual rental value based on the (i) the fair market value of the land unencumbered by this lease and (ii) a reasonable percentage of return on comparable land investments as of the rental adjustment date. The written report of LESSEE'S appraiser shall be delivered to LESSOR within 45 days after the date on which LESSOR gave notice of an increase in rent under the Statutory Procedure. UPON FAILURE TO PROVIDE AN ALTERNATE APPRAISAL WITHIN THE TIME ALLOWED, LESSEE SHALL FORFEIT THE RIGHT TO PURSUE THE ALTERNATE PROCEDURE, AND ANNUAL RENT DETERMINED UNDER THE STATUTORY PROCEDURE SHALL BECOME DUE AND PAYABLE.
    2. The two appraisers shall make a good faith effort to reconcile their differences. If they have been unable to do so within 10 days after delivery of the report of

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease - recorded (7605 : Approve and authorize Board President to sign

LESSEE'S appraiser, the two appraisers within such 10 day period shall each submit the names of three appraisers having the qualifications hereafter described who practice in Mississippi to serve as a review appraiser, and they shall select the review appraiser from names in common on the two lists. If there is no name in common on the two lists, or if the person selected shall decline to serve, then each appraiser shall submit another list of three names of persons meeting the same criteria.

3. The review appraiser shall review and analyze the two appraisal reports, and if needed, inspect the land, consult with the two appraisers, review their assumptions and source information and request corrections, revisions, and additions to the appraisal reports. The review appraiser may also consider relevant information from his own files, conduct such independent investigation as he deems appropriate and may consider comparable transactions which occurred after the rental adjustment date.
4. The review appraiser shall report his opinion of annual fair market rent and such amount shall be accepted by LESSOR and LESSEE as the current fair market rental value of the Leased Premises.

c. If LESSEE requests the Alternate Procedure, LESSEE shall pay all fees and expenses of LESSEE'S appraiser, the review appraiser and any additional charges of LESSOR'S appraiser. The review appraiser, however, shall perform his duties in an independent and impartial manner irrespective of the source of payment of his fees and expenses.
d. The annual rentals on any adjustment date shall not be reduced below the amount established upon the initial date of this lease except upon determination by the Statutory Procedure.
e. The amount of rent determined in the above manner shall be remitted on or before the rental adjustment date or, if the rental adjustment procedures are concluded after such date, then promptly upon conclusion of such procedures effective as of the rental adjustment date.
f. The rent adjustment procedures will not delay the due date of rent at the existing annualrate and will not affect LESSOR'S right to declare a default if such rent is not timely paid.
g. LESSEE'S appraiser and the review appraiser must be members of the same organization of appraisers as LESSOR'S appraiser, or an organization having higher requirements for admission, and must have the same or higher designation (such as, for example, Member, Appraisal Institute). If LESSOR'S appraiser belongs to more than one organization, the other appraisers must belong to the organization having the highest standards and qualifications for membership. If the organization has multiple designations for appraisers, the review appraiser and LESSEE'S appraiser must hold the same or a higher designation as held by LESSOR'S appraiser.

4. Taxes. LESSEE covenants and agrees to pay any and all general and special taxes and assessments, including drainage taxes, if ever any there be, applicable to the Leased Premises and LESSEE'S interest therein; further, LESSEE covenants and agrees to pay any and all survey costs and recording fees in connection with this Lease Agreement or any other fees so determined by law. All payments for general and special taxes and assessments, including drainage taxes, shall be made directly to the governmental authority responsible for

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease - recorded (7605 : Approve and authorize Board President to sign

collecting such taxes and assessments. During the final year of the lease term, LESSOR or the governmental authority responsible for collecting taxes and assessments may require payment of any such taxes or assessments in advance or require that other security be given to insure that taxes will be paid when due. In the event it becomes necessary for the County Tax Collector or any other authority responsible for collecting general and special taxes or assessments to retain the services of attorneys to collect any taxes or assessments due from LESSEE under this lease, then LESSEE agrees to pay all costs and expenses of such actions or collections, including a reasonable attorneys' fee for the County Tax Collector or such other authority responsible for collecting said taxes or assessments.

5. Assignment. This lease SHALL NOT BE ASSIGNED OR SUBLEASED. Assignment or sublease of this Lease Agreement or any rights hereunder shall automatically terminate this lease without any further notice or action by LESSOR. In the event LESSEE owns improvements on Leased Premises, any purchaser of said improvements or any person or entity holding a contract to purchase said improvements shall have the right of first refusal to negotiate a new lease agreement with LESSOR.

6. Improvements. LESSEE agrees, at LESSEE'S own cost and expense, to keep all improvements in a good state of repair at all times and maintain the premises in good order and in a clean, sanitary and safe condition. While this Lease continues in force and effect, LESSEE shall have the unrestricted right to remove, change, alter, modify, add to or subtract from any of LESSEE'S improvements on the land as LESSEE may in his sole discretion elect so to do, and LESSOR, while this Lease or any extensions thereof continues in force and effect, shall have no ownership interest in any of LESSEE'S improvements. If any improvements are removed, LESSEE shall be obligated to remove all foundations and paved areas, fill any excavations with a soil material suitable as a foundation support for further construction and generally restore the premises to a condition suitable for construction, use and occupancy by others. LESSEE shall have the right to construct new or replacement buildings or structures on the Leased Premises. In the event construction is contemplated, LESSEE shall submit a description of the general nature of the proposed improvement and its intended use to LESSOR for approval, which approval shall not be unreasonably withheld.

7. Default. The parties herein expressly agree that if default shall be made in the payment of any tax assessment or other charge made pursuant to this Lease Agreement, then and in any such event of default, it shall be lawful for LESSOR, its legal representatives or assigns, to enter upon the Leased Premises, or any part thereof, either with or without process of law, to re-enter and repossess the same, and to distrain for any rent or assessment that may be due thereon, at the election of LESSOR, but nothing herein is to be construed to mean that LESSOR is not permitted to hold LESSEE liable for any unpaid liens or assessment to that time. As to all other conditions, covenants and obligations imposed on LESSEE herein, enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate said conditions, covenants and obligations, to restrain violation and to recover damages, if any, including reasonable expenses of litigation and a reasonable attorney's fee, which LESSEE expressly agrees to pay. Such enforcement by proceedings at law or in equity may be instituted at any time after sixty (60) days written notice to LESSEE. Invalidation of any provision(s) of this Lease by judgment or court order shall in no way affect any of the remaining provisions which shall remain in full force and effect.

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease - recorded (7605 : Approve and authorize Board President to sign

8. Forfeiture. In the event of any forfeiture, default or cancellation of this Lease Agreement or termination under the terms hereof as aforesaid, LESSEE shall quit, deliver up and surrender possession of the Leased Premises, and all structures and improvements thereon to LESSOR, and thereupon this Lease Agreement and all agreements and covenants on LESSOR'S behalf to be performed and kept, shall cease, terminate and be utterly void, the same as if this Lease had not been made; and in addition thereto, LESSOR shall be entitled to whatever remedies it may have at law for the collection of any unpaid rental hereunder, or for any other sums, for damages or otherwise, that it may have sustained on account of LESSEE'S non fulfillment or nonperformance of the terms and conditions of this Lease. LESSEE shall pay to LESSOR all costs of collection of rent or enforcement of this Lease Agreement, including expenses of litigation and attorneys fees, regardless of whether suit is filed. Immediately upon the termination of this Lease in any manner, whether by litigation or forfeiture, LESSOR shall be entitled to take possession of the Leased Premises and all the improvements thereon absolutely, any custom, usage, or law to the contrary notwithstanding. Mobile homes, factory manufactured, complete with wheels, where permitted to be placed, may, however, be removed at the termination of the Lease Agreement, when termination is by the expiration of the full term, but not in the event of default.

9. Waste. LESSEE shall be responsible for any waste or damages that may be caused to LESSOR's property by the activities of LESSEE under this Lease Agreement, and shall exercise due diligence in the protection of all improvements, timber and other property of LESSOR, which may be located on the Leased Premises or in the vicinity thereof, against fire or damage from any and all other causes. LESSEE shall further comply with all applicable laws, rules, and regulations concerning LESSEE'S use of the property and/or obligations under this Lease Agreement. This obligation shall include, but not be limited to, compliance with federal, state and local environmental, endangered species, wetlands, and other laws, rules and regulations that may presently exist or hereafter be adopted. In the event of contamination of soils, air or water arising out of any LESSEE use, LESSEE shall be responsible for all mandated remediation and monitoring with this obligation to survive termination of this lease.

10. Indemnity. LESSEE shall protect, indemnify, defend, save, and hold harmless LESSOR, the State of Mississippi, and the Secretary of State, their officers, board members, employees and agents, from and against all claims, demands, liabilities, suits, injuries, and any and all losses or damages and cost of every kind and nature whatsoever ("loss"), including but not limited to all court costs and attorneys fees and all personal injury or death and/or damage to any person or entity including, but not limited to, LESSOR and its property or other loss arising out of any alleged noncompliance with laws or caused by LESSEE'S exercise of its rights under this Lease Agreement and/or resulting from the actions or omission of LESSEE in connection with its presence on or any use of Leased Premises by it, its officers, agents, subcontractors, employees, or invitees; provided, however, it is understood that the indemnity provided by LESSEE as described in this paragraph shall not extend to intentional or negligent acts of LESSOR, its officers, or agents.

11. Right to Cure. Notwithstanding any DEFAULT of this Lease Agreement, any present or future holder of a mortgage or deed of trust representing money loaned on facilities located

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease - recorded (7605 : Approve and authorize Board President to sign

on the Leased Premises shall have the right of a sixty (60) day notice of default within which to cure any default which may be cured by the payment of money. In addition, for any other default for which a forfeiture of said Lease may be invoked, such holder shall have reasonable time, which shall not be less than sixty (60) days, either to require the correction of such default, or in lieu thereof to protect itself through the exercise of a power of sale and thereby acquire title to such properties and correct such default.

12. Enjoyment. LESSEE shall have quiet and peaceable possession as long as compliance is made by LESSEE with the terms of this Lease Agreement. LESSEE, his heirs successors or assigns, shall occupy the premises as a single family residence; but this condition shall not prejudice rights of a holder of mortgage or deed of trust set forth elsewhere in this residential lease agreement. LESSEE certifies that there are no other dwellings on the Leased Premises other than LESSEE'S dwelling.

13. Reservation. LESSOR reserves title to all timber, the right to harvest said timber at LESSOR's discretion and to reseed or replant after harvest, together with title to all minerals and oil and gas, together with the right of ingress and egress to remove same, as provided by law. LESSOR reserves the right to grant or sell rights-of-way across the Leased Premises for roads, highways, railroads, fiber optic cables or any public utility line, provided that any such roads, highways, railroads, fiber optic cables or public utility lines be constructed or operated in a manner so as not to unreasonably interfere with LESSEE'S use of the property.

14. Mortgage. Any recorded mortgages or deed of trust may provide that any default by the LESSEE/Mortgagor concerning this Lease shall likewise be a default of such mortgage or deed of trust, but failure to indicate such provisions in any mortgage or deed of trust shall not affect the validity or propriety thereof nor diminish the protection extended to the holder of such mortgage or deed of trust or the indebtedness secured thereby. Notwithstanding any provision of this Lease to the contrary, in the event of a default and foreclosure of a mortgage or deed of trust representing money loaned on the hereinbefore described property or the receipt of a transfer in lieu thereof, the purchaser at such foreclosure or the recipient of a transfer in lieu thereof will receive all the rights and privileges of a LESSEE and likewise assume all responsibilities of a LESSEE as if such purchaser or transferee had initially been a LESSEE under this Lease Agreement.

15. Condemnation. In the event of condemnation or other taking for public use under powers of eminent domain of all or part of LESSEE'S interest in the Leased Premises, payments for such condemnation or taking of LESSEE'S leasehold interest shall be payable to LESSEE, or, if the LESSEE'S promises are encumbered by a mortgage or Deed of Trust, payment for the leasehold estate shall be made in accordance with the terms and provisions of such mortgage or Deed of Trust. Leasehold mortgagee (or trustee for restoration in the case of partial awards) shall be entitled to receive payment of a condemnation award to which LESSEE is entitled. The payment must not be less than the total award less the value of the land considered as unimproved.

16. Notices. All notices specified by this Lease Agreement shall be in writing and sent by registered or certified mail, postage prepaid to the following addresses or hand-delivered in person, delivered by facsimile or otherwise to the following persons. By written notice, either

17. Filing. Lessee will deliver a check in the requisite amount to the Lessor that is payable to the Chancery Clerk to cover recording fees. The Lessor will deliver this Lease Agreement to the Chancery Clerk of the necessary County for recording.

18. Immunity. No provision of this Lease Agreement, whether requiring LESSEE to maintain insurance or to indemnify LESSOR or otherwise, shall be construed as a waiver by LESSOR of any provision of law related to governmental immunity.

19. Interpretation. The parties to this Lease Agreement acknowledge that they have freely entered into this Lease Agreement and any ambiguities shall not be construed against a single party.

20. Governing Law. This Lease Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Mississippi. Jurisdiction and venue for any actions arising from this Lease Agreement and any amendments hereto shall rest exclusively in the Chancery Court of HANCOCK, Mississippi.

21. Secretary of State. By virtue of the signature below, the Secretary of State of the State of Mississippi has approved this Lease Agreement in accordance with the Secretary's authority for general supervision of 16th Section Public School Trust Land. Approval of this Lease Agreement by the Secretary of State indicates that the LESSOR has exercised the care and skill of an ordinary prudent person to protect the beneficiaries of the 16th Section Public School Trust Land.

22. Supervisory Trustee. The Secretary of State, as supervisory trustee, shall have the right to institute any action to enforce the terms of this Lease Agreement in the event LESSOR

Attachment: 20210201 - 16th Section - Robert Mitchell - Residential Lease - recorded (7605 : Approve and authorize Board President to sign

fails to do in a timely manner. In the event the Secretary institutes legal action to enforce the terms of this Lease Agreement, he shall have all rights as are conferred to LESSOR.

23. Additional Provisions. This Lease Agreement contains an Exhibit "B". Any additional or special provisions to this Lease Agreement are set forth in Exhibit "B" and incorporated by reference as if copied fully herein. If there are no additional or special provisions then Exhibit "B" shall state "NONE".

24. Entire Agreement. This Lease Agreement shall constitute the entire agreement between the parties. Any prior understanding or representation of any kind preceding the date of this Lease Agreement shall not be binding upon either party except to the extent incorporated in this agreement. This Lease Agreement contains Exhibits "A" and "B". If Exhibits "A" and "B" are not attached to this Lease Agreement, then this Lease Agreement shall be null and void.

Attachment: 20210201 - Landon Burgin - Pauper Declaration (7629 : Ratify Pauper Declaration for Landon Burgin.)

I (We), the undersigned (the Authorizing Agents), hereby authorize and request Pinehaven Funeral Home & Crematory LLC, in accordance with and subject to its rules and regulations, and any applicable state or local laws or regulations, to cremate the human remains of Landon Burgin (the decedent) and to arrange for the final disposition of the cremated remains as set forth on this form.

I/We authorize the funeral home or Pinehaven Funeral Home & Crematory, LLC to remove any pacemaker, radioactive material, or mechanical implant that may be potentially hazardous to the person performing the cremation prior to cremation and authorize the funeral home or Pinehaven Funeral Home & Crematory LLC to dispose of or recycle as necessary.

The Authorizing Agent(s) hereby certify, warrant, and represent that I(we) have the right to authorize the cremation of the decedent and I(we) are not aware of any living person(s)who has a superior right to that of the Authorizing Agent(s). If there is another living person who does have a superior right to that of the Authorizing Agent(s), The Authorizing Agent(s) represents (represent) that the Authorizing Agent(s) has (have) no reason to believe that such person would object to the cremation of the decedent.

As the Authorizing Agent(s), I (we) hereby agree to indemnify, defend, and hold harmless Pinehaven Funeral Home & Crematory LLC, its officer, agents, and employees, of and from any and all claims, demands, causes of action, and suits of any kind, nature, and description in law or equity, including any legal fees, costs and expenses of litigation, arising as a result of, based upon or connected with this authorization, including the failure to properly identify the decedent or the human remains transmitted to Pinehaven Funeral Home & Crematory LLC, the processing, shipping and final disposition of the decedent's cremated remains, the failure to take possession of or make proper arrangements for the final disposition of the cremated remains, any damage due to harmful, explodable implants, claims brought by any other person(s) claiming the right to control the disposition of the decedent or the decedent's cremated remains, or by any other action performed by Pinehaven Funeral Home & Crematory LLC, its officers, agents, or employees, pursuant to this authorization, excepting only acts of willful negligence.

By executing this Cremation Authorization form, as Authorizing Agent(s), the undersigned warrant that all representations and statements contained on this form are true and correct, that these statements were made to induce Pinehaven Funeral Home & Crematory LLC to cremate the human remains of the decedent, and the undersigned have read and understand the provisions contained in this form.

Representations of Funeral Director

By executing this authorization form as licensed funeral director and agent/employee of Edmond Fahey Funeral Home, Inc., I warrant to the best of my knowledge that:

1. Our funeral home was responsible for making arrangements with the Authorizing Agent(s) for the cremation of the decedent and that I have reviewed this form with the Authorizing Agent(s).
2. That no member of our funeral home has any knowledge or information that would lead us to believe that any of the answers provided on this form by the Authorizing Agent(s) are incorrect.
3. That the human remains delivered to/received by Pinehaven Funeral Home & Crematory LLC and represented as the human remains specified on this form are in fact the human remains that were identified to our funeral home as the decedent.
4. That our funeral home will need to obtain all necessary permits authorizing cremation and that those permits are attached or will be given to Pinehaven Funeral Home & Crematory LLC.
5. That the representations concerning the decedent's cause of death regarding any infectious or contagious disease are true.
6. That the representations concerning a pacemaker and any other material or implant that may be potentially hazardous are true.

"The human body burns with the casket, container or other material in the cremation chamber. Some bone fragments are not combustable at the incineration temperature and, as a result, remain in the cremation chamber. During the cremation, the contents of the chamber may be moved to facilitate incineration. The chamber is composed of ceramic or other material which disintegrates slightly during each cremation and the produce of that disintegration is commingled with the cremated remains. Nearly all of the contents of the cremation chamber, consisting of the cremated remains, disintegrated chamber material,and small amounts of residue from previous cremations, are removed together and crushed, pulverized or ground to facilitate inturnment or scattering. Some residue remains in th cracks and uneven places of the chamber. Periodically, the accumulation of this residue is removed and interred in a dedicated cemetery property or appropriate area."

Re: Permit for David E. Jaskowiak and Lisa M Jaskowiak to Move a Modular Home onto 17381 Camellia Street, Kiln Community

Dear Ms. Teri:

As per our telephone conversation of this date, I do represent the above referenced individuals who have previously turned down for a permit to move their modular home to lands they own at 17381 Camellia Street in the Kiln Community of Hancock County, Mississippi, by Anthony Cuevas.

We are requesting to be placed on the agenda of the Hancock County Planning & Zoning Commission to more fully present our clients' request for relief in this matter.

Since I am a Municipal Court Judge for the City of Picayune, I will have to obtain a replacement to cover my responsibilities on either Thursday night you mentioned, December 3 or December 17. Therefore, I would request that we be placed on the agenda for the December 17, 2020 meeting, if at all possible.

Awaiting your further direction, I am

Very truly yours,

RE: Dave & Lisa Jackow
Modular Home
1505 Cedar Road

I inspected the modular home that was constructed on a mobile home foundation at the referenced address on February 26, 2020. The home consist of wood frame walls and roof type construction typical of most wood frame stick built homes on grade. It's my opinion that the existing wood frame structure constructed on an existing mobile home foundation is structurally sound and meets Wind Zone # 2 requirements.

Please note that this report is based on information readily accessible to inspection and that no destructive testing was performed. Statements in this report are based on experience and engineering judgment and are merely to assist in determining the existing conditions. They are not intended to imply any warranty of the structure. If you have any questions or comments, please contact me at (601) 798-1978.

Respectfully,

David L. Hattaway PE, PLS

Regular Meeting of the Hancock County Planning Commission held on January 7, 2021

Those Present: R. Ladner, Koenig, and Farve

Also Present: Anthony Cuevas, Director of Planning & Zoning

Minutes of the Previous Meeting: The minutes of the December 3, 2020 regular meeting were unanimously adopted on the motion of Commissioner R. Ladner.

Tiffany McArthur-Variance-Public Hearing
The application requested a variance of 14 foot from the rear property line where a 20-foot set back is required. The property is located at 5020 Kelly Rd. Pearlington, MS 39572. The parcel number for the property is 188 -0-20-008.000. The property is currently zoned A-1 General Agriculture.

The hearing was set to be held on December 17, 2020. Tiffany McArthur informed the Building Office that she would like to withdraw her application due to the rear property owner purchasing her property. Tiffany McArthur sent an email that was placed in the file.

The Commission considered the request and unanimously adopted on the motion of Commissioner Koenig to accepted the withdrawal of Tiffany McArthur's application.

David Jaskowiak- Appeal Building Official's Decision
The Commission considered the application of David Jaskowiak requesting to appeal the Building Official's decision of not allowing a personally pre-built modular home to be installed/placed on property in Hancock County. The property is located at 17381 Camellia St. Kiln, MS 39556. The parcel number for the property is 065U-0-21-029.000. The property is currently zoned R-3 Multi-Family Residential.

Mr. Jaskowiak was present at the meeting and allowed Gerald Cruthird an Attorney at Law speak on his behalf. Mr. Cruthird presented to the Commission an exhibit of photos and receipt from the Kiln Utility & Fire District for water and sewer service to the property located at 17381 Camellia St. Kiln, MS 39556. It was explained to the Commission by Mr. Jaskowiak that the structure was built by the owner of the park located in Pearl River County where the structure is located. Mr. Cuevas explained to the Commission that the structure does not have a HUD data plate declaring it a Manufactured home, No Modular data information declaring it a Modular Home by the Mississippi State Fire Marshal's office and that it did not have any inspections from the Pearl River County Building Department during the construction phases.

The application was unanimously adopted on the motion of Commissioner Koenig to be tabled after a request from Mr. Gerald Cruthird to be able to provide more information.

Baptist Missionary Association of Mississippi Missions Department Larry D. Geraldson- Director of Missions and Revolving Loan Fund.- Conditional Use

The Commission considered the application of Baptist Missionary Association of Mississippi Missions department Larry D. Geraldson-Director of Missions and revolving Loan Fund requesting a Conditional Use approval to construct a new church. The property is located on the south side of Rocky Hill Dedeaux Rd. east of the intersection with Hwy 603. The parcel number for the property is 059 -0-31-028.004. The property is currently zoned A-1 General Agriculture.

Mr. Larry D. Geraldson was present at the meeting and explained to the Commission that the Baptist Missionary Association of Mississippi would like to construct a church on the property located on Rocky Hill Dedeaux Rd. He also said at the present time it would consist of one building for church operations.

After discussion on the matter it was unanimously adopted on the motion of Commissioner Koenig to recommend approval of the Conditional Use for a church to be located at the property on Rocky Hill Dedeaux Rd. just east of the intersection with Hwy 603.

Meeting Adjourned at 5:23 p.m.

HANCOCK COUNTY'S ORDINANCE RESTRICTING CERTAIN FIREARM DISCHARGES

COME NOW, the Hancock County Board of Supervisors, as authorized by Mississippi Code Sections 19-3-40 and 45-9-53, and pass this Ordinance Restricting Certain Firearm Discharges, as stated herein.

WHEREAS, Hancock County is desires to protect the public health, safety and welfare of Hancock County's residents, visitors and citizens by protecting them from potential harm to their property and person, noise pollution, firearm discharge risks.;

WHEREAS, toward that aim, the purpose of this Ordinance is to implement standards for discharge of firearms that may cause or risk injury, death or damage to personal property, whereas preserving the personal freedom to engage in such activities, while promoting public health, safety, welfare, comfort and prosperity of the citizens of Hancock County.; and

WHEREAS, Hancock County's Board of Supervisors have the authority to implement this ordinance as conferred by the powers afforded through Mississippi Code Section 19-3-40 and 45-9-53 for areas comprising unincorporated areas of Hancock County (i.e., areas outside of the corporate limits of any municipality of Hancock County).

SO, IT IS HEREBY RESOLVED BY THE HANCOCK COUNTY BOARD OF SUPERVISORS, premises considered and deemed true and accurate, that it adopts this Ordinance as set forth infra.

1. Definitions:

a. "Discharge" means "to eject or release a projectile or object by a sudden release of tension or pressure.

2. Firearm Discharge Restrictions:

a. It shall be unlawful for any person to discharge any firearm, gun, pistol, rifle, center fire or rim fire rifle or pistol or muzzle-loading rifle or pistol:

i. within any residentially zoned property within the unincorporated area of Hancock County.
ii. onto or across the property of another without the express permission of the owner or other person in legal possession of such property.
iii. in any manner reasonably expected or possible to cause a projectile to cross the boundary of the tract from which the firearm is discharged.
iv. within 150 feet of any structure reasonably capable of habitation or occupation in the legal possession of another without express permission of such other.
v. within 150 feet of any public street, thoroughfare, way or alley or the like. or
vi. in the direction of any residence or occupied building of another, or of any public street, thoroughfare, way or alley or the like when the firearm is capable of

Attachment: Firearm Discharge Ord 2 1 21 (7645 : Discussion: Hancock County's Ordinance Restricting Certain Firearm Discharges.)

reaching a point within 300 feet of that residence or occupied building of another, or of any street, thoroughfare, way, alley or the like.

b. It shall be unlawful for any person to discharge any center fire or rim fire rifle or pistol or muzzle-loading rifle or pistol on a property comprised of less than fifty acres or within 300 feet of any property, residence or building of another without the express permission of such other, or within 300 feet of any public street, thoroughfare, way or alley or the like.

3. Severability. If any section of specific provision or standard of this Ordinance is found by a court to be invalid, the decision of the court shall not affect the validity of any other section, provision, or standard of this Ordinance.

4. Conflict with Other Laws

It is not intended that this Ordinance repeal, abrogate, annul, impair, or interfere with any existing provisions of any other ordinances or laws. However, if the requirements of any other lawfully adopted rules, regulations, or ordinances of Hancock County conflict with this Ordinance, the more restrictive or that imposing the higher standards will govern.

5. Exceptions

This Ordinance shall not be construed to rescind any of the state wildlife laws nor shall it be construed to prohibit the following:

a. Officers and enlisted personnel of the armed forces of the United States while in the performance of their official duties and acting under orders requiring them to carry arms, weapons or explosives.
b. Civil officers of the United States while in the performance of their official duties.
c. Officers of the state or of any county, city, or town charged with the execution of the laws of the state when acting in the performance of their official duties.
d. Such acts at a properly permitted and approved firing range or facility operating as such prior to the adoption of this Ordinance.
e. The performance of an historical ceremony or commemorative functions that are conducted involving the discharge of firearms or detonation of explosives that do not involve the release of projectiles.
f. There is excepted from the provisions of this section the discharge of firearms in the necessary protection of one's life, home and other property and the repulsion of strikes, riots, revolutions and invasions.

6. Violations and Penalty

Each violation of this Ordinance shall constitute a misdemeanor and any person convicted of the same shall be fined not more than five hundred ($500.00) dollars and/or imprisonment not exceeding thirty (30) days. A violation of this Ordinance may be

Attachment: Firearm Discharge Ord 2 1 21 (7645 : Discussion: Hancock County's Ordinance Restricting Certain Firearm Discharges.)

enforced by an appropriate, equitable remedy, including injunction and order of abatement issued from a court of competent jurisdiction. Each act constituting a violation of this ordinance shall be a separate and distinct offense.

7. Effective Date

Because this Ordinance is necessitated to resolve emergency safety hazards within Hancock County, it shall be effective upon adoption.

SO ADOPTED on this the _____ day of February, 2021 following the Motion of Supervisor District _____, Seconded by Supervisor District _____, with the following vote tally:

RESOLUTION APPROVING SIGNATURE AUTHORITY FOR REMAINING ACCOUNT, PAYMENTS AND RECEIVABLES OF THE HANCOCK MEDICAL CENTER OPERATIONS

WHEREAS, Hancock Medical Center, Inc. ("HMC") was a community hospital governed by Section 41-13-1 *et seq*. of the Mississippi Code of 1972, as amended (the "Hospital Act"), formed and operating as a non-profit corporation owned by Hancock County, Mississippi;

WHEREAS, Hancock Medical Health Services, Inc. ("HMHS") was a non-profit Mississippi entity that is a wholly owned subsidiary of the HMC, which was formed by HMC. HMC and HMHS are hereby collectively referred to as the Hospital.;

WHEREAS, in accordance with the Hospital Act, the Board of Supervisors of Hancock County, Mississippi (the "Board") has determined that it was in the best interest of Hancock County and its citizens to seek proposals for the sale or lease of all the assets, operations, and facilities of the Hospital in order to ensure the long-term provision of high quality, cost effective healthcare services to the residents of Hancock County.

WHEREAS, after complying with the statutory procedures and stalking horse bid process, on August 7, 2017, the Hancock County Board of Supervisors received the Stalking Horse Bid of the Ochsner Clinic Foundation ("Ochsner"), whereby it unilaterally bound itself to Lease the Hospital.

WHEREAS, following compliance with the full statutory procedures, Supervisors selected Ochsner as the best qualified bidder and the County consummated the Lease to Ochsner for the Hospital on April 1, 2018.

WHEREAS, given the transfer pursuant to the Hospital Act forthcoming on or about April 1, 2018 under that agreement with Ochsner, Supervisors authorized Alan Hodges, CEO of the Hospital prior to the lease, to execute on behalf of the Hospital matters related to all accounts, payments and receivables for the Hospital for continuing business matters that relate to the Hospital operations occurring prior to the Lease to Ocshner.

WHEREAS, Alan Hodges has now retired from Ocshner and no longer serves as the CEO of the Hancock Medical Center operated by Ochsner, hence, it is prudent that a new signatory be appointed to handle those matters concerning business operations prior to the lease to Ocshner.

NOW, WHEREFORE, THE ABOVE STATED PREMISES AND AVERMENTS accepted and found by the Hancock County Board of Supervisors to be true, correct and accurate, the Supervisors do hereby Resolve, Determine and Order as follows:

The County provides Wilson Thomas, new CEO of Hancock Medical Center, which is leased and operated by Ocshner, with signatory authority for all matters concerning the Hancock Medical Center for its operations prior to the Lease commencement with Ocshner, including without limitaiton signatures on accounts and receivables. In the instance, Wilson Thomas is not able to sign for those matters, the County provides Ocshner COO, MIke Hulefeld, that signatory authority.

Attachment: Ocshner Signatory Authority 2 1 21 (7648 : Authorize amendment for change of signatory from Alan Hodges to new CEO.)

Said resolution was moved by _____, seconded by _____, with vote of the board carrying the motion _____ to _____. The motion having received the affirmative vote of a majority of the members present, the Chairman declared the motion carried and the resolution adopted, on this the 1st day of February, 2021.

WHEREAS, after complying with the statutory procedures and stalking horse bid process, on August 7, 2017, the Hancock County Board of Supervisors received the Stalking Horse Bid of the Ochsner Clinic Foundation ("Ochsner"), whereby it unilaterally bound itself to Lease the Hospital.

WHEREAS, following compliance with the full statutory procedures, Supervisors selected Ochsner as the best qualified bidder and the County consummated the Lease to Ochsner for the Hospital on April 1, 2018.

WHEREAS, given the transfer pursuant to the Hospital Act forthcoming on or about April 1, 2018 under that agreement with Ochsner, Supervisors authorized Alan Hodges, CEO of the Hospital prior to the lease, to execute on behalf of the Hospital matters related to all accounts, payments and receivables for the Hospital for continuing business matters that relate to the Hospital operations occurring prior to the Lease to Ocshner.

WHEREAS, Alan Hodges has now retired from Ocshner and no longer serves as the CEO of the Hancock Medical Center operated by Ochsner, hence, it is prudent that a new signatory be appointed to handle those matters concerning business operations prior to the lease to Ocshner.

NOW, WHEREFORE, THE ABOVE STATED PREMISES AND AVERMENTS accepted and found by the Hancock County Board of Supervisors to be true, correct and accurate, the Supervisors do hereby Resolve, Determine and Order as follows:

The County provides Wilson Thomas, new CEO of Hancock Medical Center, which is leased and operated by Ocshner, with signatory authority for all matters concerning the Hancock Medical Center for its operations prior to the Lease commencement with Ocshner, including without limitaiton signatures on accounts and receivables. In the instance, Wilson Thomas is not able to sign for those matters, the County provides Ocshner COO, MIke Hulefeld, that signatory authority.
